The following is the full text of Prime Minister Datuk Seri Najib Tun Razak's special interview with Rory Ashary, aired over MetroTV yesterday.

Q: Prime Minister Najib Razak, thank you for appearing on MetroTV. In this visit, apart from discussions on economic cooperation, other important matters included labour and border issues between the two countries. I want to focus on labour first. How do you see the solution to the labour problem between Indonesia and Malaysia going forward?

PM: We deeply appreciated the manpower from Indonesia in assisting the economy of Malaysia in various sectors as an important labour source. Nonetheless we need the entry of labour in an orderly manner and according to the laws of the country.

Q: Does this mean no more illegal labour?

PM: What I meant is that it could cause social problems, besides we could not accord them protection for their interests.....
