

TERRORISM

Chedet.co.cc

by Dr. Mahathir Mohamad

1. Every day we hear, we read and we watch on television reports about acts of terrorism somewhere. No place seems to be free from terrorism.
2. From Indonesia to New York, suicide bombers, airplanes, cars and vans loaded with explosives are being blown up, killing people and destroying buildings almost with impunity.
3. Security measures have been taken, using sophisticated and costly methods, specially trained anti-terror squads, electronic detectors and tedious body searches, including scrutiny of shoes, hand bags and luggage. But the terror attacks have gone unabated. We seem to have to live with this danger striking where we least expect with no end in sight.
4. Great thinkers, journalists, political analysts and politicians of all shades and colour have written at length and given their reasons and their analysis of these acts of terror, why people should be willing to blow themselves up frequently killing innocent people.
5. The analysts and writers have attributed such acts as being due to the teachings of the Prophet of Islam, as the tendencies of Muslims to be violent, as the expressions of the clash of civilisation, as the jealousies against people who are better off themselves. They blame the extremism of the Wahabi sect of Islam and the hatred of leaders of the sect such as Osama bin Laden.
6. Based on their analysis they prescribed measures to curb terrorist activities, arresting suspected, subjecting them to torture and humiliation.
7. But still the acts of terror have gone on and show signs of escalating. Muslim airline passengers are made to go through humiliating searches, detained for hours. Hundreds of so-called terrorist suspects have been detained without trial for years, often humiliated and tortured with no means of seeking redress.
8. But through all these the real reason for these violent acts of terror has been deliberately ignored. It is as if the Europeans and the Americans are in a state of denial. It is as if all the European and American leaders fear to state the truth. Their media too appear to conspire to avoid mentioning the true cause of the anger and frustration of the people who commit these acts of terror.
9. Yet if we pause to think we cannot help but notice that these acts began with the forceful seizure of the land of the Palestinian Arabs in order to create the formerly non-existent state of Israel; the expulsion of the Arab Palestinians from their homes and their country, the killings of the Arabs by Zionist terrorists, and the incarceration of the Arab Palestinians in makeshift refugee camps for the last 60 years or so.
10. This is the basic and original cause of the acts of terror. Initially the neighbouring Arab countries tried to regain Palestinian land through conventional war. But Israel with the help of America and Britain defeated the forces of Syria, Jordan and Egypt.
11. Not only were they defeated but Israel grabbed more Arab land. At each attempt to regain Palestinian land, Israel together with America and Britain seized more Arab land.
12. In the area of Palestine which the Israelis have not seized, Jewish settlements were set up. Roads were built on Arab land which the Arab Palestinians are not allowed to use. High walls are built to break up Arab villages, preventing the villagers from contacting their close relatives even.

13. In the meanwhile the world watched the expulsion of Arab Palestinian and their plight with little concern and less sympathy.

14. Against the powerful Israeli forces the Palestinians could do nothing. They have no guns or tanks or fighter planes. Angry and frustrated they tried guerrilla war. But this was to no avail.

15. Eventually they resorted to what is referred to as terror attacks. Not having delivery vehicles they made use of suicide bombers, blowing themselves up.

16. Instead of resolving the Palestinian issue the Americans and the British decided to attack other Muslim countries. Afghanistan and Iraq were invaded, and Syria and Iran are threatened. Naturally this did not help solve the Palestinian issue. It simply aggravated the problem. And now other Muslim people, knowing that there can be no solution by their Government have adopted the same terror tactics as the Palestinians.

17. I was in Syria recently to attend a conference on the "Right of Return" of the Palestinian people I was also in Iran and Yemen. Everywhere I went I found among the ordinary people anger and hatred directed at the Jews, the Americans and the British. Their Governments are terrified by the British and the Americans. But their people are more and more bitter. There will be many who would be willing to blow themselves up even if they will not succeed in liberating their countries.

18. Terror attacks will not diminish for as long as the Palestinians are forced to remain as refugees, are denied the right of return.

19. America will have a new President soon. If the membership of his Cabinet and his staff are anything to go by, there is little that Obama can do, even if he wants to solve the Palestinian problem. All American Presidents and legislators are hostages of Israel. Fail to side with Israel and they will be defeated at the next elections.

20. "Terrorism" is going to be a part of the world scene for a very, very long time.

War is equal to terrorism. If the world can stop war, it could stop terrorism as well.

the vicious cycle of vilonece will never end unless blatant oppression and injustices prevails and exist in human society across the world.

terrorism is an act of seeking attention for all injustices and oppression that has fallen into deaf ears of leaders be it in their own society or world leaders.

French revolution, Bolshevik Uprising, The rise of Nazi, history has shown that people voice will be heard thru an act of violence if leaders fails to listen and act..

History has the tendency to repeat itself..the least we remember least we forget

Salam YDK TUN and Family.

I belive that all the act of terrorism is an act of reaction due to absolute infringement of citizen's right and the absolute invasion of the sovreignty of a muslim nation, Palestine.

I shall concur with your opinion YDK Tun that the terrorism will exist as long as Israel exist. 911 tragedy is a pure case where Islam was rigoursly branded as terrorist wherein for a fact we know that it was masterminded to create the "brand name" for muslims as terrorist.

Unfortunately, YDK Tun's aspiration and vison to unite the Muslim countries yet to be responded positively especially amongst some arab countries due to "open secret" reasons.

Hope and pray that YDK Tun's vision and aspiration will materialize though it takes alot of pain and sacrifice.

Meanwhile, I take this oppurtunity to wish YDK TUN and family and all chedet.com family members "selamat menyambut awal muharram".

Take care YDK TUN.

Salam Tun,

Thank you for the tireless highlighting of the Palestinians plight again and again.

Its almost 2009 but there is still no solution in sight for the Palestinian.

I believe this issue will continue to run forever and ever as is mentioned in Jewish Protocols chapter in "International Jew" book written by the Great American Industrialist the late Mr. Henry Ford.

Mr. Ford had already forecasted the terrible plight and the fate of the Palestinian and for that he paid the ultimate price which was the withdrawal of his popular DEARBORN INDEPENDENT News which up to the point of withdrawal had tirelessly forewarned American of impending Zionism worldwide control.

I hope Tun will also continue to fight for the Palestinian cause just as Mr. Henry Ford had done 80 years ago..

Tun,

Keganasan...Umat islam tidak terkecuali. Saya tidak menafikan penglibatan penganut agama lain, tapi kenapakah umat Islam terlibat sama, sedangkan pengajarannya tidak sedemikian. Islam mengajak kearah keharmonian dan keselesaan kehidupan. Bumi Allah ini adalah milik semua.

Mungkin mereka terlalu terhimpit. Mungkin mereka kecewa dan terlalu marah. Pemimpin mereka sangat bijak mengambil kesempatan untuk menyuruh umatnya yang tengah marah dan kecewa untuk melltupakan diri sendiri. Kononnya itu jihad dan masuk syurga. Mana dia ulamak-ulamak yang bijakpandai yang bisa mempengaruhi semua umat supaya kembali kepada keharmonian dan keselesaan hidup ini.

Di Malaysia..saya nampak dengan jelas, jika tidak ada pemantauan, tidak sampai 50 tahun keadaan keganasan spt yang Tun maksudkan mungkin juga akan berlaku. DiMalaysia, bukan satu perkara yang susah untuk memasang bahan letupan peringkat permulaan.

Goodday Tun,

I think the war on terror that the US has introduced in the past few years by attacking Afganistan and the invasion of Iraq has been

a nightmare to us all.The moronic President Bush and his goverment has created a world of fear and full of terrorism.

Sometimes i wonder why country like Singapore look up to a country like the US.The current situation that is happening in US right now is actually a karma to all the killing,murders and violation of the US troops and its goverment to the innocent people of Afganistan and Iraq.I hope they will never sentence the journalist that throws the shoe to Presidents Bush earlier in the week,because deep down inside in know that the journalist is doing everbody a favour to us all.The shoe should have hit his face lah.

Salam Tun,

Man has done a great deal of dis-service to each other since the beginning of time. The Israel vs Palestinian is but only one example. Besides that there are also the Sunni vs the Shiya, Iran vs Iraq in a bloody war that kills even more. All this people is killing in the name of God(Allah). Don't think there could be a solution to these land where people greeted each other with the word Salam or Shalom meaning peace. Sad, indeed.

Salam YgBhg Tun,

Kita umat islam sekarang ni dalam dilemma.. sama ada hendak bersetuju atau membantah perbuatan terrorist yg dilakukan. Walaupun tujuannya 'mulia' tetapi mengundang padah kepada umat islam sendiri yg terpalit sama dengan gelaran 'terrorist' yg kian sinonim dengan islam pada kaca mata media barat.

Seharusnya kita patut bangkit dengan kesedaran kita sendiri untuk 'refute' perbuatan ini dan juga kita kena lebih bertindak untuk menangani punca berlakunya perbuatan ini. Saya teringat kata-kata seorang ulama' dari Amerika, Syaikh Hamza Yusuf bagaimana orang-orang yg melakukan terrorism ini adalah 'angry people' yg cukup bertentangan dengan prinsip islam. Sepatutnya kita juga lebih sensitif dengan menganiayaan yg dihadapi umat islam di negara-negara barat yg di hantui penindasan kerana menganut islam. Mengebom orang ramai bukanlah salah satu penyelesaian, tetapi punca kepada fitnah yang paling besar.

Selain itu, berkenaan dengan saudara kita di Palestin, sungguh hairan! Kenapa OIC masih Ooo I See.. selagi Fatah dan Hamas bertelingkah merebut kuasa politik, apa daya kita.. Setakat kumpul dana sahaja dah jenuh dan banyak kali benar.. tapi serupa juga, Palestin masih tertindas. Sudah sampai masanya untuk menggerakkan perang saraf terhadap Israel dengan senjata mereka sendiri iaitu media.. Soalnya siapa ndak jadi kepala?

Dr.M,

It's preety sad but it's the truth.

I think rather than pointing finger to others, Islamic Countries should mirror themself.

What I can see is there is no UNITY between Islamic Countries.

There is OIC but I can't see the unity.

If UAE, Saudi, Iran and other Gulf countries which stand by Islam stays United, do you think that Israel can pick up the land?

But whenever there is an attack against Palestine, none of the Islamic countries sending Army troops to fight against Israel.

Even Malaysia not sending their Army (Tentera Pengaman). Why?

When I give the same comment to my friend, "Whenever there is terrorist attack it's reflect Islamic teaching"

My friend asked me "Why wanna take terrorist as an example, why don't take Prophet as an example?"

I told him "Unfortunately, Prophet never making the headlines on news. Those who are making the headlines are terrorist"

He couldn't get to answer more. But my point is not to hurt him or humilate Prophet.

The point is currently those who are making headlines with the name os Islam are terrorist. So rather than blamming West, East, North, South, Prophet and etc.

Why can't Islamic nation stand United and fight against extreamist?

I think there is no point blamming others when there is no Unity between Islamic Nation and there is no proper rules or standard to clear the name of Islam.

My point solely on my understanding, please don't come out and asking me bout Hinduism Buddhism and Etc.

I am telling this based on what I've been reading, listening and watching. I am not humiliating Islam. If you all find that I am humiliating, accept my sincere Appology.

Tun,

Happy Holidays and Happy New Year.

"Terrorism" is going to be a part of the world scene for a very, very long time.

In my humble opinion, "terrorism" is just the new fad word for what has always existed -- the violent pursuit of power and personal interests masked as a pursuit of principles or greater good?

It's an interesting view of the Middle Eastern conflict but in my view, there are also other factors like

1. The former colonial masters arbitrarily carving out the Middle East (and Africa) to form artificial nation states that locals hold little allegiance,
2. Events leading to the formation of Israel. Some like Ahmadinejad says the Holocaust is a work of fiction....
3. The current politics of oil
4. Along with the reasons that you've mentioned.

Anyway, once the oil runs out, no one will bother too much with the Middle East or Africa, I suspect.

Happy New Year!

Selagi negara-negara OIC tidak bersatu, selagi itulah kuasa kuasa di Barat akan terus memperlekehkan negara-negara Islam. Mereka tahu kelemahan negara-negara Islam. Kita boleh bercakap (dgn izin) ' until the cow comes home', ia nya tidak akan merubah keadaan. Untuk itu kita akan terus memperjuangkan isu palestini ini setakat mana kita mampu. Lebih dari itu, saya rasa kita membuang masa sahaja. Lebih baik kita buat usaha untuk meningkatkan ekonomi Malaysia.

Aslkm YBhg Tun,

In my opinion there is only one issue here YBhg Tun. Can we expect the Americans, British and their respective supporters to go against the Jews. The same Jews that control both the America and Britain in all sense of the word. I don't foresee that happening. Not now or the future. What choice is left to the Palestinians and their sympathisers.

There has been treaties after treaties initiated by the American and the British. At the end of the day none of them works but the Jews keep on gaining over the Palestinians. But that is to be expected when the initiators of the so called peace treaties are cronies of the Jews. As for the Arab and the Muslim, we also depend too much on the American and the British in all sense of the word. Sorry to say, we can't forgo our dependents on the American and the British for the sake of the Palestinians.

Dear Tun,

You hit the nail on the head! The truth said as it cannot be seen any other way.

The whole world can see it as clear as day. And you have said it for every peace loving human being in this world.

USA presidents are beholden to the VERY STRONG JEWISH lobby in USA.

There can be no solution to this problem until. The JEWISH lobby is brought down to size. This economic crisis which is a consequence of their position in the BANKING industry will bring them to their knees. Why are the governments rescuing these self-centered people.

Read Madoff (a jew) who hood winked the best, successful and riches people.

I implore the people of the world to abandon the interest based financial & economic system which is beholden to such banks. We must now embark on the new economic and financial system where positive interest payment is non existence.

Where money has no time value due to positive interest payments - which causes real asset to lose value.

Money has no time value when we impose negative interest - through the compulsory payment of zakat to unproductive funds (according to the amount saved (haul) and time kept as unproductive (nisab)).

All MUSLIMS, lets all unite and start on a journey to eradicate interest based financial system - which is HARAM riba'.

With the demise of the banking system as is, the JEW lobby can be cut down to size. This is our opportunity - the crisis in the convetional banking system has to be removed from our muslim lives. It is HARAM.

Sad to say every our present so called Islamic banking does not subscribe to the prohibition of riba'. It just tries to circumvent it by using contracts and procedures.

Lets relook our approach on a REAL and TRUELY ISLAMIC financial and economic system. It can be done.

Please visit www.islamic-finance.com for more readings on this. And email to me for further discussion.

After the signing of Oslo Accords in 1993, it has come very close to bringing peace and solution to the

Obama will have to do it again what Bill Clinton is doing if the new President is serious into solving the issue.

They need to start focusing on the sameness rather than the difference.

Dear Tun,

What is the lesson here.

When Kuwait was invaded it was not the Arab countries that went to the rescue.

Anyway most of the Arab governments owe their existence to Uncle Sam.

Why?

Muslims will endlessly talk about their great civilisation 1,000 years ago. Only losers are interested in that, winners want to know where they will be in a thousand years.

Because of their obsession with all things women (till today), Muslim leaders forgot their Number One priority i.e security is paramount.

Can't say much when all the weapons they have to use for their own security have to be bought from the "kafirs".

Best Regards

Ataturk

By aad on December 26, 2008 6:59 PM

Religion is always the root cause of war.

America is the marketing agent for war, basically to sell outdated weapons to weaker nations, gullible enough to fall for the entrapment.

If the all the economic enemies of America co-operate and stand united to block trade to America, that would bring them to their knees.

The blame goes to the weaker nations for not being united and being gullible to the tricks of the Jews.

The more they blow themselves up, the more the pressure mounts and that gives the Americans ammunition to demonise the Muslim world.

Only an economic war could crumble America and that is one simple but near impossibility, because of the weak minds ruling the Muslim world.

A GOOD MAN DOES NOTHING.

Assalamualaikum Tun,

Tun you are the Voice of the Muslim World!

My heart sinks upon reading your postings and article on The Right of Return. Give back the Palestine people their land. Give them back their LIFE to LIVE! No words can describe their torments and sufferings. Because they have been tortured for so long that they are willing to sacrificed themselves so as one day the children of Palestine will see daylight and smiles on their faces. They have no warplanes, no tankers, no missiles, no warships, no guns but only stones and guts and SHOES! They are true soldiers in their own right.

Tun I believe that if the Palestine issue is solved, Muslims around the world will not be abused and discriminated.

May Palestine one day be the land of and for the people of Palestine. Give them their right to return. I pray for them.

Keep on speaking for them Tun cos you are their voice. May Allah Look Upon You Always.

Kenapa perairan Malaysia begitu senang ditembusi sebanyak 2 kali oleh

By Nothing but wind on December 26, 2008 7:34 PM

Dear Tun Dr M,

Yes Tun, It is very barbaric and even an animal would not commit murder of innocent lives such as the elderly, children, women and others who have not committed any harm knowingly and unknowingly to the terrorists. They are worse than the beasts because the beast kills only for food (Just like we do remember). I would say that these are the creatures which are the direct tools of evil force.

I am very positive that no religion in this world condone to this barbaric act. If at all there is any group

claiming to represent this religious group and that religious group, they are actually deviants who have misinterpreted their religion for their own or for their leader's selfish aim. It looks like the terrorist act of violence is on the rise lately.

How to punish such terrorists if they are caught? Many would say shoot them at point blank. I beg to disagree. I feel that if they are shot at point blank. They will die quickly and die fast.

Beasts like these terrorist, who take the lives of the innocent, should be tortured for long period of time and then send them to the gallows. The act of torture of these sinners should be allowed to be witnessed by the public(So that the public will know what is in store for them if they commit murder of innocent lives).

Lastly, I would like to state that there are some so called good group of people who are no better than the terrorists mentioned above. They are known as the Economic Terrorists. Many of their victims are in Africa and in many other poor countries. It is quite difficult to detect the Economic Terrorists unlike the violent terrorists. This is because they will move with us complimented with long lasting smile and humble words. Be wary of them too.

Finally, you write on the plight of the Palestinians and the feelings of ordinary Muslims on the attitudes of their leaders.

You were the PM of Malaysia for two decades and at some point were Chairman of the OIC.

