

## Forum to solve conflicts

*NST – 8<sup>th</sup> December 2005*

**The Perdana Global Peace Forum scheduled next week will not be a bashing session but rather a platform to solve conflicts.**

Former Prime Minister Tun Dr Mahathir Mohamad said the world was becoming more hostile and the solution to tension seems to point towards war and invasion.

"All these do not promote democracy. You simply cannot expect democracy to prevail by pointing your gun," he said after launching the official song for the conference titled Peace on Earth.

The forum, organised by the Perdana Leadership Foundation, will see international activists and intellectuals converge to spread their message on peace at the Putra World Trade Centre from Dec 15 to 17. Malaysia, he said although a small country, was playing its role in advocating peace and spreading positive messages.
