SERDANG, July 22 (Bernama) -- Datuk Seri Najib Tun Razak said there are three important values that must be incorporated into the national education system, both at national or national-type schools.

The prime minister said moderation should be the first value to be inculcated among children at those schools to ensure racial and religious harmony in the country could be preserved.

"We must emphasise moderation because if we chose moderation, which is not extreme, and not too liberal, then our country will remain peaceful and harmony," he said at the fund raising dinner at Sekolah Menengah Chong Hwa Kuantan here tonight....
