

## **CHANGE**

**Chedet.co.cc**

**January 03, 2013**

**By Tun Dr. Mahathir Mohamad**

1. In his campaign to become President of the US Barack Obama promised change, "time for change", he said.
2. He promised to close down Guantanamo Detention Camp.
3. He promised to stop trials of detainees by Military Courts.
4. He promised to pull out from Iraq and Afghanistan.
5. And many more.
6. Now four years into his first term he has failed to keep his promises.
7. Guantanamo is still holding so-called terrorists; still torturing them. No military courts but no trials by civilian courts either.
8. Instead of pulling out from Iraq and Afghanistan he approved a "surge" in the troops sent to this area. Later he pulled out some troops but American soldiers are still in the two countries.
9. Making promises during campaigns for elections is easy. Keeping them is a different matter. The best hope is that people's memory is short. They would normally forget the promises.
10. Now the opposition in Malaysia have copied Obama and is promising change.
11. Give them a chance they say. The BN has ruled this country for 55 years. It is time to change. They will change this into a welfare state. Everything will be free. No fees for education. No tolls. Large subsidy for petrol. 20% royalty to oil producing states etc..etc.
12. The Socialist and Communist have tried this welfare state idea. They failed. Malaysia has no ideology. But the reality is that all Governments need money in order to develop the country and to subsidise living cost for the people. But when Government foregoes taxes, tolls and fees, it will have less money. But it will still have to spend money on running and maintaining utilities, expressways, schools, hospitals, operational and development cost, pension, subsidies, etc.
13. So where does the Government get necessary funds.

14. Borrowing is okay if the money is invested and giving a return to repay the loans. But borrowing money in order to just spend will lead to non-payment of debts.

15. That's what happened to Greece. It's bankrupt now. The whole of Europe cannot put it back together again.

16. Admittedly the BN has ruled this country every since independence. But look at the record and compare it with other countries which gained independence at the same time. Compare it even with the developed West. They are in deep financial trouble and try as they might, they have not been able to overcome the crisis.

17. Remember 1997- 8 crisis. The then Deputy PM and Minister of Finance tried the IMF solution without the IMF loans. Banks and companies were faced with the threat of bankruptcy from non-performing loans. Imports cost more. Cost of living shot up.

18. The track record of the Minister of Finance then was bad although there is a fondness of claiming success brought about by other people as his success. PNB, UIA and Islamic banking were part of the claim.

19. Now as leader of the Opposition he is claiming to bring about change. What good change did he introduce when he was in the Government. All he was interested in was getting up the leadership ladder of UMNO in order to become Prime Minister. How he achieved his objective does not bear scrutiny.

20. Five years for the Anwar or Hadi-led opposition to govern is dangerous. Many things can be destroyed in five years. We have some experience of this. Besides the Opposition as Government will ensure there will be no return for the BN. Officer in the Government will be used to "gempar" (threaten) whoever tries to change Government. We know this has happened before.

21. Already we see this person who claims to fight for free speech suing and resorting to the courts to shut the mouths of his critics. Other powers of the Government will be similarly abused. Nepotism and cronyism will be employed as indeed they are in the party he now heads.

22. The record is there. Malaysians must not allow themselves to be hoodwinked as I was hoodwinked by the appearance of religious piety in the past.

23. The BN has listened to the people and has changed many laws and policies. All that the people need to do is to urge the BN to carry out whatever change the people desire. But changing the Government can and will result in this country becoming unstable and unable to grow.

At last, you speak like a man, Mubarak Chan.

Who are good, who are not good, voters know.

Guan Eng is just copying what BN did in the past to get votes, no more, no less.

Chinese, similar to Malays as the 2nd major race in Singapore, we too are being marginalized by majority race.

It's good to read news on Singapore PM Lee Hsien Loong to show us that no bias or prejudice in appointing the first Malay female as Dewan Speaker to set a good role modelling for Singaporeans to see.

If BN prefers the old way of doing things, they can bankrupt the country in 2019.

What's the point of building great infrastructure when you hardly see us travelling on them?

What's the point of subsidizing rakyat just to make rakyat vote BN?

Malaysia is a small country.

Malaysia is vulnerable to any volatile global crisis that can force us to change the government.

If BN members are unable to react quick and fast to these uncertainties, they will be voted out.

Today, political uncertainties is not between Malays vs Chinese.

Today, political uncertainties is between Malays vs Malays wrt to "Kalimah Allah".

In the National Interest and since there is so much controversy concerning the DAP elections with the DAP leaders admitting their embarrassment and others calling it something else, maybe the Registrar of Societies should step in to review the whole DAP elections process because it was alleged also that there were no qualified auditors, lawyers or other professionals in attendance to supervise,

monitor or scrutinize these vital elections. Maybe DAP one day will govern all of us. And for this, I am sure the DAP will welcome the Registrar to perform his task !

Salam Tun.

I wish to refer to my earlier comment to Tun's earlier entry, "SPEECH AT THE RAFIK HARIRI UN-HABITAT MEMORIAL AWARD" dated 02/10/2012, which was posted on 08/10/2012 @9:38 am  
I'm very much looking forward to Tun's consideration.

This comment was posted on October 8, 2012 at 9:38 am  
"Salam Tun.

How I wish to be one having the capacity (and to be accepted/recognised) to bestow just one award, to one that's most outstanding and influential, and whose achievement when compared to the rest combined that still only look a mere pale shadow of his.

I'd undoubtedly have reserved that award for you.

This coming PRU13, I wish that Tun will reconsider retirement in politic and to contest in Permatang Pauh.

Knowing the parliamentary seat to be Anwar's impregnable fortress, and even if the slim chance that Tun will lose is to happen, everyone will understand the situation.

Tun has very little to lose if there's an upset happening and Anwar wins, but with a huge reputation intact and getting stronger if Tun can win there, which I'm very optimist on Tun's success.

God willing, I'll do my utmost best to change at least 100 fence sitters and opposition supporters to vote for Dr. Mahathir."

Thank you to Alfred Willner for correcting my wrong, even though there's no medical report found anywhere that stated Hitler was a "MAD MAN, he was MENTALLY SICK and OBSESSED".

I very sincerely believe the statement from Alfred is just an echo of the true feeling of all Germans.

If Alfred is not shy to reveal the regret and remorse of Germans to the extend of creating unfounded MENTALLY SICK accusation about Hitler just to show/emphasize their dislike of him, I salute them!

How I wish the other races to follow the path taken by the Germans.

I do hope HBT and gang learn something there.

Another thing for HBT to ponder, and maybe Alfred Willner can correct me if I'm wrong,

Hitler exterminated the jews because the latter's greed show no bound!

Dear Tun Dr. Mahathir,

I believe I have said here before that I do not intent or mean to get involved in discussions over Malaysia's forthcoming General Election as I am a foreigner to your lands and thus not entitled to comment on the subject and I never did.

Since "sudin" addressed me here with the above comment of his and since the subject is not really an electoral issue, please allow me to respond:

HITLER exterminated the jews because he was a MAD MAN, he was MENTALLY SICK and OBSESSED. No one should compare with him, use him as reference or use what he did as an example -not in Malaysia nor anywhere else in the world- for HIS DEED WERE EVIL.

This is all that needs to be said in this regard.

Salam, dear Tun!

Berita terkini,

Tun Dr. Mahathir Mohamad menyifatkan tindakan DAP mengadakan pengiraan semula undi bagi pemilihan Jawatankuasa Kerja Pusat (CEC) baru-baru ini, sebagai satu helah politik untuk menarik sokongan orang Melayu menjelang Pilihan Raya Umum ke-13.

"Kiraan itu betul tetapi bila mereka (DAP) dapati tidak ada langsung pemimpin Melayu dalam DAP, mereka kata mereka silap. Takkan begitu bodoh sekali, nak kira undi pun tidak tahu. Kalau tidak tahu kira undi, tidak usahlah jadi kerajaan," katanya.

Saya ingin memberi gambaran kejadian konon2 salahkira undi yang diumumkan oleh Kapal Sink.

