BN Kinabatangan MP Datuk Bung Mokhtar Radin has called on the government to order the Vatican envoy to Malaysia to leave because he was meddling in the country's affairs by commenting on the Allah issue.

He said in Parliament today that in making his statement Nuncio Archbishop Josef Marino was taking advantage of the current racial tension in the country.

"We don't need him here, chase him away," he said.

Seputeh MP Teresa Kok asked the speaker to stop Bung Mokhtar and also asked the BN MP if he had read the original statement of the Nuncio. - July 16, 2013.
