

MONEY - MORE WASTE AND LOSSES

Chedet.co.cc

July 22, 2008

By Dr. Mahathir Mohamad

The Government of Dato Seri Abdullah Badawi has lost billions of Ringgit by cancelling the bridge project to replace the causeway, postponing the double-tracking and electrification of the North-South railway and the sale of M.V. Agusta by Proton.

The Government had also wasted money - RM2 billion in Terengganu.

Thinking that he had the right to use *Wang Ehsan*, the royalty from Petronas to the State of Terengganu totalling more than five billion Ringgit over several years Dato Seri Abdullah together with Dato Seri Idris Jusoh, the former Menteri Besar of Terengganu went on a spending spree.

Without any proper study and planning, without bothering about the rules and regulations about how Government money should be allocated and used, Dato Seri Abdullah and Dato Seri Idris and their cronies spent huge sums of the "Wang Ehsan" on a theme park (Crystal Mosque), Monsoon Cup, development of Setiu etc etc. More than two billion Ringgit were poured into Terengganu.

Then in 2008, Barisan Nasional won and Abdullah happily decided to spend more of the Wang Ehsan on fancy projects.

Unfortunately the Sultan of Terengganu refused to have Idris Jusoh as Menteri Besar. It was a slap in the face fo Abdullah when he was forced to accept the Sultan's nominee as Menteri Besar.

This new Menteri Besar insisted that the royalty due to Terengganu should be paid to the State and the State should manage the fund.

This was as it should be. But the Menteri Besar insisted that what was spent before this in building the theme park, organising the Monsoon Cup etc worth about RM 2 billion was not from the royalty due to Terengganu. It was from Federal fund.

He demanded that the full amount of royalty over the years should be paid to Terengganu.

So RM2 billion of Federal funds have been expended on Terengganu, the richest State in Malaysia.

Failing this Terengganu has a court case initiated by the PAS Government which the BN State Government has not withdrawn.

The Federal Government will now have to find some RM5 billion to give to Terengganu. Where is this money going to come from? Obviously from the Federal Consolidated Fund.

Basically the Federal Government will lose RM5 billion because it had assumed that a tame Terengganu Menteri Besar would collaborate in some of the most wasteful projects for the State and the country.

I am told that a Disneyland designer was engaged to design the "Crystal Mosque" and theme park. Must cost a lot.

Some contractors made tons of money getting projects without proper processes.

Salam Ayahanda Tun,

First time in Malaysian politics, cable PM tak laku... Perlis, Terengganu. Sangat memalukan.

Kemaluan yang amat besar pada pendapat saya.

I think the present government led by Pak Lah is bringing the country to doom; and all his advisors panicking in giving advices.

They are running after time. Now Trengganu state is giving Pak lah headaches. Spending money like "the red indians got hold of rifles; shooting(spending money) like nobody's business. May ALLAH bless you and your family.

Tun,

Saya dah pergi ke Theme Park ni. Dibina oleh Patrick Lim (pakcik kepada isteri Kamarudin). Memang betul Tun pernah kata ini kerajaan Dollah Badawi.

Masa perasmian Monsoon Cup ramai tengok KJ begitu rapat dgn Patrick Lim. KJ ada kaitan apa dgn projek2 tu. Yang peliknya kenapa Taman Tamadun Islam diberi kpd Patrick Lim. Orang Islam Terengganu tak bolehkah manage sendiri. Adakah ini Islam Hadhari yang Idris Jusoh dok memekik sampai sultan pun menyampah.

Pak Lah pulak dgn bangga bazirkan duit rakyat. Masjid tu pulak tak boleh buat solat jumaat sebab tak dak kariah. Ini perancangan jenis apa.

Cuba Tun selidik sikit pasal alignment Penang Bridge II. Dengar cerita dibengkokkan ke projek Equine sebab nak bantu projek Patrick Lim.. Betul ke atau `kebetulan' yang `Pak Lah ni semuanya betul' (itu kata2 Menteri2 sekarang)

Salam Tun

Saya teramat bersetuju dengan pendapat Tun. AAB dan Idris Jusoh nampak memang meyakinkan rakyat Terengganu pada mulanya menjadi menteri besar. Beliau nampak seakan membawa Terengganu kearah pemodenan. Tetapi sebenarnya beliau adalah penghabis duit dan kekayaan negeri Terengganu dari hasil minyak. Itu sebabnya sultan telah menyedari akan hakikat ini dan tidak suka pada beliau untuk menjadi MB selepas PRU 12. AAB memang mempunyai kepentingan secara langsung dari Idris Jusoh selagi beliau menjadi MB. Tetapi malang nasib Idris Jusoh hanya setakat di situ sahaja.

P/S. Tun, kenapa BPR tak siasat AAB dan Idris Jusoh tu. Rasa-rasa???

Semoga Tun sihat selalu.

Dear Tun and Malaysians,

It was the joke of the century when the PM (Abdullah Badawi) commented on the DNA. The funny part is he got the facts wrong. When the experts collect blood samples they get the coding, it is translated into a chart which is on permanent record. This record is done once, and that's it.

It is something like profiling a blood test. If you are in the group of A+, then you are forever A+. It is unnecessary to withdraw blood to get the grouping after 10 years or 20 years. The grouping will not change.

Likewise, DNA profiling is permanent. The idea that the current government and police force need to have Anwar's blood for new DNA profiling is illogical.

This simply shows the lack of knowledge among this group of people and to paint bad picture about DSAI refusing to allow blood sample taken from him.

Why is PM getting involved when he said police are independent and that the Umno politicians are not getting involved in the investigation of the so-called sodomy case of DSAI.? Why did he say 'we'? That shows he is part of the team that accused DSAI of sodomy.

Forget about the sodomy case. Look at other important unsolved cases, like the missing Sharline, Lingam tape, Altantuya murder, missing Bala, and Datuk Johari's cases. etc.

I'm sick with this Government!

Dear TUN

Very thoughtful of you to plan viable projects. I strongly agree to your idea of the new bridge replacing the old causeway in Johor. When the old causeway is removed, water of the Tebrau Straits can circulate better. International ships and seafreight can pass through. Seafreight toll charges can be imposed to foreign ships plying the route which means another foreign income revenue for Malaysia. These sea traffic will promote, encourage and enhanced business and economic growth along the South coastline which will be good for the locals there to do business. A lot of other supporting business like food, transportation, freight forwarding, industrial estates and factories will definitely flourished. Since they are very near to the port and the new bridge. Port of Tg Pelepas will definitely becomes the world's busiest port like the PSA port of Singapore.

We can demolish and remove our side of the causeway if the other party refused to remove theirs. We should look at the new bridge to our advantages and not theirs. Should we keep on loosing to others? I don't think we are all born losers, aren't we?

Tun, hopefully you can get the new bridge project going. It is also important to our economy. If only everyone can see the future of the bridge. A lot of your projects were objected when your implement them. But now , they are enjoying it.

Salam Tun,

Memang benar apa yang terjadi di Johor Bahru dan Terengganu amat merugikan. Pembatalan projek seperti jambatan bengkok sudah semestinya amat merugikan disebabkan projek tersebut sudah berjalan dan yang amat musykilnya andai kata ia tidak boleh dibuat kenapa ia di buat "in the first place". Sudah pastinya rakyat johor memang terasa tertekan akibat pembatalan projek jambatan tersebut. Memang senang untuk di katakan tidak perlu namun pada mereka yg bermastautin di johor bahru seringkali merasa bahana kesesakan trafik yang amat teruk.

Pembinaan projek mega di Terengganu seperti masjid kristal memang dapat merancakkan industri perlancongan tapi adakah ia membazir? jikalau satu boleh lah diterima tetapi banyak dan objektif pembinaan masjid tersebut adalah untuk pameran. Adakah itu pembaziran nama nya.

Ada lebih molek seandainya duit dapat digunakan dengan sebaik-baiknya.

Salam buat Tun dan pembaca sekalian.

1. Wow..satu lagi peluru berpandu buat AAB. Tepat,berani dan ikhlas. Nasihat saya jangan melawan sebab Tun kalau bersuara pasti ada bahan bukti kat tangannya. Nasihat seterusnya berhenti sekarang atau ada benda lain yang akan diketengahkan.
2. Kepada pengkritik Tun seperti hang jebat ke, ABI ke, Tun tak ada masa nak berdebat issue yang saudara bangkitkan,issue yang saudara bangkitkan macam tin kosong,tegurlah secara ilmiah.
3. RM 2billion sebenarnya kecil Tun sebab Menteri Menteri sekarang selalu sangat sebut billion ringgit kat media cetak dan elektronik. Orang kampung pun dah pandai sebut perkataan ini. Tapi Pak Menteri wang sebanyak itu kalau dijana dengan baik banyak rakyat yang mendapat manfaatnya. Bolih ke jawap issue yang Tun M bangkitkan ini? Ada berani ke?
4. Tempuh peralihan 2 tahun untuk RM 2billion inikah? Beranikah nak menegur Kerajaan Terengganu mengenai M'benz? Tak takut ke luka lama berdarah kembali? Tapi Tun orang macam ini kalau dibongkar apa sahaja bukannya faham. Thanks Tun,

I wonder what's going on inside of AAB heads when he decided to waste such huge sum into Terengganu...

To impress the Kelantanese people maybe?

By saying that they too can emulate such success stories like Terengganu?

Tun, I want to know how much UMNO spends in KELANTAN in the 12th general election...

And the crystal mosque is really wasting money, what are they trying to convey?

Just because Kelantan and Terengganu is considered "religious" state doesn't mean it need more exquisite mosques

Plus the mosque is small and it's hard to get there

Wouldn't it be sensible if it spend on agriculture like improving the fishing facilities that Terengganu is so famous for?

I mean, our fishing export has just been ban from entering Europe because our standard did not match to their expectation

AAB, PLEASE SPEND ON SOMETHING MORE SENSIBLE

And the result of the 12th general election really shows on the lack of time that AAB spend on the three gold mine state that he lost

and now the member of UMNO in this state are struggling to keep up

look at the Penang state assembly men, their are not wearing the appropriate attire when the state rulers are there....

how disgraceful to the Malaysian culture....

Tun, I respect you in a lot of ways and most of all your glory days as the PM

I hope that a lot of people emulate you and your caliber to go on

and even through you're retired, you still think about us here...

you could just go somewhere and enjoy, not a care in the world...

but no, you stay here and give us advice still

Thanks again Tun

this won't happen if politician treat the position as responsibility trusted to them by rakyat.

Instead they think that the position is a post they acquire and they have full power to use it for thier benefit and their cronies. time has change, the old mindset that becoming politician guarantee richness for 7 generations is not applicable now.

1) Porject to collect RM20 on every foreign car entering M'sia via the causeway.. sebab nya tak tahu sapa nak kutip duit, this meeting I attend with the FMM of Malaysia few years back.

2) White card - were not in use in Nov'07, but now by 15Aug'08 have to use back

3) Implementation of Touch & Go by Jan'08 now it is drag to don't what date

4) Pasir Gudang H/way not materialize

& all this my Japanese MD says to me "typical Malaysian on the way, on the way" ..

Dear Tun,

Saya amat mengkagumi Tun sejak sekian lama. setiap hari saya tidak sabar menanti coretan baru Tun di blog ini. Saya sebenar amat berharap Tun dapat berbuat sesuatu untuk menyelamatkan UMNO dari terus menjadi bahan kutukan & dimalukan oleh 'musuh-musuh' yang ingin melihat

orang melayu lingkup & akhirnya merempat di negeri sendiri. UMNO tak salah. Mereka yang menerajuinya sekarang yang BODOH & SOMBONG.

Walaupun pada zahirnya tun kata Tun keluar UMNO , saya yakin UMNO tetap berakar umbi dihati & sanubari Tun. Walaupun saya bukan ahli politik & malas nak ambil tahu pasal politik tetapi kini saya terpaksa ambil tahu kerana ia melibatkan masa depan bangsa melayu dan saya nampak hanya UMNO sahaja dapat memperjuangkan nasib anak cucu bangsa melayu. Please Tun, majoriti Malay Malaysians still need your dynamic leadership.

Good day to you Tun,

I like to read your article as it is informative.

I am a chinese and came from a very poor family of 6 brothers and 4 sisters.I did suffer a lot because of unfair NEP in particular the education policy.

I hated you because i could not enter local university though my results were reasonably good because of education policy to help the malays.

My hate subsided after giving a good thought of how i was suffered during 1969 when i was only 11 years and kept in the house for few days due to racial riot.My father was almost killed when he went his regular round to kampong to cari makan i.e buy certain trees to make joss stick.He wounded quite bad.Anyway he just died few months ago.I really love my father for able to take care of 10 children without any help from the government.

Where is the fairness,Tun.

Now i am almost 51 years(i born during merdeka year), and i still respect Tun for developing Malaysia to such a level today where all races whether poor or rich are able to cari makan.

My point is, don't emphaise too much on malay poor, there are also many indian or chinese poors like me and my family memebers.

Everybody must work hard to succeed.If we just give without some pressure for them to do well, we shall never see the light at the end of the tunnel for these people we really want to help.

I would say all my sisters and brothers are doing okay through their hardwork.Though 2 brothers became 'coolie' at a tender age of 12

Lastly, my wish to all politicians be you a malay, chinese, indian or any other race, have a kind heart to all the poor. Help them if you really want and financially capable. Don't talk and create racial tension. Let us be fair to every one in particular the poor of all races and not a particular race. Let everybody could cari makan.

I wish Tun good health always and hope you could write something which is fair to all races.

Thank you.

Dear Y.A.Bhg Tun,

A very important lesson not only to Abdullah, but all MBs and CMs that all money to be spent must have the approval from the Parliament and State Legislative Assemblies and to be paid via The Consolidated Fund (Kumpulanwang Terkumpul) as stipulated under the Federal Constitution, Financial Procedures Act, Akta Badan Berkanun and Treasury Circulars and Treasury Circular Letters.

Also Y.A.Bhg Tun, we have to remind all those above that whether special allocation, emergency or whatever terms used must get the approval from the Parliament and if the nature of spending is emergency, after spending, the allocation for it must be approved by the Parliament (spend 1st, approval later by the Parliament)

The above is important to be adhered with at all time. Finance Minister has special provisions to spend on his discretion, but what spent must be tabled before the Parliament for approval.

Public monies are not personal money, all must be accounted for and given due approvals. The prudent of spending will be checked and subsequently. Being Finance Minister doesn't mean that the treasury of Malaysia belongs to him or to his discretion in spending.

Dearest Tun,

Wasting your precious time to voice it out lah.

Here you teach them , they said " No problem, Kita akan belanja dengan jimat cermat"

When you turn around, they bought Mercedes Benz. Cheaper on maintenance cost. Where is the logic!!!!

Proton perdana cost RM100K+, Mercedes RM350k+. Why maintenance of Proton Perdana shot up to RM50K !!!!, Better check who carry out the service, Where is the logic again!!!

Perdana Depreciation over five years , they start asking for change of car, residue value RM50K, depreciation RM50,000.00

Mercedes depreciate over five years, residue value RM150,000.00 depreciation RM200,000.00 (Can buy two brand new Proton Perdana).

State government calculation : Still Mercedes Cheaper.

If they want to buy better car, pay slightly higher, just say so, Please don't tell lies and cheat the Rakyat lah.

Assalammualaikum Tun,

1. Due to Mr Flip Flop stupidity or ignaronce, he had allowed himself to be manipulated by KJ. He himself obviously is out to make as much money as possible.
2. Since Mr Flip Flop become PM, he had openly accumulated wealth through useless project such as "monsoon cup", all the "economic corridors", Rapid and other more various project that cooked up by KJ and cronies
3. The weak PM had allowed our Malay tradition look like a fool when no action was taken against those who disrespect Malay custom, religion and Sultans
4. The weak PM also had successfully allowed "Mr Bontot" Anwar to create "disunity" and havoc in the country
5. The weak PM is still in "fantasy" about the grassroot feeling against him.
6. I think I know where he will get the RM5 Billion to pay T'ganu, he will get the fund from the money save on petrol subsidy. We are the one whoe are paying for it!
7. Why not the Agong see that there are real threat to our national security and invoke "emergency ordinance"? It is very clear that the weak PM have no control of the country and successfully driving the nation to the ground.
8. Tun has "left" UMNO under protest, Agong and the other Malay Sultan, UMNO grassroot voice are not heard by the Bahagian, So who will save our great nation from disaster?
9. Are the leaders or Agong want to wait untill the rakyat suffer before they take action?

10. We can be proud to say that we blog about the truth but what effect does this do? I will organise and willing to finance a mass gathering at Stadium Melawati, Shah Alam if there are real people who really want to change the situation or are we to coward to expose ourselves and hide behind a computer screen?

Salam Tun,

Saya kongsi perasan Tun yang tentu amat kecewa dengan pentadbiran semasa kerajaan Malaysia. Saya tambah kecewa dengan sikap sebilangan individu yang ingin mempertahankan kredibiliti pentadbiran dengan alasan-alasan yang tidak boleh di terima akal yang waras.

Saya juga sangsi dengan tindakan kerajaan dengan polisi dan dasar yang tidak ada arah tuju.

Kalau dengan pentadbiran yang sebegini kita bawa ke gelangang ekonomi antarabangsa, sudah tentu negara dan tanahair tercinta ini akan lemah dan hancur sama sekali.

Saya kesal dengan golongan bijak pandai yang meninggalkan tanahair untuk bekerja atau berniaga. Tinggalkan tanahair waktu negara sedang nazak, dan hanya akan pulang apabila semuanya kembali baik dan ceria. Sekarang baru kita tahu siapa lawan dan siapa pula kawan. Saya hormati tindakan Tun untuk terus bersuara walaupun sebenarnya Tun sudah tidak perlu lagi berbuat demikian. Sekiranya Tun masih berdaya, teruskan lah. Saya akan terus memberikan sokongan moral walaupun secara tidak langsung.

Kita mesti cekal dan bersungguh-sungguh dalam usaha kita.

Their ad hoc, fire fighting and populist style of management must be put to "THE END".

Salam sejahtera Tun dan keluarga yang dikasihi,

Rupa-rupanya inilah wajah Islam anutan orang Melayu yang sebenarnya, DENGKI KIANAT. Kononnya kitalah umat terbaik, syurga milik kita, ulamak kononnya. Kita menolak kebijaksanaan, kita suka menjadi orang yang menggagalkan sesuatu, merosakkan majlis. Jika ada yang memberi pandangan yang bernas dan sederhana kita akan capkan seseorang itu sebagai tidak Islamik. Sepatutnya kita menjadi contoh kepada kaum lain di bumi ini dengan kurangnya sifat dengki kianat, pengurusan yang cekap, tidak gelojoh dengan pembelian Merz, semangat sayangkan bangsa dan negara. Tetapi apa yang asyik kita ketengahkan kepada rakyat ialah ketidaktentuan arah dalam mengurustadbir negara. Tun dibenci kerana kejayaannya. Lebih baik dibenci kerana melakukan kebaikan. Apa hebatnya ulamak yang masih tak sedar 'ilmu hisab' mudah, "mangsa rogol perlu mengemukakan empat orang saksi yang warak-warak belaka." Tahniah Pak Lah, teruskanlah menjadi PM selama-lamanya, anda adalah pemimpin yang paling tepat memimpin penganut-penganut fekah ini.

Frankly speaking, we should proud of being malaysian. because malaysia have lot of resources>> natural gas, petroleum, rubber, palm oil, rice,timber..etc. which in turn bring lot of income to country.

So, by right, it can says that Malaysia have billion or trillion of ringgit in our economy, be it in development, country reserve,or for subsidy.Tun, correct me if i am wrong?..since Tun had been in power for nearly 20 years, sure Tun know how much huge fund our country are having. But, it is sad to see that malaysian is struggling for living, low income, depend on subsidy, no competitive power to neighbouring country as singapore, because the government is not use the fund wisely, and implementing the policies / develop project with the vission to foreseen future need. fr example : to built the LRT network, with the huge fund we are having now, it should be extended to other state also and NOT only the KL area.Congestion in other town area likes Kuching, penang, JB also getting worse. with the increasing of petrol price, it will add more burden to rakyat>>because car is the only convenient option in malaysia.If the government is not willing to the the money now for the infrastructure of the LRT network in others toen area, then, i believe when our oil resource finish in few year time, we will have to import it from neighbouring country, maybe from, singapore,with higher price as the water now we are buying from them.

We should eliminate those rasuah/ building unnecessary structure using the federal fund, this will only benefit certain people.

those luxury contracts only pour tons of money to the certain people hhaving connection with the authority, so the rich getting richer, and the poor getting poorer.

SALAM TUN,

Ternyata hari ini kerajaan telah menampakkan satu lagi kessilapan terbesar dengan menggunakan duik rakyat.

Saya yakin apabila Agung menolak DS Idris Jusoh pasti ada sebabnya.
Tidak kmungkin tiada sebab Agung murka kepada MB negerinya sendiri.
Dan seperti yang TUN janjikan pada salah satu artikel yang lepas, TUN telah membuka isu WANG EHSAN kerajaan negeri Teerengganu yang disalahgunakan kerajaan negeri.

Walaupun Masjid Kristal adalah perbelanjaan dari kerajaan Persekutuan hakikatnya sejak Pak Lah memerintah amat sedikit projek yang nampak di mata rakyat.

Bayangkan perbelanjaan RMK-9 adalah RM 200 billion, minta tambahan pulak RM 30 billion, tapi tak nampak pun pembangunan tambahan bayaran Petronas untuk tahun ini:

"Petronas' contribution to Government revenue is so big..."

Setelah mendapat bayaran RM 61 billion dari Petronas, kerajaan sepatutnya bertindak mengurangkan harga minyak semula. Bayangkan semenjak 1970-an Petronas telah membayar cukai berjumlah lebih RM 400 billion. Lebih daripada RM 200 billion (setengah jumlah cukai Petronas) diterima kerajaan Pak Lah yang memimpin dari tahun 2003-sekarang. Jika kerajaan sekarang betul-betul berniat membantu rakyat hasil tersebut patut digunakan membantu rakyat.

Sebenarnya pendapatan kerajaan adalah lebih daripada cukup untuk membantu semua rakyat di samping melaksanakan perbelanjaan bagi projek pembangunan. Tetapi sehingga ke hari ini kita tidak dapat melihat satu pun projek mega yang siap dan dapat dilihat dengan mata kasar dari pimpinan kerajaan Pak Lah. Hanya dalam sebutan sahaja projek sana sini, koridor sana-sini. Tapi satu pun tidak dibangunkan lagi.

Ke mana perginya duit cukai dibayar Petronas yang berbilion-bilion?

Musykil.....

APA-APA PUN TERUSKAN MENGUNDI MENOLAK PAK LAH SUPAYA MELETAK JAWATAN:

Assalamualikum Tun,

Alhamdulillah, akhirnya saya yang pertama comment di topik ini.

Saya perhatikan bahawa wawasan 2020 yang pernah menjadi suatu visi yang sepatutnya dapat direalisasikan oleh Malaysia, telah menjadi pudar dan seakan-akan hanya sekadar 'Angan-angan Mat Jenin'.

Sungguh sedih rasanya apabila PM kita yang sekarang ini sudah membatalkan terlalu banyak MEGA project yang sebenarnya akan menjana pendapatan dan ekonomi negara dengan lebih efektif (atau lebih senang menyatakan bahawa kita menabur pasir dalam periuk nasi kita sendiri).

Semenjak tahun 2004 iaitu era Pak Lah, pembatalan projek MEGA secara mengejut dan tindakan serta keputusan yang tidak munasabah seperti:

- 1)Pembatalan Monorel di Putrajaya
- 2)Kenyataan Perdana Menteri Mengenai Hukuman gantung sampai mati kepada Saddam Hussein.
- 3)Isu murtad Lina Joy.
- 4)Pembatalan Landasan Keretapi Berkembar.
- 5)Pembatalan Jambatan Bengkok atau 'Link 2' ke Singapura bagi menggantikan tambak Johor dan mengkomersialkan pelabuhan kita di Johor.
- 6)Penjualan MV Agusta sebanyak 1 Euro kepada sebuah syarikat Itali.
- 7)Perancangan membentuk koridor yang tidak nampak lagi permulaan serta inisiatifnya.
- 8)Kegagalan kerajaan Malaysia mempertahankan Kedaulatan Pulau Batu Putih menjadi Hak Malaysia.
- 9) Pembelian 14 buah Kereta Mercedes oleh Kerajaan Negeri Terengganu bagi menggantikan penggunaan Proton Perdana V6 Executive.

dan banyak lagi.

Saya dengan ini mencadangkan serta betul berharap agar mengambil kira situasi semasa ini, agar Tun dapat merangka, memberitahu atau mencadangkan satu cara atau pelan tindakan cepat supaya dapat merealisasikan wawasan 2020.

Atau, jika bagi pihak Tun ia sudah tidak lagi relevan kerana terlampau banyak projek MEGA dihentikan dan amat mustahil pada tahun 2020 Malaysia menjadi negara yang maju, maka adakah wujud pelan lain yang sesuai diadaptasi agar Malaysia tetap akan menjadi negara maju dan dihormati oleh semua negara didunia terutamanya kepada seluruh umat Islam di dunia?

Saya berharap agar Tun mengemukakan satu topik dalam blog ini (www.chedet.com) berkenaan dengan pelan tindakan yang perlu diambil serius untuk menangani masalah semasa ini bukan sahaja kepada Kerajaan Malaysia, malah kepada semua rakyat jelata agar dapat merealisasikan Malaysia menjadi sebuah negara maju dari segi Sains dan Teknologi dan juga dari segi Agama, Bangsa dan Negara.

Sekian sahaja Tun. Saya amat berharap agar Tun dapat mempertimbangkan pendapat dan cadangan saya ini.

Terima Kasih.

Yang benar,

To err is human ,to forgive is divine.The government must learn lessons and rectify the problems.The government should listen to good advises also.Conflict between leaders should be avoided ,

so that we can tackle the economic problem that we are facing."PELANDUK SANGAT TAKUT GAJAH SAMA GAJAH BERLAWAN"

Allow me to deviates from this topic, do Tun think the implementation of barter trade can serve to offset the influence of American Dollars, to minimize influence due to speculation on oil price. I think Tun you are still active , perhap you can have talks with influential leaders of other countries on the possibility of implementing barter trade for the benefits of Malaysia and Third World countries

Y Bhg Tun,

Am I right to write the politics in the South East Asian region is somehow linked to cronyism capitalist? Is this a good practice in the part of the world, i.e. to practice this ideology in a free democratic nation?

The trace of democracy that has links to cronyism is evidence in Thailand, somehow a lot in Indonesia and Philippine, and a small dotting note in Singapore.

We know a lot of abuses on cronyism capitalist ideology, but of course, if properly drawn up the ideology can somehow provide greater economic growth, and is especially true in this part of a region.

That's Trengganu...the richest state in Malaysia. Too bad, citizens of the state have been robbed by few jokers from outside of the state with the help of someone from inside. Thought Idris was idiotic, the current MB has started showing his dumbness....starting with the order of 14 Merc E200 to replace existing fleets of Proton V6 Exec. His reason - long term maintenance benefits and that the V6 are problem prone. My question - why not going for Accord or Camry then. They still can call you unpatriotic, but still at least you could argue on upfront costs and long term benefits.

Mereka ingat mereka lebih pandai, lebih bernas dan segala-galanya lebih bagus daripada Tun. Tengok sekarang apa dah terjadi. Malaysia sudah jadi kalam kabut. Nak kata saya Malaysian pun dah malu.

Tak ada sesiapa yang boleh memerintah dan membangunkan Malaysia sepertimana Tun kerana Tun bukanlah seorang yang hipokrit dan apa yang Tun buat segala-galanya untuk kebaikan rakyat dan negara. Tun will fight to the end for what's best and right for the people and country. (Those were the days that actually makes us proud to be Malaysian) Bukan macam pemimpin sekarang dan wannabe pemimpin yang langsung no idea how to govern the country and people because all they can think is himself. Sebab itulah mereka selalu buat keputusan yang selalu merugikan negara dan rakyat but benefit only to them. So fed-up with current Malaysia's politics. ARGH..... BOSAN.....

Assalamualaikum Ayahanda Tun,

Semoga sihat sentiasa. Terima kasih di atas ilmu yang diberikan saban hari. Untuk isu kali ini, satu saja yang ingin saya komen. Di Terengganu sama saja. Ketua perompak digantikan dengan ketua penyamun. Sama saja hasilnya. Baru memerintah 100 hari dah beli 43 buah Mercedes E200.

Salam hormat.

Dear Tun,

Why or why Pak Lah is so delusional. Still thinking that he can salvage the country after almost bankrupting it by being stupid. Memang keretapi lambat betul.

Dah lah tu. Please step down. The job is just too big for him to handle. Like ayah Nemo cakap kat Nemo, " you think you can do these things, but you can't" In Nemo's case actually he can. But not Pak Lah. Please step down. For the sake of the future generation.

Malaysia's reputation overseas is deteriorating fast by the minute. Economic prospects? Nothing to look forward for. Kalau macam ni, jadi macam Phillipines/Sri Lanka/Myanmar - at one time, economic powerhouse ex-Japan, fast forward 40 years, look at them now, and we are heading the same direction, if nothing is being done now.

Mr.Mahathir, I totally agree with you on this. I don't know what more damage they will continue to do. I pity is on the RAKYAT. Rakyat terganggu tak tahu nak buat macam mana. And i share your sadness Mahathir.

I urge you to support the change of government. Like what you said before. UMNO is screwed up. It is terrorized. Nothing can be done any more. With all the big buaya darat/buaya parliement around. We're damn to doom is they are always in power. The way I see it, the only logical way and the only right way to rectify the problems that malaysia is facing now is to change government. In a company, the management will be sacked if they screwed up. Same thing applies to a country. There is no cure for our government.

Tun, again I urge you to give your full support to change the government. It is time for you to make history.

Twelve years ago, i bring my family for a holiday in Kuala terengganu. Since then i had never been to Kuala terengganu. But after twelve years, i was invited to give a talk in Kuala Terengganu last february. But since i travel by plane, i just went back to kuala lumpur immediately after i finished my talked organised by the State Religious Authority. I only saw developments along the way from Kuala terengganu to the airport. But last Mei i was again invited to give a talk at Kuala Terengganu. This time i choose to drive with my family because i wanted to see how Terengganu had developpt. But to my suprise what i saw is the same as what i saw tweleve years ago. Tun is true...the billions spend seems not to benefit the terengganu's, which still fizically looks poor to me. What a pity!?

Tun,

Hehehehe i'm the First 1st yes...yes...yes.

Concerning the Ahmad Said purchasing the Mercedes Benz issue. State Government said fund allocated was not from the Royalty Money.

Guess what, the Terengganu exco members and the SUKs has already used the Mercedes Benz car!, I've seen it yesterday (21/07/08) its in their offices compound. (My friends and Tun supporters pls check in Terengganu)

Tun, patut ke mamat MB tu kata, Proton Perdana maintenance mahal dari pada Mercedes Benz....obviously its a "crap". Orang kampung dekat hulu bolehlah dia karut.

Saya leni duk pakai Mercedes Benz serupa E200 Kompresor, saya hantar pi Cycle Carriage for service, minimum RM1,000.00. Dah tentu EON Service Centre or Proton Edar Services ada bagi "Government Price" discount, semestinya murah dari MB.

Salam Tun dan ahli blogger,

Kita sudah pun mendengar atau membaca berhubung dengan pembaziran wang rakyat oleh kerajaan Terengganu ketika di bawah pimpinan Idris Jusoh dahulu. Kenyataan Tun ini telah melengkapkan serta membenarkan apa yang telah di perkatakan dahulu. Ini benar2 satu pembaziran yang sangat ketara. Mereka tidak amanah kepada rakyat. Pemimpin2 ini barangkali boleh terlepas dari hukuman dunia tetapi tidak mungkin terlepas dari mahkamah Allah nanti.

What has been decided and done by the current Government, be it the National Gov or the Terengganu State Gov was unhealthy. Just imagine, Perdana V6 cars used by the excos were condemned and to be changed with Merc. A stupid idea given at the wrong time and the wrong forum. I guess, be it Idris or Ahmad Said, both of them have no brain to think.

Wang Ehsan should be used for the Rakyat's benefit and the Rakyat should decide on what purpose should the money goes to. Although Terengganu is the richest state in Malaysia because of its petroleum/gas industry, the Rakyat did not even got the chance to enjoy the God's given wealth. My question, how many of the Terengganu people got at least RM10 per head from the State Government derived from this Wang Ehsan??? The simple answer = 0 !!!!

Assalamualaikum Tun dan semua pembaca,

Dalam hal Terengganu ini, pada pandangan saya Tun yang patut dipersalahkan. Sebab Royalti minyak ini sebenarnya ditukar menjadi Wang Ehsan pada zaman pemerintahan Tun.

Sebab Tun dah sediakan lombong utk mereka mereka yang tak bertanggungjawab(Lah & kroni) utk mengaut keuntungan.Mungkin niat atau maksud asal Tun baik, tp macam nii lah yg jadi bila pengagihan dana utk kebaikan rakyat diletakkan pada tempat yg tak betul.

Saya mohon maaf sekiranya pandangan saya ini salah.

Salam to Tun,

Maybe Tun can elaborate further on this losses in the next blog. Probably a slightly detail view on this will help readers understand the full picture of what is going on.