Bertempat di kamar guan eng,

guan eng: "Berani itu delegate lawan gua punya perintah. Zairil, panggil Kapal sekarang."

Zairil: "Baik master."

Sebentar kemudian Zairil dan Kapal Sink masuk.

guan eng: "Kapal, gua mahu itu undi kasi ubah, my puppeteer Zairil no.20"

Kapal Sink: "Susah tuan, itu Pooi tak mahu tukar."

guan eng: "Guna itu 'liar game', awak kan expert! Lagi satu, itu Teresa selalu berkoKok, dia mahu Chairman baru, ramai delegate sokong sama dia. Hanya kit siang dan anaknya saja boleh suruh dia henti berkoKok. Awak paham."

Kerana takut jawatan Chairman ditentang orang2 Teresa, Kapal Sink terus menjawab,

Kapal Sink: "Loud and clear tuan."

Several hours later, Kapal Sink enters kamar guan eng.

Kapal Sink: "Semua settle tuan. Pooi saya suruh berhenti, Zairil no. 20, official announcement already made."

guan eng: "You dengar Zairil, lu jadi my favourite puppet. All dismissed."

Menyedari dia kurang popular dikalangan delegate, guan eng berkata sendirian: "I'll show them, just wait."

Salam Tun.

It's a funny world when the 'haves' keep accusing the 'have-nots' as corrupt.

When the police stop HBT for breaking the law (speeding, road tax/license expire, crossing under pedestrian bridge, throwing rubbish anywhere, whatever), she will beg with the police not to issue summon. Finally like a magic BHT insert a RM50 note into the summons book, instead of signing it.

The police is undecided whether to accept the money or issue HBT another summon for trying to bribe a police officer.

But the officer happens to be a very reasonable man. He pities the dame, having to go to court or probably pay a much higher compound. So he takes the summon book together with the RM50.

The incident does not stop there, because HBT decides to post in "chedet" accusing the police as corrupt!

HBT is still not satisfied, so she tells to every Tom, Dick and Harry that the Malaysian police is corrupt!

HBT will never mention to anyone of her wrongdoing.

Throughout my working life I keep coming across people giving all kind of 'offers' for wanting something in return. Now, HBT please read these next words and ponder,

THEY ARE ALL CHINESE!

Only the 'haves' are capable to offer huge bribes, and the 24% Malaysian Chinese population owns more than 70% of Malaysia's riches!!

They are the most corrupt race in Malaysia!!!

Same as lawyers are Malaysia's most corrupt professionals!

Can you stop making sweeping statements by accusing the Malays are corrupt.

Another thing for HBT to ponder, and maybe Alfred Willner can correct me if I'm wrong,

Hitler exterminated the jews because the latter's greed show no bound!

It is indeed disturbing to read that the Penang State Government is setting up a Political Security force like Hitler's Brown Shirts complete with jack boots. No doubt this will evolve into more than a division of extra-Federal control troops complete with arms and armaments trained by instructors from Singapore which will also supply the arms. A division has about 25,000 personal.

I believe there are already Singaporeans in the Penang State Government system advising on projects.

Of course, these Penang Brown Shirts can go anywhere within Malaysia. Heil Hitler !

In no time at all, the anti-Federal Government forces will outnumber our standing army and police with funding from we do not know where. As it is, the amount of money that is sloshing around the system in support of the Opposition must be giving the Government a big headache. GLCs money you know !

What is the necessity for this 'warlord' type of behaviour by the DAP is beyond my imagination ?

In fact, I propose that we should strengthen our police and armed forces and provide better amenities for their families. If Penang wants additional protection, then, the State should pay for it.

Otherwise, the Penang State Government's proposal is the most preposterous I have ever heard in all my life coming from politicians.

Vote BN. All Malaysians especially the Malaysian Chinese. The desires to turn Malaysia into an authoritarian state is slowly, slowly evolving to everybody's detriment !

Based on the latest evidences, it seems to me that you are the real person. Thus, although you may neither sue me nor 'catch' me if i refuse, I WOULD LIKE TO APOLOGIZE AND RETRACT MY PREVIOUS ALLEGATIONS ON YOU. I hope this satisfied enough.

A P O L O G Y A C C E P T E D , as offered by fikrisoleh on January 7, 2013 at 9:39 AM – this is satisfactory albeit to see your real ID here as you and everyone else can see mine would have added additional credibility.

Other than that, your explanations are long hauling and somewhat far fetched.

Whoever deals with the public as we do in our undertakings to market Chinese cars in Europe will have the Press to deal with. The Spiegel-Article you bring to the attention of the followers here is an old issue – like you did here, they too have had to clarify and withdrawn certain points they made there at the time.

In German we say "wo gehobelt wird, da fallen Spaene" meaning: When using a planer you will drop chips. Hazzards of the business. Competition is always out to

hurt you wherever they can. At the end of the day it will be quality, service and price worthiness that will make your product make it on the market. In automotive industry the German Market is the toughest on the planet – if you make it there you'll make it everywhere. Currently we are all in a reshuffling mode and the market in Europe will soon here more of Chinese Cars again. Already this year China will become the Number One car manufacturing country in the world.

The World was sleeping while China was working.

To the extent of your further credibility you can use my e-mail address to contact me at [alfred.willner@euromotors.ltd.gi](mailto:alfred.willner@euromotors.ltd.gi) , now that you are satisfied that I am the real person. Yo polo clown,  
please compare the following statistics;  
( taken from Outsyed the Box)

Barisan Nasional:

Dato Harun was jailed for corruption. UMNO kicked him out of office.  
Khir Toyo has been found guilty in Court.  
The PKFZ case is now in Court. If found guilty people will go to jail.  
Lembu Condo case is in Court. Shahrizat has lost her job. If guilty, people will go to jail.  
Mat Taib was found INNOCENT by an Australian Court. However Mahathir kicked him out. Slumberjack reappointed him.  
Anwar Ibrahim was found guilty of corruption by the Court and sentenced to six years jail. UMNO kicked him out.

Pakatan Penipu Rakyat:

The PKR can cheat in their party elections in 2010 its ok.  
The DAP can 'adjust' their election results, its ok.  
They can deal in billion Ringgit land scams (Selangor Darul Talam) thats ok too.

They can sapu 10,500 acres of timber land – thats ok too.  
They can get caught buck naked (or butt naked) on tape with girls – thats ok too.  
Their wakil rakyat lawyers prepare false statutory declarations – all ok.  
N.ajis says vote for me and you will go to heaven. Thats ok too.  
Their people can get involved in sexual harrassment, thats ok  
they can offer RM30,000 bribes to tutup mata thats 'a personal matter'  
they can offer Tunku Aziz RM50,000 – thats a stipend. Its ok.

As for Scorpene, it's a no brainer really. Suara Anak Haram have been exposed as big time liars!

Rosmah's 24m ring actually belongs to Jacob & Co, New York.

THIS is the much publicised RM24 million ( I repeat it is RINGGIT MALAYSIA 24 million as stated in the Royal Malaysian Customs declaration forms).

The Royal Malaysian Customs declaration form below is proof that the RM24 million diamond ring which was brought into our country for a private exhibition by its New York-based owners, Jacob & Co, was taken OUT of Malaysia on the 20th of April, 2011. – four days after arrival on the 16th of April, 2011.

So its a fact that the much talked about ring was brought into the country.  
It is also a fact that the regional agent for Jacob & Co did use Datin Seri Rosmah Mansor's name (it says 'inspection by') on the Customs declaration form.  
It is a fact that such fine jewellery, as this diamond ring OWNED by Jacob & Co, IS NOT a taxable item under the Malaysian LAW.  
It is also true that a private exhibition by Jacob & Co's regional agent did take place in a private residence of a VVIP in Kuala Lumpur sometime between the 17th – 19th of April, 2011.

NOW the interesting part .....

It is NOT TRUE that the RM24 million ring owned by Jacob & Co was PURCHASED by any of the VVIPs who were present at the "private exhibition".  
The RING IS NOW WITH ITS RIGHTFUL OWNERS – JACOB & Co in New York – Thank You.

