KUALA LUMPUR, April 9 (Bernama) -- Prime Minister Datuk Seri Najib Tun Razak has made tremendous effort to upgrade the economy and welfare of the Indian community in the country, said MIC Deputy President Datuk Seri Dr S Subramaniam.

"In many transformational programmes by his leadership, all communities, including the Malaysian Indian community with the MIC, we are on track in putting the Malaysian Indians in the forefront of nation building.

"Tamil school infrastructure, additional scholarships, skill development, vocational training, citizenship, enterprenuer development, support towards social enterprises and many policy initiatives are testimony to PM Datuk Seri Najib's inclusive leadership," he said in a statement here Thursday.

Subramaniam said thus, Najib has given transformational politics a new definition, objectivity and empirical approach than succumbing to emotional political rhetorics.

"MIC stands behind him to continue to lead us in Barisan Nasional (BN)," he said.

Dr Subramaniam added the nation needs a stable and strong leadership, and "attempts to undermine would further delay our recovery towards our aim to be a high economy nation, and delay our target of achieving developed economic status."