If the losses was caused due to incompetency in handling state matters by the current government, then somebody has to be blamed fully for this. Giving money away to shut down issues or problem is not the best solution to any problem. They will ask for more! It must be dealt with accordingly with proper negotiation to achieve a better mutual agreement not necessarily in monetary value.

However, in my humble opinion, if this loss contribute to the development and improvement of the local people in terms of the socio-economy, then we also have to know how much really the people can get the benefit. Otherwise, as Tun said, it'll be another spending spree and only certain people will enjoy it. If this is what happen, then obviously the current government made a huge mistake!

If there is evidence to reveal mismanagement in distributing the fund, the people have all the right to know. And, ACA has to come into picture to investigate. The big question is, they can do that? Or they are not allowed to?

For whatever the amount of money spent by the government, it must have return that help the people back in return. They are still too many people that need monetary help for e.g. the poor, the sick and etc.

Tun, any proposal to avoid this kind of waste or losses? Is it a brain issue? Ignorance? Or pure ego?

Salam Tun and CheDet.com surfers

For me,the biggest waste is the cancellation of 'jambatan bengkok' to replace Johore Causeway..as johorian,i'm totally angry with this move...its like we surrender to Singapore and we don't care about

Johor Strait's environment..as we know,from the time causeway has been buildin early 1900,the pollution has become totally worse because the water can't pass through the causeway...

When Tun propose the "Jambatan Bengkok",I'm the one who 100% support this move because:

- 1:Water now can pass through Johore Strait.
- 2:We can develop our port (Tanjung Pelepas,tanjung langsung,Pasir Gudang)successfully to compete with s'pore
- 3:Can minimize the traffic jam due to small capacity of causeway
- 4:Fisherman and 'sea man' around pengerang etc now can earn more money from fishing due to clean straits.
- 5:Symbol of Malaysia to show to s'pore that we won't give up easily

I'm hoping that Tun will continue to talk to Johore politician to build this bridge and cancel the Iskandar Malaysia... We as johorian does not need Iskandar Malaysia..Sultan Iskandar also in the opening ceremony remind paklah at the crowd that we want Bridges!

Tun,

Bravo for another target highlighted.AAB with his cunning smile and dirty hearts has did it again.But what bother us readers here is the present MT UMNO which has been silence,dumb and considered as robot with AAB holding on to the remote control.ACA as indicated is independent now and is operational 24 hrs to remove corruption.

Tun. AAB has the executive power and made decision just as when you were the PM

previously. So he is right for the time being, until he step down or being force to do so if he AAB hesitate to do so, and this case will be acted upon for him to answer. Dato Zaid Ibrahim is this not correct or are we all wrong?

That is the reason why AAB declare the 40% increase in Fuel recently which he declare will only take effect next August. AAB is trying to recover part of the loss, and also to carry on with the Penang Bridge, which is presently running out of budget to complete. AAB now begin to realise that the Johore Bridge is priority but in order to maintain his face value still keeping it silence. remember " Silence is not always golden, It could be guilt" is'nt it AAB.

One would wonder why AAB would need till 2010 to step down? AAB was having ample time to administered the country since in power from 2003 till presently. Would any Malaysian believed he could make things right prior to him leaving? My answer is very straight and sincere here. AAB would and could not contribute any more. AAB is being instigated by his cronies to hold on until such time and finally leave things beyond repair for whom ever is going to be the next PM. AAB special wording having the support of the Rakyat, is daily heard in the news and in the daily paper. Bullshit!

Even a blind Malaysian could see, a deaf Malaysian could hear, A mute Malaysian could say, unfortunately our MT and Cabinet Minister could not see, hear or are dumb on all this which Tun has highlighted here.

Thanks Tun, Always be by your side for this battle to topple AAB and his cronies. Hidup Tun, Hidup Malaysia.

The goverment is fail to plan and they actually plan to fail . Wang rakyat dibelanjakan tanpa berhemat dan bijak .

Rakyat semakin tertekan dengan Impak kenaikan harga minyak dan Kerajaan pimpinan AAB masih blurr dengan apa strategi seterusnya .

Orang orang besar mungkin tidak terkesan langsung dengan kenaikan harga minyak . Tetapi kami rakyat terbanyak tertekan dan tercekik dengan kenaikan ini.

Tindakan menaikkan harga minyak adalah jalan mudah yang siapa siapa pun boleh lakukan tanpa perlu duduk dikerusi PM . Amat malang bagi rakyat Malaysia memiliki barisan kepimpinan yg tidak cukup berusaha menghurai kemelut ini.

Dear Doctor,

Consequences of more waste and losses money due to BAD GOVERNANCE.

Without doubt the above has a negative impact on Socio-economic, political and institutional domains of the body politic of Malaysia. Its impact is not only limited to the socio-economic and political, even in terms of economic growth. However, most hold the view that more waste and losses as a species of governance failure impacts economic growth negatively.

Bad Governnace has a more distortionary impact on the economy than taxation, because of the need to keep Bad Governance by the some people in power "secret". Efforts to lie and avoid detection and punishment cause more waste and losses to be more distortionary than taxation.

MONEY - MORE WASTE AND LOSSES slows down investment and economic growth, the fact that bribery contracts are unlike regular contracts that are enforceable.

MONEY - MORE WASTE AND LOSSES raises the cost of doing business. Officials may introduce certain conditions to ensure that they get bribes, through delays and unnecessary requirements.

MONEY - MORE WASTE AND LOSSES discourages new ideas and innovations.

MONEY - MORE WASTE AND LOSSES leads to the decline in real per capita incomes, inflation, a widening budget and balance of payment deficits, and declining official production and exports:

MONEY - MORE WASTE AND LOSSES promotes inequality among firms

MONEY - MORE WASTE AND LOSSES leads to a reduction in the quality of products.

MONEY - MORE WASTE AND LOSSES diverts funds from investment and other production activities.

Politically, MONEY - MORE WASTE AND LOSSES leads to a loss of faith on the part of the people and thus its legitimacy and power. Political equality and democratic values are undermined.

MONEY - MORE WASTE AND LOSSES strengthens bad governance, through the absence of the rule of Law, respect for human rights, no accountability, and transparency.

MONEY - MORE WASTE AND LOSSES has also led to massive neglect of the social sector, which has substantially decreased the quality of human resources in Malaysia over the years. The provision of educational and health opportunities have been limited, this impacting negatively on the quality of life, labour, productivity, incomes, innovativeness, competitiveness, and poverty reduction in Malaysia.

MONEY - MORE WASTE AND LOSSES has also led to the weakness of structure and institutions crucial for better governance.

Generally speaking, MONEY - MORE WASTE AND LOSSES is a species of governance failure and can only be mitigated when Malaysian people are committed to ensure Good Governance. Existing structures and institutions such as Anti-Corruption Commissions, Police, Judiciary and etc. should be strengthened and the media Campaigns against Bad Governance intensified in Malaysia. Unless and until Malaysians are committed, MONEY - MORE WASTE AND LOSSES is the cancer that will eat up all the socio-economic and political achievements of the Malaysians and Malaysia might not see the light of day.

How to treat CANCER, Doctor?
EMERGENCY!

Assalamualaikum,

Tun,

Ini merupakan salah satu pendedahan yang sememangnya jelas dan akan memberi impak yang besar buat pemerintahan di bawah Pak Lah. Itu pun sekiranya mereka mengambil berat apa yang di perkatakan.

Apa yang pasti langkah untuk mendapatkan duit itu semua sememangnya sudah lama berkubur. Malah lebih memburukkan lagi keadaan kedudukan yang terus dipegang oleh Paklah akan terus menafikan apa yang Tun lakarkan di blog ini.

Buat BN member am, UMNO khususnya yang sudi membaca, fahami dari semua sudut. Kalau tak mahu berfikir jauh, ingat lah duit dan kuasa yang dikejar seperti sudah hampir ke penghujungnya. Keruntuhan kewangan negara semakin jelas dan nyata untuk mencapai jalannya, walaupun negara ini ada dua menteri kewangan.

Apa yang saya selaku rakyat mampu faham setakat ini, duit yang di amanahkan telah di salah urus oleh pihak kerajaan Pak Lah. Dan kami rakyat tak mampu melakukan apa apa, hanya pilihan raya seterusnya menjadi penentu.

Mampu memperbaiki ekonomi sahaja bukan hanya sayarat menjadi penentu tapi mengembalikan duit yang telah disalah urus akan menjadi titik penilaian kami malah ini semua akan menjadi penghakiman Allah di akhirat kelak.

Thanks

Dear Tun,

You have hit the nail right on the head. The revamped Anti Corruption Agency (ACA) should investigate the RM 5 billion wang ehsan without fail on an ugent basis. I am sure whatever Tun has said thus far must be true, otherwised Tun would have been sued by now.

My daily prayers are that we need change of the current leadership and that this becomes a reality at the soonest. Tun, you are doing an excellent job by highlighting such issues of national concern. I hope a Royal Commission is formed, after the investigation by ACA, to check on such abuses.

Cheers and best wishes from a person who truly subscribes to "CEKAP, BERSIH DAN AMANAH" principle

It is depressing to know that whoever rules has complete freedom to spend the nation's scarce fund as they liked. We would have thought that all the institutions designed and put into place to check and balance injudicious spending would have been triggered to action.

Our politics is one of mendicancy - this applying to those who aspires to assume public office. There is a continuum beginning from public service to downright corruption. The Prime Minister is someone who hands out the 'gula-gula.' The more you beg the better off you are.

Integrity and public service becomes incidental.

When UMNO barred the better crop of Malays (government servants in the senior category) from assuming political posts and let the so called 'businessmen' into politics, we let loose people who trade in their soul and votes for gula-gula. And to this day the rot can not be undone.

Everybody wants to be UMNO ketua bahagian (less now - knowing very well the gula gula that comes with it..

Now comes bartering time..multiple sale of divisional votes to UMNO contenders for the highest post.

Can you imagine the damage that has been done to this country by letting loose people who make a career out of selling cawangan and divisional votes ?

Money politics is deeply ingrained and has become UMNO life itself and perhaps to live well in the future it is better to die now..

Dear Tun,

It seems that the rakyat is in a limbo and dilemma. We haven't even recognised anything of these and there are so many opinions and say in other blogs which are so aggressively done and very influential. I sincerely hope that you have a point of action to relive or reinstate, or something so that the rakyat can work as one voice, choose the real leaders and hope for the best. As far as I can see, we are still immature in thinking and leadership and our country will probably going to the dogs if not nurtured properly.

Other than that, good effort on having your own blog but I hope you could improve more on the presentation ie with youtube, flashes and other internet gizmos to make the site more attractive and widen the exposure to the masses.

Salam Tun,

Itulah Tun kalau dah tersilap pilih masa menganti inilah padahnya boleh menyebabkan rakyat sengsara dibuatnya. Projek yang dibuat sekarang langsung tidak memberi manfaat kepada rakyat dan keputusan yang dibuat pun tidak menguntungkan rakyat. Tak tahulah apa jadi dengan rakyat Malaysia disebabkan percaturan politik masa pemilihan dimana orang yang pernah belot sepatutnya Tun tidak memilih beliau dan kesilapan ini terpaksa ditanggung oleh rakyat. Dalam pemilihan Tun menggantikan tempat sebagai PM inilah kesannya, biasanya manusia yang mendapat kuasa susah beliau untuk meninggalkan kuasanya kalau boleh dengan apa carapun beliau tetap mempertahankan kusa tersebut.

Assalamualaikum Yg Bhg Tun,

Apa yang Tun tulis hari ini adalah yang selalu dibualkan oleh ramai orang terutamanya; kenapa subsidi minyak dipotong tetapi meluluskan dan menggunakan wang rakyat untuk lain-lain projek tanpa kajian.

Ini termasuklah meluluskan peruntukan untuk membentaras pendatang asing di Sabah. Dengan menangkap sahaja adalah tidak berkesan dan akan membazirkan peruntukan kewangan kerajaan sahaja. Urusan pendatang asing ini tidaklah muda kerana ia melibatkan negara berkenaan, prosesnya adalah memakan masa. Kalau dapat dihantar pulang pun mereka akan kembali juga ke Sabah. Tetapi oleh kerana isu ini telah dipolitikkan, maka kerajaan mengambil langkah ini tanpa kajian.

Kerajaan tidak sanggup lagi menambah peruntukan untuk subsidi minyak untuk rakyat malaysia, tetapi sanggup membayar untuk operasi menangkap pendatang tanpa izin, memberi makan dalam tahanan imigresen berbulan-bulan, menyediakan pengangkutan penghantaran pulang dan akhirnya pendatang izin akan kembali juga ke Sabah.

Kunci pendatang asing di negara ini ialah pekerjaan, aktiviti perniagaan dan penempatan. Risikonya ialah peningkatan kadar jenaya seperti kecurian dan rompakan.....Jika kerajaan dapat mengawal 4 perkara ini lambat laun mereka akan pulang ke negara asal mereka dengan rela hati.

Saya setuju dengan Tun kerajaan Pak La selalu membuat keputusan tanpa kajian.

Salam untuk Tun sekeluarga.

Salam hormat Tun.

Once again, this is very revealing. In fact, I also sense that some of the national policies or development projects that are being vigorously announced or pursued, currently or in the recent past, as been somewhat flimsy, hasty, abrupt, hazy, giving the impression of a serious absence of arduous planning and thought process and hence, the resultant lack of economic logic or substance and tending more to immediately appease the public of their present concerns i.e. reactive decisions as against long-term and strategic considerations. It certainly makes no sense at all to literally throw RM 2 billion 'down the drain' over some very visible, mostly cosmetic and 'feel good' projects in a state where the incidence of abject poverty still persist while remaining seemingly aloof and unconcern in tackling the most pressing woes of the day namely the price of fuel which, common sense will tell you, has the highest forward and backward economic linkages impacting almost every sector of the country. It certainly appear of a man in a hurry, effacing all your legacy and putting their own brand name but sadly without the midas touch that you possess.

Tun,

You didn't mention their latest spending spree on 14 units of Mercedes Benz in the pretext of it being 'more economical'.

Dumb as they may think we are, but simple calculations prevail.

If they choose to buy Perdana V6 @ 100,000 per unit, they will save AT LEAST RM100,000 as compared to the Mercedes Benz.

Multiply that with 14 units and they will save RM1.4m !!

With the RM1.4m, they can utilise it to renew the 14 units' road taxes, insurance, petrol, upkeep & servicing and still have spare change left for a couple of gear box changes.

By opting those Mercedes Benz, they are sending a message to the rakyat that our Perdana is not a good choice, indirectly tarnishing Proton's brand name.

akibat daripada kecuaiian ataupun lebih tepat lagi salah urus kerajaan pimpinan paklah menguruskan kewangan negara maka pada hari ini rakyat terpaksa memikul bebanan tersebut.

kini rakyat tahu mengapa harga minyak dinaikkan secara mendadak.

tak lain tak bukan tujuan kenaikan minyak ini adalah bagi memberi ruang kepada kerajaan pimpinan abdullah ahmad badawi mendapatkan sumber kewangan secara mudah untuk *menimbus* lubang besar hasil dari penyalahuruskan sumber kewangan negara yang mereka lakukan.

mungkinkah ini adalah salah satu sebab mengapa paklah terpaksa berunding dengan najib untuk terus kekal sebagai ketua kerajaan sehingga 2010?

yg kedua....bengang sy bertambah bila encik PM kita tuh nk bina 2nd Penang Bridge....untuk apa sbnrnya 2nd bridge tu? kalo setakat utk kurangkan jam, lg better runtuhkan bangunan kat pulau tu....pastu buat jalan raya besar²....ini tak...nk buat jalan masuk ke pulau smpi 2....tp jalan dlm pulau still kecil....still sesak....so serupa jugak....jalan tetap jam.....so, conclusionnya 2nd bridge tu sgt² laa membazirnya.

yg ketiga....psl Masjid Kristal....sy tak nmpk motif pembinaan Masjid Kristal tu....setakat untuk bermegah² ke??

I've read this so-called "soothing" news in Utusan Malaysia today-

Kadar inflasi tahun ini kurang lima peratus

KUALA LUMPUR 21 Julai - Kadar inflasi bagi keseluruhan tahun ini dijangka kurang daripada lima peratus, kata Menteri Kewangan Kedua, Tan Sri Nor Mohamed Yakcop.

Beliau berkata, meskipun inflasi kini berada pada kadar tujuh peratus sejak beberapa bulan lalu, ia disebabkan oleh faktor kos dan bukan kerana permintaan.

"Meskipun kadar itu tinggi berdasarkan kepada asas bulan ke bulan iaitu lebih daripada tujuh peratus tetapi ia adalah satu-satunya kenaikan terhadap kadar inflasi.

"Ia juga disebabkan oleh kenaikan harga minyak dan harga makanan. Sehubungan itu, kita harus mempercayai bahawa kenaikan ini akan berulang lagi pada masa depan," katanya pada sidang akhbar selepas majlis pelancaran prospektus Perwaja Holdings Bhd. (Perwaja) di sini hari ini.

My question is: -

Is that true? Less than 5%? I guess it should be more.. 8% to say the least.

Anybody would like to comment on this?

Tun,

I think most of Malaysians had realized how much waste government had made. Even a young citizen like me can see the waste, but why can't the present government? Is PM trying to finish up all the money for useless projects? And the first time since I was born, that a PM's selection of Menteri Besar is rejected by the Sultan. Surely its a big shame for PM but he acts like nothing had happened..what an irresponsible Prime Minister.

This is clearly mis-management of our country. We live in a depressing time. The world is in crisis and we have a government that has no idea how to govern. Many even the Malays have started to migrate. Those who have children studying overseas are encouraging their children to find jobs there. We are losing precious talents. Dear Tun,

Assalamualaikum...

The people of Terengganu have suffered for so long. The mismanagement was already extremely bad during Dato' Wan Mokhtar's time. So much of commission money wasted without anything substantial done to develop the state. And he was MB for 25 long years!

The slave mentality has been planted in the majority of the people of Terengganu, making it the easiest state to win in elections. Just simply buy the votes. RM100 and maybe a kilogram of rice are enough to get a vote.

In 1999 when PAS won the state, many so called analysts attributed it to the Anwar factor. I do not think so. I sincerely think it was the Wan Mokhtar factor, it was those long years of abuse and blatant incompetence which finally pushed the people over the edge. When the people finally showed their will to change, the Federal Government committed a grave error by transforming the commission money into Wang Ehsan. The concept of Wang Ehsan simply gave Umno state liason chief and co a blank cheque. And under Pak Lah, when BN regained the state, we can all see how people's money is spent with total disregard to the people's interest.

Votes and support from the people continued to be simply bought and sold, using only a small portion of Wang Ehsan while bulk of it is lavishly spent on useless project such as Masjid Kristal, benefiting only the cronies.

The people continue to suffer....

The people of Terengganu are given nice words and empty promises. Kuala Terengganu is even declared a Bandaraya! Seriously, there is nothing 'bandaraya' about Kuala Terengganu. Go and count how many beds are available in the ICUs of the Hospital Besar of Bandaraya Kuala Terengganu. Go and see if basic facilities befit a bandaraya?

If only the money spent on Masjid Kristal was used to equip the hospital instead!

I believe changing the commission money into wang ehsan has put Terengganu even deeper into oblivion and backpedaled the state at least 20 years back to the past...

Tun, as rakyat Terengganu, I am so sad.....

Best regards and wassalam...

Salam YAB Tun Dr.M,

Saya pernah dengar cerita yg kerajaan AAB menggunakan wang ehsan yg diperuntukan kepada kerajaan negeri Terengganu. Pada masa itu saya berpendapat ianya mungkin tidak tepat. Tetapi apabila membaca penulisan Tun saya rasa seperti tidak percaya bahawa kerajaan AAB boleh membelanjakan wang ehsan tersebut. Pendapat umum tentang pebelanjaan tersebut ternyata rata-rata mengatakan bahawa ianya tidak menjana pertumbuhan ekonomi negeri Terengganu seterusnya gagal untuk meningkatkan taraf kehidupan rakyat negeri itu secara keseluruhan. Mungkin contractors pilihan sahaja yg jadi kaya.

Jadi mungkin juga tidak salah apabila sesetengah pihak megatakan terdapatnya ketirisan dan kebocoran dalam pengurusan wang negara oleh kerajaan sekarang.

Perkara seperti ini menjadikan rakyat kurang keyakinan terhadap pentadbiran kerajaan sekarang dan tertanya-tanya adakan kerajaan yg dipilih ini tahu untuk mentadbir atau masih kabur dan tidak tahu apa yg dilakukannya.

Apa pun ternyata sudah berkali dalam membuat keputusan megenai isu negara kerajaan AAB akan "Flip" dan kemudian "Flop"...

Salam hormat Tun

Kami, sebagai rakyat pun perasan kerugian berbilion ringgit disebabkan pembatalan projek2 besar ini. Kami cuma tak tahu jumlahnya.

Tun, sedih apabila benda ini terjadi. Sebabnya;

Di negara ini bukan tak ada orang susah. Kalaulah duit tu tak dibazirkan, cuba fikirkan berapa ramai orang susah di negara kita akan bertambah senang? Berapa banyak rumah PPRT boleh dibina untuk mereka? Tindakan Pak Lah seolah-olah tak melihat langsung kepada kepentingan

golongan berpendapatan rendah. Dia n kroninya tak apalah, kalau hilang jawatan kekali pun dia akan senang sampai mati. Generasi dia pun tak akan susah.

Manusia memang macam tu... Dah duit tu duit rakyat yang bayar cukai. Pak Lah peduli apa, kalau bazirkan pun, setiap tahun rakyat akan bayar cukai jugak.... Senang cerita; Duit mudah dapat, peduli apa nak abihkan macam mana pun...

Ni untuk Pak Lah... Berentilah daripada merosakkan negara. Berhenti segera. Jangan bazirkan duit rakyat sebab syok sendiri. Sebab rasa dah pandai sangat sampai tak terima pandangan orang lain... Ingat Pak Lah... Tak ada apa pun yang boleh dibanggakan yang dilakukan selama memerintah... Semuanya seperti mengundur ke belakang...

Tun, Assalamu allaikum.... for every thousand who read your blog, there are hundred thousand who never read this, who never know about this. is there any solution so that ordinary people who sit in cofee shops know actually what is hapening around them. its a pity that when u were

running the country, we could see so many new projects, and here we are seeing just losses and losses, and ultimately who is the loser. citizens of Malaysia.. and who is responsible the present administrators.. My only piece of advice to the present government, aren't we lucky to have had Mahathir as our premier, and could not the government approach the Great Tun for advice, if the government really loved Malaysia rather than loving themselves. I am sorry if anybody is offended.

Tun,

Kalau benar begitu ceritanya.

Memang tidak ada semangat patriotik atau cintakan negara. Jengah saja duit ada banyak, mula fikir macam mana untuk dikeluarkan dan dapat faedah dari situ.

Ligat otak memikirkan macam mana mahu belanja duit yang terdiam begitu saja. Duit yang terkumpul sejak pembangkang memerintah Terengganu.

Jika ada kasih di hati apa pekerjaan pun akan berjalan lancar, sempurna dan baik. Ini langsung tidak memikirkan mengenai orang Terengganu. Masih ramai lagi yang hidup dalam kemiskinan. Tidak rasa berat di hati apabila membuat rancangan sambil mengenangkan rakyat miskin yang mengundi.

Kalau ayah kasihnya pada keluarga dan sanak saudara. Kalau manusia yang baik kasihnya sesama manusia. Kalau menjadi pemimpin kasihnya menyeluruh.

Betul juga pendapat mengatakan apabila kita kaya raya maka hati itu menjadi kesat dan kasar. Tidak lagi menghalusi dan simpati kerana kasih sayang.

Pada hari ini apabila menyatakan mengenai kereta letrik. AAB ada menyebut bahawa proton akan menguji kereta tersebut dengan 'sebuah' syarikat lagi yang tak di nyatakan namanya. Selit lagi!

UTUSAN MALAYSIA : " Beliau memberitahu, kerajaan telah membenarkan Proton dengan kerjasama sebuah syarikat untuk membuat pengesahan keupayaan teknologi itu dari aspek teknikal."

Enjin itu adalah enjin Lotus. Lotus terkenal dengan kejuruteraannya. Apa besarnya proton dan syarikat yang 'satu' lagi ingin menguji kejuruteraan Lotus.

Jika ada faktor cuaca bukan kah mudah untuk Lotus saja mengujinya. Menjimatkan kos dan mereka pula yang membina enjin tersebut. Tentu mereka lebih tahu. Lebih lebih lagi aspek teknikal.

Makin lama, makin banyak perkara pelik berlaku yang tidak boleh di terangkan oleh akal yang sihat.

Adakah orang UMNO termakan sesuatu? Minta lah doktor atau bomoh tengok tengokkan.

Salam Hormat kepada Tun yang dikasihi,
Sebenarnya Tun, rakyat yang pergi sekolah semuanya tahu tentang 'Teori Ekonomi' BLUE WAVE (GELOMBANG BIRU) tu. TEORI KAUT DUIT. Dapat duit wang ehsan mereka belanja sakan. Kerajaan belanja berbilion ringgit buat Monsoon Cup, tapi Patrick Lim yang dapat anugerah tahap anatarabangsa. Lepas tu buat lah kompleks Islam Hadhari beratus juta ringgit, RAKYAT TRENGGANU BANGGA, Tapi orang luar kata apalah bahalolnya siDeris ni buat Mesjid tak bolih digunakan untuk Sholat? Tapi Deris kata, saya telah bawak banyak pembangunan kepada rakyat Tenggau, kenapa Sultan tak suka saya? Sebenarnya, Dia dah terlupa rupanya Tenggau ada sultan. Dia ingatkan Pak Lah tu Sultan. Jadi dalam keadaan kedua2 berada dalam 'Cloud Nine' suka angkat bakul sendiri ni, dia terlupalah yang Tenggau ada Sultan yang berdaulat berjiwa rakyat dan rakyat masih lagi rata2 miskin. Tapi masing2 sebok dengan skim cepat kaya mereka dengan membelanjakan wang ehsan dengan sewenang2nya. Tapi herannya BPR kat mana ya...tah pulak nak siasat? Jadi segala angka yang TUN sebut tu amat nyata sekali sebagai satu pembaziran dan satu muafakat merompak wang rakyat untuk kepentingan diri sendiri. DSAAB, sebenarnya terjebak dengan kelentong konco2nya dan saya rasa dia sendiri terasa tertipu oleh orangnya sendiri. Tapi malangnya, masih tak sedar lagi. Moga2 Tun dan Keluarga mendapat rahmat dan perlindungan dari All swt.

Assalamualaikum Tun,

Had our PM been more farsighted he would have continued building the crooked bridge and by now it would have been completed and no money wasted.

It would now be used and congestion could have been overcome in Johor Bahru. The bridge would be the landmark of Abdullah Badawi's tenure as PM of Malaysia.

But it was not to be. He cancelled it. He said that the people did not like the bridge. Was it true? With the cancellation, millions went down the drain.

If the transition of power goes according to plan in Jun 2010 i.e. two years from now, then more projects will be given to his son who by then will be the richest man in Malaysia. Believe me!

So UMNO members please wake up!!

Among the five PM you are still the best Tun. Thank you very much for your info.

May ALLAH bless you Tun. Amin!

Good afternoon Tun,

My political friends always advice me to join some political party as an "investment". They said "if we are successful in politics the return from it will be far far better than we invested in other normal businesses." When I am looking at Malaysia now, I think they are 100% right.

They also said "In Malaysia politic as long as we know how to follow the trend to play the game like "yes man" or "ya betul" then we are safe and benefits will be given automatically....NEPOTISM & CRONISM."

Again they are 100% correct because as at todate I feel so tough to survive running my business based on current economy situation. But if compare to my friends whom are still driving new big saloon cars, enjoy luxury life, stay in big house etc... and this reality cannot be denied that we must join politic, follow the right trend and get to know someone who has the "connection."

I am not surprised when Tun said "Some contractors made tons of money getting projects without proper processes."

Tun, you are like me now just an ordinary citizen of Malaysia since you've stepped down as PM and quit UMNO, so who will be the right person to run our country before it is too late? I have

realized one thing recently that news for Malaysian are more on political struggle of power, sodomy case ,corruption, ministers and MP shouting each other at Parliment w/o civilization,& even royal family sue case have appeared in newspaper..... What is really happening to Malaysia???

I known this statement from my secondary teacher that if a building does not have a proper foundation, it will collopse on day.I hope this disaster will not come truth as eventually the vitims are the citizens especially the poor group.

Good day, Tun.

Memang amat mengecewakan. Kita semua pastinya kesal dengan pembaziran sewenang-wenangnya wang rakyat yang begitu besar lebih-lebih lagi pada masa rakyat dihimpit kesusahan sekarang ini. Apapun Kerajaan PERDANA MENTERI LEMBIK yang memerintah sekarang ini buat tak kisah dengan rintihan tahap merah segenap lapisan masyarakat.

PM LEMBIK baru-baru ini mengeluarkan Pekeliling tentang cara-cara penjimatan perbelanjaan bagi semua jabatan dan pihak berkanun persekutuan tetapi beliau sendiri galak memusnahkan kehidupan rakyat yang semakin genting akibat tekanan ekonomi harian sekarang ini.

Tahun lepas PM LEMBIK tidak memberikan bonus kepada kakitangan awam walaupun boleh dianggap hadiah "SEMPENA 50 TAHUN KEMERDEKAAN NEGARA" bukannya "KERANA HADHARI DAH NAIKKAN GAJI PADA JULAI 2007", namum hampir 80% kakitangan tetap kecewa dengan langkah penjimatan yang amat dangkal oleh seorang Perdana Menteri yang sangat LEMBIK dan LEMAH. Beliau kehilangan negerinya ke tangan Pembangkang pada PRU ke-12 namun beliau mengimpikan kekal sebagai PM hingga ke hembusan nafasnya yang terakhir sebagai Hikayat Kerajaan Tiga Beranak. Beliau juga tidak mengambil tindakan terhadap salahlaku para hakim yang tidak jujur dan tidak amanah atau kuat mengampu walaupun ternyata ada asas kes yang munasabah.

AMAT DANGKAL. MEMANG AMAT DANGKAL. ASYIK TIDUR...TIDUR TIDUR.....

ketidak kecekapan dan kebersanan DSAAB menguruskan sumber wang negara. Cuba tuan/puan nyatakan dari aspek apa yang di buat oleh kerajaan untuk langkah penjimatan, ketidak tirisan, dan langkah-langkah yang dapat menstabilkan ekonomi negara. Adakah kerajaan sekarang dapat menjana dan memicu ekonomi rakyat dan negara ke satu tahap yang kita kecapai pada zaman Tun Mahatir. Sebenarnya banyak lagi yang nak di tulis dalam blog ini tetapi yang penting sekali DSAAB MESTI MENDENGAR SUARA MAJORITI RAKYAT YANG MAHU BELIAU BERUNDUR DAN DI GANTI DENGAN ORANG YANG LEBIH LAYAK.

How do I have faith in this government?

Tun,

After reading your writing, I was a bit disturbed on how manipulative was ex-MB Trengganu and the kunchus of present PM (This criminal typology being repeated by people in power). This is another good case of using religion sentiments (fitting the people there) to cheat the people. It is a scheme. Trengganu is saved by the Sultan from going to the drain. I remember the late Ex-Governor of Bank Negara once said "Don't give money to the Monkey", this is good example of us giving money to the monkey. In life, there is no such thing as a complete honest man. Honesty perhaps is just a variable that can be influenced for better or worst. Greed not needs triggers temptations. In this case is GREED. We have to manage our greed. May Allah protect us all.

Politics is a multi billions business. Exactly.. like the starwars or LOTR trilogy. Their target.. is to blow up the rating as well as viewer's pocket. Solution is simple..stop spending your money to those films (political issues). Stop pooling for the government, don't buy any form of media controlled by the party that holds the government, react directly towards the improper actions the party that rules the government etc. The beauty of this new dawn era is.. AAB is managing his political career not the country. So.. we as a Malaysian should have a knowledge that, if he is a good leader..people will back him up and vice versa. Everybody make mistakes and should be given a time to correct, we need to be patience, unless nothing change within the given time, we MUST stand up and STOP it. As for some people, they do not realize what they're doing or don't know what to do. So, is a must for us to advise and give our opinion for the purpose of help. As for our case study, our subject holds nothing at all. Let us make him and his cronies get down. I'm Malaysian, I don't want one of our PM is being regarded as one of the dumbest PM in history of mankind that leads to the lost of our beloved nation. So.. stop battling among us, lets unite, stand together and show the party that controlled our government.. The power of people.

Akibat pembatalan perojek tersebut, membuatkan ramai rakyat yang susah untu keluar masuk keSinagapore melalui Tambak Johor, akibat keputusan yang sunggoh bo.....da....h ini.

Tentang pembaziran Wang Ehsan oleh Pak...le..lah,Dato Seri Idris Jusoh dan koroninya diTrengganu, rakyat Negeri itu patut menilainya yangmana lebih baik untuk Pilihan Raya yg Ke13 nanti.

YM Tuanku nasihatkan sikit duit itu duit rakyat dan bukan duit yang ditinggalkan oleh Mr EX MB yang dah kaya tu....

MB sekarang adulah perkara ini kepada BPR ataupun polis....

Tentang perbelanjaan Monsun Cup, tanyalah bekas Menteri Belia dan Sukan dulu Cik Azlina, dia banyak berahsia dalam ini, tapi pernah keluar dari mulutnya diKuala Brang, sebelum

Pilihanraya 12, yang perutukkan kementerian semua dikebas oleh Pak Le....lah untuk menjayakan Monsun Cup yang termashur didunia kononya.....

