

## **MEDIA STATEMENT** FOR IMMEDIATE RELEASE

Institut Jantung Negara, 25 September.... YABhg Tun Dr Mahathir bin Mohamad continues to remain stable into the third-day of his second surgical procedure on Saturday for wound debridement at the Intensive Care Unit.

IJN doctors are happy that his vital parameters continue to be stable. Tun Dr Mahathir is also conscious as doctors gradually ease on his support medication.

Tun Dr Mahathir is able to receive visitations confined to his immediate family members.

IJN will continue to issue statements on Tun Dr Mahathir as and when there are significant changes to his condition.
