Future leaders should emulate Dr M

Ee Kim Chye

AFTER 22 years, an era is coming to an end soon and it leaves a nostalgic memory of Datuk Seri Dr Mahathir Mohamad, a Prime Minister who dares to speak his mind on domestic and international issues.

Anything he could imagine, he made real. In the face of adversity, in financial and political crises, he displayed his astuteness and fortitude in circumventing them. If not for his courage and farsightedness, Malaysia would not be what it is today.

Let's hope future leaders will not lose sight of his acumen to inspire them to greater heights.