Salam hormat Y.A.Bhg Tun,

Kebanyakan RAKYAT MALAYSIA telah tahu akan kelemahan pimpinan AAB. Byk 'rumours' yg menceritakan pemasalahan beliau, bahkan Tun pun lebih tahu kepincangan ini sebab Tun telah mentadbir Malaysia selamat 22 tahun. Sehingga kini disana sini orang memperkatakan perkara tersebut. NGO's dan blog2 mempertikaikan perkara tersebut.

Saya dapati AAB ataupun kroni beliau hanya tahu menggunakan dana2 untuk kepentingan tetapi tidak pandai menjanakan kepulangan untuk Malaysia dan kepentingan RAKYAT MALAYSIA.

AAB dan kabinet cuba dan lebih suka memesonkan pandangan rakyat terhadap keritikan Tun, skandal NTR, keburukan parti Pakatan, masalah UMNO dan sbg bagi menutup kelemahan AAB dalam mentadbirkan negara dan kelemahan ekonomi kita.

Ini menyebabkan RAKYAT MALAYSIA amat marah kerana perbuatan tersebut menyusahkan rakyat dan mendorong Malaysia ke arah inflasi dimana pendapatan saraan hidup tidak dapat menampung keperluan saraan hidup sekarang.

Oleh yang sedemikian, apakah langkah2 yg kita boleh lakukan utk memastikan AAB turun tahta ataupun mengubah corak pimpinan yg lebih dinamik serta memberi faedah kpd rakyat dan negara.

Adakah kita hanya boleh sibuk memberi komen, kritik dan bertegang urat didalam blog2 sahaja? Saya rasa dengan begini sahaja kita tidak dapat merubahkan apa2.

Saya berharap sgt kalau kita dapat mencari satu penyelesaian untuk menangani perkara ini.

Sekian sahaja coretan saya buat Tun yg dihormati.

Salam kepada YAB Tun dan rakan bloggers,

1. Tun sudah kongsi maklumat dan saya yakin Tun bukan cakap kosong.
2. Apa kita boleh buat? Sekali lagi saya minta kawan2 yang celik undang2 untuk ambil tindakan yang wajar; buat laporan ke, ajar kami cara buat laporan yang tidak menjerat diri, dll
3. Sultan Terengganu dan rakyat Terengganu ada kes untuk dibawa. Ini masa untuk ajar Dollah dan suku sakatnya. Apabila Sultan tidak terima Deris Jusoh itu adalah langkah pertama yang bijak. Tapi apa lagi boleh dilakukan? BPR dan PDRM tidak akan bertindak jika tiada laporan, walaupun kita bercerita depan muka mereka. Ada laporan, ada arahan baru melompat..otak sendiri sudah tak boleh pakai.
4. Jika tidak dihalang, Dollah akan ambil dari tabung kerajaan untuk membayar tuntutan Terengganu tetapi suku sakatnya, katanya Patrick 'badawi' yang ligat buat projek di sana dan kalau betul info rakan blogger, si bedebah ni pakcik isteri kamaludin anak Dolah
5. Pihak2 yang sekongkol dengan setan selalunya suka perundingan terus (direct nego). Seolah2 tak ada lagi syarikat yang layak selain daripada syarikat ini maka kerajaan terpaksa mengambilnya...dan mereka suka direct nego kerana boleh letak harga gila2, ikut sedap hati je. Kalau tender terbuka, ramai pihak masuk maka margin keuntungannya kecil. Saya yakin harga projek2 di terengganu adalah mengikut harga kepala bapak dia orang je.

Thanx YAB Tun kerana tidak berputus asa untuk menjadi model kepada kami supaya ada pendirian dan nyatakan pendirian...inilah maruah kita.

Back in the good old days during your stewardship we the rakyat felt very much in touch with you. You observed and listened to what we say and want. It was a good camaraderie of give and take. * With "leaders" like AAB and Najib, who needs enemies?

The list of mismanagement of state funds and throwing money into a bottomless pit is never ending. Please name me one worthwhile national economic venture that AAB has initiated and has benefitted the rakyat?

Under the IDR Flagship Zone A, Johor Bahru City Centre is ear-marked (amongst other things) "Causeway (Malaysia/Singapore)" - What does this mean? Will the flip flop AAB regime now decide to reconsider the bridge project to replace the causeway?

Under all Flagship Zones (A to E); there are aspects of the development that are too vague and given AAB's bad track record of study and planning and implementation, I don't think they have been thought through properly.

I HOPE THAT MR BADAWI IS READING THESE POSTS AND REFLECTING ON HOW TO CORRECT HIS MISTAKES.

Dear Tun,

For sure not all Malaysian was not behind you on your development plan, ie, KLIA, Petronas Twin Tower, Sepang, Putrajaya and Cyberjaya. These developments did not escape 'gajah putih' perception from some of the public.

As I remember, KLIA was not only meant for passenger transportation but also for the largest cargo plane to land making Malaysia as the air transportation hub. It has to be in Sepang area for its vast green area that would be able to withstand the vibration caused by the plane. It is also among the greatest airport in the world regardless of no escape from toll to reach there for the local.

Putrajaya meant to transfer administration point and develop surrounding area and also giving people to have technological conscious area with piped gas supply and benefit from fibre-optic corridor from neighbouring Cyberjaya. The housing was also meant to chip out people fear not living in metal cage for all it houses was not allowed to have visible grill.

Cyberjaya was meant for regional IT hub at it was consistent with your advise for student to undertake IT degree at the time.

Little that public know, Twin Tower was using a unique and newly invented approach by using special cement mixture to reduce steel beam requirement and minimizing the cost. It is a great monument, attraction and also a center of goods and food inflation.

Your 'gajah putih' is not entirely gajah putih afterall. It was build with specific purpose and strategy. Why Cyber and Putrajaya was not as successful as it should be is not entirely on you to decide.

Pak Lah spent however have a lot of mysterious purpose. I can't see it. He had good move on agricultural approach, but the rest cost billions and run almost simultaneously. 1 completed project is better than 5 half way project. I wish Pak Lah could take it easy a bit before risking all of public money.

Tun,

Saya rasa pembiayaan atau pelaksanaan sesuatu projek tanpa perancangan dan pengurusan yang cekap dan teratur serta tidak membawa sebarang faedah atau kemudahan untuk jangka masa pendek atau panjang, mestilah ditolak atau dibatalkan sahaja kerana ianya suatu pembaziran besar. Sekadar nak kebas duit rakyat dan kepong semua projek untuk kroni, lagi membazir dan penyangak terhormat. Dulu MB Tregganu kata nak urus Terengganu baik2, lani duk corner nak beli mecedez pulak. Logikkah nak service V6 RM50,000?

Hi Tun,

best la dapat bagi komen camni, tak pernah terpikir pun nak bagi komen dalam ruangan blog Tun.

Hmmmm, rasa macam menyesal pulak bayar income tax, baik aku beli susu untuk anak.

Saya ingat dulu Tun selalu naik kereta kancil merah, tapi saya ingat saya tak pernah nampak pun pemimpin sekarang naik kereta kecil. Saya setakat beli perdana pun tak mampu, apalagi Merc. Kalau menteri nak sangat beli kereta tu, baik keluar duit sendiri. Tak payah pakai duit rakyat.

Dear Tun,

Apa yang saya suarakan beberapa minggu lepas Tun tapis. Ye lah mungkin bunyinya agak keras. Tapi saya dah jangka dan jangkaan saya tepat. Projek diberikan kepada Patrick Lim (Pak Cik isteri Kamarudin). Ada lagi, yang bersangkutan saudara mara, sahabat handai ngan Jean Abdullah pulak. Pasti ada Tun. Pasal tulah Pak Lah tak boleh nak turun lagi. Dia dok plan 2010 untuk turun sebab tempoh tu cukup untuk dia kasi perabih segala duit dibahagi-bahagikan kepada kroni-kroninya.

Salam Tun,

Apa yang berlaku dalam pimpinan kerajaan sekarang ni, dapat dilihat dalam company yg i kerja sekarang. Not much different. Rasa macam pemimpin lebih pentingkan sikap sesuka hati tanpa mengkaji rather than memikirkan kepentingan dan faedah kepada staff.

I think they plan to build Terengganu seGAH Putrajaya yang diilhamkan oleh Tun. Tapi hakikatnya..nampak secara terang, mereka kurang buat penyelidikan. Hanya membuat keputusan. Macam buat keputusan naikkan harga minyak dalam tempoh beberapa jam je.

My mom yang sekolah tak tinggi pon boleh wonder..apa yang Pak Lah usahakan?

Asslmkum Tun..

Before we get focused on Terengganu we already know how current PM is wasting our money by stopping the 2nd bridge project to Singapore.

It's so obvious how he play the power that we all entrusted him to use it wisely. All the decision that he made is blurred and miss the target. As an example BIO-FUEL. Looks like he made the decision by himself. No brain required just use his feeling.

What else in this 2 years left in his ruling time. Can we predict it and how we are going to counter part with all his management of this beloved country. How can we play our part

Petikan daripada buku "Menghadapi Cabaran" karya Dr. Mahathir 1976. Muka surat 69.

"...Kerajaan demokratik tidak pernah sunyi daripada berbagai teguran. Selain daripada mencuba memuaskan kehendak rakyat yang kerap kali tidak secocok, pemilihan umum atau pilihanraya merupa satu ancaman besar terhadap kestabilan pemerintahan kerajaan demokratik. Semua pemimpin Kerajaan terpaksa bukan sahaja memimpin dengan cekap dan berkesan tetapi mereka mestilah sanggup diperiksa dan dikritik oleh rakyat. Mereka dikehendaki mengamal dengan terang-terang semua nilai-nilai yang tinggi dan ideal seolah-olah mereka bukan manusia biasa yang ada kelemahan semula jadi. Kegagalan berbuat demikian akan membawa akibat yang buruk kepada mereka dan kepada pemerintahan Kerajaan yang dianggotai oleh mereka."

Apa yang Tun cuba bagitau kita 32 tahun yang lalu berlaku kini...fikir-fikirkanlah wahai PakLah!

Tun, something interesting in today's newspaper.

Hari ini dalam UTUSAN MALAYSIA:

DOLAH KATA:

"Kami mahu ia disegerakan(kereta elektrik). Kosnya hanya 3.5 sen Euro (17.9 sen) sekilometer... ia amat menjimatkan," katanya kepada pemberita selepas mesyuarat itu.

tapi,

DOLAH tak tau ke yg kereta Proton Savvy's fuel consumption hanyalah 8sen/km? (consider minyak naik 40% sekalipun baru 11sen/km)

DOLAH ni main hentam cakap ka apa? Or dia mmg xpenah tahu sebab xpernah isi minyak sendiri kut.

1 more thing Tun, why Hydrofuel suddenly became a huge phenomena di Malaysia ni? Mcm ada something between Dolah & them..kroni ka? Kalau lah hydrofuel ni sgt menjimatkan, why do other automotive car makers tak mass produce this tech before this?

teruskan perjuangan Tun. kami support habis-habisan.

Salam Tun,

Apabila seorang PM datang dari negeri yang kalah, kekalahan juga yang bakal dibawa kepada negara. Sejak pilihanraya MAC 2008 hingga kini kekalahan demi kekalahan ditanggung oleh negara dari pelbagai segi. Akhirnya apa yang tinggal agaknya?

Pembaziran demi pembaziran yang berlaku memuakkan rakyat. Ramai lagi rakyat miskin di negara ini tetapi seolah-olah tidak dipedulikan. Di satu kawasan perumahan tak jauh dari KL, dalam seminggu ada sahaja orang mengorek tong sampah bagi mencari tin susu, botol plastik atau kotak yang boleh dijual di kedai barang lusuh. Mereka ini bukanlah golongan penagih tetapi mereka terpaksa kerana ingin mencari sesuap nasi. Ini lebih baik bagi mereka dari meminta sedekah atau mencuri. Memang menitis air mata jika memikirkan nasib mereka ini.

Pemimpin datang dan pergi tetapi yang akan menanggung kesannya adalah rakyat samada baik atau tidak baik. Mengapa kita masih tidak berani bangun dan berjuang menegakkan kebenaran? Adakah kita masih tidak dapat bangun akibat ditidurkan oleh penjajah beratus tahun lamanya?

Teruskan menulis Tun, semoga tulisan Tun bakal menyedarkan mereka yang masih tidur dalam jaga.

Semoga Tun sentiasa dikurniakan kesihatan dan kekuatan agar dapat menulis dan meluahkan isi hati Tun di laman ini.

Sekian dahulu.

andainya kita masih ada pemimpin yang lebih mengutamakan rakyat. alangkah indahnya seperti di zaman Umar Al-Khattab yang selalu kembara malam untuk mencari rakyat yang kelaparan. kenaikan minyak amat membebankan rakyat yang berpendapatan rendah. apabila minyak naik segala macam benda akan naik. pertambahan kos untuk hidup akan bertambah berpuluh kali ganda kerana semua barang keperluan akan bertambah harganya. Tidakkah pemimpin-pemimpin yang bijaksana berfikir jauh untuk melihat kesan kenaikan minyak ini sebelum melaksanakannya. apa akan jadi kepada keluarga yang berpendapatan rendah dari rm 1000 dan yang mempunyai anak yang ramai? kasihan akan hidup mereka..

Salam Tun and others!!!

I was told once, when Paklah went to Trg, he will take off in the MB's car but he will then be transferred to Patrick Lim's car later on (when everybody's not looking). And also when the MB hesitated to sign any approval on PL's project or any other related projects, he will be receiving personal calls from Paklah urging him to sign the papers. Sorry but the MB actually didn't have much to say. It was actually Ppaklah,KJ,PL and a few others that actually controlled Terengganu not the MB.

Is this true???? Entahlah....!

salam kpd Tun...

mula2, saya ucapkan tima kasih krn siarkan komen sy ni.

Berdasarkan pemerhatian saya, pak lah BERKEMUNGKINAN akan membuat peralihan kuasa kpd DSAI kerana :

- mereka geng rapat semasa muda2 dulu.

- tindak tanduk pak lah semasa dia menjadi PM; MAJORITI memberikan DSAI kelebihan untuk menawan kerusi empuk PM.

- isu petroleum, budget negara yg dibelanja bnyk yg tak kena pada tempatnya seolah olah MENYURUH rakyat utk membut demonstrasi, mengutuk kerajaan dan membuatkan saya berfikir ATAS SEBAB APAKAH TINDAKAN PAK LAH INI...

-akhirnya, tetiba je DSAI keluar dari penjara, terus menjadi advisor kpd PKR dan kini yg TERKINI, DSAI umumkan akan bertanding di pilihanraya kecil.(kemungkinan di Permatang Pauh (parlimen Datuk Seri Wan Azizah.

-so, sy harap kengkawan sume pikirlah secara terbuka dan mendalam, mengapa pulak DSAI bertindak sedemikian?

-jika tiada agenda yg BESAR, mungkin sukar DSAI membakar semangat rakyat utk menyokong Pakatan Rakyat yang semakin mendapat sambutan yg SUPER2 MENGGALAKKAN SEKARANG.

-saya agak ini semua adalah satu perancangan rapi yg telah lama dirancang oleh pak lah, DSAI dan KJ.

-komen saya, jika ini boleh membawa satu kesan positif kpd rakyat dan negara kita yg tercinta ini, jom la kita sokong pak lah kerana terpaksa merendahkan dirinya kesatu tahap yg teruk semata mata KERANA SAYANGKAN RAKYATNYA DARI DITERAJUI OLEH SI NAJIB ITU.

(KES ALTANTUYA PUN TAK SELESAI LG DAH BERAPA TAHUN BEB !!!

SENDIRI MAU INGATLAH, PAKAI C4 LAGI LETUPKAN SIMATI TU.

PIKIRLAH DGN WARAS APA YG SAYA KUPAS INI.

TQ.

Assalamu'alaykom WRT WBT

Saya anak jati Kuala Terengganu. Dah lama saya terkedu melihat keadaan negeri kelahiran saya. Selalu terdetik di hati, bila lagi negeri kelahiran ku akan maju sperti tempat lain di sebelah pantai barat. Terasa benar bahawa negeri Terengganu di anak tirikan.

Bila Pok Yeh mencanang rancangan pembangunan di sekitar negeri Terengganu, saya terkedu dan berbesar hati kerana beliau terpanggil or he would have such a vision so close to what I have dreamed off. I like Pok Yeh for his vision but it was his ego that was hard to deal with. His one term minister helped to set the agenda for the state's development to some extent.

Setelah 2 billion dibelanjakan, sudah nampak wajah - wajah ceria, persekitaran dan pemandangan yang boleh di katakan setaraf dengan pembangunan yang telah berdekad berlaku di negeri-negeri pantai barat.

Saya amat berbesar hati dengan kehadiran masjid kristal di negeri terengganu dan dengan perubahan lanskap di sekitar sungai Terengganu. Cuma, Masjid Kristal itu telah salah si beri nama kerana ianya bukan sebuah masjid hanyalaj kerana dalam istilah bahasa melayu, masjid ialah tempat di mana solat jumaat di lakukan dan tempat solat yang lain di panggil surau atau

musolla atau nama lain. Dan kecelaruan yang timbul dek kerana nama kristal yang telah diungkapkan kepada orang kampung sebagai ada kaitan dengan kristian di sebabkan oleh pangkal kata "kris" dalam perkataan kristal dan kristian... orang melayu pun ada keris juga yang kadang-kala di eja sebagai "kris" ;)

If the 2 billion allocation had to come from the federal government's coffers, just consider it as a payback fund for all the years that Terengganu was sidelined in the federal fund allocation. Dalam tempoh 4 tahun pemerintahan Pok Yeh juga, saya dapat membaca lebih banyak berita berkaitan peristiwa dan hal ehwal yang berlaku di negeri saya di muka surat khabar utama. Sebelum itu hati saya terdetik apakah tidak ada peristiwa atau 'news worthy event' yang berlaku di negeri tumpah darahku? I'm happy to see how che mat said continuously engaging the media in most events planned around the state.

I don't benefit even a single cents from the "duit ehsan" that has been distributed for the last 8 years no do I get any government project. I'm happy to see my village folk said that now she can held her head high knowing that her state, Terengganu Darul Iman is finally taking a step forward in development and progress. Before, after coming back from a trip to the west coast, she would be wondering out loud about how nice it would be if our town can be a city or 'bandaraya' and look nice as other places... only to look down in despair and said " tadok duit nok wat guane? kata negeri ganu kita kaya tapi tadok napok aper pong!"

Taman Ilmu is not a waste of money even though some questioned how the contract was awarded. I sure hope Patrick Lim will become Haji Patrick Lim suatu hari nanti. Just being wishy washy! So that, it all come to a good end.

wassalam

Funds used for the Crystal Mosque could have instead be used to increase job opportunities for young people, increase security measures in some districts, jumpstart more support programmes for the poor and disadvantaged (and vulnerable communities), giving more life skills to the disabled, increase more social projects to improve the relations amongst the multi-racial communities, etc etc etc.

But naturally the money went to a mosque that serves no real purpose to Malaysians, nor would it suit many people living in the state.

Perhaps PakLah wanted the people to be distracted by the crystal mosque and neglect their issues with the Administration. Or perhaps PakLah just wanted them to pray for his long political career.

Either way, it is such examples where we continue to see a redundant Govt implementing projects which would drain our coffers dry and make us look like cretins.

There are many indicators that the Govt is unable to manage the country, unable to manage our natural wealth, unable to listen to the rakyat, and unable to justify their own actions. In deed we are govern by politicians who are barbaricly numskulls.

assalamualaikum dan salam sejahtera kepada pembaca chedet.com,

apa yang Tun nukilkan sepatutnya sekurang-kurangnya dapat kita fikirkan...

Namun, saya tertarik dengan komen dari mankapak yang menebut tentang kesultanan melayu melaka dan si kitul...

"Putaran sejarah, kalau ikut zaman kesultanan Melaka, dah dekat sgt dah untuk kita dijajah semula...siapa si kitul zaman moden?...fikirlah sendiri..." - mankapak

Dari segi sejarah, sekurang-kurangnya Kesultanan Melayu Melaka mampu bertahan sekurang-kurangnya lebih dari seratus tahun dan dijajah selepas 100 tahun. Malaysia pada ketika ini (jika diambil daripada tarikh kemerdekaan Tanah Melayu) belum pun mencecah 51 tahun pun.

"Putaran" yang saudara mankapak maksudkan jauh yang amat (100 dengan 50, jauh sangat tu)..sila perbetulkan anggaran masa..

Cuma, tidak dapat tidak, andai kita semua tidak melakukan sesuatu, "Putaran" itu boleh menjadi makin cepat sepertimana yang disimpulkan secara "mudah" oleh saudara mankapak.

Sejarah tercatat bukan sekadar bacaan, tetapi untuk penghayatan dan diambil pengajaran

(sepertimana yang tercatat dalam bab 1 matapelajaran sejarah tingkatan 1 KBSM). "Putaran" itu boleh dielakkan andai kita semua, baik dari rakyat jelata mahupun golongan pemimpin, mengambil inisiatif agar ianya tidak berulang.

"Melaka jatuh dikala Tun Mutahir difitnah dan penggantinya Tun Perpatih Putih tidak termampu menunaikan tanggungjawabnya sebagai bendahara Melaka. Apakah Malaysia juga berkongsi nasib yang sama?" - <http://al-razi959.blogspot.com>

so macamane nak move on?..selain menumbangkan Pak Lah, then what?..

I dont think Tun will become our PM again, i dont think you have that plan..next PM, capability wise, still in question..Ku Li ke?..or Mukhriz?, who do you think can deliver the task as PM that suit best to you? Are u sure the next PM can deliver? How if u make the mistake same like what u did when u introduced Pak Lah as your successor? Najib?..

So moving forward, how to solve the political issue now..Pak Lah step down as PM alone would not solve the Problem..are u going to form another party now? U acting as opposition right now, at the same time, opposing Pakatan Rakyat..Currently it become more worse, coz the support for BN will further splitting..Opposition is strenghtening their position, are u going to allow them to take over the Government?..i dont think u would..

Unless if u are saying that its now time for the opposition to show how much are much they worth.. indirectly, u continously send messages on how weak the current government is.. as rakyat, what option do we have rite now?..u're not in BN, do not form any new party..and u are not going to be our PM again..then what?..

Let get rid of this political issue..i'm tired..there a lot of challenges we are facing ahead, hopefully, the current economic crisis can be handled in comprehensive way to ease rakyat burden..rakyat should not be victim due to political issue..re-united?..

Assalamualaikum Tun,

Pak Lah suruh rakyat tanam sayur berhampiran rumah untuk berjimat, saya amat terharu sekali dengan idea bernas beliau ini. Pak Lah suruh kongsi kereta ke pejabat, lagi saya terharu. Pak Lah suruh jimat itu jimat ini, macam-macam saya terharu.

Pak Lah membazir - satu 'Malaya' tahu dengan projek yang tergendala, yang tak jadi, yang dijual semula dan yang-yang-yang lagi.

Tun dah bongkar 'tengganu kito'. Selama ini rakyat dok ontok aje. Ex MB Trengganu bermimpi nak 'overtake' Melaka. Tapi dia silap tak buat 'homework' sikit aje. Melaka tu banyak bangunan lamo-lamo, tak keluar duit pun, pakai duit sikit untuk 'maintain'. Bila ramai orang datang melawat(melancong) dan dah dapat duit, barulah KM tambah produk-produk secara perlahan-lahan(beransur-ansur), bak kata orang kampung, 'makan tahun' nak dapatkan yang baru. Inilah cara yang bijak, rakyat tak terperanjat(tekojutlah)

Pak Deris nak buat kalau boleh "hari ini kahwin besok dapat anak". Kononnya ada orang pusat 'cover'. Iklan sepanjang hari, sepanjang bulan, sepanjang tahun, dalam TV sampai rasa ada yang tak kena dengan negeri ini. "Kusangka panas hingga ke petang, rupanya hujan di tengahari" nasib tak menyebelahi Pak Deris.

La ni MB baru buat gempak pulak, baru dapat rezeki dan duit royalti dah nak pakai kereta mewah (Mercedes Benz E200). 1 unit kereta E200 ini boleh beli 3 unit Proton Perdana V6, bermakna 10 unit E200 = 30 unit V6. Kalau diberi 3 unit V6 kepada seorang EXCO dah tentu mereka boleh tukar-tukar kereta, disamping menjana pendapatan Proton, kan gitu lebih baik.

Kita ambo rakyat tahu negeri demo kayo, jangan hanya kos servis tinggi terus nak tukar selera. Kerajaan pusat dah tetapkan kereta EXCO adalah Perdana V6, tak sekolah tinggi agaknya MB baru ini, tak tahu peraturan dan arahan, ikut selernya sahaja.

Jangan-jangan demo ni nak bagi satu peluru pada Pak Lah kot. Nak tengok apa Pak Lah boleh buat.

Jangan asyik memandangi bintang dilangit, takut nanti kaki terpijak duri, aduh. "Membazirin is setan friend" "Ber riak-riak gugur amalan baik" "sombong di benci manusia dan ALLAH yang kuasa", kesemuanya wajib ditinggalkan.

Na'uzubillah

May peace upon all of you, weather you are muslim or not. It dosen't big matter.

Today, our top guy become more greedy plus crazy. and today we are facing bis task. The dump of economy which is already felt by malaysian and people all over the world. We now that the crude oil is keep increasing with no end. Be a TOP GUY should be the toughest job to day. As you can see, the top guy now doesn't like our best guy before. Not to say he is stupid, he is not stupid actually, he is ALBERT ESTEIN..he know how to manipulate people around him and pretend to be ULAMA of ISLAM HADHARI (I tough islam hadhari would be more suitable if we say ISLAM ADA HAD HARI not to cynical but the reality it is happen)

Gov nowadays, giving more excuses to not help our rakyat. For me as IPTA student, i feel being cought and put in the jail by AUKU. Everthing must obeying stupid law, i don't know who made it. But for sure if i would be some guy in the future, for sure i kill the AUKU..

Masa depan malaysia sekrang nie dah macam telur di hujung tanduk, jatuh kat mana pun hancur. Sama ada Pak Lah atau Anwar semua hancur. Najib lak entah lah nak komen macam mana. Kalau org beriman dia akan tegur ketua dia yg ad buat salah dan khianat kepada rakyat...

So, kita serah kepada Allah untuk menunjukkan kita siapakah pemimpin yang baik dan bertaqwa setanding dengan pemimpin islam dahulu di waktu era kegemilangan islam.

Please say this prayer :

" Ya Allah, Tuhan Yang Maha Pengampun. Tunjukkan kami jalan yang lurus, kurniakan kami akal yang sihat serta ilham supaya dapat kami memilih pemimpin yang soleh dan beramal bakti yang jujur dan amanah dalam menjalankan tugasnya. Oh, Ya Allah kurniakan kami negara yang aman dan baik ekonomi. Ampunkan lah dosa-dosa kami. Kurniakan kami kekuatan untuk menghancurkan maksiat dalam negara kami. "

Amin.Amin Ya Allah...

Kita kena ingat juga ini mungkin ujian kepada kita atas keterlanjuran kita dalam berhibur. Macam-macam kita layan hari ini, Gangstar lah AF lah...berhibur x salah tapi berpada-pada mengikut batasan dalam islam. Allah mungkin menguji kita dengan ketandusan pemimpin yang baik...Semoga kita berjaya dalam ujian ini...

SALAM BUAT TUN DAN ISTERI SEMOGA SIHAT HENDAKNYA!!!

APA PANDANGAN TUN MENGENAI PENANGKAPAN PENJENAYAH PERANG BOSNIA???

By artmart on July 22, 2008 7:05 PM

Pak Lah & the gang,

Kalau berdepan org kata biadap sebab tu guna blog Tun ni harap2 ada lah pak menteri yg boleh tolong bagitau kat dia suruh dia berambus. Dah tua pun ketegaq.

Pak Lah ni perasan org suka kat dia. Yang sebenarnya pembodek2 tu senang nak kipas org tua mcm Pak Lah yang tak membaca. Gunalah otak sikit. Bacalah blog Tun. Semua dah meluat cuma adalah dua tiga kerat yang sokong dia. Itupun kita tak tau siapa sebenarnya depa tu. Entah2 kroni2 dia.

Yang dok sokong dia ni mesti ada kepentingan. Sehingga harini dia dah `sapu bersih' wang ehsan Terengganu dgn bantuan Idris Jusoh. Wilayah Iskandar ni sebenarnya pembangunan untuk siapa? Berapa banyak singaporian dah sogok kat KJ untuk buat projek macam tu. Memang bangga betul lah Pak Lah ni.. (maaf terpaksa guna bahasa kasaq sikit sebab dah tak tahan).

Minyak naik 40%. Bil letrik rumah aku tiba-tiba naik 30% daripada biasa. Depa guna formula baru..

Cubalah fikir kalau gaji RM1500 sebulan mcm mana nak hidup kat KL? Tolak EPF & socso tinggal lah RM1350.00

Secara purata :

Sewa rumah 400

Sewabeli kereta 350

Bil letrik & air 100

Tambang bas anak 60 (untuk 3 org)

Belanja sekolah anak 90 (RM1 sehari seorg)

Barang2 dapur 200

Total 1200

Tinggal lah baki 150 untuk minyak kereta, pakaian dan macam2 lagi. Macamana nak hidup Pak Lah oii..

Harga barang naik melambung lepastu gaji tak naik. Kos sara hidup dah meningkat gila-gila. Bila Anwar bagi idea supaya bantu rakyat semua menteri kata anwar tak betul. Kalau anwar ni bodoh takkan dia berjaya tambat hati Amerika....

Kalau kita tolak tepi isu liwat, altantuya, scorpion & semua cerita2 konspirasi rasanya siapa yang ideal nak ganti Pak Lah.

Najib? (Rosmah yg akan perintah)

Muhyiddin? (habis semua benda dia privatise)

Syed Hamid? (seronok Singapore dpt pasir & pulau-pulau lain)

Mat Taib? (bawak lari duit negara pun takpa sebab tak faham bahasa)

Ali Rustam? (jadi pak turut Pak Lah)

Hishamudin? (pegang keris tak kena gaya)

Shahrir? (tak faham ekonomi, dia kata minyak naik tapi harga brg takkan naik)

KJ? (semua khazanah negara dia jual)

Ku Li? (dia sanggup haramkan parti, kisah bank bumi pun tak habis lagi)

Nazri? (semua org tua dia kata nyanyuk, spesis kurang ajaq)

Zahid? (spesis lalang)

Eloklah bagi kat Anwar. Mungkin dia dah jadi insan berhemah setelah bertahun dalam jail..

assalamualikum tun.

thanks for the revelation.the richest state in malaysia still has a vast number of hardcore poor.that should count for some kind of an achievement.

during tun's time,some mega project like sebang f1 was frowned upon.but today the country is benefiting economically from it.what pak lah is trying to do is to match tun's achievement with his own.thus the crystal mosque,monsoon cup and not to mention our greatest feat yet,sending our own scientist to space..or more like a tourist to space.

well Malaysian,that's pak lah.son out law defines whats profitable and pak lah okays it.patrick badawi profits and terenganu remains the richest state of Malaysia with one of the highest number of hardcore poor.

well done.it's only going to get worse.it's an uphill task for pak lah,so he'll throw more rebates,freebee and presents to be in power till 2010.definetely short term measures that will start to crack around the time he steps down.so my fellow Malaysian....what's our options?tun?anybody?

Malaysia boleh....Malaysia boleh.....Malaysia boleh.thank you pak lah and family..thank you.

i hope Tun dont be too over personal to Pak Lah..i remember when someone asked about how the Country can moving ahead without you, during your retirement as PM, u're saying that Pak Lah is backed by good cabinet members, who involves in decision making to drive our Country..

Critisme to Pak Lah also means to all cabinet members as well..i'm afraid that they will use ISA to prevent you from speaking up..i hope not!i understand ur dissapointment over Pak Lah's policies discontinued some of projects initiated by you that sending wasteful management of funds during your time, but, we are talking about realising wawasan 2020, with current situation, i dont think your wawasan 2020 can be materialised..we need your help, your guidance, your ideas..pls reunited!

Wahai azee72,

komen anda seperti menuduh Tun melakukan pembaziran dan korup?

Saya masih ingat time KLIA baru siap, punya la ramai dok mengutuk Tun betapa membazirnya buat airport sebesar2nya dan begitu canggih....tapi kalau tanya pelancong...semuanya akan begitu terpesona negara sekecil Malaysia ada kemudahan yg begitu canggih...tapi...takde pulak orang kita sendiri yang memuji sekarang?

Tentang Litar F1 Sepang..pun Tun kena kutuk gak membazir...tapi sekarang...satu dunia dah kenal Malaysia

Tentang Putrajaya....biasa la...kena kutuk gak...tapi...kalau tanya pelancong...antara tempat2 yg diorang nak pegi...salah satu destinasi utama ialah PUTRAJAYA dan tentunya KLCC (pun kena kutuk gak kot?)

Hampah...tau nak kutuk saja

Tun

One of these days, I hope you'd find it within yourself to admit to the things that you regret doing. One of those must be changing the word 'royalty' to 'wang ehsan'. When you did that before, I told everyone only DrM was capable of doing that. No other people in Malaysia or indeed in the world that I know would have the courage to do that. Obviously there's nothing wrong with what you've done and I'm sure you can look at yourself in the mirror and sleep very well indeed at night. From the comments in your blog, there are also millions of people who would agree with you. Also you are now in the eighties and still going strong. You're a great man indeed.

