KOTA BHARU, Feb 18 (Bernama) -- MCA vice-president Datuk Dr Hou Kok Chung has expressed confidence that a leader from the party would be selected as the Barisan Nasional (BN) candidate for the Kajang state by-election on March 23.

He said the MCA would mobilise its leaders nationwide to help the BN candidate win the by-election, necessitated by the resignation of assemblyman Lee Chin Cheh of Parti Keadilan Rakyat (PKR) to pave the way for PKR de facto leader to contest the by-election.

"Although we (the MCA) lost in the contest for the seat in the last general election, we have been continuing to serve the constituents of Kajang relentlessly," he told reporters after attending a Kelantan MCA session with the media here Monday night.

Dr Hou, who is also Kelantan MCA chairman, said the feedback he received indicated that the BN had a chance of winning the by-election.

He also said that the new MCA leadership under Datuk Seri Liow Tiong Lai as the president gave fresh hope to the Kajang constituents.

The Election Commission has set March 11 for nomination.
