1. The Kuala Lumpur Foundation to Criminalise War (KLFCW) held a special forum on Palestine.
2. In my opening speech I stressed that the war in Palestine is not a religious war between Islam and Judaism. It is a territorial war resulting from the European powers carving out a slice of Palestinian land in order to create the State of Israel.
3. It is grossly unjust for the Europeans to solve their Jewish problem by taking land belonging to the Arab Palestinian to give to the Jews for their homeland. It is grossly unfair that they should transfer their problem to the Arabs.
4. The participants at the forum represented all races, belonging to all religions. There were ethnic European Christians, Chinese Catholics, Hindus, Sikhs, Malay Muslims, Arab Muslims, Chinese Buddhists and many others.
5. They came together because they were moved by the human tragedy that is happening in Gaza, Palestine. That the Palestinian Arabs are mostly Muslims did not lessen the feeling of sympathy felt by the participants.
6. Two doctors from Jordan were present. They had gone to Gaza to show their sympathy and brotherhood and to help treat the casualties. They were not prepared to see the carnage caused by Israeli attacks.
7. The Israeli forces appeared to be using new kinds of shells and bombs which exploded after bouncing off the ground hurling sharp metal shrapnel which cut deep into the bodies of the victims.
8. Many had their arms and legs severed by the shrapnel, while others died when the shrapnel cut deep into their bodies and organs.
9. One man was saved because the shrapnel cut into a small Quran he had in his pocket but stopped short of his chest.
10. Phosphorus bombs scattered white phosphorus all over the victims. The phosphorus sticks to the body and burn as long as there is oxygen in the air. It burns through the skin, through the muscles and through the bones. It is impossible to remove the phosphorus without cutting deep into the tissues and bones.
11. The pictures of decapitated bodies, shrapnel severed arms and legs were horrifying. The surgeons had to operate on stretchers with several operations going on in one room at the same time. There was blood everywhere and yet there was no blood for transfusion.
12. The video also showed Israeli men and women being interviewed. They were quite hysterical, shouting and demanding that the Palestinian children should be killed as they, the Israeli women had lost their children because of rocket attacks by Hamas.
13. The Gaza attacks exposed the horror of modern warfare. No one is spared. The town of Gaza is reduced to rubble and bodies were strewn everywhere. Children were buried under the rubble of fallen buildings, with only their dead heads visible. There were burnt bodies of babies.
14. Professor Gurdial Singh spoke about how Israel could be tried by an International War Crimes Court.

15. Then it was question time. An Englishman voiced his anger that the pictures of the atrocities were not made public in the United Kingdom. He wished that the Jordanian doctors could give their briefings together with the pictures in London.

16. Responding to the remarks, Professor Michel Chossudovsky pointed out that the Western media is owned by a small number of people and they control the news contents. They were obviously pro-Israel and their policy is to promote the Israeli cause against Palestine and Muslims in general.

17. Many of the questions asked showed strong sympathy for the Palestinians. The questions were from all races and religions.

18. Then a young Arab man took the floor. The first thing he said was to emphasise that the Palestinian war is a religious war. Muslims must support the Palestinians because of their faith. There can be no two ways. The Arabs must fight a holy war against the Jews. They must fight because the Jews are the enemies of the Muslims, of the Arabs.

19. I felt uncomfortable, as there were many non-Muslim supporters of the Palestinians in the audience. Making the Palestinian war as a religious war seem to reject the sympathy and support of the non-Muslims.

20. A Chinese Catholic got up to reply that he has full sympathy for the Palestinians who had lost their land, who had been driven out of their country to live as refugees. He thought that the Palestinians were unjustly treated and the Israeli killings of the Palestinians were against all humanitarian values. He did not see it as a religious war but a war against injustice and oppression.

21. I was depressed by the attitude of the young Arab. It seems he was moved only by the hatred of the Jews. On the other hand the demand of the Israeli woman to have Palestinian children killed also exposes her bitter hatred of the Palestinians.

22. This is wrong. Of course enemies must hate each other. But that must not be the reason for the war. Actually it is a product of the war.

23. The real reason for the war is the seizure of Palestinian land to create the state of Israel. The objective of the Palestinians should be the re-conquest of the lost land, including removal of the settlements set up by the Jews. The whole war must be directed with this objective.

24. What I realised when the young Arab vehemently declared that the war is a religious war was that the war would have no end. The objective was to kill Jews because of their religion.

25. On the Jewish side it is the same. They want to kill and destroy the Arabs because they hate the Arabs. That explains their brutality, their targeting schoolchildren, babies and old people. That also explains the diabolical weapons that they use, not just to kill but to cause as much pain and disfigurement as possible.

26. The Israeli leaders, especially the military are said to welcome Hamas rockets. To provoke Hamas into firing their rockets the Israelis blockaded Gaza.

27. When Hamas fired the rockets, Israelis would condemn the deaths, especially of children. The people were angered by the death and demanded retaliation, which the military duly obliged with massive attacks out of all proportion to the damage done by the unsophisticated Hamas rockets.

28. For their part the Palestinians would show the effects of Israeli brutality, the destruction of the towns and the deaths of innocent children. The hatred against the Jews was fanned to red heat, and Palestinians would become ready to kill the Jews in any way they can. They would fire more rockets and the Jews would retaliate with even greater force and brutality.

29. Both sides have now forgotten the reasons for their war. It is like the clan war of old, when for generations the hatred would be kept alive and both sides would want to go on fighting and killing each other.

30. The Palestinians are getting the worse deal in this "I kill your people, you kill my people," fighting.

31. I was asked by the Jordanian doctor, when will this war end. I think it will have no end because it has degenerated into feuds of old, when Semitic tribes fight each other for generations simply because they were traditional enemies. The original reason for the enmity has long been forgotten.

32. If the war is going to be terminated both sides must try to remember the original cause and negotiate for peace. The backers of the contestants should cease providing money and weapons so they will continue to fight. Instead they should urge both sides to discuss a peace not based on who is more powerful but on justice.

Tun,

"Instead they should urge both sides to discuss a peace not based on who is more powerful but on justice."

1. I would like to propose you, Tun, as the Mediator to attain the above objective.

2. I believe you are the ONLY person in this world who is wise and competent to do it.

3. I sincerely hope someone would second me, and move this motion to the relevant authority.

Assalamualaykum Yg Bhg Tun,

As you point out, the dilemma we are facing in Palestine are not as simple as 'jihad' and 'syahid'. However to deny the war over there as not Jihad and the dead are not syahid are also not an options as in their cases that is the most legitimate reason for Jihad and Syahid. Infact these are their only motivations to keep struggling. So there are no reasons for us to deny these privileges for them. And for

me that is the plain truth for us to accept.

As for the 'ghazwah al fikr' or the psychological war, the strategies to win the heart of the world should not be confused and denying the jihad in order to prove this particular issue is a humanitarian crisis vs holy war. As it is for me, the proof clearly indicated the crisis need not to be proved further and this lead to legitimate holy war by muslims there. The muslims are also humans. It is a clear cut cause & impact. I strongly believed, as a fellow muslim and in human brotherhood spirit, the call for jihad can be justify as long as we used the tools exist to us today (media.. media and media) as good as the Jews used it for their benefits (the holocaust - how many film in this genre?).

So as in this matter, the jihad sentiment should not be oppressed, but the most important are to change the view of the world to this the issue as a holocaust, as bad as Hitler's oppression, or even worst.

Palestin oh Palestin,

Keprihatinan rakyat Malaysia berubah mengikut isu semasa.

Dalam kita memperkatakan isu palestine yg sedang di 'buli' oleh Yahudi Israel, bila ada isu panas dalam negeri maka mereka telah berubah arah. Tapi serangan Israel keatas Palestin tetap berlaku, gencatan senjata di cabuli walaupun hampir berpuluh dah dibuat oleh PBB. Jadi adakah rakyat Malaysia masih prihatin terhadap konflik di Palestin?

Assalamualaikum

I agree on the view that this war should be viewed as a territorial war and not as a religious war. People in Malaysia tend to imply that this whole war and hatred is directed towards the whole community of Jews when the actual blame lies on the shoulder of the Zionists in Israel. Uttering racial remarks that condemn the whole community of Jews in general, which stem from emotional response due to viewing this whole carnage as a religious war would only deter sympathy from the international community which is desperately needed to end things in Gaza due to Muslim countries being too weak to do it themselves. Muslims would also be labeled as racist and further tarnish the image of Islam

Assalamualaikum Tun,

The Palestine conflict with Israel will not have an ending unless the European/US and Arab Nation combined sit and negotiate on their behalf.

Will the Arab nations combined do that for the Palestine? Resolve the Land disputes and put to terms with Israel?

As long the European/US keep on backing Israel while Palestine does not having similar backings, I am just afraid the conflict would remain till "Kiamat". Only Allah knows Bests as what is installed for GAZA and Palestine.

Points below says it all.

28. For their part the Palestinians would show the effects of Israeli brutality, the destruction of the towns and the deaths of innocent children. The hatred against the Jews was fanned to red heat, and Palestinians would become ready to kill the Jews in any way they can. They would fire more rockets and the Jews would retaliate with even greater force and brutality.

29. Both sides have now forgotten the reasons for their war. It is like the clan war of old, when for generations the hatred would be kept alive and both sides would want to go on fighting and killing each other.

To those interested, read the book "The Israel Lobby and U.S. Foreign Policy" by John J. Mearsheimer and Stephen M. Walt. Mr. Mearsheimer is a professor at University of Chicago and Mr. Walt is a professor at Harvard University.

Excerpt:

"The United States as also undertaken policies in the broader Middle East that reflected Israel's preferences. Since the early 1990s, for example, American policy towards Iran has been heavily influenced by the wishes of successive Israeli governments. Tehran has made several attempts in recent years to improve relations with Washington and settle outstanding differences, but Israel and its American supporters have been able to stymie any détente between Iran and the United States, and to keep the two countries far apart. Another example is the Bush administration's behaviour during Israel's war against Lebanon in the summer of 2006. Almost every country in the world harshly criticized Israel's bombing campaign – a campaign that killed more than one thousand Lebanese, most of them civilians – but the United States did not. Instead, it helped Israel prosecute the war, with prominent members of both political parties openly defended Israel's behaviour. This unequivocal support for Israel undermined the pro-American government in Beirut, strengthened Hezbollah, and drove Iran, Syria, and Hezbollah closer together, results that were hardly good for either Washington or Jerusalem." (1:8)

"It is difficult to talk about the lobby's influence on American foreign policy, a least in the mainstream media in the United States, without being accused of anti-Semitism or labelled a self-hating Jew. It is just as difficult to criticize Israel policies or question U.S. support for Israel in polite company. America's generous and unconditional support for Israel is rarely questioned, because groups in the lobby use their power to make sure that public discourse echoes its strategic and moral arguments for the special relationship." (1:9)

Peace be upon you!

Thank you for sharing the essence of Palestine forum. I have vet through KLFCW website to get some insights of the foundation.

I truly support the objectives & intention of the org.

Can you share what is the strategy of KLFCW to influence over the International Laws on its effort to totally criminalize the war?

Salam YBhg Tun,

saya percaya bahwa peperangan di antara rakyat palestine dan zionis tidak akan berakhir selagi mana tidak mendapat sokongan dari liga arab.

biar sebanyak mana kecaman dan kutukan dunia terhadap zionis ianya tida akan memberi apa-apa kesan terhadap zionis jika tanpa apa-apa tindakan dunia arab sendiri.

YBhg Tun, kadangkala saya juga keliru adakah benar warga ini diamanahkan Allah sebagai pemegang kunci-kunci tanah suci umat Islam sedangkan ketakutan mereka berhubung isu zionis ini begitu jelas ketika mana dunia Islam menggesa agar mereka menggunakan kuasa minyak sebagai tekanan ke atas zionis dan sekutunya?

Allah & Rasul lebih mengetahui.

Perang Palestine & Irael takkan berkesudahan sampai bila-bila. Generasi mereka sekarang sudah hilang punca sebenar kenapa perlu memerangi satu sama lain.

Hamas & Fatah masih dengan kedegilan masing-masing. Simpati kita dan dunia lain hanya sia-sia di pintu masuk sempadan saja. Israel & Mesir masih keras kepala.

Dunia Arab masih diam membisu takut kekayaan dirompak negara maju. Hanya jika mereka kembali berpegang dengan Islam sebenar, maka pasti perang boleh dihentikan. Sekarang mereka berperang akibat benci membenci dan dendam. Jika orang kafir minta berdamai, Islam akan mempertimbangkan.

Salam Tun,

- 1) The Europeans have been doing injustice everywhere not just in Palestine but here in Malaysia as well.
- 2) They brought in immigrants to Malaya, Fiji, Maldives, Africa and all their colonies specifically to serve their economic interest.
- 3) The US have taken over that role now and anything that serves their interest will be persued accordingly.
- 4) The state of Israel was created by the British soon after the collapse of the Turkish Ottoman Empire. They did not leave it to the Arabs but carved the whole of the Middle East into smaller kingdoms as we know it today not unlike Malaysia with its Sultanates and the various states.
- 5) The big question is "Why did the Europeans and the US support Israel?"
- 6) The crusaders have been trying to conquer Jerusalem for hundreds of years wihtout success. They then let the Jews continue the war once the Ottoman Empire vanished.

Does that solve the Jewish problem, maybe.....

Wassalam.

Salam Tun

Again, I would like to congratulate you on your blog article. Even though the Palestinian issue is a hard topic to write in a neutral, balanced manner, you have succeeded to do so admirably. It also reflects on your ability of being unbiased and just when you were a leader not so long ago. I like your article despite being strongly Muslim sympathetic!

You also have to realize that the Quran has stated that some Jews will never rest easy with Muslims side by side.

Sebagai seorang Islam berbangsa Melayu, I understand a little bit about the slant of the Palestinian-Israeli conflict as being a religious war between Jews and Arabs. But I feel that without proper modern education, our ulamak and religious people views tend to get a bit slanted and sometimes they have fixed views difficult to change. It happens everywhere, even in the US, Europe.

The way I see it is that the Quran does mention a very small group of Jews ("people of the book") who have kept the monotheistic faith of Nabi Ibrahim a.s. even though certain people corrupted the Torah and the Bible. The Quran praised these people who gladly accepted Nabi Muhammad SAW when he appeared and recognised him as the last prophet from the succession of prophets from Allah SWT. The Quran states these "people of the book" of getting double the rewards as they had remained steadfast on the monotheistic faith despite the corruption that occurred during the times of post-Musa and post-Isa.

Despite seeing the conflict as a religious war, I also recognise the sympathies and feelings of non-Muslims and I appreciate them and gladly accept them. I have read about Dr Sonia, a British reconstruction surgeon who tried hard to get into Gaza through the Egyptian border but failed just because she is a White European doctor whereas other Arabian medical specialists including Malaysian doctors were allowed in.

In Islam, we should not estrange anyone who has a chance of accepting Islam. Being friends with them means we can tell them about the truth and wonder of Islam and hence perform dakwah work. But if we estrange them, we lose the opportunity to do so. So, some Muslim extremists and fundamentalists who are too extreme are wrong and they should be made to realize so. That is why I am very disappointed why UMNO did not bother to explain hudud law and Islam in the right context to our MCA and MIC friends. I am sure they would understand. Now they are enemies of hudud law worse than ever and UMNO does nothing. As for me, I feel I am on the right path and I pray to Allah SWT to continue to guide me Insyallah.

well Tok Det, even the supporter i.e. u.s. also reject this idea, but where on earth do the u.s. get this feelings that the palestinians and arab will receive the jews with warm hugs.

You write in English, when you intend to shore up the Non-Malay support. You sound very liberal in your English posts.

And you write in Malay, when you intend to shore up Malay support.

'Ketuanan melayu' is strongly demonstrated in your Malay postings.

Brilliant strategy...that's bordering on cunningness.

Anyway, I admire your leadership qualities.
You were a great PM. This country is crumbling without you.

They say Saddam was a bad leader. But, Iraq was better off with him. He was the only one who could keep the various factions at bay. Iraq has now gone to the dogs.
So was Suharto (Indonesia) and Tito (Yugoslavia).
Regardless what people say of their shortcomings, but in reality, these were strong and decisive leaders, which kept their countries together.

Good Day Tun,

The war in Gaza will never end until the American government stops their support to Israel. And the Israel government (dogs) must expect that Hamas is a government chosen by the Gaza people.
Today is the day that the Israel will select their new Prime Minister. Each of the candidate that is campaigning for the spot to become the next P.M. promise that more retaliation will be given to people of Gaza if Hamas still control the state. This horrific and brutality against the people of Palestine will definitely get worse rather than better.
I hope the Israel government or anybody that support this genocide should aware that there will be a backfire from the Muslim community around the world. And please remember that you Jews may win this battle...but you will definitely lose the war.

Keep on fighting TUN. We are behind you all the way.

Dear Tun,
Being a muslim I concur with the statement that the war in Gaza should not be looked at, as religious war, 'cos it will be no end and it will spread to the other muslims world and the muslims in general will hate the Jews forever and vice versa. Like you said the world should recognise the root of the problem which is; the forceful annexation of Palestinians land. The world should seriously sit down and make things right. The world's leaders are responsible to guarantee the civilization of each race. To the world leaders, stop being mere politicians, for once, please be responsible leaders 'cos you owe it to the next generation for peace on earth. The war in Gaza might trigger the next world war, if this happens there is no point talking about power, wealth, religions 'cos human will be perished from the face of earth. Maybe I am a dreamer but I am not the only one, so give peace a chance. Words from John Lennon.

Dear Tun,

It intrigues me why the Arab neighbouring countries are having "elegant silence" attitude towards the Palestinian cause? Why?
Why they are not brave enough to combine their military forces to stop the Israelis atrocities towards the Palestinians. Why?
Why they are not willing to sacrifice to help their brothers by using their oil resource as a weapon to pressure the western countries to stop supporting the Israelis by continuing supplying with all the sophisticated military hardware to kill the helpless Palestinians. Why?

Basically, the Arabs are not united to support the Palestinian cause. Why?

There are so many "whys" for the Arab leaders to answer. As long as the Arab leaders are behaving indifferently I can bet to the last dollar this crisis can never be resolved peacefully in years to come.

The Arabs themselves got to think for themselves how to solve the problems. If there is no serious commitment among the Arab leaders then it is a pity that we will continue to be hearing and watching the Palestinian children and mothers being slaughtered by the Israelis.

What is the point of having demonstrations all over the world to condemn the Israelis when the United Nations have "NO GIGI" to act !!

Nobody seems to be listening. They are "blind, deaf and dumb" !!

But none of them spend their money to develope new technolgy of war. All the war fasilities import from USA and person who create is the Jews. True our Last Prophet is Arabian but seem like Arabian now feel like their race is highest from others. It is only oil that make your race is important for the world.

Well said Tun. Could not agree with you more on your analysis of the Palestinian/Israeli conflict. It has degenerated into a blood feud, where you kill my brother and I will kill yours. It will never end, not in our life time though. Someone, somewhere have to take the bull by the horn to resolve the conflict fairly, justly and amicably. Do not foresee the Americans, Obama or whoever, doing this as they are not seen as fair brokers. May be, you should give it a try. In the mean time, the killings, although hugely disproportionate as far as the Palestians are concerned will go on.

Dearest Tun,

Not everybody looks at the Gaza war as non-religious. Malaysian Muslims, for example, think of it as an Islamic cause to support Palestine. They can organise convoys to drum up support and donations, and setup donation boxes at toll booths.

Anybody know about Sri Lanka's northern war zone? More than 70,000 people has been killed since 1983.

Where are the donation boxes for the victims of these wars?

Salam Tun,

Interesting dilemma isn't it? I saw the comedy movie "The Zohan", very funny if watched with an open minds. The movie makes jokes of the Israelis and palestinians, how their behaviour borders on stupidity that keeps the war alive after 2000 years. At the end our Israelis hero married a Palestinian girl and lives happily which implies the only workable solution is for them to remain as a Federation with two states - far

fetcher? maybe, but if they can tolerate, maybe the war can be ended. In one scene, when one party wants to stop fighting, the other party couldn't accept it, because the fun will be over!

Of course the real life is not as funny as the movie, people get slaughtered, thousands maimed, houses damaged, thousands became refugees. While we condemned the Israelis, we also should blame the Arab states for lying idle watching the brutality of Israel on CNN or Al-Jazeera. Since they are not helping or condemning the attack, the Israeli took it as consent and felt free to attack all out. What did Egypt do to help? What did Fatah do to help? Nothing! They even helped the Israelis to enforce blockade at the borders! We Malaysian Muslims objected and shouted foul play louder than all the Arab countries put together! It is a big shame to the Arab countries, these are the people who some of them are descendants from the line of the Prophets! Some of them could not be bothered with the war, because apart from being the same Muslims, they are of different clans, tribes and houses. They are more worried about their skin, fear of US retaliation to their countries, their dynasty future.

Tun, you are a great leader and have done more to the Muslim world than any Arab leaders could ever dreamt. However, there is a limit to what you could achieve. If these Arab people refuse to change their ways and reunite as one people, under one religion and sect, there will not be any improvement to their fate until hell freezes over!

On the same token, the Malays in this country also should learn from the Arabs, that having the same religion is not enough to be great if we don't unite as one people, one Ummah. We have PAS who thinks they are more Muslims than the UMNO people, we have PKR who thinks they are more transparent, progressive and fair than UMNO, and lastly we have UMNO who think people must not question them as the default champion of the Malays. The joke is they all pray to the same God, wear the same Baju Melayu, talk the same Malay language, practice the same custom, but they cannot get together and unite! Why? Is it because there is no fun in it? No crisis, do drama, no frog jumping, no political posts, no privileges and no power?

As long as Muslims regardless of races and nationality are not united, others will just walk all over us. All this talks Tun, no matter how noble your intentions are will bear no fruits. It is very sad but true, and the truth hurts.

Tun,

So money controls everything including technology, weapons, power....

What's the guarantee that justice can't be controlled by money? Isn't there justice included in democracy? It's not justice, but the backers who supplying money and weapons can terminate the war. Their morale must be changed, but who will advise them since their proxies are everywhere? Religious can change their morale and terminate the war. Their morale must be free of greedy in money and power.

It's true, at the beginning it's not religious war, but like it or not, it's going to be the religious war. No other choice for people, either Muslims, Christians, Jews, who do not have money and power but always being terrorised, killed, expelled, unless they will fight back even the power they have is only hoping God's help for justice. These people are only think that the earth or world belong to God and not belong to the backers who supplying the money and weapon and so greedy for controlling everything in the world.

You said it right. This war is not about religion. We all stand to condemn war for any reason and it is a deplorable act to justify a war.

The muslims are a divided lot in the name of religion. They call themselves as brothers but I wonder whether they really know the meaning of the term. The Muslims fight among themselves and there are many Muslims nations who are suspicious among themselves.

What is disturbing is that they use religion to segregate themselves and utter the word "jihad" to wage atrocities against the opponent for the slight reason.

Coming to our homefront, every street demonstration carried out by the majority race ends up with religious tones and calling for war against the oppressor.

I feel that religion is being politicised and cause unnecessary fear among others.

These people are overprotective of their religion and tend to misuse or tarnish the purity of the religion.

The Muslim world should not approach the Israeli aggression on a religious perspective. They should not counter attack with a holy war. This is nothing to do with religion and for that matter, Islam is not been attacked in any part of the world. All the killings of innocent people in the name of religion is the doing of irresponsible people who are haunted with deviationist upbringing.

There is more harm done in the name of religion. The segregative attitude of some of the Muslims only encourage animosity against the followers of non-muslims. We often hear the Muslims utter religious slogans to condemn others. GOD would not condone to such behaviours. We humans would never repent or absolve from such acts for we know that GOD would not question us. A nation would be doomed if religion is allowed to take the front stage. Religion is not everything in life and it should be used only as a reference and it is a shame on humankind to allow it rule our life. Everyone of us have commonsenses to counter the good and evil. Live life to its best and stop having fantasies of the other world after death as it does not exist at all. If we can assimilate the reality of life, the world would be a better place to live.

The reality in the Middle East is that Israel is a nation that has been established in the region and it is impossible to remove the nation from the atlas.

The Israelis armed themselves with sophisticated weapons as this is the only way for their survival in a region of hostility.

We could not justify Israel's acts of aggression on Palestine and we should not allow Israel from further encroachment into Palestine land.

The problem here is that, the Arabs want Israel to get lost and they don't want to hear that a nation by the name of ISRAEL ever exist.

To bring the war to an end, the Arab nations should come to their sense and recognise Israel and promote peace in the region.

No leader in the proper frame of mind would want to see his people and cities destroyed. I don't agree to

Doctor's #26 on this basis.

Harbouring animosity with Israel cause much harm to Palestine and it doesnt make sense to aggravate tension in the region.

Whether we like it or not, the Arabs should devise a formula to live peacefully with Israel as their neighbour.

FOR THE SAKE OF PEACE, PROMOTE LOVE FOR HUMANKIND BY KEEPING RELIGION AT A DISTANCE!

Salam YAB Tun,

Peperangan di Gaza menyentuh hati setiap insan didunia ini tidak kira apa bangsa dan fahaman agama mereka. Seluruh alam ini sentiasa meratapi dan turut sedih atas setiap kematian dan pembunuhan yang berlaku disebabkan oleh kerakusan tangan manusia itu sendiri.

Kita harus ketepikan perasaan sentimen sempit keagamaan, fahaman, dsn. dan harus bersatu dan bersama sebagai SEORANG KHALIFAH yang telah diamanahkan untuk menjaga kesejahteraan setiap kehidupan termasuk kehidupan manusia didunia ini.

Membunuh seseorang kerana berbeza fahaman agama sama juga seakan membunuh satu agama tersebut. Maka membunuh mana-mana kehidupan sama juga seakan membunuh kehidupan itu sendiri dan wajar dihentikan.

'Membunuh' segala senjata pembunuh atau pemusnah kehidupan itu adalah lebih baik daripada membunuh mana-mana jiwa yang hidup. Pembuat senjata harus dipertanggung-jawabkan atas setiap pembunuhan yang berlaku dimuka bumi ini, melalui senjata buatan mereka.

Dunia ini akan lebih aman dan damai apabila semua manusia bencikan peperangan dan pembunuhan. Bencikan senjata-senjata terutamanya yang dapat membunuh tanpa mengetahui siapa sasaran sebenar musuh yang hendak dibunuh. Bencikan kemusnahan setiap yang bernyawa, harta-benda, alam sekitar termasuk tumbuh-tumbuhan dan haiwan-haiwan.

