TAWAU, May 28 (Bernama) -- Prime Minister Datuk Seri Najib Tun Razak said his vision as the Prime Minister is to narrow the development gap between Sabah and Peninsular Malaysia.

He believed the vision could be realised, being that the government, led by Barisan Nasional (BN), not only has the confidence of the people, but also understands their needs, aspirations and desires.

One of the high-impact project being awaited by the Sabah people, he said, is the 1,236 kilometre Pan Borneo Expressway project, costing RM12.38 billion.
