KUALA LUMPUR, Feb 16 (Bernama) -- The ability of the government under the leadership of Prime Minister Datuk Seri Najib Tun Razak in building the country's economy has promoted positive sentiments among the Chinese community towards Barisan Nasional (BN).

MCA president Datuk Seri Liow Tiong Lai said the Chinese community had witnessed how the BN government had successfully carried out numerous development initiatives and further proven its mettle with last year's economic growth of 5.9 per cent.

"The Chinese community has witnessed the success of the government's development plans and the failure of the opposition in fulfilling promises made.

"Thus, I am confident that the Chinese community will remain faithful in their support for the present government for they are aware of the need to have a strong and stable government to carry out more development," he told Bernama when contacted here today.

Earlier, Liow, who is also Transport Minister, had hosted a Chinese New Year Open House at Wisma MCA here that was attended by Najib before they both attended an open house organised by Gerakan.