It is a BIG LIE that the Prime Minister's wife Datin Seri Rosmah Mansor had purchased the ring with her savings as being propagated by some politicians and their desperate lackeys.

What so wrong with some criticism of UMNO or any party?

If afraid of criticism then dont come out to the forefront! Staying inside a box will avoid or stop all criticism.

Without criticism and feedback life will be like a one-way-street which is bad for everyone including orang melayu.

See criticism as something that will make UMNO into a better party and serve the people better.

Closed Heart and Mind will see/interpret criticism as bitter enemy or anti-Govt or anti-this and that.

Opened Heart will see/interpret criticism as information or “I wish you well” or “I want to work with you” or “can it be better”.

(Slm Tun. As this is your blog, pls allow me Tun to correct my 'allegation' on Mr. Alfred Willner)

To Mr Willner,

My allegation was based on 'fact' and what was evident from your interactions online (i.e. on chedet.cc). Thus i might be correct, and also might be wrong. But as to fulfill my social obligation, I have to take the risk by accusing the user 'Alfred Willner' on attempting fraud/scam to avoid many more to become the victims of the existing incidents/cases.

To prove you are the real owner of Euromotors, you should have came up with better evidence or credible authorization than just providing 'dangling' website with anonymous contact person (?!). I was also not convinced by the recent reply. However, lucky for you, just recently i found this 'evidence' that 'Alfred Willner' is the true owner of Euromotors based on Gibraltar (<http://www.spiegel.de/spiegel/print/d-49691766.html>) and combined with the email address on you provided, should be convincing enough (at least in case you are only using his identity, you are not authorized to use his email).

My allegation was actually focusing on 'identity theft', rather than accusing 'Alfred Willner as international criminal'. These are two different things. U should realize that this 'preemptive' action is important on internet, not only to protect people to become a victim to the scammers, but also to protect the owner of the real identity. In case you are not the real Alfred Willner, at least any of the interested person may contact the real Alfred Willner for confirmation. Any other intention is not in my interest.

Based on the latest evidences, it seems to me that you are the real person. Thus, although you may neither sue me nor 'catch' me if i refuse, I WOULD LIKE TO APOLOGIZE AND RETRACT MY PREVIOUS ALLEGATIONS ON YOU. I hope this satisfied enough.

---

p/s: it is also unreasonable and baseless to claim my 'allegation' as 'un-Malaysian'. My act was based on individual opinion and action, to help others. As i'm concern, there's no standard Malaysian way to interact with foreigner (except with a smile)! i'm a responsible person, not like the Opposition or PR YB's who like to accuse and make damages without the feeling/guilt to repair the damage that they have done!

Even if BN loses Pahang, Lynas Plant must continue to prove to DDIs and FDIs that Malaysia Government is here to transform our economy into the next level in this Malay dominated state.

BN has been so afraid of losing votes politically, they keep subsidizing the rakyat until the rakyat feel that we do not need to work and improve ourselves to the next level to sustain our lifestyle via increasing taxes in property and vehicle taxes.

For those who think that they can attack me, please go ahead.

General election is around the corner.

Salam Hormat Yg Bhg Tun,

Nampaknya kepimpinan Pas tak sekata pasal isu penggunaan Kalimah Allah dalam Bible Kristianiti versi bahasa melayu yang dibangkitkan oleh Setiausaha Agung DAP baru-baru ni. Mat Sabu (Timb. Presdiden Pas) kata boleh guna Kalimah Allah yang diminta oleh Lim Guan Eng, manakala segelintir kepimpinan Pas yang lain menolak dengan alasan Kalimah Allah adalah exclusive untuk orang MUSLIM sahaja seperti yang telah diputuskan oleh pihak yang berwajib mengenai agama Islam.

Mat Sabu mungkin senada dengan kumpulan Anwarinas yang hanya mementingkan kepentingan politik menjelang PRU ke 13 untuk nak pikat undi bukan Islam. Demi terlalu taksub mahu memperolehi kuasa diperingkat persekutuan kepentingan agama Islam dipinggirkan atau ditolak sama sekali oleh Mat Sabu. DAP khususnya YAB Lim Guan Eng dah dapat sokongan moral yang kuat dari Mat Sabu untuk menyokong permintaannya supaya Kalimah Suci Allah boleh digunapakai dalam Bible Kristianiti Versi Bahasa Malaysia.

Sama=samalah kita renungkan sebagai umat Islam, adakah pendirian Pas itu betul demi kepentingan Islam dalam banyak perkara yang dibangkitkan, UMNO KAFIR, SESIAPA YANG MENYOKONG UMNO KUFUR, UMNO MENOLAK ISLAM, LEBIH BAIK BERKAWAN DENGAN SYAITAN DARIPADA BERBAIK DENGAN UMNO dan sebagainya.

Sekian, terima kasih dan Wassalam.

Salam,

#### 1. Kemajuan Negeri2 Jajahan Pakatan Rakyat

=====

Dulu di Selangor, depa pasang papan rentang merata2 minta rakyat bagi depa peluang perintah satu penggal. Maka rakyat Selangor punya kesian bagilah peluang. Rupa2nya kerajaan Pakatan Rakyat Selangor adalah kerajaan koboi campuran PKR-DAP menunggang kuda PAS.

Kemajuan yang dibuat oleh kerajaan BN depa teruskan. Masa sama depa tolong rakyat buat kerja SPRM cari mana2 aktiviti2 rasuah yang boleh dibongkarkan sebagai modal ehsan untuk PRU akan datang. Yang mana projek terbengkalai, kumpulan The Three Amigos tembak BN. Semua salah BN. yang mana berjaya semua pencapaian Pakatan. Kalau kita lihat ahli2 politik Pakatan di Selangor di kawasan awam, kita akan nampak wakil rakyat dan ADUN PAS hanyalah Mat Sengih kerja dia tersengih2. Sebab tak ada kuasa. Apa tah lagi di Pulau Pinang, jadi Mat Batang Pisang. Di Perak nasib baik, dah dapat kat BN. Kalau tidak kerja depa tolong polis buat sekatan jalan raya dengan baring berguling2 di jalanraya. Ada antara depa tak main lebai2 hoi, mesti ikat tali kat kepala macam cerita 'Ninja Turtle'. PAS Perak 'ngam' ma!

Di Kedah, dengar cerita pemimpin PAS duk kerja pukul nyamuk. Bendang ok? Ayak ok? Ada banyak mineral tak?

Di Kelantan, Menteri Besar mungkin masih tak sedar dia menerajui sebuah negeri yang penduduknya di situ dan di merata2 Malaysia bersemangat kenegerian 'kawe anak Kelate'. Asabiyah tak?

#### 2. Kaum Bukan Melayu bagaimana?

=====

Kaum bumiputera sudah pasti kebanyakannya bersama BN dari awal hingga khr, Insyallah. Kaum India dah nampak kembali semula ke pangkuan BN.

Kaum Cina bila pulak? Janganlah bandingkan Malaysia dengan Singapura. tanya sama kawan di Singapura, i orang pangkat tinggi di Singapore semua orang Singapore ke? Kerajaan Singapore itu kerajaan penyayang ke? Kerajaan Singapore anggap rakyat sebagai manusia atau pekerja syarikat. Ada fikir tak kerajaan Singapore memerintah negara seperti sebuah syarikat. Tak ada itu hapiness but stress all the time. Sebab itu orang Singapore kalau pandu kereta selepas Tambak Johor, macam masuk itu Taman Bahagia. Kebahagiaan tiada di Singapore. Gaji banyak, hati susah. Sudah tua, tak ada siapa peduli.

Memang orang Cina kalau ada banyak wang tiada masalah. Orang ahli politik BN pun ada juga apply PR (permanent residency bukan Pakatan Rakyat) di negara kaya. Ada wang semua boleh.

