PUTRAJAYA, March 20 (Bernama) -- A book on the experiences of former prime minister Tun Dr Mahathir Mohamad, entitled 'Jejak Seorang Pemimpin: Sejarah Lisan Tun Dr Mahathir Mohamad', was launched today.

The 184-page book costing RM20 provides answers to several questions on the management and experiences of the nation's fourth prime minister who governed the country for 22 years.

Perdana Leadership Foundation executive director Tan Sri Nik Mohamed Nik Yaacob said the book, written in interview form, would help readers understand the country at that time, now and in the future.

"This book showcases deep and useful observations, as well as interpretations about the country's history, government policies and important events that took place in the country.

"Maybe, there are some among us who are aware of these matters but have not heard it directly from him," he said in a statement issued to the media during the launch of the book at the Putrajaya International Book Festival here Thursday.

Also present were Dr Mahathir and MPH chief executive officer Datuk Ng Teh Chuan.

Nik Mohamed said among the topics or issues in the book was the way Dr Mahathir resolved radical issues soon after taking over as prime minister, such as national security, politics, economics, education and women issues.

He said the interviews which were conducted between October 2006 and March 2007 also discussed specific incidents which became national history and would provide readers with clear explanations and proof.