Tell us, did you make any attempts to unite the Muslim leaders and to take concrete and constructive actions to bring justice to the Palestinians? Or were you merely making 'statements' on behalf of the OIC?

If for any reason you were impotent to do anything due to the attitude of other Muslim leaders, you are free to talk about this no.

So tell us.

YAB Tun dan Tun Siti Hasmah, selamat menyambut tahun baru 2009.

Terrorism is the in thing these days. Although terrorism was what the IRA, the various South American elements, Carlos the assassin did and the on going Tamil Tigers war in Sri Lanka, those terrorist acts done by some Muslim misfits caught the limelight and being highlighted every now and then. The world seem to forget that the main terrorists are the Ameicans themselves.

THE USA IS THE ONLY COUNTRY IN THE WORLD TODAY THAT EXPORTS WEAPONS OF MASS DESTRUCTION AND WILLY NILLY LAUNCHED ARMED AGGRESSION ON ANOTHER NATION SIMPLY ON COOKED-UP INTELLIGENCE.

THEY HAVE NO QUALMS WHEN THEIR BOMBS DROPPED BY THE DRONE PLANES KILLED THE

INNOCENT AGED AND THE YOUNG - THOSE THAT HAVE NOTHING TO DO WITH WHATEVER CAUSES THAT THE US CLAIMED THEY WERE FIGHTING FOR. MOSHE DAYAN WHEN REFERING TO THE PALESTINIANS SIMPLY TERMED THEM AS WORST THAN DOGS. THE ISREALIS HAVE NEVER TREATED THE PALESTINIAANS HUMANELY AND SLOWLY GENOCIDE IS BEING COMMITTED THERE. YES HOLOCAST IS BEING GRADUALLY PRACTISED BY THE ISRAELIS ON THE PALESTINIANS. THE US PRESIDENT WHOEVER HE MAY BE IS ALWAYS UNDER THE CONTROL OF THE JEWISH GROUPS IN THE US.SO THE MUSLIM WORLD IN PARTICULAR CANNOT EXPECT MUCH FROM OBAMA IN AS FAR AS THE MIDDLE EAST ISSUES ARE CONCERNED.

THE SENSE OF BEING HUMILIATED, NEGLECTED, MARGINALISED AND NOT GETTING THE SUPPORT AND SYMPATHY ARE FACTORS THAT CONTINUOUSLY INFLUENCED VARIOUS TERRORISTS IN THEIR ENDEAVOUR TO PURSUE WITH THEIR CAUSES AND FIGHT.

TALIBANS ARE NOT TERRORISTS. THEY ARE FREEDOM FIGHTERS FOLLOWING THE TRUE MARTIAL TRADITIONS OF THE AFGHAN PEOPLE. THE US GOVT INTEND TO INCREASE THE FORCES' STRENGTH THERE. IT WILL BE A WASTE OF TIME AND MEN. SO LONG AS THEY CONTINUE TO KEEP THE MASSES AT BAY AND ANTAGONISE THEM, THE TALIBANS AND OTHER SIGNIFICANT GROUPS WILL CONTINUE TO IMPOSE STRONG RESISTANCE. LIKE THE BRITISH AT THE TURN OF THE LAST CENTURY AND LATER THE RUSSIANS, THE US WILL ALSO EXPERIENCE THE SAME FATE.

By M. Shahirasul IdrewoodsAuthor Profile Page on December 26, 2008 8:27 PM

Dear Tun,

Don't feel grumpy. I think it is human nature already. They love to kill each other in many reasons.

It's really amusing that one has to defend his many reasons just to quality it to be adequate in order to protect some human in some name/form, thousand has to be killed.

I'd like to raise a point regarding Palestine - at some extend, I prayed to God that the people vanished from the planet so we dont have to hear the suffering of its people due their leaders greediness. I hate people begging for help, but they themselves dont want to do anything. Then, waiting others to fight on their behalf. Damn!

Life is so difficult - many things have to taken into account for any action. But killing another life (terrorism or what ever name we have), should never be one of the choice.

One way or other we will still loose. The American, European and Jews have contributed to more than 60% of fardu kifayah. No deny about it. They contributed vastly in medicine, science and technology, computers, internets,leisures,transportations, amunitions,modern warfare,space,educations amd many many more than what us muslim contributed. No doubts they did contributed in destruction as well such as Hinroshima and Nagasaki, Birth of Israel etc but most of fardu kifayah is fullfill by them. Muslim

countries dont builds aeroplane or foghter jets, they buy a ticket to travell in it or bought the fighter jet and train their pilot to manoever it. Muslim countries dont launched Rockets to space and sent muslim scientist to perform researches. They bought a ticket to get a muslim scientist to space on a western rocket vehicles. Westerner and American plus Jews archieology are discovering more and more historical sites in the paleoworld. They even explore further on what beyond the big bang. No doubt they are some muslim who contibuted unfortunately it just like counting how many fingers we have. What do muslim do. Pray, pray and pray harder, harder and harder to help our fellow brothers the Palestine. Not just Palestine, many rich muslim country ignored others poor muslim countries the likes of Chad. They happily invested in the European and American countries and made more fortunes. To agreed on using Dinar too will take ages to realise or it may just go to the garbage bin!. The combine Islamic population or countries will form a very big market that will create demand and supply unfortunately most of the leaders are not seeing us muslim as an UMMAT or ummah but rather as individuals!. Thousand years after Muhammad the world has progress muslim still celebrate Hari Raya on differents days and we still have Mahzabs hovering on our heads and we are proud of it. At least for one thing for sure muslim can be proud of is the first man who venture to space is a Muslim and his name is Muhammad, prophet Muhammad pbuh. He also the first man that travel on the most sopshicated travel machine that man can imagine. Now who says the Russia and American are the first in space.

Dearest Dr M

The real reason is to rob the people of their land and its riches. It has nothing to do with religion, beliefs, liberation, human rights, democracy ...

They need to justify their actions so they create a "world view" of honour, chivalry, the greater good, etc, to con the gullible.

They are the worst terrorists if we go just by the number of deaths among civilians. The term "collateral damage" is to appease their conscience, if they have one.

These master spinners must be laughing behind the world's back. They are all powerful, what they say goes. All they need to do, is to manage the top leaders.

With money and network, they contribute to campaign funds and therefore have big influence over policy making. They are the faceless masterminds behind the puppeted power.

They may think they are smart but I guess their day of reckoning could be just round the corner.

Let's hope it comes soon enough.

There are many lessons in history to be learnt.

The Colonial powers of yesteryears chose the land of Palestine to house the Jews because the Jews deem themselves the sons of the soil who first occupied the holy land. Why else would they choose to be surrounded by hostile Islamic nations?

War is a crime, except when committed by ourselves, then it is a Holy War. How else did the Arabs snatch the land from the Jews if not through war? How else have the Israelis been able to defend their country if not by military might? The Israelis see defending Israel a holy mission as much as the Palestinians see it a holy mission to kick the Jews out of their land by whatever means necessary, war included. It doesn't matter how sophisticated or crude their weapons are, war is still war.

All wars in history started because man placed their allegiance in values other than humanity. Money, religion, pride. When these get the better of us, we forget we are all humans first, then Arabs, Jews, Malay, Chinese, Indians, Muslims or Christians. As a result, we become stone-hearted towards humanity

in the name of defending our wealth, beliefs and honour, to the extent that we are able to humiliate and maim other human beings and feel right about it.

If only we realise all human beings trace their lineage to a common ancestry, and that more sanctity is to be found in human life than their monetary wealth, misguided beliefs and vanity, we would learn to treat other fellow human beings with respect regardless of their skin colour, language, religion and economic status. This world would then be a better place.

Malaysians especially have a lot to learn from the conflict between Israel and Palestine. If only we learn to accept that we are all different in very small ways, but same in a big way (in that we share the same human genome), we will then learn to accept each other unconditionally as human beings instead of harping on racial, economical and religious differences.

Salaam Tun,

I would like to point out that firstly the term 'Wahabi' is a misnomer and should not be used as it distorts the reality of what they themselves like to call themselves (i.e. Ahlul Hadeeth or Salafi). Furthermore, Osama is a proponent of the khawarij'ite sect.

This book specifically addresses the commonly held belief that Osama Bin Laden is a Salafi/"Wahhabi":

Merry Christmas and wishing you a better 2009

Like to agree with many of the comments written by readers of your blog but I have some questions.

1. Why there are no Buddhists, Taoists and Hindus terrorist?
2. Why there are only Christians and Muslims terrorist?
3. Can it be true that religions created or originated in Middle-east are more prone to violence and killing without reasons?

Interesting subject to talk?

By nusams on December 26, 2008 9:31 PM

Assalamualaikum Tun,

What we see today with regard to terrorism is more than what meets the eyes. I agree Tun the oppression of the Palestinian is one of the root cause, however there's more.

There's been terror attacks since the 1980's. However, the one terror attack that has change history and affect us till now is the 9/11 attack. Preemptive attack, war in Iraq, tight security at airports, racial/religious profiling, guantanamo bay, imprisonment without trial and torture are all the after effects of 9/11.

Evidence now emerging from professional reserchers such as the 911 scholars for truth movement and many more suggested that 9/11 was not carried out by so called "muslim terrorist" from a cave somewhere in Afghanistan. Rather more sophisticated and complex than that. It could even be an inside job.

But I agree that the "small" terror attack that we read every day in Palestine, Iraq and etc are actions of people who are angry and frustrated with the oppression. They have lost everything, their job, house, properties, wife and children. In another word, these are people that have nothing to lose.

I do not condone these acts of violence although I can see where it's coming from. If the international communities are serious about stopping terror, give the Palestinians back their rights. That will solve half of the problems at least. American please leave Iraq. Reopen the enquiry into 9/11 so that the real criminals can be brought to justice and all these tortures, imprisonments, preemptive attacks and racial profiling madness can stop.

Tun,

Mungkinkah ada cara lain yang boleh dilakukan selain dari mengambil tindakan yang dianggap ganas untuk menentang Israel dan sekutunya. Lihat apa yang berlaku setelah peristiwa 9/11, dua negara Islam hancur dan huruhara, rakyat menderita, sementara beberapa negara Islam lain diugut akan diserang. (Kenapa hanya sebut fasal Trade Centre dia aje, Pentagon yang terbolos tu, takde buat kecoh pun!)

Macam marahkan nyamuk (Osama Laden) kelambu (Afghanistan dan Iraq) dibakar.

Bolehkah dikatakan tindakan Osama yang drastik tu menyebabkan rakyat yang tak berdosa menderita dan Islam dicap sebagai agama yang menganjurkan keganasan?

Sementara itu Israel dan sekutu-sekutunya begitu bijak bermain kata.

Assalamualaikum Tun,

Agreed with you 100%. Tun, when we ask the western leaders to give the definition of terrorist, they will duck the question and we will see that Israel Zionists is the best answer to describe what is terrorist because they are the biggest terrorist that ever walked the face of the earth, United States and England is Israel's big brother and they are always there for Israel when it bullied the Arab countries. I guess that is the real reason why other countries hatred for America and England is deep rooted.

"Hidup Tun Dr Mahathir" and may Allah bless us all.

By Chris on December 26, 2008 9:36 PM

Sir,

In one of the books of the Christian Bible, i.e., Revelation or Apocalypse, there is a statement concerning the four horsemen of the apocalypse. One of them is the personification of terrorism. This rider is allowed by God to go forth and spread the terror around the world and in the process, killing many people, innocent or otherwise. We are in that period at present. Very soon, the Israelis will demolish the Al-Aqsa mosque in Jerusalem and on the very site they will rebuild the ancient Temple of Solomon. This is when real terror will be unleashed on the world. Unless God intervenes in human affairs, the world and its peoples will destroy the earth. Luckily, God keeps His promises so we can rest assured that this will not happen. As for the Palestinians, we can only hope that Barack Hussein Obama will do the necessary and return the land to the rightful owners. The Jews claim they are the rightful owners of the so-called Promised Land. The Arabs will have to adopt Israeli citizenship and become Israeli Arabs. I don't think there will ever be a Palestinian state. This is not good for the world but it is the eventual reality of that part of the world which, in turn, will affect the entire world and lead to WW IV.

salam Tun,

kalau semua Arab bersatu, sudah cukup untuk menentang musuh-musuh mereka.

kekayaan semua Arab sudah cukup untuk beli separuh dunia ini.

Tapi.....adakah Arab yg kaya tu fikirkan bangsa mereka sendiri?

Kalau semua Arab kenakan sekatan ekonomi pada Barat.....bekukan penghantaran minyak..... sudah tentu Barat melutut depan Arab.

tapi si Arab kaya lebih pentingkan rumah besar yg dalamnya disalut dgn emas.

kalau tak percaya,pergilah ke rumah Arab kaya di Saudi. ..dalam tandas pun ada alat-alat yg diperbuat dari emas.

Walau bagaimanapun kita masih tolong arab yg miskin...tapi jangan lupa....orang kita pun banyak yg miskin.

As asked by nsrswheik, I, too, do not understand how the Israel people can become so powerful and control the Americans and the British. Can Tun shed some light on this?

If we talk about religion, the Americans and the Israelites do not share the same beliefs. Americans are Christians. They believe in Jesus. The Israelites killed Jesus, even though they believe in the same God. For that matter, the Arabs, too, believe in the same God as the Israelites.

Can the Arabs find some way to control the Americans the way the Israel people do?

Dearest Tun,

As much as I would like to agree with you, but I do believe we can't blame the powers that be, the US, Britain or even Israel. It is us, the Islam countries not united, not strong enough to fight, not merely with words but in a threatening way to protect the dignity of Islam and its followers.

Then the Arabs, they are not united, within the Palestinians too they fight, the Hamas and the Fatah, very sad and shameful. The surrounding Arab neighbours are rich, can protect each other, but choose not to. The richness can be put to good use to help one another, but greed supersedes..

Bringing it back to our country with the current scenario, just the same. The non-Malays are superseding the Malays. I don't blame them. The greed of the many leaders and powers that be especially the Malays, made their in-roads into every aspect the current turmoil. The Malays have to be united, just as the Arabs..

Salam untuk semua.

Assalamualaikum YABhg. Tun

I could not agree more with Tun's comment , but feel ashamed of myself as a Muslim , cos great Muslim Leaders , the so called experts and scholars all over the world failed to interpret the real teaching of the Holy Quran in tackling the issues of Israel. Terrorist act, killing yourself and other innocent people with a believe that it is an act of Suhadah and Jihad is against the true teaching of Islam. The question is why Muslims resort to this act instead of following the true teaching in the Quran. Where is the so called 'Muslim solidarity, its faith' and the 'Muslim brotherhood'. What I could say is that these people are 'extremists' turned 'terrorists' and their cause is unjustifiable. To remove the Israelis from the occupied territory is by uniting the Muslims world starting with all Arab countries in the middle east.

YAB Tun,

I think terrorism is associated with people who are frustrated, powerless and non-believers. They may have the best brains in creating bombs and terror attacks; they will defy security to bomb, attack and kill. But seldom do we hear Atheist regimes like North Korea, China or Cuba producing terrorists. This is left to individual analysis and interpretation. To curb this all terrorists must be punished by hanging (no other punishment lighter than this).Sarawak succeeded to negotiated communist terrorists to surrender in the 1970s thanks to Tun Rahman Yakub who is still sound and well now. He should be reengaged now to solve this issue of terror.

Selamat malam Tun,

Terimakasih kerana Tun tanpa jemu berbicara tentang Terrorism dan kaitannya dengan masalah Palestin.

Saya adalah penganut Kristian dan saya melihat masalah ini bukan dari kacamata agama, ianya adalah tenang survival manusia yang tertindas. Saya amat bersimpati dengan apa yang di alami oleh masyarakat Palestin, dan saya dapat rasakan kepedihan mereka.

Saya tak berani untuk mengatakan bahawa tindakan mereka meletupkan diri sendiri adalah sesuatu yang wajar kerana saya rasakan bahawa setiap nyawa manusia adalah amat berharga dan ianya adalah

anugerah Tuhan kepada kita semua.

Dari pemerhatian saya Palestin telah menjadi bahan percaturan, kuasa-kuasa barat, diktator-diktator arab dan rejim zionis sendiri. Kenapa?

1. Pemimpin-pemimpin kuasa barat (Amerika & Britian) dikuasai oleh pelobi-pelobi Zionis untuk berkuasa. Tanpa bantuan pelobi Zionis (harus diingat bukan semua Yahudi adalah zionis), adalah sukar untuk mereka menggapai dan mengekalkan tampuk kuasa. Di sini duit memainkan peranan yang amat besar. Bapak politik wang adalah ciptaan oleh mereka.

2. Diktator - diktator Arab (Arab Saudi, Mesir, Kuwait dan yang lainnya) pula menggunakan isu Palestin ini untuk mengukuhkan kedudukan mereka. Simpati mereka terhadap Palestin selalunya tidak ikhlas. Sokongan mereka terhadap Palestin cuma untuk mendapatkan populariti, kerana mereka tahu isu Palestin sangat sensitif bagi umat Islam. Apa yang ditakutkan oleh diktator-diktator ini adalah pemberontakan dari rakyat mereka sendiri.

3. Rejim Zionis pula mempunyai cita-cita yang amat tinggi. Mereka bukan sekadar mahukan Palestin. Bagi mereka Palestin cuma sebagai bahan tawar menawar (dalam kes ini hak asasi manusia menjadi taruhan) antara kuasa barat dan diktator Arab. Tujuan mereka yang sebenar adalah untuk menguasai kita semua. Sedar atau tidak mereka telahpun melakukannya. Sesetengah dari kita lebih mempercayai propaganda-propaganda mereka (berita, analisis bisnes, hiburan) dan anak-anak kita amat menyukai produk yang dicipta oleh mereka. Halangan terakhir mereka adalah Negara China. Itupun tembok China mungkin akan runtuh jua akhirnya.

1. Sayang seribu kali sayang Tun tak sempat menerajui OIC sehingga ke penghujungnya, kerana terpaksa menyerah jawatan PM kepada Pak Lah.

2. Lepas tu apa lagi Pak Lah ZZZZZZZZ lah. Tak ada apa2 idea bernas yang boleh dimenafaatkan oleh OIC sehinggalah sehingga ke akhirnya.

