

**Only BN Can Take All Groups Including the Minority to Higher Level – PM
Bernama
April 9, 2016**

KUALA LUMPUR, April 9 (Bernama) -- Datuk Seri Najib Tun Razak Saturday pointed out that only the Barisan Nasional (BN) government is capable of taking all ethnic groups including the minority to a higher level by providing the platforms that suit their requirements.

The Prime Minister said through government assistance, the lives of all strata of society in the country had improved especially in terms of their socio-economy to the extent that the minority group had received due recognition and respect, including the Telugu ethnic group.

"The opposition can say all kinds of things but only the BN-led government can change the wellbeing of the Telugu ethnic group and the Indian community generally.

"Continue to give your trust to the government, then we will continue to bring the whole Indian community to a higher level, we will continue this endeavour," he said in his speech at the Ugadi (Telugu New Year) Open House Celebration, at the Merdeka Square, here.

The Telugu community is the second largest Indian ethnic group in the country after the Tamil community. There are about 300,000 ethnic Telugus in Malaysia who were originally from Andhra Pradesh, India.

The celebration was organised by the Telugu Association of Malaysia (TAM) attended by about 5,000 members of the community.

Najib said the Ugadi celebration demonstrated the appropriate recognition given by the BN government for every culture practised by any ethnic group in the country.

In a related development, Najib said the government would give its full support for the activities of the Telegu ethnic group including in terms of financial support in expanding the Telugu Academy which was founded in 2010.

Previously, he said, the government had contributed RM3 million for the benefit of 3,500 Telugu students in mastering the Telugu dialect, which is their mother tongue, and studying the culture.

A new building for the Telugu Academy would be built in Hulu Selangor which was scheduled for full completion next year.