Saya tak risau kalau orang Cina kaya tak sokong BN. Sebab sudah kaya mahu lagi kaya la. Saya hanya risau kalau orang Cina miskin tak sokong BN. Orang Cina miskin selalu kena tipu sama juga dengan orang Melayu dan India miskin. Ada satu parti selalu menakutkan orang Cina seolah2 rugi sangat kalau sokong MCA kerana MCA itu adalah UMNO. Janganlah salahkan UMNO jika orang Cina miskin tak dibantu kerana BN guna konsep perkauman. Bumiputera dijaga oleh UMNO, orang Cina oleh MCA dan Gerakan, orang India oleh MIC, Gerakan, PPP dan lain2. Kalau orang MCA tak mahu bantu orang Cina , bagitahu sama Perdana Menteri .

Malaysia perlu keamanan untuk mencapai kemakmuran.

Ada banyak soalan boleh tanya kepada Pakatan rakyat tapi sikit contoh soalan cukuplah:

1. Adakah negara boleh aman sekiranya Pakatan Rakyat memerintah Malaysia. Di Selangor sudah terbukti, tiada kesefahaman antara parti Pakatan Rakyat. Dah rasa bertamabh selamat ke tinggal di negeri jajahan Pakatan Rakyat? Jenayah dah kurang? Jangan salahkan polis, kerana tanpa polis lagi teruk lagi keadaan. APA LANGKAH2 TELAH DIAMBIL OLEH KERAJAAN NEGERI UNTUK MENGURANGKAN JENAYAH ?

2. Adakah negara boleh bebas rasuah sekiranya Pakatan Rakyat memerintah negara? Jangan lupa kebanyakan pemimpin Pakatan rakyat juga adalah ahli politik yang kebanyakannya masih sayang dunia.

3. Adakah negara boleh jadi negara akhlak mulia sekiranya Pakatan Rakyat memerintah. Pemimpin PAS mungkin kot tapi parti lain tak tentu lagi. Kelantan dan Kedah dah bebas maksiat? Penang dan Selangor bertambah atau berkurang?

4. Adakah kronisma tak akan wujud jika Pakatan rakyat memerintah. Nak dapat gambaran boleh ramalkan jika lihat senarai nama pemimpin utama dalam PKR dan DAP terlebih dahulu.

5. Adakah negara lebih maju sekiranya Pakatan rakyat memerintah? Dalam masa hampir 5 tahun selepas PRU , tolong senaraikan kejayaan di Selangor, Kedah, Penang, Kelantan?

Dengan fikiran tenang, gambarkan bagaimana Malaysia dibawah pemerintahan Pakatan Rakyat. Jangan seperti beberapa cerita gadis yang dilamar oleh lelaki yang pandai bergaya dan berkata2, lepas kahwin baru tahu perangai dia yang sebenar. Mula2 semuanya manis. Bakal Pak Mertua dan Mak Mertua ingat tu pesanan Orang Lama!!!

Assalamualaikum WBT Yg Bhg Tun,

## CHANGE/TUKAR?

Looking at the current situation in Malaysia, whereby the past and present government (Barisan Nasional) is doing their roles and responsibilities for the development of the country and communities in a right path and very much relevant to the needs of the country for the past 55 years ago since MERDEKA. We consistently live in peace and harmony. Every citizen of Malaysia are free to earn their living, practice their own believe in culture and religious with no resistance. As a result do we really needs a change/Tukar to a new government as what the opposition (Pakatan Rakyat – loose combination between PKR, DAP & pAS) is trying to highlight to the rakyat, in which they are accusing that the present government (BN) not doing well, and the leaders are corrupted. Till to date there are no concrete evidence imposed by the opposition (DAP, PKR & Pas) to all their bad accusations towards the present government (BN).

The opposition claiming that their combination (Pakatan Rakyat) are doing very much better than BN, and free from doing any mistake. As far as human being is concerned no one is 100% excellent. BN also did some mistakes, and openly admitted by the present BN number one leader YAB Dato' Seri Mohd Najib Tun Razak, but keep their promises to deliver without fail.

DAP top leader requested the government (BN) to permit to use of the word "ALLAH" in the Kristianity Bible with Malay Version. As very well known in accordance to the MUSLIM SYARIAT and to the public the word "ALLAH" is only relevant to the MUSLIM. This issue has strongly opposed by the MUSLIM communities, and it may increase the emotional feelings of the MUSLIM and cause resistance to the present feeling of excellence harmony between different religious believers. Religious issue is very sensitive in Malaysia and world wide.

Another current hot issue was "AMANAT HAJI HADI" the present President of PAS who accused UMNO KAFIR since 1981. The serious impact of the issue (caused damages to relationship between families, friends and relations especially between two believers UMNO and Pas) daily revealed by the former Pas supporters via various media. MAJLIS FATWA KEBANGSAAN FOR MUSLIM RELIGIOUS has publicly declared in the year 1984 and again in the year 2002 that the AMANAT HAJI HADI is clearly against the MUSLIM SYARIAT, and no one (Muslim communities) should be influenced and practice the perspective amanat by Hj. Hadi.

We should make our-self clear especially being a truly Malaysian and fully understand the needs of the stability in peace and harmony, political stability and stable government, so that the country consistently develop for the needs of the RAKYAT.

Think wisely, and choose the right government in PRU 13 i.e Barisan Nasional.

Salam Hormat dan Terima Kasih Tun.

DIRTY LIARS!!!!!!

DAP was willing to sacrifice their election director Pooi Weng Keong and also the TRUE winning candidate at 20th spot in the initial count in order to

accommodate a MALAY PUPPET!!!  
And in the process DAP created the MOTHER OF LIES!!!

In the most unlikely of scenarios, Kapal Sink revoked the number of votes due for puppeteer Zairil from 305 to 803, just suffice to put the puppeteer at 20th and last spot!!!

The air of Amanat Haji should not be aired as Malaysia is no longer Malay land.

PAS in the past has used "Allah" issue that not only brought down Malay leaders, Onn Jaffar, Tunku Abdul Rahman, Tun Razak, Tun Hussein Onn and Tun Pak Lah.

Only Tun Dr Mahathir has escaped this issue when he used ISA.

Since DAP Lim Guan Eng, as the son of Lim Kit Siang, has decided to raise this "Allah" issue in George Town, he better think twice as Chinese, should he merges with PAS and PKR just to garner votes based on his sentiments by anti-BN just to cure his hatred?

Selamat pagi YAB,

I do not want to cheat YAB my own feeling as Malaysian.

I believe YAB is a gentleman whom have no choice but to sack your DPM cum Minister Finance, Anwar Ibrahim, when you realized he was not the right man to be the PM.

You have made the right choice.

Hence, our share index, commodity, Forex, property value and inflation rate keep increasing since we do not have any borrowings from IMF or World Bank to protect our national sovereign wealth.

Today, Malays are evolving and they too have become wiser and smarter to choose which coalition fit to represent them.

Once again, I thank YAB to create this blog for us to unblog.

If they think that they are not ready to accept change but prefer to remain stagnant, they should vote whichever party that they see fit to represent them in the governments.

General election is about emotion, sentiment and feel good factors which can change as time moves on especially for those Malaysians who are holding the VVIP posts to find out for themselves the result of their implementation and execution.

PM Najib cannot get carry away with these human factors because these factors may prevent him from transforming our economy to the next level.

General election is not about who have more votes.

General election is for us to get the results for what went wrong.

If DAP does not merge with PKR and PAS, as Chinese, I will vote them because I do not want to see Chinese who do not speak English and Bahasa become more and more anti-Malay Government.

If DAP merge with PKR and PAS to topple BN power, I will not cast vote on them because they are 55 years behind BN.

Good day, YAB.

In defense of president Obama and his promises the Tun makes comment on I must say his failures in this regard to follow on his promises may be directly connected to the "short term government syndrome" the US and other liberal democracies suffer from. The 4 or 5 year term was created when we lived in a world which required 4-5 years to complete projects and to fulfil promises especially in developed western nations. The mistake was for us to adopt and accept these "short term governments" in our developing world.

The fact remains that in the US, a nation with a more complex political system than is admitted to , in reality what in theory is a "government of the people by the people" is a government for "some people by some people".