Pencetus peperangan yang membencikan keamanan harus dijauhkan dan diasingkan daripada masyarakat yang mencintai keamanan dan kedamaian. Senjata-senjata mereka tidak perlu kita gunakan atau kita beli bagi tujuan membunuh sesama kita kerana yang rugi kita juga dan yang untung adalah mereka akhirnya.

Menghulurkan bantuan berupa wang-ringgit kepada mangsa kekejaman tidak sama dengan memberhentikan terus penyebab sebenar kekejaman tersebut. Kita harus bersatu atas nama kemanusiaan yang mencintai kedamaian dan kebenaran didunia ini, secara bersama mengalihkan tangan-tangan yang ingin memetik apa sahaja senjata pemusnah yang hendak dihalakan kepada mana-mana kehidupan didunia ini.

Sesiapa sahaja yang dipihak yang bathil harus ditentang habis-habisan walaupun seagama, sebangsa, mahupun ahli keluarga kita sendiri. Kerana ketahuilah bahawa pada akhirnya hanya mereka yang dipihak yang benar sahaja yang pasti berjaya dan beruntung.

Mereka yang masih cetek pemikiran dan masih berbicara sesuatu atas nama agama mereka dan berbicara mengikut hawa nafsu sahaja harus diberi amaran dan kesedaran segera sebelum terlambat dan terlanjur sehingga memalukan nama dan imej agama mereka sendiri kelak akhirnya.

Mana-mana agama sekalipun didunia ini tidak akan mengizinkan pengikutnya atas nama agama untuk sengaja membunuh, menzalimi, menyakiti, dsn. mana-mana manusia lain atas sebab perbezaan dan berlainan fahaman agama. Asal setiap agama itu adalah untuk kesejahteraan umat manusia secara keseluruhannya disamping menyembah tuhan atau tuhan-tuhan mengikut kepercayaan masing-masing.

Wassalam.

Salam Tun,

Yes! Peace is only possible if both the Palestinians and the Israelis are willing to talk and reconcile. Return those land that has been forcefully taken from the Palestinians and start to live and co-existing separately as neighbours, and over the years as good neighbours!

Both the Palestinians and the Israelis must stop thinking hating each other as historical enemies, instead to focus the actual cause of the problem that has brought about the disproportionate killing of the Palestinians by the well-equipped Israelis military backed by the U. S. and the British.

If this could be arranged and compromised, compromised not to be dominated by the stronger power then the arduous road to PEACE is possible.

Student G: how did all this started ?

Facilitator L: God said to Abraham , "look toward the heaven and number the stars and so shall your descendants be. But Abraham's wife , Sarah , wasn't getting any younger and God's wasn't coming through on his promise. She is getting nervous. So she sent Abraham to the bed with her maid , Hagar . And Abra ham and Hagar had Ishmael.

Facilitator L: And not long after they did , God kept his promise to Sarah , and Abraham and Sarah had Isaac. And Sarah said to Abraham , "cast out this slave woman with his son , for the son of this slave woman will not be heir with my s on, Isaac."

And so , it began. T h e Jews, the son of Isaac, the Arabs, the sons o f Ishmael. But what most people find important to remember is that in the end, 2 sons came together to bury their father. And most people do remember the whole thing took place about 7.3million years ago.

Assalamualaikum Tun,

I don't know Tun, it was a territorial war at first but until now all I've heard is that they the Zionist Israelis have been targeting only at the Muslims, directly or indirectly with the help of their Big Brother, the US. Their main targets have always been the Muslims in Palestine, Afghanistan, Iraq, Iran, Syria, Lebanon and who knows they might even have penetrated into the small Muslim countries or territories that exist in Europe, Russia, China and Asia. Look what happen to India and Pakistan, is it not because of the sly and

cleverly planned instigations of the US and her "lover".

It was even reported that Israel at one time wanted to send her "mighty gifts of destruction" in Mecca but was punched in the mouth. Right Tun?

So hasn't all these become a bit religious, Tun. The Jews or Zionists Jews or Zionists isrealis or whatever names they are called, have been tortured and killed and treated inhumanely by the Nazis Germans. Then why, after they had accumulated so much strength and wealth, didn't they attack or throw their utmost hatred and anger and revenge towards Germany? Many countries in Europe, Russia and even US refused to take them in and migrated them instead to the Middle East. Then why not send their revenge to these "friends"? Maybe they have done it, as what is happening now throughout the world, the economic slump! It is their doing, isn't it Tun?

After the World Wars when was a non-Muslim country bombed and attacked and oppressed and her people maimed and pulped to death, Tun? Korea? Vietnam?

I'm no historian and my knowledge are limited but I think Tun, the Muslims have always been treated very unfairly and become the unwilling targets of these trigger happy primitive brutes. Remember how they humiliated our beloved Prophet Muhammad (saw) and scoff Islam? Isn't this their way of instigating and provoking the Muslims to wage war on them? As I've said before they're very good in the craft of manipulations.

I can understand the overwhelming feeling of the young Arab man. he's the product of this war. When he was brought to this world, what was the first thing he saw? What was the first thing he heard? What was the first thing he felt?

Tears, blood and cry of pain of his mother in pain not of labour but bullets maybe?

I don't know Tun. Did you ask him, Tun? Did anyone ask him? The first cut is the deepest. It will always be in his mind and heart.

The young children of Palestine are the products of this war. They go to school and learn the alphabets but to them A is Apache, B is Blood, C is Crawl (to safety!), D is Die, F is F16 and alas many more that should not be in their small minds.

Yes, I agree too that only through negotiations peace will be established. But I believe the egoist, arrogant Zionist Israel will never be the first one to take the first step to put down their weapons.

Sorry Tun, I'm just stating my not worth a two-cent piece of mind.

Anyway I totally believe in your work for peace and justice.

Take care Tun and May Allah Look Upon You Always.

ezani,

i just want to reply you wrt your last para "I feel I am on the right path....."

-Everyone feels that they are on the right path, if you dont believe, try to ask anyone you know who has shown a little bit religious, even one hindu will say that he is on the right path, again try to ask any hindu that seems a bit religious....same goes to other people.

How could one buddhist stays on his religion for so long if the religion he embraced not on the right path???

Nobody will make christian as their religion if they knew that the religion is false.

Never feel or say that we at the right path, only God knows, unless we have asked God and God had replied.

If you feel that you are at the right path, you tend to become religious egostic and tend to blame other who you feel not inline with your right path concept....

May God bless us all...

Hi Tun,

Why there is not any rep from Israel?

Why there is no video clips showing Gaza/Hamas people cursing Israelis?

31. I was asked by the Jordanian doctor, when will this war end. I think it will have no end because it has degenerated into feuds of old, when Semitic tribes fight each other for generations simply because they were traditional enemies. The original reason for the enmity has long been forgotten.

We cant go back and debate about who has the right on Palestine land. As both sides will have it's story. Divide the Land & formed self-determination countries between IS & Palestine-Arab which has been proposed by UN since 1948.

How's that?

If this is not agreeable to the States, how could they allow Israel to occupy Palestine..

saya terbaca beberapa ucapan Tun ttg dasar dan polisi k'jaan pimpinan Tun terhadap globalisasi dan 'jerat' IMF waktu krisis matawang dulu - 'analyze the cause and effect. cure the root cause, not the symptoms' - nampaknya kaedah pemikiran yg sama Tun gunakan utk menilai isu Palestin-Israel. Hmmm... saya setuju benar :)

pd saya, yg jd 'duri'nya adalah Hamas dan Parti Likud. Sama2 keras kepala mempertahankan ideologi dan survival masing2, dgn memperalatkan isu agama dan kaum. Hamas diapi2kan/disokong oleh Iran. Likud pula dpt sokongan US. Bertambah keras la kepala masing2... :(

Assalamualaikum Tun,

It is the war on religion or territory?

Perhaps you can brief some history starting from WWI & WWII regarding who cause the war. I believe many of us know not.

I'd like to point out regarding People of the Book in the Quran.

An interesting example of the latter type of falsification tests contained in the Qur'an is the verse which mentions the relationship between the Muslims and the Jews. The verse is careful not to narrow its scope to the relationship between individual members of each religion, but rather, it summarizes the relationship between the two groups of people as a whole. In essence, the Qur'an states that the Christians will always treat the Muslims better than the Jews will treat the Muslims. Indeed, the full impact of such a statement can only be felt after careful consideration of the real meaning of such a verse. It is true that many Christians and many Jews have become Muslims, but as a whole, the Jewish community is to be viewed as an avid enemy of Islam. Additionally, very few people realize what such an open declaration in the Qur'an invites. In essence, it is an easy chance for the Jews to prove that the Qur'an is false - that it is not a divine revelation. All they have to do is organize themselves, treat the Muslims nicely for a few years and then say, "Now what does your holy book say about who are your best friends in the world - the Jews or the Christians? Look what we Jews have done for you!" That is all they have to do to disprove the Qur'an's authenticity, yet they have not done it in 1400 years. But, as always, the offer still stands open!

Salam YB Tun,

Semoga YB Tun sentiasa dalam keadaan sihat dan ceria selalu di samping keluarga tercinta.

I just want to share with you and Che Det fans that before Palestinians were robbed of their land by these criminals, the Soviets already allocated some land for the Jews as their homeland. This land is located in Birobidjan, Russia on the border of Russia and China and near to Valdivostok city. This proves a fact that there has been a land for these outcasts to live in and they do not want to admit it. For decades, these criminals had grossly deceived the world by telling the Palestinian land is their homeland. What a *#@%^@ !

Zionists chose not to acknowledge Birobidjan, the voluntary Jewish homeland (supported by American Jewry since 1928) of the Jewish Autonomous Region (on the border of Russia and China). To this day this is a flourishing Jewish homeland - a largely unsung region Lady Renouf makes public on both PRESS TV programmes.

Assalamualaikum w.bkth ,

Ayahda Tun Yang dihormati dan kasihi ,

1. masalah palestina adalah berkaitan wilayah dari awalnya kerana dalam negara palestina itu sendiri ada nasrani dan yahudi selain islam ,walaupun mereka keturunan arab dan lain2.
2. penyelesaian utama perlulah isu wilayah bukan bangsa atau agama.
3. apabila palestina dan zionist dapat duduk semeja untuk berbincang setelah kedua pihak mengorbankan hak-hak generasi akan datang mereka,jalan penyelesaian yang kekal boleh dibina . Saya setuju perang membawa padah ,manakala pegangan palestina ialah negara mereka telah diserang oleh zionist sementara dalam padanya dijajah Inggeris secara tidak sedar . Zionist mula mengaitkan isu agama bahawa hak mereka di tanah jerusalem ujud sejak nabi ibrahim dan nabi musa kerana terdesak .
4. KLFCW perlu memberi gambaran sebenar dahulu kepada rakyat Malaysia (tidak mempolitikkan isu palestina) ,negara2 arab dan dunia .Palestina dan Zionist tiada tempat di dunia yang sanggup menerima mereka bertapak kecuali tanah jerusalem . Mereka perlu perdamaian yang kekal . Kalau kita lihat dalam waktu tertekan Gaza dapat membangun begitu pesat membina masjid2 dan perumahan2 awam yang bermutu walaupun bergantung kepada negara luar dan terownong2 nyawa yang mereka bina secara rahsia . Saya percaya apabila mereka dapat berdamai Palestina dapat menyaingi negara zionist itu sendiri . Palestina perlu sedar hakikat ini . Berdamailah walaupun ianya pahit ,pedih dan menjatuhkan maruah sebagai arab . Jihad yang lebih besar disini ialah melawan nafsu individu itu dahulu .
5. KLFCW perlu mencari jalan berdepan dengan pencetus permasalahan ini iaitu bermula dengan Inggeris dan Amerika yang sanggup memikul tanggungjawab nya untuk menjadi sebuah kuasa besar .Negara yang perlu diadili perlu mengambil kira negara2 pencetus supaya mereka tidak sewenang - wenangnya bertindak melalui seperti terhadap Iraq dan Afganistan . KLFCW cintakan Damai agar segala peristiwa dijadikan iktibar generasi masa depan membuka mata , hati dan minda.

Dear Dr Mahathir

I am a great admirer of yours and agree with the majority of your views. I think what has happened in Gaza is appalling. Your latest statements are well reasoned but I think the your use of the term 'Jews' would detract some from the points you are trying to make. To many in the west and beyond the use of this term is derogatory and I just wondered if you could use some other term perhaps 'Jewish people' so that your points can get across to a wider audience. I hope you don't mind me saying this but it is such an important issue that I think you need to get your points across to all those that might be put off because they feel you are insulting the religion. I am going to be in Langkawi at the end of the month. Are you doing any talks etc that are open to the public?

With very best wishes

Ottoman Sultan Suleiman I sealed off the Golden Gate in 1541 to prevent the Messiah's entrance. The Muslims also built a cemetery in front of the gate, in the belief that the precursor to the Messiah, Elijah, would not be able to pass through, since he is a Kohen.

[http://en.wikipedia.org/wiki/Golden_Gate_\(Jerusalem\)](http://en.wikipedia.org/wiki/Golden_Gate_(Jerusalem))

why would Ottoman Sultan Suleiman I and the muslims do that? the year 1541
did it motivated by geopolitical stress?

The sanctity of religions have been corrupted by us. Just read half of the replies: Some are missing the point completely and proudly claim that Jews are here to kill Muslims and the other way round. And your persistence, dear Tun, of using the word Jews instead of Zionists or heck, even Israeli or something similar is not helping.

Somewhere up there, somebody reminded us that the Jews killed 4 prophets and Jesus Christ and that's proof that they'd kill anyone they like. Hell, Malays should be in that also since someone very Malay killed Altantuya. Chinese are killers from young because of that boy who killed his tuition teacher's daughter a few years back. Indians are also killers somehow, though I can't recall any recent event. Whites - Hitler. Blacks - Death of Tupac Shakur. Humans are natural killers who'd kill anyone they like, it seems.

Racism was the real catalyst of the Israeli-Palestinian war, I say. If the Europeans weren't so bias against Jews, they would never have started progroms and systemic abuse of the Jews. Hence, no subsequent Balfour Declaration, no Israel, no war.

Everybody seems to forget the very real alliance that was between Islam and Judaism during the Middle Ages i.e. Islam used to be so much more tolerant towards Jews compared to Christianity of the Middle Ages. Maybe alliance is not the right word but at least, the moral support between the faiths existed.

What we are doing here with our chest-beating and rending of garments is preparing Islam to be the next Judaism. People are racist towards Jews because of the actions of their past [and present] bad apples. We're the present bad apples who shall make our descendants be hated. The stereotype of violent Muslims are so so terrible right now and we're only pouring oil to the fire. And the worse thing is that there's a kernel of truth in it, judging from the comments here.

Cure the root cause, not the symptoms. And for Heaven's sake, do not spread the infection!

Assalamualaikum Tun,

The root cause of Palestinian/Israel conflict is due to Palestinian land being given for the to create Israel. Therefore it can be said the only way to solve this is to give back the land to Palestinians. But that would mean there is no Israel. Indeed, there should not be an Israel to begin with since it is rightfully Palestinian land. So how do the Palestinian negotiate for peace with something which is illegal in the first place?

If a robber robs another person's land, then the only way to solve the problem would be the robber to return back the land. Unless, the person is willing to give the land to the robber. What happens if the robber is not satisfied and wants more land? (Seeing that the robber have the military power and ability to acquire more land)

And when the Palestinians fight back with rocks and rockets and kill one or two Israeli is called a terrorist act. But when Israel attacks with tanks, warplanes, chemical bombs, and killed thousands of Palestinians is called self defense? Do the Israel sympathizers hope that the Palestinian should not fight back and let the Israeli kill them one by one?

To see this injustice happen for such a long time in this so called civilized world is a wonder indeed.

I do agree that we should involve non-Muslims who sympathize with the Palestinians. If they want to help, by all means do so. However, seeing that the Palestinians are Muslims, they have a special relationship with Muslims worldwide. All Muslims are brothers. To see a fellow innocent Muslims being killed, there is a responsibility for other Muslims to help. Muslim nations should take the lead to help Palestine.

I do not see Israel being sincere in wanting peace. Far from it, I see them wanting more and more land. They just need the justification to do it.

They have continued to attack Palestine time and time again. Remember Jenin? Where whole Palestinian family were killed when their houses were bulldozed while the family were still inside. Remember what they did to Yasser Arafat? They surrounded the compound where Yasser Arrafat was staying with tanks. Electricity and water supply was cut off.

Israel is like a big bully. They are arrogant. They attack Palestine because they are are more stronger and they know no one in this world will stop them.

Dear Tun,

When come to Palestine issue it remind me a cartoon on malaysiakini. The cartoon said "ISRAEL BACKED BY THE UNITED STATES but PALESTINE BACKED BY THE STATES NOT UNITED". The reason why Israel keep attacking Palestine because they know Muslim people not united. If all Muslim countries stand and fight against Israel, I think the US will stop backed them.

What would I do if I am the President of Palestine?

1. Do whatever necessary to make peace between Hamas and Fatah. Both sides must commit and realize some of their principle must be put aside to achieve an agreement with one another.
2. Once Hamas and Fatah are in one group, one mission and one agenda, I'll use OIC influence and recognition to declare the independence state of Palestine.
3. During the declaration of independence, I'll pledge to ensure fair treatment of Palestinian in the eyes of the world. As such three key agenda to be implemented immediately.
 - a. Getting police force and army build up and support from international community.
 - b. "Reset" the fatality toll between Palestinian and Israelis. From the date of independence, 1 Palestinian killed means Israel agree for 1 Israelis to be killed. 1 children killed means 1 Israelis children to be killed. 1 Palestinian woman killed means 1 Israelis woman to be killed.
 - c. Getting control of Palestinian state by eliminate "terrorist" kind of attack. Any attack must be done by Palestinian Army. Other attack by a person or group shall be considered as a crime and shall be charge in a court of justice.
4. Get recognition of the state of Palestine from the rest of the world, either through UN or other international body.
5. Build-up the economic ties with nations that recognize Palestine. Get at least one big nations to be Palestine ally, preferable Russia or China. Get them to be involved in Palestinian economy and have significant investment in Palestine.
6. Lastly, get the world recognition and support to get back all the Palestinian land which is currently illegally occupied by Israel. War with Israel shall be the last resort and any war with Israel shall only be done upon getting support from Palestine ally. Never fight alone.
7. Resign from my post and let Palestinian manage their own country :)

Dear Tun Dr M,

I just finished following the TV3 Prime Time News. As matter of fact there were 3 news coverage involving Corruption.

The 1st corruption charge involved the handicapped wife of Taiwan's Former President. She was charged for bribery worth above US\$2 million. Throughout the visual news of her, she kept smiling (to the maximum) and kept on waving to the crowd outside the court.

The 2nd corruption charge, involved a local government official for, if I am not mistaken, around RM 60,000. He also smiled at the crowd and went a bit further by showing peace sign to whoever is around him complimented by big smile.

The 3rd Corruption charge is related to the 2 Perak Assemblymen (now bebas and friendly to BN) Jamaluddin Mohd Radzi (Behrang) who came 1hour late to the court resulting in the issue of arrest warrant against him (which was withdrawn later). The other was Mohd Osman Mohd Jailu (Changkat Jering). Both were full suited. A large crowd was there outside the court and both never stopped their fully suspended smile. Apart from that the several hugs, patting and shaking hands.

I am very bemused about all the above 3 events whether being charged for corruption is something to be proud off. It looked as though all of them went to war and have returned victoriously. It might be assumed as part of our day to day life. If the above attitude spreads then it is easier to count those not corrupted than those who are

Its inhuman, first the destruction of Lebanon and now Gaza killing innocent lives indiscriminately both sides but the weight of judgment is heavily, very very heavily, against Israel.

My heart aches for the children of Gaza and still aches for those killed and hurt in Lebanon.

I am a Chinese Catholic and in Singapore the Catholic Church raised funds to relieve Gaza. I read in the Catholic News that the Jews are angry with the Pope for reconciling with a Bishop who had doubts about the holocaust. This is wrong but why cannot the Jews understand the meaning of reconciliation and forgiveness? the Pope held out an olive branch but the Jews wants to knock it out of his hand. Perhaps this is why Israel is so hell bent on extracting excessive revenge.

dear Tun,
i fully support your push and continue to highlight the key issue of land grab as the main reason for this conflict. the question is how best to get this message into the living rooms of those whose opinions matter, i.e. the rich citizens of the world who can make a difference and voice their opinion back to their own governments to take action. i am beginning to receive some signs that we are making progress, e.g. via the youtube, blogs, your KLFCW, etc, they need to be continued but other avenues need to be developed.
i discussed with a good friend on which strategy would work better, education or weapons to solve this problem. i chose the former as the latter will not get us to where we want to be without using our brains. what i mean by that is being adept at the important subject matters, like law, international relations, technology, and to use it to spread the message. guns aint gonna get anyone anywhere. the zionist lakhnat have access to the best supply of WMD.
the fall of apartheid was achieved thru a symbol of peace and hope - nelson mandela and with that the sheer push of the citizens of the world thru a co-ordinated effort to influence the opinion of world leader which resulted in action being taken. i see parallels here too, in the face of insurmountable challenge, i dont see any problem in getting the message out to achieve the desired behaviour. its all about applying oneself, meticulous planning, perhaps a symbol of peace (a mandela equivalent from amongst the palestinians - definitely not any of the comical characters we have right now who are getting the airtime), absolute focus on execution and some brains to ride any wave of resistance.
i read on your KLFCW site that the un security council pre-empted the motion that was supposed to be called at the general council and blunted the intent of the original motion by replacing it with a much diluted one. now thats what i call meticulous planning, cunning execution on the part of the zionist lakhnat. it shows that they are actively and consciously working to ensure that all key avenues are plugged before it can even get past the door. we need to up the game a long long way before we can get to a point where the lakhnats are even seriously considering a peace deal. the leverage is way too much on the lakhnats side that they can toss and turn any progress towards brokering peace and breaking it down at will. if the palestinians are on a stronger footing, e.g. backed by strong coalition of the world population behind them, they might have a chance. for now we need to get the palestinians into a position to enable them to do some proper negotiations.
i think there should be a balanced international mediation team consisting of key 'Elders' to help make peace happen and not biased towards westerners only. you should be in the mediator team, even mr. Mandela. i am not too sure about that idiot tony blair in there representing the quartet.

To "sitifarah",

1. To know Hamas better, better read some books on the history of Palestine and what led to its occupation by Zionist-Jews; and how Hamas came about: (books)

i) Hamas: Unwritten Chapters; by Azzam Tamimi, 2007. ISBN 978-185065-834-4

ii) 20 Persoalan Asas Palestin, by Maszlee Malik. 2006. ISBN 993-9782-31-2 Penerbit: JIM International and JIMedia.

iii) Israel: Kenapa Dunia Tidak Boleh mengiktirafnya: satu sorotan sejarah.(2006) Hafidzi Mohd. Noor. ISBN 9939782-32-0

iv) Berdamai dengan Israel: Berapa Harganya? Hafidzi Mohd. Noor. ISBN/ JIM International and JIMedia.

iv) Children Under Occupation. Ibrahim Abu Al-Hayja'. ISBN 977-363-101-X (Al-Falah Foundation, Egypt).

2. Hamas is not a terrorist. Neither is Hizbullah. They both are there as RIGHTFUL citizens of their own land, and have every right to defend their own land and their own people. They do not cheat. They abide by the teachings of Islam. Israel detest that kind of people.

3. When your land has been seized by foreigners (Zionist Jews)and you/ your families are chased out of your own homes and lands,maimed and killed, are you going to sit still and just watch that happen?

It has been SIXTY (60) years since the land of Palestine has been seized and carved into PIECES. ALL entry/ exit points of their own land are controlled by the occupiers.

The Zionist-Israel has NUCLEAR weapons (=WMD) for decades, Apache helicopters, F-16 jet fighters, warships, white phosphorus and DIME and DU(depleted uranium) and cluster bombs dropped unto the Palestinian land.

(Would you do nothing??)

salam sejahtera YAB Tun,

Apa sesungguhnya yang menjadi akar penyebab konflik Israel-Palestin ini?

Dunia antarabangsa telah percaya bahwa akar konflik ini adalah masalah Kedudukan tanah Palestin oleh Israel - sebagaimana para politik Palestin dan politik Muslim berkata kepada dunia antarabangsa. Oleh karenanya Barat giat membuat program-program perdamaian "Tanah untuk Damai" (Land for peace), atau "Peta Jalan" (Road Map) dengan pemikiran: "dengan kembalinya Tanah Jalur Gaza kepada orang Palestin maka akan tercipta Damai di tanah Kanaan ini."

Sejak pemerintah Israel (ogos 2005) mengembalikan Jalur Gaza kepada orang Palestin, Pemerintah Israel mencatat ada 3484 roket telah dilancarkan oleh organisasi Hamas dari Jalur Gaza ke pemukiman Israel. Tahun 2008 saja ada 1571 roket. Ini yang membuat Negara Israel kehilangan kesabarannya pada 27 Desember 2008.

Dimana buah hubungan baik diplomatik pemerintah Israel dengan pemimpin Palestin (yang diakui PBB) Mahmud Abas selama tiga tahun sejak tahun 2005 tersebut, pernahkah presiden Abas ini melarang organisasi Hamas untuk berhenti meroketi permukiman penduduk Israel? Pemecahan "Tanah untuk Damai" dan jalur politik tidak memberi efek positif yang pasti. Apa sebabnya? Sebabnya ialah akar konflik Israel-Palestin adalah masalah AGAMA, ya masalah AGAMA, tanah dan politik hanyalah masalah permukaan (jika tidak ingin dikatakan "alasan semata").

Pernakah kita bertanya kepada orang Palestin pertanyaan ini: "Apakah orang-orang Palestin sungguh-sungguh ingin hidup damai dan harmoni dengan orang-orang Yahudi sebagai tetangga?

