

Cheras Umno wants 1MDB's management sacked for poor advice to PM
The Rakyat Post
July 28, 2015

KUALA LUMPUR, The government has to sack 1 Malaysia Development Berhad's (1MDB) top management as they are responsible for providing poor advice to the Prime Minister over its financial dealings.

That was one of the resolution made and approved unanimously by Cheras Umno division at their annual meeting on Sunday, according to *The Star Online's* report today.

Its division chief, Datuk Seri Syed Ali Alhabshee, claimed that the management had been providing Datuk Seri Najib Razak inaccurate information, which had been manipulated by the Opposition.

"The Prime Minister answered parliamentary questions on 1MDB based on their advice. Of course, they should be responsible for doing so," said Syed Ali.

The division also called for a motion asking the government to properly manage 1MDB financial investments and provide verified documentations.

Syed Ali also mentioned that instilling confidence in the people by providing answers from the investigation was important to curb any allegation against the party.

Another resolution was also agreed to fully support Najib's leadership.
