

**ROS Wants DAP To Present Proof Of Mistake During Vote Counting**

KUALA LUMPUR, June 17 (Bernama) - The Registration of Societies (ROS) Department has asked DAP to present proof of mistake during vote counting at their Central Executive Committee (CEC) elections.

Registrar Datuk Abdul Rahman Othman said this was to determine whether the mistake during vote counting was due to a computer glitch or cheating.

"We are still investigating and one of the major issues is the votes received by candidates in the party elections," he said in a statement Monday.

DAP reportedly admitted that a mistake was made during vote counting for CEC elections last December and blamed it on technical error.

Abdul Rahman said ROS had to issue a statement to inform the public on the progress of investigation to avoid manipulation of facts such as contents of the ROS letter dated April 17, 2013.

"This act is unethical. ROS must investigate more carefully to avoid the manipulation of facts," he added.

On April 18, DAP secretary-general Lim Guan Eng claimed receiving a ROS letter dated April 17 that ROS was not empowered to issue appointment letters to party candidates using the rocket symbol at the 13th general election (GE13).

This followed the ROS decision not to recognise the election of CEC members.

Abdul Rahman said all members interviewed wanted DAP to hold fresh elections adding ROS has no intention of cancelling DAP's registration.
