KULAIJAYA : Deputy Prime Minister Tan Sri Muhyiddin Yassin today said the Barisan Nasional government always gave priority to education, no matter what the cost was.

Speaking at the Sekolah Menengah Kebangsaan Bukit Batu ground breaking ceremony, Muhyiddin said the government always gave priority to education because they understood the need for educated Malaysians for a better Malaysia.

He said one example is the decision to build the RM30 million school.

"If we need to spend billions for infrastructure, its okay because we need to have skilled manpower to develop the nation,"he said.

He said Malaysia had prospered under the BN administration and this was evident because the rakyat no longer asked for water, electricity and infrastructure but talk about economy and job opportunities.

Muhyiddin who is also the Education minister, took a swipe at Opposition leader Datuk Seri Anwar Ibrahim whom he said promised the sun and moon and had hoodwinked the people with their manifesto.

"We got our experts to study their manifesto. By Allah, if we go with what Anwar say, the country will be at 11 per cent deficit," he said.

He said Anwar's solution to use revenues from Petronas is akin to killing the goose which lay the golden eggs.

Muhyiddin also announced a RM3 million allocation to provide better road infrastructure for Kampung Murni Jaya to Sedenak.
