KUALA LUMPUR, July 31 (Bernama) -- Attorney-General Tan Sri Mohamed Apandi Ali said allegations of funds transmitted to the accounts of Prime Minister Datuk Seri Najib Tun Razak were still being investigated and it was inappropriate to disclose details that might compromise the investigations.

"The investigations are underway. It would not be appropriate to divulge details that may compromise the investigations. More specifically, it would not be appropriate to disclose the advice, instructions, directions or guidance given to the investigating agencies.

"While the public is entitled to be informed, details of criminal investigations which comprise, among other things, contents of statements given by witnesses are privileged and the law prohibits such matters to be disclosed," he said in a statement Friday.

"As the investigating agencies have repeatedly emphasised, it is crucial to preserve the integrity of the investigations as the public must not doubt them.

"It is appreciated that there is deep public interest and concern in the progress and outcome of the investigations relating to 1Malaysia Development Berhad (1MDB).

"This includes the concerns of the Special Committee on Corruption, the Anti-Corruption Advisory Board, the Operations Review Panel, the Complaints Committee, and the Consultation and Corruption Prevention Panel of the Malaysian Anti-Corruption Commission," he said.

Mohamed Apandi noted that the investigating agencies had issued statements to provide general updates on developments in the investigations, including the raid on the offices of 1MDB at Menara IMC in Kuala Lumpur on July 8 and on the materials seized there.

"Media statements have also been issued by the Malaysian Anti-Corruption Commission on the arrest and remand of persons to assist in their investigations," he said.
