SHAH ALAM, Aug 29 (Bernama) -- The individual chosen as the new menteri besar should have the capability to administer the state, said Selangor Menteri Besar Tan Sri Abdul Khalid Ibrahim.

He said without one's own capability, the individual is not eligible to take on the post.

"The menteri besar was strictly selected based on capability," he told reporters after attending a prayer session in conjunction with the state level 57th Merdeka Day celebration, here today.

Abdul Khalid was commenting on reports which quoted sources close to the Sultan that the menteri besar selected should be an effective leader who has the interests of the people and could administer without being controlled by anybody.

Recently, Sultan Sharafuddin Idris Shah postponed the resignation of Abdul Khalid as Selangor Menteri Besar until the new menteri besar has been appointed.
