KUALA LUMPUR, June 25 (Bernama) -- The Barisan Nasional (BN) is to set up a political laboratory to ensure that the ruling coalition remains relevant in the eyes of the people, Prime Minister and BN chairman Datuk Seri Najib Tun Razak said today.

He had tweeted thus: "A political laboratory will be set up to ensure that the Barisan Nasional remains relevant in the eyes of the people."

Najib had said last night after a meeting of the BN Supreme Council that a political laboratory would be set up next month to propose the necessary changes to be made to the coalition.

He had said that the laboratory would consider whether the changes involved the structure, branding or principles, or all three, to ensure that the BN continued to be successful.
