PAS, expressing its determination to fight election fraud, has urged its members and supporters to join the Black505 rally to be held this Saturday in Kuala Lumpur.

"The decision to participate in this rally wasn't the decision of mine alone nor was it the decision of Haji Mohamad Sabu (PAS deputy president) but the decision of the PAS central committee to support Black505," said the PAS vice-president Datuk Husam Musa at a gathering in Kota Baru.

"Our intention is that electoral fraud must be stopped and anyone involved in this to take responsibility," explaining the central committee's decision.

According to Husam, all parties in Pakatan Rakyat cannot stay mum over the alleged fraud cases in the recent elections.

He added that the rakyat needs to stand up against fraud to prevent it from happening in the 14th or 15th general elections.

"If the Election Commission's chairperson refuses to resign, Najib needs to resign. If they both quit, Alhamdulillah, that's even better," said Husam.

He called on young Malaysians not to hesitate to join the rally, a riposte to Deputy Youth Minister Datuk M. Saravanan's recent statement that Malaysian youth should focus on "economic empowerment, not wasting time in the politically motivated rally". -- June 18, 2013.