Obama has only so much capacity to control events and institutions such as military adventures and the defense establishment in that country. The army in the US has been privatised and where required to circumvent the law, they use contractors. This is the case in Iraq and in Afghanistan. Contractors (if one accepts the legal fiction they represent) are individually (as opposed to vicariously) liable for their unlawful actions. It can't (again a fiction) be imputed to the principal , the state that engages them.

Somehow I doubt that President Obama, a brilliant Harvard educated lawyer with the unlimited resources of the wealthiest state on the world, would not have known of the power and influence of the military industrial establishment prior to taking office. He must have known prior to taking office that many of his promises could not be fulfilled, let alone even considered seriously during his term of office.

Obama allowed Hilary Clinton to undermine his presidency and engage in the assassination of a foreign leader in Muammar Ghadafi in breach of international law and conventions and to encourage if not actively support the undemocratic overthrow of states and governments in the middle east. Egypt, Tunisia, Syria and Libya immediately come to mind in this context.

The destruction of the international financial and banking system as we have come to know it may not have been something that Obama is directly responsible for. It is a disaster that was engineered and executed by very powerful interests, narrow interests, in the banking and financial system in the USA.

In October of 1987 the same groups of powerful and well connected bankers brought not just Wall Street but all of the international financial systems to their collective knees with "black Friday". It appears that the lessons of that disaster were lost or never fully realised by the western capitalist system. Michael Milken and Drexel Burnham Lambert, Ivan Boesky were to be replaced by George Soros, with the tacit and political support of the likes of Alan Greenspan and the US Treasury. The question we therefore ask is why? why are powerful people allowed to rob, rape, pillage and plunder public resources anywhere with relative impunity?

The answer to this question is perhaps correlated to the growth of radical Islam even in the west. People need certainty in their lives however harsh a cost that certainty may come with. We live in a consumer society where material wealth alone is the sole determinant of how good, how great, how intelligent and how respectable we are. Well at least in a western capitalist sense.

Obama is the other side of the same coin that gave us George Bush snr and jnr, Kennedy, Nixon and even Abraham Lincoln. As the statement in the US dollar bill says "In God we trust". (all others please pay cash).

Dear YAB Tun and others,

After reading almost all of the postings related to Tun's remarks on change...I can safely say;

1. some based their arguments on facts and there are some who gave opinions without solid evident or supporting facts.

2. tension is building and patience is running low with more confrontations and running down of fellow bloggers, as compared to earlier postings

3. everybody is right in his/her own ways – based on their perceptions;

a. the racist chinese believed that DAP can fulfill their dreams of taking over Malaysia from the malays, because they believed that they are more superior than the malays and the malays needed them but not otherwise. One typical example of DAP's teachings (just like Amanat Hadi for UMNO supporters); a female chinese friend shared her worriness about her husband and their children supporting DAP and all of them do not have malay friend/s – is this true for all DAP supporters? Obviously those chinese who have been brought up with full of hatred towards the malays will go for DAP. Democratically, this is not wrong, but...malays have feelings too and famous for amoks! (checkout the dictionary for amok – it derives from malay word 'mengamuk'). Be like the MCA people, they fight for chinese rights and privileges and they achieved their goals, but still remain friendly with the malays. The malays (except those cheated by their malay leaders in PAS and Keadilan) are kind-hearted people who respect

others, that is why they did not harrassed the successful chinaman. But DAP may be pushing their lucks too much and not good for plural society in Malaysia. PAP in Singapore until today, showed how they used their powers to 'rob' the malays of their privileges (Lee Kuan Yew promised to help the malays in 60s) and DAP has shown their copy-cat attitude too.

b. the so-called 'Islamist' believed they are not Malays, but Islamists and therefore uphold PAS principles, including Amanat Hadi. So they go all out to convince the malays that they are more Islamic if they are with PAS. Then, there is another group in PAS which I supposed being planted by anwar way back many years ago, who did not bother about Islam, but just to support anwar. Unlike the DAP's supporters (who intentionally wants to rob from the malays), PAS supporters are being cheated by their leaders who give the impression that Islam (PAS) will lead when PR wins but the leaders know very well PAS is nothing if PR wins. PAS leaders cheated, lied to their followers and when they collect PAS supporters votes, they will pass to DAP to make it stronger and strangle the malays in return. The leaders do not feel ashamed or guilty because they believed they are not malays.

c. the so-called keadilan group are simply working hard to put their leader as PM – why he should become PM? Dont know, he wants to become PM...so give it to him. clearly he is the enemy of the state...look at his anti-Malaysia actions, read what the judges who released him said (no need to read when he was prosecuted)...therefore he should not even become a YB. Why so many people (initially his good friends and supporters)left him? why all the lawyers in first sodomy left him (except for that little indian boy?)?

Therefore when these 3 groups joined together and promised us changes...I dont trust them..yaya I know, some of you disagree with me ...well, like I'd said, if you based your arguments on opinions, we will never stop arguing or debating – check your facts, then come back and discuss. In the meantime, 'you and your religion, me and mine...'

Some DAP leaders admitted that the recent important DAP Election is an embarassment. I am of the opinion that in addition, the leaders should be held accountable for being incompetent, inefficient and intolerant. They felled down on the mere counting of a few pieces of paper and yet they want to ape Lee Kuan Yew who has a starred Double First Law degree from the University of Cambridge and a one man over 50 year ruler of Singapore which is a runaway failure because of his failed policies as compared with the runaway success of Malaysia over the same period. Over this time, Malaysia had 6 democratically elected Prime Ministers. The Hare and the Tortoise ?

Vote the BN. All Malaysians especially the Malaysian Chinese. It is just like put money in the right investment for yourselves, your family, your parents and your friends.

Jelas sekali HBT seorang yang tidak suka memandang serong dan tidak suka pada pemikiran yang buruk.

Tetapi berita buruknya,saya setuju dengan kenyataan Sudin pasal Karpal Singh.

Bila saya menyatakan Anwar mengambil kesempatan ketika ekonomi Malaysia sedang merudum untuk meruntuhkan kepimpinan negara,saya memang bermaksudkan itu.

Contohnya seperti apabila saya mengetengahkan isu porno saya telah dicop sebagai 'fasik' (orang yang tidak boleh dipercayai).

Maksudnya,isu yang dipilih itu adalah jijik dan tidak dilakukan oleh orang biasanya.

Begitu jugs politik.Seorang pemimpin melihat sesuatu dari sudut yang tidak elok tetapi membuat keputusan pentadbiran yang elok bagi mengelakkan perkara tidak elok terjadi.

Dan pernahkah Tun menulis perkara perkara yang positif lebih dari negatif dalam blog ini?

Salam Tun.

"20. Five years for the Anwar or Hadi-led opposition to govern is dangerous. Many things can be destroyed in five years. We have some experience of this. Besides the Opposition as Government will ensure there will be no return for the BN. Officer in the Government will be used to "gempar" (threaten) whoever tries to change Government. We know this has happened before."

Yes, indeed the harrowing 5-year experience with Pak Dol 'no quality' PM5 & s.i.l. budak kurang \_jar(KJ) team almost caused BN to lose PRU12. The all-round hatred by voters towards those two "cleaners of government coffers" overrode the pitiful consequences of their protest votes.

But still, that rude kid KJ is widely heard to be considering contesting Pak Dol's Kepala Batas seat!

If PM Najib allows budak KJ to contest for BN during PRU13 in any constituency, I'll cast the same "spoilt votes" as in PRU12!

PM Najib must realise that the KJ kid is the opposition's greatest secret weapon to win PRU13.

p.s.

While mentioning the word 'secret' just now, I'm appalled to read this line by The Hidden Secret:

"Eeee... memang takut betul nak tukar gomen ni. Bahaya betul!"

There's a 'sotong' in our midst!!

Anwar maniac must truly love that line!

For Ma'am HBT456. The MCA should invite Tunku Abdul Aziz as Advisor (Special Duties) to the President. An honourable and respected gentleman for all time. By these acts, at one stroke, the MCA would have taken the first step to show its potential for the next 50 years and release itself from the straitjacket of racialism or chauvinism. What say you, Madame ? Hidup Malaysia ?

