

AmBank Group

AmFinance Top Dealers Dinner 2004

Thank you for making us
Malaysia's **No. 1**
Car Financier

THE BEST: AmFinance's top dealers posing for a group picture with the company's top management comprising executive director Mahdi Murad (far left), managing director Mohamed Azmi Mahmood (sixth from left), Tan Sri Azman Hashim (eighth from right), senior manager for hire purchase division Zolhaidi Baba (second from right) and general manager of hire purchase division Shaharudin Ismail (far right)

Top Dealers

AmFinance emerges yet again as the country's No 1 car financier.

FOR yet another year, AmFinance Bhd emerged as the country's top choice for car financing.

In collaboration with AmAssurance Bhd, the unit of AmBank Group hosted a dinner for their top car dealers at the Genting International Showroom recently.

The event was held in appreciation of the car dealers' business contribution in car financing and vehicle insurance sales for AmFinance and AmAssurance, respectively.

The big guns from AmBank Group were present to celebrate the occasion. Leading the team was AmBank Group chairman Tan Sri Azman Hashim. Also present were deputy chairman Datuk Azlan Hashim and the group's senior management, branch managers and top performing dealers.

'As a result of the positive developments within the AmBank Group and the strong business support from our dealers, AmFinance continues to be the No 1 car financier in Malaysia,' says Azman.

Thanking all the parties for their support,

Azman also singled out the top performers from AmAssurance for complementing the group's car financing business.

In recognition of their top performance, awards and prizes were given to top AmFinance car dealers and top performers from AmAssurance.

AmFinance is constantly looking to improve its services for its car dealers and

customers. Apart from the top dealers' dinner, the company is looking at other innovative channel management programmes to ensure a stronger business relationship with its dealers.

To up the ante, AmFinance's Hire Purchase Division also recently achieved the ISO 9001:2000 quality certification for its Klang Valley business centres.

Accordingly, it is now proceeding to obtain the same quality certification for the rest of the business centres nationwide.

Hence, AmFinance strives to ensure that customers now experience faster loan approvals, disbursements and better quality service. AmFinance has an extensive network of more than 3,000 car dealers nationwide.—
