

MEDIA STATEMENT FOR IMMEDIATE RELEASE

Institut Jantung Negara, 13 September.... YABhg Tun Dr Mahathir bin Mohamad was transferred to the Bunga Raya ward of Institut Jantung Negara from the Intensive Care Unit at 11am today.

Nine days into his post-bypass surgery, doctors are happy that he has made good progress whilst in the ICU.

Tun Dr Mahathir is walking unaided and consuming normal diet. In addition, he was also doing more vigorous chest and mobility exercises.

Visitation however, continues to be limited to immediate family members only to reduce the risk of post-operative infection.