For Madame HBT456. I understand the Ministry of Information. Singapore Government is stacked up with ex-Penangites so that they keep a baleful on us Malaysians.

For MCA. The President should invite Khairil Johari an honourable and highly principled gentleman, to be his Special Advisor (General Duties). A definite plus for Malaysia !

Vote BN. All Malaysians especially the Malaysian Chinese. The more noise and abuse which come from the Opposition the better. This means they are losing ground with no proper proposals to CHANGE the BN Government as led by the UMNO which has always been friendly to all and the super-powers but not to super-financiers. This is important to note.

If the Chinese grass-roots are good in English and Bahasa, they do not need you to represent them in the past.

Today, their children are our children, so, please write like a truthful man.

We are talking about national polls, why linked PR with Lee Kuan Yew?

Why Chinese hate MCA?

For Madam HBT456. Why are you so mad at me ? I have stated facts which are only in the National Interest on the 88th Floor and nothing personal about anyone. Even on Lee Kuan Yew who had a nation's life and destiny in his hands and he ruined it with his policies over a one man rule of 54 years till 2013. Please join us on the 88th Floor even though it is a long climb from the basement. This was a lifetime climb for me.

Vote BN. All Malaysians especially the Malaysian Chinese. From the rantings of Madame HBT456 it is all the more so that all facts be revealed and avoid a Hitlerite trap for us Malaysians.

For all Malaysians. The complete answer to all the debates on the BN's purported failings in sex and money scandals and the weakness of the PR's proposed governance based on Lee Kuan Yew's method of meritocratic governance, is to be found in the Financial Times London. Gillian Tett's ' CHINESE LESSONS FOR AMERICA'. 4 January 2013. Briefly, she brought out the virtues and failings of both China's and America's governance at the present time and her proposal how to improve it.

I like to point out that the BN Government as led by the UMNO is ALREADY PRACTISING what she proposed since 1957 !

This is why I always say there is no NECESSITY FOR CHANGE but the moment we assume normality the BN Government as led by the UMNO will bounce back proud and strong for all the RAKYAT.

Really the PR has NO GROUNDS TO CHANGE the incumbent Government. The best is for all to join the BN and make our beloved Malaysia a shining example of human compassion, tolerance and accomodation – even for the embattled Palestinians, Syrians and the Israelis.

DAP, PAS and PKR too ! Join the BN ! The whole wide world will look upon the BUMIPUTRAS as unique in historical terms and all of us the MALAYSIANS will stand proud, tall and strong too.

What we human beings seek is just normality in the things we do. In short, what beloved our parents taught us. No more. No less !

Vote BN. All Malaysians especially the Malaysian Chinese. The BN as led by the UMNO has already been practising since 1957 precisely what Financial Times London's Gillian Tett proposed for China and the United States to improve their governance today. There is nothing the PR with the DAP and Lee Kuan Yew can teach us.

What our parents taught us is more important !

The 13th General Election is for the whole country to vote, except Sarawak.

Who knows, maybe in the 14th general election, the CM of Sarawak is ready and has confident to join Peninsula to have one General Election for 1 Malaysia to share the same multi-cultural market to form the next new Federal Government Cabinet.

Nothing is impossible if there is will.

What's the point of being the lonely richest man on earth just to get rid off his rivals via water issue?

No doubt, MB Khalid can claimed what he wants since Tun Lim Kheng Yaik is no longer with us about the water issue.

People change and progress as time moves on.

If without BN ambitious national blueprint, many Malaysians are still living below property line.

The loosing of 2/3 majority in 12th is the wake-up call for BN to work as TEAM, not to quarrel among themselves who have more votes.

Good luck PM Najib and BN, and you have my votes.

Dearest YAB Tun,

For "The Hidden Secret",

You forgot to include something very IMPORTANT in your list (should be at the TOP – highest priority), which is:

1a. If PR wins in GE-13, Tun Dr. Mahathir Mohamad will be brought to court for all his wrongdoings & misuse of power while being Malaysia's PM for 22 years.

Thanks Tun.

\*\*\* May Allah SWT bless Tun and family \*\*\*

61. *The Hidden Secret*

January 5, 2013 at 12:16 PM | [Permalink](#)

Peace!

What is the worst thing that will happen to Malaysia if PR wins in GE 13?

MAYBE these are some of the possibilities which will happen :-

1. The Malays will go down the drain. The Chinese will rule Malaysia. As a fake Malay, Anwar and Nik Ajis will sell this country to Lim Kit Siang. As a pure Malay, only Najib and UMNO can protect the Malays – Maybe GOD did say this? PAS and PKR are incapable of protecting the interest of the Malays – Maybe GOD said this also?

2. Malaysia will go bankrupt like Greece. Look at Penang, Selangor and Kelantan. These two states are almost bankrupt. Now, their accounts are in deficits. There is no more development in these states. Nik Ajis can't even build a flyover in Kota Bharu. Can he? Khalid, Nik Ajis and Guan Eng are not good MB/CM. Khir Toyo is 100 times better than them. Khalid, Nik Ajis and Guan Eng did not learn accounting and finance but Khir Toyo and Rosmah did.

3. All the Malays will denounce Islam and become Christians. Anwar is an agent of Christian movement. Christianity will become the official religion of Malaysia.

4. PR will sell this country to America and Israel. Anwar is a CIA agent. Malaysia will never ever be able to sell her high quality crude oil to Iran. America's military base will be opened in Malaysia. Our children will have the chance to marry with Americans. We will have the chance to have beautiful Caucasians, Blacks and Latinos grandchildren.

5. Corruption will increase because all the intah darat like Anwar, Nurul Izzah, Wan Azizah, Nik Ajis, Guan Eng and Khalid are in the government. Malaysia needs more UMNO people like Khir Toyo (currently on unpaid leave), Isa Samad (Felda), Rahim Thamby Chik (Risda), KJ, Musa Aman, Taib Mahmud and family, Shahrizat and family, Raja Nong Chik and family, Nazri Aziz and son and last but not least, Najib and his beloved wife. These UMNO people will bring Malaysia high to the next level.

6. There will be no hospitals, no schools, no roads and highways, no public transport, bus stations, train stations, airports and ports will be closed down. Only UMNO and BN know how to develop Malaysia – Maybe GOD did say this also.

7. Price of good and services will increase due to the increase of fuel subsidy. It's like eating durian in Malaysia but at the price of buying the durian in UK.

8. The following states... Sabah, Sarawak, Terengganu, Kelantan and Pahang will become poor due to the increase of oil royalty given to these states.

9. Nurul Izzah will become the richest woman in Malaysia because Anwar Ibrahim will award all Petronas contracts to her. Anwar will also 'confiscate'

beras, gula, roti, gas, electricity, kelapa sawit, bank, books and magazines, airport, ports, cars, DRB, MMC, POS Malaysia, keretapi (coming soon) etc. to Nurul Izzah.

10. Khalid will become the richest man in Selangor. He will overtake the water business in Selangor, KL and Putrajaya for his own interest. He will increase the water tariff and stop giving free water to the people.

11. Nik Ajis and Hadi Awang will endorse Anwar to have gay TV channel @ Astro, gay beauty pageant @ Kota Bharu, gay parade @ Kota Bharu, gay brothels @ Kota Bharu and same sex marriage also. Nik Ajis and Hadi Awang themselves will become gays and marry with each other.

12. All our children will become Christian LGBTs.

13. Utusan, NST and TV3 will publish and produce more stories and news about liw\*† and sodo\*y, liw\*† 2.0, sodo\*y 2.0, liw\*† 3.0, sodo\*y 3.0 etc.

14. Anwar will put Malaysia at # 1 position in the world in term of illicit money outflow. Naik dua anak tangga dari tangga ke tiga di belakang China dan Mexico.

15. Anwar will create a new division in JPM... The new division will be called FLOM division (First Lady of Malaysia Division).

16. Macam-macam lagilah....!!!

Eeee... memang takut betul nak tukar gomen ni. Bahaya betul!

