KUALA LUMPUR, March 9 (Bernama) - The Taman Tugu and Dataran Muzium projects to be developed by Khazanah Nasional Berhad (Khazanah) will rejuvenate and add value to the nation's historical site.

Prime Minister Datuk Seri Najib Tun Razak said the projects will retain the green areas in Kuala Lumpur and will further boost the tourism industry.

"It is important that we preserve the arts, culture and heritage so that they can be inherited by future generations.

"I am very excited with the Taman Tugu and Dataran Muzium projects to be developed by Khazanah Nasional as both landmarks are important historical legacies for Malaysia," he said in his Facebook page Wednesday.

The prime minister said the announcement and public exhibition for the development projects will be held soon.

Earlier reports said the two projects are estimated to cost about RM1.1 billion with Khazanah funding about RM730 million of the cost.
