**Image and comfort is vital for tourism, says prime minister.**

KUALA LUMPUR: Prime Minister Najib Razak praised Malaysia Airports Holdings Berhad (MAHB) for stepping up its efforts to ensure cleanliness of toilets at the two main gateways into the country, namely KLIA and klia2.

“Congratulations to @MY\_Airports for the improvement efforts on the cleanliness of toilets at KLIA and klia2. Image and comfort is vital for tourism,” he said in a Twitter posting last night.

The prime minister also uploaded three pictures of tidy and clean toilets at KLIA.

Earlier today, MAHB in its Twitter account announced that its newly-refurbished washrooms under Phase 1 of its Washroom Project at KLIA were now open.

MAHB manages five international airports, 16 domestic airports and 18 airstrips that serve rural and remote areas in Malaysia.