I wish you're my father then I won't have to work so hard ...

Assalamualaikum Ayahanda Tun
This is an old story. I have long been puzzled why it is so difficult to throw the rule book at the perpetrators of this sort of excesses. As you wrote, there are rules and regulations about how government money should be allocated and used. Were the rules adhered to? If they are not, wasn't the two billion spent illegally? Is it that difficult to follow the paper trail of who approved what and when? Why no action against Idris Jusoh, Patrick Badawi, etc. Or, are ministers and their friends above the law?
Mere insinuations and innuendos won't do!
By reza aljunaid post on July 22, 2008 7:41 PM

Waduh...waduh...begitu hebatnya pemborosan yang kerajaan tikus Pak Lah dan kerajaan tikus Terengganu buang duit...bakar duit....

Penjelasan Tun itu nampak ada asas kukuh...saya yakin dan percaya dengan Tun...

Memang mudah nak habiskan wang...nak belanjakan wang..tapi bagi orang yang diberi amanah menjaga wang..lebih-lebih lagi wang rakyat..perbuatan membuang wang..boros..mengadakan projek tiada daya ekonomi..tiada nilai kepada megara...tidak beri kebaikan kepada rakyat..kepada negara..dan ini berlaku dalam zaman Pak Lah memerintah..

Kepada kerajaan Pak Lah berikut adalah projek rakyat :

- 1-Jambatan Johor-Singapura..ganti tambak Johor..sebagaimana arahan Sultan Johor.
- 2-Naikkan taraf Pulau Tioman..
- 3-Setiap negeri perlu diberi peruntukkan yang adil. La ni tak adil...Terengganu dapat 5 billion...sabah dan sarawak dapat 1 billion...negeri lain ratusan juta aje...mana adil..?
- 4-Projek penempatan semula kampung tersusun..
- 5-Buat pelabuhan baru canggih di Kelantan
- 6-Buat rel keretapi dari pantai barat ke pantai timur menghubungkan Pelabuhan Penang dengan Pelabuhan Kelantan
- 7-Indahkan Selat Teberau..
- 8-Jadikan proton waja CPS Campro kereta rasmi setiap negeri dan pusat.
dan.....turunkan harga minyak...jadikan harga minyak sebagai senjata kekang inflasi...sekitar RM 2.15 ke....kerajaan masih boleh hidup...

Cari tenaga tambahan alternatif segera sebelum negara kehabisan bekalan hasil minyak...

Sediakan pinjaman bina rumah dengan bayaran berpatutan kepada rakyat..

rakyat miskin diberikan bantuan menerusi ASB...

baiki kemudahan jalan di kampung..desa..

beli barangan buatan Malaysia...

tetapi....semua ini tidak akan menjadi kalau Pak Lah mengamalkan dasar kewangan tidak berhemah...tidak mengikut Financial Ordinary Order...

Pak Lah kekurangan Fokus...Pak Lah tak ada projek sendiri...dari buah fikirannya sendiri...ada ke..?

Tapi nak buat macam mana...dah rezeki Pak Lah jadi Perdana Menteri atas dulang emas hasil keringat Tun Dr. Mahathir....

Kalau ya pun....tunjukkanlah rasa bersyukur itu dengan ucapkan terima kasih kepada Tun.Dr. Mahathir.....samada dengan secara lisan..atau perbuatan ke...

Sampai la ni...Pak Lah sedikitpun tak pernah saya tengok buat baik dengan Tun....maksud saya hormat pada orang tua...

Saya tak suka orang tua dilayan macam sampah....lebih-lebih lagi kepada Tun...contohnya macam kes sembur mata beliau kat Kelantan tu dulu..sampai pedih mata Tun menahan sakit...kenapa orang itu dibiarkan lepas bebas ...???

La ni...pembangkang yang diketuai Wan Azizah tidak boleh diharap...mereka berjuang bukan untuk rakyat...sekarang mereka sedang sibuk mengira laba....

Walaupun usia Tun sudah mencecah 85 tahun...tapi semangat dan akal Tun masih utuh...memberikan pendapat adalah juga satu sedekah...Tun telah banyak bersedekah dalam bentuk pendapat yang bernas...kritikan Tun pula adalah satu azimat..selaras dengan kehendak Allah S.W.T.....berpesan-pesanlah kamu dengan kebenaran..dan berpesan-pesanlah kamu dengan kesabaran.....

Kerajaan Terengganu dan kerajaan pusat!!!!!!...jangan membazir...kerana membazir itu adalah saudara Syaitan.....!!!!!!!

Ok Tun...bye!!

mamat said kata dia akan utamakan kepentingan rakyat bila jadi MB, tapi hari pertama jadi MB dia terus pakai mercedes. S Class lagi. Kelulusan pembelian Merc untuk exco dan pegawai kanan pula dibuat dalam mesyuarat exco - antara yang terawal dipengeruskannya. Nasi sudah jadi bubur, mercedes semua dah sampai, dah pakai pun, nak bincang apa lagi..

Inilah sebab yang PAS nak sangat si mamat ni jadi MB, sebab senang nanti dia orang nak take over Terengganu dalam PRU 13. Hari-hari buat silap, cakap pun merapu.. Kalau nak tahu PASlah yang mobilize ramai orang pergi sambut Sultan pulang ke TRG suatu ketika dulu. Macam AAB jugak, PR memang nak kekalkan dia supaya senang tawan kemudian.

Dear YAB Tun Dr.M,

Just curious....Did the people of Terengganu knows that their state is the richest stae in Malaysia? How log they been getting this so called "Wang Ehsan"? How these "Wang Ehsan" used all these years? Did these "Wang Ehsan" which received from the Petronas well distributed to the development of the state? What are they? Can this be identified? How these people of Terengganu enjoyed these wealth received from this "Wang Ehsan"?

I'm sure they would have basing on the current situation where they believe in BN and have voted for them...It will be good if Tun could explain those in details. We believe that Tun done a lot for this country and people but by giving us the full picture it will definitely open everyones eyes.

Hidup Tun! Caya gua sama Tun Dr.M.

Thanks.

What is surprising how the opposition is very happy to have this incompetent leader heading BN as this would allow them to seize power more easily. Nepotism in Malaysia has led to unqualified and weak and useless people taking positions of responsibility.

No one doubts that Pak Lah is pathetic; he needs to step down so that he can sleep more! Otherwise the country will sleep-walk into an economic disaster which we will not be able to recover from. And Tun won't be there to save us as he did in 1998!

If its Tengku Razaleigh or Muhyiddin, perhaps I might reconsider. However, if Tun would somehow be running actively or otherwise, in the election - on any ticket - be it UMNO or New Party (or even bebas) , definitely my vote goes to Tun. Not only that, we can all turun padang and work hard for this. What the nation need right now is Tun's frame of thinking and political vigor. If we have these again, I am certain that we could all be team players once more for Team Malaysia. Why not Tun? Never say never they say. Throw us bloggers a hint Tun?

Assalamualaikum Tun!

Pembaziran adalah salah satu agenda dalam kerajaan BN. Itu realiti! Tanpa perancangan dan penghematan dan kajian. Membuat sesuatu semuanya ada udang disembalik batu. Itulah kerajaan BN sekarang.

Pepatah cina ada mengatakan "Musuh kita yang paling utama ialah sahabat kita". Maknanya sahabat kitalah yang tahu serba serbi, kebaikan dan keburukan kita. Jadi jangan bermusuhan. Inilah yang terjadi pada Tun. Pak Lah buat silap banyak dengan Tun. Jadi patut sangat Tun bongkar apa yang patut yang Tun ketahui, bagi rakyat tahu kebenarannya walaupun ruangan ini mungkin tidak mendatangkan apa-apa kesan bagi kerajaan sekarang tapi setidaknya-tidaknya para pelayar laman ini tahu serba sedikit maklumat dari orang dalam.

Subsidi kepada rakyat ibarat 'korek lubang, timbus lubang'.

Salam YABhg Tun,

- 1) You are right that the BN under Pak Lah has mismanaged the Government fund due to wrong advices by the ministers, cronies, Umnoism and many more who pretend they are clever but actually they are stupid such as Khairy and that President GPMS (cannot remember his name).
- 2) This started when Tun's administration removed Wang Ehsan when Pas ruled Terengganu. Ordinary citizen acknowledged that Tun's action was inappropriate. PAS is rightly to manage the fund when they governed the state. I believe if that be so, PAS will continue to govern the state until today.
- 3) What is the value of RM3.4 million worth of Mercedes Benz compared to billions taken by the Fed Govt? No issue and the explanations given by MB is acceptable.
- 4) The Jabatan Audit Negara should audit the funds used for the Monsoon Cup, Crystal Mosque, Pulau Duyung, etc. And who is involved and how does Pak Lah relate to Azreen then Patrick Lim? If the fund was appropriately approved, the question is whether such decision is appropriate or not? Then comes a question of credibility... alas... the Fed Govt under Pak Lah does know to manage! Simple.
- 5) Any suggestions of Royal Inquiry? Of course Pak Lah said no.
- 6) I suggest, give Terengganu to PAS together with Wang Ehsan. See whether they can govern or not? And definitely PAS will questions on the project carried out by Pak Lah and Idris.

Wassalamu.

5 billion, wow that is the big amount..... i hope that that money can be use to reduce the fuel price or even a good intention that provide more facilities to sabah and sarawak. dont just make few fly over at KK is good enough. we cant feel the damn thing is wasting money.....

U know Tun since the fuel price up, KK is like a ghost town to us, all the kedai makan is empty. all the mall is empty... why.....

with the 5 billion we can do lots of thing beside building up a thing to see only, what we need is proper arrangement and planning from the government to improve the economy of our country and Sabah, not just build those building and fly over that the rakyat cant feel the impact by just watching it. Remember we cant eat the thing. What for after build no maintaince.

this is why the ppl at Sabah are support Dato Yong for the vote of no confidence to the PM now.....

If u Tun still the PM i`m sure that u can plan a good strategy planning to avoid this problem especially the fuel price and the waste of 5 billion (not 5 rinngit)

To Azeen72:

Dear Azeen72..Did we need to tell u who has wasted a lot and corrupted all the way? it's obviously seen, azee. Pak Lah lah orangnya~ membazir buat itu buat ini, tp habuk pun takdak..Tun Dr Mahathir is different.He is a wise man.That's why when you go overseas, you get to see foreigners who keep on asking how is Dr Mahathir doing, die sihat ke tak, etc..This might surprise you but fyi, none of them will ask you about Pak Lah.Why?Because they just don't know him/ don't have any idea about his contribution!Dr Mahathir has a very brilliant idea and loud in almost every matter. He has spent people's money for the nation's own good.C'mon, Malaysia won't stand at the high level as it is today if not due to Dr Mahathir's contribution. I hope that will ring the bell for you..no hard feeling,okay..=)

To Tun Dr Mahathir:

The current government should have been wiser in spending rakyat's money.I hope there will be no more cases like Augusta and the crystal mosque.Hopefully...Take care, Tun.

"Saya berharap agar Tun mengemukakan satu topik dalam blog ini (www.chedet.com)
"berkenaan dengan pelan tindakan yang perlu diambil serius untuk menangani masalah semasa ini bukan sahaja kepada Kerajaan Malaysia, malah kepada semua rakyat jelata agar dapat merealisasikan Malaysia menjadi sebuah negara maju dari segi Sains dan Teknologi dan juga dari segi Agama, Bangsa dan Negara."

Ini jawapannya..... saya rasa....

Assalamualaikum Tun,

Saya amat-amat berharap agar Menteri Air Lior Berbuih dapat menyanggah apa yang diperkatakan oleh Tun. Menteri Air Lior ini mempunyai banyak saluran untuk menyanggah apa yang diperkatakan oleh Tun, kami rakyat berharap sangat nak lihat Menteri Air Lior Berbuih ini nak mempertahankan bosnya. Hari tu bos dia menaikkan harga minyak sampai 40% dialah jadi jaguh untuk berdebat dan mengatakan kenaikan minyak tersebut adalah baik. Kali ni kat negeri dia, bos dia melingkop duit rakyat apakah dia masih nak mempertahankan lagi. Apa lagi Pak Lah & the gang nak jawab mengenai ini, kalau tak sedar lagi susah nak jawab dalam kubur nanti.

Dearest Tun.

I'm 50yrs of age.Almost half of my life has been under your leadership and I felt comfortable and secure.But now under DSAB..everything looks bleak.I'm worried about our generations future especially the malays.Maybe this is GODS'way of punishing us for being 'mudah lupa'.Permata dianggap kaca.

Tun,thanks for those wonderful years.You're indeed GODSEND.I hope and pray that one day GOD will deliver us another leader like you.

PS. wanna make a comeback?

Dearest Tun,

The country need to go on without all these negative discussions. Why dont you talk about something you know. About the many positive things that can be done to make Malaysia better place. If not, talk about something you really know. About the billion of ringgit that you and you team in the Govt wasted. It is an irony for ordinary citizens like us to accept that while you are being paid allowances now, you are damaging the source.

There are people who condemn on your mega projects they think it a waste of money when you were PM. the fact is most of your projects benefited the people and the country.

You have visionary skills and full of wisdom; pak lah is not smart he should have you as an Advisor BN would not have lost so badly. Malaysia boleh with him around tak boleh.

Salam TUN,

Feel very sad and down, tonnes of monies was misused without having any benefit to rakyat Malaysia. Spend monies not wisely but crazily.

We are the middle income ppl, we know how difficult it is to earn a living. Life is getting tougher and tougher each day, work days and nights, back bone and knee aching only gain small amount of money.

But during your ruling as PM, you always emphasize on purchaser buying power. With little bit of money able to buy more goods. Now we cannot do so because.....,

TUN,now the buying power no more belongs to rakyat but was fully possessed by AB and the gangs.

Salam sejahtera Tun Dr Mahathir Mohammad,

Apa yang Tun dedahkan semuanya betul dan tepat. Tapi setakat itu ya Tun, rakyat tak dapat buat apa-apa sekadar melepaskan geram kat ruangan Internet sahaja boleh. Memang rakyat Malaysia amnya dah meluat dengan pucuk pimpinan negara. Apakan daya. Kena tunggu sampai Pilihan Raya Ke 13. Dalam pada itu, macam-macam perkembangan berlaku setiap hari yang mampu merobah pendirian rakyat. Kuasa rakyat hanya semasa Pilihan Raya sahaja lepas itu tunggu dan lihat. Saya sebagai rakyat Malaysia amat sedih dengan perkembangan semasa sekarang. Moga Tun dan keluarga sihat selalu. Banyak berehat ya Tun. Kawan kita yang buat perancangan ini semua dulu Tun juga yang lantik ? Satu penggal atau tidak hanya Tuhan yang Maha Mengetahui. Selamat Malam Tun.

Dear Lah,

Pak Lah has lost control in the administration of the country. He is a confused lame duck Prime Minister, who after 5 years at the helm is still struggling how to move the country forward. It is rather sickening to have a Prime Minister who is so weak that he could not even think the simplest idea or formula to create value added to the economic well being of the rakyat. The rakyat now are very restless to see what is really happening to the country. Nothing is right politically and economically under Pak Lah's administration. And yet he is still having big ego trying to stay on until year 2010. Is he out of his mind? Shame on him !! He doesn't gain anything at all in terms of his image whether he resigns today or stay on till 2010. Everyday he is becoming a laughing stock of the rakyat who treat him as if he is like a real "clown". I just wonder how can he sleep well every night when he knows exactly that he is no more an important asset to the country that can bring "miracle" to the already distressful state of affair!!

dearest unreplaceable Tun,

i pickup this not from a reality tv.. i want to share this with malay bloggers while other races can enjoy it as well...

wong sells barang x to kong at rm 200. kong markup to ali for rm 600. ali shares with an internal kroni and get a good sales to jabatan x for rm 1800. 'kroni' gets 400, ali gets 800.

if wong sells barang x to ali direct, the price is still rm 600 (he is not entitled to get a chinaman clan discount for being a malay..). ali shares with an internal kroni and sell to jabatan x for rm 1800. again 'kroni' gets 400, ali gets 800.

but if kong sells to jabatan x and shares with the internal 'kroni' at the same price.. 'kroni' still gets 400 plus hamper, kong will get 1200.

the best part if wong sells barang x (where he got for rm 100 from mainland china), direct to jabatan x, at the same price.. 'kroni' will still 400, a hamper and karaoke ++ treatment, wong will get 1300..

if you are being a 'kroni'... mana lagi best? tentu deal dengan wong kan.. he he he! ++ lagi.

BUT WAIT!!!... 'since this is the 'flip flop' season..' 'the deal will go like this then..' 'i learn this from oxford..', said the monkey from 4th floor.

it doesn't matter with who ali buys from, wong or kong. the deal will go more or less like this..

wong sells barang x to kong rm 200. kong markup to ali at rm 600. ali shares with an internal kroni and get a good sales to jabatan x for rm 18000. yes, for rm 18000... kroni gets 6000, ali gets 11400.

ha ha ha! 'just add zero to the total and it's all done!..' 'we are the 'flip flop' goverment.. ha ha ha!'

wong and kong will complain that ali is making more money than them. 'itu orang lasuah banyak kuat..' 'itu kloni jabatan banyak jahat.. makan wang rakyat...' maka ramai la melayu pangkah parti cap 'x' sebab tak puas hati..

parti cap 'x' pulak keluar statement, 'we will propose an open tender to public to be fair..'

'alo towkey, betoi ka ada fair kat sini aaa???? betoi tala tipu aaa..'

btw, i saw ali yesterday proudly driving his new car.. 'seorang bumiputra yg sangat berjaya!'
By suppie kugrimo on July 22, 2008 11:14 PM

to malays,

let's all 'unite' and put our political differences aside. together we will march forward and build this nation back to it's pace. as long as you are 'melayu', you are one of us. we have smart malays all over that is capable putting us back at track. there will be no egos here. with a good heart and passion, strong believe towards this country, we will rule.

as for other races and neighbours, not to worry! we are not a criminal and bad people.. we are a peace loving race. but to all 'traitors', regardless of what race and party you are in..., time will tell.

may Allah almighty bless us all.

take care Tun, the quest does not ends here.

Dear Tun

INVISIBLE LOST OF BILLIONS

When a government too slow in implementation of scheduled important project in develop nation on time with RM9 now,the lost of time it self cost billions of ringgit,many of us didn't realised this lost because accountant figure put profit and loss book ledger statement doesn't covered that in general terms that applied in overall cost or invisible lost of time over progress,why i say this?

Just took example of scenic bridge,it cost 1 b to build in 2003-2005,after cancelled it,it lost defamation to contractor and site abandon cost few 100m,if implemented over abandon,need only few 100m to complete at 1 b compared time lost material cost now can be like 3b plus.Thus it is a lost of precious planning time cost worth more,now we see time here already cost 2 b extra.

The delay,review,cancelled,redesign,reopen tender,review.kiv,put on hold,belum ada peruntukan happened in RM8 project since AAB took over 2004-2006 had indeed another invisible loss of 10 of billions.the whole RM8 couldnt continue actually push to RM9.so the present RM9 package was in real combination of previous RM8,again is lost of time and same scale of project do not implemented earlier now 2008 masih debated in mid term review,due to higher cost to build,many still likely kiv till RM10.It seem MOF do not have consistent decision of implement which project go or no go in RM9,we heard a lot of projects proposed approved within that ministries stuck in MOF because need AAB final approval,many of project recommended positive for award before and after PR 12 also review,due to politic treat and balance.

When we think back AAB had been in MOF from 2004-2008 four years before PR 12,he was a easy happy going PM,had 90% rakyat voted him,no problems of politic,and this easy going 4 years AAB did fail in implementation of nation development,flip flop most time,if sum to an estimation,only 1/5 of RM8 and RM9 is on his track,the rest, 4/5 as he promised will resolved

before Jun 2010. Well, seem if 4 easy happy good years build only 1/5. the present treat of PR opposition politic in 5+1 states, will influence his mid term review of RM 9 to move those projects to his BN controlled states, many projects switch of MOF fund is still under study how it could bargain ketua bahagian favoured him as president took indirect account here, and plus fuel hike, material hike, likely AAB will only promised his completed of RM9 while he smoothly step down in 2010, well, if we put a 1/5 done in 4 years, the correct proportion shall be less than 1/5 plus 1/10 of RM9 or 30% the most only likely completed in 2010, again 2/3 project scheduled will lost in time, invisible lost outside book account measured few 10 of billions.

When the last 4 years the AAB government decided to put hold project of RM8 into RM9 was portrayed some reason behind that Tun have advanced MOF over spending in 2003 RM8 into budget of RM9, and need to skip 1 Rancangan Malaysia completed or MOF will dig into huge deficit, perhaps only Tun able to answer that, what rakyat found now is AAB credibility in develop the nation in so serious in doubt, the flip flop, say no today, different tomorrow, minyak tak naik tapi naik, besok tak ada but ada, like whole nation await his promised last Friday say ada big announcement incentive new formula for rakyat counter back fuel hike pain, nothing happen after 5 days now, what kind of PM and cabinets we had now here, seriously we think our nation economy will induced to sink badly into months.

Now when look back into monsoon cup, wang insan 5 billions PAS want it back, how will MOF pay it back? well, I assumed AAB will drag till 2010 and pass this debt for next PM to handle then, or I likely say maybe he wait till PR 13, let PR settle with PAS write off debt. AAB will denial it as push back Tun proposed that wang insan and used that money, as regard to where the money goes, some contractor sure get rich in the pocket, especially one lucky who spread it wing far from Penang race club to fancy mosque of Terengganu, and enjoy it mansion in Australia. We see the expensive fancy mosque cost few 100 of m macam GULA for Terengganu politic motive to inline of islam hadari concept, of it indeed waste of fund if compare other urgent project far from approval under midterm review many time.

I guess now Malaysia had enter new era of both politic and economic crisis never before in 50 years of history, never ever a PM lost 2/3 in parliament so does a opposition wore to had crossover, it always the other way round, the impact on fuel hike debate between DSAI and DSC indeed interesting tell government is defending it denial of fact with no solid consolidated method resolve the expected inflation to hit high in few month, the trouble sensed our PM the finance ministry didn't respond to rescue current economic hard show but telling each time everything is at manageable comfortable CUKUP MAKAN semua rakyat, tiada masalah pun, in very simple manner, so the rakyat had to find solution them self, created so call negative psychology fear toward the goverment, I recall when ministry announced they was no petrol kiosk demonstration is going to take place with sms full of rumour, every body rush to pump station, why? Because they think this government will tell lie again, true became lie, how to trust what new announcement is coming up. all will expect more lies Tipu cara present administration.

More invisible lost of millions will occurred in few month to come, not to counter high inflation and food crisis hike, not to implement new method to ease rakyat living cost, but need lot of GULA GULA in fixing the fight for ketua cawangan, AJK, ketua bahagian, siapa wakil 7 in Sept, project politic had to settle first, and most crucial is UMNO coming president seat in Dec, the

coming Sept will be interesting one, if stiff fight was form between team A team B predicted to happen, those who lost removed from post of ketua bahagian if he a YB or MP, will open new back door of UMNO to abandon ship at large,that why DSAI claim it Sept 16th still hidden under his POKER card so far, a coincident date of crossing over to PR form government,a open door PM in waiting for all rejected ketua bahagian to PR form government,agreed or not,is all about money politic and projects,to gain sokongan balance to stay in power,a most expensive and invisible one cost ever to continue stay as PM of Malaysia.

Salam Tun:

There's more to this. What about Scomi involvement in the purchase and replacement of RapidKL buses, there's also this talk of 'Irag Oil for Food Program' that involved Abdullah Badawi, the direct nego of the shelved (thank Allah it was shelved) RM25b Penang Global City project, the mother of all murderer 'Haliburton' in Nusajaya, the Israeli involvement in PDRM computer upgrading program. For just 5 years this guy in office, the list could go on and on. The Zionist element are slowly creeping into our system probably through his advisors down south.

All I can sum up is, Abdullah Badawi screwed a lot of things and he is a liability to the safety and progress of this nation.

Maaf Tun, ini adalah salah satu komen dari sahabat bloggers di atas:

Hari ini dalam UTUSAN MALAYSIA:
DOLAH KATA:

“Kami mahu ia disegerakan(kereta elektrik). Kosnya hanya 3.5 sen Euro (17.9 sen) sekilometer... ia amat menjimatkan,” katanya kepada pemberita selepas mesyuarat itu.

tapi,

DOLAH tak tau ke yg kereta Proton Savvy's fuel consumption hanyalah 8sen/km? (consider minyak naik 40% sekalipun baru 11sen/km)

DOLAH ni main hentam cakap ka apa? Or dia mmg xpenah tahu sebab xpernah isi minyak sendiri kut.

1 more thing Tun, why Hydrofuel suddenly became a huge phenomena di Malaysia ni? Mcm ada something between Dolah & them..kroni ka? Kalau lah hydrofuel ni sgt menjimatkan, why do other automotive car makers tak mass produce this tech before this?

Saya juga hairan tiba tiba saja Pak Lah cakap pasal electric car dan petikan harga pulak dalam Euro. Saya sendiri tak pernah nampak lagi electric car bergerak gerak di London ni. Yang nampak hanyalah hybrid car. Mesti ada sesuatu yang tersirat. Ayuh Tun, pasang spy Tun ya. Spy kami semua tak guna... tak power. Satu lagi, agaknya dia sebut dalam Euro sebab ada tukang sampai bgtau dia pasal Euro 1 dalam blog Tun kot. Saya rasa lepas Pak Lah hilang kuasa banyaklah Royal Commission yang kena buat. Alahai... lawyers jugak yang untung.

Tun, selain dari pemilihan UMNO adakah ada cara lain untuk singkirkan Pak Lah tanpa perlu berdemonstrasi. Kami tak tahu macamana lagi ... nak tunggu pilihanraya alamatnya gegak gempita negara kita dalam tempah 4 tahun lagi. Kalau ikutkan hati... tak boleh sebut pulak ...

Terima kasih Tun kerana masih lagi ambil berat perihal kami dan Malaysia. Di Kedah yang saya tahu 2 tempat yang UMNO menang ialah Jerlun dan Kubang Pasu. Jerlun UMNO menang sebab faktor Mukhriz sebagai anak Tun. Kubang Pasu UMNO menang sebab tempat itu bekas kawasan Tun. Kalau 2 tempat ini tak ada faktor Tun alamatnya hampir sapsu bersihlah UMNO kalah. Semuanya sebab Pak Lah yang bongkok dan pandai berlakon tu. Fikir pasal dia saja dah buat BP saya naik. Kesian kat kita rakyat Malaysia.

Maafkan saya sebab out of the topic tapi sekarang ni memang zaman angin.

Terima kasih Tun

Assala mualai kom Tun Sekeluarga

Kita ni tak habis habis keluarkan atau kedepankan kepincangan kerajaan dalam mentadbir negara yang kita semua cintai. Kekadang tersa kita kat sini macam anjing menyalak bukit jer. Sebab belum tentu lagi jeritan kita, seruan kita, saranan kita, cadangan kita dan macam macam lagi kita.... dimabil bicara oleh pihak berwajib. Kalau ada pon yang membaca blog TUN ini terutama pak menteri kita, ada berani ker nak ketengahkan semua ini? KALAU MUHYIDIN YASIN kira boleh tahan lah sikit!! yang lain semuanya buah dah termasuk.

Cuma kita sahaja yang ada kat sini harapan bangsa (mudah2an) yang mahu paling tidak ...sedikit pon cuba menhuurkan bantuan bagi membantu kerajaan yang ada sekarang ni, ialah ..kita hendakkan perubahan yang ideal. dimana rakyat jelata bolehlah lelap mata sikit. INI tidak ...hutang dulu 1/4 dah jadi separoh. perbelanjaan rumah semakin tide. Mana nak hadap budak sekolah dengan vannyalah, dengan ringgit hariannyalah...ditambah lagi harga makanan di kantin juga naik.Maka belanja sekolah harian juga naik. Klau darjag satu tak apa....ini dah masuk tingkatan. Bill api naik, billa air naik, bas dah tentu tambangnya dibayar masa naik, tambang teksi sahaja turun ..baru bayar... Saja buat lawak sikit...sebab dah boring dah bila gov tak buat tindakan untuk rakyat jelata..... Boleh pengsan cari duit macam ni.....

OKLAH TUN.....malam n i cerita katun, maaf TUN gurau jer.

Pendedahan TUN ada banyak baiknya.... tapi siapa yang ambil kira semua ini. Saya yakin AAB ada baca ...tapi dia gelihati sebab kita tak boleh buat apa apa..tul tak? Kalau pon UMNO atau BN, MCA, MIC dan lain lain komponen kalah masa PR13 nanti dia dah tak ada lagi sbgai PM. Nak kisah apa. Pergi jahanam semuanya. Begitulah agaknya kira kira nanti. Dan yang naik tu esok yang TOLOL TOLOL jugabukan kata pengsan lagi bahkan BERPENGSAN PENGSAN lah kita nanti. Tetapi kalau mika mika ni ambil kira apa yang dikehendaki oleh blogger dan rakyat MALaysia kita...Alhamdulillah kita.....

Yang boleh ...kita tenguk ajer apa akan jadi. Sebab apa yang berlaku adalah kehendak Tuhan juga ...hasil dari kuasa kecik / kuasa merancang yang ada pada kita ..tetapi salah hala tujunya sahaja..... Jadi manusia ni kena peka . Dan manusia ni belajar dari kesilapan. Kalau tak silap, kita tak tahu!. Yg teruk, tak mahu mengaku silap salah, Jadi jangan harap boleh diperbetulkan...ialah bodoh sombonglah katakan.

Selamat semua nya sekali hendaknya

Salam selamat buat TUN sekeluarga.

Salam Tun,

Firstly, pls send my regards to Our dearest Tun Siti Hasmah, semoga sihat disisi suami tercinta.

I always go to indonesia , once a month, and one thing for sure, Metro TV (indonesia like CNN) likes and adores Anwar so much. Metro TV belongs to Surya Paloh, Achenese. There is even one time their TV even tertulis Anwar Ibrahim, Perdana Menteri Malaysia di scroll di kaki TV. Its earlier this year. Their most famous talk show, KICK ANDY pun ada jemput Anwar and di kenalkan sbg reformist.

Dengan orang macam Anwar yang suka kecoh-kecoh (tak habis dari satu kes ke kes tiap2 hari), rasa dia saja yang betul , nak turunkan minyak 50sen la 70sen la, kes sodomi sanasini, kes tumbuk mata sinisana, kes beli MP nak suruh lompat parti (menjanjikan kedudukan juga adalah bentuk rasuah!), kes DNA la , saya cuma nak join Tun kata sesuatu pada dia, piraaaaah mabuk. Nampak sangat dia tu gila kuasa. MALAYSIAN DID NOT VOTE PEMBANGKANG BECAUSE OF HIM, MALAYSIAN VOTED SIAPAPUN ASAL BUKAN BARISAN. TARUK MONYET PUN BOLEH MENANG AGAKNYA. SANGKING MARAHNYA ORG PD BARISAN YG SOMBONG. JUST IMAGINE TUN, MAMAT YG RAKAM KES LINGAM TU YANG TAK LEH BAHASA MALAYSIAN BAIK DAN TAK TINGGAL KAT MSIA TU PUN LEH MENANG. MY CHINESE NEIGHBOURS (CHERAS) SEMUA CAKAP... ASAL BUKAN DACING. Kebetulan PKR banyak letak calon (dgn dibantu dana ASING), jadi menanglah banyak.

Hai.... member2 saya orang indonesia selalu cakap nak mintak 'LOAN' Dr Mahathir 10tahun jd presiden, sure Indonesia MELETUP. tapi Indonesia ni memang kompleks TUN, yang boleh betulkan cuma Almarhum Soeharto. They all di sini kena kejutan demokrasi.

Anyway, all the best to you sir. Hope you dont only critise but also rekomen solution ok. TQ.

Dear Tun,

Umno information chief Tan Sri Muhammad Taib said, Tuesday, that he will contest for the vice-president's post in the coming party polls in December.

kah,kah,kah !! Pemimpin yang dah "expired" tarikh luput kegunaannya masih berhajat nak jadi naib-president. Tak malu ke !! Cerminlah diri.

Tapi tidak mengapalah. Kita tengok macam mana dia berkempen dan juga macam mana ahli-ahli UMNO menilai pemimpin mereka.

Tun,

What a waste really! One must know how to manage our resources in order to gain from it. Otherwise, it is best to let those who can do it. This is the way to go, come December. Enough of FLIP and the FLOP....as Malaysia will not move forward this way. Are we on target for VISION 2020?

We need CHANGE, for the better of the country. We need to pick the best, regardless. Some people need to be retired sooner than later, as they are there for far too long and they cannot see very clearly too. We need LEADERS who are more respected. If we have to choose fresh faces so be it! We need to have the guts to make change.

By khairuddin on July 23, 2008 12:16 AM

YABhg. Tun,

Salam hormat. Seperti komen YABhg. Tun... Money, More Waste and Losses. Perhaps, there will be more Blunders and Fumbles by the present Leadership.