3. Saya yakin banyak idea bernas Tun yang tak sempat untuk Tun keluarkan bagi menafaat Negara2 OIC kerana kesuntukan waktu.

4. Kalau tak keberatan Tun bagilah idea kepada Negara2 dibawah OIC untuk bertindakbalas terhadap KAUM YAHUDI ini. Ianya merupakan satu JIHAD juga, hanya ALLAH saja yang dapat membalasnya.

5. Mereka inilah yang sebenarnya MUSUH ISLAM, bukannya orang2 UMNO sepertimana yang di war-warkan oleh ULAMA2 PAS.

6. Di Malaysia ini DAP adalah musuh ISLAM kerana menolak sama sekali HUKUM2 ISLAM. Tapi orang2 PAS sahaja buat2 TAK RETI BAHASA.

7. PKR juga musuh ISLAM, kerana pemimpinnya adalah orang TAJAAN YAHUDI. Percayah, satu BAHAYA BESAR sekiranya PAKATAN RAKYAT memerintah NEGARA TERCINTA ini.

8. Kalau PAS terus bekerjasama dengan DAP dan PKR maka PAS juga adalah MUSUH ISLAM. Orang ISLAM WAJIB MENENTANGNYA.

Doa agar Tun sihat sejahtera selalu hendaknya.

its sad knowing that nothing can be done. they are just too strong in terms of military power, and their influence over the world.

even if the muslims over the world stood together, theres nothing much that could be done. sure we can talk and talk and express our anger and dissatisfactions in international summits, seminars etc. but it just wont do anything to help the people in palestine and to reduce the terror attacks across the globe.

are we really that hopeless?

are we always going to be labelled as terrorists?

that is why we need millitary power. because bullets do speak louder than words.

tell najib to strenghten our millitary.

tell the arabs to be open minded and have more western investors in their country so they wont get bombed.

the americans and the west dare not to side against the israel because the jews somehow control their country's economy and their wealth.

what if the muslims control the american's economy? would they dare side against the muslim then? that is why we need to be educated. be good at english science and maths. so we can have an influence on the world's economy. so we can have our right of say and action in this world. so the palestines can get their country back. be educated, people. knowledge is power.

By andi70Author Profile Page on December 27, 2008 12:51 AM

Salam Tun,

This is one subject which everyone will have differing opinions but point towards one source, the jews. Well, I would say it is the zionis a.k.a Israel, not the jews as the main fault, as I also saw some jews themselves are against the zionist.

The zionist manage to hold the world because they have brainwashed every civilised and non civilised nation with their movies like "holocaust", superman etc, their drinks like coke, their fast food like McD, and anything that we can think of. Any world brandnames will contribute a portion towards their share and that makes them super rich, yet we are asking how they manage to hold the world economy!

Alas, we do have Mecca Cola, Cicakman, Marrybrown and other substitutes that we should start using and boycott the zionist product. If only Islamic billionth of population trade among themselves, the Islamic nation should be self sufficient.

We also have the Iranian fighter jet or Pakistani missile as another substitute for our defence requirement. Malaysia also have a lot of weaponry technologies that is commercially viable for production. Yet, we listen and cry wolf to the zionist propaganda, which has already brainwashed us with their products through their world media.

I strongly believe that economy is the strongest weapons against zionist. The question is, do we have the strong will to forgo our Mercedes Benz, our love on Prada, and others too. Because with strong economy, only we can help and built other nations too, and as for "terrorism", which is violence in its basic form, will go away once everyone is self sufficient and only focus on assisting their muslim brotherhood. This situation once exist in the era of Khalifah Harun Al Rashid.

Let the zionist trade among themselves and we shall see who will prevails.

Tok Det, many people have this idea but who will lead it?
By milshah on December 27, 2008 12:55 AM

Assalamualaikum Tun,

I would like to comment on para 19 of your article on Obama's staff. I googled on Rahm Emanuel, the jew that is to be designated as Obama's chief of staff. And this is what I found out :

One of his proudest moments during the Clinton administration "was an event that touched his political sensibilities and his personal ties to Israel: the 1993 Rose Garden signing ceremony after the Oslo Accords between Israel and the Palestine Liberation Organization ("PLO"). Emanuel directed the details of the ceremony, down to the choreography of the famous handshake between Israeli Prime Minister Yitzhak Rabin and PLO leader Yasser Arafat." [10]

Was he involved in the peace accord that come closest to a peaceful settlement between the Palestinian and Israel?

Maybe it takes a jew for Israel to even want to have peace with the Palestinians?

source: http://en.wikipedia.org/wiki/Rahm_Emanuel

Another recent news about Rahm_Emanuel is "Rahm Emanuel apologizes for father's disparaging remarks about Arabs"

Excerpts from the article :

"Today, Rep. Emanuel called Mary Rose Oakar, president of the American-Arab Anti-Discrimination Committee, apologized on behalf of his family and offered to meet with representatives of the Arab-American community at an appropriate time in the future," a statement from his office said.

The committee, in a statement on its website, said Emanuel told Oakar it was unacceptable to make such remarks against any ethnic or religious group.

"From the fullness of my heart, I personally apologize on behalf of my family and me. These are not the values upon which I was raised or those of my family," the group quoted him as saying.

Oakar welcomed the apology, saying: "We cannot allow Arabs and Muslims to be portrayed in these unacceptable terms."

Source : <http://www.haaretz.com/hasen/spages/1037256.html>

I do not know the behind the scenes of world politics as I am an outsider. However, I am an optimist. Whether this is wishful thinking, only time will tell. I do hope the world will move into the direction of peace instead of war in years to come.

YBhg TUN,

Semoga sentiasa dilimpahi rahmatNya..

KEGANASAN..Kenapa manusia menjadi ganas???setiap yang berlaku ada penyebabnya..selalunya penyebabnya kita akan menuding kepada orang lain yang kita anggap musuh kita..Umat Islam tidak terkecuali dalam hal ini..terutamanya kebelakangan ini..Negara-negara Islam menjadi sasaran, umat Islam menjadi mangsa..generasi Islam makin tertindas..Mengapa???

Pandangan saya, apa yang terjadi adalah kerana kesilapan dan kealpaan kita sendiri.Umat Islam adalah pelopor kepada semua bentuk kemajuan, perubahan, pembinaan dan sebagainya..tapi umat Islam pada hari ini hanya mampu bermegah dengan sejarah..akhirnya kita kembali menjadi mangsa penindasan oleh bangsa-bangsa yang mencuri segala kemajuan yang dulunya dipelopori oleh umat Islam..Kita sentiasa menonton dikaca tv bagaimana saudara-saudara Islam kita berjuang mempertahankan tanahair mereka..hanya semangat dan batu-batu tepi jalan serta diri sendiri yang menjadi senjata..

Cuba kita renung dan fikirkan sejenak, seandainya kita masih mempelopori segala macam kemajuan tersebut, masih adakah negara-negara yahudi yang berani mengancam kita???

Di Malaysia..kita tidak akan terkecuali menjadi mangsa penindasan seandainya kita terus lalai dan alpa..Kita boleh lihat dan nampak dengan jelas hari ini telah timbul berbagai-bagai tuntutan yang makin hari mencabar maruah kita..kerana apa??? kerana ada manusia-manusia yang berbangsa melayu dan beragama Islam sendiri yang telah sanggup menggadaikan maruah bangsa dan agama demi kepentingan politik sempit masing-masing..

Tun..

Rakyat kini kehilangan arah..kami tidak tahu arah mana yang perlu diikuti..kiri, kanan, semuanya tak kena.. pemimpin-pemimpin yang ada pada hari ini semuanya haprak..baik pemerintah mahupun pembangkang..

Tun..

Saya memohon jutaan kemaafan sekiranya ada terdapat sebarang kesilapan tentang apa yang diluahkan di sini..Sesungguhnya bimbingan dan pimpinan Tun amat kami dahagakan demi mengembalikan maruah bangsa Melayu beragama Islam..

Tun..

Tidak mustahil sekiranya sedikit masa lagi akan timbul berbagai jenis militan di Malaysia dek kerana hilangnya punca dan arah..

JANGAN BIARKAN KEGANASAN MENULAR DI BUMI MALAYSIA..

Salam Tun,

1) Saya bersetuju dengan pendapat Tun. Amerika adalah satu negara yang mempunyai bangsa yang penakut. Takut kepada Yahudi daripada kebenaran

2) Semua keganasan bermula dari bangsa yahudi yang tamak. Sanggup jual maruah asalkan kemahuannya dicapai.

3) Bercakap mengenai tamak, dirantau ini pun mempunyai pemimpin yang tamak. Lihatlah Singapura,

Lee Kuasn Yew mempunyai sifat yang tamak seperti hati Yahudi.

4) Kebanyakan warga Cina di Singapura mempunyai sikap kiasu-nya. 'Hate the Malay, they are the lazy lots' itulah idologi yang diajarkan. Maka orang-orang Melayu menjadi bangsa kelas kedua. Kalau ada pun hanya menyedapkan hati pemimpin Melayu yang buta di Nusantara ini.

5) Orang-orang Melayu di Malaysia telah lemah oleh kerana kepimpinan yang lembik, tamak dan tidak berwawasan. Suka mendengar ampu yang di kipaskan oleh orang kelilingnya. Bolehlah diibaratkan sebagai syok sendiri.

6) Keganasan seperti Tun menyatakan boleh berlaku disini sekira sensitiviti orang Melayu tidak dapat dikawal.

7) Sekarang ni pun hak-hak orang Melayu dipersoalkan. Yang menyedihkan isu-isu ini ditimbulkan oleh orang Melayu yang berjiwa seperti Amerika yang sanggup diperalat oleh orang-orang yang tamak. Kalau orang-orang seperti Anwar Ibrahim, MB Perak dan ramai lagi sanggup mempersoalkan hak Melayu, maka betul kata Dato' Onn 'Orang Melayu yang akan menghancurkan orang Melayu'.

8) Mereka-mereka ini sanggup menggadaikan negeri adalah kerana kuasa dan ego. Sebagaimana contoh tergadainya Perak kepada British adalah oleh kerana inginkan kuasa.

9) Orang Melayu kalau sudah sampai tahap 'flash point' dan darah dah naik ke mata dengan masalah pengangguran, dihina, dikeji dibumi sendiri, maka boleh hilang pertimbangan dan dengan semangat 'AMOK', susah negara. Tidak mustahil pengebom berani mati akan meletup dikawasan Lim Kit Siang, Karpal Singh, Teresa Kok, Samy Vellu dan juga Anwar Ibrahim atau pun MB Perak.

10) Pada pandangan saya, dengan huru hara yang berlaku pada masa ini ada hikmah disebaliknya. Kita dapat melihat belang-belang yang selama ini terpendam. Dapatlah kita tahu siapa kawan, lawan, yang bermuka-muka, pengampu, yang tamak, yang anti Melayu hingga yang paling tadah.

11) Kalau saya ada lampu ajaib, saya hendak Tun kembali memerintah sekurang-kurangnya mempertabatkan orang Melayu yang sekarang ini dalam kehancuran. Kalau pun tidak jadi PM sekurang-kurangnya sebagai penasihat itu pun memadai.

Kita tengoklah.....

Bangsa arab, bangsa india dan bangsa-bangsa di sekitarnya itu memang mempunyai masalah dari segi sikap, yaitu sikap suka mencari masalah. One thing I've never agreed with you, Tun, is your blatant racism towards Jews. Like your 'Jews-control-the-world-by-proxy'. Though I applaud your courage, it's racist as hell.

I understand your dislike of the ISRAELi government and the ZIONists who really do control the world by proxy. Hell, I disagree with them, too.

But how can you be angry at the Islam-defiling media and western world when you're insulting Judaism as well? You group all the atrocity of the Zionists and Israelis with the Jews, a considerable part of which disagree with Zionists. It's the pot calling the kettle black, isn't it?

About the article itself, I'd like to something I've read off the internet. We should all forgive the Muslims. They're just at the teenage stage of religions. We're in our 1400-1500 years. When Christianity was at that age, they kicked up a lot of dirt with forced conversions, crusades and inquisitions, didn't they? [Yes, people, it's a joke. Lighten up]

There are extreme people (terrorists) everywhere & we have to live with it.The war on terrorism by Bush & company is just an excuse for the westerners to kill muslims.There is no such thing as justice.As Tun had said Might is Right.It is the maxim since time immemorial.Thats why they are trying to stop Iran from having access to the nuclear technology.The humiliation of the Palestinians will continue as long as the Jews by proxy control the western world. It will at one point in time be the cause of the next World War.

Year 2009 will not be free from terrorism. Jewish, American and British should have serious look at themselves in order to reduce terrorism. Present counter-terrorism policy is not workable,and perhaps highly biased. Justice is seen could not be given to all. Altruistic values should be taken by all in managing the world, a place given by God to be shared. Altruistic nookvillage.

Selamat pagi Tun,

The conflict of Palentisnian and Israel will never and not be allowed to solve because of human greed and personal interest in manipulating power and wealth in the name of GOD. Israel is the strategic place, located in the middle of Arab countries, will be used by the Jews, Americans, British & The Europeans to conquer the economy of the rich Arab countries after cold war. Terrorism will be the part of the world scene, be it terrorism from the rich or from the poor if the conflict is not solved.

Obama announced that the America will withdraw troops out from Afganistan to test the world stock market, but it failed to gain confidence. It doesn't matter who is the American President, be it Obama or McCain, the world just don't trust them anymore. If this conflict is not solved, the world stock market will never go up, "BE FEARFUL WHEN OTHERS ARE CRUEL! DON'T BUY IF YOU WANT TERRORISM TO BE ABOLISHED!!!!!!"

Tun wants to direct this message to our BN top guns so that they should know what are the steps to be taken to drive Malaysia out from this mess?????

Tun, I do not know why our non-muslims like Raja Petra? I have watched his speech, he talked "cock" and knows nothing about his religion and our country. Is it because he looks like "orang putih", our fellow Malaysians trust him? He is a jerk, very irresponsible being a Muslim and ignorant and have no respect for his religion teachings. To me, he is our country No. 1 terrorist who manipulates and spins the Islam teaching for his power and wealth, very disgusting!!!!

Because of Raja Petra, Pak Anwar "naik"! Because of Raja Petra, Pak Anwar "undur". Tun, they have the same mentality, lain padang, lain belalang. Our Malaysians still believe that Pak Anwar is innocent and has not committed sodomy because the doctor in charge, a foreigner, proved that Saiful has not been "liwat", naive right, Tun?

Take care Tun.

Salam buat Yg Bhg Tun,

Pertembungan antara Arab dan bangsa Israil ini telah berlanjutan dari dulu lagi. Sejarah juga tercipta bagaimana bapa umat agama wahyu - Nabi Ibrahim s.a.w ("Abraham") dengan isteri Arabnya bernama Siti Hajar dan isteri Israil bernama Siti Sara. Sebagai terbukti, isteri Arabnya terlebih dahulu melahirkan anak.

Bangsa Israil adalah bangsa yang tertindas beribu-ribu tahun dan tentu sekali akalunya amat panjang untuk survival. Kalau dahulu, Nabi Sulaiman ("King Solomon") boleh menguasai manusia, jin dan haiwan, mengapakah dayus sangat umat Israil terkemudian (abad ini) tidak cuba sekurang-kurangnya menguasai manusia lain - tak kiralah penganut kristian, islam atau apa juga agama.

Dan kini juga dicarilah sisa-sisa tinggalan Nabi Sulaiman ini - untuk membuktikan yang bangsa Israil adalah pemerintah agung terawal bumi Palestin.

Umat yang tidak berkongsi inspirasi bersamanya akan dihapuskan.

Cuma senjata terakhir yang paling ampuh dimiliki orang Islam adalah 'mati syahid' dan senjata inilah yang digeruni Israel. Tetapi malangnya disalah-guna - tersalah sasaran.

Tun,

Whenever I asked question on the conflict of Palestine and Israel to my Christian friends, they cannot answer me. The reason given by them is that it is not their level to question the GOD. When I asked why Africans are so poor and suffering, don't you christians help them, she answered me that the Africans are punished by GOD because they have done something very wrong in the past and they deserved to be punished and be the slaves of GOD. Who's GOD? The Jewish GOD, The American GOD? OR The Money GOD? Yesterday she was a very succesful unit trust agency GM, today, I do not know how is her business, maybe she is doing well or desperate in searching for more investors who believe in Warren Buffet's strategy because Warren Buffet may be her GOD whom she can turn to now because of the US meltdown.

Now the Christian association asked the government to allow them to translate Bible in BM, and they have used the word "ALLAH" in their leaflets. Very greedy and have no respect for other people religion.

On China front:-

Tun, Mr Wu JinTao had told the world that China will NOT COPY the American way. Taiwan had accepted a pair of panda bears (named Tuen Tuen and Yuan Yuan - Tuen Yuan means family reunion). Toyota China was asked to recall back 120,000 unit vehicles in China due to the system failure of the power steering. Tun, do you think that China may de-peg Reminmbi against US\$. The chances of de-peg is very high because chinese are patriotic and love their country very much like what Malaysian did during Tun's leadership. Because of that haprak Pak Lah, the love for the country is lost. "Insyallah", because of che det (our Ex-PM's blog), rakyat start to love the country again in just 7 months.

Tun, pupils of "Sekolah Menengah Kebangsaan" have created a new mentality today:-

"You can talk loud in BLOG,
You can talk loud in "ceramah",
If Reformasi, jom, balik rumah tidur"

Tun, this is the mentality of our decent teenagers from Sekolah Kebangsaan today.

So, 'NO' "penswastaaan" of Korporasi Kerajaan (including IJN), Pak Najib. The problem created by Pak Lah, you, MCA, Gerakan and MIC, solve these problems without 'kantoi' duit rakyat to help yourself and our Jiran (Singapore). Malaysia nare not lazy (kata melayu malas means kata rakyat Malaysia malas), we are "bersyukur to what we have" If we rakyat are not happy, we will rather vote PAS (don't forget, PAS has opened up a new wing specially to cater the non-muslims), DAP and PKR, you guys are out!!!! Fikir2 lah Pak Najib and kalau boleh suruhlah haprak Pak Lah diam aja kalau nak ambil hati rakyat!!!!

