KUALA LUMPUR, March 28 (Bernama) -- Malaysian companies generated sales of RM70.94 million at the Indonesia International Auto Parts, Accessories and Equip Exhibition 2014 from March 19-22, the Malaysia External Trade Development Corporation (Matrade) said.

In a statement today, Matrade said the sales recorded this time was higher compared to last year's RM8.98 million.

"Among the products of interest were motorcycle parts and accessories, disc brake pads, battery starters, car-care products and accessories, automotive lubricants and suspension parts," it added.

The external trade promotion arm of Malaysia's International Trade and Industry Ministry said the Indonesian automotive industry is still the major market in Asean.

Indonesia's total vehicles are expected to grow between five and ten per cent to 1.3 million in 2014, added Matrade.

Indonesia was Malaysia's fourth largest trading partner in 2013.