PM terpaksa tunduk kepada gertakan/ugutan dari Sabah dan Sarawak dan dengan mudah mendapat few billions RM. MB Trengganu berjaya memperdayakan Kerajaan Persekutuan untuk mendapatkan lebih dari 2 billion RM. Elok juga MB yang lain menggunakan taktik yang sama untuk mendapatkan wang berbillion daripada Kerajaan Persekutuan. Kalau Negeri negeri lain nak banyak duit seperti Trengganu, Sabah dan Sarawak kenalah buat hal. Sudah tentu Pemimpin yang lemah jadi gelabah dan untuk kekal lama berilah banyak gula gula. Beginilah caranya untuk mentadbir negara.

By JAAFAR on July 23, 2008 12:17 AM

Salam semua.

I lost words to write because I am really tired, sick and fed-up with the present Govt under his leadership. All UMNO so called strong men, ministers and MPs who sought cheap publicity through the media pledging support for their boss, are useless jokers and hypocrites of the first order. To put UMNO and the country back on track all these people must go!

Agreed?

Anak Jati Kedah.

p.s. Tun tak balek A.Staq ka, baleklah sempena perayaan 100 tahun Kolej Sultan Abdul Hamid dan 50 tahun Tuanku memerintah. Toksah kiralah sapa dan parti mana memerintah, ini negeri kita.

Being a leader is hard, very hard. Anybody who has been a leader of any groupings (association, club, football team) can tell that. You are always criticised and judged for what you do (or don't do). What else being leader of a country - with all the 'penyangaks' both local and foreign, businessman and politicians, friends and enemies, that one has to contend with...

That's why

(a) when you see one or two person in the country who seemed hellbent to become the PM - you must question, "Why the urgency?" and you must be very cautious of them. Read history of all countries in this world, past and present, and you will find that all the good leaders were reluctant leaders and vice-versa.

(b) a nice person may not make a good leader. Our current PM included. I still believe that deep inside, he's still a good person as he was before 2004 (which was why Dr M chose him to be the transition PM) but he just failed to be a leader. I hope that one day, he'll find the courage to listen to his soul and shut out the bad advise he's been getting from his family members and circle of friends. Then he'll do the right thing, insyaallah.

(c) Dr M is a phenomenal leader who is unafraid to be unpopular in order to do what he honestly felt it the right thing to do. Phenomenal coz the strong will is backed by wisdom.

Salam Tun,

Can't imagine when AAB step down. How many accusation will he be faced. Can he stand it, pity him.

I believe right now (2 years time)AAB is compiled all supporting document in save box, prepared for back-up answer of his wrong doing / misdeed. Whether he knows what the document is or not, not so sure. Maybe lastly the PM office caught fire.

Haahaha....sorry AAB, jokes only. Anyway be prepared. Get ready...coz when the times up, so many thing will appear. I believe the bloggers can list down.

salam Tun,

1. Dengar cerita (hearsay) DYMM `murka' kepada bekas MB Terengganu kerana isu masjid kristal tu. Semasa majlis pecah tanah taman tamadun islam berkenaan, bekas MB panggil Pak

Lah buat perasmian. Tapi, bila rasmi masjid kristal tu pulak, panggil Agong. Sepatutnya Agong yang rasmikan majlis pecah tanah tu, dan standard Pak Lah hanya rasmikan masjid kristal tu ajer.. betul ke?

2. Berkaitan dengan pembelian mercedes oleh kerajaan negeri terengganu, ia adalah satu kesilapan besar. Jika benar, proton perdana sedia ada banyak menimbulkan masalah, kenapa tidak digantikan dengan yang baru saja? Kereta yang lama pula boleh dijual dan hasilnya boleh digunakan untuk menampung sebahagian kos pembiayaan kereta Perdana baru. Bagaimanapun, jika pentadbiran kerajaan negeri Terengganu inginkan kereta yang benar-benar 'lasak', maka disyorkan supaya membeli saja 'amphibia' terpakai milik ATM kerana ia boleh digunakan di daratan mahupun di air.

3. Sama ada wujudnya gejala rasuah dalam kes ini (taman tamadun islam & kereta mercedes), memang mudah diperkatakan tetapi sangat sukar untuk dibuktikan. Ibarat kata 'pandai makan, pandailah simpan'. Mungkin BPR dan agensi lain boleh 'mencuba nasib' untuk menyiasat isu-isu ini. Yang pentingnya, siasatan hendaklah telus dan tidak memilih 'mangsa'.

4. Justeru, Majlis Raja-raja perlu bertindak segera mengarahkan Pak Lah melepaskan jawatan PM. Jika raja-raja Melayu masih sayangkan negara ini dan tidak mahu melihat Malaysia menjadi caca merba, Pak Lah perlu diturunkan segera, dan beri perkenan melantik PM yang baru.

5. Di segi kekananan dan pengalaman, rasuhyer cuma Tun saja yang paling layak memaklumkan kepada majlis raja-raja perihal masalah kepimpinan Pak Lah. Biasanya, jika semua peluang untuk bersuara telah disekat oleh 'kuasa-kuasa ghaib', maka tindakan seterusnya ialah menemui terus raja-raja Melayu. Langkah yang sama pernah dilakukan oleh allahyarham Dato Onn Jaafar sewaktu menentang penubuhan Malayan Union.

6. Satu lagi isu yang perlu diberi perhatian sekarang ialah (dengar cerita jugak), sejak kebelakangan ini, ramai ketua menteri dan menteri besar, dah secara tiba-tiba 'semakin intim' dengan pihak media untuk bantuan publisiti. Almaklumlah, PAU akan diadakan pada Disember ini, Jadi, ramailah yang nak bertanding di peringkat MT dan Naib Presiden, mula menawarkan pelbagai 'gula-gula', termasuk kemudahan bermain golf untuk 'bos-bos media'. Walaupun alasan yang diberi ialah 'hadiah' atau 'sumbangan ikhlas', sebenarnya pemberian itu juga adalah salah satu bentuk rasuah.

7. Oleh itu, harap Setiausaha Agong Umno dan Lembaga Disiplin memantau perkara ini. Kita tidak mahu peristiwa PAU lepas terus berulang (kesian kat Tan Sri Isa Samad kerana cuma dia seorang yang dikenakan tindakan di peringkat atasan), sedangkan beberapa pemimpin yang 'terlepas' daripada tindakan disiplin. Ini disebabkan 'kebijaksanaan' pemimpin terbabit mereka mengatur strategi mereka dari awal. Sebenarnya, penggunaan wang memang berlaku untuk membeli undi perwakilan Umno, tetapi beberapa 'pemimpin' ini terselamat kerana menggunakan 'orang ketiga'. Sukar untuk dibuktikan dan dikaitkan penglibatan mereka dengan gejala rasuah. Akhirnya, 'ikan bilis' di peringkat cawangan dan bahagian juga yang menjadi mangsa.

8. Dalam hal ini, Umno tidak bersalah. Yang patut dipersalahkan ialah sebahagian besar ahli-ahli Umno itu sendiri kerana dengan terlibat dalam politik 'menghalalkan cara'. Wassalam

Salam Tun:

There's more to this. What about Scomi involvement in the purchase and replacement of RapidKL buses, there's also this talk of 'Irag Oil for Food Program' that involved Abdullah Badawi, the direct nego of the shelved (thank Allah it was shelved) RM25b Penang Global City project, the mother of all murderer 'Haliburton' in Nusajaya, the Israeli involvement in PDRM computer upgrading program. For just 5 years this guy in office, the list could go on and on. The Zionist element are slowly creeping into our system probably through his advisors down south.

All I can sum up is, Abdullah Badawi screwed a lot of things and he is a liability to the safety and progress of this nation.

Salam Tun.

Assalamuailaikum Ayahnda TDM..

First of all...

1. Memang sudah meluat tengok muka Pak Lah sekarang ini. menteri yang lain itu agak ok la lagi.
2. Pak Lah tidak melihat kebaikan kepada selat tebrau itu sendiri yang sudah busuk airnya dan tersekat salirannya. Sekiranya dibuka memang beransurpulih lah air laut tersebut kerana mendapat saliran yang baik.
3. DI Terengganu memang depa joli habis duit royalti petroleum kepada rakyat Terengganu dan yang lain saya tak tahu. Apa lagi rakyat Terengganu ..suruh ACA masuk laa
4. Orang ada Kuasa boleh buat apa yang diorang suka..Ingat-ingat kuasa itu ada lah mandat rakyat.

Dear Tun,

Looking at the enormous wastage and losses incurred by the government over certain projects that had been cancelled or delayed is a clear indication that Pak Lah has lost control in the administration of the country. He is a confused lame duck Prime Minister, who after 5 years at

the helm is still struggling how to move the country forward. It is rather sickening to have a Prime Minister who is so weak that he could not even think the simplest idea or formula to create value added to the economic well being of the rakyat. The rakyat now are very restless to see what is really happening to the country. Nothing is right politically and economically under Pak Lah's administration. And yet he is still having big ego trying to stay on until year 2010. Is he out of his mind? Shame on him !! He doesn't gain anything at all in terms of his image whether he resigns today or stay on till 2010. Everyday he is becoming a laughing stock of the rakyat who treat him as if he is like a real "clown". I just wonder how can he sleep well every night when he knows exactly that he is no more an important asset to the country that can bring "miracle" to the already distressful state of affair!!

Alasan yang diberi macam betul tetapi betulke kos maintenance Perdana tinggi? Dah check ke kesahihan jenis kerosakan? Kok ada mainan pemandu dengan workshop set kos tinggi supaya dapat peratus daripda kos tersebut. Ini kerap berlaku dalam dunia perniagaan.

as we know those theme park at K.T. is just a clown initiate by PLah. It is not a SUSTAINABLE approach at all as he claim another way of Hadari!

1. There are a lot of beautiful mosque like MASJID KG LAUT (Kelantan/east cost) that survives more then 300 years which using very pure islamic principles whithin the malay archipelago that has much more respected by the western and middle east experts. This architecture and vernacular design should be reveal rather than promote an expensive and fake typology of the cheapo plastic crystal mosque. Another word he is killing our great culture in architecture building in a life time.

2. Same goes to the Monsson cup. What is so important once you squeeze and 'push' aside the great Pulau Duyung kampungs that comes with a very skillful Malay on boat making that famous around the world? Again PLah has kill the generation and develop an 'alien-nation' in Terengganu that not SUSTAINABLE at all. Masyallah!. Yang semalam punya tak dak masuk lak.....

Ni cek dengak MB Ganu nak kaji cam semula sebuah Perdana pakai lebeh rm.100 ribu untuk 4 tahun dalam urusan maintainence sahaja.

Tak sampai jumlah tu.

esti ada yang tak kena ni.....Mesti ada tiris ka , bocok kat mana2 ni. Kalu lagu tu Tok Said kena siasat, bukan kaji. Ini mesti kes tak telus dalam urusan penyelangaraan. Orang lain pakai Predana gak tapi tak sampai jumlah tu pun....

Kalu lagu tu ada tak telus.....bila pakai Mercedes lagi la besak bocok nya.....

Tok Said oii...Rakyat pangkah suruh jadi wakil rakyat. Membagunkan negeri, membantu rakyat, bukan suruh oakai kereta mewah lagu tu....

Apa salah dalam negara tengah gawat ni , duit tu tolong rakyat Ganu. Belikan enjin bot biak depa gi laut tangkap ikang buat tambah pendapatang. Atau pun ni nak sambut puasa, bagi sorang sekok ayam ka , sekilo daging ka buat rakyat Ganu kurangkan beban berbelanja...

Ni asyik kira senang Exco dia ja....

Nak pakai Mercedes beli pakai duit sendiri....Apa la punya akai....

Tau nak perabih duit rakyat ja

Salam Ayahanda Tun, In my opinion, Pak Lah has for all time believed that he always fly above the weather. He somehow has that notion. It's like that. Aloft, observing cloud formations and lightning's well below trajectory. It's a strange kind of security in such an observation. See the more we make noise down here, the higher up he goes. No bumps no shakes higher up. It's a strange kind of security and (false) bravado. Hard to describe. But Tun, you are a certified pilot. You have flown many hours. Many may not know this, but Tun is a pilot. I think Tun have the inklings of what I am trying to say (I just fly free PC simulators). The calm before the storm last all the way through the storm from a higher vantage point. So no real feed-back gets transmitted to Pak Lah. Unlike Tun, who stayed the storm like us running chickens on ground level and somehow would always find glory in the storm for all. See Tun, make your comeback pronto.

THERE CAN NEVER BE ANY ENDING TO THIS, SHOULD THERE BE CONTINUAL MALAY SUPREMACY. HISTORY HAS PROVEN, HARAPKAN PAGAR, PAGAR MAKAN PADI.

THE ONLY TIME THE MALAY FOLLOWS RELIGION STRICTLY IS WHEN THEY ARE CLOSER TO DEATH. THEY THINK THEY CAN only ESCAPE THE WRATH OF GOD BY BERTAUBAT AS DEATH IS NEAR. BUT DAMAGES ARE ALREADY DONE.

satu lagi salvo dari tdm.

hhmmmm

RM 1 bilion sama dgn RM 1,000 juta.

RM 1 juta bolih beli 370,370.37 liter @ RM 2.70 seliter minyak petrol.

minyak ini bolih mengisi 7,407 buah kereta @ 50 liter kapasiti tanki utk dibakar seminggu [hanya satu andaian].

RM 1 bilion bolih menggerakkan 7.4 juta buah kereta [katakan ini jumlah semua kenderaan di malaysia - andaian] utk seminggu.

RM 4 bilion sama dgn 7.4 juta kenderaan berjalan dlm sebulan.

rakyat berbelanja RM 4 bilion sebulan, untuk minyak petrol sahaja.

ini tak masuk yg lain2 lagi.

anggaran ini bolih membina klia; atau,
dgn anggaran ini juga klcc; atau,
juga bolih buat dua kl tower.

RM 4 billion sebulan = RM 48 billion setahun.

macam nak dekat dgn untung petronas setahun.

RM 48 billion setahun = RM 240 billion utk lima tahun.

pelikkan?

rakyat kena 'taroh' dgn minyak, sampai anggarannya bolih jadi dekat2 dgn angka belanjawan kerajaan utk lima tahun.

Assalamualaikum Tun salam sejahtera untuk seisi keluarga.

Sekali lagi Tun membuat 'U turn' secara mengejut.....Janganlah kerana marahkan nyamuk kelambu dibakar... Pada hemat saya Terengganu memerlukan lebih dari 50 tahun untuk mendapat pemimpin yang berpandangan jauh seperti Datuk Seri Idris Jusoh(DSIJ). Kalau tak silap saya DSIJ adalah pemimpin muda yang telah diketengahkan pada zaman Tun....pada mana karier politik pemimpin terdahulu seperti Datuk Doktor Yusof Nor disingkirkan secara sistematik melalui politik kedaerahan rakyat terengganu..

Setelah Terengganu dirampas PAS akibat tindakan TUN pada akhir 90an DSIJ lah yang menjadi kuda tunggangan Tun untuk merampas kembali Terengganu dari PAS. Dimakalah pemimpin2 UMNO Terengganu lain ketika itu???? menyorok ibarat burung unta menyorokkan kepala bontot tertonggeng....

Seperti biasa Tun cuba mengeksploitasi krisis kedaerahan pemimpin terengganu dengan pembaziran yang kononnya wujud...Apa bezanya Mosoon cup dengan Formula 1.....secara simple figure kita tahu kos untuk F1 jauh lebih tinggi...Taman tamaddun Islam...apa bezanya dengan Tokong helang besar di pulau milik Tun, Langkawi .

Kalau sesiapa pun yang datang melawat Terengganu pastinya boleh mengakui DSIJ telah mengangkat bandar KT beberapa darjat lebih tinggi tanpa meminggirkan kebajikan rakyat melalui program2 pendidikan dan basmi kemiskinan.

Hanya rakyat Terengganu yang masih berfikiran jumud dan mengamalkan politik kedaerahan sahaja yang masih tidak menerima hakikat ini...

Buat Tun pula, belajarlah untuk menerima kekurangan orang lain dengan itu kekurangan kita akan diterima oleh orang lain....

Hidup DSJ....

Hidup Terengganu bagi setiap rakyat Terengganu (tanpa kasta)

Salam Tun,

Pagi ni saya baca akbar the SUN yang boleh di dapati secara percuma (maklumlah sekarang semua barang naik harga). Bagaimana rakyat boleh kehilangan RM25 juta di sebabkan tindakan/keputusan seorang menteri yang kurang cerdik berhubung dengan pengajuran bolasepak Kejohanan Bolasepak Remaja yang tidak mendapat restu FAM.

Saya sakit hati bila baca artikel dari ruangan 'speak up' the SUN ini, bagaimana seorang menteri tidak boleh buat 'credit checking'/ 'home work' yang begitu mudah yang jika di lakukan boleh menyelamatkan wang rakyat yang sebegitu besar (barangkali sedikit bagi menteri/PM, tak tau lah). Setahu saya sebagai seorang yang pernah bergelar pengamal undang2 yang sentiasa teliti didalam membuat setiap kerjanya perkara begini boleh di elakkan melainkan ada agenda tersembunyi di sebalik penganjuran sukan tersebut.

Pembaziran wang rakyat sebanyak RM 25 juta ni hanyalah 'a tip of an iceberg' je. Jikalau menteri sukan sekarang ni tak batalkan pembinaan kompleks sukan di UK tempohari tak tahulah berapa puluh atau ratus juta lagi duit rakyat hilang terbang melayang.

Rakyat akhirnya merana dan menderita bila pemimpin yang di amanahkan untuk menjaga hak rakyat, khianat dan tidak amanah. Mudah2an Allah ampunkan kita yang telah memilih pemimpin yang zalim ini.

Assalamualaikum Tun sekeluarga.

Sekali rakyat yang membaca dan memahami topik yang Tun utarakan akan memahami bagaimana peranan kita sebagai rakyat untuk membuat komen yang membina yang logik, tidak terlalu terpengaruh dengan perasaan benci membabi buta.

Tentang topik yang membazirkan wang rakyat kita sepatutnya cuba berfikir bagaimana hendak menangani dan menyelesaikan. Memang kerajaan DSAAB gagal membawa perubahan malahan melalukan pembaziran, formula dan tindakan harus dilakukan. Ini bermakna DSAAB haruslah melepaskan jawatan sebagai PM Malaysia dan memberi laluan kepada orang yang lebih bijak. Bagaimana ????

Saya juga hendak komen sedikit tentang komen dari blogger iaitu Sauda/saudari haikal1978 pada 22/7/08 12.46 pm, beliau namapak sangat sensitif dengan DSAI, seperti percaya 100% peratus, fikirlah dengan baik jangan komen semua tentang perancangan kerajaan salah. OK

Good Morning Tun and all my buddies here.

I don't actually think that is a waste of money and i suspect the terms you use, ("waste & losses") have got a meaning behind it. Correct me if i am wrong. You are trying to tell us that the government spent billions of ringgit helping the cronies at the expenses of the government and rakyat. More mega project means more mega money for those cronies. Even by reviewing the double track project, bridge at the straits of Johore they are making tons of money. It was a plan/scam to stop all previous mega project and restart now as it gives them more chances to talk to the contractor and no body can justify the cost correctly. Big lope hole and i guess those cronies sees big money this time before he steps down. Guess this is what they planned for and looks like it's working otherwise when we shelf the project few years ago why the hell we are starting it now as all rakyat knows that everything already gone up. By right this should be the time to KIV it as everything was so damn high.

Why was our government so stupid to KIV the project few years ago while things are so cheap. Now our beloved stupid government are paying additional 30% to 40% extra of the rakyat's money to the contractor which is also cornies and at the same time making more billions than the original cost. This is how Malaysia government work now. Those days under Tun things was not so bad as you are planing for the future. take for example when you created Proton. In your mind you are trying to make sure that all Malaysian can afford a car. Before long you make it and as a result of that we experince jam everywhere. That's what you have done to Malaysian that we are proud off.

Then you Proton bought over Lotus and that's when the technology transfer start. The end result, we have waja with certain percentage of Lotus technology in it and today Lotus launched the latest model in London motorshow and Proton's name was in it. How proud we are as a Malaysian.

I remember before all this i have a few penpal in other countries (mainly western) they are asking me where actually Malaysia is and i have a hard time describe it to them and i have to tell them we are actually between Thailand and Singapore. They will say ah i know where the both countries but not heard of Malaysia. YOU, yes you were the one that put us in the map and now we do not have much problem telling people where Malaysia actually is.

Thanks Tun..You really did a good job those days and it's really make me sick seeing the current government screwing up the whole damn things. Hopefully people don't look at us as thought Malaysia produce clown also.

I have been hearing about the Crystal Mosque from some of my friends for some time now (several months). First, it tak menghala ke keblat. Second it was built on an island and one needs a boat to reach it. I dunno... I have not gone there..but surely there must be a bridge or something? Third, a certain Chinese contractor Peter Chin was asked to build it. Then there is the Monsoon Cup.

I don't know the full story (Govt will always keep controversial issues under wrap until they die away over time) but thank you, Dr M, your blog certainly illuninated me -- also coming from a former PM lasting for 22-years, this blog article means a lot to me on the issue. This is the first time I have heard that the Crystal Mosque is associated with a theme park. Absolutely ridiculous to associate amal ibadat with theme park. Also the Monsoon Cup is also very expensive and I think wastelful because yachting is very not popular with M'sians, whatmore in the isolated state of T'gganu up north.

I am very surprised and shocked that DSAAB and Idris Jusoh did this and if true, then he certainly has failed as a PM to me. And Idris Jusoh, looks like he doesn't know how to retire properly and only interested in money which then reflects back on what he is as MB. Does he have any share of the profits? There is no need to be so rich...it is a real test. On other thoughts, under the stalwartship of any PM (whether you or DSAAB), PM should be responsible for big wastage or loss of funds especially those on a sudden basis and reach billions of ringgit and even worse, hit the national news. From what I remember so far, there is the Carrian Affair of Hong

Kong (RM1.5 bil), Bakun Dam (RM1.5 bil), Perwaja Steel (RM2-3 bil). I think this is absolutely ridiculous and for the Govt to have no control whatsoever on proper selection and management of projects shows failure in governing. And now DSAAB is carrying on the affair with RM2-3 bil wasteful projects in T'gganu. If true, he cannot be trusted and should be removed immediately and made to pay back what he took. I find it utterly disgusting that a few selection of men can take it into their hats to spend billions of ringgit into some whimsical ideas without proper planning and lots and lots of consultants, auditing and proper professional assistance. Very few people on this planet can make one billion ringgit in their tenure as Prime Minister and yet one can simply throw money like that ... Melayu pulak tu yang kata amalkan Islam ... they should certainly be made to repay in whatsoever form .. do not let them escape ..just like Radavan Kasovic...many years after the Bosnian Massacre, he will be brought to justice and hanged to meet his maker, Insyallah...

Dear Tun

Thanks for sharing your thoughts on the current state of affairs that concerns our beloved nation. It's sad to note that despite 50 years of independence we are still laboring over matters that retrogress us as a nation versus moving ahead to further strengthen our resolve to be a develop nation by 2020. Tun, pardon my saying that despite your years of experience and wisdom it continues to puzzle me how you could have erred in your appointments of our current crop of leaders in the government. It seems that you have failed to close the gap in the leadership qualities between you and the rest in the cabinet. Now we the rakyat is saddled with poor leadership and governance that continues to spin the nation towards more confusion, frustration, polarisation!!! We desperately need a strong, visionary, decisive leader to arise and pull the nation and her people together to get us out of this rut and be a nation that we can all be proud of again!

Salam Tun,

Aduhai LAH DING DONG Sayang

Tun buat Masjid Putrajaya, dia buat Masjid Kristal.
Tun bawa masuk Formula One, dia anjur Monsoon Cup.
Nampak macam ok juga kerana ikut jejak Tun.

Tapi yang tak OK tu, apasal abodolah pi buat benda-benda ni kat Teganu? Bahaya!

Lepas PRU13 ni dah tentu Hj.Hadi akan katok flip-flop-flap-flom penuh habis semuanya.
Dulu replika penyu pun kena katok hancok. Tak ingat ke?
Memang Melayu Mudah Lupa.

Cuma yang akan jadi berita baik pada masa tu ialah selepas Hj.Hadi jual sisa serpihan tu kat peniaga barangan scrap, pulangnya gerente lebih dari 1 euro.

Hj.Hadi lebih tere daripada moron-moron yang jual Agusta. Betambah kaye le semo oghe Tegau kite.

Akum TUN dan bloggers semua semoga dirahmati Allah.

Baru2 ini saya berdebat dengan orang kuat AAB, dia bagi berbagai alasan kenapa UMNO/BN kalah antaranya menyalahkan TUN dan golongan professional melayu yang lupa akan jasa UMNO. (tidak payah saya ulaskan disini satu persatu kerana perdebatan tu selama 2 jam dikedai mamak). Tapi pada pandangan saya apa yang beliau katakan tidak masuk akal hanya sekadar alasan.Ini lah susahnyanya perangai pemimpin UMNO yg hanya tahu membodek dan tidak mahu menerima realiti.

Tentang Trengganu, memang jelas apa yang dilakukan oleh AAB dan Idris jusoh banyak membazir daripada kebaikan. Saya orang Trengganu, dan apa yang dilakukan oleh Idris jusoh dan AAB lebih bercorak jangka pendek dan bentuk gula gula daripada memikirkan isu2 yang lebih bercorak jangkamasa panjang.

Cara Idris dan AAB berfikir lebih terjurus kearah macamana nak belanja duit yang ada dan pastikan rakyat menyokong UMNO/BN (gula gula melalui wang ehsan RM 250). Ia seharusnya memikirkan macamana nak membelanjakan duit yg ada dan boleh menghasilkan pulangan pendapatan kepada kerajaan dan dalam jangkamasa panjang dimana rakyat akan menikmati kemudahan, peluang pekerjaan, perniagaan dan pelajaran.

diantara yg jelas membazir adalah monson cup, walaupun ada kebaikannya tp dari segi perbandingan ianya banyak buruk dari baiknya.

YAB Tun,

It appears that UMNO never learn from past mistakes. As the cliché goes, making a mistake is a part of the learning process, but repeating the same mistake is unforgivable.

Now UMNO are going to commit the same proverbial sin. They are allowing the old horses from past generation to stand for election for the post of VPs in the up-coming UMNO GM. These candidates who are past their prime and whose track record are dubious and their credibility questionable at best, if elected, will only spell in the continued downfall of UMNO, as has happened in the last 8 March GE.

If UMNO are genuinely sincere about getting back the confidence of the rakyat, especially those of the young Malay voters, then UMNO must take a firm stand to bar those who are seen not fit to wear the VPs' hats. What UMNO need is to use the war cry of Obama in his presidential campaign i.e. "Time for Change". UMNO need to conduct a proper exercise of soul searching and make a morally brave effort to change its leadership at least at the VPs' and Supreme Council level by injecting fresh and new blood who have the credentials and credibility to push UMNO forward to regain the confidence of the rakyat in general and the Malays in particular.

Mark my word, if those candidates were to be elected as VPs, then UMNO will have to face a more daunting and uphill task in winning the rakyat and the Malay support in the next GE. And in all likelihood UMNO will even lose the simple majority to herald in the Pakatan Rakyat to form the next government. So think hard and smart la UMNO ! Where is your PR ?

Dear Tun

Been busy lately. Didn't get a chance to check out for updates.

Trengganu.... hmmm well is the contractors really does the work and the costing is what is really is and the profit from this project is what deem truely their.. YES by all means.

BUT is it goes to in form of 'comission' to some silly consultants who we are not even sure or shall we say very sure - didn't even do the job, or may even a 2 days 'qualify' consultants.

Who got squash in between - poor contractor - they needed the project to keep the economic moving... yet they also need to suap the 'consultant' else no project. End of the day... contract .. does a poor quality work, consultant never got fired or blacklisted because of poor work resulted from cost 'cutting measure' by contract.

Why never got fired/black listed... down the road.. the project was ready but TONs of defact work... consultant recommend .. another contractor to take over - kononnya - rennovation... YEAP thats another 'commission'.

Gosh,, why must I be so analytic this morning....

Cheers Tun... as always .. loves your comments.

SALA TUN,

Terima kasih kepada TUN kerana menulis berkenaan wang Ehsan milik Terengganu seperti mana TUN janjikan pada artikel yang lepas.
TAK SILAP, ada 4 topik utama yang TUN telah janjikan.

Terima kasih juga kepada AGONG yang bertindak bijak menyingkirkan DS Idris Jusoh sebagai MB.

Pembongkaran terbaru ini menunjukkan betapa bongkaknya kerajaan sekarang bekerja tanpa memikirkan seolah-olah tiada rakyat yang tahu akan kerja mereka. Yang pasti mereka LUPA TUHAN MEMERHATIKAN SETIAP PERILAKU KITA DI ATAS MUKA BUMI INI.

INIKAH YANG DINAMAKAN "ISLAM HADHARI"!!!
Kerajaan sekarang sebenarnya sedang mencemarkan nama "ISLAM".

Sudahlah perbelanjaan RMK-9 RM 200 billion minta tambahan pula RM 30 billion, tapi apa habuk pun tak ada.

Projek mega banyak, rasmi sana rasmi sini, koridor sana koridor sini tapi satu pun tak nampak-nampak. Semuanya tangguh tak pun batal.

"Petronas' contribution to Government revenue is so big..."

Setelah mendapat bayaran RM 61 billion dari Petronas, kerajaan sepatutnya bertindak mengurangkan harga minyak semula. Bayangkan semenjak 1970-an Petronas telah membayar cukai berjumlah lebih RM 400 billion. Lebih daripada RM 200 billion (setengah jumlah cukai Petronas) diterima kerajaan Pak Lah yang memimpin dari tahun 2003-sekarang. Jika kerajaan sekarang betul-betul berniat membantu rakyat hasil tersebut patut digunakan membantu rakyat.

Sebenarnya pendapatan kerajaan adalah lebih daripada cukup untuk membantu semua rakyat di samping melaksanakan perbelanjaan bagi projek pembangunan. Tetapi sehingga ke hari ini kita tidak dapat melihat satu pun projek mega yang siap dan dapat dilihat dengan mata kasar dari pimpinan kerajaan Pak Lah. Hanya dalam sebutan sahaja projek sana sini, koridor sana-sini. Tapi satu pun tidak dibangunkan lagi.

Ke mana perginya duit cukai dibayar Petronas yang berbilion-billion?

Musykil.....

Mungkin akibat terlampau banyak perkataan billion digunakan hingga nilai miliondilupakan begitu sahaja. Pembayaran ex-gratia juga adalah satu pembaziran yang nyata akibat didorong oleh perasaan ingin popular di kalangan golongan tertentu.

By dospenang on July 23, 2008 11:33 AM

SALAM,

Saya berani jamin semua projek yang sudah dirasmikan tidak dibincang dengan teliti ATAU dikaji dahulu oleh ECONOMIC PLANNING UNIT (EPU).

Sebab itulah apabila projek dah rasmi siap-siap tapi tak tentu jadi tak jadi. Masalah kewangan, kos meningkat dan macam-macam lagi.

Maksudnya tiada perancangan jangka panjang untuk mencari dana apabila berlaku krisis ekonomi inflasi dan sebagainya!!!!!!!!!!

Salam Ayahnda TDM..

Kalau betulah berita ini Ayahnda TDM.. memang memalukan.. senang-senang sahaja orang UMNO dapat Projek RM1.2 billion tanpa Tender..

Tiga tokoh Pemuda Umno dapat projek RM1.2 bilion?

Azamin Amin

Wed | Jul 23, 08 | 11:22:30 am MYT

KUALA LUMPUR, 23 Julai (Hrkh) - Tiga tokoh penting Pemuda Umno Malaysia didakwa mendapat projek sistem perisian komputer E-Tanah sejumlah RM1.2 bilion secara runding terus tanpa tender terbuka namun sehingga kini gagal dilaksanakan semenjak dimulakan pada tahun 2006.

Ahli Parlimen Machang, Saifudin Nasution Ismail yang mendedahkan perkara itu di Dewan Rakyat baru-baru ini memberitahu, ketiga-tiga individu terbabit dikaitkan juga dengan Precision Portal Sdn Bhd, sebuah syarikat yang terbabit dengan sistem perisian komputer di Lembaga Hasil Dalam Negeri (LHDN) yang membabitkan kos hampir RM250 juta.

"Masalahnya ialah sistem itu tidak menepati spesifikasi LHDN dan salah dalam kiraan taksiran. Ini serius sebenarnya.

"Hari ini kakitangan LHDN terpaksa betulkan kesilapan sistem komputer itu satu persatu cara 'manual' dan 80 peratus daripada masa kakitangan terpaksa digunakan," katanya ketika memohon penjelasan dalam Rang Undang-undang Perbekalan Tambahan (2008) di Dewan Rakyat baru-baru ini.

Berikutan itu katanya, kelemahan dan kesilapan syarikat ini terpaksa ditanggung oleh LHDN sedangkan jutaan ringgit telah pun dibayar kepada syarikat terbabit walaupun sistem perisian tersebut gagal dilaksanakan.

"Projek syarikat ini, syarikat ini sudah dapat duit habis, sistem dia tidak jalan. LHDN balik asal. Ini berat ini. Kerajaan yang amanah, cemerlang, terbilang dan segala-gala macam itu harus teliti perkara ini dengan serius," tambahnya lagi.

Beliau juga turut membangkit isu sistem E-Tanah berjumlah RM65 juta yang diperuntukkan untuk 'pilot project' di Pulau Pinang namun gagal juga dilaksanakan.

