Datuk Seri Abdul Hadi Awang has warned PAS lawmakers to not support any motion of no confidence against Prime Minister Datuk Seri Najib Razak, if it is tabled in the Dewan Rakyat to force his resignation, Berita Harian reported.

The PAS president said that parliamentarians had to obey this if they did not want any stern action taken against them as PAS would only make changes through "healthy" ways.

"PAS will not join in the agenda to make political changes through unhealthy ways as that will only cause havoc in the country. We want change but we will do it in the healthy way, that is through the general election.

"The change in the country's leadership, as proposed by the New Hope Movement (GHB), can send the nation into havoc and sacrifice the people's future," he was quoted as saying.

Just moments before Najib announced a Cabinet reshuffle on Tuesday, lawmakers from PKR, DAP and GHB urged all parliamentarians including those from Barisan Nasional, to hold a vote of no-confidence against Najib.

They said that now was the most critical time to remove Najib and allow a "transition government" to take over Putrajaya, following the 1Malaysia Development Berhad (1MDB) scandal that is allegedly linked to the prime minister.

GHB chairman Mohamad Sabu said that the move should be made to save the country's future.

"Najib's stubbornness to continue to remain in power will drag the country in uncertainty as long as it was not quickly resolved," he said. – July 31, 2015.
