PUTRAJAYA, Nov 14 (Bernama) -- Terror attacks will not diminish unless a formula can be devised to enable Palestinians to regain their land, says Tun Dr Mahathir Mohamad.

Commenting on the deadly attacks in Paris on Friday, the former prime minister said:

"If they want to solve this problem (attacks), they must find the formula where the Palestinians can regain their land and go back to their country and there will be only peace".

It was reported that over 100 people were killed in the attacks against several targets across Paris, prompting French President Francois Hollande to close borders and declare a state of emergency.

Dr Mahathir, who is also Perdana Global Peace Foundation president was speaking to the media after launching the Malaysian Trailblazer Association here today.
