KENINGAU, Oct 20 (Bernama) -- The people should not doubt the sincerity of the Barisan Nasional (BN) government under the leadership of Prime Minister Datuk Seri Najib Tun Razak in developing Sabah, said a local leader.

Liawan Assemblyman Datuk Sairin Karno said the government had always prioritised the interest of the people.

"The government has fulfilled the requests of the people except only in circumstances where the request was more for personal interest," he told Bernama after chairing the monthly meeting with Liawan Community Development Leaders Unit staff here today.

Sairin, who is also Sabah Agriculture and Food Industry assistant minister, said the government's performance under Najib was much better, with a lot more achievements.

"So there is no cause for the opposition to accuse the government of not implementing any development for the people in this state," said the Keningau UMNO division chief.

On the flash flood that hit a number of villages in Liawan, he said all Village Development and Security Committee chairmen in the area had been directed to monitor the situation and make a report on any infrastructure damage.
