

MEDIA STATEMENT FOR IMMEDIATE RELEASE

Institut Jantung Negara, 4th October....YABhg Tun Dr Mahathir bin Mohamad spends more time sitting up as he continues to gain strength in his post surgical rehabilitation process.

Eleven days into his second surgery for wound debridement, he is now able to consume home-cooked food. It is vital for Tun Dr Mahathir to continue to get good nutrition to build up his strength.

IJN doctors are happy that his vital parameters continue to be stable. Tun Dr Mahathir will continue to be warded at the Intensive Care Unit.