We should then follow the step of Singapore, China and Russia. They never change their government and their people are living happily ever after. These three countries have a very stable, strong and untouchable governments. Long live PAP, Communist Parti of China, United Russia and UMNO! These are good apple to apple comparison between Malaysia and these countries – Never change governments and happy with it.

There is no apple to apple comparison between the following countries and Malaysia. The only comparison available between these countries and Malaysia is durian to pisang comparison. Malaysia and her people are unique. There is no other country and its people like Malaysia and Malaysians. We cannot compare Malaysia with these countries. We should not follow the steps of Thailand, Indonesia, UK, Japan, USA, France, Australia, New Zealand, Turkey, Palestine, Egypt, Syria and many more countries which had already changed their government. Now their people are living in misery. There is no more development in these countries. No more schools, no more hospitals, no more shopping malls etc. All these countries are going bankrupt and haywire because they changed their governments.

Let us all give our support to Khir Toyo (currently on unpaid leave), Rahim Thamby Chik (Risda), Isa Samad (Felda), KJ, Musa Aman, Taib Mahmud, Shahrizat Jalil, Raja Nong Chik, Nazri Aziz, Najib and Rosmah! Don't change anything!

Regards.

It's general election time.

Is Anwar Ibrahim that important to you?

The state, Sarawakians have voted CM Mat Taib and BN mandate for another 5 years, weren't they?

<http://www.themalaysianinsider.com/malaysia/article/bar-council-investigating-any-misconduct-in-balas-second-sd/>

The Bar Council's sole responsibility is to investigate is there any misconducts in the case, no more, no less.

The President represents the Power of Authority by Barristers.

What you heard down there, I do not know.

What I have seen with my own eyes, any lawyers regardless of races will desert any politicians if they found out that they are not worth to be protected, mungkin mereka ni tak bayar loyar fi kut.

Sabar, dugaan hidup.

If they did not get themselves burnt, they will never know pain.

There are issues that we can't solve.

Even if we know the truth, why get angry?

There are many good people in Malaysia.

So, don't yell just because they are not Muslim Indians or Muslim Malays.

Keranamu, Malaysia...

Who knows ambitious Mr Bad guy can be the PM since Mr Nice guy is only interested to jaga tepi kain sendiri kerana takut hilang populariti

Let BN, PAS, PKR and DAP decide who they want to appoint to contest in Parliament and Wakil Rakyat seats.

Our obligation to the country is to vote in general elections, no more, no less.

Happy New Year, Sudin.

Salam Tun.

To mem HBT,

Hi mem!

Look at Kapal Sink, that no principle and perpetual liar lawyer. Even after knowing fully well Anwar's most nauseating "bisexual all-rounder to both front & backside" character, he still defended him!

Typical liar lawyers, how can he be into politics and hope become my leader to LEAD MALAYSIA!!!!

Of course, that ever-hungry little shark called 'ikan yu' created a PAP splinter called DAP, and to strictly have ONLY LIAR LAWYERS as the leaders!

Do you know that Sarawak's DAP representatives comprise 90% liar lawyers?

When they refused to wear the songkok during opening of state assembly, they automatically lied by reason that they are not Muslims!

After realising songkok not a compulsion in Islam, they unanimously concurred to a bigger lie & issued a public statement "We don't wear the songkok because to save the money to develop Sarawak!!!"

Typical DAP liar lawyers.

I'll tell you more on lies by the joker Ngeh and the gangster Ronnie Liu some other time, but I'm very optimist you're not interested.

Remember Anwar's "liwat 1.0" court case?

Initially Anwar engaged close to a dozen respectable and experienced Muslim lawyers to lie for him in denying his sodomy adventures with Azizan, Sukma, Munawir, Azmin(?),.....

Unlike Kapal Sink and the cheewee/ambiga liar lawyers, those Muslim lawyers all deserted Anwar even before reaching the halfway stage of "liwat 1.0" hearing. They knew Anwar did sodomise those men and they won't lie for him!

Unlike the liars Kapal Sink & the cheewee/ambiga gang, those Muslim lawyers have MORAL.

How dare someone without moral like chee wee to comment on the Indian Bar council's decision!!

Dearest YAB Tun,

1. Agree with Tun. There is no need to change the current Government. PR is not a good alternative. Their leaders "bikin tak serupa cakap.." Nepotism & cronyism berleluasa dalam PR, tapi ada hati untuk menuduh BN yang nyata lebih baik dari segi ini. Yang gila kuasa dan duit/harta pun ramai dalam PR. Ini berlaku sebelum mereka berkuasa sepenuhnya ke atas Malaysia. Bila berkuasa, lagilah RAKUS.

2. PR suka membuat janji manis, tapi asyik mungkir janji. Mereka yang suka MUNGKIR JANJI, kaki kelentong dan tidak bercakap benar memang tidak wajar dilantik menjadi pemimpin.

3. One more thing, their lawyers can always sue the "rakyat" for small matters and can also make the "rakyat" bankrupt this way. If they are willing to sue individuals to stop them from talking freely regarding some issues, they can also do the same to the "rakyat".

4. In conclusion, BN is still the best choice. Vote BN!

DAP is willing to confront media accusations before the rally for the 13th general election is kick off to clear the air first, winning or not winning is not important anymore.

Not like UMNO in PAU, they covered-up their vote counting for youth in the 11th GE despite many UMNO members were not happy about the result until they lost 2/3 majority in 12th GE.

Why this happened?

It's about the past politics via ceramah to gain more votes, they will be rewarded handsomely by the central board.

Can they deliver when they are rewarded?

After all, the main motivation for them is to join politics is get government projects without ROI in mind in the past since they can get money politics via PM so easy.

If the projects given out are not successful, they would end up as the public fund wastage ala white elephant projects that would be reflected in Audit Negara if nothing is done right now, just like what is happening in USA now.

Since Greater KL is going to kick-off, please bear in my mind that there are no secrets in politics as people who heard the news will spread among themselves.

Not only huge populations countries like Russia and India, China also has such cases.

If we add in the cases out to get the average number, Malaysia may be one of the highest.

Why?

Flip flop kut just win own race votes?

Today's news,

"THE Malaysian legal fraternity is questioning the decision of their New Delhi counterparts in refusing to defend the men accused of savagely raping a 23-year-old medical student on a moving bus.

The savagery of the assault that eventually led to her death last week had enraged India and the world.

Sanjay Kumar, a member of the Saket District Bar Council, had said no lawyer would defend the five accused, as it would be immoral to do so."

Way to go bro Sanjay Kumar. We salute you.

The Malaysian BAR has become a pain in the ass by continually behaving in a most big-headed and gangster-like attitude as shown by chee wee and his predecessor the oversize ambiga!

They unashamedly and proudly behaved in the most obvious of BIAS situations just to achieve cheap publicity.

Alfred.Willner possesses trouble when his comment on article Palastine is 'waiting for Approval'.

I have a problem also when my comments is 'thank you for comment!' No waiting for Moderation or autonomy approval. I like my own blog ....

If there is not a bit happy to write stories about people who can marries more than one? Why Tun does not marry more than one?

Ha .. ha .. later everyone can read.

Of course, the message of Haji Hadi would annoy everyone. He himself was a great sin for issuing a fatwa in contravention of Islam.

We Malays do not forget .. Observe our own behaviours and mouths. Never overdo. .Because of itchy/bad mouthing, we do not know with whom we have spoken to.

Although CN Afghani primary schools' teachers only know A, B, C, do not despise that person.. I am not somebody but only works as baking cakes and breads.

When I tell a story about Sufism, remember that I'm back to 300 years ago when typing the word name Sheikh Abdul Malik 1650's (Tok Pulau Manis), 100 years ago when I type the name Tokku Paloh, in 1818-1919 and 4 last year when typing Tun Dr Mahathir Mohamad's name.

And like the fighter Afghanistan or Kashmir .... we are proud to be able to eat a living from our own hard-earned money without asking ask from others.

Assalamualaikum Tun n All,

Tun, some suggestions for consideration.

Currently in Malaysia the box office hits are ... expose, accusations and claims.

When they were in the government, never a wrong doing was exposed.  
Why one may ask?

