KUALA LUMPUR, Jan 29 (Bernama) -- Deputy Prime Minister Tan Sri Muhyiddin Yassin said today the disagreements between PAS and DAP should enable the people to know the true face of the opposition pact.

He said the two parties were in disagreement on various issues, which had led to crises, including on the implementation of hudud and local council elections.

"It is very clear that PAS and DAP are not on the same track. They do not agree on many things," he told reporters after opening the Malay Language Campus building of the Teacher Training Institute here.

Muhyiddin was asked to comment on the dispute between PAS and DAP on the implementation of hudud and local council elections.

"Although these are their domestic problems, the people can know the true face of the opposition pact," he said.

Muhyiddin said he might not be in a position to predict anything but the so-called Pakatan Rakyat was no longer a pact.

"This is a clear picture for the people, a picture to learn from, not to support," he said.

On dengue fever, Muhyiddin said the governments of states with a high incidence of the disease should help their local councils and local leaders to step up cleanliness to overcome the worrying state of affairs.

"In (opposition-ruled) Selangor, the state government has to be involved. The menteri besar cannot say 'I can't do anything about it'. He has to instruct the local councils, local leaders to step up cleanliness, discard solid wastes and avert stagnant water collection," he said.

Muhyiddin said guidelines on the prevention of dengue fever were often issued by the Health Ministry and the people should adhere to them to check the breeding of the Aedes mosquito, carrier of the dengue virus.

A total of 8,502 cases of dengue fever were reported in the country in the first three weeks of this year, up by 65 per cent from the 5,141 cases recorded in the corresponding period last year.
