PETALING JAYA, Aug 30 (Bernama) -- Carousell and Republic of Bricks (ROB) today unveiled an array of unique mural of Malaysia's top leaders built entirely from LEGO bricks in conjunction with country's 61st Independence Day celebration.

Prime Minister Tun Dr Mahathir Mohamad and wife Tun Dr Siti Hasmah Mohd Ali's LEGO brick murals are the highlight of the Lego Art Exhibition, which begins today and to continue until Sept 2 at Sunway Pyramid Mall.

"Naturally, the Independence Day celebration is the perfect opportunity for us to engage with the LEGO builders and fans through an event which highlights their creativity," Carousell Malaysia country head Tang Siew Wai told reporters after the unveiling of the murals today.

Meanwhile, ROB president Zen Chan Yang Shan said the murals reflected the diversification of the Malaysian cultures and races living together in peace and harmony, and were aimed at conveying the love for the country and promoting creativity with LEGO bricks.

"A total of 9,216 pieces of lego bricks were used for the mural, which was built by ROB members in the span of two months.

"It costs approximately about RM10,000. All parts of the lego were custom-made and most of them were ordered from Europe," he said.