Mark A. Gabriel, dalam bukunya "The Unfinished Battle ISLAM and the Jews," menjawab pertanyaan ini sebagai berikut: "Ingat bahwa minoriti orang Palestin adalah Muslim Arab, yang berarti mereka dikuasai oleh apa yang Alquran dan Islam ajar mereka. Mereka adalah:

*Percaya bahwa tanah (Palestin) milik Islam

*percaya bahwa mesjid suci di Yerusalem harus dijaga murni

Kita akan lihat hasil yang pasti dari kepercayaan-kepercayaan ini:

*Tidak ada negosiasi damai yang (boleh) diterima

*Israel sebagai sebuah negara harus dihancurkan

Beliau merefer perkataan ini kepada situs pemerintah Israel (www.israel.mfa.gov.il) yang memuat pernyataan sikap resmi Hamas terhadap Israel.

Pernyataan keras pemimpin negara Muslim atas Israel:

Gamal Abdel Nasser, presiden Mesir, "Kita akan memerangi Israel dan satunya yang berdiri di belakang Israel (merefer kepada USA)" dan "Kita akan lempar Israel kedalam laut.

Mahmoud Ahmadinejad, presiden Iran, "Israel haruslah di hapus dari peta." Iran adalah negara Islam yang besar yang dikenal sebagai pendukung moral dan keuangan Hizbollah (di Libanon) dan Hamas(di Jalur Gaza).

Berikut ini peristiwa perlawanan terhadap eksistensi negara Israel:

*1917 orang-orang Israel mulai balik ketanah mereka dan menyatakan merdeka tahun 1948

*Beberapa negara-negara Muslim bergabung untuk menggagalkan lahirnya Israel namun mereka gagal; tahun 1948, 56, 67 dan 73

*1978 Presiden Mesir membuat damai dengan Israel, negara-negara Muslim menolak

*Sejak negara Israel lahir kembali 1948, lahir kelompok-kelompok perlawanan yang berasaskan Islam untuk memerangi Israel

Prof. M. A. Gabriel ini juga menambahkan bahwa setiap usaha damai yang dilakukan oleh para pemimpin Muslim (liberal) kepada pemerintah Israel, di mata orang Muslim semua itu merupakan penghinaan atas ajaran Islam. Presiden Anwar Sadat dibunuh oleh kelompok radikal Islam di negaranya sendiri

Mengapa para fundamental Muslim tidak mau berdamai dengai Israel? Profesor sejarah Islam ini mengatakan bahwa mereka meneruskan harta warisan Muhammad, nabi mereka: membenci orang Yahudi

Ketika Muhammad melarikan diri ke Medinah dari rencana pembunuhan terhadap dirinya dari orang-orang di Mecca ia dan pengikutnya (yang saat itu masih kecil jumlahnya) disambut baik oleh orang-orang Yahudi di Medinah. Beliaupun menyambut persahabatan mereka – lihat Surah 2:47, 62; 5:20,44, 66. Muhammad mengakui bahwa orang Yahudi dan Kristen menerima kitab-kitab mereka dari Elohim. Ketika masa bulan madu selesai, orang bilang "madunya habis yang tinggal hanyalah bulan di langit", karena mereka menolak kenabian Muhammd sebagai nabi YAHWEH. Dari sinilah awal kebencian Muhammad kepada orang Yahudi. Ia menarik perkataan-perkataannya yang manis terhadap mereka – lihat Surah 2:65, 75, 91; 5:60, 70-71, 78.

Kedua peristiwa ini sering dikenal sebagai dua tahapan pewahyuan Muhammad – pewahyuan di Mecca (sebelum pindah ke Medinah) termasuk pewahyuan pertama. Sebagian Muslim percaya bahwa pewahyuan pertama dianggap tidak berlaku lagi sejak keluarnya pewahyuan yang kedua. Hal ini yang membuat perselisihan diantara Muslim fundamental dengan Muslim moderat, dan membuat dunia antarabangsa tidak mengerti dan faham pergumulan dan kesusahan batin orang Muslim.

"Inti masalahnya adalah bukan sebuah masalah tanah bagaimanapun. Itu adalah sebuah masalah menghapus keluar negara Israel jika kita melihat dari 1980 ke 2003, ... 224 bom bunuh diri dari 300 peristiwa di negara-negara Islam tidak ada hubungannya dengan penguasaan tanah bagaimanapun," kata Walid Shoebat bekas aktifis PLO.

Jadi terlihat bahwa akar dari konflik Israel-Palestina bukanlah sebidang tanah atau politik. Anda sekarang mengerti bahwa sebarang banyak Israel memberikan tanahnya kepada pemimpin Muslim Palestina, para pengikut ini tidak akan pernah puas.

Pada suatu kali berdirilah seorang ahli Taurat untuk mencobai Yahshua, katanya: "Guru, apa yang harus

kuperbuat untuk memperoleh hidup yang kekal?" Jawab Yahshua kepadanya: "Apa yang tertulis dalam hukum Taurat? Apa yang kaubaca di sana?" Jawab orang itu: "Kasihilah YAHWEH, Elohimmu, dengan segenap hatimu dan dengan segenap jiwamu dan dengan segenap kekuatanmu dan dengan segenap akal budimu, dan kasihilah sesamamu manusia seperti dirimu sendiri." Kata Yahshua kepadanya: "Jawabmu itu benar; perbuatlah demikian, maka engkau akan hidup." Tetapi untuk membenarkan dirinya orang itu berkata kepada Yahshua: "Dan siapakah sesamaku manusia?" (Luk 10:25-29)

Maaf kalau ada yang tersinggung,

Dear Tun,

The understanding of the conflict requires a deep understanding of history. Without this understanding, I'm afraid one is not qualified to comment on this conflict.

As far as the history can remember, for the past 3000 years since the time of Prophet Moses (or even earlier from the time of Prophet Jacob), the Jews have been a menace to themselves and human kind. Cursed by GOD and spread all over the world, the Jews are reclaiming their so-called "promised land" at the expense of the Palestians. Mentioned numerous times in the Quran, GOD cautions the Muslims about the dangerous behavior of the Jews.

The Jews could not accept the fact that the last prophet was an Arab (Prophet Mohamed PBUH). Still in denial, until today some of them are waiting for a Messiah. Ever wonder why the Jews were looking for Prophet Mohamed to be killed even when he was an infant? Because all signs of the last prophet mentioned in Jewish scriptures pointed towards Prophet Mohamed PBUH as the "Messiah" or last prophet. Feeling arrogant and unable to accept the fact, the Jews tried to do what they had done to Prophet Jesus - kill him.

In modern time, the idea of the "Promised Land" is being used to justify the illegal grabbing of land. The Al-Aqsa mosque is claimed to be seated on top of the ruin on Prophet/King Solomon's temple. I will not be surprised if one day this mosque will be destroyed by an "accidental bombing".

I do not see an end to this conflict and it will get worse. As mentioned by the Holy Prophet PBUH, a decisive war between the Muslims and the Jews will be inevitable.

Met a Palestian man who had been staying in UK for many a years at a hotel lobby in London about 3 years ago. He mentioned that he has a lot of respect and admiration for Mahathir Mohamad, the ex Prime Minister of Malaysia, because he has done much more for the Palestinian cause than all of the so called Arab leaders of the Middle Eastern countries combine. Coming from a Palestinian, now you know why the Arabs leaders will not do and achieve very much to resolve the Palestinian/Israeli conflict. Just lip service...

Hello everyone... I am not a Jew supporter... why would I be... but I like to look at things objectively.

Perhaps the Jews are the way they are today because of what they have been through... scattered throughout the Earth when nation after nation took over their country from the time they settled in the land flowing with milk in honey in 1500BC.

The Assyrians, Romans and Persians attacked and ruled the nation of Israel for hundreds of years. The Muslims were the last to conquer Israel... some time in 400AD. Then the king of Persia changed the

name of Israel to Palestine. During the occupation of the Muslims, many Israelites had left the country but still maintained a strong connection with their home state through religious pilgrimages etc. But they remained a nation without a state for many years afterwards.

In Europe they faced racism mainly because they thrived wherever they went. After the experience of the holocaust I suppose its not hard to understand why they have become so heavy handed in dealing with anyone who is against them. There were attempts to wipe them out before... in the most horrible and vicious ways. NO one should have to go through what they did. And now, Muslims all over hate the Jews... so perhaps this is why they are on defence mode all the time... to them its like another attempt to wipe them out. The hatred that surrounds them is familiar... and so they are reacting and perhaps their over protective stance is to ensure that no one succeeds in trying to wipe them out again.

I am confused though... why do we keep harping on what happened 60 years ago? Everyone knows the Israelites were in Israel before the Muslims... its just that the Muslims were the last to conquer Israel and settle there. The Israelites were scattered without a home and many years later, after the holocaust, they realised they needed their own home, and what better place to lay claim to than they place they originated from?

Anyway... this is how i see things. I feel the whole issue is just widely misunderstood and that if Hamas wasn't always making the first move in breaking the peace treaty and sending out suicide bombers, am sure the israelites would not have built that great big wall. I think both sides are full of ego centric fools who are too proud to give in and enjoy their piece of the pie in peace.

Good day to you Tun Dr Mahathir!

My purpose of writing a comment here is to introduce a person to you. His name is Ron Paul, one of the US Presidential candidates in last year's Presidential elections.

He is a person who courageously speaks the truth, and i believe that you will agree with a lot he is saying.

The media in America has heavily censored him because they do not like a lot of things that he stands for. I truly believe, and so do many people around the world, that he makes an awesome US President, and he is the only person who knows the real problems of America.

Dr. Ron Paul stands for freedom, liberty, and he is a strict constitutionalist. He has been steadfast to his beliefs since day 1.

Dear Sir,

If you have time, it would be interesting to read the Bible with an open neutral mind for an "academic perspective". I am suggesting this so that you can see what is written there and what has happened and come to pass in events in history. You will note writings on Jews being persecuted, then, reunited after many years (which was done when Israel was born). Jews are a chosen race of God; hence Jews are blessed. From a purely academic perspective, "fighting against God" is futile. Pls note comments here are made in "neutral" mode and not saying which religion is right or wrong or superior or otherwise.

Dear Tun,

The young Arab is just being a young arab... as the Malays would call it- darah muda... If we were to take a different slant on things, the jews are just doing its job... They want a piece of land for the messiah to come so thats what they are doing.... its akin to a virus- take ebola virus, and if it can speak, and you put it under the spotlight for an interview it will just say- "dude, this is what i do, im sorry the man is dead but i cant do anything else... i am even lousy at making coffee!"

The real question we need to ask ourselves is what the muslims/ arabs, neighbours are doing.... when the war broke out, the saudis turned to The States...(??) Ive got rubbish at my door, rather than calling MPPJ to deal with the matter i call MPKB in Kelantan.... I thought these guys are arabs and speak the same language and being muslims and all they might relate, but no.... if i were going to press on, what do they intend to do with all the (was it 38 or 40) eurofighter jets that Mr Bandar Saud acquired during the thatcher administration from the britsh- leave it on display at the hangar?

Then there is always the issue of boycott... Im all for it but what do we have as a muslim alternative.... NOTHING!.... what happened to us... we do have all the resources to produce things but we are just rubbish at making our own stuff! take cocoa- we produce the thing but my personal favourite are swiss chocolate! say if we take something very simple from beverages, to toiletry use, to something big like finances and medical instruments and pharma- even I was sponsored by J&J in the Asean cardiology conference in KL in 2003.... thanks man!

but when i throw this notion to the floor, here in glasgow muslims, especially malays just went crazy... rather than discussing about the issue and talk about ways to go about creating total consumer independence from western products they just cant see past the fact that we need to buck up and do something- research and development.... they prefer to just boycott and do nothing and put everything under the umbrella term solidarity....live as though you are living for another 1000 years, the greatest man said 1400 years ago..... but we all want a quick fix with everything rather than plan ahead.....uniquely muslim or uniquely malay..... maybe both...

Barulah Tok det mengerti kenapa islam tak maju agaknya.....

Org Islam gila kuasa Org islam gila nama..... Org islam sekarang mahu populariti lebih.... Org Yahudi seronok dapat bunuh org

Itulah sifat manusia yang sebenarnya.

Wahai orang-orang yang beriman! Apabila kamu bertemu dengan orang-orang kafir yang sedang mara menyerang, maka janganlah kamu berpaling undur dari menentang mereka.

Dan sesiapa berpaling undur dari menentang mereka pada ketika itu - kecuali ia bergerak ke arah lain (untuk menjalankan tipu muslihat) peperangan, atau hendak menyatukan diri dengan pasukan yang lain -

maka sesungguhnya ia tetaplah mendapat kemurkaan dari Allah, dan tempatnya ialah neraka jahanam; sedang neraka jahanam ialah seburuk-buruk tempat kembali.

Sebenarnya bukanlah kamu yang membunuh mereka, akan tetapi Allah jualah yang menyebabkan pembunuhan mereka. Dan bukanlah engkau yang melempar ketika engkau melempar, akan tetapi Allah jualah yang melempar dan untuk mengurniakan orang-orang yang beriman dengan pengurniaan yang baik daripadaNya. Sesungguhnya Allah Maha Mendengar, lagi Maha Mengetahui.

Wahai orang-orang yang beriman! Apabila kamu bertemu dengan sesuatu pasukan (musuh) maka hendaklah kamu tetap teguh menghadapinya, dan sebutlah serta ingatilah Allah (dengan doa) banyak-banyak, supaya kamu berjaya (mencapai kemenangan).

Dan taatlah kamu kepada Allah dan RasulNya, dan janganlah kamu berbantah-bantahan; kalau tidak nescaya kamu menjadi lemah semangat dan hilang kekuatan kamu, dan sabarlah (menghadapi segala kesukaran dengan cekal hati); sesungguhnya Allah beserta orang-orang yang sabar.

Dan janganlah kamu menjadi seperti orang-orang yang keluar dari negerinya dengan berlagak sombong dan menunjuk-nunjuk (kekuatan mereka) kepada orang ramai (kerana hendak meminta dipuji), serta mereka pula menghalang manusia dari jalan Allah dan (ingatlah) Allah Maha Meliputi pengetahuanNya akan apa yang mereka kerjakan.

(Balasan) yang demikian itu, ialah kerana sesungguhnya Allah tidak akan mengubah sesuatu nikmat yang telah dikurniakanNya kepada sesuatu kaum sehingga mereka mengubah apa yang ada pada diri mereka sendiri. Dan (ingatlah) sesungguhnya Allah Maha mendengar, lagi Maha Mengetahui.

Dan sediakanlah untuk menentang mereka (musuh yang mencero) segala jenis kekuatan yang dapat kamu sediakan dan dari pasukan-pasukan berkuda yang lengkap sedia, untuk menggerunkan dengan persediaan itu musuh Allah dan musuh kamu serta musuh-musuh yang lain dari mereka yang kamu tidak mengetahuinya; sedang Allah mengetahuinya. Dan apa sahaja yang kamu belanjakan pada jalan Allah akan disempurnakan balasannya kepada kamu, dan kamu tidak akan dianiaya.

Oleh itu, jika engkau menemui mereka dalam peperangan maka hancurkanlah mereka (supaya dengan itu) orang-orang yang di belakang mereka (gerun gentar); mudah-mudahan orang-orang itu pula beringat (insaf).

Dan jika mereka (pihak musuh) cenderung kepada perdamaian, maka engkau juga hendaklah cenderung kepadanya serta bertawakal kepada Allah. Sesungguhnya Ia Maha Mendengar, lagi Maha Mengetahui.

Dan Allah yang menyatu-padukan di antara hati mereka (yang beriman itu). Kalaulah engkau belanjakan segala (harta benda) yang ada di bumi, nescaya engkau tidak dapat juga menyatu-padukan di antara hati mereka, akan tetapi Allah telah menyatu-padukan di antara (hati) mereka. Sesungguhnya Ia Maha Kuasa, lagi Maha Bijaksana.

Wahai Nabi, peransangkanlah orang-orang yang beriman itu untuk berperang. Jika ada di antara kamu dua puluh yang sabar, nescaya mereka dapat menewaskan dua ratus orang (dari pihak musuh yang kafir itu); dan jika ada di antara kamu seratus orang, nescaya mereka dapat menewaskan seribu orang dari golongan yang kafir, disebabkan mereka (yang kafir itu) orang-orang yang tidak mengerti.

Sekarang Allah telah meringankan daripada kamu (apa yang telah diwajibkan dahulu) kerana Ia mengetahui bahawa pada kamu ada kelemahan; oleh itu jika ada di antara kamu seratus orang yang sabar, nescaya mereka akan dapat menewaskan dua ratus orang; dan jika ada di antara kamu seribu orang, nescaya mereka dapat menewaskan dua ribu orang dengan izin Allah. Dan (ingatlah) Allah beserta orang-orang yang sabar.

Dan orang-orang yang kafir, setengahnya menjadi penyokong dan pembela bagi setengahnya yang lain. Jika kamu tidak menjalankan itu, nescaya akan berlakulah fitnah di muka bumi dan kerosakan yang besar.

Adakah kamu menyangka, bahawa kamu akan dibiarkan, padahal belum lagi terbukti kepada Allah orang-orang yang berjihad di antara kamu dan yang tidak mengambil teman-teman rapat, selain daripada Allah dan RasulNya serta orang-orang yang beriman? Dan (ingatlah) Allah Maha Mengetahui secara mendalam akan apa yang kamu kerjakan.

Wahai orang-orang yang beriman! Mengapa kamu, apabila dikatakan kepada kamu: "Pergilah beramai-ramai untuk berperang pada jalan Allah", kamu merasa keberatan (dan suka tinggal menikmati kesenangan) di tempat (masing-masing)? Adakah kamu lebih suka dengan kehidupan dunia daripada akhirat? (Kesukaan kamu itu salah) kerana kesenangan hidup di dunia ini hanya sedikit jua berbanding dengan (kesenangan hidup) di akhirat kelak.

Jika kamu tidak pergi beramai-ramai (untuk berperang pada jalan Allah - membela agamaNya), Allah akan menyiksa kamu dengan azab seksa yang tidak terperi sakitnya dan Ia akan menggantikan kamu dengan kaum yang lain, dan kamu tidak akan dapat mendatangkan bahaya sedikitpun kepadaNya. Dan (ingatlah) Allah Maha Kuasa atas tiap-tiap sesuatu.

Pergilah kamu beramai-ramai (untuk berperang pada jalan Allah), sama ada dengan keadaan ringan ataupun dengan keadaan berat (disebabkan berbagai-bagai tanggungjawab); dan berjihadlah dengan harta benda dan jiwa kamu pada jalan Allah. Yang demikian amatlah baik bagi kamu, jika kamu mengetahui.

Harta benda dan anak-anak mereka janganlah mengagumkan engkau kerana sesungguhnya Allah hanya hendak menyiksa mereka dengan itu dalam kehidupan dunia dan akan hilang nyawanya ketika mereka tidak beriman.

Orang-orang (munafik) yang ditinggalkan (tidak turut berperang) itu, bersukacita disebabkan mereka tinggal di belakang Rasulullah dan mereka (sememangnya) tidak suka berjihad dengan harta benda dan jiwa mereka pada jalan Allah, dan mereka pula (menghasut dengan) berkata: "Janganlah kamu keluar beramai-ramai (untuk berperang) pada musim panas ini". Katakanlah: "Api neraka Jahannam lebih panas membakar", kalaulah mereka itu orang-orang yang memahami.

Oleh itu bolehlah mereka ketawa sedikit dan mereka akan menangis banyak, sebagai balasan bagi apa yang mereka telah usahakan.

Semoga dapat membuka minda org islam. kenapa kita lemah

salam Tun,

saya mula membaca blog Tun sejak ibu bapa saya berbincang tentang keadaan politik di malaysia. saya kagum dgn isi2 kandungan yg ditulis oleh Tun sendiri. ringkas tapi padat dgn informasi n sememangnya 'an eye opener' kpd pembaca2 blog Tun. saya amat kagum dgn cara pemikiran Tun n Tun sentiasa pandang jauh ke hadapan n 'think out of box'. memang susah nk cari pemimpin yg sehebat Tun! keep it up!

anyway, berkenaan dgn konflik Palestin-Israel ni, sebagai rakyat biasa yg masih belum mencapai umur 25 tahun, saya hanya mampu utk menderma kpd tabung kebajikan Palestin n memboikot barangan Israel. bercakap tentang boikot, nampaknya McD n Nestle sangat berani membuat sidang akhbar n menafikan kononnya duit keuntungan mereka akan disalurkan ke Israel n tindakan boikot akan menjatuhkan ekonomi negara. mmg tidak dinafikan 2 syarikat gergasi ni telah memberi byk peluang pekerjaan kpd rakyat Malaysia TETAPI saya percaya duit keuntungan mereka secara x langsung akan tersalur juga (walaupun mungkin hanya 0.01%) kpd org yg paling top dlm organisasi global syarikat2 ini.

setakat ni saja yg saya mahu tulis. saya akan tulis lagi pd lain hari. pape pun wish u all the best n stay healthy Tun. Assalamualaikum.

Dear Tun

I have to agree with Tun that this is a territorial war, as per the cause, and a religious war, as per its repercussion.

Nonetheless, I am dismayed with the attitude of most of the Peninsular Arbs and the African Arabs, based on the news that I have come across. Compare this with the show of support for the Palestinians in Asia and even in certain parts of the USA.

I believe that if all the Peninsular and African Arabs join "forces," the weight of their "one" voice can at least be heard in the UN, if not in the world. If Israel and the world view the Arabs as disunited Muslims, obviously the Arabs will have no respect [or feared].

Just as Le Kuan Yew ruled Singapore, the Arabs should be autocratic and authoritarian not only in their own countries but in the region. Only then can the Arabs have the respect of the world and only then can the Arabs in general, and the Palestinians' plight specifically, can be heard, seen, felt, sympathized with world-wide. With their lead, the Muslim world can then united and seen as a "united front" [like Braisan Nasional] to overcome the aggressors of the world.

"SAVE THE PLANET, SAVE THE PALESTINIANS FIRST !"

Best wishes

Alpha Tango

Salam Ayahanda Tun. I can't say much on this very posting topic and thus in reading I boost my wealth of knowledge on the matter. But I agree on the comment made by my brother JJJ at: By JJJ on February 10, 2009 5:16 PM

My humble take on this potential disaster is that we only have 2 foot and ten toes to get by with in this world. And we should always be grateful for all that we have. But if we keep forgetting our lessons and we remain being unappreciative and imprudent, and we just keep shooting those two foot and ten toes at each turn that we get, what would we be left with in the end? Who can we blame in the end? The gun? The bullets? Or ourselves? Figure that one out UMNO. You still have two very good and able feet and ten eager toes to take you around this spin, so appreciate all that you have – as no one is immune to failure. Please put Khairy and his frolics back in your attic UMNO, just don't take that kid to Kedah and Perak for the By-Elections or even for the mileage runs on the Durhaka Sultan issue. As the matsalleh says "sh/ts could really blow up on your face folks".

Salam Tun,I hope Hannan will read this with an open mind.You've said it all.I agree with you that the war in Palestine is not a religious war between Islam and Judaism. It is a territorial war resulting from the European powers carving out a slice of Palestinian land in order to create the State of Israel.And to add more to this endless war is the attitude of the Israelis themselves. GOD knows better.That's the reason why GOD sent more prophets to the Israelis and none to the Malays and yet they've killed them all. If prophets can't changed them, imagine who will ? The Israelis is actually the enemy to themselves (their stupidity, sturbbonness)...only if they realise.

By abu69Author Profile Page on February 11, 2009 8:22 AM

I think you are right when you said it's a territorial war that happening in Palestine. But don't you think there's another intention or purpose of this war, which is to kill the muslims? and you said that israel rules the world by proxy, they control the media, and the profits of the company such as starbucks and mcd are given to the israel. what is this for? It surely is to destroy muslims.

If I'm not mistaken, I've read it somewhere, the Jews actually wanted to claim their homeland. they wanted to claim back the anciet Sulaiman's temple that they believed was buried under masjid al-aqsa. So, a friend of mine suggested that the only possible solution is to build one country, palestine and israel. do you think it will work?

Dear Tun,

You write in English, when you intend to shore up the Non-Malay support. You sound very liberal in your English posts.

And you write in Malay, when you intend to shore up Malay support.

'Ketuanan melayu' is strongly demonstrated in your Malay postings.

Brilliant strategy...that's bordering on cunningness.

Anyway, I admire your leadership qualities. ///

Edwin, that is not leadership quality at all. That is gutter politics. That is playing to the gallery. That is forked-tongue, and speaking from both sides of the mouth. That is divide and rule, pitting one race against another. Those are not leadership qualities to be admired.

More than cunning - it is hypocrisy of the highest order.

Salam Tun,

I do agree with matanahair that both Ishak and Ismail did bury their father together. But somehow, their sons and daughters fanned the flame of hatred save a few till now. Yes, the beginning of this started with Britain giving Falestine to the Zionists. But we have to realise that the Zionists have been striving to get Falistine for hundreds of years through brain power and hardwork. Now, they are at the point of controlling most of the powerful instruments of civilization (media, technology, education, finance, political influence,...) while the rest of the Arab and Muslim world have become isolationists and being left behind. Now, the war is so one sided, it is hard to see a way out for the Falestine people.

There is no choice that the Arab and Muslim people must start working their socks off to gain control of these instruments of civilization (media, technology, education, finance, political influence,...) so that we can be on level playing field. Al-Jazeera is a starting point for media against the juggernauts of Fox and CNN. However, we still need our Intel chips and Windows O/S and Google. If you look at the Presidents of the Ivy League schools, most of them are jewish. For years, people believed in Madoff's Ponzi scheme and you can see who is the US Chief of Staff. If we can control this, then we can be on the same playing field and be at a better position to negotiate. Muslim brothers, wake up!

Salam Tun

I'm currently in London and some weeks ago there was an issue here where the BBC did not want to air an advertisement asking for a plea to stop the bloodshed in Gaza.

As my wife was browsing at Regent Street, a group of youths caught my eye. They were distributing flyers, newspapers and asking for donations to Gaza. I approached them who were all local white British youths and they informed me of a rally down the street to protest against BBC.

Not having such demonstrations in Malaysia, I took the chance to join and have a look. Indeed, it was a large protest. I would say more than a thousand people were present, with banners and flags, chanting and shouting against the Isreali brutality. It was truly a valuable experience for me, with many speakers going up to the podium and giving speeches. These speakers included Palestinians, local MPs and local activists.

