

PH Sabah Youth to hold 1MDB campaign in September
Free Malaysia Today
July 12, 2017

The expedition will take place in the interior, east and west coasts of the state.

KOTA KINABALU: Pakatan Harapan's Sabah Youth secretariat will mobilise its machinery during the opposition pact's 1MDB roadshow in September, its secretary Razeef Rakimin said.

This was after PKR leader Dr Wan Azizah Wan Ismail, in late June, announced that the rally would be held nationwide to explain the 1MDB issue to the people.

"We have been in contact with youth chiefs of opposition parties in Sabah as well as several youth and student NGOs," Razeef said in a statement today.

"We have received positive feedback from them because the objective of this campaign is clear. In fact, some of them want to take part in our expedition to explain the 1MDB issue.

"Our initial expedition will cover three zones: the interior, east and west coasts.

"We will visit several areas in each zone to explain to Sabahans this issue.

"We will invite those who love this country and want to see kleptocracy done away with to be with us in the gatherings to be held this September."

Razeef said the campaign had received encouraging response from Parti Sosialis Malaysia and Parti Warisan Sabah.

"The secretariat fully supports this campaign and will mobilise all youth wings of Pakatan Harapan component parties to go down to the ground.

"The purpose of this rally is clear and timely. The rakyat, especially those in the rural areas, are not as aware of this complicated 1MDB issue.

"So they don't know the impact of this scandal on the nation and the people.

"This expedition will explain the scandal which has caused the nation to lose billions of ringgit and suffer a huge debt."
