LANGKAWI: Former prime minister Tun Dr Mahathir Mohamad yesterday expressed pride and satisfaction with the growth of the Malaysian maritime and aerospace industry.

Dr Mahathir, credited with introducing the Langkawi International Maritime and Aerospace (Lima) exhibitions, said he was especially delighted with the increasing number of companies involved in this year's edition.

"I'm very happy that more local companies entering the aerospace sector and producing components for advanced aviation equipment. It's a very good development," he said when visiting booths at the exhibition.