"Mengaibkan, memalukan! RM1.2 bilion 'witout open tender', bagi sahaja, belakangnya Pemuda Umno Malaysia berjuang untuk agama, bangsa dan negara tetapi rompak di siang hari," katanya.

Tun,

At least now more Malaysian would realise how AAB has abused his position, not fulfilling his oath as PM. I am sure this similarity is happening to other states as well but Tun as usual one at a time to disclosed all this happening.

Clearly as observed AAB was fast in taking the Oath again to be PM, even losing his own states Penang and 4 other states during 12PRU.

Tun as normal practise on any failure or incident/accident a post mortem needs to be conducted immediately. Ask any professional they will gladly give the details. But for UMNO there was no post mortem at all. AAB would not have them but insist to have them in Dec 08'. Why? This similarity of AAB abused and shopping spree is also happening in Johore is this not right Tun? Tun has all the cards in his hands and AAB has no where to hide. I now wonder who has the courage and guts to be ensure this matter is brought in the cabinet. UMNO MT, keep quiet for as long as AAB is in power because most MT UMNO are Robots, with AAB holding on the remotes for them to move or act. "Silence is not always Golden, It could be Guilt". I guess, all the other states would soon join the states that was won by opposition. Thanks to ABB, because he need till 2010 to ensure this would materialised. Salam Tun. Thanks fellow bloggers.

Kepada Ahli ahli UMNO yang budiman,

Setelah membaca tulisan Tun jangan cari alasan untuk membela Dollah. Jangan terus menuduh bahawa Tun tidak ikhlas.

Kebodohan dan keseronokan ahli Ahli UMNO terus menyokong Dollah sebagai Presiden sama sahaja dengan keseronokan merogol ibu pertiwi dan masa depan anak anak saudara saudara sekalian.

Fikir fikirkan lah masa depan anak anak saudara sebelum terus membuta tuli menyokong Dollah dan sanak saudaranya.

Anak cucu saudara sekalian akan menyumpah saudara walau pun di dalam kubur kerana membiarkan Dollah bermaharaja lela membazir wang rakyat.

Ingat ya Penyokong UMNO.

Satu satu projek bolos dan masyuk poket Pak Lah sendiri didedahkan. Pak Lah mcm tak sedar2 diri je. Asyik nak tibai kekayaan negara je.

Semalam say hadiri perjumpaan komuniti USJ 16-27 yg dipengerusikan oleh ahli majlis MPSJ. Ahli majlis ni kata mcm2 kerajaan baru Selangor ni dah dan akan buat utk tolong org2 pendapatan rendah, org2 miskin, anak2 yg terpelajar, warga tua menikmati keselesaan hidup melalui pemberian wang tunai, scholarship, insuran, dsbnya. Dlm pada itu jugak dia menyatakan tentang kepimpinan dulu under BN. Misalnya dia tanya ada ka Menteri Besar Selangor dulu (Khair Toyo) turun dan tengok penduduk USJ. Ada sumbangan diberikan pd penduduk oleh kerajaan BN terdahulu. Saya dah tinggal di USJ ni 8 tahun. Belum sekali Khair Toyo turun jumpa penduduk disini. Rumah guard, kawalan keselamatan semuanya datang dari poket penduduk disini. Dan saya memangkah BN pada 4 kali pilihanraya!

Apa yg saya nak sampaikan disini ialah supaya org2 BN (UMNO terutamanya) tolong bangun dari tidur yg nyenyak itu. Wakil2 rakyat diberi tanggungjawab, setelah dipilih oleh rakyat, utk serve rakyat. Buat lepas pilihanraya, hilang, dan lepas 4 tahun baru muncul semula utk raih simpati rakyat. Cukup2 tak bagus dan tak berhati perut. Saya tak kata yg kerajaan baru Selangor ni akan jadi lebih baik dari kerajaan BN sebab mereka pun berjanji. Tapi usaha ke arah itu sedang dilakukan! Penduduk2 disini klu sekali sekala dpt berjumpa pemimpin, ahli2 majlis, dpt sumbangan kenduri, buat gazebo, buat program derma darah, sbgnya, tentu kami akan berpuas hati. Berapa sangat la RM utk aktiviti2 tersebut. Kami tak mintak pun Mesjid Kristal mcm

T'ganu tu. Tak payah ada Mossoon Cup pun kat sini. Apa yg diperlukan ialah sekali sekala tunjukkan keperihatinan pemimpin terhadap penduduk dibawah kawasan wakil2 rakyat.

Ingat sebelum kena. Jgn menysal nanti bila sedar2 satu hari nanti, rakyat semua memilih pembangkang utk mengemudi negara. Tun pun dah takde dlm UMNO dan kerajaan dah. Tapi klu Tun buat parti baru, saya lah yg akan jadi antara org2 yg pertama join parti tu.....

Hidup Tun! Jaga kesihatan bos.....

So..... many comments & opinion.

But what can we the rakyat do about it? I, for one don't want to see Malaysia go bankrupt. Running Malaysia is like running a business. When you spend RM2 million or RM2 billion, the returns must at least double that amount. Not make a loss for the country.

My General Manager will for sure get kick out of the company if he losses that amount.

You mean to say that our PM can do whatever he wants without being reprimended???

We the rakyat elect a certain person to become PM so that he can govern the country. NOT be a tyrant like our present Malaysia PM. By right all..... the BN goons work FOR the rakyat. They are our servants !!

So... why must we kowtow to them...?

These corruption thingy is not going to stop. By the time PM step down in 2010 our country will be so..... dried up!

Has the PM & all his goons declare their so call assets, savings & all that crap yet. Better check their overseas accounts. Their family too.

We are the laughing stock of the world currently. No.1 rating !

The money are for the people. NOT for BN goons pockets.

So... much SIN they have commited and they still go to holy places to redeem themselves ???

This the BIGGEST sin commited...!

You can agree or disagree. Up to you!

Jus wanna inform Tun and all readers the updates of the voting / dream election im having at whatmalaysianswant.blogspot.com .

85% wants Tun to return as the next Prime Minister.I know its going to be unfair to you Tun , to ask you to go thru it all over again . But if things going on like this , it wont be long before all the history of Malaysia , anything accredited to UMNO and alliances , will be scrapped from the history book.In 20 ears time , even Tuns name , not to mention what youve contributed , will only be mentioned in secrecy . As those who hated Tun , Umno , Barisan , are looking more powerful by day . And the saddest part , its not because of their capabilities , but instead the current administration is to busy to buy yatch .

This is very wrong . And the only person that can do something about it is you .

Im accepting the fact that the Malays are no longer strong nowadays .Its OK . Maybe its for our own good . To easy to get scholarships , loans , biz makes us weak and becoming a joke for others . Its okay . Thats what the majority wants , OK . Lets accept it .

But the case now is not MALAY DILEMMA anymore . Its MALAYSIANS DILEMMA.
Continue accepting craps , or change to crooks to lead us . My , wat a choice.

Do something TUN . And to those been mentioning about this white ribbon thing , what is it actually ? Is it wearing a white ribbon to show support for Tun , and to say NO to current admin & PKR ? if it is , count me in . Give more info . Well do it properly . LETS ALL WEAR A WHITE RIBBON , ESPECIALLY DURING UMNO GENERAL MEETING END OF THIS YEAR .

jusatot .

ps... any suggestion on what else we should vote for in my blog , kindly forward to dreamgovernment@hotmail.com

regards .

Assalammualaikum Tun

Ini lah akibatnya apabila ilmu tidak dipraktiskan bersama amalan. Amalan korup ini adalah bertentangan dengan ilmu quran dan Hadis. Dan paling sedih yang melakukan ini semua ialah Imam Hadhari. Cakap tidak serupa bikin! Tak tahu malu sungguh cucu ulamak ini.

Good day to you Honorable Tun,

Wishing you & your family well & happy:)

I find it ridiculous, for the government to spend so much money on the Moonsoon cup in Terengganu. What a waste, "Rakyat" has to bear with the inflation rising!! Now they are buying Mercedes Benz. Totally unfair.

I find it ridiculous, our PDRM mobilised a group of policemen to escort Anwar to the police station, given excuse of Police concerned that Anwar may not show up. What about other cases which is pending for solving, gun battled with robbers, illegal immigrants, petty robbers & the list can go on. Totally unfair.

I find it ridiculous, our PDRM & TDDM, mobilised thousand troops & army trucks to the area where "People" are doing a peaceful protest, saying Anwar is creating Public disorder?? While 30000 people taking 800 buses from all over the country to Putrajaya just to say "Pak lah, kita semua sokong Pak Lah!!!". Then the PDRM did nothing??? Totally unfair.

I find it ridiculous for Badawi to say, that he knew nothing about the arrest of Anwar, & sodomy case. So what does he knows, since he knows nothing, is he eligible to become PM of Malaysia?? Totally unfair.

I find it ridiculous for Badawi to say, he is the PM for the people, so did he do what he is suppose to do, is to take care of the "Rakyat". Now the oil price fallen to USD130, so will he reduce??
Totally unfair.

I find it super ridiculous, when the Chinese asking for somethings, we were being ask to "Balik Cina", now, the Terengganu MB decided to spend million & million of RM to buy Mercedes Benz saying Proton Perdana is a lousy car. I think as a government representatives, this MB is a role model to the "Rakyat", what you have shown here is not "Patriotic". Proton Perdana is a national car of Malaysia (Buatan Malaysia). So now, should the people ask to go back eh...mana..balik mana???

To the capable leaders please bring Democracy to the "Rakyat".

Thank you regards...

Yang dikasihi Tun

Semoga dilimpahi Allah rahmat dan hidayahNya selalu.

Selama ini saya hanya menjadi pemerhati tetap. ie. semua catatan Tun, saya baca dan hayati. Ada yang saya setuju sepenuh hati, ada yang setuju separuh-separuh sahaja dan ada juga yang langsung tidak setuju. Tang kes Terengganu ni saya setuju 100%. Memang sepatutnya rakyat disedarkan tentang kedudukan yang sebenar agar semua tahu betapa pincangnya pentadbiran hari ini.

Tetapi yang hakikatnya ialah, pada saya, Tun tetap Perdana Menteri saya dan keluarga. Yang duduk tercongok di Putrajaya tu bukan Perdana Menteri, tetapi pak turut. Cakap siapa sahaja, terlebih lagi kaum keluarga dan sahabat handai dia, semua dia turut tanpa usul periksa sehingga kami rakyat jelata yang terpaksa menanggung bahana keputusannya yang tidak berasaskan fakta itu.

Bercakap tentang Putrajaya, bila lagi Tun hendak bercakap mengenai projek yang sepatutnya lengkap tetapi hari ini sudah jadi lebih baik sedikit sahaja daripada dari Chow Kit itu. Dengan masalah kesesakan lalulintas, dengan masalah pakir yang haphazard kerana hampir semua Minah, Abu, Samy dan Ah Chong memandu untuk ke pejabat masing-masing, walaupun pejabat kurang 2 km dari kediaman mereka. Jika Tun masih ada urusan memasuki mana-mana Parcel (katanya tak lama lagi nak ditukar tak mahu guna perkataan Parcel, tak Melayu kata mereka), Tun pasti akan nampak kun merah putih merata tempat bagi menghalang tuan punya kereta mempakir kenderaan mereka sesuka hati. Juga pengawal bersimpang siur untuk tujuan yang sama.

Terfikir pula saya, adakah Tun memang tidak membuat perancangan bagi mengambil kira masalah ini atau adakah memang sudah dirancang tetapi tidak diimplementasi dengan baik oleh tadbiran sekarang?

Satu lagi masalah di Putrajaya yang sungguh menyakitkan mata memandangi berbanding empat lima tahun lalu ialah penyenggaraan bangunan dan tempat awam yang sungguh tidak sempurna. Di sana sini terdapat kerosakan, berlobang, even the fountains in the centre of the Dataran are no longer working most of the time!

Banyak berjalan luas pandangan kata orang. Rasenya, Keindahan Putrajaya boleh menandingi, kalau pun tidak lebih baik dari bandar-bandar terancang negara yang jauh lebih maju dari Malaysia. Jadi mengapakah dibiarkan ia menjadi seperti sebuah pasar borong???

Salam saya untuk Tun sekeluarga

By jeff hamaz on July 23, 2008 2:09 PM

Assalamualaikum Tun,

Memang nampak jelas pembaziran wang negara yang dilakukan oleh regim BN yang memerintah kini. Ramai pihak berkata pembaziran selama 4 tahun yang dilakukan oleh BN di bawah Pak Lah secara average adalah puluhan kali lebih teruk berbanding pembaziran yang dilakukan oleh BN selama 22 tahun Tun menjadi PM dahulu. Ada pula pihak yang berkata Pak Lah memang sengaja hendak menunjuk-nunjukkan bahawa dia lebih hebat dari Tun, termasuk dari segi membazirkan wang negara, sebab itulah pembaziran yang keterlaluan telah dan sedang dilakukannya.

Mungkin lepas ini Tun boleh tulis mengenai kajian perbandingan tentang siapa yang lebih hebat membazirkan wang negara sama ada Pak Lah atau Tun. Walaupun ramai yang sudah tahu jawapannya, namun kaedah penceritaan Tun yang nampak jujur dan telus itu pastinya akan lebih menarik perhatian ramai.

By kerteh_d'hatiku on July 23, 2008 2:12 PM

Assalamualaikum,

Semoga Tun sihat sentiasa!

Sebagai rakyat negeri Terengganu saya merasa amat kecewa kerana duit berjuta2 ringgit dibelanjakan kearah yg tidak bijak semasa pentadbiran negeri dahulu. Adalah tidak dinafikan ada juga projek2 yang menguntungkan rakyat contohnya pembinaan rumah PPRT, pemberian simen@bata@zink@papan bagi tujuan membaiki kediaman, pemberian pukut @bot bagi membantu para nelayan, menurap jalan2 di kampung dll. Terima kasih sy ucapkan!! Namun sedar atau tidak kebanyakan projek yg dilaksanakan itu hanya untuk jangka pendek. kenapa sy berkata sedemikian, seolah-olah projek yg dilaksanakan itu, mengajar rakyat terengganu untuk sentiasa meminta dan tidak berusaha untuk bekerja keras. adakah duit ehsan yg ditaburkan semata-mata untuk memancing undi. kalo inilah yg diajar maka rakyat terengganu sentiasa rasa perlu ditatang perlu dimanja dan akhirnya mereka lemah tanpa daya saing untuk maju.

Berlaku ketidak telusan ajk umno dalam mewar-warkan @ mengagihkan borang2 permohonan wang ehsan. golongan diutamakan terlebih dahulu adalah kroni dan sanak saudara mereka walaupun mereka terkeluar dari syarat kelayakan yg mereka sendiri tetapkan. Sy rasa untuk kebaikan umno negeri mereka perlu sedia menerima pandangan ini.

Sy mengesyorkan supaya kaedah pemberian wang secara tunai ditukar mengikut keperluan golongan sasaran. Mengapa? Menjadi sifat manusia selalu menyalah guna benda yg berfaedah. Contoh duit rm200 diberikan kepada golongan remaja(sy lp nama program tu, sy juga dapat) bagi tujuan membantu golongan susah dan yang masih menuntut, namun alangkah sedihnya duit tersebut disalah belanjakan. Ada yg beli sport rim moto, beli hp la dll.(darat sungguh la!!!) Tentang projek masjid kristal pula bagi jangka masa panjang kurang menguntungkan rakyat terengganu. Adakah rakyat terengganu hanya menjadi penjaja di sekitar pulau wan man sahaja! Perlu difikirkan tindakan yang boleh memberi impak yang lebih kepada penduduk sekitar terutama dalam sektor ekonomi.

Apa pun Terima Kasih kepada rakyat terengganu kerana majoriti memilih BN. Oleh yg demikian bekerjalah lebih keras kepada wakil2 rakyat terengganu, tunjukkan rekod2 cemerlang kepada rakyat.

WASSALAM.

Dear YAB Tun.M,

Do you think the solution for people of Terengganu will be "Pakatan Rakyat"?....Can Pakatan Rakyat given a chance to manage this state for at least 1 term so the comparison can be made between BN and them? Will the Terengganu people benefit out of this?

Please comment sir.....Your years of experience in this field will help we believe.

Thanks....

How about other government projects that is also a waste to the economy of Malaysia? How about the recent Space program...whats the benefit to the country for sending an astronaut to space?

Also where is the millions of RM thats is being pumped into Mimos Berhad going? What outcome has Mimos given back to the country? The CEO(Mimos) is also a politician, is he a cronie to DSAB?

Would like your answers to these issues...

Thanks Tun..hope to hear more from you

By kamimelayubarau on July 23, 2008 2:38 PM

Salam Tun,

Seperti yang saya nyatakan di dalam komen saya sebelum ini bahawa Proton lemah bukannya kerana produknya tidak berkualiti tetapi perkhidmatan servicenya yang didorongi dengan khidmat nasihat pekerja Proton yang kurang berpengalaman menyebabkan kereta keluaran Proton dilihat tidak berkualiti. Saya berharap agar Tun datang dan perhatikan sendiri atau pihak-pihak yang lain untuk melihat sendiri mutu kerja kakitangan Proton yang begitu lemah sekali. Saya percaya kelemahan ini disebabkan oleh pengurusan sumber manusia Proton yang mengambil pekerja sambil lewa tanpa mementingkan kualiti dan mutu perkhidmatan Proton itu sendiri. Ini seolah mempertaruhkan imej Proton sendiri dengan mengambil kakitangan yang kurang berkelayakkan kerana mahu mengurangkan kos bayaran pekerja dan yang menjai mangsa adalah pengguna kereta keluaran Proton. Saya yakin kalau dibandingkan dengan mutu perkhidmatan Mercedes jauh lebih baik kerana Syarikat itu mementingkan kualiti perkhidmatan walaupun terdapat kelebihan kepada produk keretanya. Daripada kenyataan akhbar yang kita lihat begitu jelas sekali perbezaan perbelanjaan yang dikenakan oleh pihak Proton sedangkan kualiti produknya adalah berbeza. Ini kerana Proton menggunakan pekerja yang kurang berkelayakkan dan pengalaman yang ramai berbanding Mercedes yang menggunakan tenaga kerja yang sedikit namun yang sangat berpengalaman dan kerana itu nilai servis mutu kerja begitu berbeza sekali. Saya mencadangkan agar Proton dipantau secara serius dan diberi amaran untuk mengurangkan statistik aduan kerosakkan dalam tempoh waranti kepada yang terendah. Sekiranya Proton gagal untuk mengatasinya, maka Proton berhak kehilangan keutamaan untuk menjadi pengeluar kereta rasmi untuk Kerajaan Malaysia....

Assalamualaikum yang berbahagia dan yang dikasihi Tun,

Semoga Tun sihat sejahtera dan di rahmati Allah.. Memang tak patut duit tersebut digunakan untuk membeli kereta mewah dengan alasan nak jimat kos penyelenggaraan..kasihan rakyat...padahal wang tu boleh dibelanjakan tuk kepentingan rakyat dan membantu rakyat.lebih2 lagi dengan ekonomi rakyat sekarang...bermewahan pula orang atasan..seolah-olah tak terasa dengan impak kenaikan minyak...

tu la saya cakap, tun sahaja yang layak tadbir malaysia ni...kami mewah di zaman Tun, di zaman pak lah,rakyat sengsara...

take care tun, salam sayang buat Tun, dan keluarga

Dear YAB Tun M,

Bagaimana kalau kerajaan bertukar setiap 2 penggal (BN dengan PR)...Saya rasa masa untuk seluruh rakyat Malaysia untuk melihat perubahan (CHANGE)....Rakyat Malaysia mesti undi setiap 2 penggal kepada pembangkang jadi pembangkang boleh buat check and balance projek projek yang di kendalikan oleh kerajaan lepas....Saya rasa sesiapa hendak menyeleweng wang negara/rakyat akan berfikir dua kali sebab mereka akan di siasat kelak oleh kerajaan baru...

Pendapat Tun amat di hargai...

Sekian,

Terima Kasih.

assalamualaikum kepada semua (terutama tun),

salam tun, apa khabar (didoakan sihat sejahtera)? saya sekarang peminat tun (walaupun dulu tidak). saya berharap tun (dan pembaca lain) sudi bertukar-tukar pendapat di sini, kerana berita harian dah jadi berita hairan, berita terkini dan jadi berita terkena, jadi blog is the best

saya terlalu baru di sini, berminat untuk mencatatkan beberapa perkataan (saya tidak menghadkan jumlah patah perkataan saya) untuk mungkin dikongsi bersama.

saya rasa terpanggil untuk menulis di ruangan chedet ini kerana saya rasa keadaan di negara kita (lebih2 lagi bila bercakap pasal soal foolitik). dengan menteri2 yang saya rasa mempunyai IQ sikit tinggi dari George W Bush (di bawah 95). kenapa menteri kita termasuk pm suka melihat satu pandangan sahaja (one-sided view). saya rasa bangga apabila kerajaan menghabiskan jumlah wang yang banyak untuk pendidikan, ini bermakna rakyat semakin bijak dan pandai menilai satu2 perkara, jangan lupa itu!!!. Jadi bila nak merancang sesuatu pastikan sudah ada senjata untuk menangkis segala perluru yang mungkin dilepaskan oleh rakyat yang "terbuka" matanya. contoh terjelas, kenaikan harga minyak. kenapa di "bodoh"kan rakyat dengan menyatakan minyak akan dinaikan pada "Ogos08" tetapi angin tiada ribut tiada minyak naik keesokannya. kenapa terlalu bodoh!!!

dan yang penting adalah "mitigation measure" kena ada sebelum pengumuman, sekali lagi terlalu bijak untuk pergi berperang tanpa senjata yang ampuh (dalam hal ini, tidak mempunyai satu senjata pun!!!).

banyak lagi....

PETRONAS pulak dipersalahkan, kelako.

carilah "scapegoat" yang sesuai untuk dikorbankan, ha ha ha. manusia dianugerahkan dengan 2 otak (kanan dan kiri) dan mempunyai berbillion sel otak (check iklan susu kat TV tue-enfagrow

kot)tapi malangnya pak menteri kebanyakannya hanya menggunakannya kurang dari 2% dari keseluruhan 2% sel yang aktif sahaja (maklumat tidak diambil dari mana-mana rujukan). sebab tue nampak terlalu bodoh dalam sesuatu hal.

benda-benda seperti tembak dalam gelap, suluh dalam terang dan KLCC depan mata tak nampak, kuman punya taik hidung kat jakarta siap nampak dengan bakterianya sekali, tak ke kelako? ini yang berlaku di dalam kabinet kerajaan kita sekarang nie. mereka yang tak layak naik junjung (merujuk debat paling sensasi-rakyat tahu menilai!!!).

dengan al-jazeera pun nak bertekak (unprofesional sungguh).

hi sedap pulak menaip nie ekk.

nanti ada masa saya menaip lagi ekk

salam semua pada warga chedet

komen sy berkenaan electrified double tracking project..

sbnarnya, sy tidak mengetahui tentang wujudnya project ini sehingga sy telah diberi tugas utk monitor progression project ini, baru2 ini..sy seorg banker..

my first impression tentang project ini, bagi saya ia terlalu bagus, amatlah dinanti2kan, dan jelas sekali memberikan benefit kepada rakyat..sbg contoh, dari KL ke PEnang, perjalanan mengambil mase almost same sekiranya kite menaiki kereta..but, tak payah nak drive..tak penat..dan dari segi perancangan mase lebih efective (tak expose too high traffic jamm) dan yg paling menakutkan, kemalangan jalanraya sekiranya melalui lebuhraya..

so perjalanan yg sbnm ini dikatakan jauh, menjadi dekat..kalu dari KL ke kelantan, hanya 458 km, assuming kalu 100km per hour, dalam 5 jam, boleh sampai, tp disebabkan keadaan jalan yg sempit, perjalanan mengambil mase 7 jam at least utk sampai ke Kelantan..sungguh tension, dan memenatkan..

jd project spt ini adalah alternatif yg sgt bagus skali..sy wonder, takkan Pak Lah punye idea tentang project yg sgt bagus ini..walaupun sy berpendapat project 5 koridor yg diilhamkan oleh Pak Lah adalah satu idea yg bagus juga..bila sy selidik punye selidik, project ini bukan cerita baru, ia telah ditangguhkan since 2004..its your project TUn..

project ini under progression..progesion accelerated..

Hi Tun,

Believed u still very energetic!

I told u all here b4, go and check those contractors, payment release and the person who appointed them. I'm sure we all will get something like corruptions.

Pak Lah must b forgotten that Malay states still rules by Sultan. How can he use the States' fund or royalty???? This is very disrespect to the Sultan of Terengganu!!! so Biadap!!!

If Pak Lah wan the evidence to show the misuse of fund, I think our beloved Agong Tuanku Mizan Zainal Abidin can show him! Agong knows everything, Pak Lah....

By angelinajolie on July 23, 2008 3:27 PM

I am just thinking about KJ motive and why he just wants to get his hand clean on various projects. I personally think that it is time to use the oil money as a strategy to combat inflation and stagflation for Malaysia. We need more financial assistance now for the common people and it must be done immediately. To the present government, don't just wait for the very last minute to take action. When the common people cry for help it is time to take action. Don't delay your duty to the people of Malaysia. I just realised that there are still poor locals in Trengganu who need the attention of the state government. Use the oil money for poverty eradication programmes. DON'T DELAY.....

By ishak on July 23, 2008 3:39 PM

I am just wondering what has happened to our "Mr Clean". I am not sure whatever Tun says are correct. I am hoping someone will verify the truth. I lost faith in UMNO when I "feel" the arrogance of our elected leaders. As more and more are revealed to ignorant people like, I begin to realise more and more not to support them any longer. But what other alternatives do we have, DAP - no, no, PKR - just as ugly, PAS - how would I want to support them when they say "Tuhan pun mencarut". Aren't we all in a dilemma.

Assalamualaikum Tun,

I just dont understand, kenapa susah sangat nak letak jawatan. Jangan ambil kira pandangan orang atasan sahaja, akar umbi perlu diambil kira. Bila orang atasan buat tak tahu nanti takut ada orang naik toncang. Bagaimana dengan pembelian kereta Mercs dan penghinaan MB Trengganu

terhadap proton? So far there's no complaint from users about the maintenance or replacement of part. Then how come they paid such a big amount for maintenance for perdana. Kalau dah pakai begitu robust steamrollpun boleh jahanam. Pengiraan mudah untuk 14 buah kenderaan serta senggara untuk 4 tahun. Harga V6 RM 130,000.00 + Senggara (a) RM 132,357.76 (b) RM 175,229.97 = (a) RM3,673,008.64 (b) RM 4,273,219.58. Harga Mercs RM245,000.00 x 14 = RM3,430,000.00 tanpa senggaraan. Belum lagi dikira duit petrol bagi kedua-dua jenis kenderaan. Jadi untuk jangka masa panjang agak-agak mana yang lebih menjimatkan. Fikir-fikirkanlah sendiri.

Very unfortunate, we are in the sinking boat now. We have to act fast to save the boat and our future. Our problem is not so much on the rise of petrol. It is more on the mismanagement by People in Power. Bercakap lain, buat lain. ACA akhir-akhir ini nampak baik sedikit (sepatut baik sejak 1974 lagi saperti ICAC Hong Kong), sedikit ketinggalan tidak mengapa, cubalah lebih fokus siasatan kearah ini. ACA boleh juga jadi sedikit sebanyak penyelamat selain daripada Raja2 Negeri, Tun sendiri dan hamba-hamba Allah yang lain.

By jeggy on July 23, 2008 4:27 PM

Dear Tun,

Your article clearly shows that corruption is really very rife in Malaysia. We should all sincerely pray that that all the corrupt persons are severely punished by the Almighty Allah ASAP.

This is a genuine request for all Malaysians to pray so that justice is not only done but seen to be done. May all corrupt officers be forewarn that the time has come for them to realise that Allah will not spare them unless they genuinely repent by donating all the ill-gotten gains to charities of all races. Allah is great. The ordinary people are suffering because of these CHEATS WHO PROFESS TO BE VERY GOOD.

Hi, this my first time communicating with you. now la i rasa u are more approachable masa jadi PM dulu tak dak chan. yang ikhlas from me, I memang tau Malaysia tak akan ada great leader macam u lagi. tak tau la tu pun coz kalau i hidup to be 100 years maybe la ada kut. Attitude orang melayu ni selain dari mudah lupa kami juga dibelakang cakap bukan main lagi tapi bila depan2 pijak semut pun tak mampus. Bab mengata belakang ni bukan saja applicable kat makcik2 jiran tetangga yang dok lepak ataih tembok petang2 but depa2 tu yang dok lepak kat lobi parlimen ka atau kerusi belakang. orang umno ni perangai dia lagu ni... depa takut kalau tak calon Pk. Lah tu takut pulak dia menang nanti dis ni ha mampuih tak leh cari makan dah depa2 ni.. nak kutuk sangat org malayu pun saya ni pun melayu jadi ibarat mcm meludah ke langit naik atas batang hidung sendiri.

Since ni first time i..i simplfy saja la no.

1. bab beli Merz di Tgganu tu tok sah dok tekejut la.. biasa la sapa pun kalu dah dibagi power nak plak backup dia tgl la sapa dulu masa nak jadi MB pederaih habis la untuk save kos la keselamatan la.. sebelum ni adaka exco yang mati naik perdana. selain mercz awat tak beli toyota saja ka why??? had tu.

La ni benda dah beli.. saya syorkan bayaran kereta2 tu kita potong gaji exco2 tu bulan2 maybe selama 24bulan so bila depa berambus pi lepas ni angkut sekali dgn reta2 tu.

ANOTHER EXAMPLE OF WASTAGE AND LOSSES!

The Youth and Sports Ministry entered into a multi-million ringgit agreement to host a football tournament with a company with a paid up-capital of just RM650 and accumulated losses exceeding RM6.5 million. If it had carried out a due diligence test, as is required by practice and convention, before entering into an agreement involving such a big amount of money, it certainly would not have parted with RM17 million as "bidding fees" to host the Champions Youth Cup (CYC) tournament last year. And certainly, it would not have parted with RM8 million as "advance" for this year's tournament, which has since been aborted.

Salam TDM,

Saya rasa duit banyak2 spend kat kereta tu membazir sebab lepas ni sapa2 jadi exco kena beli kereta baru lagi... Nak tukar satu hal next few years harga mesti naik lagi... Nak up to date takkan nak pakai model lama ?? Next 5 years or so model mercedes mesti lagi canggih... Timbul pulak kata orang dulu pakai mercedes .. kita orang pun nak pakai mercedes jugak...

Bila dah ada precedence mesti ada yang akan gunakan isu ni sebagai hujah....

Kalau pakai perdana V6 tak yah risau sebab model tu evergreen, spare parts available and cheap and kalau pun nak tukar tak le semahal benz. Memang lambat sikit tukar bentuk / wajah... tapi itu kereta keluaran kita.. malu ker nak pakai??

Bukan salah kereta tapi salah pemandunya

Kereta Perdana tu orang lain pun pakai jugak.. tak de spend sampai 100k lebih repair... awat depa makan gear box ker?? Maintenance apa sampai sama harga kereta. Panel worksyop tu yang nak diaudit...

Sebaiknya guna duit untuk pembangunan sumber manusia dan selarikan dengan infra yang sedia ada. Terengganu tak kalah dalam bab infra. Tapi kalau infra canggih tapi mentaliti tahap lama.. bagi kereta apa pun hancur....

Salam Tun. Take care.

Salam Tun

Usahlah kita semua bimbang. 4 atau 5 tahun lagi bukannya lama. PRaya akan datang BN pasti lingkup. Macam saya katakan sebelum ini iaitu 95% rakyat Malaysia ini belajar sampai SPM dan mereka ini bukan bodoh tapi pandai menilai yang mana intan dan besi karat. Nanti kita buatlah perbandingan antara BN dan PR yang mana lebih berkhidmat untuk rakyat.

Sekarang ni pun wakil wakil rakyat BN sibuk hendak berdampingan dengan rakyat.. bukan apa nak menunjuk nunjuk tapi rakyat semua tahu damage already done for the last 5 years dan bukan senang nak merungkaikannya. Rakyat takkan lupa. Tun kata Melayu mudah lupa taoi not this time. This time i and my fellow countrymen/women/rakyat will pay back for our sufferings.

Si Nor Yaakob ni pandai2 buat cerita inflasi masih rendah pada kadar 5-6%. Dia ingat kita semua ni bodoh ke? Kami semua belajar sampai SPM keatas lah. Pandai baca, pandai tulis, pandai kira dan pandai FIKIR. Kos asas yang bergantung pada minyak dan diesel naik 41% !! dan si Nor ni ingat kami ni bodoh ke? Macamlah kami yang belajar sampai SPM ni tak pandai kira yang kadar inflasi kini sudah melebihi 8% dan akan naik lagi dibulan2 akan datang nanti.

Suasana akan bertambah parah lagi dengan pembeli utama barangan kita di Amerika dan Eropah kini mengalami zaman meleset dan tak mampu nak beli barangan kita lagi. Negara Cina yang gah berkembang mencapai 10% tu juga takkan bertahan lama. Mereka berkembang kerana OLIMPIK yang merencanakan pembangunan. Tamat Olimpik mereka nak buat apa? Baliklah pada asal iaitu buat produk2 murahan lawan dengan kita untuk hantar kenegara2 lain. Kita tak bolih lawan sebab kos mereka lebih rendah.. nanti tinggallah kita terkapai kapai sebab awal2 lagi siPakLah dan naikkan kos kita dengan kenaikan 41% minyak!

