Prime Minister Datuk Seri Najib Razak has wished his Singaporean counterpart Lee Hsien Loong a successful surgery and a speedy recovery.

"Wishing my good friend PM Lee Hsien Loong a successful surgery tomorrow and a full & speedy recovery," he said in his latest posting on Facebook and Twitter.

A statement from the Singapore Prime Minister's office yesterday said Lee had been diagnosed with prostate cancer and would undergo surgery to remove his prostate gland today.

The robot-assisted keyhole prostatectomy will be carried out by professor Christopher Cheng, the lead urologist at the Singapore General Hospital (SGH). – Bernama, February 16, 2015.