Till then Tun.

Salam Tun,

An effective strategy to counter these Zionists especially is the usage of Dinar Emas in tradings between Islamic countries and sharing of military technology.

The Western powers are very smart as they never pushed for democracy in the Gulf States as is is much easier to control and manipulate their Kings. But the average Arabs are also much smarter and more aware of these facts now.

JEWES ARE THE NEW NAZIS.
THEIR POLICIES ARE ALSO SIMILAR TO APARTHEID.
LUCKILY THEY HAVE BIG BROTHER AROUND.
THE AMERICAN ADMINISTRATION WILL HAPPILY USE THEIR VETO POWER TO PROTECT THE
JEWES INTERESTS EVEN IF THEY CLAIM OTHERWISE.

TO THESE LAND GRABBERS;

YOU WILL NEVER LIVE YOUR LIVES IN PEACE FOR THE DAMAGE AND SUFFERINGS YOU HAVE
INFLICTED ON THE PALESTINIANS.

TO ALL READERS;

HOW WOULD YOU REACT IF SOMEBODY STOLE, RAPE, MURDER, PILLAGE YOUR PROPERTIES
AND YOU GET BLAMED AS THE CULPRIT?

THIS IS EXACTLY WHAT THE JEWS DID, ABETTED BY THE BRITISH FIRST AND THEN TOOK OVER
BY THE AMERICANS.

THE MUSLIM WORLD IS DIVIDED TODAY DUE TO THE POLICIES OF THE IMPERIALISTS A
HUNDRED OR MORE SO YEARS AGO. THE ARABS USED TO BE ONLY ONE NATION. THE
SEPARATE COUNTRIES YOU SEE TODAY WERE ALL CARVED OUT BY THE IMPERIALIST
POWERS, CHIEFLY THE BRITISH.

BUT REST ASSURED THINGS WILL CHANGE. IF WE STUDY HISTORY WE KNOW THAT NOTHING
LASTS FOREVER. EVEN THE BIGGEST POWERS WILL EVENTUALLY CRUMBLE.

THIS IS THE BATTLECRY OF THE OPPRESSED! JUSTICE WILL PREVAIL!

Dear Tun,

Even the world No.1 President Mr Bush was thrown with shoes by an Iraqi Jornalist, I think all the Muslim in the whole world should wake up and realise what they should do for those Muslim States which are surpressing by European and American.- TO THROW SHOES TO AMERICANS & EUROPEANS whenever they meet them!

They should unite and work together to confront so-called the super power. These days you can easily see that certain countries presidents which are not Mulims States such as Venezulla, Bolivia, Brazil, Cuba & etc are also hostile to Bush administration. So, this is the time where every Muslim States should unite together to solve the "long pending & unsolved" Palestinian problem.

I am very disappointed to see that the Muslim countries were not united in the past because of the benefits they received from the super power countries.And because of these individual greeds, the Muslim will never able to solve their problems with the super power countries and Muslims will remain as terrorism forever! It is pathetic and radiculous!

Ybhg. Tun,

Tertindas, ketidakpuasan hati dan sebagainya seharusnya tidak dijadikan untuk melakukan keganasan. Setiap agama mengajar pengikutnya untuk membuat kebaikan kearah keharmonian dan kesejahteraan hidup penganutnya. Ajaran agama merupakan landasan perjalanan hidup dan tindakan samada baik atau buruk terletak pada akal fikiran seseorang itu.

Manusia dilahirkan dilengkapi dengan pelbagai kebolehan yang dikawal oleh akal fikiran yang mengemudi arah tuju perjalanan hidup kita. Permasalahan yang timbul berpunca dari kelompok manusia itu sendiri yang tidak bersatu. Apabila kita tidak bersatu dan sering bertelingkahan sesama sendiri, kedudukan kelompok itu dengan sendirinya tidak akan teguh dan tertindas serta mudah diancam oleh kelompok yang bersatu dan kukuh. Ini terbukti jika diteliti dan dilihat secara rasional dinegara-negara yang aman dan dibandingkan dengan negara yang bermasalah.

Dalam konteks Malaysia yang mempunyai rakyat yang berbilang kaum, berbagai adat resam dan menganuti berbagai agama. Kita seharusnya memupuk semangat untuk bersatu yang kini dilihat semakin longgar agar kita tidak tertindas. Jika tidak keamanan dan keharmonian yang dikecapi selepas era penjajahan, ancaman komunis dan peristiwa berdarah 13 Mei 1969 akan musnah disebabkan sekelompok manusia yang bersatu mengambil kesempatan untuk menghancurkan perpaduan kita.

Oleh itu, marilah kita terus bersatu dan elakkan melakukan perkara yang boleh meruntuhkan perpaduan yang telah dibina. Isu-isu sensitif seperti agama, bangsa, adat resam dan kepercayaan sesuatu kaum yang lain seharusnya dielakkan diperdebatkan. TIADA SESIAPA DI DUNIA INI YANG PERFECT.

To Fuzzy;

I would like to ask you this question..

How would you feel is somebody raided your home in the middle of the night,murdered most of your relatives and if you are lucky to still be alive,escaped into the night to wander off and living as a refugee ever since?

THIS IS WHAT HAPPENED TO THE PALESTINIANS IN 1946.

'INVASION' CONVENIENTLY RENAMED 'LIBERATION'.SOUND FAMILIAR?

REMEMBER THE ROOT CAUSE!

How could you call Tun a racist when he is merely trying to state the facts that happened?

He is reminding the world the plight of the Palestinians which you seem to care little about.

It can be so easy to accuse blindly.

Salam Tun

Let me wish everybody 'Selamat Menyambut Ma'al Hijrah 1429H' and a 'Happy New Year 2009'. May we all have a good year ahead with peace.

Terrorism is just like a frustrated person who wants attention and one's rite.

As what you mention here, history will repeat itself if the riteful authorities do not do anything NOW and do it rite.

How do you talk to a frustrated person?

I'm sure there are plenty of expert in this area. You have people in hospitals, universities, private practice and individuals who are expert. The only problem is the authorities are a big SNOB. They listen to the wrong people and do the wrong thing.

Tackle the issue from the root of the matter and work our way up and along the way improvise or ractify the mistake.

If only and only IF this can be workout, then maybe we can have a better years ahead MAYBE but we have to try somewhere.

I have 2 growing boys and a sweet dotter who are growing up, and I hate to see them growing in fear and unsure future. We make the mistake but the new generation suffer. That's not rite at all.

Stop and ponder, God willing.

Dear Tun,

Very truly mentioned by you in your point No. 20 : "Terrorism" is going to be a part of the world scene for a very, very long time.

Of course, we muslims condemn acts of terrorism. But what about state-sponsored terrorism? (i.e. Israelis do on palestinians and Americans do on Iraqis)

Of course, we muslims don't do hate-campaign. But what about others do hate-campaign against muslims & Islam? (i.e. Western Media portray muslims as terrorists and Pope Benedict-XVI defames Prophet of Islam by linking his teachings with terror)

Unless moderate jews and moderate christians (of course like muslims, there are extremist jews (zionists) and extremist christians (neos)) do any soul-searching and introspect themselves, there will be NO END to terrorism as mentioned by Tun.

Salaam.

Y.A.Bhg Tun & fellow bloggers...

Terrorism will never end for as long as the Arabs in these world are fighting among themselves...why can't they live as one strong Arab nations with all the oil rich country....they could have been one solid Islamic nation...but they just had to be what they are today...

We all know that....Israel is nowhere close to what Allah SWT has given to the Arabs muslims...oil rich countries in the world etc.....the more reasons why Allah SWT sends prophets are all Arabs or from that part of the world...I am not against them but its the way they are....look at their way of life...Americans/British/European made products/way of life is everywhere in UAE...depending too much on them...

Palestinians will fight the Isrealis till the end of the world...terrorism is here to stay forever...for as long as they are not united...they maybe different in mazhab...but they are still muslims?...I failed to understand them....soon there will be no more palestinians in the face of this earth when all the youngs be killed or died of starves by Isrealis....may Allah SWT guide them to the right path....

By kilmer on December 27, 2008 1:48 PM

As long as all the MUSLIMS of the world dont unite under one flagship there can be no soultion too any of the problems faced by them. Personal view i dont think muslims were ever united and will never be, because of greed and low intellect capabilities. With all the richness and oil that the muslims countries have they can rule the world yet they are not even able to eradicate all the problems in their own country. Can you beleif it, in Saudi Arabia the majority of the population is poor.

MUSLIMS NEED TO REALISE THAT THE PROBLEMS THAT THEY FACE IS THEY OWN DOING.

I am on nuetral grounds i dont like USA or any one that beleif war/terrorism is the answer to all problems.

By zaki_77 on December 27, 2008 1:54 PM

Liew, here are the answers to your questions:

1. Why there are no Buddhists, Taoists and Hindus terrorist?

the Buddhist terrorist regime in Myanmar have been ethnically cleansing its citizens for decades and have empowered local Buddhist vigilante groups to do the same. I would advise you to read upon the plight of the Rohingya Muslims on the West coast

Hindu state terrorist has been ongoing unabated since Pakistan and India's partition. Under the rules of separation, Muslim majority places were to be made part of Pakistan. Kashmir had an 80% Muslim majority, yet the state was annexed by proxy and India flooded the state with hundreds of thousands of troops (who remain there today). They have suppressed legitimate struggle for self-determination and extra-judicial killings and war crimes by the Indian army are common as reported by Anmesty Int'l. A plebicate that was planned under the UN has been rejected by India because they know they would lose the vote.

You will see that in both these cases, terrorism is carried out by the state machinery and not individuals. Although there are extremist Hindu groups who have carried out many fatal attacks in India against the Muslims; Gujurat being one example.

2. Why there are only Christians and Muslims terrorist?

Please see answer to question 1. Also you have forgot to mention Zionist state terrorism in Israel. Terrorism against Palestinian refugees and against Arab Israeli citizens continues, where the Israeli state terror machinery has armed local Jewish groups in their settlements to attack Palestinians.

3. Can it be true that religions created or originated in Middle-east are more prone to violence and killing without reasons?

No, this is historically, factually and logically incorrect. Divine religions that saw their advent in the Middle East were for most part of their origin, very peaceful and effective in providing unparalleled quality of life, security for its citizens and stability in the region. The problems occur when one group seeks to destabilise the other by means of invasions and occupations as well as ideological onslaught.

The history of Islam is very clear on the kind of enlightened society it produced. Where knowledge was carried to the 4 corners of the world and which was responsible for the European renaissance for one example: <http://www.cyberistan.org>

So your questions actually are non-questions because the statements that you made are not supported by facts on the ground.

Good day.

Salam Tun,

How can they to achieve peace in Middle east, specially in Palastaine.

Hope after hope from many American President, its really a ploy to get away from fact and truth that they want the land to be Isreal's always.

Anyway making peace agreement with these fellows is like making agreement with syaitan. How can the muslim go against the secured Al Quran.

At all if we have an agreement, still there will no be peace.

Build the walls and plant land mines around, provide Isreal with Sheild Defence system, the best thing for the relatively close blood neighbors is to be separated. They really need another country in between them, only that way we will see some peace around there.

So let invade more Palastaine Land and put a neutral country in between both countries, maybe in this way both countries would cooperate to work together for their peace. So we will have an cristian country now fighting for Bettlehem against Palastaine and we will have plenty of weapons supply there.

Economy will be good and many coffins manufacturer will be rich, oil price will go up, thats what the speculator wants, keep on depreassing other muslim countries and at last the Americans will just drop A bomb. Acting as the human God and finding themself in deel Sh**t with the mighty God himself.

Good Luck

My prayers for your success and the world.

Good Luck.

Tun writes on terrorism.

Now, we know 'the what' , 'the how' and 'the who'.

Palestine, arabs, israel, us, uk etc.etc was mentioned due to their involvements.

But, some of us is diverting into religion. Why?

Can't we just focus on what that act of terrorism is causing and what we can do to stop it. Nevermind if it takes forever, start now, and do it everyday, for babies that are born today, tomorrow or day after and after. Do we want to give up?

If no, then do not divert into religion though it is inevitable.

All of us are smart and should know by now that evil is not religion.

It is us, people who do not apply the values that their religion taught them but instead chooses to only wear it on just like clothing.

Which religion taught us to be bad,...none !

Keep blaming or framing it on one's religion is old fashioned, lazy and arrogant.

Try observed people minus their religion. Go and look beyond. Understand where he has been and what he has become..then feel...it is easy ,it is simple, all that needed is just a little bit of our time. Walassri..

We have to focus. Reject those who try to divert anything into religions matter..if we truly want to stop we must stop being choosy. Religion is deemed sensitive, and people will just use that as reasons not to do anything. If we look into the humanitarian factor first then perhaps we will take action fast.

Saya support Tun yang vokal dalam memperjuangkan implikasi perang kepada manusia.Saya bukan orang yang hebat tetapi hari ini saya rasa hebat sedikit kerana setelah membaca apa yang Tun tulis, saya faham dan masih ada punyai perasan belas kasihan,keinginan dan harapan untuk melihat bumi Palestin aman dahulu dan diikuti dgn yang lain lain.Sama-sama kita semua berdoa kepada Allah untuk keamanan kembali di bumi Palestin.

Terima kasih, Tun.

Why there no Taoist, Buddist, Hinduist terrorist etc etc. Actually there are and not many heard of it since it was never made the top stories. It goes this way for example:- A muslim, a buddist and an Hindu killed a man. Their killings appear in major newspapers. The muslims who killed a man just like the rest will made the Headlines and the story will goes on for weeks becuse he a muslim!.

Terrorism is everywhere. Are Tamil Tigers not terrosit in the eye of their goverment?. Are IRA not terrosist before they agreed for peace with the British? Dont tell me there no freedom fighter who are labelled as terrorist in China. All these terrosit has one cause ie freedoms.

Assalamualaikum Tun Yang Dihormati,

1.Kekuatan ekonomi adalah salah satu benteng pertahanan pada zaman sekarang.

2.Untuk mencapai matlamat ini penguasaan ilmu dalam semua bidang terutamanya sains teknologi dan pengurusan kewangan amat penting.

3.Semangat patriotik yang tinggi dan perpaduan yang kukuh dikalangan rakyat juga amat penting.

4.Paling penting Pemimpin MESTILAH seorang yang BIJAK,TEGAS DAN

MEMPUNYAI VISI DAN JUGA SENTIASA MEMBERICORAK KEPIMPINAN YANG KENTAL!(Tidak ada pada DSAAB).

5.Rakyat di Palastin sudah lama tertindas,ahli keluarga sahabat handai yang terbunuh di tangan Israel telah meninggalkan kesan mendalam dalam diri mereka yang masih hidup .Tambahan tekanan ekonomi dan faktor-faktor lain menyebabkan mereka berubah menjadi pendendam.Diburukkan lagi galakan dari sesetengah golongan yang

menghalalkan pembunuhan keatas orang awam lain atas nama jihad.

Maka terjadilah serangan berani mati.

6.Kita faham rakyat palstin amat tertekan terpaksa 'dibuli'oleh pihak zionis,jadi mereka tiada pilihan.

7.Pengajaran yang harus kita ambil dari bangsa Israel ialah,menguatkan ilmu pengetahuan dan kekuatan ekonomi bangsa dan negara.(DENGAR TU,PAK LAH BUKAN PATAH BALIK NAK AJAR SAINS DAN MATEMATIK DALAM BM PULAK!)

8.Saya bimbang sekiranya,pemimpin akan datang tidak tegas dan tidak bijak menyelesaikan sesuatu isu sensitif,akan wujud golongan yang tertekan dan emosional yang akan melakukan perkara yang seperti ini.MINTA DIJAUHKAN.

Dear Tun,

Allah forbide any muslims from giving up (putus asa).

It is really disheartening to read you and many more millions of Muslims practically giving up on the suffering of the Palention People and the Muslim's Self belief and their belief in the WISDOM of the ALMIGHTY ALLAH.

Yes it is almost impossile to approach this from the conventional way, i.e. by political, physical, terrorism or diplomacy!!

Lets think out of the box and be innovative. The real war we can go into is an economic and financial one. We often hear muslims all over the world say - "if only there is some thing I can do the help our palestinian brothers"...some have become suporter of Osama and his like, other have donate to the suffering. But NONE have shown any real results!!!

Well Brothers and Sisters in Islam - we can each and everyone of us join in to help our brothers and sisters in Palestine.

We can do it all very easiy by being good MUSLIMS. MULSIMS who abide by the teachings of the QURAN and Prophet Muhammad SAW.

We can do this thru living our MUSLIM economic and financial lifes as required of all Muslims.

We MUST Rid Riba' from our lifes. By, using the paying of ZAKAT as the basis of our economic activity and NOT interest payment.

How can we each and averyone do it?

1) each individual abandon all avtivities that smells of interest, i.e bank loans, credit card loans, purchase on installment with interest, bonds with interest payments, etc...

2) muslim leaders must provide the infrastructure for us muslims to abandon interest payments. Governments must withdraw the right of banks to give loans on funds they do not have in reserves. Let the creating and supply of money be the responsibility of the government only. Replace or convert banks to investment institutions where funds are being managed for funds owner together with enterprise for projects, business, infrastructural development,i.e. as professional project managers of funds. Where projects are run purely on RISK SHARING basis. NO such thing as sure win basis such as what the banks are allowed NOW!!! NO MORE BANKS!! but real investments institutions.

3) These investment institutions collect funds and savings and deduct the compulsory zakat; or if the owner so wishes be used for (productive economic activity), i.e. real investments on risk sharing basis.

4) The present MUSLIM BANKERS convert their banks to such investment institutions to manage fund, projects, etc...on risk sharing.

5) The Muslim business people get your financing from these investment institutions NOT the banks who charge interest.

6) The business people can start their own professional firm helping the investment institutions to find viable projects and manage them for the funds owners.

7) Housing, small businesses, loans can be interest free.

8) Our poor, hard up and the 8 asnaf including education can have sufficient funds from the collected zakat!!!

There are many more issues and benefits from us going into this truly ISLAMIC economic and financial system. All are do able, can be implemented and will make us better MUSLIMS.

