

Mahdzir: Selangor should have free education at Unisel first
Free Malaysia Today
July 10, 2017

He says this when commenting on Pakatan Harapan's pledge to introduce free education from pre-school to university level.

SHAH ALAM: Education Minister Mahdzir Khalid has said the Selangor government should have provided free education at state-controlled university, Universiti Selangor (Unisel) had it been serious in implementing the system.

He said the PKR-led government should have given an early indication that the system could be implemented at Unisel.

"If it wants to give free education, do it at Unisel first," he told a media conference after opening the Shah Alam Umno Wanita, Youth and Puteri delegates conference here yesterday.

He was commenting on a statement by Selangor state executive council member Nik Nazmi Nik Ahmad that Pakatan Harapan, in its 14th general election manifesto, pledged to introduce free education at pre-school to university level.

Other education institutions controlled by the Selangor government are Kolej Universiti Islam Antarabangsa Selangor (KUIS) and Kolej Antarabangsa Industri Pendidikan Negeri Selangor (Inpens).