But my point here is to agree with you that this conflict is long gone from being a holy war. Definitely a territorial conflict which has opened eyes of not only the Muslim community in this world. I was very very surprised to see the majority of supporters at this rally to consist of non-Muslims, and they were the ones shouting the loudest. Some even got into scuffles with local police who were trying to keep order. But they didn't mind a bit, their chants got louder and louder as everyone marched to the BBC Headquarters for one of the leaders to submit a memorandum, expressing disagreement to BBC's stance on not wanting to

air the advertisement, albeit out of orders from a higher political level.

Pity that we don't see much activists of this genre in Malaysia, most just like to talk over teh tarik and sleep it off later. I feel it is a shame that we as a prominently Muslim country are not doing more than we should to stop this tragedy to mankind from escalating further.

Salam Tun,

"It is grossly unfair for the British to give Sabah and Sarawak to Malaya..."

History has taught some people a good lesson. Singapura (now called Singapore), Melaya (now called Malaysia), Melaka (now called Malacca) and Pulau Pinang (now called Penang).

The British colonial power had changed so many things to rule Singapura and Melaya (Persekutuan Tanah Melayu), using the Malays and the imported immigrant workers from China and India to their advantage.

Look at how the British manipulated the Malay Royal family at Kampung Glam in Singapura. Making them fight against each other to their own disadvantage and eventually lost Kampung Glam. Ever since then, Kampung Glam is no more a Malay royal reserve but a converted Crown Land to the advantage of the British colonial power.

Having succeeded disowning Kampung Glam from the Malay Royal family, the British did not seem to be contented. They "helped" the late Sultan Abu Bakar to reign Johor, and with the late Sultan Abu Bakar keeping himself busy in Johor, the British continued to work on their next agenda in Singapura.

As Prof. Edwin Lee (The British As Rulers, governing multiracial Singapore, 1867 - 1914) wrote, "...British rule in Singapore could fill the entire political stage without having to share the limelight with any traditional authority. The Malays and other communities would be encouraged to look to the British as the sole ruler. The legacy of the past has been dismantled. The future Malay leaders of Singapore would not be rajas and tunkus."

Wake up, Malaysians! The current political bickering between the Pakatan Rakyat and the BN must not be allowed to continue to the extend of dividng the rakyat, especially the Malays who fear being governed by the Penjajah Bentuk Baru, and lessening our efforts towards remedying the state of our economy that has been brought about by the onslaught of the economic tsunami, which has its origin in the U.S.; as reported, must be our priority! The mounting number of people being retrenched and unemployed, if not handled properly, could become a national calamity.

By Anuar Author Profile Page on February 11, 2009 10:08 AM

Dear Tun,

Whether the Arab-Israeli conflict is religious or territorial in nature is debatable. No doubt the conflict escalated with the establishment of the state of Israel on Palestian land through unlawful mean. However, for centuries, prior to 1948 there was no conflict because the Jews were not united and scattered all over the world. Furthermore, under Islamic rule whether in Spain or Middle East, the Jews were treated fairly. When the Muslims and the Jews were persecuted in Spain by the Christians, the Jews who lived in Spain was saved by the Islamic Caliph.

Blame the British and other colonial powers who carved the Palestian territory to create the State of Israel. The Europeans were actually feeling safer without the Jews and shipping them to Palestine was an easy solution. Feeling frustrated, Hitler was probably the only European leader who dared to take actions against the Jews.

The Jews or more precisely known as Bani Israel are the descendents of Prophet Yaakub (Jacob). The word Yahudi might have come from the name of Prophet Yaakub's first son Yahuda. 15 of the main prophets of Islam were sent to Bani Israel. This was led the belief that the Jews is the chosen race superior above other races and nations. Knowing very well that the last prophet would eventually come, similar to past prophets, the Jews expected the last Prophet to be born among them.

To their dissapointment, the last Prophet was born among the Arab i.e. Prophet Mohamed PBUH. The Jews knew very well about the characteristics of the last Prophet and deep inside they knew the truth. They even knew the timing of the birth and the fact that Prophet Mohamed was an orphan. They also knew about his physical characteristics and his behaviour. Some of the Jews converted to Islam after "testing" Prophet Mohamed with the descriptions in Jewish scriptures. For example, Saidina Ali r.a. complained to Prophet Mohamed PBUH that a Jew was in possession of his armour. However, without any proof from Saidina Ali, the Prophet decided in favour of the Jew. The Jew converted to Islam and returned the armour to Saidina Ali.

Due to their arrogance, the Jews did not want to admit that Prophet Mohamed PBUH was the last messenger. The Jews was even looking for Prophet Mohamed PBUH since he was an infant to be killed. In Taif, outside Makkah the Jews almost found Prophet Mohamed when he was under the care of his brestfeeding mother. When Prophet Mohamed PBUH was a child, his uncle was warned by a pious Christian monk named Buhaira to protect Prophet Mohamed from the Jews. In Medinah, Prophet Mohamed was almost killed when he visited one of the Jewish tribes. When Caliph Umar Al-Khattab accepted the surrender of Jurusalem from the Christian, one of the conditions set by the Christian was not to allow the Jews from living in Jurusalem. Remember, who instigated the murder of Prophet Isa (Jesus) and several other prophets (Islam believes Jesus was never murdered but instead was saved by Allah).

The Jews believe that Allah has promised them a Promised Land which covers not only Palestine but also the serrounding areas. Now they are back to reclaim the Promised Land about 3,000 years later.

In conclusion, I believe the conflict is about the arrogance of the Jews over other races using the Promised Land as a cover. And not to forget the influence of Zionism which has worsen the conflict. I'm afraid things may get worse and the best preparation for the Muslim is to remain united and be prepared the "Promised Day".

UMNO can always shoot themselves in the foot by inviting KJ to canvas for voters support at Bukit Gantang by-election.

Baik-baik boleh menang besar kerana isu PR menderhaka kepada Baginda Sultan,terus kalah kerana pengundi menyampah tengok muka dia

Nak tambah sikit... Apa yang saudara JJJ kata kan itu patut dipandang serius oleh pemimpin UMNO didalam usaha berkempen untuk menawan dua kawasan puncak BUKIT tersebut.

Dan jуда saya melihat kehadiran EZZAM juga tidak perlu dalam kempen2 ini. Dia hanya menambah kebebasan pengundi2 terutama pengundi2 kelabu yang bertengek diatas pagar. Pengundi2 menyampah mendengar ceramah nya konon nya ada senjata sulit atau dokumen rahsia lah dan cuba menyerang peribadi seaorang degan hujah nya. Ini tidak membantu, malah akan membuat pengundi berasa mual dan nak termuntah. Tektik itu dah lapuk. Terbukti kehadiran KJ dan Ezzam di PP dan KT telah mendatng kemarahan para pengundi pada UMNO.

Lagi pun siapa kah si EZZAM ni yang UMNO bergitu memberi perhatian dan penghormatan untuk dia berkempen. Kalau dia bolih sewenang2 pergi berkempen, saya rasa UMNO bolih lah open pada semua penyokong UMNO/BN seiapa saja untuk berucap mana2 pentas kempen.

KJ tak perlu mengeluarkan apa2 kenyataan atau komen dalam kempen2 tersebut. Dia tak perlu menonjolkan diri, kerana akan kelihatan lebih kepada untuk mempromosi diri sendiri dalam usaha merebut jawatan KP bulan Mac ini. Ini semua akan melunturkan semangat pengundi2 untuk memberi sokongan pada UMNO dan BN.

DS.Najib mesti lah memantau perjalanan kempen2 ini dengan lebih serius dan pastikan jentera2 kempen yang labih berkesan.

Saudara JJJ bolih lah tolong bantu kempen di antara dua puncak bukit yang akan jadi rebutan.

Assalamualaikum Tun ,

1. Issues on morality is of universal be it in Palestine or here in Malaysia.

2. Never ending stories.

3. Of utmost important is to ask oneself - niat hati dan implementation of the most basic things in humanity - which all religions and belief tend to agree - a) Berbaik sangka, hormat menghormati dan membuat kebajikan sesama manusia, kepada binatang2 dan tumbuhan dan segala apa yang ada didunia ni.

4. Kebajikan , Berbaik sangka dan hormat menghormati bermula di rumah - kalau pada keluarga sendiri

tak boleh nak buat dan gagal... is it possible to implement it just outside our doorsteps?
5. Think about it! and all this is the very basis to humankind.

I think so.

Terima kasih.

Salam Tun and Tun Hasmah...

Finally I have it from you...you are totally right...what's happening in Palestine is not a religious war...they are just like babies which fighting for something (as you said...they might have forgotten what)without thinking of their action....

Arab and Israel...memang degil punya kaum...mostly...so somebody has got to start saying something direct to their faces...of course you are the most right person to do that...I suggest you bring Mr. Obama together....he might learn something from it...

Semoga Tun and Tun Hasmah sekeluarga sihat walafiat!

Assalamualaikum Tun and family,

Yes, finally there it was, a forum on the real reason of why Palestine fought even with their local made unsofisticated rocket vs high tech war planes and technologies. We must continuously stressed out that Israel is a settlement on other people's homeland. I just don't understand why other Arabs nation do recognize this 'country'at any possible cause or reason?

I want to congratulate you on initiating this forum. A forum that tells and remind everyone that this war is NOT between Muslim and Jews. It is between Palestine which represent every religions and Israel.

What the young Arab voiced out that this war should be branded as Muslims vs Jews is not to be accepted. It is because the media is controlled by Jews and always giving footage/pictures and idea/image that all Muslims are look like Taliban and always looking dirty and untidy,carying weapons around with the women always wearing hijab (dirty too), uncivillised, uneducated, very poor and like war. This image associated with 9/11, self bombardment, which they declare war upon. We want the support from other religion, other people too which was demonstate in the forum.

It clearly stated in the al Quran nul Qarim that Bani Israel is a nation who have the most prophet because of their nature of being arrogant and feeling superior of others. Muslims embracing Islam, a religion that promotes peace even its name does represent peace.

PS: Singapore is most likely the nearest to Israel. But in different ways. They do take other people's homeland (except they don't kill lives but always demonstrate their military power and purchase high tech war planes from the very same manufacturer where the Israelis did) , and always being very arrogant (especially their drivers on our highways. Oh, you guys too small to built highways right?)

Dear Tun,

The reason most of the American politicians "feared" the jews cause most of their scholarships paid by them and some favors especially during campaigns that enhance their political career in terms of campaign funding and good media public image.

The jews can bring down any prominent american/european politicians by showing some dirt on the news paper and for sure the american/european ppl will vote against them and their career as politicians are done. Its a new type of assassination without using any bullets. And they are so crafty that they can lure any politicians making bad decisions or misinterpret them. (at the end of the day politicians are human too). I guarantee most of them politicians knew the decisions their made are tough and might be wrong cause it is against what their preach and hope for....freedom and equality. So instead making the "wrong decisions" and get squizzed out...most of them choose to get paid and have a colorful career or better retirement plan.

Today Obama is considered the hero/savior of the american ppl, even though he is young, he saw wat happened to Yitzhak Rabin or Bill Clinton when both of them almost reach peace among israel and palestinian. Mr Rabin ending up with a bullet in his head and Bill Clinton with Monica Lewinsky. So i doubt Mr Obama will make the "mistakes" as these 2 politicians did. He is the 1st Black President, so he need to show some good stuff what a black guy can do. And achieving peace between Israel and Palestinian is not one of it. If he manage achieve the peace between Israel and Palestinian, i guarantee in a month there will be some scandal story that Mr Obama have some thingy with the white chicks and make him impeached..Ill bet RM 100 on this.

PS, Even though Mr Bush is in hot soup, but he got magnificent retirement plan and his buddies too Mr Rumsfeld, Tenet, Mueller etc. they seem vanished.

So sad that a race that have been prosecuted for more than 4,000 years and when they got their chance to be powerful, organized, wealthy and smart, they didnt show any good examples to the world but they ending up the same type of ppl that prosecuted them, they are no different than the romans, persians, crusaders or even nazis. But as usual the jews are still human, same as palestinian they bombed or us and of course when we human "nothing last forever". Its the law of nature that no one can change it. The power they got today will eventually run out. And when they lost it...i dunno whether the europeans or americans willing to help out like today...what left is only their neighbour, the angry palestinian.

Assalamualakum Tun,

Agree with your opinion that this war between the Jews and Arab will continue to many many years to come until their (Jews) judgement day come.We can never stop this war but to only continue our support to the palestinian for their survival.To me this has to be the Arabs problem, they must first get their act together before the world does to help their so called brother's and sister's in palestine.To Malays it is more wise for us to focus on our own issue such as bribes,drugs,boh sia,rempit,power crazy,free sexs etc.

"Dan (ingatlah) ketika kamu membunuh seorang manusia,kemudian kamu tuduh menuduh sesama sendiri tentang pembunuhan itu,padahal ALLAH tetap melahirkan apa yang kamu sembunyikan" Surah Al Baqarah Ayat 72

"(Sesudah kamu - wahai Muhammad dan pengikut-pengikutmu)mengetahui tentang kerasnya hati orang-orang yahudi itu maka bolehkah kamu menaruh harapan bahawa mereka akan beriman kepada seruan islam yang kamu sampaikan itu.Padahal sesungguhnya telah ada satu puak dari mereka yang mendengar kalam ALLAH (Taurat)kemudian mereka merubah dan memutarakan maksudnya sesudah mereka memahaminya.Sedang mereka mengetahui(bahawa perbuatan itu salah).

Surah Al Baqarah Ayat 75

salam tun,

i'd like to highlight that u missed out some very pertinent points in this article regarding the jewish problem:

firstly, the palestinian lands that is being occupied by the zionists cannot be compared with any other land anywhere else because it is deep-rooted in religious history and serves as an important place of pilgrimage for jews, christians and muslims. jerusalem was where solomon, or Sulaiman (as), built his temple. bethlehem was the birth place of jesus, or Isa (as), and the al aqsa mosque served as the last earthly station for Prophet Muhammad (saw) before his ascension to heaven (isra' and mikraj). further, before muslims were told to face the kaabah in mekah during prayers, they were required to face in the direction of the al aqsa mosque in jerusalem. the zionists would not want to occupy any other place other than palestine, and eventually all the land between the rivers tigris and euphrates - this is indeed their grand plan. as far as the jews are concerned, carving out a piece of america or europe as a solution to the jewish problem would not be acceptable at all.

secondly, the transgressions of the bani israel are clearly written in the holy quran. muslims are told to be wary of them and to heed Allah's warnings to those who transgress. the character of the jew is revealed by the holy quran and based on this, it can be surmised that "a re-conquest of the lost land" would be easier said than done.

so that young arab was probably right to wage war on the jews because obviously, it would be foolish to think that the jews would return to the palestinians their lands on a silver platter...

AWW Ytc Tun yang saya kagumi,

Saya petik sari tulisan Abi Qalam "I strongly believed, as a fellow muslim and in human brotherhood spirit, the call for jihad can be justify as long as we used the tools exist to us today (media.. media and media) as good as the Jews used it for their benefits (the holocaust - how many film in this genre?)".

Jihad in this context not fighting arm-to-arm and fist-to-fist or weapon-to-weapon, Muslim definitely loose and be wiped out. Moreover for holy-war, who gave the command? Thus the excerpt from Abi Qalam is good and remember the saying from Prophet (pbuh), (part excerpt) when the Promised Messiah (as) descended he will among others will be breaking-up the crosses and killing pigs. He (as) is not literally breaking every cross and killing pigs existed in the world, and Allah swt (nauzubillah minzaliq) is not also crazy in sending His messenger to do donkey job of breaking the cross and killing pigs. But it is a figure of speech that "breaking of the cross" is to cause the unbelievers to believe for the truth (Islam) as one example and the "killing of the pigs" relates to the behavioural similarities of the pigs of greed, dumbfounded etc as existed today and to correct what are wrong and to follow the path of Islam. Thus rightfully said, jihad should be carried-out with the best means available (not physical war) and always remember "the pen is mightier than the sword".

Ytc Tun, what you actually mentioned are very appreciative and correct but there are other people in this world who have narrow-minded and do not see the logical views you just gave.

May the frace of Allah swt always be you. Amin.

YABhg Tun:

First I must admit that I simply find it impossible to read all the comments to your writings. I wish I could there are just too many. And I wonder if anyone would have the time and discipline to read mine. But I do hope some will.

I must agree with you that this is NOT a religious war. And I agree with you too that as time passes, people forgot (or perhaps don't even know) of what started the war in the first place.

I am a muslim, but I have no hard feelings toward the jews nor do I have anything against them. When I was a student many years ago, some of my good friends are jews. What I'm against, however, is the zionist characteristics of the Isreali government (and their supporters) who is so bent on murdering innocent and defenseless palestinians. And they try to depict themselves as the victims instead of the aggresors.

I wish to recommend visitors to your site to visit <http://www.normanfinkelstein.com/>. Dr. Finkelstein is a jew but has written critically of the zionist movement.

Best wishes YABhg Tun. May Allah bless you always.

TUN,

Ada pun kemelut di Palestin agak sukar untuk mencari penyelesaian nya. Selagi tiada kuasa yang berani memberi tekanan pada Yahudi untuk memberhentikan segala kekejaman mereka keatas bumi Palestin. Tiada nya kesatuan negara2 Arab dan seluruh negara Islam yang benar2 kuat untuk memaksa Israel dan sekutu nya terus mencoroboh Palestin. Tiada nya ada satu bala tentera negara2 Islam yang benar2 kuat untuk membantu Palestin meneruskan berperangan dengan Israel. Negara Islam harus menubuhkan satu angkatan tentera bersama seperti Pakatan NATO di eropah.

Apa yang kita rakyat Malaysia mampu membantu hanya lah dari segi moral sahaja. Bantuan kemanusiaan dan doa2 untuk memberi semangat pada rakyat Palestin untuk terus berjuang sendirian mempertahankan bumi mereka.

Hanya Tuhan sahaja maha mengetahui bila ini semua akan berakhir.

Tun, izinkan saya menyentuh sedikit kemelut poltik di Perak. Sebagai anak jati Perak saya maseh tercuik untuk berkongsi pendapat dengan rakan2 warga Chedet.cc.

Walaupun masalah kepimpinan di Perak telah selesai setelah MB dan ahli exco baru di lantik, namun maseh ada kekalutan dan maseh tercemar dengan isu2 saman menyaman dan tidak menghormati keputusan yang telah di buat Duli Tuanku Sultan Perak.

Jelas sekali PKR tidak 'gentleman' menghadapi keadaan ini. Sewaktu mereka mengabil alih kuasa tidak ada apa2 pun berlaku. Rakyat yang menyokong BN ketika itu tidak pula cuba menimbulkan huru hara.

Rakyat dan pengundi2 Perak perlu lah bijak melihat dan telah belajar apa yang PKR telah laku kan selama 11 bulan berkuasa di Perak.

Selama waktu itu PKR yang di terajui oleh 3 Stooges Ngeh,Ngah & Ngok@Nizar telah banyak menguris hati rakyat Melayu Perak.

Di harapkan Pilihan raya kecil di Bukit Gantang dapat memberi gambaran sebenar penolakan rakyat Perak keatas gabungan PKR.

Pengundi2 di kawasan itu mesti menunjukkan sokongan pada keputusan Sultan dengan tidak memberi kemenangan pada PKR yang telah menderhaka pada Sultan. Daulat Tuanku!

Nizar adalah penderhaka dan pengkianat bangsa melayu. Tiadak layak memakai anugerah darjah kebesaran di Raja. Nizar dan Ngeh perlu memulangkan semula darjah kebesaran itu. Tidak layak di gelar Datuk Sri kerana telah menderhaka.

Assalamualaikum Tun,

Saya ingin memberi komen sedikit tetapi ia menyimpang dari subjek sebenar.

Saya telah mengikuti blog Tun sejak ia dilancarkan.

Hari ini, saya mesti luahkan.

Saya cukup jelak dan geli geleman dengan komen-komen atau pesanan ringkas yang memuji-muji sampai ke langit atau yang menjunjung atau memuja Tun...contohnya, Tun yang disayangi, you are the best, saya sokong Tun 100%, you are the greatest leader etc...sampai ia membuatkan saya susah nak

membaca kesemua komen kerana selera sudah tidak ada apabila terserempak dengan komen-komen tersebut.

Siapa yang tidak sayang atau sokong akan pemimpinnya tapi janganlah beriya-ya sangat...cukuplah dengan komen yang sederhana untuk menunjukkan sayang kita...mungkin ungkapan berikut boleh mengingatkan kita - jangan sayangkan sangat seseorang itu kerana mungkin suatu hari kita akan benci orang itu dan janganlah kita benci sangat seseorang itu kerana suatu hari nanti kita akan sayang orang itu.

Saya masih ingat dengan tindakan Tun dulu yang melarang mana-mana jalan atau bangunan dinamakan sempena nama mana-mana pemimpin terutama nama Tun..

dan berkaitan dengan isu yang dibincangkan, saya seru kepada rakyat Malaysia yang 'gilakan' Obama...janganlah letakkan harapan besar kepada beliau awal-awal dalam isu Palestin dan Islam, walaupun beliau telah duduk di Indonesia tidak semestinya beliau akan berlaku adil. Kita perlu ingat adil itu adalah meletakkan sesuatu ditempat asalnya.

Wallahualam bisawab. Assalamualaikum.

Dear Tun!

A class article written from the bottom of your heart, to say the least! Talk and vent your frustrations till the cows come but please appreciate the fact that the ULTIMATE AND I REPEAT ULTIMATE solution must be found by the waring parties ie. the Palestanians and the Jews. Nobody on this planet can solve this problem, unless we look to God, the Almighty's wisdom! Religion has been hijacked by humans themselves to justify their ego! So it is no more rational thinking that prevails but who is mightier than who that has the last say in events that are currently unfolding around the world!

No point in attending conferences and dialogues as this will never achieve anything concrete! The actual problem is as simple as ABC and like it or not, let me put it bluntly, WE ALL HAVE AN EGO 10 TIMES THE SIZE OF OUR BODIES!!!

Address this PROBLEM first and we, as human beings, will certainly be on our way to solving most of the problems which are right in front of our eyes!!!

For better or for worse, I love you Tun!!! You are indeed a wise man!!!

Assalamualaikum Tun,

It's hard to admit that they are not wise enough even to protect their own accords and stay on courses. As a Muslim, it's hard to believe.

Our highly expectation on arabs in the muslim spirit to protect their own neighbors with closing the international border just futile. That's why Islam is more concern with internal Muslim good spirit rather than races itself.

Thanks Tun to be there. Thank God to have you with us.

Hope to see you one day.

Stay on course !!

Sir,

I really wish I was present at the forum and fortunate enough to have my two sen worth of opinion heard. Now you see the picture. It is not about religion. It is about territory. The Jews stole the land from the Palestinians with the help of British and other European nations and individuals. They must return it to the Arabs. The question is: where will the Jews go? Into the Mediterranean Sea? To the USA? To Europe? Where can they go? Who will accept them? The Jews have decided to stay put; for good! Unless they are all killed, they will remain in Palestine. How do you kill all of them? That will be genocide. No, all parties must sit down and talk peace. Find a way out of this mess. Otherwise, there will be no end to the tragedy of 'I kill you, you kill me'. Unless, of course, Ahmadinejad the Persian bombs Israel out of existence with a nuclear warhead. That will make the land uninhabitable to all parties for good. World war 3 will ensue and that will be end of mankind. Problem solved!

By MarzainiAuthor Profile Page on February 11, 2009 2:54 PM

Dearest Tun and bloggers,

Thank you Tun for continuously fighting for the rights of the Palestinians. As you have mentioned, both sides have in some way forgotten the reason for the war when vengeance and hatred take over. This is understandable as the issue has been left unresolved for 60 years and passed to next generation. The old facts have been overwhelmed by the latter incidents over the years. And onlookers are even more confused into saying one side is attacking as defense.

So the young Arab has been engrossed in this hatred, looking at it as a religious war between Muslims and Jews, where as the Quran always promote peace and moderation for people of all faiths and never say we can kill a person just because he is a Jew. To kill is a sin. If the enemy kill unjustly does not simply warrant that a Muslim can kill in same manner. I personally do not see Islam as a religion that promotes this vicious cycle. Even prophet Muhammad have codes of conduct during war and conquest that protect enemy civilians. Because every one is Allah's creation. In this manner Islam received its respect and spread around the world (not labeled as terrorists).

Tun, with your capacity and influence can you help convey the message and information that is lacking to the Western world also. Can you help host same kind of seminars in UK or the US as the next step, as the understanding and exposure is now widespread in Malaysia. This way maybe it will catch the attention of certain people in that part of the world (which are partly responsible for Israel-Palestine issues)and help you drive this effort. Especially with new open minded US administration. Under the hood of freedom of speech they should not stop our spread of truth.

If we cannot penetrate via their media...then maybe we can create our own media this way. I am in support of all that you do.

May Allah bless you Tun.

This war will not end. It has indeed turned into a religious war that started from a territorial one. IT will be an ongoing war like in most part of africa. There can be peace among tribes but carnage could easily be started, for example Kenya.

But first, does the terrorist group in Palestine really want peace, are they working towards it. IS the support of Hamas from certain quarters of the world a good thing. The change also have to start from within Palestine.

By naetto92Author Profile Page on February 11, 2009 3:19 PM

Dear Tun,

The conflict were started long before the Holy Bibles being written and they will only end it until no fathers, brothers, uncles, nephews.... to fight. Who to be blame? One Tun Mahathir or two nor three can't make them forget the word 'hatred and revenge' from their mind. He kill my father, I kill his, he bombed my house, I bombed his, they shot my sisters, I shot his.... So, My children will kill theirs, if they kill me, and my great grand children will, and my great great grandchildren will and next generations. Very extraordinary selfish nation. God Damn Israel and Palestine for being so stupid. God Damn everyone who support violence. God Damn the balfour declaration.

I'm sorry formy harsh words.

By masaklomakAuthor Profile Page on February 11, 2009 3:35 PM

Salam Tun,

Actions must also be taken against the people who created the weapons used to kill in the Yahudi - Palestinian war. This can be done even during peace time. Each weapon is made by certain parties and sold for money. When their weapons are used to kill innocent people, the weapon maker should be made responsible for the death or else they should never produce the weapons in the first place.

This is just like taxing the cigarettes manufacturer and purchaser for the smoke emitted from the smoking. Smoking is bad for health, so claim the non-smokers and the healthcare fraternity. So makers and smokers are made to pay more for the cigarettes. Weapons kill innocent people. So, only naturally for the weapon maker and user to pay for the result of their making.