In the process the international banks which feeds the JEWS lobby and zionist agenda will be starved of their fuel & strength. And finally the Palestine issue can be solved without the JEWish lobby pressuring the western leaders - USA's as well.

Now all ordinary Muslims can join in the fight can contribute our little bit to help ur fellow brothers and sisters in palestine. AND we can again raise our MUSLIM head up high raising our self belief in our religion and the in ALLAH's greatness.

Jamalludin

Join me in this real JIHAD.

Salam tun, Tapi apa yang saya dengar, umat Islam kini terbahagi kepada 3 golongan : negara Islam, umat baru seperti di Barat, dan 'penggnas' islam. Pun begitu, mereka semuanya mempunyai satu aliran saja iaitu mengembalikan Islam ke tahapnya, yang dikenali sebagai salafi.

Jadi, 'perjuangan' menegakkan Islam ini dilakukan dalam pelbagai cara yang berbeza : reformasi atau penyesuaian di negara2 Islam; dakwah dan penyusupan nilai2 Islam dalam masyarakat di Barat: dan keganasan bagi penggnas.

Maksudnya, dunia kini sedang menyaksikan antara 3 golongan ini, yg mana akan berhasil. apa yang jelas 'penggnas' ini dikatakan telah 'berjaya' mewujudkan rangkaiannya di semua negara Islam, manakala di Barat, fahaman mereka (menegakkan ajaran Islam dgn yakin dan 'berani') semakin diterima. Malah di Asia Barat, contohnya, ramai dari tentera dan polis, juga orang ramai yang memihak kpd mereka.

Ertinya peristiwa keganasan ini akan berpanjangan selagi perjuangan menegakkan dan mengembalikan ajaran Islam belum dapat direalisasikan... dan malaysia, turut terserap, sebgaimana kita semua sedia maklum.

Sejauh mana 'cerita' ini boleh diterima, pada pandangan Tun?

By Hajar on December 27, 2008 8:45 PM

Dearest Tun,

1. I totally agree with Tun, especially on points 8-9. To solve a problem, the ROOT CAUSE of the problem must be identified, and Tun has identified the actual/root problem in point 9 – "...these acts began with

the forceful seizure of the land of the Palestinian Arabs..."

2. What we see happening is the fact that those who are trying to curb "acts of terrorism" are merely handling "SYMPTOMS" of the root problem, which is like giving a medicine to handle symptoms of a disease. The symptoms might go away temporarily, but definitely they will reappear, because the root cause/problem still EXISTS.

3. Good leaders are leaders with problem-solving ability. Having said this, DSAAB is NOT a problem solver. To make things worse, he's a PROBLEM CREATOR. He's the root cause of a lot of problems in Malaysia.

May Allah SWT bless Tun & family.

The arabs can never hurt the Jews because the God of Abraham, Isaac and Jacob is watching over them.

The prophecies in the bible is correct that the Jews will be surrounded by their enemies..today, Israel is surrounded by the Arabs.

Yet, whenever the Arabs try to attack the Jews, the Jews kicked their ass and gained more land. I hope this is the lesson learnt.

Besides, Jerusalem belongs to the Jews just as what the Bible says.

Christians will always support the Jews because the bible says the Jews are God's chosen people..the apple of God's eyes. I think the Arabs need to learn to respect that.

Hi Chedet!! How are u!?! :)

I've just read MASTIKA year 1976 and there was an article on "Mengapa kita bermazhab". Well the dude says tat basically there are only 2 kalimat prinsip, which are

- ALLAH is the ONLY 1, 1 UTAMA k
- and Nabi Muhd. itu hambaNya

OK the dude says that many ppl do NOT understand surat al-an'am ayat 153. It basically means "perjalanan pendirian, pendapat, pegangan, aliran, faham dan sebagainya"

So how are terrorists being made? Simple. They just follow BOOKS blindly. U know what sort of books la. Never QUESTION them. Including OSAMA.

Opps we have walking bombs coming up!!! Hope so not in Happysia lah. :)

Selamat tahun baru Tun dan semua, Tun topik yang ketengahkan mungkin agak biasa dan sudah bosan mendengar keganasan yang berlaku sana-sini. Apa yang kita tahu mengeluh dan bersimpati pada mereka yang tidak bersalah dalam hal2 begini. Kadang2 kita rasa malu juga benci atas apa yang berlaku itu. Tetapi mereka2 yang digelar penganas ini kebanyakan adalah mangsa atau saudara mungkin juga sahabat mereka menjadi mangsa dari orang2 yang tamak serta kejam iaitu ISRAEL laknat itu. Mereka2 yang sungguh pertaruhkan nyawa setelah cara yang betul tidak dipedulikan. Malah kita sendiri bermusuhan antara satu sama lain sehingga antara kita sungguh menjadi dalang pihak musuh kerana dihulur dengan wang ringgit seperti yang terjadi pada shadam hussein, sedangkan nukler yang dikatakan ada tetapi tidak ada. Tun, kenapa saudara2 seISLAM seperti ARAB SAUDI, IRAN dan banyak lagi malah kaya dengan sumber minyak yang menjadi rebutan bagi musuh Islam kebanyakan. Kerana sikap pentingkan diri sendiri kita umat Islam tak akan bersatu juga tidak maju. Malah umat Islam sentiasa dihina, dipelekehkan serta akan menjadi sasaran setiap keganasan yg berlaku. Tun, apa yang kita dapat lakukan dalam hal yang menimpa nasib saudara seIslam kita disana hanya doa pada ILLAHI serta mengingatkan sesama sendiri tentang keamanan dan kejayaan itu akan diperolehi jika kita sama2 bersatu menjadi benteng yang teguh dalam menyelamatkan agama kita dari di permainkan oleh musuh Islam dalam mencapai hasrat mereka itu. MARILAH KITA KEMBALI KEPADA AJARAN ISLAM YANG SEBENAR. Semoga kita semua diberkati dan dirahmatiNYA. Salam untuk Tun sekeluarga, semoga dilindungi ALLAH dan sihat selalu.

By kamarulzaman on December 27, 2008 10:13 PM

Salam sejahtera YBg Tun,

Selepas terbubarnya Soviet Union, tumpuan kuasa2 barat untuk dijadikan sebagai musuh adalah agama Islam dan negara2 Islam.

Mereka memerlukan musuh didunia ini untuk menjadikan negara mereka sentiasa bersaing terutamanya didalam pembuatan dan penjualan senjata selain daripada tujuan politik mereka. (Selain daripada seperti yg telah dinyatakan didalam AlQuran bahawa mereka adalah musuh Islam yang nyata)

Dengan itu perang harus diwujudkan dengan tujuan pasaran produk senjata mereka selain tujuan mengaut sumber semula jadi negara yang menjadi mangsa perang.

Salah satu cara untuk mewujudkan perang adalah melalui fitnah. Oleh itu mereka membuat berbagai fitnah supaya perang akan tercetus. Contoh yang terbaik adalah ketegangan yang wujud baru2 ini antara negara Thailand dan Kampuchea mengenai isu kuil disempadan. United Nation sepatutnya sudah tahu bahawa ketegangan pasti akan berlaku sekiranya dia mengistiharkan kuil tersebut sebagai warisan dunia. Lagipun kuil tersebut tidak kelihatan hebat.

Negara Iraq dan Afghanistan adalah antara negara mangsa perang yang diakibatkan oleh fitnah. Sumber kekayaan minyak negara tersebut dikaut sehingga kini. Serangan bom mesti sentiasa diwujudkan dari masa kesemasa untuk menjadikan negara tersebut kelihatan tidak stabil dan sebagai alasan mereka untuk terus menduduki negara itu.

Osama bin Ladin mesti dibiarkan hidup dan bebas supaya lebih banyak keganasan dapat dilakukan (oleh mereka) dimasakan akan datang dan Osama (Islam) akan sentiasa akan dipersalahkan.

Didalam AlQuran ada menyatakan bahawa mereka adalah kaum yang suka menyalakan api dimuka bumi ini.

Salam hormat kepada Ybg Tun.

By Jamal on December 27, 2008 6:05 PM

Actually Mr Jamal you are right but Tun also is not wrong at all.
For me, it's required to do some research without miss to talk about international issue as Tun did. I suggest you to search on Geneva Conferences and Camp David Accords more details. Then you know what Arabs (Muslim countries nearby) can do or not to do and why. So you will realise the points arised by Tun through this issue later.

There is a famous arabian sheikh so called 'ulamak' normally to be refered for any, said it is allowed to do so (in a certain condition - darurat or 'no choice at all') in the name of God to protect our Muslim integrity , honour and self-respected. I strongly believe he's not the one. Thats the reason. But it is very clear in any condition is prohibited to kill kids and ladies in war. Eventually, except ladies that are proven by all mean as a 'soldier' to the enemies. You have to check this more details too.

If Tun positioned in PBB as a General Secretary, maybe so many things can change and to be changed with God blessing, am I right Tun ?

Hope to see Obama can do something different. Perhaps! Ofcourse with God blessing !

Yeah..before this, no body will realise this negro can be US President one day. That's the miracle. Act of God actually, by all mean.

Always pray to God.

Ok Tun..please take care.

Tun,
Our true Muslim Hero presently is none other but Tun Dr. Mahathir Mohamad. Tun none other deserved this but Tun, with a very clear message, much research on history, and saying this facts without any fear because this is the actual fact on why muslim in Palestine, Iraq vow to blow themself as their caused to get rid of their enemy.
Muslim present leaders of the Arabs world and those from other world are not united and most are afraid and cannot expressed thier thoughts in saying and in writing as Tun.
Tun, May Allah The Almighty protect Tun now and forever especially with Tun's Heroic Acts in enlightening us on the root cause of Terrorism and who are the real Terrorist of the world previously and today. The defination of a Terrorist "Individual who blow themself up with explosive together with thier enemy". The Japanese have their Kamikasi fighters whom also blew themself up during world war 2 are they not also Terrorist. Any form of aggresion injuring anybody is Terror act, and war is the greatest form of Terrorist because millions are killed and injured.

Tun, Thank you for being a true Hero of the Muslim world. Tun's definetly deserved more, and also for what was being honoured during Tun visit to the Middle East recently.

It came to me that we Malays are unable to govern our nation with political power. Economical power were long gone history. I am talking about average Malays. Look at Indonesia, every citizen have to use an Indonesian name and talk Bahasa Indonesia, went to the same school with Bahasa Indonesia as the prime language. So does Thailand.

Yet, Thailand has her expertise in agriculture which is way ahead in terms of world ranking. Indonesia even though didn't flare much, but as a nation, they hold strong. They have their own engineers etc... to run the country.

So to say, what else are we Malays left with? Only names? Why can't all Malays in what ever political background regroup and form just one alliance and automatically we have the majority in the Parliament to pass any acts to turn Malaysia into what she's supposed to be.

A nation that use her language in all aspect while every citizens bear a Malaysian name, and Malays are given their rightful place in the nation, not as beggars, but as the owner of the land. Then we talk about equality!

Is it possible Tok Det?

By fun_jonny68 on December 28, 2008 3:28 AM

Dear Tun,

Your comments and assumptions about the Jews are racist and inaccurate to begin with.

I guess Malaysians in the forum in general like to fault others for their wrongdoings but ignoring their own racial issues. If you genuinely want to address these issues, maybe you should look at your own backyard first. Talk is cheap...

Yes, western powers still have plenty of racial issues to overcome. However, some of them are making progress, slowly but surely. Have Malaysia made any progress in the past 50 years? No. You guys are still stuck in the ancient mentality. This is not a good sign of progress towards an advanced society, let alone a developed country.

So, I really wonder the objective of this posting...

By austoz on December 28, 2008 5:15 AM

Dear Tun,

I'm can't help feeling apprehensive reading the comments some of your readers have posted. What some of your readers have written here smacks of hate-mongering. Many have conveniently assumed the jihadist stance. Unite all Islamic countries, they say, and fight the enemies. For example, pakmangAuthor (December 27, 2008 12:32 PM) has told us to "THROW SHOES TO AMERICANS & EUROPEANS" whenever we meet them. Whatever happened to 'Malays are the most gentle, tolerant and accommodating people there are'? Can we blame others for not believing us? It shows how stupid we are to hate another category of people according to the man-made rules of categorisation that we impose on them (Europeans, Americans, Jews, Arabs, Muslims, etc.). In so doing, we disregard their human qualities altogether. pakmangAuthor seems to think anyone who holds the citizenship of any European country or the USA is worthy of ill-treatment just because Bush and Blair decided to invade Iraq and Afghanistan. Why didn't he throw shoes at himself for Pak Lah's decision to raise the petrol price a while back, or for the Bukit Antarabangsa tragedy? If we can't call this behaviour emotional, childish must be it. And let's not forget the USA has picked on various victims in recent history, including communism (think Vietnam and Korea), but we didn't hear anyone complain about it because supposedly communism carries a negative connotation. It does only because its opponents succeeded in painting it so, and history is written by the victors of war. It could happen to any ideology, including your religion if you are not careful, which I believe is why Muslims dislike the Americans in today's climate.

The point I want to put forth is, it is right to voice concerns against injustices done to humanity, wherever they happen and whoever they involve, but pitting one group of people against another is not the way to do it. Religion is a convenient tool to divide and manipulate people, no matter how holy you think your religion is. The moment you call yourself a Christian, a Muslim, a Buddhist, etc. you have created a barrier between people. We mustn't call the Israel-Palestinian conflict a USA/Europe vs Arabs issue, or a Jews vs Muslims issue. It is simply a human issue.

Coming back to the issue of the Israel-Palestinian conflict, true that Israel didn't exist before 1948, but all countries in the world today came into existence one way or another. Most involved warfare. If you decry the use of war to create a country, then every country in the world, including Islamic nations, are as guilty as Israel. The truth is, there is simply not enough Jerusalem to go around between so many Abrahamic religions, so a compromise is definitely needed. Similarly, there is simply not enough soil to go around for the number of fellow human beings, so tolerance is needed. If only the Muslims would tolerate the Jews living amidst them, and vice versa, and similarly if every human being could practise tolerance towards all other fellow human beings, then the need for national borders wouldn't even arise. The question I want to ask your readers is, if they think they could advocate unity amongst human beings, why did they confine it to Muslims? They know full well that when they say "all Muslims must unite against their enemies", they instantly divide humanity into two hostile factions by virtue of religious belief. This is the last thing we need in today's world.

By isahbiazharAuthor Profile Page on December 28, 2008 5:22 AM

Painting such a gloomy picture will not be of any help to anyone. Obama will find a solution that will help out the Palestine. The Muslim world must accept that Israel must exist in the Arabic world. Any idea other than this will be futile and lead the Middle East Countries to a perpetual war and a possible end of the world.

By Fuzzy!Author Profile Page on December 28, 2008 5:42 AM

JJJ you misunderstood me. I am totally against the Zionist occupation of Palestinian land. BUT we are grouping all the Jews in the world with the Zionist invaders, which is stereotyping = racism.

How can we call the western media racists when they consider the ways of the Nation of Islam as the stereotypical muslim belief; or the oppression of women as a muslim norm when we ourselves are doing the same to the Jews?

It's like saying all Germans are Nazis. It's pure racism.

Assalamualaikum Tun,

Saya setuju dengan kenyataan Tun... bahawa penghinaan dan pencabulan hak umat Islam yang berlaku di Palestin akan terus berlaku pendek katanya hingga keakhirnya... tidak akan pernah berakhir...

Orang kata kalau kita tak boleh jumpa orang cara berdepan... kita boleh kirim salam kat orang yang hampir kepada orang yang kita tak boleh hampiri... yang mana sudah pastinya... sekutu kuat mereka...

Cara yang bijaksana harus kita gunakan...

1. Kalau negara barat boleh menekan negara Islam melalui sekatan ekonomi dan sebagainya... agar mereka mengikut telunjuknya.. kita juga boleh minta sekutu yahudi yang boleh makan pujuk untuk memberi tekanan secara dalaman (yang terkuat sekarang pastinya ekonomi)kepada pemimpin yahudi ini... cara yang terbaik adalah serangan peribadi seberapa ramai pemimpin negara tersebut... agar tumpuan untuk menekan palestini berkurang dan pada masa yang sama pihak PBB harus melaksanakan peranan mengikut kaedah-kaedah perundangan.

2. Memperkuat suara muslim tulin dalam PBB agar dapat didengar sebagai satu suara yang mempunyai 'kuasa' dan bukan hanya suara yang merintih dan meminta sahaja. Disini peranan tok arab pemegang emas hitam yang boleh merubah ekonomi dunia dalam sekelip mata harus berperanan lainlah kalau tok arab ni dah tertutup matanya oleh serban yang dipakainya sendiri.Camtu mmg la sampai ke bila pun... camtu lah ... dia

3. Satu lagi kalau kita tak bole lawan elok la... kita buat kawan... saya tak pasti samada orang palestini bole tak berkawan ngan orang israel... ke tak... sedangkan anjing ngan kucing pun.. boleh tumpang susu.. anak masing2.. depa kan manusia... (ka lebih teruk dari bukan manusia?) erm bukan susah sangat... sebab lelaki palestini tak dak senjata kasar nak lawan gunalah senjata peribadi hang sendiri ... tak yah letup diri... cuba tackle makwe israel tu ramai2 (especially anak-anak pemimpin israel tu..)pakat masuk Islam ramai2 pastu kalau ada rakyat palestini yang bukan muslim pun buat camtu gak... nanti kalau dah ramai sedara depa kat palestini erm.. tergamak ke di anak belashah lagi...

4. Cara terakhir... kalau semua tu depa tak leh buat... memang depa ni... lebih jahanam dari bukan manusia... dan syaitan... erm... camtu... saya amat setuju lah seperti yang Tun kata.... it will be neverending story kepada kekejaman manusia..(hakikat sebenarnya manusia tak guna akai dan tamak haloba, maruahnya lebih teruk dari binatang yang paling hina...sebenarnya tak dak binatang hina... sebab tak dak akai.. manusia lah yang memang paling hina tanpa guna akai..) yang sejarah pun malu nak mengaku MENYEJARAHKANNYA...

Harap depe ni bole pikiaq kau pun tak bole guna akai.. :)

Berbalik kepada negara kita Tun.. Jasamu masih membolehkan kami semua menikmati kesemuanya...kenikmatan.. walau kekadang.. adalah tercepit sikit.. dengan Izin Allah moga mereka TERLUPA terutamanya MELAYU .. akan teringat SIKIT apa yang depa dah lupa Tun..

