KUALA LUMPUR, Kedah Menteri Besar Datuk Seri Mukhriz Mahathir, in conjunction with Father's Day today, expressed his thoughts about his father in a Facebook posting.

He recapped what it was like being the son of Malaysia's longest-serving Prime Minister Tun Dr Mahathir Mohamad.

Mukhriz, in the posting, thanked his father for the guidance provided, asking for Dr Mahathir to continue praying for the current generation of the country who had inherited the land from those before.

"Pray that Allah SWT will continue to give us guidance, so that what your ambitions, and the ambitions of all the fathers out there, can become a reality, God willing," Mukhriz said.

The Kedah MB also prayed that both this Father's Day and Dr Mahathir's upcoming 90th birthday next month would strengthen the respect Malaysians have for his father whom Mukhriz said had fought hard for race, religion and country.

Noting that his father's official birthday was recorded as Dec 20, 1924, Mukhriz said Dr Mahathir's actual date of birth was July 10, 1925.
