

## **Government Has To Adjust To Rapidly Changing Environment - Najib**

KUALA LUMPUR, March 22 (Bernama) -- The Government has to adjust to the rapidly changing environment in order to achieve its aspirations for the rakyat (people), said Prime Minister Datuk Seri Najib Tun Razak.

"We all want to get results. We want to achieve our aspirations but we need to find new ways to deliver.

"We need to find new ways to transform. We need to find very innovative ways of doing things," he said when addressing participants of the Global Transformation Forum at a dinner here tonight.

In his brief speech, Najib also pointed out that all parties including government, business organisations and individuals would benefit from views, thoughts and experiences shared by industry players.

Also present were Olympic sprint champion Usain Bolt, business magnate Sir Richard Branson, Performance Management and Delivery Unit (Pemandu) chief executive officer Datuk Seri Idris Jala as well as global and local economic players.

Earlier today Najib had officiated the GTF 2017 which was successfully organised by Pemandu.