Wassalam.

Salam Tun,

Susah Tun kalau kita cuba pisahkan perang ini dari perang agama. Saya difahamkan, objektif sebenar Zionis adalah untuk "Greater Israel" yang lebih luas dari tanah jajahan sekarang. Dan mereka akan runtuhkan Masjid Al-Aqsa bagi membina Haikal Sulaiman. Itu idaman mereka. Tindakan ini juga mendapat sokongan daripada pihak Kristian Protestant kerana mereka percaya salah satu tanda akhir zaman atau "Armageddon" adalah terbentuknya negara Israel, terbinanya Haikal Sulaiman dan "Jesus Christ" akan turun semula di bumi setelah siapnya Haikal Sulaiman. "Jesus Christ" akan memimpin semua Yahudi dan Kristian ke Armageddon untuk melawan tentera "Anti-Christ". Siapakah golongan Anti-Christ yang terbesar? Saya rasa jawapannya seluruh umat Islam.

Saya sudah boleh faham siapa Yahudi dan siapa Zionis. Saya baca melalui internet bahawa ada segilintir Yahudi yang tidak bersetuju dengan apa pemimpin mereka lakukan. Ada yang menentang Zionis melalui "pashkavil". Ada juga NGO "Naturei Karta" yang menentang pembentukan negara Israel.

Walaupun Zionis diertikan sebagai ideologi dan sekular, tetapi pada saya ia tidak lari dari perjuangan agama. Ada golongan berhaluan kanan yang mahukan orang Arab dihalau dari tanah jajahan Israel. Di Amerika memang diketahui umum majoriti golongan elit "neo-con" adalah pro Zionis dan ada dua kerakyatan, AS dan Israel. Golongan ini juga yang menjadi "penasihat" kepada Presiden AS dan golongan ini juga adalah anggota AIPAC. Saya dapat menonton sedutan persidangan AIPAC melalui youtube yang mana seorang "Reverand" dari Kristian Protestant berikrar bahawa 15 juta tentera salib akan membantu Zionis menentang musuh pada Armageddon nanti.

Mungkin pemuda Arab itu terlalu emosi dengan dunia kerana tidak berbuat apa-apa terhadap pemimpin Zionis dari tahun 1948 hinggalah sekarang. Dan dia juga emosi kerana ada segolongan pemimpin Arab juga bersekongkol dengan Zionis dan Amerika. Andaikata nenek moyang kaum Arab tidak memberontak dan bersekongkol dengan Barat menjatuhkan Kerajaan Uthmaniyyah, mungkin keadaan sekarang

berbeza. Saya juga berpendapat dia bercakap berpandukan Al-Quran yang cukup banyak menceritakan keburukan Yahudi dan Nasrani. Tiga agama ini, Judaism, Kristian dan Islam memang banyak sejarah dan konflik. Bagi golongan agama lain, mereka perlu faham sejarah ketiga agama ini.

Minta Tun betulkan saya andai saya ada tersalah fakta. Sekian, terima kasih.

Tun

what baffles me is that all throughout your 22 years of administration, you've been openly opposed to the Israeli administration. Now, your tune seems to have changed - you say you're personally not against them, just their intention to expand their landmass.

You're criticism of their type of personalities being the cause of Asian economic crisis, your continued criticism of their political ideologies being the cause of the continued disruption of peace in the Middle East Region, and your lack of direct initiatives to broker any peace deals between the Arab & Israeli nation.

Malaysia is positioned to be an ideal infrastructure to bridge the gap between the Arab Muslim and Jewish fabric. Yet, Malaysia under you was all about hatred for the Israeli administration, not about finding the compromise. Malaysia allowed US and Britain to form such platforms, and when things didn't work out, criticise those very countries who for 1/have major issues ironing out the differences between the conflict nations 2/with most of their internal politics influenced by their Israeli descendent citizens.

What do you expect - you can't be inciting hate in one end, and then "faking concern" in another.

Either you really want peace in that region - and if you really are sincere, set up a true committee to engineer the peace.

The fact you set up a foundation to criminalise WAR, and not a foundation to foster peace is you realise, it's easier to point fingers...but a lot harder to work towards success!

So, sir, I humbly ask of you - You can still run the foundation to criminalise War - there will always be those hard nuts. But be sincere and set up a sister foundation to "Foster Peace in the world".

(Ravi)

What peace when the government of Livni which launched the attack on Gaza is being voted back to power? No parties advocating peace were voted into power in yesterday's elections. The media in Israel is also under the control of elites bent on war and carnage.

The voices of protest and dissent with Israel's policy have been there right from its inception or even before it. Martin Buber, a Jewish theologian didn't think the solution to the Jews' problems was a physical state anywhere, but renewal of the Jewish mind. So your comment somewhere why not a state of Israel in the US brings home the point.

The state of Israel was set up by religious fanatics, with the backing of the US whose policies in the region have suppressed all voices of moderation.

Perhaps a new generation exposed to the internet and the sordid truth, and the movements to criminalise war are our only hopes of peace again and a Palestine where both Jews and Arabs can live together with dignity.

Salam kasih dan hormat Ayahanda Tun.

Tzipi Livni (99% Bakal PM Israel yang baru) adalah bekas agen risikan Mossad Israel dan juga bekas ahli kepada pertubuhan yang menamakan diri mereka Irgun – sebuah pertubuhan yang bergerak aktif semenjak tahun 1931 lagi. Irgun juga adalah merupakan pihak ketenteraan pertama Israel yang menyerang dan menakluk tanah Arab pada tahun 1946-1948. Polisi Irgun adalah 1) Bangsa Yahudi adalah mempunyai hak mutlak untuk mengambil mana-mana tanah Arab sekeliling Jerusalem, 2) Kuasa ketenteraan sahaja yang mampu memelihara Israel (tanpa perlu ada diplomasi). Pergerakan Irgun adalah merupakan tulang belakang kepada permulaan Zionisma global. Walaupun Irgun tidak lagi bergerak menggunakan nama Irgun pada hari ini, namun ianya tetap menapak sebagai parti politik Likud naungan Benyamin Netanyahu. Walaupun parti Livni adalah Kadima, namun keluarga Livni adalah merupakan mentor kepada Irgun dan seterusnya Likud. Apa pun parti yang naik, pergerakan Zionisma Israel tetap akan memegang kuasa secara terus atau proksi. Inilah juga yang telah dilakukan kepada Amerika, Britain, France dan di rantau ini – Singapura. Adakah kita seterusnya?

Apakah cara Israel bergerak? Saya sebenarnya tidak berapa mahir tentang ini, tetapi jika mengikut apa yang saya telah perhatikan, ianya begini: Kepercayaan Yahudi memang banyak kepada perikatan persaudaraan sesama mereka. Perkataan yang digunapakai adalah Sayanem (Sayan). Setiap seorang Yahudi adalah dianggap Sayanem (singkat nya Sayan). Sayanem bermakna “angkatan persaudaraan

atau juga rangkaian inteligensia". Kumpulan yang bertindak sebagai ketua kepada Sayanem (dalam bentuk kumpulan pakar pemikir dan strategis – think tank) adalah para Rabbi Orthodox di serata dunia dan juga di Jerusalem Israel. Tak kira siapakah jua Yahudi berkenaan, baik dari tukang gunting rambut hingga ke CEO Apple Inc. adalah dianggap sebagai golongan "Ashkenazim" (ada juga pegangan bahawa Ashkenazim adalah juga merupakan cabang mazhab mereka) – ataupun para Sayanem – para pekerja kepada fahaman Sayanem tadi.

Jika mana-mana Yahudi terasa terancam ataupun ditekan, maka ahli Sayanem adalah diizinkan mengikut kepercayaan Ashkenazim atau Shepardi mereka untuk menggunakan sebarang bentuk penyelesaian kepada krisis berkenaan – termasuklah mengugut, membunuh, memboikot ataupun melakukan gerakan espionage – apa sahaja demi kesinambungan Sayanem, adalah dalam keizinan fahaman mereka. Sayanem bergerak dengan memegang fahaman bahawa seluruh dunia adalah musuh Yahudi dan puak Yahudi mesti bersatu dalam angkatan perpaduan mereka. Di dalam sistem Sayanem dan prinsip Ashkenazim tadi, tidak ada seorang Sayanem pun yang lebih warak daripada yang lain. Tidak diizinkan sesama mereka untuk mengadili ataupun mengkategorikan tahap kewarakan seseorang daripada mereka dengan yang lain. Mereka digalakkan untuk senantiasa bersaudara dalam kasih dan sayang sesama Sayanem mereka.

Orang bukan Yahudi, adalah dianggap kasta rendah dan di label kan sebagai "Kesidrah" ataupun Regular – biasa, juga gelaran "Goy" (kemudian di pendekan kepada guy dalam bahasa Inggeris moden). Saya, anda - adalah Goy kepada mereka. Mereka adalah Sayanem, Orthodox, dan tertinggi Rabbi. Cara Sayanem berfungsi adalah 100% kekuatan dan kemuafakatan kerana mereka tidak akan sesekali cuba menjadi pakar dalam bidang ugama mereka, mereka hanya akan bekerja. Mereka tidak diizinkan (sekeras-kerasnya) untuk cuba mengadili siapa lebih warak, siapa masuk syurga atau sebaliknya. Oleh sebab itu, Sayanem bergerak dengan licik tanpa ada rasa ego untuk membuntukan pergerakan ataupun juga tanpa rasa belas kasihan terhadap mana-mana Goy.

Saya sendiri telah mempelajari secara dekat keberkesanan sistem Sayanem ini. Sebagai contoh, jika saya pakai kad kredit dan tertera nama saya yang ada Ahmad – Kamal Ahmad Yahya, maka jurujual tadi akan notakan bahawa seorang Muslim baru saja guna kad kredit untuk membeli 2 kotak Tamar dan 10 telur itik masin untuk Ramadhan. Maka Sayanem tadi akan terus memberikan maklumat tadi kepada Sayanem kedua (mungkin kerja bank tempat kad kredit saya dikeluarkan), dan ketiga dan seterusnya – bahawa di pekan kita ada seorang Muslim yang mengamalkan amalan berpuasa dan Sayanem seterusnya pula akan tambah (ikut bidang kepakarannya), bahawa saya adalah seorang practicing Moslem (berpotensi ancaman kepada mereka) dan seterusnya. Dan kita hanya perlu berikan mereka sedikit masa dan ruang, informasi tadi akan sampai kepada ketua Rabbi Negeri/Daerah atau juga Negara berkenaan dan jika perlu, Rabbi Orthodox tadi akan hantar mesej berkenaan kepada Ketua Rabbi Ashkenazim atau pun Ketua Rabbi Shepardi (Sheppard) di Jerusalem.

(Mazhab) Ashkenazim dan (Mazhab) Shepardi Yahudi adalah merupakan saluran laporan Sayanem global mereka. Av Beth Din (ABD) adalah gelaran bagi ketua Rabbi mereka serata dunia, dan Yahudi hanya menganggap secara Rasmi, iaitu ketua ugama Yahudi di mana-mana Negara berkenaan adalah sebagai wakil kepada Negara berkenaan. Maksudnya, jika mana-mana Negara hendak mengadakan hubungan diplomatik dengan Tel Aviv, maka perlu diadakan seorang wakil bagi Yahudi di Negara berkenaan, dan kemudiannya, wakil ini akan diberikan saluran sama ada Ashkenazim atau Shepardi. Hebat sekali cara mereka beroperasi. Sangat teliti, effisyen dan tanpa ego (sesama mereka). Pegangan ini telah dimulakan semenjak tahun 1911 lagi, dan ini adalah salah satu sebab mengapa ekonomi Jerman didominasi mereka sebelum kebangkitan Hitler pada tahun 1938. Glassnacht (pembersihan Yahudi oleh kaum Aryan Jerman) bermula daripada sebab tidak puas hati pembolotan ekonomi oleh Yahudi.

Sebenarnya ini semua ada dalam minda saya semenjak di bangku sekolah tinggi (sistem mereka) dahulu lagi. Seperti yang pernah saya perkatakan, maklumat dan informasi ini dibenamkan kedalam minda dari muda lagi. Supaya juga akan akhirnya menjadi barua kepada sistem Sayanem (secara sedar atau tidak) dan kemudiannya, mungkin terus jadi Yahudi. Mossad Israel hanya lah rubber stamp kepada sistem Sayanem ini. Saya tak nak sentuh tentang krisis di Timur Tengah. Sebabnya saya rasa saya faham cara

kerangka kerja dan minda Yahudi, dan saya nampak jelas yang sebenarnya kelemahan memang pada pihak Negara Islam dan golongan Muslim global – kita senantiasa berbalah dan berpecah sesama sendiri. Kita sering mempunyai sikap ke-egoan dalam semua hal termasuk amalan kita. Kenapa kita selalu mempertikaikan kualiti amalan atau iman seseorang yang lain? Ambil saja para fanatik PAS – siapa yang bukan PAS adalah Kaffir bagi sesetengah mereka. Siapa yang bukan PAS masuk neraka, Undi PAS masuk syurga – seperti para lebai yang baring depan kereta di Raja Perak? Sampai bila kita nak kuat secara global kalau macam ni hati perut jiwa kita? Mengadai hak Melayu (Melayu adalah Islam di Malaysia ini) kepada DAP? DAP adalah cabang PAP Singapura. Lim Kit Siang pernah berkhidmat sebagai pembantu politik Lee Kuan Yew dahulu.

Sebenarnya sistem Sayanem diasaskan pada tahun 1910 bagi tujuan untuk menghancurkan satu lagi sistem yang telah beratus tahun wujud, dan sistem ini adalah di panggil sistem Ummah. Setiap Sayanem, adalah bertanggungjawab untuk Sayanem seterusnya dan di sekelilingnya, untuk melindungi, menolong – apa saja yang diperlukan. Tidak ada tembok pemisah kerana tidak ada kedapatan ruang untuk apa jua ego bermanifestasi. Setiap saluran “network” Sayanem terbuka luas hingga ke Jerusalem.

Saudara Saudari saya yang saya hormati sekalian, apa mampukah kita mengembalikan nilai sebenar Ummah ini yang begitu ditakuti oleh Yahudi? Malaysia Boleh? Perasaan dengki, ego dan “aku warak lebih dari engkau” adalah merupakan tembok penghalang kepada kekuatan Ummah sebenarnya. Dan jika diizinkan Allah, biarlah kekuatan ini bermula semula di Malaysia. Kita mampu sebenarnya sebab kita adalah masyarakat Melayu beradat resam dan berbudaya tinggi. Insyallah. Seperti biasa, sesama kita Melayu, pandangan saya ini akan dikecam dan dikritik. Semua post YABhg. Tun si Kamal ni masuk komen berjala – banyak free time ke? tahu lebih sangat ke? – maafkan saya jika begitu, dan saya tak kisah. Tapi hanya ingat ini : Sayanem. Dan ingat juga bahawa Sayanem telah diasaskan untuk melemahkan sistem Ummah yang telah wujud beratus tahun lebih awal daripadanya. Dan sistem Ummah adalah hadiah Rasullullah s.a.w kepada kita semua- beliau lebih jauh pemandangannya dari semua kita disini dan para lebai fanatik PAS (tak kesemua – Saudara Husam Musa pada saya amat elok tauladan dan kepimpinannya). Maaf juga jika ada tersinggung atau termarah. Bolehkan UMNO dan PAS bersatu di Perak demi untuk Melayu dan Islam seperti saranan Datuk Mukhriz? Jika ada kesedaran pada pihak PAS untuk tujuan penyatuan ini, insyallah.

salam Tun,

my friend Matahari,

you said you like to look at things objectively, but I think you were deceptively misled by cunning indoctrination through western media.

This is twisted logic at its best. If the Jews were the original inhabitants then they would have named it otherwise, not Palestine as it is known today.

As it is Palestine were named after the original inhabitants, the Philistines!

Open up your eyes and see. Another cunning deception the western media is trying to impose on the world now is the image of The Dome of The Rock (Masjidil AL-Aqsa) in Baitulmaqdis.

The image they want the world to see is the one with the golden dome, right? It is actually the image of another mosque nearby, built in the 15th century. Dome of the Rock is actually an old building nearby.

Why you asked? Because when the Jews get to actually demolish the Dome, they will still be able to fool the world by showing the image of the mosque nearby!

How long were the Jews actually in Palestine before they were dispersed thousands of years ago? You'd be shocked!

ONLY A MERE 70 YEARS.

Now if we were to follow the Zionist Jews' twisted logic, the world's maps would be turned upside down. The White Americans should be evacuated out to make way for the Red Indians, so do their cousins in Australia and New Zealand!

Please try to be really objective next time! If you were to be really objective, then you will find that you do not have a choice but to sympathise with the plight of the Palestinians.

To PAL,

Good of you to ask Tun to read the Holy Bible, but which version, may I ask?

And may I suggest that you also try to read the Holy Quran? Don't worry, there is and always will be only one version. Not even a single word can be taken out or put in.

Oh yes, and try to be REALLY OBJECTIVE when studying the Holy Quran as many people (especially white folks!) who are interested in finding REAL truth are beginning to discover for themselves.

Why it may even be life-changing!

Assalamualaikum Tun, The history of war which is now referred as Palestinian-Israeli war, is a very big history indeed. It is a history of war as long as mankind itself. So to say that it is because of the European, or Israel, or Palestinian, or the Arabs, is not leading to anywhere. In other words, by involving all human races or religions, in Palestinian cause, will lead to nowhere, and on the contrary, it will only lead to more intense arguments, debate, polemics or whatever.

The only way is to focus on amicable solution, even if it only involve a segment of the land, the people, or whatever. Mankind must make headway, even if it is only a step forward.

Those Palestinians and Israelis, who are adaptable enough to live side by side, must be promoted and make known of their achievements, so as to see that lights of peaceful living do exist amongst the Palestinians and/or Israelis.

Hi Tun,

Pada pendapat saya, selagi Negara Islam terutamanya Negara Arab selagi itulah rakyat Palestine akan menderita....

Hulu duit sahaja tidak mencukupi mungkin akan mengurangkan beban rakyat Palestine tetapi sampai

bila...

Tun,

I'm a free thinker but i don't know much about Palestinians and Jewish so called religious war. The actual problem is from the leader of both country. It's useless that talk about how violent the war is or whose fault is it. Can the people in the war or even the leader now see what had happened before and they just fight for a reason which they don't see at all. It's not the citizen fault if there's war in their country maybe they were uneducated but the leader should be blame.

The leader want to fight, just fight to each other themself not sacrificed the innocent citizen who just follow order. If they willing to peace they just need to brain wash the next generation using the Emperor QI(1st emperor of China who united the whole china). They can delete everything they knew about the unreasonable war to next generation. Moral education is the the thing both country lack of. The people need to know in every circumstances there's always consequences. I can't see what good consequences they can see in this endless war. Is it they love to see their people die for some reason they believe but never know why? Is it worth to die that way?(I'm sure they were given another reason that they can't see, sound like a good reason but it's not because they were lack of knowledge)

Tun, if they really want talk about justice all this won't happen. I don't look up on them for brave fighting in war because it's stupid but sympathy them for their life who live for a war where it will continue. Their leader make the citizen live like a bugs where it they do the same thing as the last generation and pass to the next generation and so on. Even bugs know when to defend themself when it needed. I know all these word won't heard by any of them eventhought it really get to them, they won't understand. The mistake of the whole thing it's both country choose a wrong leader. It's just they are living way too far behind any country who have little of knowledge. 'Everyone have their own dream to live, not to live for someone dream'

ASSALAMUAILKUM...

Realitinya, kisah Palestin ini adalah kisah manusia yang telah mendedahkan realiti kepalsuan atas nama "sokongan hak kemanusiaan". Ia juga memaparkan kezaliman yang bermaharajalela dalam "new world order". Adalah menakjubkan mereka telah mempertahankan hak binatang dan menghalang manusia dari menyakitinya sedangkan mereka telah menzalimi manusia yang hidup dalam keadaan yang menyeksakan dan ketakutan akibat serangan mereka yang bertali arus. Pendudukan zionis ini adalah contoh penjajahan barat yang berlaku sehingga saat ini tapi dalam pelbagai bentuk kepalsuan.

Saya percaya, tidak lama lagi Allah akan membalas kezaliman Israel di "negara" mereka sendiri. Bila dan bagaimana, hanya Allah yang tentukan. Tahniah di ucapkan pada rakyat malaysia yang memboikot, menderma dan berusaha bermacam cara menyedarkan semua berkaitan isu ini. Tapi persoalannya, sampai bila?

Sepatutnya dari dahulu lagi umat islam pertahankan empayar dan mengukuhkan kekuatan selepas Salehuddin al-Ayubi berjaya merebut Jurusalem. Ya, memang kita berjaya mencipta ilmu dan di sanjung tinggi masa itu kerana umatnya teguh iman dan aman damai berbilang agama. Tetapi Israel bukan begitu. Mereka jijik melihat islam berada di tengah tengahnya. Apabila nanti al-Aqsa roboh kerana yahudi menggali terowong di bawahnya, apakah kita tidak menyalahkan mereka? Apakah kita bersetuju jika Israel mengatakan al-Aqsa roboh dengan sendirinya? Ada juga sesetengah pemimpin arab berkata perlukan strategik untuk bertindak, tetapi dari 1948 hingga sekarang, tidak jumpa lagikah strategiknya? Israel tiada kelemahan atau umat islam itu sendiri yang lemah?

Semua ini berpunca dari pemimpin pemimpin Arab itu sendiri. Tidak keterlaluan jika saya kata, **MEMERANGI PEMIMPIN ARAB LEBIH BAIK DARI MEMERANGI ISRAEL**. Dengan sikap pentingkan diri dan berkecuali mereka, terlalu menjengkelkan. Pada mereka, minyak lebih berharga dari isu Palestin. Pada mereka, berkelahi sesama sendiri lebih baik dari bersatu. Pada mereka, kepentingan politik mereka lebih penting dari tuntutan agama. **CELAKALAH KAMU WAHAI PEMIMPIN ARAB**. Mereka ini sebenarnya lebih zalim dari zionis.

Sejauh mana umat islam sekarang boleh mengajar pemimpin arab itu? Jika Arab henti keluarkan minyak dengan niat kerana Palestin, DEMI ALLAH saya sanggup berjalan kaki kemana saja. Adakah Petronas, Brunei dan lain lain pengeluaran minyak islam sanggup?

Tidakkah kita berasa malu hidup di zaman umat islam yang penuh dengan sifat bakhil dan banyak angan angan? Tidakkah kita berasa malu hidup di zaman umat islam yang lebih cintakan dunia daripada mati? Ke mana kita hendak pergi sebenarnya? Hidup pun tiada jasa pada saudara seagama, mati pula di soal Allah mengapa tidak menolong mereka. Umat islam percaya pada rukun iman, percaya Allah itu maha adil, tetapi jika solat lima waktu pun kadang kadang kita sendiri terlepas, layakkah kita mengharap keadilan itu pulang kepada kita?

Dear Dr,

It has been quite sometimes since my last comment. Anyway, let me first congratulate you for having more than 10 mil visitors into yr site. I recalled making a challenge to you before but you did very well!

Also, tahniah for your unstoppable efforts in making sure that Pak Lah, the worst Prime Minister this country has ever had, coming to his senses and agreeing to resign next month. Actually, he should have resigned long time ago. This country has suffered enough due to his many 'flip flop' actions. I hope Najib will take immediate corrective actions to put this country back to where we were before.

Now back to Palestinians issue. I have seen plenty of charity events being organised in Malaysia to collect donations for the Palestinian cause and I feel it is very UNFAIR. Money collected are to be given to Palestinians to reduce their suffering, develop their infrastructure and rebuild their future. This is all done just because the Jewish regime had bombed their land, destroyed their life and killed their children. And now we are made to pay for the actions of this bloody regime. To me, the regime must be brought to the war criminal court and made to pay and compensate for what they had done to the Palestinians.

At the same time, I would like to suggest to you that whenever you have the opportunity to speak at the OIC forum (to all leaders of the Islamic nations), please get all the leaders present except the Arab leaders, to strongly condemn the Arabs for what actually happened to the Palestinians. To me, nobody should be blamed for this problem except the Arabs. With the money that they have, they never put it to good cause; for good knowledge and research; to develop high technology; to build sophisticated weapons; etc.

Instead, they use the money to satisfy their lust and greediness. When we really think about it, they deserve what they get and perhaps, Allah may want to test them until they realise the real purpose of their existence on this 'muka bumi'. Until then, Arabs will always be Arabs, fighting each other, never bother of their own blood and not wanting to unite as one strong and solid ummah who could rule the world like before.

To you Dr, stay healthy as Malaysians still need you!

Brgds,

ABSH

Here is how the Zionist Jews control Western media:

<http://www.jewwatch.com/jew-controlledpress-folder.html>

Electronic News & Entertainment Media

Continuing government deregulation of the telecommunications industry has resulted, not in the touted increased competition, but rather in an accelerating wave of corporate mergers and acquisitions that have produced a handful of multi-billion-dollar media conglomerates.

Whenever you watch television, whether from a local broadcasting station or via a cable or satellite dish; whenever you see a feature film in a theater or at home; whenever you listen to the radio or recorded music, whenever you read a newspaper, book, or magazine — it is very likely that the information or entertainment you receive was produced and/or distributed by one of these megamedia companies.

The largest media conglomerate today is AOL, which bought out Time Warner for \$160 billion early in 2000. The merger brought together Steve Case, a Gentile, as Chairman of the new AOL, and Gerald Levin, a Jew, as the CEO. Although AOL isn't (yet) run entirely by Jews, the effect of this blend of leadership between a white capitalist whose biggest concern is money and a racially conscious Jew will be gradually to increase the Jewish influence within AOL. Steve Case won't complain when Gerald Levin begins hiring mostly Jews to fill key positions beneath him because Case's own profits won't be affected. After Case dies or retires, the Jews will have complete control at AOL.

Before the merger, AOL was the largest Internet service provider in America, and it will now be used as an online platform for the Jewish content from Time Warner.

Time Warner Inc, with 1997 revenues of more than \$13 billion, was the second largest of the international media leviathans when it was bought by AOL. Levin, chairman and CEO of Time Warner, had bought Turner Broadcasting System in 1996 from Ted Turner, who had been one of the few Gentile entrepreneurs in the media business. Ted Turner, as the company president, is the number three man at the new AOL, after Case and Levin.