Setiap komen saya saya pasti akan luahkan.. Kami sekeluarga amat sayang pada Tun dan saya pasti semua rakyat Malaysia berkata begitu termasuk pak Lah dan semua pembangkang pun... (depa malu nak sebut biaq saya sebutkan) hanya Allah dapat membalas jasamu PERWIRA MALAYSIA

Wassalam

Kerajaan beri perhatian bantu pekebun getah

ALOR GAJAH 27 Dis. - Perdana Menteri, Datuk Seri Abdullah Ahmad Badawi berkata, kerajaan akan memberi perhatian dan pertimbangan yang sewajarnya bagi membantu pekebun kecil getah yang terpaksa menanggung kerugian berikutan kejatuhan harga komoditi berkenaan.

Bagaimanapun, beliau berkata, bentuk keputusan yang akan dibuat oleh kerajaan itu belum lagi ditetapkan.

"Turunnya harga getah ini adalah sesuatu yang kepada kita menjadi perkara yang penting diberi perhatian," katanya kepada pemberita selepas melawat D-Paradise Tropical Fruit World & Aboriginal Native Village dekat sini hari ini.

Perdana Menteri diminta mengulas mengenai komoditi utama negara iaitu sawit dan getah yang mengalami kejatuhan harga sejak pertengahan tahun ini berikutan kemelesetan ekonomi dunia, menyebabkan permintaannya berkurangan.

Harga Getah Standard Malaysia (SMR) 20 umpamanya susut sebanyak 62 peratus daripada RM10.51 sekilogram pada 3 Julai lepas kepada RM3.98 sekilogram pada pertengahan bulan ini manakala bulan ini, harga getah beku di peringkat ladang paling rendah iaitu RM1.39 sekilogram.

Keadaan itu menimbulkan rungutan pekebun kecil khususnya pekebun getah yang mengharapkan kerajaan melakukan sesuatu bagi membela nasib mereka yang telah terjejas teruk.

Malangnya Manusia di negara Tun sendiri menyingkirkan Tun setelah terpedaya oleh Iblis dan Syaitan yang mengheret mereka agar berfikiran politik sempit, semasa dan setempat.

salam Tun,

to Austozi,

throughout history,the Islamic nations were the most friendly and accomodating to the Jews,unlike in Europe where they were despised.

This is a classic case of MELEPASKAN ANJING TERSEPIT.

The Muslim world must unite to ward off aggressors,that is the point.The western powers have all along conducted an undercover war to undermine us,which we must fight back in a legitimate way.

As I've mentioned in an earlier post,we have to thank the internet as now slowly but surely,the white Americans in their ten of thousands are beginning to follow the footsteps of the blacks and have begun to study the Holy Quran and discover it's astonishing secrets which many have tried to dispel / cover up / keep hidden from public knowledge before.Forget the Da Vinci codes!This is the real thing.

Islam is on course to become the second largest religion in the US the next couple of years and hopefully this will lead the Americans to a more friendly and reconciliatory stance towards the muslim world.

Stranger things have happened before.This is not impossible,in fact it is happening now not only in the US but in other western countries as well.

Check it up on the World Wide Web if you want to.

Dear Tun,

Yes, Tun, I totally agree with you. "Terrorism" is going to be a part of the world scene for a very, very long time.

But my concern is, hopefully this act of terrorism will not happen in our country. So the government must always be alert at all times. If there is a slightest indication or sign that this act of terrorism is going to spark and cause havoc to our society, the government must act immediately. Prevention is better than cure. The government must apply the ISA without fear and favour and reprimand those individuals or leaders of any organizations who are inclined to stir and destabilise our country in the name of democracy and freedom for their vested interest. The government must not be seen to be weak and allow some people to capitalise the situation for their own selfish action and behaviour as if they are the champion for the people.

Don't give them any space at all if the end results could risk the security of the country.

Tangkap mereka dan sumbat dalam camp tahanan supaya mereka diasingkan dari masyarakat. Mereka adalah makhluk perosak dan bukannya pembela masyarakat.

Mengenai isu Palestin. Selagi pemimpin-pemimpin Arab di Timur Tengah lemah dan tidak bersatu, selagi itulah negara-negara Arab kena buli dengan Amerika dan negara-negara Barat. Pemimpin-pemimpin Arab tidak ada strategi untuk melawan mereka kerana mereka "DAH BODOH STUPID" !!

RM3 Million In IJN Coffers This Year

KUALA LUMPUR, Dec 26 (Bernama) -- The National Heart Institute (IJN) Foundation has collected RM3 million this year from charitable organisations, private companies and the society to help fund heart treatment for the poor.

IJN Foundation manager Alawiyah Yussof said six private companies had been making regular contributions annually while organisations and individuals contributed from time to time.

Contributors to the IJN foundation include Pfizer Malaysia, Airasia and the Tenaga Nasional Foundation.

"The contributions were not only in monetary form but also as partners in our programmes," Alawiyah told Bernama recently.

Formed in 1995, the IJN Foundation collects funds to treat poor heart patients and to fund IJN's research programmes.

She said the foundation was never short on funds when called upon to help and last year funded 85 patients at a cost of over RM2 million.

"Sometimes, we also help to buy additional equipment for patients."

IJN treats three categories of patients, namely government staff or retirees, patients who could afford to pay, and those who could not afford like farmers and fishermen.

She the foundation did not receive any complaints on lack of equipment or poor service from patients or their family members.

On the deferred plan to privatise IJN, Alawiyah said the privatisation of IJN would drive away donors.

"This is because the society regards private companies as profit-driven and wholly dependent on capital expenditure," she added.

Sime Darby Bhd was recently reported as planning to buy a 51 per cent stake in IJN Holdings Sdn Bhd, the operator of IJN.

IJN, the leading medical heart centre in the region is 99.99 per cent owned by the Ministry of Finance.

Deputy Prime Minister and Finance Minister Datuk Seri Najib Tun Razak said on Dec 19 the privatisation of IJN had been postponed pending an indepth review by the relevant ministries.

comment:

I will NOT vote for BN if Sime Darby manage to acquire IJN. I don't believe in privitization. The government is NOT transparent in privatization exercise. The rakyat always perceive that privitization do benefit them because those who manage the privitised companies instantly become multi-millionaires at

the expense of providing efficient service at reasonable costs.

Actually there's only one God the Al-Mighty. The God that full of Love. He created everything either upon our views or not. The same God to Abraham, Isaac, Jacob even Jews. So do for the Muslim all over the world. This issue actually discussed widely everywhere since you and I not even exist yet in this world.

Bible that you must refer to, not only the New Testament but also the old Testament including Barnaba (Evangile Barnabas) and Luka (Luke). Seems like that Most of the scientist in this world make Al-Quran as their reference too for their researches, I think you have to do the same thing.

Actually there are too many books and guidance that you can find anywhere, there's a book I most suggested to you is 'An Invitation To The Truth' by Harun Yahya, the most sellable book. After more than 400 books wrote by him that are sold to the world, there's no complaint as far as I concerned. I'll try to find any weakness or any wrong points; mislead information but I couldn't. May be I am not so clever as you. I'll feel pleasure if you can find for me.

Thank you.

Assalamu Alaikum Tun,

There are two points I want to mention here.

First, American in reality are not independent as they are still being colonised by Jews economically and politically. It is a shame for a country claimed itself as a world police but being run administered by a small country--Israel. It also a shame for country like US which claimed itself to be a hero in fighting human rights but at the same to be number one supporter of a world terrorist country like Israel.

My second is, the quarrel among Muslim countries, especially the Arab countries in fighting their common enemy. In Palestine itself Fatah and Hisbullah cannot sit together and unite to fight Israel. If this continued, forget about fighting Israel. The Arab countries also should be blammed. They are very rich in natural resources especially but they failed to use these significant 'weapons' to fight against Israel and its allies like America and Western countries.

So Muslims and the Muslim countries, open you eyes and brain and seriously prepare yourself with knowledge and strengthen your mind to face big challenge that are facing us.g

Salam tun,

Dah agak lama saya tak masuk ke blog tun sebab sibuk turun kempen sebelum ni. (layak bertanding Ketua Puteri UMNO Malaysia, tak banyak pencalonan dua aje, cukup cukup makan).

Cerita isu TERRORISM bukan isu baru. Isu ni sememangnya dah lama saya nak bangkitkan, tetapi satu isu yang bukan mudah utk dipertikaikan.

Dalam Islam, mengikut sejarah, Israel memang terkenal dan telah ditulis didalam Al Quran, mereka adalah golongan yang terpandai, tercantik dan jahat. Pernah saya mendengar cerita kawan semasa saya di luar negara, mereka bercerita kepada saya (kawan saya bangsa Eropah), sekiranya orang Islam berkawan baik dengan bangsa Israel, mereka memang baik tidak dinafikan, tetapi sebagai orang Islam kita boleh baik dan berkawan tapi nasihatnya kepada saya kalau seorang Islam baik bagaimana sekalipun dengan bangsa Israel kalau kerumahnya jangan sekali kali kamu datang dan tidur atau bermalam dirumahnya, dlm baik sifat mereka dengan kita, mereka boleh bunuh kita sekiranya kita bermalam dirumah mereka, dan mereka sanggup berbuat demikian.

Nasihat kawan saya itu banyak maksudnya, mereka ini bangsa Israel adalah bangsa yang licik dan susah dipercayai.

Saya masih lagi mencari sebab mengapa berlakunya perkara sanggup bom diri. Mengikut islam, kita diharamkan dari membunuh diri, saya masih mencari cari dan buat kajian sendiri. Saya ada buat tafsiran sendiri tapi tidak tahu samada relevan atau tidak.

Maka, selalu saya sedarkan diri saya, hakikatnya, saya ingin amalkan seperti dalam azan, Hayya Allal Falah,- Marilah menuju kejayaan.

Maka sebagai seorg muslim saya mahu maju kedepan dengan izin tuhan dan sekaligus membantu umat muslim yg lain tanpa mengupas sebab musabab berlakunya banyak perkara negatif yang dilemparkan kepada umat Islam, InsyaAllah.

Jews and Arab are both descendents of Abraham. They are blood brothers with the same father but

different mothers. The business of them killing each other are their own family business.

Who are we to comment and why are we be dragged into their war. There are Muslim and Christian in the world and majority of them are not descendent of Abraham. We just practise the religion originated in Jeruselam. But in seems that what happen there affect everybody.

Any wiseman out there please help to explain.

SALAM TUN,

MY SUGGESTION, MUSLIM SHOULD APPOINT AN IMAM TO LEAD WHOLE MUSLIM AROUND THE WORLD - INI BOLEH MENGURANGKAN KEKANGAN NEGARA ISLAM YANG BERBAGAI SISTEM PEMERINTAHAN DAN PERBEZAAN STATUS EKONOMI.....

SECONDLY KAEDAH MAZHAB MUNGKIN SEPATUTNYA DIHAPUSKAN ATAU MUNGKIN PATUT DIGABUNGAN MENJADI KAEDAH YANG LEBIH MUDAH.....

SALAM SEJAHTERA TO YAB TUN,

Allow me to provide answers to Surren's list of questions as follows ;

By Surren on December 26, 2008 5:58 PM
Dr.M,

What I can see is there is no UNITY between Islamic Countries.
There is OIC but I can't see the unity.
If UAE, Saudi, Iran and other Gulf countries which stand by Islam stays United, do you think that Israel can pick up the land?

BY RIGHT THE ARAB COUNTRIES SHOULD BE UNITED AGAINST THE STATE OF ISRAEL. THE LATE PRESIDENT GAMAL ABDUL NASEER OF EGYPT AND SADAM HUSSEIN HAD THIS VISION TO UNITE ARAB COUNTRIES AGAINST THE ZIONIST. BUT ACCORDING TO THE ARTICLE WRITTEN BEFORE, GAMAL ABDUL NASEER WAS INDIRECTLY ASSINATED BY THE ISREAL AGENTS AND SADAM MET HIS FATE AT THE GALLOW INSTRUMENTED BY THE THE INVADER FORCES AND THE IRAQI GOVERNMENT. THE LAST THING THAT THE ZIONISTS WANTED TO SEE IS THE EMERGENCE OF AN ARAB LEADER WHOSE VISION IS TO UNITE AND MOBILISES THE MUSLIM FORCES AND RECAPTURE JERUSALEM FROM ISRAEL. ISRAEL AND UNCLE SAM & JACK WOULD PREFER TO SEE THE ARAB COUNTRIES REMAIN DIVIDED THROUGH THEIR MODUS OPERANDI OF 'DIVIDE & CONQUER' POLICY.

But whenever there is an attack against Palestine, none of the Islamic countries sending Army troops to fight against Israel.
Even Malaysia not sending their Army (Tentera Pengaman). Why?

THE ARAB COUNTRIES CAN TRY TO SEND FORCES TO FIGHT BUT THEY WILL BE OVERWHELMED BY THE ISRAEL MILITARY FORCES EQUIPPED WITH STATE-OF-THE ART WEAPONS SUPPLIED BY THE USA. GUESS WHAT ? INSTEAD OF LIBERATING PALESTINE, THEY WOULD LOSE MORE OF THEIR TERRITORIES OUTRIGHT. JUST LOOK AT THE GOLAN HEIGHT WHICH WAS ANNEXED BY ISREAL THAT BY RIGHT BELONGS TO SYRIA. IT TOOK PRESIDENT SADAT OF EGYPT TO RECOGNIZE ISREAL IN ORDER TO GET BACK SINAI.
THE LATE PRESIDENT SADAT WAS RIGHT WHEN HE SAID, ' TO WAGE WAR AGAINST ISRAEL WAS INDIRECTLY TO DECLARE WAR ON THE USA'. MOST OF THE GULF COUNTRIES LIKE UAE & SAUDI ARE AMERICAN ALLIES AND WOULD NOT DARE TO ATTACK ISREAL BUT INSTEAD

WOULD WILLINGLY ASSIST THE US
MILITARY LOGISTICALLY.

When I give the same comment to my friend, "Whenever there is terrorist attack it's reflect Islamic teaching"

SURREN , IF HAVE READ ABOUT ISLAM, THE RELIGION FORBIDS ITS FOLLOWERS FROM KILLING THE INNOCENT PEOPLE (civilians). ISLAM PROPAGATES THAT WE COULD WAGE WAR IN FORM OF DEFENSE WHEN OUR COUNTRIES ARE BEING ATTACKED BY THE INVADERS, OFFICIALLY KNOWN AS JIHAD (THE HOLY WAR).

AGAIN I HAVE TO AGREE WITH TUN, WHEN THE ISRAEL FORCES KEEP ON KILLING PALESTINIAN CIVILIANS, THEY WILL DEFINITELY CREATE THE 'SUICIDE BOMBERS' WHO VOW TO AVENGE FOR THE LOSS OF THEIR LOVED ONES.SURREN , TRY TO PUT YOURSELF INTO A PALESTINIAN MAN , WHO IS GREATLY AGRIEVED OVER THE LOSS OF THEIR CHILDREN AND FAMILY MEMBERS KILLED BY THE ISRAEL' S MISSILES SUPPLIED BY THE USA..

THEN PUT YOURSELF AGAIN INTO A PATTANI THAI MALAY MAN WHOSE RELATIVES WERE KILLED BY THE THAI ARMY FEW YEARS AGO.

WHAT WOULD YOU DO ?, SURREN, JUST SIT STILL & DO NOTHING ?

ANOTHER QUESTION FOR YOU TO PONDER. WHY AN IRISH MAN SIGN UP FOR THE IRA ? EITHER TO FIGHT FOR THE FORMATION OF THE REAL IRISH REPUBLIC AND TO TAKE REVENGE AGAIST THE BRITISH FORCES WHO KILLED THEIR RELATIVES & FRIENDS BEFORE ?

MY POINT IS THAT EVERY RELIGION, ISLAM & CHRISTIAN FOR EXAMPLE FORBID THE KILLING OF THE CIVILIANS. NOT TO SAY THESE 'UNFORTUNATE' PEOPLE ARE NOT AWARE OF THE RELIGIONS' RULES BUT THEY HAVE BEEN FUELED WITH GREAT ANGER AND HATRED TO TAKE REVENGE FOR THE LOSS OF THEIR LOVED ONES. 'AN EYE FOR AN EYE,A TOOTH FOR A TOOTH'.AGAINST I HAVE TO REFUTE YOUR STATEMENT -"Whenever there is terrorist attack it's reflect Islamic teaching".

TERRORISTS DO NOT REPRESENT ISLAMIC TEACHING. THEY REPRESENT THEIR PEOPLE WHO ARE BEING OPPRESSED AND MURDERED OUTYRIGHT DAY BY DAY.THEY HOPE TO GET THEIR MESSAGE RIGHT TO THE VICTIMS OF THE SUICIDE BOMBING FAMILIES TO FEEL THE PAIN THEY HAVE BEEN CARRYING ALL THESE WHILE.

MY friend asked me "Why wanna take terrorist as an example, why don't take Prophet as an example?" I told him "Unfortunately, Prophet never making the headlines on news. Those who are making the headlines are terrorist"

He couldn't get to answer more. But my point is not to hurt him or humilate Prophet.

The point is currently those who are making headlines with the name os Islam are terrorist. So rather than blamming West, East, North, South, Prophet and etc.

THE TERRORISTS DO NOT REPRESENT ISLAM. THEY REPRESENT FAMILY MEMBERS, RELATIVES & FRIENDS WHO WERE BRUTALLY ASSINATED BY THE ISREALIS FORCES.CAN U RECALL THE ILL-FATED TRAGEDY AT THE SHABRA & SHATILLA REFUGEESE CAMP WAYBACK IN 1982 ? THE PALESTINIANS REFUGEES WERE BRUTALLY MASSACRED BY THE PHALANGIST ARMY. WELL , IF I WERE THE KID AT THAT TIME WHO LOST RELATIVES AND FRIENDS, WOULD BE GOOD ENOUGH FOR ME TO ENLIST FOR 'AL -AQSA BRIGADE' & TAKE REVENGE AGAINST THOSE WHO WERE RESPONSIBLE FOR MASS HOMICIDE ACT.THE SAME THING IS HAPPENING IN SOUTHERN TAHILAND WHERE THE BOMBING TEND TO OCCUR UNABATED .