Apa nak jadi dengan kita rakyat marhaen. Merana dan merempatlah di negara tercinta ini. Kroni kroni BN semua dah hidup senang termasuk member member di Trengganu yang tak lama lagi nak pakai mercedes E200K. Empat belas biji pulak tu.. haprak betoi!

Jangan lupa BN kami semua SPM holders and above dan dah banyak pun dikalangan kami yang dah ada diploma dan ijazah. Jumpa di PRaya akan datang for the final perhitungan!

Dear Tun

It truly amuses me to see the "has-been" in UMNO scrambling to be candidates for the upcoming party election. Many of them would be better off if they just quietly fade away into the sunset. For the betterment of the nation and her people we need leaders with credibility. We just cannot afford to have a bunch of highly questionable "leaders" assuming the seat of power in the government. I believe once a leopard always a leopard because a leopard does not change its spot! That's why we must optimize the most qualified people regardless of race, color or creed to manage this nation. Alas what we have today is far from it. It pains many a Malaysian today to see our beloved country slowly but surely sinking into oblivion. We have what it takes to rise again but certainly not through the current crop of leaders we have. It takes courage to change... and change for the better we must if we desire a better tomorrow for our nation and our children.

By Anak Jati Look East Policy on July 23, 2008 6:04 PM

Tun,

Salam dari anakanda.

I have to agree with you once again; within a short period the current government has wasted a lot. Majority of them hidup senang masa kecil; that's why bila dah jadi pemimpin, is o.k. to waste that sort of money and at the same time gemukkan kaum keluarga sendiri dulu. Upon appointment as PM, he claimed that the country has no money, as it has been used and wasted by the previous government, of course he referred to Tun. He forgot that all the projects materialised and today is the prominent features of this beloved country which he proudly boost with his guests. Now we know who is really the one who wasted and continued wasting the country's money unnecessarily, yet we still want to retain them for another two years.

The bigger waste was Pulau Batu Puteh; let us check who was the one advising the cabinet wrongly in the 1980s to take the matter to ICJ. Whereas it was clear that the Island belongs to us. The attitude was wrong, the person in charge then ran from responsibilities, cuci tangan, no attempt to put own efforts but took the easy way out by recommending to take the matter to ICJ. We lost just because our documents are not kept properly which shouldn't arise if we solve it our way, put some effort although bitter. Same perangai sampai la ni; no attempt to take the leadership responsibilities, just give to other people to do; and he just read thus far a lot of issues arise after announcement is made. But still want to continue for another 2 years.

Look again at the new MB Terengganu's car issue, if he is a true leader and discharge his leadership responsibilities, he just needs to tell and instruct the MB; as usual he runs from the responsibility, takes an easy way out, by taking the matter to discuss in Cabinet and decide (of course he doesn't want to be seen as a dictator like you Tun); later he will announce and claim it is a cabinet decision, not his. Issue is very clear, in this difficult situation where the country's industries need the government's support, we allow this to happen, again wastage. What an example by a state leader! The MB, being a leader, seems to have a clue to support his own country's economy and his government's own policies; still needs to discuss in the cabinet. Tun, please help.

Tun, take care of your health, doa saya Tun continue sihat sejahtera.

1. Trengganu ada Crystal Palace. REMBAU pula ada Crystal Factory. Co-incident kah? Sama sama tahulah hehehe! Main actor tu siapa pulak!

2. Saya rasa memang OKAY bahawa Pentadbiran Trengganu pakai Mercedes, sebab selama ini kekayaan negeri tidak dinikmati orang dari Trengganu, walaupun Umnoputra Trengganu buat kali ini. Biarlah mereka menikmati kemewahan sekali. Gunalah Mercedes instead of Perdana...

... ..

3. Kalau ada hidangan yang lebih sedap nisan mana tidak ingin menikmatinya? Hanya yang perlu diingati ialah jangan lupa orang lain (especially rakyat jelata Trengganu) yang sedang memerhati dan menunggu – share the royalties for the rakyat to have better lifes!

4. Dulupun saya huraikan – 2 years to step down. I rasa Palah terpaksa cari \$\$ untuk menampung hidup mewah untuk couples suami isteri diri, anak dan menantu! Hi Dr.M

Waste is still a Waste.. Maybe they are thinking of malaysia to become the most beautiful country in asia.

When talk about this, theme park is not a solution for getting more money. Think like chinese, they work almost one day to improve their business. Don't think like coffee man, they spend the whole night improve their talking skills.

If the 2 billion is not used, gov can keep the money and plan for a bullet train from johore to kl or anywhere, this might reduce money gain by bus company but this travel is safer and people tends to use it as it cheaper than bus travel (using electricity is cheaper right). As it is cheap, gov can put tax inside so that the price can be the same like bus travel. Even this affected the airlines and the bus travel agency but people will be divided to this services. which not all will interested to use bullet train if they want to travel fast without going to other station, and people that go for traveling wish to use bus service as it is more slower and they can stop at certain place.

Why the plan is to make a theme park? why not plan to make Malaysian people easier and low cost? If expenses is lower, people can save more. And few years after bullet train implemented, theme park can be build anywhere and people now have more money to spend and you can get much more.

Think..Like i said before think like chinese.

Hari ini Bloomberg mengistiharkan Middle East Countries ingin unpegg matawang mereka daripada USD. Kuwait pula SUDAH UNPEGG tetapi belum start the engine to pegg dinar mereka kepada sesebuah negara.

Semua ini adalah ide ide Tun yang sebarakan semasa Tun sebagai PM Malaysia dan President OIC meeting dengan mereka. Ada apa apa yang Tun boleh buat untuk negara negara ini pegg their \$\$ kepada matawang RM kita?

Salam Dr. M...

Yep! Terengganu really needs more money in order to catch up with other states...I'm from Terengganu and I felt like left behind...we was treated like the "ugly duckling" of Malaysia...from the moment of independence to the formation of Malaysia until now, we really felt the bias treatment from the federal government...

we did rejected BN on 1995(when you was the PM) and we came back to BN, but really, nothing has changed...still the same ol' treatment from the federal...

but when we really got the RM2b (if the figure was true), then the money was spent on something wasteful by the former MB..and the current MB is not the right person to lead Terengganu (in my personal opinion)...what was Pak Lah and Idris Jusoh thinking? what ARE 'Terangganese' thinking? no one will save us but ourselves...

I'll not blame you for trying to snatch Kelantan back more than you should take care of Terengganu which was on your side...but the history had been written and we should look into the future...currently, the future still looks bleak for the people of the proud Terengganu...
By Zahar on July 23, 2008 6:39 PM

At the risk of antagonizing everyone on this forum, I find it a little bit lucu when people equate the reasons given by the Tganu state government buying Mercedes Benz as somehow saying or implying that Proton cars are useless or less than good.

Bear with me a while, but to my mind what they are saying is between these two alternative car makes, they believe the Mercedes would offer better return e.g. less maintenance cost than a Perdana. Those reasons may be valid or otherwise, but to me, it doesn't mean that Proton cars are substandard. All they are saying is, Mercedes cars (may) cost less to maintain, and to my mind it's only PHD (perasaan hasad dengki) which makes people get agitated and claim they are implying that Perdanas are bad or useless.

Sorry. Had to get that off my chest.

Hi Tun,

5 million wasted! The government asked us to change our lifestyle, spend prudently, but they wasted so much of money. When bloggers or anyone questioned their moves, Pak Lah justify it. Now I notice they started to waste money on Sabah and Sarawak on projects without proper

planning. The good example is the railway track in Bintulu. That's going to be a billion ringgit project due to the geographic structure.

By DennyAuthor Profile Page on July 23, 2008 6:48 PM

Tun et readers,

It is clear that the future of our tanahair is squandered away by all this waste.

The more we discovered, the more frustrated and angry I am on the fact that it is so easy for our 'so call' leader to waste our (your) future by spending your hard earn (tax payer)money on senseless projects that benefits only a small group of people.

Image what we can do with all those billions, millions of ringgit of 'lost opportunity'.

In a worse case scenario if we put this amount (2+5=7 billions) in saving account (sleeping money) with an interest rate of 5 % per year. That translate to a lost opportunity of 50 millions ringgit (that we can get without doing anything)....

Not only that we lost the current face value but also all the future earning that we could have reap if it was invested wisely (with a even higher return). Imagine...

Rakyat, wake up, wake up...

Enough of all this wastage - take charge of your future, your children's future.

Yours respectfully,

Denny

Dear Tun,

I always learn new things when I read your blog. I know when you say something you will always substantiate with proof- tidak buta tuli sahaja. That is why (presumably) Malaysian will want to read what you write and believe what is written. About the T'ganu Mercedes, I think the present government is making a real big issue out of nothing. Awat nobody bising pasai masjid krystal which the government spent billions not millions and also what happen in johor and penang on the wilayah utara and selatan. Who will benefit from the projects? I am pretty sure it will definitely not the rakyat..probably will only benefit those who practise the so called islam hadhari.

Tun yang di hormati,

Kata orang putih "there is no free lunch". Mungkin kita makan free, tapi orang lain yang bayar.

Hari tu Pak Lah nak bagi orang Sabah RM 1 billion, orang Sarawak mungkin RM 1 billion. La ni orang Terengganu nak RM 5 billion. Orang Pahang, Johor, Perlis, Melaka dan Negeri Sembilan cam mana ya. Orang Kelantan, Kedah, Penang, Perak dan Selangor minta maaf la ya. Pak Lah marah sebab tak di undi.

Masa Tun dulu, bila tak di undi, Tun langsung tak bagi. Tun tegas sangat kot.

Masa Pak Lah ni dia memang manja, suka rehat dan suka tidor. Kalau orang merajuk cam kat Malaysia Timur tu, dia akan bagi gula-gula. Terengganu ni dia sayang, tu sebab nya dia mungkin akan bagi gula-gula yang banyak.

Penang walau pun tempat dia, dia marah sangat, dia potong semua projek. Kesian orang Penang.

Orang Pahang lagi kesian. Dah la gula-gula tak dapat, jawatan PM pun belum tentu lagi.

Terima kasih

Salam Tun,

Ni pasal Masjid Crystal...ceritanya dah lama dan orang Terengganu sudah lama merana dan mengumpat kerajaan BN, Pak Lah, Idris Jusoh, Wan Hisham, KJ dan Patrick lim. I and so many others were wondering why BN still won in Terengganu when everybody knows and determined to vote for Opposition. The Mosque was built not within the Islamic way of which we must have certain no. of penduduk Islam...then we have the masjid. No....Pak Lah and his greedy croonies has decided on Pulau Wan Man yang penduduknya tak sampai 50 orang because the they bought the land very cheap and penduduk disitu knows nothing about the plan. Even the Mufti was shoved aside. The ideas discussed within the group (as mentioned as the above) and proceed with the plan. So was Monsoon Cup...that is why the corrupted Wan Hisham sat on all those mega projects. But who is stupid here, the Terengganu people because they still voted for the corrupted party. This time thay should blame themselves.

By sans on July 23, 2008 8:03 PM

While I agree with your comments on the wastage and lack of overview on these amounts, this wang ehsan business happened on your watch when PAS won Terrenganu and you decided to channel the royalty (now called wang ehsan), through the Terrenganu UMNO Liason chief. Where was the oversight there? This is the people's of Terreanganu's money and it was given to the UMNO chief in Terrenganu? Where can? This is the kind of thing that makes people vote against BN/UMNO.

Don't be a hypocrite lah.

The thing is you where PM for 22 years, it is hard to criticise the current govt because many of the policies under you where similar or initiated by you such as the wang ehsan above.

I think in this particular posting, you should have started by admitting your mistake in creating this wang ehsan scheme in the first place.

Dear Tun,

Occasionally, reducing oil make people happy. That's fact. Increasing oil price make people burden...and peoples' stated the government...Why so stupid...?

I regularly heard the song of "My Way" by Frank Sinatra...that I think only you(Tun) suitable to say I do it with my way.

But, for the new leader or other leaders they need to find other song that suit to them, but not "My Way" hahaha...

The basic principled that the leader should have is 'Dare To Realized'. Not 'Dare To Dream' or especially 'Dare To Say I Don't Know'.

Term of 'play safe' for leader is the awakening for future of any countries to be bullied and being lied for enemies or future enemies. Why not? want the example..The

Debate...hahaha...(remember?)

The fastest way to win people heart is so simple when you are really have the power...I mean fully power to justified once and for all.

First, stated stop everything that loosen the government. Mean, no business involved in any way for high ranking government staff and their families. Not even having proxy.

Second, released Anwar when it seem wasting time and not realistic... Why? In other way looks like Anwar it's so energetic and healthy... Saiful looks weird..so tall,23 and is it he is really manly? or..hahaha..This is just my opinion sir.

Third, Najib...I say why bombing Altantuya? Also not realistic. We need to understand, he is Tun Razak's son. He can asked 'Kastam' to refrain her to come here. Maybe..I say maybe...Altantuya is foreign people...spy or something...This is just my thought(no need to read and believe this also)hahaha...

Forth, adjustment government salaries scheme that seem look not really realistic...Based towards for high education. High education is more than lower education in term of percent increasing given. Why? How about if the government staff having more salaries then Prime Minister..or maybe Minister? Is it realistic?...hahaha

Fifth, oil price...hmm... everything looks expensive after increasing of oil price. So, just decreased it. Simple. Oil is not owned by government, right? It ours. So come on... we do not want any 'penjajah' in the house...hahaha. All the way to others(?)

That's all for now...It's just my thought..for all of us to think a little bit more(reengineering)

It is unfair and mischievous to put the blame on Anwar Ibrahim, as he is justified in refusing to give further samples. It is not Anwar who is un-cooperative. It is the police forensics who are at fault, and insisting on further blood samples when he had already given many times over between 1998 and 2004.

The onus of providing a DNA sample is on the police as it has ample DNA samples of Anwar in its possession.

From the experience of police forensics in other countries, DNA samples collected are well preserved for many many years, and do not get 'old' as claimed by Prime Minister Abdullah Badawi.

The police forensics have misled the Prime Minister, the Home Minister and the police should not try to pull over the eyes of the people. By claiming that Anwar's dna samples are old, they are making themselves the laughing stock of the whole world.

Why DNA samples do not grow old? There are many living examples:-

1. Stephen Hawking, the Nobel Prize winning physicist have donated his DNA samples to the Human Genome institution for posterity and for research. Professor Hawking too not subscribe to the claim by Abdullah that a DNA sample can grow old.
2. In advanced countries, DNA samples are collected and stored for purposes of statistics, and scientific research.
3. Police foresics in developed countries have DNA libraries of felons and crooks. There are innumerable cases of rapists who escaped. but .were nabbed years after the crime, because they left tell tale semen on the clothes of the rape victims .
4. Scientists have discovered preserved DNA in prehistoric humans and animals.

It is obvious that Anwar's DNA samples given between 1998 and 2004 must be available and intact for examination purposes by police forensics department.

The Home Minister and the police must stop harrassing Anwar for new DNA samples. The onus is on the police to provide DNA samples, not by Anwar.

The frantic appeal to Anwar to give a blood example has caused suspicion that the police have no substantive evidence of sodomy on the body of Saiful Bukhari Azlan in their possession.

Public perception is that a fresh blood sample from Anwar is desperately needed in order to fabricate evidence against Anwar.

Tun Mahathir dan Rakyat Malaysia yang aku kasihi sekalian.

Dolah pernah cakap pada laki anak buah arwah bini dia dulu,"Kalau Tun M boleh sapu 2 bilion, apsal aku tak boleh sapu double."

Betul atau tidak, hanya tuhan yang tahu.

Kalau betul, maknanya Dolah akan sapu 4 bilion duit rakyat sebelum dia berambus.

Untuk Tun yang aku kasihi, kalau betul Tun ada sapu 2 bilion, aku tak marah sangat sebab Tun sapu 2 bilion dalam masa 22 tahun tapi Dolah mungkin dah sapu lebih daripada 4 bilion dalam masa tak sampai 5 tahun.

Tak mustahil satu hari nanti tanah kubur nenek moyang kita juga akan digadai dan dijual oleh Dolah dan anak-beranaknya untuk mencukupkan duit 4 bilion itu.

Kepada Dolah, aku doakan agar kau hidup selama-lamanya. Amin.

Sekian.

The Star online reported that inflation for June 2008 surged to 7.7%. What's going to happen to our country, are we going to be like Vietnam?

This is one of the results of the incompetence of the present government being led by an unfit PM. People are suffering but the so called leader doesn't even bother to be responsible for the damage he has caused. Instead he always blame other parties and 'rakyat'. He should really step down immediately. What kind of leader is he? Full of pretence and he manages the country like managing a 'kedai runcit'. The ironic is his team is backing him up so strongly and ignoring feeling of 'rakyat' who want change in leadership.

To mr Patriot, I know the CEO of MIMOS very well. He's formerly the senior director of RnD Motorola Penang. I know his capability and he is one of the best person, Malay particularly who is qualified and able to revamp MIMOS to be truly 'Country RnD'. We shall see the outcomes in a couple of years time.

Salam Tun, Hope you are keeping well. My wife told me about Mukhriz's comments in yesterday's papers calling for the US not to interfere in Malaysia's affairs (referring to DSAI's current case). It brought a smile to my face, thinking about how much it sounded like you!! Out of curiosity, did Mukhriz and you talk about it first before he made the statement? like a father and son chat ? i mean, i am so curious to know to what extent do you discuss about politics with your son. Anyway, just to let you know that i was reading the papers yesterday about that chinese guy who tried to fix Lingam up (Gwy Byrne, not sure how to spell his weird name). (ini macam punya orang pun boleh menang election ke?) anyway, apparently, he was punched by another PKR member, some aide to some guy, can't remember who. But what really caught my interest was the fact that he was there at the scene to listen to the grouses of some people who were protesting the groundbreaking of a surau or mosque. Point is, how come today, under the government of DSAAB, we here stories of people opposing the groundbreaking of a muslim place of worship!!Just a point to ponder..

Dear Tun and All readers,

By Pat.

'Entrusted by the nation with a noble duty, these people chose not to take the honour but to place self-interest above everything. This is deplorable, regrettable, and despicable.'

He was..

1. Entrusted by the nation. Chose not to take the honour

He was first given the honour by Tun and then by the people

Only a handful of people in this world would have a chance to be in that position.

Instead of showing thankful for the trust given to him, by trying to properly manage the country to the next level towards set vision, he did otherwise.

Not only he is UNGRATEFUL to the nation, he cannot be TRUSTED.

2. Place self-interest above everything

To all Malaysians, stop all the hopes that the government should..

- have vision

- manage the economy well
- understand people problem
- understand financial management
- be transparent
- stop corruption
- reform judiciary
- etc...

And stop thinking that UP-DO-LAH is..

- Stupid
- Weak
- Or whatever you want to call him

He is playing dumb and he continues to tell lies

To him, Malaysians are stupid, weak and hopeless. He doesn't care about the people and the country. Look at how he treats Tun after giving him the power.

He places Self-Interest Above Everything

He is greedy and ungrateful and he will never resign

They will pocketed as much money as they can until Malaysia collapse, they don't care.

Malaysians of all races must unite and save the country

From Father In-Law

Salam to Tun and All,

Alamak, I still keep hearing stupid UMNO branches that nominate AAB for President. Please, help whole Malaysia, no one person. He can't do much. Abeit can aa.

Please all UMNO members, join UMNO meetings, go find when the meeting for nomination could be held at your branches. Don't only type here in chedet.com, but no action could be taken.

This is our only hope, coz waiting for another 2 years, is killing Malaysia. AAB said in paper, believe the transition. But it is not the transition making us worried, but living in country with proven worst PM for next 2 years, is like hell. I know all Malaysian and chedet.com readers know this 'proven' facts.

Thanks for branches and division for nominate others for President.

Assalamualaikum TDM,

Kalau benar PAS ni ikhlas menyatukan orang melayu sepatutnya mereka masuk UMNO dan membubarkan PAS. Tetapi saya berpendapat tujuan PAS ialah kerana politik semata-mata.

Pak La sanggup mengadakan kerjasama dengan PAS tanpa mengkaji kesannya kepada UMNO dan BN. Saya percaya ahli UMNO, BN dan PAS tidak semua sependapat dalam soal ini. Parti komponen BN tidak akan berasa senang dengan keadaan ini termasuk parti dari Sabah dan Sarawak dan seterusnya pengundi yang bukan ahli parti.

Jika pakatan ini diteruskan, akan mengundang padah kepada UMNO dan BN.

Saya berpendapat, punca perpecahan orang melayu ialah Pak La.....

setelah Pak La jadi perdana menteri, beliau telah membatalkan projek-projek yang telah dirancang oleh TDM, kerana itu TDM banyak mengkritik kepimpinan Pak La.

Kali ini tindakan Pak La menjalin kerjasama dengan PAS akan menyebabkan UMNO dengan parti komponen BN berpecah.

Teruskan perjuangan Tun, kami sentiasa menyokong.....Salam.

Tun

It is very very easy to become rich and famous in capitalism democracy government system such as in Malaysia.

Just remember this Tun, Bankers-businessmen and property developers are at the top of human food chain in this system.

No wonder your son, Mukhriz has to become a businessman with a business degree from USA.

As long as you pump in billions into infrastructure construction and property development industry. You will have populace support.

As long as you pump in billions for IT project, you will have more party members to support you, but of course, first you must ensure they all have education background in IT.Cinta IT, Suka IT, Belajar IT.

As long as you spend money in buying Mercedes,BMWs and other luxury cars, you will garner the support of the businessmen' class since they are doing the job as importers and distributors.

Remember this Tun, the 3 golden rule of democracy: Majority wins, Majority rules, Majority always right!

Harap Tun sentiasa berada dalam keadaan sihat sejahtera. Saya merupakan seorng mahasiswa yg berusia 21 tahun. Dan saya amat menyanjung dan menghargai segala budi dan jasa Tun terhadap agama, bangsa dan negara.

Saya ada satu soalan.

Sebelum ini Tun pernah membuat perbincangan 4 mata dengan Pak Lah. Dan Tun juga telah mengatakan bahawa Tun ada merakamkan perbualan/perbincangan tersebut (setelah Tun Meminta kebenaran dari Pak Lah). Bilakah Tun akan mendedahkan isi kandungan rakaman tersebut?

Tun juga ada mengatakan bahawa Pak Lah tidak menjawab beberapa soalan jadi saya secara peribadi dan rakyat umumnya ingin mengetahui keseluruhan rakaman tersebut.

Mungkin dengan pendedahan rakaman perbincangan tersebut akan dapat menjelaskan lagi keadaan, walaupun Pak Lah tidak menjawab beberapa soalan.

Saya harap Tun dapat memberikan respon kepada soalan saya.

Dear Tun,

I would like to ask your permission to express in your column, of my grief over the sudden death of my beloved brother in-law,

CIKGU SABARUDDIN ARIFFIN of Jitra Kedah.

At 9.00 am, Sunday morning 20.07.2008, I was shock when informed of his sudden death- 8.05 am. His nose was bleeding slightly three days before and he had been going around his routine. Nobody suspected anything serious. Passed away at the Jitra Hospital one hour after admission due to high blood pressure. It was a big shock to his family and acquaintance.

Chikgu Din Pendek, as he has been known among UMNO members all over Malaysia, is from Permatang Pauh, Penang and the cousin of DATO SRI ANUAR IBRAHIM. Married my eldest sister, Cikgu Salmah Saad and had been living in Jitra. Join UMNO in the 70s and was elected as Ketua Pemuda Kubang Pasu for one term only because of his involvement in the gang known as 'Sepuluh Budak Hitam' against the Kedah MB then. But he was still supporting UMNO till his last day Even though he is DSAI cousin, he preferred to support you because he regarded you as his father, mentor, leader and true friend. He used to tell me stories about his relationship and respect of you. Since I highly respect you, I love to listen to his stories whenever I go back to Kedah. All the past Cabinet Ministers during your time know who he was. Sometimes new ministers would enquire about him whenever you met him in Pulau Langkawi.

He had never been shown his anger to any body, even to wife and children and students. Always laughing, cracking jokes and everybody in Jitra loves him. He was so jovial and seemed to be a man of no problem. I have never seen him sad and everybody was happy with his jokes and stories. I used to regard him as your jester- always with his 'loyar buruk'. Once he told me about his question to you about who holds the Highest Office in the world. Your answers were all wrong. His answer was TDMM because his office is on the top floor of The world highest building; Petronas Twin Tower. No other leader(even US President) has an office as high as yours. He once told you that he was holding a big position compared to you even though you were the PM because he was a GURU BESAR. What a great MAMAK Penang. We will surely miss his loyar buruk, especially you. I hope you will mention this character in your memoirs.

He was a DTC trained teacher. Started teaching in Kelantan and many primary schools in Kubang Pasu. His last appointment was a Headmaster. He was involved in many social activities; Scouting, Rovers, wireless radio club, sports, Jitra Retiree association and Member and leader of Youth Clubs. After retirement, he managed to fulfill his dream to be a Pilot and joined the Kedah

Flying Club. Even though he was just a Primary school teacher, all his children are university graduates.

Sama-samalah kita berdoa agar dicucuri rahmat, Allah ampun dosanya dan dimasukkan ke syurga. Alfatihah untuk CIKGU SABARUDIN ARIFIN.

Dear TUN

Clearly our current flip-flop or kalam-kabut PM AAB doesn't have the qualification to manage the economyPeriod

Clearly you can see that he is not even aware of the problems our country & the rakyat would face in the coming months ahead & don't even talk about any solutions & preparations to counter them. He & his unqualified economic team of no-brainers just know how to fill the holes with sand (rakyat's money) whenever they get bigger & bigger just like the children playing on the beach instead of thinking of ways how to stop or slow down the gap from getting bigger.

And CLEARLY he is in denial of his capabilities & knowledge to manage & run the country when he refused to listen to the cries of desperation by the rakyat due to his inept & selfish policies.

Assalamualaikum YABhg. Tun dan Bloggers,

Bersempena dengan malam ini, iaitu malam Jumaat, saya ingin menyarankan supaya kita baca Surah Yaasin dan berdoa.

"Semoga Allah memberi petunjuk kepada pemerintah yang korup dapat menyadari kesilapan mereka. Semoga Allah membuka pintu hati mereka supaya bertaubat. Semoga Allah membuka pintu hati mereka supaya memberi peluang kepada orang yang lebih layak dapat memegang jawatan. Semoga rakyat Malaysia dijauhkan bala bencana yang tidak mampu kita menanggungnya".

Kita baca secara individu. kemudian apa kata kita buat majlis bacaan Yaasin beramai-ramai. Mulakan di rumah, kemudian dipanjangkan ke surau, masjid dan lain-lain tempat yang difikirkan sesuai.

Doa itu senjata orang Mukmin. Inshaallah doa orang yang dizalimi dimakbulkan Allah.

Semoga YABhg. Tun dirahmati Allah.

Salam Tun Dr. Mahathir

Saya pergi ke perpustakaan sebuah universiti di Mesir dan tertarik dengan sebuah buku tentang dinamisme Dr. Mahathir semasa menjadi PM. Tetapi tidak halnya semasa di Mekah semasa saya assigned to set up fiber optic.. sempat ke deretan sebuah kedai jual kain baju arab (tapi madein Indonesia - jadi tak jadi beli). Bersembang dengan peniaga berketurunan Sudan..tapi pandai cakap Melayu (Alhamdulillah..bahasa Melayu jadi lingua franca dah agaknya).

Saya petik exactly apa dia kata:

Dia:Assalamualaikum..Melayu?

Saya: W'salam..ya..

Dia: Malaysia?

Saya: Alhamdulillah..ya...

Dia: Nik Aziz apa khabar?

Saya: Tak pernah jumpa dia.

Dia: Brother Anwar Ibrahim? ... sihatkah?

Saya: Sihat barangkali..seikh kenal ka Anwar Ibrahim?

Dia: Saya kenal dia..Dia (Anwar) bagus... Mahathir tak bagus..

Saya: ?????? kenapa?

Dia: Kerana Anwar Ibrahim orang Melayu tulen. Mahathir bukan orang Melayu Tulen...

Saya: ??????????

Dalam flight dari Jeddah...pening saya memikirkan kata kata seikh sipenjual kain tadi.

Salam sejahtera Tun yang amat dihormati,

One night after the 1978 General Election, we were having dinner at the Wisma Persekutuan, an old colonial building by the seafront of George Town, Penang. As usual there were not many customers because the place was exclusive for the senior government servants to spend their leisure hours. Two tables away there were two pairs of couples, one was Dolah and Endon and their two very young children, a boy and a girl. The boy must be Kamaruddin. There other

couple should be of Dolah's buddy and wife. They were privately celebrating Dolah's victory in the General Election. Dolah then was only a Malaysian Civil Servant who just gained the title YB following his victory. Dolah is now the flip-flop Prime Minister of my country and the young boy I saw that night is now (only three decades later) a multi billion ringgit man. The young girl is now the wife of KJ. No wonder I'm still miserable and getting poorer and poorer no matter how hard I've toiled to earn my living. God bless my father's soul. My father was killed by the enemy in WW2. He sacrificed his life to defend his country. He didn't leave his family a fortune except the pride that we feel for his name being mentioned once in our country's history. And now my god, this country is in the process of being destroyed by Dolah, his family and his stooges.

Very upset IS very upset, with the current issues in Malaysia. Sigh.....! Wot to do...?

When the USA made a comment with regards to Datuk Anwar, our PM & goons said not to interfer. Today's paper said they HAVE to explain to the diplomats about the real story. Now can Datuk Anwar invite these diplomats to also explain his side of his story? Sure can..... what !

I told you all... These politics show will never ceased.

Now inflation is at 7%. Let's see what will increase.... maybe snatching, robbery, bribery, cheating, murders, etc.... I am sure the BN goverment would have known that with the increase of oil price all the factors will come up. How can they not plan ahead before making these moves? It goes to show they do NOT know how to run this country.

Let's not compare with other countries. We are Malaysians, we whine on our own backyard. Not like our goony MPs!

We the rakyat ARE suffering. They are NOT. I tell u ah..! If not for these computer tecnology we will never get a chance to comment our views here. Our local newspapers ARE controlled by the goverment. Say i m right...!!

NO need to wear white ribbon... Just write a petition saying we, the rakyat DON'T want the BN to govern Malaysia anymore. Lets all sign on it & to make sure its genuine, put our IC number on it.

There are more than 24 million Malaysians & they can't throw us all in jail. We have the right to vote for whoever we want & don't want. Malaysia is a Democratic country. It has never been so screwed up till now...! NEVER !

All we can do is make noise on the internet only.

What else can we do lah ???

Sigh.....

Asalamualaikum Tun,

.
. .

1. Dalam perjalanan pergi ke tempat kerja pagi ni, kepala otak saya tak berenti fikir pasal duit yang keluar macam air. Dalam seminggu, lebih kurang RM60-70 keluar berbanding RM30 sebelum ini, dalam seminggu HANYA untuk mengisi minyak untuk kereta kelisa. Saya tak tahu berapa ribu gaji untuk orang yang bawa kereta 1.6 dan keatas jika perjalanan mereka jauh ke tempat kerja seperti saya. Itu baru minyak, belum tol lagi. Memikirkan, tentang anak dan bini yang perlu diberi makan, memang gabra jadinya.

2. Kalau semua orang asyik nak cari duit sebab kos sara hidup tinggi, apa akan jadi dengan anak2 kita dirumah. Pembangunan insan pasti tergugat. Masalah sosial yang tengah tenat jadi makin tak terkawal. Budak sekolah sekarang ini makin kurang ajar. Dengan polis pun diaorang tak takut. Ingat anak kita juga bakal melaluinya nanti!

3. Inflasi negara kita kini adalah yang tertinggi semenjak 3 dekad! takut saya mendengarnya, pada zaman Tun dulu saya ingat ada kempen inflasi sifar, Tun berjaya. Dalam zaman AAB ni dia nampaknya, dia langsung tak ada idea, lepas tu nasihat rakyat malah Tun sendiri tak di pandangnya. Dia sibuk cakap pilihanraya 2004 adalah terbaik dalam sejarah (nak cuba compare dengan Tun le tuh). Pasal apa paling baik, sebab orang tak tau lagi kepala otak dia macam mana. Bila dah tau, tengoklah apa jadi PRU-12 yang lepas, itu masih tak sedar! Tunggulah PRU-13 nanti!

4. Kenapa Tun lambat sangat nak buat parti baru? Keluarkanlah statemaent kat surat khabar, Pembangkang kelam kabut, BN mesti huru hara. Kasi ajar sama diaorang ni!

Afterthought. How cud a man afraid of our own security systems and seek refuge to foreign embassies be allowed to manage our beloved country?

Based on your list of probable leaders it appeared non has the qualities to lead.

Perhaps, we have overlooked another 'low' profile leader who has the charisma and qualitties of a able leader,

DATUK SERI UTAMA RAIS YATIM PhD(law), a season politician and cabinet minister, cultured and a good orator, highly exposed in both domestic and international politics and above he is academic and professional attributes as a lawyer.

Another dark horse cud be Datuk Seri Muhammed Hassan, once a banker and corporate person tunred Politician. A simple and non nonsense Menteri Besar of Negeri Sembilan whose state was quoted as the best administered state in recent years.

May we reiterate our views are just an afterthought.

Ada 2 perkara yg teman tak paham pase Ganu ni iaitu yg pertama sokongan dema pada Paklah utk terus jadi presiden UMNO dan yg kedua pase isu beli Merc!!

