PUTRAJAYA: A PPBM Youth wing executive committee member today lodged a report with the Malaysian Anti-Corruption Commission (MACC) alleging that two of the party's top leaders had been involved in abuse of power and corruption.

Mohamad Taufik Abas, who lodged the report at the MACC headquarters here, claimed that some time back, one of the leaders had awarded a RM214.2 million project to the other leader without going through proper procedures.

Both these leaders were in positions of power back then, he told reporters.

He added that he had also handed over documents that could help MACC regarding the case.