When Ted Turner media maverick, made a bid to buy CBS in 1985, there was a panic in media boardrooms across the nation. Turner had made a fortune in advertising and then had built a successful cable-TV news network, CNN, with over 70 million subscribers.

Although Turner employed a number of Jews in key executive positions in CNN and had never taken public positions contrary to Jewish interests, he is a man with a large ego and a strong personality and was regarded by Chairman William Paley and the other Jews at CBS as uncontrollable: a loose cannon who might at some time in the future turn against them.

Furthermore, Jewish newsman Daniel Schorr, who had worked for Turner, publicly charged that his former boss held a personal dislike for Jews.

To block Turner's bid CBS executives invited billionaire Jewish theater, hotel, insurance, and cigarette magnate Laurence Tisch to launch a "friendly" takeover of the company, and from 1986 till 1995 Tisch was the chairman and CEO of CBS, removing any threat of non-Jewish influence there. Subsequent efforts by Turner to acquire a major network have been obstructed by Levin's Time Warner, which owns nearly 20 percent of CBS stock and has veto power over major deals. When his fellow Jew Sumner Redstone offered to buy CBS for \$34.8 billion on September 7, 1999, Levin had no objection.

Thus, despite being an innovator and garnering headlines, Turner never commanded the "connections" necessary for being a true media master. He finally decided if you can't lick 'em, join 'em, and he sold out

to Levin. Ted Turner is in one respect a reflection of Steve Case. Both of these men are capitalists with no discernible degree of racial consciousness or responsibility.

Time Warner's subsidiary HBO is the country's largest pay-TV cable network. Until the purchase in May 1998 of PolyGram by Edgar Bronfman, Jr., Warner Music was America's largest record company, with 50 labels, the biggest of which is Warner Brothers Records.

Warner Music was an early promoter of "gangsta rap". Through its involvement with Interscope Records (prior to Interscope's acquisition by MCA), it helped to popularize a genre whose graphic lyrics explicitly urge blacks to commit acts of violence against whites.

In addition to cable and music, Time Warner is heavily involved in the production of feature films (Warner Brothers Studio, Castle Rock Entertainment, and New Line Cinema) and in publishing.

Time Warner's publishing division (editor-in-chief Norman Pearlstine, a Jew) is the largest magazine publisher in the country... Time, Sports Illustrated, People, Fortune.

AOL has absorbed Time Warner financially, but ideologically it is Time Warner that has infected AOL. Levin has lost none of his ability to pervert our culture. Steve Case certainly will not interfere with whatever plans Levin has in that respect, since money is what he cares about. If he can get richer by letting Levin promote anti-white music on the Internet while keeping white patriots out of AOL chatrooms, it's all the same to him.

The second-largest media conglomerate today, with 1997 revenues of \$23 billion, is the Walt Disney Company, whose chairman and CEO, Michael Eisner, is a Jew.

The Disney empire, headed by a man described by one media analyst as "a control freak," includes several television production companies (Walt Disney Television, Touchstone Television, Buena Vista Television), its own cable network with more than 100 million subscribers altogether.

As for feature films, the Walt Disney Motion Pictures Group, under Walt Disney Studios, headed by Joseph E. Roth (also a Jew), includes Touchstone Pictures, Hollywood Pictures, and Caravan Pictures. Roth founded Caravan Pictures in January 1993, and it is now headed by his fellow Jew, Roger Birnbaum. Disney also owns Miramax Films, run by the Weinstein brothers, who have produced such ultra-raunchy movies such as The Crying Game, Priests, and Kids.

When the Disney Company was run by the Gentile Disney family prior to its takeover by Eisner in 1984, it epitomized wholesome, family entertainment. While it still holds the rights to Snow White, under Eisner the company has expanded into the production of a great deal of so-called "adult" material.

In August 1995, Eisner acquired Capital Cities/ABC, Inc., which owns the ABC Television Network, which in turn owns ten TV stations outright in such big markets as New York, Chicago, Philadelphia, Los Angeles, San Francisco, and Houston. In addition, it has 225 affiliated stations in the United States and is part owner of several European TV companies..

ABC's cable subsidiary, ESPN, is headed by president and CEO Steven Bornstein, who is a Jew. The corporation also has a controlling share of Lifetime Television and the Arts & Entertainment Network cable companies with 67 million subscribers each. ABC Radio Network owns 26 AM and FM stations, again in major cities such as New York, Washington, and Los Angeles, and has over 3,400 affiliates.

Although primarily a telecommunications company, Capital Cities/ABC earned over \$1 billion in publishing in 1997. It owns seven daily newspapers, Fairchild Publications (Women's Wear Daily), Chilton Publications (automotive manuals), and the Diversified Publishing group.

Number three on the list, with 1997 revenues of just over \$13 billion, is Viacom, Inc. headed by Sumner Redstone (born Murray Rothstein). Viacom, which produces and distributes TV programs for the three

largest networks, owns 13 television stations and 12 radio stations. It produces feature films through Paramount Pictures, headed by Jewess Sherry Lansing. Redstone acquired CBS following the December 1999 stockholders' votes at CBS and Viacom.

Its publishing division includes Simon & Schuster, Scribner, The Free Press, and Pocket Books. It distributes videos through over 4,000 Blockbuster stores. It is also involved in satellite broadcasting, theme parks, and video games.

Viacom's chief claim to fame, however, is as the world's largest provider of cable programming, through its Showtime, MTV, Nickelodeon, and other networks.

Since 1989, MTV and Nickelodeon have acquired larger and larger shares of the juvenile television audience. Redstone, who actually owns 76 percent of the shares of Viacom, until recently offered Beavis and Butthead as teen role models and is the largest single purveyor of race-mixing propaganda to white teenagers and sub-teens in America and Europe.

MTV pumps its racially mixed rock and rap videos into 210 million homes in 71 countries and is the dominant cultural influence on white teenagers around the world.

Nickelodeon, with about 65 million subscribers, has by far the largest share of the four-to-11-year-old TV audience in America and also is expanding rapidly into Europe. Most of its shows do not yet display the blatant degeneracy which is MTV's trademark, but Redstone is gradually nudging the fare presented to his kiddie viewers toward the same poison purveyed by MTV.

The new boy on the megamedia block is Edgar Bronfman, Jr. president and CEO of Seagram Company, Ltd., the liquor giant. His father, Edgar Bronfman, SR., is president of the World Jewish Congress. Seagram owns two large production companies, MCA and Universal Pictures (now merged under the name Universal Studios). Among its many other properties, MCA owns Interscope Records, the foremost promoter of "gangsta rap".

Bronfman became the biggest man in the record business in May 1998 when he also acquired control of PolyGram, the European record giant, by paying \$10.6 billion to the Dutch electronics manufacturer Philips. With the expected revenue from PolyGram added to that from MCA and Universal, Bronfman will have the fourth largest media empire, with annual revenues around \$12 billion. One especially unfortunate aspect of the PolyGram acquisition is that it gives Bronfman control of the world's largest producer of classical music CDs: PolyGram owns the Deutsche Grammophon, Decca-London, and Philips record companies.

With three of the top four media conglomerates in the hands of Jews, and with a Jew in executive charge of the remaining one, it is difficult to believe that such an overwhelming degree of control came about without a deliberate, concerted effort on their part.

What about the other big media companies?

Rupert Murdoch's News Corporation, which owns Fox Television Network, 20th Century Fox Films, and Fox 2000, is the fifth largest megamedia corporation in the country, with 1997 revenues of over \$11 billion. It is the only other media company which comes even close to the top four. Murdoch is a Gentile Australian, but Peter Chernin, who is president and CEO of Fox Group, which includes all of News Corporation's film, television, and publishing operations in the United States, is a Jew.

Under Chernin, as president of 20th Century Fox, is Laura Ziskin, a Jewess who formerly headed Fox 2000. Jew Peter Roth works under Chernin as president of Fox Entertainment. News Corporation also owns the New York Post and TV Guide, and they are published under Chernin's supervision. Murdoch told Newsweek magazine (July 12, 1999) that he would probably elevate Chernin to CEO of News Corporation, rather than allow the company to fall into the hands of his own children, none of whom are younger than their late twenties.

It is hard to imagine a Jew giving a major media corporation to a Gentile underling when he has children waiting in the wings. For his part, Chernin was quite candid. "I get to control moves seen all over the world... what could be more fun?"

Most of the television and movie production companies that are not owned by the largest corporations are also controlled by Jews. For example, New World Entertainment, proclaimed by one media analyst as "the premier independent TV program producer in the United States", is owned by Ronald Perelman, a Jew who also owns Revlon cosmetics and offered a job to Monica Lewinsky when Bill Clinton was trying to keep her quiet.

The best known of the smaller media companies, Dream Works SKG, is a strictly kosher affair. Dream Works was formed in 1994 amid great media hype by recording industry mogul David Geffen, former Disney Pictures chairman Jeffrey Katzenberg, and film director Steven Spielberg, all three of whom are Jews. The company produces movies animated films, television programs, and recorded music. Considering the cash and connection that Geffen, Katzenberg, and Spielberg have, Dream Works may soon be in the same league as the big four.

It is well known that Jews have controlled most of the production and distribution of films since shortly after the inception of the movie industry in the early decades of this century. When Walt Disney died in 1966, the last barrier to the total Jewish domination of Hollywood was gone, and Jews were able to grab ownership of the company that Walt built. Since then they have had everything their way in the movie industry.

Films produced by just the four largest motion picture companies mentioned above -- Disney, Warner Brothers, Paramount (Viacom), and Universal (Seagram) -- accounted for two-thirds of the total box-office receipts for the year 1997.

The big three in television network broadcasting used to be ABC, CBS, and NBC. With the consolidation of the media empires, these three are no longer independent entities. While they were independent, however, each was controlled by a Jew since its inception: ABC by Leonard Goldenson; NBC first by David Sarnoff and then by his son Robert; and CBS first by William Paley and then by Laurence Tisch.

Over periods of several decades these networks were staffed from top to bottom with Jews, and the essential Jewishness of network television did not change when the networks were absorbed by other corporations. The Jewish presence in television news remains particularly strong.

For example, the executive producers of two of the three main network news programs are Jews. The executive producer of ABC's World News Tonight with Peter Jennings is Paul Friedman. The executive producer of NBC Nightly News with Tom Brokaw is Neal Shapiro. Until recently, the executive producer of CBS Evening News with Dan Rather was Al Ortiz, also a Jew. Or if you get your news from CNN, the boss there is Rick Kaplan, also a Jew.

Near Total Zionist Jewish Control Of The British Media:

<http://www.rense.com/general38/brits.htm>

After television news, daily newspapers are the most influential information medium in America. Sixty million of them are sold (and presumably read) each day. These millions are divided among some 1,600 different publications.

One might conclude that the sheer number of different newspapers across America would provide a safeguard against minority control and distortion. Alas, such is not the case. There is less independence, less competition, and must less representation of majority interests than a casual observer would think.

The days when most cities and even towns had several independently owned newspaper published by local people with close ties to the community are gone. Most of them were bought out or driven out of business by the mid-1970s. Today most "local" newspapers are owned by a rather small number of large companies controlled by executives who live and work hundreds or even thousands of miles away.

The fact is that only about 20 percent of the country's 1,600 papers are independently owned; the rest belong to multi-newspaper chains. Only 104 of the total number have circulations of more than 100,000. Only a handful are large enough to maintain independent reporting staffs outside their own communities; the rest must depend on these few for all of their national and international news.

In only 47 cities in America are there more than one daily newspaper, and competition is frequently nominal even among them, as between morning and afternoon editions under the same ownership. Examples of this are:

the Huntsville, Alabama, morning News and afternoon Times;

the Birmingham, Alabama, morning Post Herald and afternoon News;

the Mobile, Alabama, morning Register and afternoon Press;

the Springfield, Massachusetts, morning Union, afternoon News, and Sunday-only Republican;

the Syracuse, New York, morning Post-Standard and afternoon Herald-Journal — all owned by the Jewish Newhouse brothers through their holding company, Advance Publications.

The Newhouse media empire provides an example of more than the lack of real competition among America's daily newspapers: it also illustrates the insatiable appetite Jews have shown for all the organs of opinion control on which they could fasten their grip.

The Newhouses own:

26 daily newspapers, including several large and important ones, such as the Cleveland Plain Dealer, the Newark Star-Ledger, and the New Orleans Times-Picayune;

Newhouse Broadcasting, consisting of 12 television broadcasting stations and 87 cable-TV systems, including some of the country's largest cable networks;

the Sunday supplement Parade, with a circulation of more than 22 million copies per week;

some two dozen major magazines, including the New Yorker, Vogue, Mademoiselle, Glamour, Vanity Fair, Bride's, Gentlemen's Quarterly, Self, House & Garden, and all the other magazines of the wholly owned Conde Nast group.

This Jewish media empire was founded by the late Samuel Newhouse, an immigrant from Russia. When he died in 1979 at the age of 84, he bequeathed media holdings worth an estimated \$1.3 billion to his two sons, Samuel and Donald. With a number of further acquisitions, the net worth of Advance Publications has grown to more than \$8 billion today.

The gobbling up of so many newspapers by the Newhouse family was in large degree made possible by the fact that newspapers are not supported by their subscribers, but by their advertisers. It is advertising revenue — not the small change collected from a newspaper's readers — that largely pays the editor's salary and yields the owner's profit.

Whenever the large advertisers in a city choose to favor one newspaper over another with their business, the favored newspaper will flourish while its competitor dies.

Since the beginning of this century, when Jewish mercantile power in America became a dominant economic force, there has been a steady rise in the number of American newspapers in Jewish hands, accompanied by a steady decline in the number of competing Gentile newspapers — primarily as a result of selective advertising policies by Jewish merchants.

Furthermore, even those newspapers still under Gentile ownership and management are so thoroughly dependent upon Jewish advertising revenue that their editorial and news reporting policies are largely constrained by Jewish likes and dislikes. It holds true in the newspaper business, as elsewhere, that he who pays the piper calls the tune.

Three Jewish Newspapers

The suppression of competition and the establishment of local monopolies on the dissemination of news and opinion have characterized the rise of Jewish control over America's newspapers. The resulting ability of Jews to use the press as an unopposed instrument of Jewish policy could hardly be better illustrated than by the examples of the nation's three most prestigious and influential newspapers: the New York Times, the Wall Street Journal, and the Washington Post.

These three, dominating America's financial and political capitals, are the newspapers which set the trends and the guidelines for nearly all the others. They are the ones which decide what is news and what isn't, at the national and international levels. They originate the news; the others merely copy it. And all three newspapers are in Jewish hands.

The New York Times, with a September 1998 circulation of 1,067,000, is the unofficial social, fashion, entertainment, political, and cultural guide of the nation. It tells America's "smart set" which books to buy and which films to see; which opinions are in style at the moment; which politicians, educators, spiritual leaders, artists, and businessmen are the real comers. And for a few decades in the last century it was a genuinely American newspaper.

The New York Times was founded in 1851 by two Gentiles, Henry J. Raymond and George Jones. After their deaths, it was purchased in 1896 from Jones's estate by a wealthy Jewish publisher, Adolph Ochs. His great-grandson, Arthur Sulzberger, Jr., is the paper's current publisher and the chairman of the New York Times Co. The executive editor is Joseph Lelyveld, also a Jew and a rabbi's son.

The Sulzberger family also owns, through the New York Times Co.:

33 other newspapers, including the Boston Globe, purchased in June 1993 for \$1.1 billion;

twelve magazines, including McCall's and Family Circle with circulations of more than 5 million each;

seven radio and TV broadcasting stations;

a cable-TV system; and

three book publishing companies.

The New York Times News Service transmits news stories, features, and photographs from the New York Times by wire to 506 other newspapers, news agencies, and magazines.

Of similar national importance is the Washington Post, which, by establishing its "leaks" throughout government agencies in Washington, has an inside track on news involving the Federal government.

The Washington Post, like the New York Times, had a non-Jewish origin. It was established in 1877 by Stilson Hutchins, purchased from him in 1905 by John R. McLean, and later inherited by Edward B. McLean.

In June 1933, however, at the height of the Great Depression, the newspaper was forced into bankruptcy. It was purchased at a bankruptcy auction by Eugene Meyer, a Jewish financier and former partner of the infamous Bernard Baruch, the industry czar in America during the First World War.

The Washington Post is now run by Katherine Meyer Graham, Eugene Meyer's daughter. She is the principal stockholder and board chairman of the Washington Post Co. In 1979, she appointed her son Donald publisher of the paper. He now also holds the posts of president and CEO of the Washington Post Co. The newspaper has a daily circulation of 810,000 and its Sunday edition sells 1.1 million copies.

The Washington Post Co. has a number of other media holdings in newspapers (the Gazette Newspapers, including 11 military publications), in television (WDIV in Detroit, KPRC in Houston, WPLG in Miami, WKMG in Orlando, KSAT in San Antonio, WJXT in Jacksonville), and in magazines, most notably the nation's number-two weekly newsmagazine, Newsweek. The Washington Post's various television ventures reach a total of about 7 million homes, and its cable TV service, Cable One, has 635,000 subscribers.

In a joint venture with the New York Times, the Post publishes the International Herald Tribune, the most widely distributed English language daily in the world.

The Wall Street Journal, which sells 1.8 million copies each weekday, is the nation's largest-circulation daily newspaper. It is owned by Dow Jones & Company, Inc., a New York corporation which also publishes 24 other daily newspapers and the weekly financial tabloid Barron's, among other things. The chairman and CEO of Dow Jones is Peter R. Kann, who is a Jew. Kann also holds the posts of chairman and publisher of the Wall Street Journal.

Most of New York's other major newspapers are in no better hands than the New York Times and the Wall Street Journal. In January 1993, the New York Daily News was bought from the estate of the late Jewish media mogul Robert Maxwell (born Ludvik Hoch) by Jewish real-estate developer Mortimer B. Zuckerman. The Village Voice is the personal property of Leonard Stern, the billionaire Jewish owner of the Hartz Mountain pet supply firm. And as mentioned above, the New York Post is owned by News Corporation under the Jew Peter Chernin..

News Magazines

The story is pretty much the same for other media as it is for television, radio and newspapers. Consider, for example, newsmagazines. There are only three of any note published in the United States: Time, Newsweek, and U.S. News & World Report.

Time, with a weekly circulation of 4.1 million, is published by a subsidiary of Time Warner Communications, the new media conglomerate formed by the 1989 merger of Time, Inc., with Warner Communications. The CEO of Time Warner Communications, as mentioned above, is Gerald Levin, a Jew.

Newsweek, as mentioned above, is published by the Washington Post Company, under the Jewess Katherine Meyer Graham. Its weekly circulation is 3.2 million.

U.S. News & World Report, with a circulation of 2.3 million, is owned and published by the aforementioned Mortimer B. Zuckerman, who has taken the position of editor-in-chief of the magazine for himself. Zuckerman also owns the Atlantic Monthly and New York's tabloid newspaper, the Daily News, which is the sixth-largest paper in the country.

one must find the root of problem to tackle the problem itself. the root is too deep to be found while the problem is growing.

as we malaysian, we also like to overreact to certain issues without seeing the situation from outside the

box. please see things thoroughly before making any assumption or judgement. sometimes what we see is just the tip of the iceberg.

God gives us mind to think rationally. At this time around, most people around the Gaza strip do not use their mind effectively. How many disruption, disaster, killings must occur to win a war that they themselves do not know the reason and cause of the war?

I feel pity for the victims. They died longing for peace and freedom in the own homeland.

A;kum Tun,

I am very proud of you of what you had done so far on this issue. But let's not be forgotten that the Arabs themselves do not want to improve their well being. So as long as they have this ego in their mindset, they will always be acting and behaving the same way.

I'm very upset with the Muslim around the world because they choose to kill and call it as a JIHAD when Allah clearly said in the Koran that no one is allowed to kill another human being. If you kill one person is like you kill all mankind. So what are they point of killing? Allah already made it clear. But because of ego and of course some hatred feeling towards the Jews, this has made situation worse.

I agree with you Tun that this war is not about ISLAM or JUDAISM or religious war but its about territorial war. Somehow the MUSLIM do not understand it. They insist on killing them back. So this war will go on forever.

That is why Allah send our last Prophet to be an Arab because Allah knows what type of people they are. They are stubborn and egoistic people. They do not care about what happen to the children, women, and the old people of Palestine who suffered the most from the rocket attack. They want to accomplish their mission of getting to kill as many Jews as possible but they know they will not succeed in doing so. Yet they continue sending rockets over to the Israelis territory. They get even greater attack from the Israelis army with more than 1000 people killed for nothing. Just because of egoistic? Come on. This world is too good for us to die for nothing and claiming it to be a SYAHID when Allah already said you do not kill another mankind.

For your effort and hard work, I thank you and I salute you for that. I agree with some people saying that they want you to be the middle person to handle this case and get it done over with. I am sure you are more than capable of doing it. But again, as long as the Arabs do not want to change their destiny, they will be among the losers. Even in the Koran also Allah mentioned about it.

I am MUSLIM myself but I pity ISLAM as a religion because of all this ARABS who claimed them to be the chosen one or to fight in the name of ALLAH and all sorts of other claims. That is why the western people or any other people in the world hate ISLAM. So sad that they hate ISLAM because of the behavior of the MUSLIMS. Only if they understand the meaning of ISLAM which is only to Submit to God alone and no others.

For the Arabs around the world, wake up people before it's too late.

thank you

aziz

maybe they need to attack Palestine to get more and more benefits? otherwise they didn't have target at all?

Dear Dr. Mahathir,
May Allah bless you.

I'm providing my comments attached to the line items as you posted them.

You and all the fans here should interpret my comments somehow as "extreme" just to emphasize the Israeli and Jewish point of view (as I understand it). It is not in order to pour any provocation or humiliation to anyone personally or as a group. My intention is to provide the different perspective as I see it.

My intention is opposed to war – it is to create peace. It is just to show you that there is no other option to end the bloody war – just compromising and good will. If our intention is not that, then probably the war will exist forever. Is this what we want?

Dear Dr. Mahathir, you still have the power to "move mountains" because people are listening to you and respecting you. Your word is very well listened in the Islamic world. You are a potential lever for peace and I'm personally expecting and hoping for it. War is enough... and enough is enough! Let us cherish peace rather the anger of war. Everyone must sacrifice some personal honor, admit mistakes. This is the only way we can start a new beginning.

I'm not intending to continue any arguments with other people in that blog since it will not gain the expected result. The reason is not because I don't want to have arguments. It is because this is consuming a lot of time resources for me to answer everyone and this is not my main job in life, however it is very important.

If you feel free to argue or even humiliate me, I'll know exactly how to filter out what is relevant and what nonsense are. I'm always taking some lessons from what you say here and I hope it is a mutual thing.

BTW, I found an interesting blog spot (not mine) that is collecting interesting information you may explore. It includes some of my comments.

Other side of a coin...

<http://fencemind.blogspot.com/>

1. The Kuala Lumpur Foundation to Criminalise War (KLFCW) held a special forum on Palestine.

2. In my opening speech I stressed that the war in Palestine is not a religious war between Islam and Judaism. It is a territorial war resulting from the European powers carving out a slice of Palestinian land in order to create the State of Israel.

---Hanan:

This is a war from both aspects. It is absolutely a territorial war which its background is religious. The Jews are claiming that land as their homeland and the Palestinians are claiming it as an Islamic Waqf asset.

Palestinians are not the genuine natives of that land. They are the posterity of Arab tribes that invaded to the empty land of Israel from the Arabian Peninsula during the spreading of Islam.

Malays are Muslims (the majority). What is their language? Is it Arabic or Malay? Turks are Muslims. What is their language? Is it Arabic or Turkish? The same is with other Muslim countries except those are surrounding the Arabian Peninsula and North Africa which was the initial Muslim world. So was Palestine. All those speaking Arabic countries were influenced by the invading tribes from the Arabian Peninsula. What language was spoken in the Land of Israel prior the Islamic invasion of Arab tribes from the Arabic Peninsula? Let me remind you. When Jews lived there, before they have been expelled by the Romans, they spoke Hebrew. Hebrew was their Biblical language and during all their kingdoms of Israel and Yehuda.

Now, Jews everywhere in the world have their fundamental knowledge of Hebrew and the language of the place where they live. Why are their basic roots in the Hebrew language? Because they bear it from their day one when Judaism was established and they got the Torah which its genuine language is Hebrew. Jews spoke many languages in their Diaspora times where they lived but never forgot their native language which is chained to the Land of Israel. Hebrew is the language Jews are praying wherever they are. Have you asked yourself why? To which geographical part is Hebrew chained?

English is chained to England, French to France, the Palestinians are speaking Arabic because their genuine roots are the Arabic Peninsula. Malays speak Malay because their roots are in Malaya. Muslims are praying in Arabic because the roots of Islam are in the Arabian Peninsula. Jews are praying in Hebrew because their roots of Judaism are in the Land of Israel. Therefore the land was belonging to Jews prior any Muslim was even born including Prophet Muhammad. ...And don't tell me that the Philistines are the Palestinians since this is a real joke.

3. It is grossly unjust for the Europeans to solve their Jewish problem by taking land belonging to the Arab Palestinian to give to the Jews for their homeland. It is grossly unfair that they should transfer their problem to the Arabs.

---Hanan:

The European's did what it was the proper thing to do. Since Europe is not the Jews homeland and they understood well that the Biblical Land of Israel is the only homeland for Jews, they helped the Jews to return home. They didn't transfer the problem to the Arabs. It is the Arabs who created it as a problem. Everyone has the right to return to his homeland and we returned. What do you think, expelling someone from his home by force means erasing its homeland roots? Now, I know that many of you will jump and raise the issue of the Palestinian refugees. Since Those Palestinians roots are Arabic roots, they should be settled back in any Arab country. But if it will be a two country solution they may live in the Palestinian state.

4. The participants at the forum represented all races, belonging to all religions. There were ethnic European Christians, Chinese Catholics, Hindus, Sikhs, Malay Muslims, Arab Muslims, Chinese Buddhists and many others.

---Hanan:

Was there any Jewish representative? Dr. Mahathir, you said that it is a territorial conflict and now you are emphasizing about religious representatives. If it is a territorial conflict then, who represented the Zionist side? Was it a one sided forum? Was it a forum of the saint people against the monsters without letting even a single monster to be there? Who are many others? Can you specify particularly? "Many others" is a blur definition.