Jika Ganu udah nolak Yeop Deris, apa perlunya dema nak nyokong Paklah lagi? Paklah lah penyebabnya yg menjadikan Yeop Deris hilang halatuju, idak begitu?.....Pada masa yg sama, dema nak beli Merc pulak utk kegunaan rasmi bagi Exco2. Tu sebabnya dema beria-ria benor nyokong Paklah.

Proton adalah kereta nasional. Burok baiknya ia tetap kereta nasional. Jadi sesuai benor le jika ia digunakan utk tujuan rasmi kerajaan. Ini juga meropakan maruah negara, dan kita semua harus berbangga dgn Proton. Pase kos selenggaranya yg tinggi sampei lebih RM130,000 sebuah dlm tempoh empat tahun, tentu ada sesuatu yg tak kena!! ni perlu report pd BPR.

Syarikat Honda sendiri pernah memecat eksekutifnya yg memakai kereta lain daripada Honda. Jadi kerajaan dan pengurusan Proton perlu ambil iktibar daripada tauladan ni!!

Ganu harus mencontohi P.Pinang, bagaimana dema nak berjimat cermat. Lebih2 lagi dlm keadaan sekarang!!

Sebelum Ganu nak belanja RM3 juta utk kereta....minta semua Exco nengok dulu program 'BERSAMAMU'.....masih ramai rakyat yg kais pagi makan pagi, kais petang utk esok hari!!

Tun,

Nak lari topik lagi. Maaf Tun.

Anwar itu apa yang dia hendak sampai minta sedekah bantuan tekanan dari negara negara luar untuk menegak benang dia yang basah itu? (Di singapura)

Adakah dia sanggup negara kita ini jadi hancur lebur sampai cita cita dia tercapai.

Adakah dia sama dengan Red Brigade Italy, "Destroy first built later".

Agaknya kalau US serang kita macam Iraq itu suka betul hati Anwar. Macam tengok final World Cup agaknya. Sambil meneguk kopi dan makan keropok.

Kalau itu lah tujuannya sama lah matlamat dia dengan Hitler dalam bukunya Mein Kemp. Meruntuhkan sistem pemerintahan juga perlembagaan dan membina satu sistem pemerintahan baru mengikut acuan sendiri.

Nasib baik Tun berjaya lunturkan dia dari kerajaan. Sungguh Anwar ini jenis yang tidak sabar sabar naik keatas dimana siapa yang di atas semua di 'cucuk'nya sampai Tun pun hampir hampir nak kena tapi dia ini tidak boleh berdikari.

Dia mesti nak bertuan juga. Umpama pelesit atau hantu raya yang nak bertuankan manusia.

Tuanya sekarang adalah US. Sekiranya US dah beri duit kepada dia dan memberi dia masa dan agenda yang perlu dia penuhi. Dia mesti melakukannya.

Dia tidak boleh lari. Nanti CIA cari di Malaysia di mana lagi hendak lari. Macam berkawan dengan samseng. Sekali terikat kita tidak akan senang hidup. Tiada lagi ruang untuk berundur kerana berundur ertinya mengundang maut. Faham saja lah kisah kisah spy membunuh dengan perlatan canggih yang tidak terfikirkan.

Dia perlu menggunakan apa cara sekalipun untuk memenuhi agenda 'Boss'nya.

Dalam pada itu di lehernya ada tali yang di pegang oleh Karpal, Lim Kit Siang dan lain lain orang seangkatan dengan mereka. Mereka juga tersenyum terhibur dengan telatah latah Anwar.

Menurut jalan cerita filem Hong Kong. Lim Kit Siang akan membalas dendam. Baru lah Lim Kit Siang jadi hero.

Agaknya tuduhan 'stor kunyit' Anwar benar. Kalau itu pun sudah di lakukan. Di manakah maruah lagi? Jadi hal menjual atau menjahanamkan negara adalah perakara kecil saja bagi orang yang tidak bermaruah jauh di dalam hatinya.

Salam sejahtera YAB Tun,

Amat mendukacitakan apabila pembangunan sesuatu tempat tidak mengambil kira perkara yang berlaku sebelum dan selepas dan kebaikan bagi semua rakyat. Walaupun kemakmuran tersebut tidak boleh didapati oleh kebanyakan rakyat tetapi sekurang-kurang perkiraan majoriti perlu diambil kira disamping menyeimbangkan golongan yang bukan majoriti kepada 'minimal margin' pembangunan yang ingin dibangunkan bagi tujuan bersama. Kebanyakan pembangunan yang ada sekarang mungkin diciplak ekoran kecantikan yang dilihat di negara luar bagi dipraktikkan di dalam negara Malaysia bagi tujuan meningkatkan aktiviti pelancongan. Sekiranya pentadbiran Kerajaan mengambil kira aktiviti pelancongan semata adalah menjadi satu kesalahan di dalam membangunkan negara berdasarkan aktiviti tersebut memandangkan pelaburan asing tidak dibuat tetapi hanya bertujuan mencantikkan sesebuah negara sahaja. Apa yang memang perlu dijana adalah pelancongan berteraskan ekonomi dan komersial. Ini bagi mengembangkan aliran duit daripada luar yang tidak tertumpu kepada Kraftangan Malaysia semata tetapi tujuan sebenar duit tersebut dibelanjakan yang boleh memberi kepuasan kepada pelabur-pelabur asing tanpa menjejaskan sensitiviti masyarakat Malaysia. Apa yang dilihat oleh Kerajaan Persekutuan kepada Terengganu hanya adalah mencantikkan sesebuah negeri tanpa memikirkan siapa yang akan menggunakan keperluan yang dibina. Negara asing pun mampu membina tetapi Sekiranya dibina maka ia perlulah diperpanjangkan kepada sektor-sektor yang lain tetapi tujuan yang dibina adalah untuk penggunaan orang awam semata. Pelancongan memerlukan nilai estetika yang mana pelancong datang mengkaji sejarah yang mungkin dapat memberi manfaat kepada generasi yang akan datang. Tetapi, sekiranya tiada pelancongan tersebut barulah diteraskan kepada nilai komersil atau pelaburan. Maka terdapat apa yang dipanggil pelancongan bermanfaat. Jika tidak ia akan digunakan oleh pelancong yang terdiri Pendatang Asing yang memenuhi masa lapang untuk beriadah ketika masa cuti rehat.

Dearest Tun

Much as I respect you and do not deny that during your term as PM; you have done lots of good for the country; you had also made a lot of errors and let's be real here- a lot of the problems which you criticise Pak Lah for are problems inherited by the previous government

administration under your leadership.

What I don't understand is why can't the Malaysian government get real for a change and just clean up their act. Why should Malaysians have to suffer because of actions by self-interest seeking government officials who by the way are supposed to be serving the interest of the "rakyat" first? The recent election where BN suffered a significant blow is a clear reflection of what is going through the minds of most dissatisfied Malaysians.

And because now you are no longer in the leadership - it is so easy for you, dearest Tun - to sit back to and criticise.

Malaysia at 50 years is growing and developing and thriving so much and I am so proud of her and her people but I despair as well because what is happening in my beloved country and at times it makes me want to cry. Like every other Malaysian, I want so much more for my country and for her people to have quality life but if the leadership can't even sort themselves out - what will become of this country?

The Malaysian government can learn from East Timor for a change about setting up a corruption eradication act in the interest of the rakyat - maybe some of the current "bad soap drama" will go away

Your respectfully

Assalamualaikum Tun,

DSAAB telah memerintah Malaysia selama 5 tahun. 5 tahun yang berlalu ini adalah 5 tahun yang hampa, kosong dan langsung tak memberi makna. Ia satu pembaziran waktu yang tak patut kita semua rakyat Malaysia lalui.

Selagi DSAAB tidak berundur kita akan terus menerus membazir tanpa kemajuan.

Bagi orang yang tidak berfikiran jauh ke hadapan seperti DSAAB pelaburan membina infrastruktur seperti Jambatan Bangkok, Landasan Keretapi Berkembar dan pelaburan membeli teknologi seperti M.V. Agusta adalah satu pembaziran wang rakyat.

Orang seperti ini jahil dan buta. Infrastruktur dan teknologi tak boleh dinilai dari segi wang ringgit sebab wang ringgit hanya alat semata-mata tapi nilai infrastruktur dan teknologi untuk jangka masa yang panjang tidak terukur sebenarnya.

Saya pernah terbaca perbelanjaan membina Masjid Kristal mencecah RM 100 juta yang sepatutnya jauh lebih rendah daripada jumlah itu?? Betul ke?? Jika betul kan ke pembaziran wang rakyat namanya?? Dan kenapakah tiada perintah pembatalan oleh DSAAB??

PM garis empat langkah perangi tafsiran sempit agama
24/07/2008 11:00am

KUALA LUMPUR 24 Julai – Datuk Seri Abdullah Ahmad Badawi hari ini menggariskan empat langkah bagi memerangi tafsiran sempit ajaran Islam yang dilakukan oleh golongan ekstremis sehingga menyebabkan berlakunya ketidakadilan dan kesengsaraan kepada ummah.

Perdana Menteri berkata, langkah pertama ialah merombak kurikulum agama di sekolah supaya ia menekankan tafsiran agama bersifat sejagat.

"Langkah kedua ialah supaya golongan cendekiawan Islam mendekati masyarakat bagi menerangkan ajaran Islam sebenar dan langkah ketiga media perlu memperjuangkan nilai sejagat Islam," katanya.

Beliau berucap merasmikan Persidangan Antarabangsa Agama Dalam Pencarian Keamanan dan Keadilan Sejagat di sini hari ini.

Tambahnya, langkah keempat ialah melaksanakan nilai-nilai positif Islam dari peringkat kerajaan hingga keluarga.- Utusan.

1- I've always wondered about Pak Lah... Doesn't he know many Malaysian Muslim detest him because he introduced the so called Islam Hadhari.

2- his langkah2, point one and two, are ok. But it will be horrendous if the Islamic curriculum will be changed to "Islam Hadhari".

3- I still remember when I visited Malacca, the tourist guide said.... Muslim Malaysia practise Islam Hadhari... (SINCE WHEN DID I ACCEPT ISLAM HADHARI? I ONLY PRACTISE ISLAM!!!!)

4- the 4th step, why is it "melaksanakan nilai-nilai positif Islam dari peringkat kerajaan hingga keluarga".... kenapa kerajaan? why???? i thought it should start with individual (u know the other way round from individual - family - and etc). apa kaitan kerajaan ni?????

5- Could someone stop him? Please!!! He is not only destroying Malaysia but also Islam. He has made the muslims and the non-muslims confused about islam....

6- I would not want to hear him talking about Islam... Where is the ulama'? Are they being shut out?

Dear Tun,

I think the Sultan of Trengganu made a wrong choice to pick up Ahmad Said as the new Mentri Besar. I don't think he can make a good Mentri Besar. Looking at the controversy on the purchase of 14 brand new Mercedes C Class is a reflection of his gross stupidity. What kind of Mentri Besar he is. Is he suffering from cultural shock? Come on, how can he be so irresponsible to decide buying so expensive cars for the Excos knowing very well there are few other models of equivalent specifications which are very much cheaper. Why he is still insisting to stick to his

decision to buy the Mercedes? Whatever excuses he gives to support his decision do not make sense at all. He must be out of his mind when our country is facing economic problem with all the prices of goods are rising high and the inflation now is climbing at a very fast rate of 8% and will continue to increase further in 6 months time..

I think this Ahmad Said will continue to make a lot of blunders in future and Terengganu will be in a mess financially. Believe me.

Inilah wakil rakyat UMNO yang tak sedar diri. Why can't we get good leaders who have good brain to run this country. It make me really sick having this kind of haprak and HP6 Malay leaders.

salam sejahtera..

saya orang baru dan masih mentah dalam dunia politik ini..

tetapi saya sangat teruja dengan perkembangan dunia politik melayu sekarang yang nampaknya semakin lama semakin parah..

kaum lain hanya bertepuk tangan..dan mungkin menunggu masa untuk menakluki bumi melayu ini..

saya merasakan tindakan menteri besar terengganu membeli kereta mercedes tersebut hanyalah diibaratkan sebagai penyebab untuk mendorong BPR menyiasat akan kebocoran duit rakyat pada pentadbiran yang lepas.

Bermaksud tindakan yang melalui prosedur tidak lagi berguna dalam pentadbiran kerajaan sekarang dan tidak lebih hanya sebagai memenuhi peraturan-peraturan yang tercatat dalam buku undang-undang.

Saya melihat tindakan MB Terengganu itu adalah satu hidangan yang terbuka untuk rakyat menilai sikap sebenar pentadbiran yang dulu.

Mungkin sesetengah pihak hanya membuat penilaian pada satu permukaan sahaja tapi jika dilihat dari satu segi lain kerajaan sekarang berada di gigi kejatuhan.

Sedikit demi sedikit pekung di dada dibuka dan kita mulai merasai kebusukannya.

Tun, thanks for the pithy comment.

I have a different view on how the government of Terengganu – either from PAS or UMNO led – should approach the Federal government.

Rather than asking for the money, they should ask more for the power that should be.

Off late, as reported in media, the Sabah's politicians had demanded 'autonomy' sort of power.

This kind of approach is what I meant.

The simple reason for that is their state is the main contributor of the Federal government's income.

They need to demand for 10 representatives in Petronas's board of directors for example. As such, they have a louder and clearer say in this Fortune 500 company.

More ministers too should come from the state.

Just like the corporate governance, if you contributed more to the company you will have a bigger say in that company.

In enhancing their human capital is better than having billions of money but spending in unprofitable and lavish undertakings.

This is what happen when

1. Decision on national interest is now made during family dinner. Flip-flop happens depending on the food they eat. A long trip to the loo will definitely reverse what has been agreed before.
2. Not having enough pocket money? Simply top-up from cancelling the new bridge, double electrification rail and sold MV Agusta. Still not enough, then raised the fuel price.
3. Love knows no boundary so let son's company handle every mega projects in the country. If it is not possible then cancel all.
4. Trying to be different by not having any significant economic viable project for the country, instead chose to get married.
5. Asking people not to work for him but with him to destroy the country so the blame is shared together.
6. Thinking he is better than the subject matter experts. The results? Islam Hadhari
7. Promoting new tired look. Sleep during meeting is the trend now. Created new famous phrase "Polis Kata Jangan"
8. Believing people still love and support him when his own state lose to the opposition.
9. People clapped their hands joyously when he announce he will be stepping down instead of crying or begging him to stay.
10. If Bapa Kemerdekaan, Bapa Pembangunan, Bapa Perpaduan and Bapa Pemodenan is taken then no title would fit him best other than "Bapa Mertua Khairy Jamaluddin". That would be his greatest achievement so far.

Assalamualikum Tun & Semua

"Sudah terang lagi bersuluh!"

Itu saja Tun untuk menggambarkan betapa pincangnya pentadbiran kosmetik D.S. Abdullah Badawi & Family incorporated. Konon masa awal memerintah kata "Saya tak mau bina bangunan2 megah, etc., etcetera, tak mau membazir, etcetera, etcetera,,". Chait!!!! Cakap tak serupa bikin.

Ini semua saya rasa pembalasan Allah SWT ke atas mereka yang Takabbur dan tidak bersyukur dengan khidmat pemimpin yang lepas.

Lihat apa dah jadi, membazir buat tokkong kristal buatan patrik badawi lim di terengganu. Hanya kerana Patrick Lim bersaudara dengan Azrene Abdullah isteri anak kepada PM, maka dia layak mendapat projek besar-besaran pulak tu bukan rakyat Malaysia yang merasa, kroni2 dari Singapore yg dibawanya. Inilah contoh Nepotisme yg terang2 di mata kita.

Takpayah cakaplah betapa menyumpahnya rakyat terhadap Pembatalan Jambatan Bangkok, Double Trekking Train, penggadaan MV Agusta (kes "bagi tikus baiki labu"), kelembikan di peringkat antarabangsa, kehilangan Pulau Batu Putih, hishhhhhhh banyak sangat sangat TUN, dah tak boleh tahan.

Kalau ikut kitab Aturan Pentadbiran Melayu lama, orang macam ni boleh diklasifikasikan dalam golongan Sultan Mahmud Mangkat Dijulang, Tun Mutahir Bendahara Sri Maharaja dan lain2, yang mana apabila sudah pasti mereka ini tidak layak mentadbir kerana pincang tetapi tidak mahu membuang dirinya sendiri, maka mereka akan dibuang oleh pihak majlis yang berkuasa.

Diharap kalau UMNO sendiri tak mahu membuang Pak Lah, maka diharap Yang Dipertuan Agong sajalah yang memiliki kuasa dapat menurunkan Pak Lah ni. Apalagi yg nak digadainya selepas ini kita tak tahulah.

Na'uzubillah.

Saya cadangkan semua pekerja swasta dilabelkan sebagai hamba abdi pada pihak swasta dan senagai pembiaya untuk semua orang kerajaan?bagusss jugak!

2. Pasal singapore ni biasalah, dia orang pun risau bila Sultan Johor tetap nak cari bukti tentang Pulau Batu Puteh tu milik Johor. So diaorang pun masuk gear lain untuk dapatkan Zon Eksklusif untuk perairan diorang. Tak takut pun Malaysia ambik tindakan undang2. Apa yang kerajaan kita takut sangat implikasi undang2 pasal nak buat jambatan bengkok? Dua-dua negara dapat manfaat. Walau pun kita yang keluar modal! Diaorang cuma takut pada Tun aje, pada AAB ni macam makan kacang je.

3. Saya dah naik menyampah betul, cakap banyak-banyak makin kering tekak ni. AAB tak sedar jugak, walau pun ada juga nak bagi Najib naik tapi masih terserlah ketidakpandaiannya mentadbir negara! Sekarang ni bestlah hentam MB baru Terengganu yang bukan pilihan dia tu. MB terengganu ni pun macam dua kali lima tak pandai je.

Salam Tun,

Apa pendapat Tun jika penjenayah perang sama ada masih hidup atau sudah mati mesti disabitkan kesalahan oleh ICJ?

Ini dirasakan perlu kerana generasi masa depan perlu tahu bahawa individu yang terlibat mesti dihukum atas jenayah perang yang dilakukan. Slobodan Milosevic yang sudah mati tetap perlu dihukum agar menjadi pengajaran. Jika tidak generasi masa depan tidak akan tahu bahawa dia adalah penjenayah.

STOP WAR, WAR IS CRIME.

Salam Tun,

You are absolutely correct with what you mentioned in your blog. I appreciate the way you explained. It is simple to understand your points. Keep it up Tun, I love you like a father. May Allah bless you. Salam

Salam Ayahanda Tun and all bloggers, as much as I hate to admit this, its true...the Mercedes Benz E200K is a better car than the Perdana. It's got incredible pick-up for a 1.8 liter engine, superb German styling and truly first-rate handling- can't argue. But the YAB Menteri Besar, should have used his own money in buying those cars. That's call honest affordability. If not just stick to driving the Perdana...under the humiliating circumstances the Menteri Besar is in today, the Perdana don't even sound half as bad at all...As for me, I really cant mentally afford the Benz, so realistically I drive a Perdana.

Assalammualaikum TUN.....

Saya sebagai rakyat M'sia dah tak tau nak cakap apa lagi dengan PM skarang. Sebagai orang islam mesti ke nak ada Masjid Kristal baru nak sembahyang? Nak bina masjid secanggih masjid di mekah? Ia dibina dan terbukti menyumbang kepada ekonomi negaranya. Kalau Malaysia bina ia membantu ekonomi dari segi apa? PELANCONGAN? Aduihai napa la lembap sangat kepala hotak diaorang ni ha.... Kalau compare antara Masjid Kristal ngan Jambatan ke S'pore mana lagi berkat & membantu rakyat menjana ekonomi serta mewujudkan peluang pekerjaan untuk rakyat dan lepasan universiti yang masih ramai menganggur lagi? Dan mana lagi penting? Mmg sah, masjid tu di bina bukan kerana keikhlasan sebagai negara islam, tapi sebab nak memancing undi masa tu.. Kalau betul kerana Islam, mesti tak sampai membazir macam tu dan syarikat yang membinanya adalah milik & run by orang ISLAM jugak. Lagi satu bukan ke ALLAH BENCI KEPADA PEMBAZIRAN. Saya bukan pandai pasal agama sangat tapi benda2 simple macam ni bukan ke kita belajar kat SEKOLAH AGAMA!! Saya rasa diaorang ni gi sekolah agama ke tak? Kalau sekolah pun mesti cabut duduk bawah kolong... Walaupun saya bukan orang T'ganu tapi saya cukup sedih kerana wang rakyat di bazirkan & langsung tak mendatangkan apa2 hasil untuk orang T'ganu sendiri. Saya cukup sedih dan terkilan denagn keadaan ini. TUN kita bikin parti

baru la & maybe leads by Mukhriz. Saya pasti sokongan padu rakyat tetap memihak kepada TUN sebab rakyat DAH TAK TAHAN LAGI NGAN PAK DOLLAH!!!!!!!
SEMOGA ALLAH PANJANGKAN USIA TUN.....AMIN..... HIDUP TUN!!!!

Salam kepada Tun & family

Saya amat berterima kasih dgn info yg Tun bg kt kita sume. Mmg benar apa yg Tun katakan. Saya sbg golongan muda amat kecewa dgn kepimpinan Pak Lah skrg yg dh jauh menyimpang dr landasan yg sebenar. Klu selagi Pak Lah masih jadi PM. Alamatnya Parti Umno akan hancur. Ramai kwn saya yg dahulunya adalah org Umno, kecewa & bertukar menjadi ahli pembangkang skrg. Kita harus cepat2 tukar Kepimpinan yg bermasalah ini. Kerana yang pasti, pemimpin itu yg salah dan bukannya parti. Jgn rosak parti Umno dek kerana pemimpin yg rakus, gila kuasa & harta.

Tun,

Sejak kebelakangan ini kita dengar yang kereta Perdana mahal untuk diselenggara, sampai Terengganu perlu membelanjakan RM 1.15 juta untuk 16 Proton Perdana. Malah, MB Terengganu dengan bangganya memberitahu yang membeli kereta Mercedes adalah pilihan yang terbaik untuk kerajaan Terengganu sebab dalam jangka panjang kos penyelenggaraan kereta Merc adalah lebih murah dari kereta Proton.

Semenjak itu, ramai pihak telah menyangkal dakwaan tersebut termasuk pengurusan Proton. Apakah pendapat Tun dalam hal ini?

Adakah,

1. MB baru cuba bermegah dengan kereta Merc padahal sekarang rakyat mengalami inflasi?
2. MB lama telah mensia-siakan duit rakyat sewenang-wenangnya?
3. Kereta Proton sekarang tidak lagi dihargai oleh rakyat tempatan?
4. ???

Minta pendapat dan pandangan Tun.

Moga Tun & Tun Hasmah sihat :)

Kepada semua ahli UMNO:

1. Kamu semua diberi amanah untuk menjaga nasib bangsa Melayu
2. (Kecuali kamu gila dan berkepentingan peribadi) Kamu semua tahu yang Pak Lah dan segala kelemahan yang dia ada, telah memusnahkan bangsa Melayu. Segala wawasan dan martabat kami kini hampir lenyap.
3. Kamu diberi kepercayaan seluruh umat Melayu di dunia ini untuk melakukan sesuatu yang betul agar nasib kita orang Melayu terjamin.
4. Kamu harus menjatuhkan Pak Lah. Kami mahukan zaman gelap pemerintahan Pak Lah berakhir serta merta.
5. Kalau kamu terus mahu bermimpi, mimpi kamu nanti akan menjadi mimpi ngeri. Melayu akan kehilangan dan musnah di tanahair sendiri.
6. Kalau Pak Lah (sebenarnya KJ dan konco2 nya) terus berkuasa, Melayu akan merana di buminya sendiri. Tanah Melayu akan tertulis cuma di laman sejarah.
7. Kami orang Melayu merayu pada kamu orang UMNO saudara-saudara sebangsa, seagama dengan kami.
8. Fitnah besar ini harus dihentikan segera.
9. Rezeki kita ialah dari Tuhan, bukan dari manusia.
10. Bantulah kami, wahai saudara-saudara kami orang UMNO. Kamu harus bersatu untuk menjatuhkan Pak Lah.

hmmmmmm....so are Malaysians building a fun theme park or a sacred worship sanctuary in Terengganu ? The money belongs to all Malaysians; ordinary Malaysians and Malaysian politicians alike. If Malaysia is to be maju as expressed greatly, then the money has to be used properly. It is no point propagating a maju Malaysia but in reality, even the cheapest project cannot be done.

SALAM TUN,

Sebagai rakyat MALAYSIA dan orang Penang, saya cuma nak bagi cadangan. Tak tahulah kalau2 TUN tak CM LIM GUANG ENG terbaca atau terbuka nak baca cadangan saya ini.

1) RAIL atau TRAIN melintasi JAMBATAN P.Pinang sedia ada untuk Ke PULAU.
Bila dikaji kos 2nd LINK Penang Bridge RM 4.3 billion kos pelebaran lane JAMBATAN sedia ada mencapai RM 600 juta.

Apa kata dibina rel melintasi JAMBATAN di atas lane yang dibina sekarang. Ini bertepatan dengan hasrat kerajaan negeri untuk mengurangkan trafik melalui jambatan dan di bahagian pulau.

2) Terminal RAIL dibina di lokasi strategik.
BAHAGIAN SEBERANG PRAI, terminal dibina di Megamall PENANG, PRAI
BAGHAGIAN PULAU, terminal di Tesco, Penang.

3) MONOREL atau rail link sistematik di bahagian PULAU.
Ini terutamanya bagi mengatasi kesesakan trafik dalam bandar2 di PULAU.

"Petronas' contribution to Government revenue is so big..."

Bayangkan semenjak 1970-an Petronas telah membayar cukai berjumlah lebih RM 400 billion. Lebih daripada RM 200 billion(setengah jumlah cukai Petronas) diterima kerajaan Pak Lah yang memimpin dari tahun 2003-sekarang.

Memandangkan duit dibayar PETRONAS begitu banyak saya nak sangat pembangunan dapat dilaksanakan demi kepentingan rakyat.
Cadangan saya untuk negeri PP. Tak tahulah tiap2 negeri mungkin ada cadangannya tersendiri. Duit PETRONAS kan banyak tapi pemangunan tak nampak, harap cadangan ini boleh diterima.

Ke mana perginya duit cukai dibayar Petronas yang berbilion-bilion?

Musykil.....

APA PUN TERUSKAN MENGUNDI MENOLAK PAK LAH SUPAYA MELETAK
JAWATAN:

VOTE SEGERA DEMI MALAYSIA!!!!!!!!!!!!!!

WASALAM.....

Salam Tun,.....

Nak bagi tahu keadaan sekarang. Disebabkan harga barang naik:

- 1) ada rakyat yang makan sekali sehari.
- 2) ada murid yang pergi sekolah selang sehari.
- 3) ada kereta yang sudah kena "tarik".
- 4) ada orang yang menambah hutang kad kredit.
- 6) ada orang yang bersembunyi kerana diburu along.

7) ada kenderaan rosak tak mampu dibaiki.

8) ada rumah yang dilelong.

Banyak lagi.....

Assalamualaikum Tun,

Pembinaan Taman Tamadun Islam & Masjid Kristal di Terengganu bukan saja PEMBAZIRAN wang rakyat, malah ianya juga merupakan PENGHINAAAN kepada Agama Islam. Masakan tidak, masjid yang begitu indah dibina tetapi tidak digunakan, malahan tiada Imam pun. Selain itu, dibuat pulak banyak replika masjid-masjid indah di sekelilingnya. Seperti taman permainan kanak-kanak pulak.

Dalam hal ini, PAKLAH & KRONI mesti dipertanggungjawabkan sepenuhnya. IDRIS JUSOH hanya bergelar PEMBODEK. PATRICK LIM & KHAIRY dah banyak kenyang dari projek-projek ini.

KEPADA PAKLAH,

BERUNDURLAH KAMU, KAMU TELAH BERDOSA PADA RAKYAT MALAYSIA & AGAMA ISLAM.

Salam Sejahtera kpd.TUN....

Setelah membaca artikal dari TUN saya merasa gusar akan ketidaktentuan pentadbiran kerajaan yang ada. Saya berasa amat sedih dengan keadaan politik negara sekarang, sehingga ada mereka yang berani mencabar perkara-perkara yang termaktub dalam perlembagaan negara kita.

Pembaziran amat dikesali dalam keadaan ekonomi yg tidak menentu.

Wassalam.....

Salam YAB Tun Dr.M,

Comment below from BN rep in Penang...

"Take a 10% pay cut if Pakatan Rakyat is serious about helping the rakyat - that was Datuk Roslan Saidin's (BN- Pinang Tunggal) message to Chief Minister Lim Guan Eng.

He said the money could then be used to lighten the people's burden.

"Lim and all his state executive council members should take a pay cut instead of harping about their CAT (competency accountability and transparency) philosophy.

"The state has been talking about travelling economy class and all but what is it really doing for the people? The state is playing politics just for publicity's sake when it should be concentrating on improving the lives of the people," he said,

Tun,

"Wang Ehsan" yang sebesar gajah lenyap entah ke mana yang patut di gunakan untuk

pembangunan orang Terengganu, masakan 10% paycut pula di suggest untuk menolong rakyat kat Penang...BN, BN...Apalah nak jadi???.....

Kesian rakyat Malaysia, terutama sekali yang duduk kat negeri terkaya di Malaysia (Terengganu).....

Tun,
Komen yang bernas dari Tun amat amat di hargai...

Sekian.
Terima Kasih/1900.

Askum Tun and all friends,

The Trengganu's Menteri Besar maybe being bombarded with all negative remarks because of his decision to buy Merc instead the perdanas.

On personal note: it is waste of money, HOWEVER I support his move. I could see this gentleman has vision and dare to rebel.

Why?

He openedly open up many issues how previous administration has wasted money unwisely on thing that well hidden in the closet. He trying to show to us how bad was the previous MB in spending money. He is doing very subtly, cunning and very clever. Like pepatah melayu: Bagai tarik rambut dalam tepung.

1. Perdana Vs Merc

The maintenance cost of former MB close to RM200000 in period of only two years.

Now ACA is sending its agents to investigate - See, how clever this man is.

To ACA: Please check other States as well.

2. Complains about the quality of Perdana or Malaysian Car: Openly challenged Proton to do something about it. Now, CEO of Proton is awoken! You make big blunder with Agusta and now please do something about your products.

3. He also raised the matter on how our ministers have fleet of cars at home. Their own personal cars. He questioned, are they any ministers who has his personal Proton's car in their garage?

None. Except Perdana that being provided by the government. The rest are all Mercs, maybach, BMW and sport cars.

This man, he knew before hand that his about to reveal of buying mercs for his state will cause him trouble but he proceed nonetheless with that because he knew he could open up many key issues how our ministers have spent OUR money. Bijak.

Bravo and please maintain your Merc. You deserve it. I have one Gen2, a few minutes driven out from show room when I got the keys: the side mirror fell off the holder, the window could not be used and many more problems one after another.

When my budget permitted, I will not buy anymore Proton Car. Very dissappointed!

Tun,

depa buat projek memang tak dak planning... saya tau la. kami dok buat planning bagi nak rak. habis duit berjuta2 buat kajian. guna segala best teori practice yang ada... involve orang ramai

lagi dalam memastikan dokumen yg disediakan tu betul2 diterima semua orang. buat analisis pelbagai.. korek segala data. pakai segala teknologi untuk memastikan plan kita adalah yg terbaik. tapi bila mai bab implimentation... entah dari mana pulak datang projek2 tu.. semua turun dari langit org kata.

yang dah terhasil dari kajian yang dibuat (umpama cadangan pembesaran jalan, cadangan kawasan industri, pemeliharaan alam sekitar, infrastruktur..pelancongan..etc) semuanya tak terlaksana pun. dokumen simpan dalam kabinet ja. satu lagi pembaziran wang rakyat..

majoriti projek yang dibuat untuk kepentingan politik.. (kawasan mereka, undi mereka dan poket mereka). semua ahli parlimen nak projek kat kawasan mereka. walaupun kawasan mereka tak perlukan projek tu.. huhuhu..

bila kita pergi oversea, semuanya cantik. tersusun, kemas dan sebagainya. sebab apa? sebab depa betul2 ikut planning. perlukah semua kawasan ada kawasan industri?? perlukan setiap kawasan ada apa yang kawasan lain ada?.. fikir2kan lah.

hidup tanpa planning umpama hidup tanpa panduan dan tuju arah..

junior planner.

Tun Mahathir, You are getting older and senile. With the amount of sins you have collected or accumulated in your 21 yrs of premier will be dispensed to you soon. Your good friend Datuk Seri Anwar is back, He will make sure he digs all your wrongdoings and pushes you into the dirtiest ever jail in the world.

Your days are actually numbered and counted, So for your benefit, Pls keep your nasty and smelly mouth shut in order to keep you away from being pushed behind bars. I believe, your ARREST is imminent and you should pray more and fall on Datuk Anwar's feet seeking apology. At least after this he might forgive you with a spit on your face as a gift. Which, I think you deserve it. Everytime. I see you on newspaper or magazines make me very angry and most time swear's are thrown on you for your superb doing during your tenure as a premier.

Time are getting short and your illussion act has to be ended for the peace or all muslims. You are no ANGEL and also a traitor to the indians in malaysia.

I HATE YOU.