Why can't Islamic nation stand United and fight against extreamist?

MALAYSIA FOR EXAMPLE HAS BEEN FIGHTING THE EXTREMISTS WITHIN OUR COUNTRY WITH THE ARREST & DETENTION OF THE 'AL-MAUNAH GROUP' & INDONSIA HAS RECENTLY PUNISHED THE BALI BOMBERS OUTRIGHT.

THE TRUTH IS YOU COULD TRY TO EDUCATE AND PROPOGATE THE MESSAGE TO THE

EXTREMISTS FROM KILLING INNOCENT PEOPLE.
BUT YOU CAN'T STOP THESE PEOPLE WHOSE MIND WERE MADE UP TO TAKE REVENGE FOR
THE LOSS OF THEIR LOVED ONES AND ALSO TO LIBERATE THEIR OCCUPIED LANDS.

I think there is no point blaming others when there is no Unity between Islamic Nation and there is no proper rules or standard to clear the name of Islam.
I PREFER TO PUT THE BLAME TO STATE OF ISRAEL, UNCLE SAM, JACK, HARRY ECT FOR
OPPRESSING PALESTINIANS & MUSLIMS ALL OVER THE WORLD.
THERE WAS NO 'SUICIDE BOMBING' SHORTLY AFTER THE SECOND WORLD WAR & TO THE ERA
OF 1950S TO THE LATE 1980S.
SUICIDE BOMBING ONLY GAIN PROMINENCE FROM 1980S TO THE CURRENT ERA,
AS LONG AS THE PALESTINIAN ISSUE & JERUSALEM REMAIN UNSOLVED, SUICIDE BOMBING
WILL BE THE ORDER OF THE DAY.

AGAIN I HAVE TO AGREE WITH YAB TUN FAMOUS STATEMENT - WE HAVE TO FIND OUT THE
ROOT CAUSES OF THIS SUICIDE BOMBING. WHY THEY ARE WILLING TO BLOW THEMSELVES
VOLUNTARILY ? THEY JUST WANT TO GET THEIR MESSAGE ACROSS.....

At the time of Memali infamous incident, Tun was away in overseas.
You should direct this question to the then DPM & Home Affair Minister Dato/Tan sri Musa Hitam who was the care-taker PM at that time. . after the incident, the post of the Home Affair Minister never fail to be associated with the P.M.

Salam Ybg Tun,

By I Love Jews;

The arabs (and also Muslims)dont accept of whatever's inside your bibles. Muslims beleave that all peoples in whatever races in this world are equals except to those who are goodfaith to Allah.

The Talmud (Jews holy book) says that other than Jews, all people are not equal to the Jews. Their status are lower than a sick dog. This includes the Christians, Muslims and etc.

all sides. But then again who would want to take the 1st initiative?
By S..Tan on December 29, 2008 12:25 AM

Dear Tun, salam mesra moga sihat sejahtera. Minta izin...

Cuba yg ini, yg lagi satu kena sekat itu 'under repair'.

.....KEKEJAMAN ISRAEL

Israel tidak diragui memang bersalah besar dalam semua perbuatan keji ini:-

- Angkuh, degil, mustahil bertolak ansur krn dimanja oleh US, British. Defying UN.
- Kejam menangkap, mengurung musuh dgn 'undang undang' sendiri. Security smokescreen.
- Melampau dan terlalu ganas bila bertindak balas. Disproportionate response.
- Cenderung guna kekerasan menghadapi orang awam. Excessive use of force.
- Media barat berat sebelah pada kesengsaraan mrk. Biased press.
- Lakunan kononnya mangsa 'racist' anti Semitic. Holocaust horror.
- Rejim penganjur keganasan menggerun dan mengeri musuh. State terrorism.

Walau apa pun alasan mulia murni diucap Israel bila bertindak, kesudahannya tetap rakyat Palestin yg lebih menanggung derita, sengsara. Ini tidak boleh diterima.

.....CERMIN DIRI

Pada yg mengutuk Israel, syabas keprihatinan kamu. Pada segelintir (bukan semua) yg nak mengata, ingat jgn-jgn kamu pun sama sama hitam.

Umno dan penyokongnya tak jauh (renjis pun akan terkena) dari kesalahan atas. Bandingannya:-

- Angkuh, degil, mustahil bertolak ansur krn dimanja kuasa majoriti, kuasa krjn, kuasa istimewa. Defy 50% pengundi pembangkang
- Kejam menangkap, mengurung musuh dgn ISA dan hakim tambatan. Pliant (by now compliant) judiciary. Orang duduk dirumah mengancam keselamatan? Orang berarak, merempuh diberi permit.
- Melampau dan ganas bila bertindak balas. Disproportionate response. Orang bersuara secara aman, dilawan berarak ramai ramai dgn sepanduk mengugut, merempuh. Orang pertikai hujah dia dgn guna akal, dia kumpul ramai ramai keluar ancaman, tindak liar, koyak gambar.
- Cenderung guna kekerasan menghadapi orang awam. Salah guna kuasa polis menangkap menghalau orang berkumpul. Dikejar sampai dapat. Polis mcm ini tak diguna untuk lawan jenayah. Polis yg kuat tercengang disuruh lawan jenayah. Tapi ada pula orang lain berarak boleh.
- Media arus perdana (milik Umno) berat sebelah. Controlled press. Tulisan Tun paling jelas mengecam 'spin' mrk.
- Lakunan kononnya mangsa 'racist' anti Melayu. 'Hamba' horror. Tukang momok menyebarkan karut, kaum majoriti dlm Parlimen, pemegang kerajaan, polis, tentera, kehakiman dan Raja Raja boleh di aniaya minoriti.

- Rejim penganjur keganasan. Political terrorism. Musuh politik dibiarkan hadapi ancaman rempuh, hamun, bunuh, bakar.

.....TREATING SYMPTOMS NOT THE DISEASE

Memang tepat tuduhan tindak balas barat melawan keganasan cuma sapu daun tak potong dahan.
Hanya sibuk menadah air melimpah tidak menyekat air.

Palestinians need to stop displaying symptoms of their frustration since it gets them nowhere. Try being a 'friend' Israel hate to love, instead of the enemy they love to hate.

Dear Tun Dr M,

I would like to congratulate Kokabala on December 28, 2008 7:33 PM for being practical and make us all remember that religion is a membership where we should note what really matters and what doesn't.

I would like to suggest that the subject history should be taken off from our educational system. Of course, it benefits us to know our roots, progress and it makes us to back at what we should have done and what should not.

However, on the negative note, history instills hatred, feeling of vengeance, feeling of betrayed, suspicion, non cooperation and so on.

Worse still, some have changed the facts of history according to their wishes and whims from time to time. This adulteration of history makes many of us have wrong and improper information. This would eventually force us to have wrong facts and impression on others and on ourselves.

Lastly I think it is better for us to think individualistic. This would reduce, if not eradicate, unnecessary indulgence on our part.

By ynwa1976 on December 29, 2008 1:26 AM

chedet, fellow bloggers and commenters,

prejudice is inherent in all human beings. even between married couples. even between family members. so it is not hard to imagine people of different races having prejudice among them, what more between two races that have been at war for the last 40-50 years.

it is easy for us Malaysians sitting on the desktop to think about a solution for them, that is to share the land equally as they have been doing in ancient times during prophet Muhammad's time, perhaps even before that. but how certain are we that they haven't thought about this before? and how can we have equal sharing when one party clearly thinks that they are above the other, the chosen one among all races?

well, see, as I am writing this, I already have prejudice against other races. Point proven.

can we really be clear of all bad things in our heart, and strive to make world a better place for all of us? we can't... we all have needs and these needs at times create conflict with others' needs. i feel so pessimistic about this, can't help it. Not even chedet can do anything about this, not that he hasn't tried. at least he has made clear to the western world a great many times, unlike other leaders who seem to think only of his or her direct needs (relatives, constituencies, party etc)

just my 2 sen.

Mungkin generasi sebelum ini dan sekarang belum cukup matang dan layak untuk menyelesaikan konflik ini kerana sejarah telah membuktikan pada mulanya Palestine dikuasai oleh Yahudi selama 1,000 tahun, kemudian oleh Keristian selama 1,000 tahun dan kemudiannya Islam selama 1,000 tahun dan pada tahun 1948 giliran Yahudi pula akan memerintah selama 1,000 tahun lagi dan akan dikuasai Keristian pula pada tahun 2948 hinggalah pada tahun 3948 barulah Islam dapat menguasainya semula..Bagi pejuang-pejuang Islam Allah tak tanya samada kamu berjaya atau tidak tetapi Allah tanya apa yang telah kamu usahakan.

IZINKAN,

TERRORISM

...

11. Not only were they defeated but Israel grabbed more Arab land. At each attempt to regain Palestinian land, Israel together with America and Britain seized more Arab land.

WE HAVE TO ACCEPT THAT THE ARAB AND MUSLIM WORLD WILL ALWAYS BE THE 'WEAPONS DEPLOYMENT ZONES' FOR THE MILITARY MIGHT OF THE USA AND ITS ALLIES AND THE ONLY WAY TO BEAT THEM AT THEIR 'GAMES' IS THAT THE MUSLIMS MUST MOVE TOWARDS DEVELOPING THEIR OWN 'FIREPOWERS' TO MATCH THESE 'LEGALISED' TERRORISTS OF THE WORLD.

THE UN HAS AND WILL ALWAYS BE THEIR 'LICENCE' TO KILL MILLIONS OF INNOCENT/CIVILIANS IN THE NAME OF LIBERTY AND DEMOCRACY.

AND THE DIVINE RELIGION OF ISLAM IS BEING UNGROSSLY DEPICTED AND LINKED TO ANY ACT OF TERROR BY A PALESTINIAN AND/OR ARAB NATIONALIST WHO COULD BE A NON-MUSLIM FIGHTING FOR THEIR RIGHTS TO RETURN AND/OR LIBERATE THEIR HOMELAND FROM THE 'INVADERS' AND WITH 1001 REASONS FOR RESORTING TO SUCH ACTS OF 'BLOWING-UP' THEMSELVES.

AS THE HUMAN POPULATION GET CLOSER TO DOOMSDAY, BE IT FROM THE NORTH, SOUTH, EAST AND WEST OF THIS 'CONDEMNED' PLANET, ONLY ONE 'LICENCE' WILL THEN BE RECOGNISED IN OUR ETERNAL JOURNEY TOWARDS THE 'PROMISED' LAND (HEAVEN) AND THAT IS 'ISLAM' AS MENTIONED IN THE HOLY AL-QURAN. PERIOD.

THE MUSLIMS AND THE RELIGION ISLAM WILL PREVAIL IN THE LAST YEARS BEFORE 'DOOMSDAY' AND NO SUPERPOWERS ON THIS EARTH CAN STOP IT FROM TAKING PLACE!

Salam Tun,

As we are highlighting about terrorism, Israel Government Sponsored Terrorism, is now taking place in Gaza. They are killing the Hamas, and almost every citizen be they young or old using their fighter planes and other killing machines to annihilate both living things and the basic infrastructure that the people of Gasas are relying on.

Now allow me to quote from Kassim Ahmad's Letter to the Editor, the Sun dated Fri, March 31, 2006 - Muslims Must Undertake Reforms -

"History is repeating itself..."The Clash of Civilisation" of Samuel Huntington is, unfortunately, happening. The deviating, secularized (Judeo-Christian) West and equally deviating, corrupted, ulama-created Islam are already confronting each other. Out of this confrontation, the two world-deviationist systems will collapse, and a new civilization, based on truth and justice, will surely arise, precisely as the Quran predicts."

"This is the Straight Path that we are looking for; neither capitalism, nor communism, neither materialism, nor ascetism."

Salam hijrah buat Tun sekeluarga dan bloggers semua,

Kita tahu akan sejarah palestine sehingga kini masih di belenggu kisah/episod duka yang mana tida kesudahan.

Mari kita ambil iktibar akan kisah/episod duka ini untuk direnung bersama.pada asasnya negara - negara arab jika bersatu,insyallah kekuatan umat islam menjadi lebih mantap lagi utuh.

Namun,musuh islam mencari punca kekuatan itu agar menjadi lemah!.

Ramai antara kita yang menjadi pejuang dalam kehidupan tapi kita sering lemah dan tewas dalam perjuangan,kenapa?mungkin alasan kehidupan harus diteruskan?jika ini menjadi alasan pejuang kemerdekaan telah berkorban demi masa depan,siapa kita?

Mereka yang ingin bergelar pejuang harus mampu menempoh pancaroba ini yang mana kekuatan fizikal bukan lagi ukuran tapi kekuatan minda dan kekuatan iman kini menjadi ukuran.Sepertimana kita lihat kisah/episod duka palestine ini.semoga 2009 kita menjadi lebih baik malah islam harus dan semestinya mempunyai 'VALUE ADD' dalam diri kita semua bak kata jenama terkenal sukan moto mereka

Salam tun and readers,

It is so funny to see the readers who live in peace and harmony and perceive themselves as a brilliant and civilized human being, without empathy, commenting and blaming Islamic country for not being united as the cause of terror.

Just imagine ourselves as a Palestinian and being attacked and bombed while we are at home with our family. Our children and wife die in front of us, that is if we are lucky or unlucky enough to be alive. Does it make any sense? Nonsense and irrational action will result in nonsense and irrational reaction.

Of course, unity among Islamic country will make them stronger, but, that wil not solve the issue of terrorism as US is facing. I WOULD AGREE WITH TUN STATEMENT FEW YEARS BACK TO CRIMINALISE THE WAR AND PEOPLE WHO START THE WAR.

Id like to response to a reader who mentioned terrorist is not happening among Buddhist, Hindus and Taoist. Who said so? Most of the triad and ah long is buddhist, I remember Hindus who demolished a mosque and killing Muslim in India and many more. Isnt this a terrorism? what is your definition of terrorism?

However, I do agree that muslim country should be united, but not to solve an issue of terrorism. It is to enable us to protect our member from being terrorised in a more concrete manner. Easier said than done huh.

By bluesgang77 on December 29, 2008 3:29 PM

Dear Tun,

Lets face the facts, the western got the brains to stop all these nonsense. They knew the root causes and they certainly can resolve this issue with the muslims. But as usual they pretend that they did not know and misdirect with something else. We take for an example 2 main groups that cause problems in the world.

A. The Muslim terrorists and The Drug Cartels.

1. The reason that Muslim terrorists act was to get back their lands, the drug cartels just want to make more money. Eventhough the methodology of killing innocent/civilians is extremely prohibited by Islam but the reason which directly involves the root cause.
2. Most muslim terrorists are not rich and most of them living in caves. Most of Druglords live in mansions and as per wikipedia Pablo Escobar was once the 7th richest man in the world and Osama didnt even make the top 10 list of rich guys.
3. Damage have been done by muslim terrorists can be considered massive with substantial civilian losses and properties but when we compare with drug cartels, they even worse, they killed judges, policemen, civilians for control, their products destroy youths in watever country, religion and color which is in the millions, the cost for rehab for the addicts is far more costly then these muslim terrorists have done. But strange Iraq got invaded and these cartels crops still flourish, no soldiers invading?
4. The terrorists depends on hatred and fanaticism to fuel their course but drug cartels depends on money. But strangely the effort to spoof the cartels money in the banks still questionable.
5. Drug cartels network is everywhere even in government institutions everywhere in the world. Excerpt from wikipedia from one of the cartels, "we dont kill judges, we buy them".

So, lets face it, the key word is money. If these muslims terrorists can pay more money to their western enemies, they dont need to blow themselves up just like the cartels. The western to me is the most corrupted nations ever, their corruption index are low cause their got methods to make it clean and dont get caught so it seems the index looks low. So there..the double standards, if we muslim got alot of money, dont think western going to do these horrible things to the muslims they even wanted to be buddies. So for all the muslims out there, stop the killing and hating, lets work together and make the muslim countries more prosperous.

Note: So Sad majority of Dubai lucrative contracts goes to the western ...sigh.
By hisham76 on December 29, 2008 5:25 PM

DEAR TUN,
I TEND TO AGREE WITH YOU THAT TERRORISM WILL BE WITH US FOR A LONG TIME. IT IS AS LONG AS THE THIRD WORLD, ESPECIALLY THE MUSLIM WORLD REMAIN BULLIED BY THE WEST. IT WILL ONLY STOPPED WHEN THESE COUNTRIES ACQUIRED THEIR OWN NUCLEAR WEAPON THEN THE WEST WILL STOP HARASSING THEM. A GOOD EXAMPLE IS THE VIETNAM WAR WHERE THE AMERICANS DID NOT DARE TO DO ANYTHING TO RUSSIA AND CHINA FOR SUPPLYING WEAPONS TO THE VIETNAMESE DURING THE ONGOING WAR. ANOTHER GOOD EXAMPLE IS THE BAY OF PIGS INCIDENT. WHERE THE MIGHTY USA DID NOT DARE TO RETALIATE TO THE CUBAN WHO SHOT DOWN THEIR SPY PLANE WHEN AT THAT TIME CUBA IS LITERALLY AN UNDEVELOPED COUNTRY. THE REASON IS THESE COUNTRIES HAVE THE 'BOMB' (IN CUBA'S CASE SUPPLIED BY THE RUSSIAN) WHILE IRAQ DONT, SYRIA DONT AND ALL THE OTHER ARAB COUNTRIES DONT. THEY WILL ATTACK IRAN THOUGH IF THEY ARE 100% SURE THAT IRAN DO NOT HAVE THE BOMBS. AS FOR THE JEWS... I AM OF THE OPINION THAT ISRAEL IS A PEACE LOVING NATION (I MEAN PIECE) . THAT'S WHY THEY HAVE A PIECE OF SYRIA, A PIECE OF JORDAN, A PIECE OF LEBANON AND A CHUNK OF PALESTINE. ANOTHER THING IS THAT DID'NT THE BIBLE SAYS "AND MOSES LED THE CHILDREN OF ISRAEL OUT OF EGYPT TO PALESTINE TO FLED THE PHARAOHS" SO AM I WRONG TO ASSUME THAT ISRAEL IS A VILLAGE IN EGYPT??...ANYWAY HAPPY NEW YEAR TUN AND MAY YOU BE IN THE BEST OF HEALTH ALWAYS.