5. They came together because they were moved by the human tragedy that is happening in Gaza, Palestine. That the Palestinian Arabs are mostly Muslims did not lessen the feeling of sympathy felt by the participants.

---Hanan:

I agree that it is a real tragedy that happened to the Palestinian people in Gaza. Every innocent who is killed is like killing an entire world. Dr. Mahathir and those forum participants – where have you been when rockets killed Israeli Jews and non Jewish during 8 years? No sympathy? Jews lives are not as valuable as the Palestinians lives? Hypocrisy is the definition of that forum.

6. Two doctors from Jordan were present. They had gone to Gaza to show their sympathy and brotherhood and to help treat the casualties. They were not prepared to see the carnage caused by Israeli attacks.

---Hanan:

What about the carnage of Jews by suicide bombers exploding in busses, streets and malls? Where were those two Jordanian doctors? Every one pains his relatives' pain. Jews are crying for Jews and Muslims are crying for Muslims. Violence is not one sided but Muslim hypocrisy is one sided. No Muslim said even "I'm sorry about lost innocent Jews lives" while the Zionist Israel is regretting for innocent killed Palestinians that were used as human shields by the charity organization of Hamas.

7. The Israeli forces appeared to be using new kinds of shells and bombs which exploded after bouncing off the ground hurling sharp metal shrapnel which cut deep into the bodies of the victims.

---Hanan:

Dear Dr. Mahathir, have you asked yourself or anyone else what is the content of a Grad or Qasam rocket? May it be full of candies? The Hamas rockets contain even more painful shrapnel as small steel balls from dismantled ball bearings - thousands of them. They contain nails, screws, nuts and metal debris. Isn't it killing people - But cuts in Muslim flesh pains more than cuts in Jews flesh? That forum of

hypocrisy is a double standard.

8. Many had their arms and legs severed by the shrapnel, while others died when the shrapnel cut deep into their bodies and organs.

---Hanan:

The Jewish children who were killed from the Qasam rockets died just in their sleep, dreaming about the candy container of that rocket. Did they die in their sweet dreams?

9. One man was saved because the shrapnel cut into a small Quran he had in his pocket but stopped short of his chest.

---Hanan:

If that man would be a Jew and in his pocket was the Psalms Book which was saving his life, would any Muslim mention it? It is really a miracle and may God bless that saved man to have long life. There is a Jewish proverb: "Who saves a single life is as he saved the whole universe".

10. Phosphorus bombs scattered white phosphorus all over the victims. The phosphorus sticks to the body and burn as long as there is oxygen in the air. It burns through the skin, through the muscles and through the bones. It is impossible to remove the phosphorus without cutting deep into the tissues and bones.

---Hanan:

In Gaza was a volunteer Italian doctor working in one of the hospitals. He wanted to see those special burns or phosphorus burns of the wounded, but he was refused. Why?

Yes, Israel used phosphorous bombs, but complying with the international law used in open areas to neutralize explosive traps. It was not against humans. This is another lie from the pro Palestinian/Muslim media.

11. The pictures of decapitated bodies, shrapnel severed arms and legs were horrifying. The surgeons had to operate on stretchers with several operations going on in one room at the same time. There was blood everywhere and yet there was no blood for transfusion.

---Hanan:

Yes, this is really a horrible view. But who are the culprits? Isn't it the Hamas with their daily rocket launching for eight years? Dear Dr. Mahathir, what would you do if KL is bombed the same for eight years? Would you extend your other cheek to be slammed? Hamas is the culprit for all that suffering of innocent people on both sides.

12. The video also showed Israeli men and women being interviewed. They were quite hysterical, shouting and demanding that the Palestinian children should be killed as they, the Israeli women had lost their children because of rocket attacks by Hamas.

---Hanan:

Why you aren't so shocked about all Muslims shouting in the streets "Itbakh al Yahood" (slaughter the Jews)? Why aren't you shocked when a suicide bomber is killing 20 Jews in a bus and the Palestinians are celebrating like barbarians in Gaza streets and donating candies to everyone? This is the Muslims hypocrisy. The Muslims lives are saint and Jews lives=zero. Jews are apes and swine, even not an animal classification for Muslims.

13. The Gaza attacks exposed the horror of modern warfare. No one is spared. The town of Gaza is reduced to rubble and bodies were strewn everywhere. Children were buried under the rubble of fallen buildings, with only their dead heads visible. There were burnt bodies of babies.

---Hanan:

Dear Dr. Mahathir, let me ask you honestly. Do you think if the situation was opposite and we lose the war, our cities would look differently? Would a single tear drop drip from your eyes? All Malays would have a carnival, dancing and screaming as barbarians "Allah hu Akbar". Jewish women would be raped and the remaining men and children would be slaughtered.

14. Professor Gurdial Singh spoke about how Israel could be tried by an International War Crimes Court.

---Hanan:

Let's see what will happen with that. Hamas will face the same tribunal soon.

15. Then it was question time. An Englishman voiced his anger that the pictures of the atrocities were not made public in the United Kingdom. He wished that the Jordanian doctors could give their briefings together with the pictures in London.

---Hanan:

It would be interesting initiative, but to confront the case with the other side as well.

16. Responding to the remarks, Professor Michel Chossudovsky pointed out that the Western media is owned by a small number of people and they control the news contents. They were obviously pro-Israel and their policy is to promote the Israeli cause against Palestine and Muslims in general.

---Hanan:

The Al-Jazeera, BBC, SKY, CNN, French TV are almost Zionist media but always show the Palestinians side much more than the Israeli side. This is called promoting Israel. It is interesting how you saw in Malaysia all those brutal activities of the Zionists. Does RTM have a representative journalist in Israel (may be, but I don't know)? Al-Jazeera is funded by Qatar Zionists Jews, isn't it?

17. Many of the questions asked showed strong sympathy for the Palestinians. The questions were from all races and religions.

---Hanan:

Was it just sympathy for the Palestinians lost lives and wounded? No one asked questions about the minor lives of the Israelis during eight years of rockets? Aren't you a humanitarian forum based on a non religious approach? Oh, it is usual in Islam that the Jews worthless people should be the major victims, but now it is not meeting the expectations. That's bad, very bad.

Do you have the list of races and religions represented in that forum? Who was the representing Jew there? Again, you are talking about a forum of religions while you claim a territorial conflict. Isn't it a mismatch of definition?

18. Then a young Arab man took the floor. The first thing he said was to emphasise that the Palestinian war is a religious war. Muslims must support the Palestinians because of their faith. There can be no two ways. The Arabs must fight a holy war against the Jews. They must fight because the Jews are the enemies of the Muslims, of the Arabs.

---Hanan:

That Arab is so right – the war is really a religious from the Muslims perspective, including you Dr. Mahathir. But you are trying to camouflage it as a territorial one. That Arab means a Jihad like is written in the Quran:

• Al-Ma'idah (The Table Spread) - (Arabic)

5:82 Strongest among men in enmity to the believers wilt thou find the Jews and Pagans; and nearest among them in love to the believers wilt thou find those who say, "We are Christians": because amongst these are men devoted to learning and men who have renounced the world, and they are not arrogant.

لَتَجِدَنَّ أَشَدَّ النَّاسِ عَدَاوَةً لِلَّذِينَ آمَنُوا الْيَهُودَ وَالَّذِينَ أَشْرَكُوا وَلَتَجِدَنَّ أَقْرَبَهُمْ مَوَدَّةً لِلَّذِينَ آمَنُوا الَّذِينَ قَالُوا إِنَّا نَصَارَى ذَلِكَ بِأَنَّ مِنْهُمْ قِسِّيِينَ وَرُهْبَانًا وَأَنَّهُمْ لَا يَسْتَكْبِرُونَ

• Al-Ahzab (The Confederates) - (Arabic)

33:26 And those of the People of the Book who aided them - Allah did take them down from their strongholds and cast terror into their hearts. (So that) some ye slew, and some ye made prisoners.

وَأَنزَلَ الَّذِينَ ظَاهَرُوهُمْ مِنْ أَهْلِ الْكِتَابِ مِنْ صَيَاصِيهِمْ وَقَذَفَ فِي قُلُوبِهِمُ الرُّعْبَ فََرِيقًا تَقْتُلُونَ وَتَأْسِرُونَ فَرِيقًا

Or like Hamas wrote it in its charter:

• Israel will exist and will continue to exist until Islam will obliterate it, just as it obliterated others before it." (The Martyr, Imam Hassan al-Banna, of blessed memory).

• "The Islamic Resistance Movement believes that the land of Palestine is an Islamic Waqf consecrated for future Muslim generations until Judgment Day. It, or any part of it, should not be squandered: it, or any part of it, should not be given up. "

• "There is no solution for the Palestinian question except through Jihad. Initiatives, proposals and

international conferences are all a waste of time and vain endeavors."

- "The Day of Judgment will not come about until Muslims fight the Jews (killing the Jews), when the Jew will hide behind stones and trees. The stones and trees will say O Muslims, O Abdulla, there is a Jew behind me, come and kill him. Only the Gharkad tree, would not do that because it is one of the trees of the Jews." (related by al-Bukhari and Muslim).

19. I felt uncomfortable, as there were many non-Muslim supporters of the Palestinians in the audience. Making the Palestinian war as a religious war seem to reject the sympathy and support of the non-Muslims.

---Hanan:

So finally it is a religious war but you put on the mask of the territorial conflict just to find the sympathy of the non-Muslims supporters. Isn't this hypocrisy? When you among Muslims it is a war of Muslims against the Jews and when in the audience there are some non-Muslim you are doing it in a more gentle manner and defining the war as territorial. To which of your sides should I believe?

20. A Chinese Catholic got up to reply that he has full sympathy for the Palestinians who had lost their land, who had been driven out of their country to live as refugees. He thought that the Palestinians were unjustly treated and the Israeli killings of the Palestinians were against all humanitarian values. He did not see it as a religious war but a war against injustice and oppression.

---Hanan:

I respect his opinion. I have in my "arsenal" another Chinese Catholic which says the opposite. What is this proving? Is that Chinese Catholic or that I know, masters of judges? Can they judge what is justified or not? What would he say if he was living for one day in Sderot or surviving a bus explosion by a Hamas suicide bomber? Any violence and killing is against humanitarian values. He doesn't see this war as religious because he is not involved in it and because you said in your preface that it is a territorial one. If he would be thinking more deeply he would acknowledge that it is a religious war of Muslims against the sinners, where the Jews are chapter one and the crusaders (Catholic and Christians) are chapter two according the Quran commandment. Not mentioning the pagans in the queue of the jihad.

21. I was depressed by the attitude of the young Arab. It seems he was moved only by the hatred of the Jews. On the other hand the demand of the Israeli woman to have Palestinian children killed also exposes her bitter hatred of the Palestinians.

---Hanan:

This is true. I'm also depressed about such attitudes just because we are angry on each other. We must find a solution to avoid anger and hatred. We must think differently. I've already wrote it in my last letter to you. We must open a new page between the religions and between the Israelis and Palestinians.

22. This is wrong. Of course enemies must hate each other. But that must not be the reason for the war. Actually it is a product of the war.

---Hanan:

Dear Dr. Mahathir, you are so right. Yes, that hate is now sprouting new generations with greater hate. You, as a father and grandfather of children and grandchildren, me as a father of two sons – what are we doing to raise our children to avoid hatred? We must change our education for compassion among humans without any differences of races or religion. This will avoid war. Hatred and anger brings more hatred and anger. Love and compassion brings more love and compassion. Unfortunately the second option is much more difficult to achieve. That spinning wheel of hatred is spinning faster and faster. We must stop it. Each and every one of us should step a small step forward. The first step is to be equal with our mercy on people, Palestinians, Israelis, Malays, Bosnians, Africans, no matter who they are or their faith. It is unfair to kill innocent Palestinians but in the same time it is not fair to kill Israelis. We don't need to measure the casualties as numbers since everyone who is killed is an entire world.

23. The real reason for the war is the seizure of Palestinian land to create the state of Israel. The objective of the Palestinians should be the re-conquest of the lost land, including removal of the settlements set up by the Jews. The whole war must be directed with this objective.

---Hanan:

Why do you think that only a war is the only solution? The historic seizure of the Land of Israel was by Muslims during their expansion from the Arabian Peninsula. The Arabian tribes are the Palestinians of today and that land is not belonging to them. It is a stolen Jewish land by Arabs.

The objective should not be a war but a solution for two states for both peoples. An organization like Hamas is not a partner since they are not recognizing the rights of Israel to exist and Jews to live in Israel. Once they accept the existence of an Israeli state – they are partners.

24. What I realised when the young Arab vehemently declared that the war is a religious war was that the war would have no end. The objective was to kill Jews because of their religion.

---Hanan:

I think that the young Arab understood very well the situation. Dear Dr. Mahathir, I believe you are thinking as same as that young Arab (maybe I'm wrong; and if I'm wrong I apologize) but you felt non comfortable just because of the non-Muslim guests. That young Arab is just following the commandment of the Quran about the Jews (refer the verses above).

25. On the Jewish side it is the same. They want to kill and destroy the Arabs because they hate the Arabs. That explains their brutality, their targeting schoolchildren, babies and old people. That also explains the diabolical weapons that they use, not just to kill but to cause as much pain and disfigurement as possible.

---Hanan:

I think that this assumption of you is wrong. We don't hate the Arabs. If we would hate the Arabs would we allow the remaining Arabs live among us in the borders of Israel? If we hate the Arab children, would we treat them in our Zionist hospitals? If we hate the Arabs, would the hospital in my hometown (a Zionist hospital funded and built from Zionists organizations donations) allow Muslims to establish a Mosque as same we have a there a Synagogue? We don't hate the Arabs. We don't want to kill anyone who is innocent. But we kill those terrorists who want to kill us. We are not killing intentionally innocent people but the terrorists (you call them freedom fighters) are killing innocent people intentionally by rockets and suicide bombers in our busses and malls. As far as I know and everyone knows, busses and malls are not military camps.

26. The Israeli leaders, especially the military are said to welcome Hamas rockets. To provoke Hamas into firing their rockets the Israelis blockaded Gaza.

---Hanan:

Dear Dr. Mahathir, I really cannot understand how low you can go. On the other side I say Hamas is launching rockets just to make Israel angry and hardly react while Hamas is using their own innocent civilians as human shields. Hamas is not recognizing the existence of Israel and strives to destroy Israel. Why should we give them all privileges as a normal entity? When they keep silent there is no blockade and humanitarian supply is entering to Gaza. Once they fire again we close the borders. I don't understand your logic. The people of Gaza elected Hamas and Hamas is caring how to destroy Israel. Why should we help our bloody enemy and let all borders be open like nothing happened. Only an idiot would do it. Assume Singapore wants to destroy Malaysia would you provide them any agriculture supply or drinking water? I know what the MAF would do. They would wipe Singapore off the Map and get back once and forever the "stolen" Island from great Malaysia.

27. When Hamas fired the rockets, Israelis would condemn the deaths, especially of children. The people were angered by the death and demanded retaliation, which the military duly obliged with massive attacks out of all proportion to the damage done by the unsophisticated Hamas rockets.

---Hanan:

Dear Dr. Mahathir. Whatever you say, any death is not justified but war is not a kind of fair play. Everyone is fighting with its most sophisticated weapons. As funny as it is, the Qasam rockets are still not beatable and no one has an anti weapon. Should we train Hamas how to produce more precise rockets to equalize the equation? War is not a proportional business since one side loses and the other wins, but I think no one is winning in a war. What would you say if Hamas had that sophisticated weapons and the Israelis would have 1300 killed people? Was it then a fair play?

I just can tell you one thing and remember it as long as you live as well as everyone in this blog. The

Arabs may lose many wars but the Jews have no option to lose a single war... and you all know it very well as we know it.

28. For their part the Palestinians would show the effects of Israeli brutality, the destruction of the towns and the deaths of innocent children. The hatred against the Jews was fanned to red heat, and Palestinians would become ready to kill the Jews in any way they can. They would fire more rockets and the Jews would retaliate with even greater force and brutality.

---Hanan:

Right again. That's why we must stop all that at once. Dear Dr. Mahathir, I think I proposed you a good solution in my private letter. Why not to give it a try? May be everyone can open his heart and use his brain to establish something different. May be we can establish a better future to our suffering world. Let's try that and if we fail there will be always the option of war which all of us dislike.

29. Both sides have now forgotten the reasons for their war. It is like the clan war of old, when for generations the hatred would be kept alive and both sides would want to go on fighting and killing each other.

---Hanan:

I think both sides are now behaving like a snow ball that rolls down the slope of the hill. There must be reasons for that war. Each side has its reasons. If each side entrenches in its stronghold without looking outside for a better horizon, the killing will continue. Let's stop this now before it will be too late. It is almost the last chance since the future is uncertain. It is in the power of all of us to stop it if we just want to.

30. The Palestinians are getting the worse deal in this "I kill your people, you kill my people," fighting.

---Hanan:

I have nothing to say here since it is repeating issues above.

31. I was asked by the Jordanian doctor, when will this war end. I think it will have no end because it has degenerated into feuds of old, when Semitic tribes fight each other for generations simply because they were traditional enemies. The original reason for the enmity has long been forgotten.

---Hanan:

Dear Dr. Mahathir, I beg you, since you are an educated and wise man, since you are a known Muslim leader - you have the power to contribute to stop that bloody war. I think all of us would like to see the children of both sides playing in the same playing courts, getting their education in the same schools and universities, cooperating in business and science. This is in your power more than in my power (you are famous and I'm just a negligible private person). I think you just need to be willing. It is transforming the anger to good will. I'm sure you are using your brain and you must have love in your heart. Just give it a try, there is nothing to lose – but a win- win solution. If you can do that you are more than worthy a Nobel Award for peace!!!

32. If the war is going to be terminated both sides must try to remember the original cause and negotiate for peace. The backers of the contestants should cease providing money and weapons so they will continue to fight. Instead they should urge both sides to discuss a peace not based on who is more powerful but on justice.

---Hanan:

Dear Dr. Mahathir, I think it is an excellent initiative. Let's see what can be done. I think you can surprise us with more ideas. Since Malaysia is a kind of a far country from the conflict, I think it may play a very good role to contribute peace. There is just one big obstacle on that path and I'm sure you know it well.

Hanan, Jewish and an Israeli Zionist.

Dear Dr M ,

Sir, in my opinion, I feel that you have not understood the basics of the conflict in Israeli-Palestinian unrest.

The Israeli-Palestinian conflict is based on History, Religion and Sentiments. One has to know the history of Israel. How it existed and where it all began.

One must also understand that Islam began after Judiasm and Christianity existed. 600 plus years later than Christianity was practiced as a faith and religion. But Israel existed way beyond 1300BC during the time of Abraham.

Abraham had 2 sons , Ishmael and Issac. And Issac had 2 sons Jacob and Esau. In Judaism and Biblical text of faith , God changed Jacob's name to Israel and he had 12 sons who later became the 12 tribes of Israel till today.

We also see the Isralites went to Egypt in serach of food and settled in Egypt as became as slaves there. Egypt was not a Muslim nation then.

Moses led them to the Land of Israel, that is cited as the promised land by God to the decendants of the patriarchs, Abraham, Isaac and Israel (Jacob), which is the current place where both the Israelis and Palestinians exist.

The Rule of Israelites in the land of Israel starts with the conquests of Joshua (1250 BC).

In 587 BC, Babylonian's Nebuchadnezzar's arm captured Jersusalem , destoyed the Temple of the Israelities and exiled the Jews to Babylon (modern day Iraq) fom their homeland.

The year 587 BC marks a turning point in the history of the region. From this year onwards, the region was ruled or controlled by a succession of suerpower, empires of the time in the follwing order:

Foreign Empires that ruled in Israel Period Empire Major Events

587 BCE - Babylonian
Destruction of the first Temple.

538-333 BCE - Persian
Return of the exiled Jews from Babylon and construction of the second Temple (520-515 BCE).

333-63 BCE - Hellenistic
Conquest of the region by the army of Alexander the Great (333 BCE). The Greeks generally allowed the Jews to run their state. But, during the rule of the king Antiochus IV, the Temple was desecrated. This brought about the revolt of the Maccabees, who established an independent rule. The related events are celebrated during the Hanukah holiday.

63 BCE-313 CE - Roman
The Roman army led by Titus conquered Jerusalem and destroyed the Second Temple at 70 CE. Jewish people were then exiled and dispersed to the Diaspora. In 132, Bar Kokhba organized a revolt against Roman rule, but was killed in a battle in Bethar in Judean Hills. Subsequently the Romans decimated the Jewish community, renamed Jerusalem as Aelia Capitolina and Judea as Palaestina to obliterate Jewish identification with the Land of Israel (the word Palestine, and the Arabic word Filastin originate from this Latin name).

The remaining Jewish community moved to northern towns in the Galilee. Around 200 CE the Sanhedrin was moved to Tzippori (Zippori, Sepphoris). The Head of Sanhedrin, Rabbi Yehuda HaNassi (Judah the Prince), compiled the Jewish oral law, Mishna.

313-636 - Byzantine

636-1099 - Arab

Dome of the Rock was built by Caliph Abd el-Malik on the grounds of the destroyed Jewish Temple.

1099-1291 - Crusaders The crusaders came from Europe to capture the Holy Land following an appeal by Pope Urban II, and massacred the non-Christian population. Later Jewish community in Jerusalem expanded by immigration of Jews from Europe.

1291-1516 - Mamluk

1516-1918 - Ottoman

During the reign of Sultan Suleiman the Magnificent (1520-1566) the walls of the Old City of Jerusalem were rebuilt. Population of the Jewish community in Jerusalem increased.

1917-1948 - British

Great Britain recognized the rights of the Jewish people to establish a "national home in Palestine". Yet they greatly curtailed entry of Jewish refugees into Israel even after World War II. They split Palestine mandate into an Arab state which has become the modern day Jordan, and Israel.

So, we see, Israel had been invaded by many empires and were driven out of their homeland which was theirs. These had been also been prophesied by prophets of then, that they will go into such ordeal.

So, what's wrong in Israel occupying their own land and are actually accommodating the Palestinians. The land originally belongs to Israel. Also God Almighty is with them, they cannot be shaken after so many wars with them by the neighbouring countries.

Dear Tun,

I would like to reply to the comment made by Hanan.

Dear Hanan,

I appreciate your effort to explain the major points regarding this matter. Somehow you must also understand that the action taken by the HAMAS or Israelis army are both wrong and should be condemned. There is not one religion in this world including Islam, Christian, Judaism or Buddha or any other that teach the people to kill another human being. It shows that you are very arrogant and ignorant person who thinks that killing one another is fine. You call yourself to be a Jew but I am sure that your religion does not teach you to kill others.

I also need to remind you that the blockaded done by the Israelis army on Palestinians people from getting good supply and other supply has caused to all this problem. If they allow the Palestinians to live their lives without any sanction on them, they will not be getting any rocket attack from the HAMAS. I am sure of that. The Zionist continue doing so because they want to have a valid reason to retaliate by killing more Palestinians so they will be perished from this earth. That is your Zionist ambition. I know you know this very well. Since you yourself claimed to be a Zionist.

You can go on and say whatever you want about this whole issue. But for me and I think for most of the people in this world, they do not like you the ZIONIST. It is not because you are an Israelis but it is because you are ZIONIST. I have a good friend of mine who happen to be an American Jew. But he lives his life simple and do business as usual without any problem here in Kuala Lumpur. And I am sure that there are many more of them who are good Jews around the world. Same as muslim. We also have the good muslim around the world who follow the God's revelation which is the Koran. But somehow we also have the bad Muslim around the world who commit suicide bombing in the name of Allah.

And the Palestinians are very stubborn and they will do whatever it takes to win. Same goes to your people of Israel. They will do what it takes to win too. So you tell me Hanan, do you want this to continue? Do you want to see people living side by side without any problem or living side by side but killing each other and make each others life hard enough that the kids can't go to school, no food to eat, no proper education, no places safe to go and live their life like 1000 years ago with no electricity, no internet connection.

If you choose to see them living that sort of life then I must say that all your argument earlier was for nothing. Because you are just as arrogant as the Palestinians Arab. You are very selfish person who only think for yourself and your people only. You are very stubborn who does not want to listen to any other voice around the world that condemned the killing of innocent people of Palestine.

Do you remember what you did before to people of Jenin? People of Gaza? Other top leaders of the Islamic ruling party? You do not care because their blood is nothing compare to your people. The Hamas kill your people not more than 20 people in the recent attack but the Israelis army killed more than 1500 of innocent people. So you tell me, is there any fairness in your attack? Is there any logic to your killings? Come on Hanan. I am sure you have a good brain to think for yourself. Maybe you should take a bit of time to think about it. But maybe also you do not have a good heart so you will take as many minutes as possible but you will never understand it. You will not get what I am saying and the world is demanding. Because you are just as bad as the Arabs who are stubborn and ignorant towards another people's point of view.

We are living in 20th century now and we still killing one another just to fulfill our lust and to be in power.

Now in Israel they are having an election to elect a new Prime Minister. I pray to Allah that the new leader will be a good leader who has a good heart and who will not kill the innocent people like the previous leader of Israel. But I doubt it though because as long as the Zionist mentality is still in power, they will continue killing people for no reason.

I hope that all Arabs in the middle east get up and fight the Israelis. They are very small country will less than 4 million people. The Arab Gulf combined will get more than 100 people. I am sure the Arab will win anytime by just fighting one on one. There should be easy. But it is not as simple as that. Because the Arab leaders are coward. They do not want to risk their fortune by involving in the war between the Palestine and Israel. They rather spend their money on sleeping with as many girls as possible and buying alcohol to make them drunk all the times and splashing the money on building their mansion and buying sport cars as many as the one in the car dealer show room.

You may argue with the best brain in the world Hanan but you will never change your mentality about this war. You have something that is blocking your brain from receiving information clearly just like the Palestinians being blocked from getting food from Israelis. That is why both of you are acting like animals because you can't get what you want. You just acting like animals who only think to fulfill their lust and wish list.

thank you

aziz

Salam kasih dan hormat Ayahanda Tun. Saya rasa kurang senang bila blog Tun ini pun juga dipantau oleh Sayanem Yahudi. Sedih jugak Tun sebab sebenarnya, kelemahan Melayu yang memberikan mereka ruang ini. Saya harap sesiapa Melayu yang sokong PKR dengan DAP - sudah lah. Sedar lah sikit apa yang sedang diperjudikan. Tentang PAS, saya tak yakin PAS akan dapat bertahan lama dalam Pakatan Rakyat pun. Sayanem, Sayanem - Sayanem! Memang bahaya Yahudi ni!

