KOTA BAHARU, Jan 22 (Bernama) - The health of PAS spiritual leader Datuk Nik Aziz Nik Mat, who is currently receiving treatment in a hospital, continues to improve.

His son, Nik Mohamad Abduh said Nik Aziz's condition improved after three days of treatment in the Intensive Care Unit (ICU) of Universiti Sains Malaysia Hospital (HUSM) in Kubang Kerian.

"My father managed to perform Subuh prayers and was more cheerful. The hospital also gave him rice porridge as requested.

"The stage four prostate cancer did not affect other body functions. My father passed tests conducted by the doctors," he told reporters when met at the hospital here, today.

Nik Mohamad Abduh, who is also Member of Parliament for Pasir Mas, said the doctors did not allow wellwishers to visit his father to avoid infections.

Nik Aziz, 84, was admitted to hospital on Monday after his health deteriorated during the massive floods which ravaged Kelantan.

The Kelantan Menteri Besar since 1990 handed over the post to his deputy, Datuk Ahmad Yakob after the 13th general election (GE13) in 2013.