Kashmir fighters - separatist fighter
Moro fighters - separatist fighter
Tamil Elam fighters - separatist fighter
Taliban - mujaheddin fighter
IRA fighters - freedom fighter
Southern Thai fighters - separatist fighter

There's a saying that if the jews and moslem have peace than it will be the sign of the end of the world. If there is peace in Palestine than the Arabs have no common enemy and they will wage war against each other. Just look at Hamas and PLO, PLO vs PFLP, Iraq vs Iran, Iraq vs Kuwait, Syria vs Lebanon, Iraq vs Syria, Egypt vs Libya and so on and so forth. The Arabs and Israelis are from the same genes and are a warring faction by nature. I agree the situation in the middle east will not be easy to solve in fact till the end of time it will never be settled unless a greater power intervenes!

.....SIMILARITIES?

There is no intention to trivialise the suffering of Palestinians by the comparison below. They are victims of blatant aggression and grave injustice but unfortunately the world could only watch with sympathy. Comparison below to highlight the 'complexity' of the solution via M'sian scenario.

There is a strong hint of similarity from Tun's observation of the Middle East conflict to M'sian political scenario.

Israel

Each Arab attempt to regain Palestinian land, more Arab lands seized.

M'sia

Each attempt by other races to get fairness, more rights will be seized e.g. citizenship, right of stay, reducing share.

Israel

Creation of a new non-existent State.

M'sia

Creation of a new non-existent wealthy group from one race. Undeserving, unqualified Umno-puteras and cronies are being enriched but not enabled.

Israel

Creating Jewish settlements in Palestinian areas but not otherwise.

M'sia

Promoting Malay enclaves in urban areas (via housing policies) but not 'promoting' such mixture in rural settings or Malay cities Shah Alam, Putrajaya. (There is nothing wrong in encouraging Malay migration to cities but why unilateral)

Israel

Fail to side their cause will result in losing elections. Even sympathy with Palestinian plight is disastrous for election.

M'sia

Fail to display ultra Malay stripes cannot win Umno elections. Sympathise with minorities and you are traitor.

My Dearest Tun;

I am sure one day a legit super human will raise for the people of Palestine. We here in malaysia have too much to lose if we fight the satan of US, UK and Israel. I would not hasitate to fight if we are not in peace, with this I sincerely hope the gay boy of malaysian politics is not successful in misleading 'his' homo preaches of wrong doings by the govt. 1.Written in Al-Quran,that the confrontations between Islam and Jews/Nasrani in Palestine continued until End of Days

2.Jews are the smartest but abuse their brain to dominate and manipulate others,especially Arabs

3.There's no such thing as Promised Land.Jews were chase there from Arab land,and as usual they betray their host

4.Allah also promise there will never be a country for Jews

5.Israel knows this very well

6.That's why American help to arm them to the teeth

7.The time will come when Allah put you where you belong

8.Mean while do your best to protect your ass!

Alliance are made through necessity for survival. Israel is shrewd enough to alliance itself with the strongest nation in the world to combat their nemesis. Jews and Moslems have a profound distrust of each other and will continue to do so till the end of time.

The Arab nations did tried to alliance itself with the Soviets during the cold war era but were soundly beaten back.

Why are the Jews smarter than the Arab Moslems you ask yourself? Are they God chosen people to be smarter than the rest? No, it is because they are rational and are able to out think most people through intelligence, negotiation and alliance.

Lets face it, the Moslem nations are just too divided and distrustful of each other to be united and will continued to be outsmarted by Israel.

Life is too short and rich Arab nations can do more by absorbing and helping more of their Palestinian brothers instead of condemning Israel everytime there is death in the holy land. Instead you have the Egyptians,Jordanians, Syrians, Kuwaitis and Saudis all treating the Palestinians refugees as slaves in their country. As long as there is a holy land in the Middle East, there will continue to be hell on earth on this small piece of covered land dictated by religion.

Dearest Tun,

I went to Syria quite recently. Was very surprised that the country is quite peaceful as compared to what has been portrayed by the western media. No tanks no sign of soldiers patrolling the city streets...etc etc, and the people are very peaceful.

My point is part of the world problem nowadays is also contributed by not well-meaning reports from the media especially western media on Muslim world. Our local media seems to be lead by the nose also as their sources on the world news are from these people.

I do not have any solution to this, but I hope that you can give some thought to this. The real danger in the world today is actually the obvious Fitnahs made by these western media.

Warmest regards to you and your family. Wassalam.

Salam Tun,

Komen Tun itu adalah benar. Amerika dan negeri-negeri Kafirun telah mengelabui mata kita semua dgn propaganda mereka yg mengatakan demokrasi mereka adalah jalan yg benar. Raja-raja Arab dan pemerintah mereka semua pentingkan duniawi lebih dari ukhrawi tak seperti zaman Nabi kita dulu. Mereka bersatu padu menyingkirkan Orang Kafir dari bumi Islam... Sekarang Amerika telah memberi Kerajaan Arab US\$ dollars & military wares to be her friends and allies at the expense of the other Arab brothers yg menderita dan terbunuh.... Kejam sungguh....mereka itu...

9. Yet if we pause to think we cannot help but notice that these acts began with the forceful seizure of the land of the Palestinian Arabs in order to create the formerly non-existent state of Israel; the expulsion of the Arab Palestinians from their homes and their country, the killings of the Arabs by Zionist terrorists, and the incarceration of the Arab Palestinians in makeshift refugee camps for the last 60 years or so.

10. This is the basic and original cause of the acts of terror. Initially the neighbouring Arab countries tried to regain Palestinian land through conventional war. But Israel with the help of America and Britain defeated the forces of Syria, Jordan and Egypt.

This will never be reasonable to support suicide bombing when committing suicide is not wise, moreover catching the others off guard with a disguised innocent civilian is not fair if they prevent on any wrong-killing of innocence.

By Mohd Peter on December 30, 2008 11:21 AM

Salam Dr Mahathir,
Thank you for clarifying the issues on Terrorism
There is another dimension to this evil which deserves attention

Dr M makes the observation:-

5. The analysts and writers have attributed such acts as being due to the teachings of the Prophet of Islam, as the tendencies of Muslims to be violent, as the expressions of the clash of civilisation, as the jealousies against people who are better off themselves. They blame the extremism of the Wahabi sect of Islam and the hatred of leaders of the sect such as Osama bin Laden

And concludes

20. "Terrorism" is going to be a part of the world scene for a very, very long time.

Deviant Islamic sects such as Wahabi and Muslim Brotherhood are undeniably involved in many acts of terrorism worldwide including 9-11 and Mumbai. However, the elephant in the room that nearly everyone

is missing is the extremely active role that the British Empire has been playing ever since the 18th century till today as 'The Anglo-Dutch-Saudi Empire' which runs terrorism worldwide out of the British Foreign Office headquarters in London.

Historically the British Foreign Office arms and funds both sides in a local conflict in an evil 'divide and conquer' Great Game that they play repeatedly all over the globe to serve their lust for world Empire. The term Londonistan is being increasingly used to protest against the safe custody the British Labour Government is giving to so many convicted "Islamic" terrorists and their refusal to extradite the terrorists to the victim countries to face trial for their mass murderous crimes.

EIR correspondent Hussein Askary in the 26 Dec issue of the LaRouche Movement's Executive Intelligence Review (Washington) makes these points in a very informative historical article of interest to all Muslims titled

"Britain's Assault on the Muslim Nation-States and the World"

The by-line is

"The horse might have a plan, but the one riding its back has another"

--Traditional saying

Lyndon LaRouche and his movement are going after the rider rather than the horse. This is the very best and fastest solution to Dr M's concern that "Terrorism" is going to be a part of the world scene for a very, very long time."

Hi ZACHARY64,

Good point my countryman.

I agree with you. When someone attacking you, you need defence.

But my query is about, why defending alone?

If a foreigner attacking you, for sure your friend will come to protect you.

But if your friend keep quite and allow others to hurt you, what would you feel? Is that a true friend? If that called a friend, what a point having friends?

For an example, when US attack Iraq and Afghanistan. Saudi allow US army to use their bass. Why?

That's the main concern.

The Gulf countries are rich with oil. By rights they can control the oil price. But still following the so called "World Oil Price". In other word, Gulf country can determine the world economy. But....

It's about UNITY. I can't see it within OIC.

The disappointing part is how impotent the Arab leaders are. I'm sure the fuel for the fighter planes, tanks and other ancillary vehicles used in the attack come from muslim countries in the middle east. All the Arab leaders have to do is to call for a week long moratorium of all oil deliveries to all the world. Then, and only then will everyone sit up and listen. But then, it would need political will and coirage from the Arabs, and unfortunatly they are lacking in both.

So Mr teddy bear you are comparing Malaysia with Israel?Wow,its a very nice way to be grateful!

Now lets see the similarities between the Israel's Jews and Jews of The East:

- 1.Concur and control
- 2.Manipulate
- 3.Betray
- 4.Merciless
- 5.Ungrateful
- 6.Selfish
- 7.Greedy
- 8.Materialistic
- 9.Liar
- 10.Untrustworthy

There's to many instances to proof like condition in Tibet,communist,kongsi gelap,ah long,china town,kiasu,J.E,melamine,bird flu,etc

Well,at least the real Jews trying to control only Palestine,while Jews of The East taking it to after life..effigies for the dead

Mengapa seseorang Yahudi dibolehkan menyimpan janggut untuk mengamalkan kepercayaannya...
...tetapi bila seorang Muslim berbuat demikian, dia dianggap ekstrim dan pengganas?

Mengapa seseorang rahib boleh meliputi keseluruhan tubuhnya kerana memperhambakan diri kepada Tuhannya...

...tetapi bila seseorang Muslimah melakukan begitu, dia ditekan?

Mengapa bila wanita barat menjadi surirumah, dia dihormati kerana dikatakan berkorban untuk keluarganya...

.....tetapi bila wanita Islam berbuat begitu, mereka kata, "dia mesti dibebaskan!"

Mengapa mana-mana gadis boleh ke universiti dengan berpakaian mengikut kesukaannya kerana punyai hak dan kebebasan...

...tetapi bila seseorang wanita Muslim memakai hijab, dia tidak boleh menjejakkan kakinya ke universiti?

Mengapa bila seseorang kanak-kanak meminati sesuatu bidang, dia dikatakan punyai bakat...

...tetapi bila seseorang kanak-kanak meminati Islam, dia dikatakan tak berguna?

Mengapa bila seseorang Kristian atau Yahudi membunuh, agamanya tidak dikaitkan... tetapi baru sahaja seseorang Muslim didakwa melakukan jenayah, nama Islam turut diadili!

Mengapa bila seseorang berkorban diri untuk melihat orang lain hidup, dia amat disanjung...

...tetapi bila seseorang warga Palestin melakukannya untuk menyelamatkan diri, keluarga, rumahtangga dan masjidnya, dia dikenali sebagai seorang pengganas?

Mengapa bila seseorang memandu kereta mewah dengan cara bahaya, keretanya tidak pernah dipertikaikan...

...tetapi bila seseorang Muslim melakukan kesalahan, orang kata ia adalah kerana agama Islamnya!

Mengapa kita terlalu percaya kepada akhbar...

...tetapi selalu persoalkan apa yang terkandung di dalam Al-Quranul Karim?

It shows, How Great The Religion of Islam is. The most powerful of people are just fearful of Islam, the Religion.....

.....SIMILARITIES?

There is no intention to trivialise the suffering of Palestinians by the comparison below. They are victims of blatant aggression and grave injustice but unfortunately the world could only watch with sympathy. Comparison below to highlight the 'complexity' of the solution via M'sian scenario.

There is a strong hint of similarity from Tun's observation of the Middle East conflict to M'sian political scenario.

Israel

Each Arab attempt to regain Palestinian land, more Arab lands seized.

M'sia

Each attempt by other races to get fairness, more rights will be seized e.g. citizenship, right of stay, reducing share.

Israel

Creation of a new non-existent State.

M'sia

Creation of a new non existent wealthy group from one race. Undeserving, unqualified Umnoputeras and cronies are being enriched but not enabled.

Israel

Creating Jewish settlements in Palestinian areas but not otherwise.

M'sia

Promoting Malay enclaves in urban areas (via housing policies) but not 'promoting' such mixture in rural settings or Malay cities Shah Alam, Putrajaya. (There is nothing wrong in encouraging Malay migration to cities but why unilateral)

Israel

Fail to side their cause will result in losing elections. Even sympathy with Palestinian plight is disastrous for election.

M'sia

Fail to display ultra Malay stripes cannot win Umno elections. Sympathise with minorities and you are traitor.

Israel

Muslims are anti Jews and all actions are against Jews.

M'sia

Other races are anti Malay and all demands are greedy and jealous of the success of Malays. 16mil successful Malays who bring wealth to 10mil minority will be kissed not cursed, like how 60mil Koreans are no longer poor.

Israel

State terrorism used to quell Palestinian dissent and disobedience via the power of Mossad

M'sia

Political terrorism using ISA, ISO(I so order) compliant judiciary, police 'investigation' of reports, BPR 'interview' via power of the 'Executive'

Dear Tun,

Please allow me to respond to JJJ's comment (December 28, 2008 12:51 PM).

You say the Palestinian suicide bombers are a classic example of "melepaskan anjing tersepit". I agree with you. I can even empathise with them but I will not go as far as saying therefore suicide bombing is OK. And we do not need to rally the support of all Muslims against all Jews, like many readers seem to suggest with their comments. Doing so is leveraging the influence of sectarianism to defeat humanity. You seem to revel in the prospect of Islam becoming the second largest religion in the world. With due respect, I think it's quite worrying, for it shows the growing sectarianism in our world.

Religion makes it too easy to divide people by creed. It gives us different uniforms to wear in war, to differentiate between 'self' and 'enemy', when we need not be involved in any war and there need not be an enemy in the first place. Without religion, we are just humankind. With it, we are Muslims, Christians, Jews, Buddhists, Hindus. I agree with v9179 (December 28, 2008 3:34 PM) in that religion is just a membership. When a member from our religious institution wages war against another member from another religion, we pledge our support based on religious allegiance. Without religious divisions, Israel's assault on Gaza is a flaw in humanity which needs to be improved upon. With religious division, Israel's assault on Gaza is the Jews performing their evil deeds upon the Muslims and all Muslims must therefore hate and seek retaliation against all Jews. Religiosity takes away the objectivity from our judgments. If you think that fighting against Israel's assault on Gaza is a religious cause, then your judgment has been clouded by the sectarian in you.

This is the reason I previously rebuffed pakmangAuthor's (December 27, 2008 12:32 PM) "throw shoes at Americans and Europeans" comment. I now see lebaikudin (December 30, 2008 4:03 PM) has likened the Chinese to the Jews and slapped stereotypes on them. The essence of his argument is "the Chinese, like the Jews, are a lowly creature that begs despise". But what if the Chinese or Jew happens to embrace Islam? Do you then praise them because they now believe in the God your religion prescribes? How narrow-minded and bigoted must one be to impose such stereotypes upon other people according to his own prejudices? Religious beliefs help foster such prejudices. For example, lebaikudin (December 30, 2008 3:55 AM) also posted: "Allah also promise there will never be a country for Jews", therefore one must not recognise a Jewish state when one exists, wherever it happens to be, in Palestine or on the moon. It's not a matter of legitimacy anymore. It's simply "because my religion says so." The problem is, the Torah, the Jewish people's holy book, says Israel, centered around Jerusalem, is the land promised to the Jews. Both sources are purportedly godsent and indisputable. Are we now clear why the conflict started in the first place?

I do not subscribe to any religion myself. To me, all religions are archaic tales taken too seriously. I call myself a humanist and believe that human cognitive ability is the best belief system there is. The only problem is that most people do not use this ability beneficially enough (for instance, the culprits behind the melamine contamination of milk products are actually geniuses who were simply misguided in their quest for monetary wealth -- they lacked the humanist approach to life, just to answer lebaikudin's accusations). To me, I look at such incidents and think it's extremely ridiculous that humankind, having transformed the earth into a concrete jungle, invented supercomputers, the Internet, supersonic jets, discovered blackholes, measured the forces of subatomic particles, beaten smallpox, worked out algebra, the pi fraction, etc etc, is still at war with its own kind over two different verses in two different editions of the same ancient book. It is very sad indeed.

.....ISRAEL AND M'SIA

I dont mean to imply M'sia is similar to Israel. If it appears so, I apologise. I mean to compare the actions of the Umno-led Govt in dealing with issues. When I mentioned M'sia I actually refer to Umno's actions not Malaysians. Not all Malaysians agree with Umno-led govt policies.

.....LIST OF EVILS

All the 10 evils you mentioned are found in Quran, Bible and all religions in M'sia. They teach us to avoid these traits, but unfortunately all religions have such people. Nampak tak condong, serong yg sdr tulis!!!

.....LAIN LAIN YG MERAYAU

Salam Tun,

Terrorism is just a business. Take the Taliban in northern Pakistan. They're no different than any warlords in run down countries. Islam is just a front for them to deal drugs and make money. They're just bloody hypocrites.

I think Britain is not doing enough to flush out the terrorist breeding within its own soil. Whats even more difficult to understand is why these people who're living comfortably in the UK would turn against the country that has given them good life, as compared to them living like donkeys if they were in their native soil. Will someone explain that...

By anakjati on December 31, 2008 4:17 PM

Tun,

To top your reasonings for terrorism today, may I propose to you and all readers the following book:-

"Confessions of an Economic Hit Man" (ISBN 0-452-28708-1) written by John Perkins

For review, see also:-

http://en.wikipedia.org/wiki/Confessions_of_an_Economic_Hit_Man

I am reading this book now, bought at the Borders. As I read it, I am truly glad that Malaysia is not a victim of so-called new form of 'colonisation' by the Western powers, as always mentioned by Tun yourself. This book allowed me to understand why Tun has always been critical with the Western powers.

No human is perfect and no one decision will ever please all.

Tun, Thank You for doing it right for all of us in 1997.

anakjati.
