ISKANDAR PUTERI, Oct 7 (Bernama) -- The Johor Progressive Expo 2017 is a platform for the state government to prove that all development and progress agendas in Johor are well planned.

Johor Menteri Besar Datuk Seri Mohamed Khaled Nordin said none of the agendas were carried out on an ad hoc basis as they were implemented in a transparent, thorough and open planning.

The expo was also an indication of how the state government responded to calls and suggestions from the federal government in planning the development in Johor.

"This is to ensure the solidarity and mutual understanding between the state and federal governments will help double the revenue for the development of the people and Johor," he said at the launching of the expo by Prime Minister Datuk Seri Najib Tun Razak in Kota Iskandar, here today.

Through the expo, the state government also wanted the Johor people to judge and be proud of the success achieved which was a collective collaboration of various parties, not just the hard work of the state government.....
