KUALA LUMPUR: Pledges made by Barisan Nasional are realistic and can be implemented said Datuk Seri Najib Tun Razak.

The Prime Minister said Barisan government took trouble to conduct studies before making any pledge.

"We promised realistic things but there must be a continuity.

"The development momentum must be maintained and only with a bigger mandate to Barisan, this can be achieved," he said when visiting Taman Greenwood in Gombak here on Monday.

Najib added that it was also important for the Selangor state government to be in line with the Federal Barisan government for the people to enjoy better services.

He cited the prolonged water problem faced by the people in Selangor as one of the services which could be solved if the state was under Barisan.