Salam tu you, Sir.

Got an email from a friend regarding "Mengapa Yahudi Bijak?". Since your blog is very popular, would like to share with other readers.

Thesis by Dr. Stephen Carr Leon. Malay Translation.

Setelah berada 3 tahun di Israel kerana menjalani housemanship dibeberapa disana, ada beberapa perkara yang menarik dapat saya perhatikan untuk dijadikan tesis ini, iaitu "Mengapa Yahudi Bijak?". Memang tidak dapat dinafikan ramai cendekiawan berbangsa Yahudi, dari segala bidang, Engineering, musik, saintis dan yang paling hebat ialah bidang perniagaan, dimana ia memang paling tersohor. Hampir 70% perniagaan didunia dikuasai oleh kaum Yahudi, dari kosmetik, pakaian, pemakanan, senjata, perhotelan, perfileman di Hollywood dan sebagainya. Ketika tahun kedua, akhir bulan December 1980 dan sedang saya menghitung hari untuk pulang ke California saya terfikir apakah sebab nya kaum Yahudi begitu pintar? Kenapa tuhan memberi kelebihan kepada mereka? Apakah ini suatu kebetulan? Atau olah manusia sendiri? Adakah bijak boleh dijana? Seperti kilang pengeluaran? Maka saya pun tergerak membuat tesis untuk Phd saya, disamping kebaikan untuk umat sejagat dan dapat hidup secara harmoni...

Untuk pengetahuan anda tesis yang saya lakukan ini mengambil masa hampir lapan tahun, ini kerana untuk mengumpulkan data-data yang setepat mungkin. Antara data-data yang saya kumpulkan ialah pemakanan, adat resam, agama, persiapan awal untuk melahirkan zuriat dan sebagainya dan data-data tadi saya cuba bandingkan dengan bangsa dan kaum-kaum lain. Marilah kita mulakan dengan persiapan awal melahirkan zuriat. Di Israel, setelah mengetahui yang sang ibu sedang mengandung, pertama kali saya perhatikan ialah, sang ibu akan sering menyanyi dan bermain piano dan si ibu dan bapa akan membeli buku metamatik dan menyelesaikan masalah metamatik bersama suami, saya sungguh hairan kerana teman saya yang mengandung sering membawa buku metamatik dan bertanya kepada saya beberapa soalan yang beliau tak dapat selesaikannya, oleh kerana saya memang minat tentang metamatik, tentu saja dengan senang saya membantu beliau. Saya bertanya kepada beliau, adakah ini untuk anak kamu? Beliau menjawab, "ya, ini untuk anak saya yang masih di dalam kandungan, saya sedang melatih otaknya, semoga ia menjadi genius apabila dewasa kelak" Perkara ini membuat saya

tertarik untuk mengikuti perkembangan beliau seterusnya. Berbalik kepada metamatik tadi, tanpa merasa jenuh beliau membuat latihan matematik sehingga beliau melahirkan anak.

Seperkara lagi yang saya perhatikan ialah pemakanan beliau, sejak awal mengandung beliau gemar sekali memakan kacang badam dan kurma bersama susu, dan untuk tengah hari makanan utama beliau ialah roti dan ikan tanpa kepala bersama salad yang digaul dengan badam dan berbagai jenis kekacang, menurut beliau daging ikan sungguh baik untuk perkembangan otak dan kepala ikan mengandungi kimia yang tidak baik yang dapat merosakkan pengembangan dan penumbuhan otak anak di dalam kandungan. Menurut beliau ini adalah adat orang-orang yahudi ketika mengandung dan ianya menjadi semacam kewajipan untuk ibu-ibu yang sedang mengandung mengambil pil minyak ikan.

Ketika saya diundang untuk makan malam bersama orang-orang Yahudi, perkara pertama yang saya perhatikan ialah menu mereka. Setiap undangan yg sama perhatikan ialah mereka gemar sekali memakan ikan (hanya isi atau fillet) dan biasanya daging tidak akan ada bersama di meja jika ada ikan, menurut mereka, campuran daging dan ikan tak elok dimakan bersama. Salad dan kacang adalah suatu kemestian, terutama badam. Seperkara yang pelik ialah mereka akan memakan buah buahan dahulu sebelum memakan hidangan utama. Jangan terperanjat jika anda diundang kerumah Yahudi anda akan dihidangkan buah buahan dahulu. Menurut mereka, dengan memakan hidangan karbohidrat (nasi atau roti) dahulu kemudian buah-buahan, ini akan menyebabkan kita merasa ngantuk dan lemah dan payah untuk memahami pelajaran di sekolah.

Di Israel, merokok adalah taboo, apabila anda diundang makan dirumah Yahudi, jangan sekali-kali merokok, dan tanpa malu mereka akan menyuruh anda keluar dari rumah mereka dan merokok di luar rumah mereka. Menurut saintis di Universiti Israel, siasatan menunjukkan nikotin dapat merosakkan sel utama pada otak manusia dan akan melekat pada genes, ini bermakna keturunan perokok bakal membawa generasi yg cacat otak (bodoh atau lembab). Suatu penemuan yg dahsyat ditemui oleh saintis yg mendalami bidang genes dan DNA... Para perokok harap ambil perhatian. (Ironi nya, pemilik pengeluaran rokok terbesar adalah tekalah sendiri..!)

Perhatian saya selanjutnya ialah melawati tadika mereka. Pemakanan anak-anak tadi cukup dikawal, makanan awal ialah buah-buahan bersama kacang badam, diikuti dengan menelan pil minyak ikan (code oil lever). Dalam pengamatan saya, kanak-kanak Yahudi sungguh bijak dan rata-rata mereka memahami 3 bahasa iaitu Hebrew, Arab dan Inggeris dan sedari awal lagi mereka telah dilatih bermain piano dan violin, ini adalah suatu kewajipan. Menurut mereka bermain musik dan memahami nota-notanya dapat meningkatkan lagi IQ kanak-kanak dan sudah tentu bakal menjadikan budak itu bijak.

Ini menurut saintis Yahudi, gegaran musik dapat stimulate (semacam senaman untuk otak) maka itu terdapat ramai sekali genius musik terdiri dari kaum Yahudi. Seterusnya ke darjah 1 hingga 6, anak-anak Yahudi akan diajar matematik berkonsepkan perniagaan dan pelajaran sains amatlah diberi keutamaan. Di dalam perhatian peribadi saya, perbandingan dengan anak-anak di California ianya jauh berbeza tentang IQ dan boleh saya katakan 6 tahun kebelakang!!! Segala pelajaran akan dengan mudah ditangkap oleh anak Yahudi. Selain dari pelajaran tadi sukan juga menjadi kewajipan bagi mereka dan sukan yg diberi keutamaan ialah memanah, menembak dan berlari, menurut teman saya ini memanah dan menembak dapat melatih otak memfokus sesuatu perkara disamping mempermudah persiapan untuk perhidmatan negara.

Selanjutnya pemerhatian saya menuju ke sekolah tinggi (menengah) disini murid-murid ditekankan dengan pelajaran sains dan mereka digalakkan mencipta produk, segala projek mereka walaupun kadangkala kelihatannya lucu dan mengarut, tetap diteliti dengan serius apatah lagi ianya berupa senjata, perubatan dan engineering, idea itu akan dibawa ke institute tinggi di Politeknik dan Universiti.

Satu lagi yg diberi keutamaan ialah fakulti perniagaan. Saya sungguh terperanjat melihat mereka begitu agresif dan seriusnya mereka tentang perniagaan. Di akhir tahun di universiti, para penuntut di bidang niaga dikehendaki melakukan projek dan mempraktikkannya dan anda hanya akan lulus jika kumpulan anda (10 pelajar setiap kumpulan) dapat keuntungan sebanyak \$US1 juta! Anda terperanjat?

Itulah kenyataan, dengan rangkaian seluruh dunia dan ditaja sepenuhnya oleh syarikat milik Yahudi, maka tidak hairanlah mereka dapat menguasai ½ perniagaan di dunia! Siapakah yg mencipta design Levis yg terkini? Ianya dicipta di Universiti Israel oleh fakulti bisnes dan fesyen.

Pernahkah anda melihat cara orang Yahudi melakukan ibadah mereka? Salah satu caranya ialah dengan menggoyangkan kepala mereka, menurut mereka ini dapat mengaktifkan otak mereka dan menambahkan oksigen di kepala, banyak agama lain di Timur Tengah, seperti Islam juga ada menyuruh umatnya menunduk atau menggoyangkan kepala, ini guna dapat mensimulasikan otak kita supaya bertambah aktif. Lihat orang-orang Jepun, mereka sering menunduk-nundukkan kepala dan ianya sebagai adat. Ramai orang-orang Jepun yg pandai? Adakah ianya sebagai kebetulan? Kegemaran mereka ialah sushi (ikan mentah).. Adakah ini kebetulan? Fikirkanlah!

Berpusat di New York, Dewan perniagaan Yahudi bersedia membantu mereka yg berminat untuk melakukan bisnes (sudah tentu untuk Yahudi sahaja) jika mereka ada idea yg bernas, jawatankuasa akan me mberipinjaman tanpa faedah dan pentadbir dari jawatankuasa tadi akan bekerjasama dengan anda untuk memastikan yg perniagaan mereka menurut landasan yg betul. Maka itu lahirlah Starbuck, Dell comptr, Cocacola, DKNY, Oracle, Perfileman di Hollywood, Levis, Dunkin Donut dan ada beratus kedai ternama di bawah naungan dewan perniagaan Yahudi di New York. Graduan Yahudi dari fakulti perubatan New York akan disarankan untuk mendaftar di persatuan ini dan digalakkan memulakan klinik mereka sendiri dengan bantuan wang tanpa faedah, barulah saya tahu mengapa hospital di New York dan California sentiasa kekurangan doktor pakar.

Kesimpulanya, pada teori saya, melahirkan anak dan keturunan yg bijak boleh dilaksanakan dan tentunya bukan semalaman, ianya memerlukan masa, beberapa generasi mungkin? Persiapan awal adalah ketika sang ibu mengandung, galakkanlah si ibu melakukan latihan matematik yg mudah tetapi konsisten disamping mendengar musik klasik. Seterusnya ubahlah cara pemakanan, makanlah makanan yg elok dan berhasiat yg baik untuk otak, menghayati musik sejak kecil adalah baik sekali untuk penumbuhan otak kanak kanak, dengan bermain piano dan violin sudah tentu dapat melatih anak anak mencerdaskan otak mereka demikian juga sukan yg memerlukan konsentrasi yg tinggi, seperti memanah, bola keranjang, dart dan menembak. Merokok menjanjikan generasi yg moron (goblok) dan sudah tentu genes bodoh akan mengikut ke generasi si perokok..

Lawatan saya ke Singapore pada tahu 2005 amat memeranjatkan sekali, di sini perokok seperti dianak tirikan dan begitu susah sekali untuk perokok dan anda tahu berapa harga sekotak rokok? US\$ 7 !!! ini bersamaan perbelanjaan sehari untuk makan anda!! Saya puji sekali sikap pemerintah Singapore dan menjkubkan sekali!!! dan seperti Israel ianya begitu taboo dan cara pentadbiran dan segi pembelajaran mereka hampir serupa dengan Israel , maka itu saya lihat banyak institusi pelajaran mereka bertaraf dunia walaupun hakikatnya negeri Singapore hanyalah sebuah pulau sebesar Manhattan !!

Anda mungkin musykil, benarkah merokok dapat melahirkan generasi goblok, saya telah menemui beberapa bukti menyokong teori ini. Lihat saja Indonesia, jika anda ke Jakarta, di mana saja anda berada, dari restoran, teater, kebun bunga hingga ke muzium hidung anda akan segera terbau asap rokok! Dan harga rokok? Cuma US\$.70cts !!! dan hasilnya? Dengan penduduknya berjumlah jutaan orang berapa banyak kah universiti terdapat disana? Hasil apakah yg dapat dibanggakan? Teknologi? Jauh sekali. Adakah mereka dapat berbahasa selain dari bahasa mereka sendiri? Mengapa mereka begitu sukar sekali menguasai bahasa Inggeris? Ditangga berapakah kedudukan mereka di pertandingan matematik sedunia? Adakah ini bukan akibat merokok? Anda fikirlah sendiri.

Di tesis saya ini, saya tidak akan menimbulkan soal agama atau bangsa, adakah Yahudi itu zalim sehingga diusir semenjak zaman Paraoh hingga ke Hitler, bagi saya itu isu politik dan survival, yg ingin saya ketengahkan ialah, mampukah kita dapat melahirkan generasi yg bijak seperti Yahudi? Jawabannya

ialah mungkin dan tidak mustahil dan ianya memerlukan perubahan,dari segi pemakanan dan cara mendidik anak dan saya kira hanya memerlukan 3 generasi sahaja. Ini dapat saya lihat sendiri tentang cucu saya, ini setelah saya mengajar anak saya melalui program yg telah saya nyatakan di atas tadi, pada umur 9 tahun (cucu saya) dia dapat menulis karangan sepanjang 5 muka surat penuh. Karangannya hanyalah mengenai Mengapa Saya Gemarkan Tomato!

Selamat sejahtera dan semoga kita dapat melahirkan manusia yg bijak dan bersifat mulia untuk kebaikan manusia sejagat tanpa mengenal batasan bangsa dan agama.

cheers

Salam Dr. M...

May you give me a permission to answer some points raised by Hanan..

Shalom Hanan...nice to hear some POV from a Zionist like you...

Therefore the land was belonging to Jews prior any Muslim was even born including Prophet Muhammad. ...And don't tell me that the Philistines are the Palestinians since this is a real joke.

If you're resorting to this reasoning, then the land should be handed down to Canaanites...but where're they today?... when Muslims came to 'the promised land', they'd setteled down and intermarried with the indigenous people...many had converted to Islam too...that land is their homeland...the good news is, we're not rejecting any historical part that Jews are also have their share to that piece of land...

no one is arguing whether Jews shouldn't go back to Canaan(the ancient name for the land that spread including Israel, the West Bank, Lebanon, Syria and Jordan) or not... but how they're coming back, and that my friend, isn't the best part of the history of mankind..

The European's did what it was the proper thing to do. Since Europe is not the Jews homeland and they understood well that the Biblical Land of Israel is the only homeland for Jews, they helped the Jews to return home. They didn't transfer the problem to the Arabs. It is the Arabs who created it as a problem. Everyone has the right to return to his homeland and we returned. What do you think, expelling someone from his home by force means erasing its homeland roots?

Mahatma Gandhi had a good idea about this...

"Palestine belongs to the Arabs in the same sense that England belongs to the English or France to the French...What is going on in Palestine today cannot be justified by any moral code of conduct...If they [the Jews] must look to the Palestine of geography as their national home, it is wrong to enter it under the shadow of the British gun. A religious act cannot be performed with the aid of the bayonet or the bomb. They can settle in Palestine only by the goodwill of the Arabs... As it is, they are co-sharers with the British in despoiling a people who have done no wrong to them. I am not defending the Arab excesses. I wish they had chosen the way of non-violence in resisting what they rightly regard as an unacceptable encroachment upon their country. But according to the accepted canons of right and wrong, nothing can be said against the Arab resistance in the face of overwhelming odds."

I agree that it is a real tragedy that happened to the Palestinian people in Gaza. Every innocent who is killed is like killing an entire world. Dr. Mahathir and those forum participants – where have you been when rockets killed Israeli Jews and non Jewish during 8 years? No sympathy? Jews lives are not as valuable as the Palestinians lives? Hypocrisy is the definition of that forum.

8 years are nothing compared to 60 years of tears...don't get me wrong...I'm not supporting any principle which goes by the line "fight fire with fire"...I'm merely stating what the Zionist knows best, but maybe from your point of view, what Palestinians know best which is: "they killed us, we kill them with 100

fold"...for how long this should be happened?...

this what the forum is...the West are splashed with the news of what Hamas is doing to Israelis...how about we talk something from the other side of the fence...isn't fair?..

What about the carnage of Jews by suicide bombers exploding in busses, streets and malls? Where were those two Jordanian doctors? Every one pains his relatives' pain. Jews are crying for Jews and Muslims are crying for Muslims. Violence is not one sided but Muslim hypocrisy is one sided. No Muslim said even "I'm sorry about lost innocent Jews lives" while the Zionist Israel is regretting for innocent killed Palestinians that were used as human shields by the charity organization of Hamas.

they're desperate people, what do you think?...

while the Zionists are showing their regrets on how those Palestinians were killed, how about doing something different..try to stop using all sort of weapons of mass destruction...that's what those civilians really need...sorry won't do them any better...

let's suppose there're hostages in a building...should we bomb the building to get rid off the culprits...any sane people wouldn't agree such inhuman tactic...

Yes, this is really a horrible view. But who are the culprits? Isn't it the Hamas with their daily rocket launching for eight years? Dear Dr. Mahathir, what would you do if KL is bombed the same for eight years? Would you extend your other cheek to be slammed? Hamas is the culprit for all that suffering of innocent people on both sides.

blaming each other...that's the fuel of any lengthy war...

but if i could use the same reasoning as yours, i'd say: Hamas is the product of the Zionist's terror...they won't get any support if the Zionist haven't came and start to rob as many land as they could...

we could go on like this for years...but nothing will happen except more blood will be spilled...on both sides...

That Arab is so right – the war is really a religious from the Muslims perspective, including you Dr. Mahathir. But you are trying to camouflage it as a territorial one. That Arab means a Jihad like is written in the Quran:

I don't think quoting from the Holy Quran with 2 verses(with no context whatsoever) will do you any wonder...

will you happy when I take 2 verses from the Torah and show to the world how Israel was formed from the blood of innocent children, women, and even livestocks?...without any given context...I wouldn't be fair right?...

and I'm sure Dr. Mahathir is honest on this matter...this is a territorial war..

This is true. I'm also depressed about such attitudes just because we are angry on each other. We must find a solution to avoid anger and hatred. We must think differently. I've already wrote it in my last letter to you. We must open a new page between the religions and between the Israelis and Palestinians.

I'm totally agree...nothing is nice compared to peace and tranquility in any region...

Why do you think that only a war is the only solution? The historic seizure of the Land of Israel was by Muslims during their expansion from the Arabian Peninsula. The Arabian tribes are the Palestinians of today and that land is not belonging to them. It is a stolen Jewish land by Arabs.

so war is the only solution?...how about the historic seizure of the Land of Canaan by Moses, David, Solomon, etc that formed the historical Land of Israel?...come on...we're not living in historical dream anymore don't you think?...

Dear Dr. Mahathir, I think it is an excellent initiative. Let's see what can be done. I think you can surprise

us with more ideas. Since Malaysia is a kind of a far country from the conflict, I think it may play a very good role to contribute peace. There is just one big obstacle on that path and I'm sure you know it well.

I couldn't agree more...but maybe most people in charge from the West would have something in their mind...Dr. Mahathir was known, and is still known as a person who dare to challenge the West...and I don't think they're happy with that...we Malaysians will always support him in this cause...may Allah give him the strength to bring the tears of joy to the land...

"By Hanan on January 30, 2009 6:46 AM"

Saya baca balik posting terawal Hanan macam yang link diatas tu. Cuba Tun tengok sekali lalu, apa yang Berita RTM siar dan tak siar pun dia boleh tahu. Hairan kan? Sebab setahu saya di Malaysia RTM belum lagi buat digital sequence programming format untuk siaran RTM. Makna tak boleh lagi streaming Berita RTM kat internet macam TV3. Jadi macam mana Hanan boleh tahu dari Israel? Dan dalam komen ketiga Hanan, dia ada sebut "universal network" dia. Tu Sayan lah. Bukan tendency to exaggerate keadaan, tapi semua koleksi fakta pinpoint macam tu lah nampaknya Tun. Bahawa: Sayanem Israel dah pantau Berita RTM TV1 atau TV2 dan report balik ke Israel. Sampai boleh cukup dan lengkap continuous information feed back pada si Hanan, sampai dia boleh form opinion mengatakan yang RTM biased reporting. Apa lagi yang dipantau mereka agaknya? Hai tu lah putaq belit Yahudi. Tuhan pun boleh fed-up dan reject depa. Tapi hairan ada juga Melayu yang sanggup cium bontot depa lagi. This is very serious matter.

Dear Tun

Thank you for sharing what has transpired at the forum. For those who might have missed it, I would like to highlight that in a newspaper report recently, RM2.7 million was collected at masjid throughout the country during 3 consecutive jumaat prayers to be donated to the people of Palestine. That is what rm1, rm2 contribution can achieve when the number contributing is big. Never underestimate the power we actually have.

So, going back to your post on BOYCOTT, i believe it is worth the effort so long that everyone do their bit. I believe that as Muslims, we will be asked - 'when your brothers and sisters are being annihilated in Palestine, what did you do?' I hope when the time comes I am able to answer that I sent them my prayers and that i reduced or better still stop spending the 'rezeki' bestowed on me on products produced by the very people who support the killings, directly or indirectly and hope that Allah has mercy on me for doing so little.

You mentioned in your post about pictures presented at the forum. Is there a website where we can view these pictures? So far, i have only come across one good site that have pictures of what is happening in Palestine. I read some of the comments here and your previous posts on Palestine/israel. Some gave extremely good feed backs while some others just twist and turn your words and waltz their way through trying to defend what is clearly wrong in the eyes of many throughout the world.

Should anyone feel the need to convince themselves that the boycott is necessary, i urge you to view the slide show below. Pay close attention to pic 20 where a boy no more than 5 years old with a bullet wound in the chest. Collateral damage? i doubt it.

Happy greetings Tun,

Both sides, Israel and Palestine possess too much baggage accumulated over decades of prolonged war to be able to stop this act of inhumanity against mankind, with each side accusing the other of provocation thereby warranting counter-attacks, much to the dire detriment of its civilian population, especially the Gazans.

Even the UN's meek and belated intervention has proven to be futile in the face of Israel's total rejection and continuing brutal aggression against helpless civilians without any puny by the world body and/or any country for that matter. Only the US has the clout to intervene (if it chooses to) or help stop this lop-sided war.

Unless there is a concerted and genuine effort by neutral countries or personalities who profess unmasked unbiasedness can any peace negotiations be ironed out between the warring states. No amount of sanctions, boycotts or calls to criminalise Zionist leaders for war crimes at the World Court will stop Israel into thinking that there is no place for them in the Middle East. Patience, understanding, compromise and compassion are needed to overcome this gargantuan hurdle with a view to seek permanent peace for all.

Thank you. Regards.

Dear Tun,

As a Muslim, I understand the Palestine's problem from a Muslim's point of view.

As a Human, I understand the Palestine's problem from a Human's point of view.

But blah blah blah...

Americans (not the people, and definitely not the government as a whole) do not kill people just because...

But like I said before... blah blah blah....

Palestine/Jews will always be a neverending story, ain't it...

It never started as a religious war. I still pray it is not one now... But damn nobody knows the future...

Dear Sir,

Can we open a branch of PAS in Gaza??? After all, they call themselves "pembela islam"....he he he

It is better to send PAS to Gaza than to bring Gaza to Malaysia.

Thank You Sir, keep on writing!!!

Salam,

Very true Tun. Most people already forget the real cause, or they simple don't try to understand and see the past.

No offend, but I think both party are using religion issue to seek support. Anybody who want to try to settle this problem should put aside the 'hate' factor, or else... nothing good will be achieved.

We Muslim support Palestinian not just because of brotherhood spirit and Muslim unity, but also because we believe Palestinian freedom is being denied and their land being taken away illegally.

Assalamualaikum Tun,

I think this is the first time I wrote twice in one of your postings. This comment is particularly about Hanan's writing. If I am not mistaken Hanan is a Jew. He may not present the views of all Jews or Israel but at least we can see what the other side is thinking.

From simple fact of view, Israel is killing a lot of innocent people. Anyone who tries to argue their way to justify what Israel is doing is simply wrong, wrong and wrong.

It seems Hanan think highly of you Tun as a leader of the Muslim world. Well, he is right on that and if its anyone that can lead and influence the Muslims, its Tun Dr. Mahathir.

Tun, you have wrote one article specifically to reply to Hanan. What you wrote may be right, even your posting titled "Palestine" is correct.

However, remember in history and the early days of Islam, there are bound to be people who are blinded to the truth. Remember, the pharaoh who proclaimed himself as god? Remember Abu Lahab and Abu Jahal during the days of the prophet? And many others who have been shown the truth that there is one and only one god and that is Allah. But what do these people do? They continue to disobey and refuse to accept the truth even though truth was facing right in front of them.

Therefore, in this world, it must be accepted there will always be people who does not want to see truth. They will always try to argue and justify what they did is right when plainly it is wrong for all to see.

This is the first time I hear using phosphorus bomb to detect traps. The affects of phosphorus on humans is known to the military. To use it on a densely populated area like Gaza? Whatever the intention be? I wonder....

I do not want to be drawn in an argument with Hanan as I think it is futile. Others who may want, may do so.

I think the Muslims and are other non-Muslims who are sympathetic to the Palestinians have made known their stand. And people like Hanan has also made their stand. So, our stand is ours as their stand is theirs.

Maybe it will take people like Hanan another 100 years to see that killing of thousands of innocent Palestinians is simply wrong. Do we have time to wait until they change?

Salaam Tun.

Zionist-Israel has been breaking the International Law COUNTLESS times for YEARS. Never trust the MAINSTREAM media. The MAINSTREAM media never highlights this important fact and also falsifies information, and spreads lies. ...Iraq, Saddam Hussein and WMD that was never there, Sept-11 "attack", blah blah blah. And now Iran. Predictable.

Please go to the following website and make your own conclusions and further research.

If you have information (outside the mainstream media) such as above, please forward to as many people around the world, so that they all wake up to the TRUTH and JUSTICE.....and stop the WARMONGERS attacking Iran, and ...your country next...

Dear Tun,

When I read about your speech not too long ago about 'The Jews rule the world by proxy', I didn't think it was such a good idea to say it at that time. But that's just me. Maybe you knew the publicity that it would attract and get the world to realize it. Brilliant!

But I think much of the world is still oblivious to that fact.

I applaud your unrelenting effort towards the betterment of all humanity.

Cheers
