KANGAR, Oct 27 (Bernama) -- Malaysia will continue to help Indonesia put out the forest fires which are the source of the haze in this region.

Minister in the Prime Minister's Department, Datuk Seri Shahidan Kassim said the government was awaiting approval from the Foreign Ministry and the military to send two aircraft (water bombers) to Indonesia.

"The two aircraft include one which had a wing problem which has since been repaired.

"The sending of the aircraft to Indonesia will depend on current developments, especially the change in the weather which brings heavy rain," he said after opening a National Maqasid Syariah Seminar, here, today.

On the arrival of the rainy season, he said preparations had been made to mobilise aid to flood victims in the East Coast states and parts of Sarawak.
