**Mahathir is trying to give the impression that none of his trustees, proxies, nominees and cronies are abandoning him. If not then many more would leave. So they launched a false flag operation hoping they could give the impression that everyone was still with Mahathir.**

### **NO HOLDS BARRED**

#### **Raja Petra Kamarudin**

Tun Dr Mahathir Mohamad's psy-war team is getting smarter. Well, maybe just a little bit smarter but not that terribly smart if just within an hour I was able to catch them in the act.

I am talking about that graphic above. I first detected it yesterday and since I did not do it then someone else must have. You do not require a PhD to come to that conclusion.

So I started probing and after asking around not a single person from Prime Minister Najib Tun Razak's team admitted doing it. That can only mean someone from Mahathir's team did that graphic. After checking it was confirmed, someone from Mahathir's team did do it.

Okay, that was not the difficult part. That was the easy part. And if I know what Mahathir and His Majesty the Agong discussed on 15th September 2016 (when even his own son, Mukhriz, admitted he does not know) would finding out who did the graphic above be a difficult job for me?

Anyway, Mahathir has also finally admitted that he could not convince the Agong to sack Najib. Therefore what I reported was correct. So what does Khairuddin Abu Hassan, who accompanied Mahathir to meet the Agong, have to say? That day Khairuddin whacked me for 'lying' and now Mahathir confirms what I said is true.

Khairuddin was there and yet he is ignorant about the details of Mahathir's discussion with the Agong. I am 6,600 miles away in Manchester and yet I know. That just shows the very low IQ level of the people who work for Mahathir. And if Khairuddin, Matthias Chang, Syed Akbar Ali, Zainuddin Maidin, Kadir Jasin, and so on, are the best brains in Mahathir's team, Najib can relax and take a holiday.

Anyway, enough blowing my own trumpet. I am far better than the entire Mahathir team put together. What can I say? If you are good you are good. And I am cursed with being the best. So Khairuddin, eat your heart out and pick on someone your own size.

So, Mahathir's boys did that graphic above. That has already been established. The question is why did they do it and circulate it? Someone with the brains of Khairuddin, Matthias, Syed Akbar, Zainuddin, Kadir, etc., would never be able to figure that one out. But I am not Khairuddin, Matthias, Syed Akbar, Zainuddin, Kadir, and so on. So it took me only ten minutes to solve the riddle.

You see, as I had written many times over the past few months, Mahathir's trustees, proxies, nominees and cronies are beginning to abandon the ANC (Anti-Najib Campaign). Those two in the graphics above are just two of the many, but two who are very important to Mahathir.

If these two leave it would trigger an exodus. Others would say if those two go then what the hell are we doing still staying?

I mean if you see the pilot and co-pilot with parachutes on their back creeping to the back of the plane at 40,000 feet in the air, would that not worry you? Is the plane about to crash? Why are the pilot and co-pilot sneaking away?

Yes, the captain must be the last one to leave the sinking ship. If the captain and the rest of the crew leave the sinking ship first, the passengers would panic. Everyone would jump into the sea and die.

Perception is very important. For example, I have been receiving many messages telling me that Robert Mugabe is in Kuala Lumpur to meet Najib and that he is acting as the middleman to talk to Najib about a peace treaty.

So you see, the perception is that Mugabe is Mahathir's best friend. So, if he is in KL to meet Najib, then it can only be regarding Mahathir. But what does Mahathir want Mugabe to talk to Najib about? If Mahathir is really winning the battle to oust Najib, why the need for Mugabe to talk to Najib? Only if you were losing the battle would you need to talk to Najib.

And this adds to the perception that Mahathir is losing the game. It is soon going to be game over. And if Mahathir's trustees, proxies, nominees and cronies (such as those two in the graphic above) are abandoning the ANC then this is proof that Mahathir is losing and it will soon be game over. So Mahathir needs to create the impression that no one is abandoning him and the ANC.

And that is the reason for this false flag operation. Mahathir's boys created that graphic above and made it look like I was the one who did it. The message in the graphic is: Raja Petra Kamarudin is hitting these two people so this is proof that they are still with Mahathir. If not Raja Petra would not hit them.

Mahathir is hoping that this message will convince the other trustees, proxies, nominees and cronies that no one is abandoning him, especially those two above. If not many more than just those two will abandon Mahathir.

Can you see what this false flag operation is all about? Mahathir is trying to stop all his trustees, proxies, nominees and cronies from leaving. And he hopes this can be done by showing that no one is leaving, especially those two above — because if they were leaving would Raja Petra create that graphic above?

But then Raja Petra is not Khairuddin, Matthias, Syed Akbar, Zainuddin, Kadir, etc. You can easily fool Khairuddin, Matthias, Syed Akbar, Zainuddin, Kadir, and all those others. But you cannot fool Raja Petra. And that was why it took me only an hour to find out who did that graphic and just ten minutes to figure out why. Sigh...even I am sometimes amazed at how clever I am.