These are all selfish agendas of greedy people hunger for money and power.  
When they were fully fed, we didn't even hear a burp! Now when there's no food,  
their mouth rumble more than their stomach.

' Where in the world was Deepak 2 years ago?'

All these Selfish greedy people should be given until the 31st Jan 2013(deadline)  
to lay down

their expose, accusations and claims occurred before the 31st Jan 2013. All  
accused parties should reply and all matters should be settled.

Those who bring about expose , accusation and claims occurred before 31st Jan  
2013 after the deadline should be punished with imprisonment.

That should put a stop to all parties hurling accusations.

This should lead the road for a clean PRU13.

What say fellow Malaysians.....?

The question is ... why did all these guys never uttered a word earlier?

Is it feng shui that these guys have to wait for the right time? or has these 'guys'  
been struck by bad feng shui?

Dear Tun and others,

1. Perceptions can be true and can be misleading but these perceptions  
influence our actions and reactions.

2. It's a pity when we let our emotion only, or logical thinking only to conclude  
what are true and not.

3. Some prefer the long and hard way to discover the truth and some are very  
fast.

4. There are thousands of hard evident, proofs out there about BN's contributions  
and weaknesses, likewise, thousands too about PR's contributions and  
weaknesses – go and check them out.

5. We have to make decision/s almost all the time, in our case now, it seems like  
a dilemma...both BN and PR have got weaknesses...but rationally we better  
choose the one with lesser weaknesses or less dangerous, right?

6. Some BN fellas are really corrupted (taking bribes, misusing power), giving empty promises, did not serve their constituencies, broken the laws, etc, but...
7. When DAP clearly shows that they are not malay-friendly (MCA is also fighting for the chinese but malay-friendly), looks like anti-Islam....this is not a really good party for Malaysians – racial tensions may develop into serious trouble
8. When Keadilan agrees with its leader about liberalism and pluralism in religion, sexual orientation...this too are not the Malaysian ways...even in America, supposedly open and receptive, more people are against the idea of total freedom (and of course we have not discuss about the biased freedom of speech there)...so I cannot accept this party.
9. When PAS keeps on changing its principles to accommodate its political struggles, not religious matter, this is totally hypocrisy.....look at the Amanat Hadi, a very destructive amanat...but PAS did not bothered at all...so this is just a political party, not really fighting for Islam.
10. Therefore when these 3 parties formed the PR, they are not to be trusted...especially when they proposed the so-called changes.

Just like Senior Mubarakchan says, vote BN.

Lee Kuan Yew who has a starred Double First Degree in Law from the University of Cambridge and probably a Third Class in the Bar Finals London and rule Singapore for over 50 years alone, has admitted some mistakes in a United States journal. These could only be titanic ones as he is a titan. During this same period, Malaysia has 6 democratically elected Prime Ministers and all retired at their own accord.

In recent days, the media reported that the DAP miscalculated some votes at their key election for office bearers. It was something like  $1 + 1 = 1$ . Apparently, a re-statement was made like in accounting. So, it is now  $1 + 1 = 2$ . Oops ! Sorry folks it was a typo error !

If the titan Lee Kuan Yew made titanic mistakes in his one man over 50 year rule of Singapore what can the DAP deliver as the No. 3 in a quorum of 3 in 5 short years in diverse and complicated Malaysia. For easy reference, the MCA is No.2 in the BN.

I recommend the following especially Madame HBT456 for bedtime reading. The Star. Seah Chiang Nee Column.'The divisive, intolerant and quarrelsome phase'. 29 September 2012.

Vote BN. All Malaysians especially the Malaysian Chinese. Do not miss the real issues concerning Governance. There is nothing Lee Kuan Yew and the DAP can teach us.

Assalamualaikum Tun.

Alfred.Willner punyai masalah bila komen beliau pasal Palastine 'waiting for  
approval'.

Saya punya masalah pulak bila komen saya 'thank you for comment!' tiada  
moderation atau waiting for approval.Saya punyai kuasa seperti blog saya  
sendiri....

Kalau tak senang sikit nak tulis cerita apasal orang boleh kahwin lebih dari  
satu?Apasal Tun tak kahwin lebih dari satu?

Ha..ha..nanti semua orang boleh baca.

Yang pasti amanat Haji Hadi menyusahkan semua orang.Beliau sendiri  
menanggung dosa yang besar kerana mengeluarkan fatwa yang bersalahan  
dengan Islam.

Kita orang Melayu jangan lupa..jaga tingkahlaku dan mulut kita.Jangan celupar  
sangat.Kerana kita tidak tahu dengan siapa kita berbicara.

Walaupun C.N Afghani cikgu sekolah rendah hanya tahu A,B,C tapi janganlah  
menghina pekerjaan seseorang.Saya pun bukan somebody tapi cuma bekerja  
sebagai pembuat kek dan roti.

Bila saya bercerita pasal tasawuf, ingatlah bahawa saya kembali ke 300 tahun lepas bila menaip perkataan nama Syeikh Abdul Malik 1650-an(Tok Pulau Manis),100 tahun lepas bila saya menaip nama Tokku Paloh, tahun 1818-1919 dan 4 tahun lepas bila menaip nama Tun Mahathir Mohamad.

Dan seperti pejuang Afghanistan atau Kashmir....kami berbangga dapat makan rezeki dari hasil titik peluh kami sendiri tanpa meminta minta dari orang lain.

Dan adakah Islam menggalakkan umatNya malas berusaha dan malas bekerja?

Terima kasih Tun.

Sudin,

Anwar Ibrahim is a Muslim activist cum politician who hold the most critical portfolio, DPM and Minister of Finance in 1997.

Some Malays were so fanatic and hoodwinked by him that even some of them were willing to go against the PDRM that made them lost their jobs which I have seen with my own eyes that made me so scared and frightened of Malays during that time.

It is indeed great to read YAB's point as the 4th PM of what YAB has gone through that critical moment at point 22. The record is there. Malaysians must not allow themselves to be hoodwinked as I was hoodwinked by the appearance of religious piety in the past.

Today, people start to ask why PM Najib still hold the Minister of Finance portfolio.

I told them, at the critical process of transforming our economy to the next level, PM Najib must hold this portfolio for the sake of Malaysians.

PM Najib cannot do it alone if he wants to transform our economy base on ROI (Rate of Investment) if Malay politicians keep threatening him by not supporting him with Malay ala Muslim votes.

PM Najib cannot do it alone if he wants to transform our economy base on ROI (Rate of Investment) if non-Malay politicians keep pressuring him with the attitude of wait and see.

If PM Najib only interested to jaga Malay votes in the name of Ketuanan Melayu and Allah, he as UMNO President will loose support from other political parties and races.

Rukun Negara was part of our national school syllabus that all primary and secondary students must read out loud with the head prefect during Monday's assembly to shown our pledge to national unity and solidarity.

23. The BN has listened to the people and has changed many laws and policies. All that the people need to do is to urge the BN to carry out whatever change

the people desire. But changing the Government can and will result in this country becoming unstable and unable to grow.

Can or not, it will depend whether programmes are workable or not.

If feedback is not justifiable and worth it, they can have the sole right to close, rectify or modify the programmes so that it will not create a competition force to go against GLCs, Multi-national Corporation, International Corporations, small & medium entrepreneurs, opposition parties' tax payers and individual tax payers.

Salam Tun.

The first month Anwar maniac became MOF, Malaysia recorded trade deficit and the deficit continued/remained unchecked for well over 60 months, throughout his whole tenure as the MOF!!!

Whenever reporters posed the question to him asking reasons for the deficit, Anwar maniac always gave the same idiotic reply, "Malaysia is going to become an industrial nation, so we have to keep importing machineries, services, whatnot..."

Then Anwar began his long and never ending journey to sexual fantasies, which Tun greatly blundered when dismissing the daring few who managed to gather all their strength to report Anwar's sexual adventures to Dr. M!

Even in the midst of his defense to court hearing on "liwat 2.0", Anwar still remain helpless to ward off his all-powerful urge, and left behind the Omega watch after the Cina doll scene.

Not to worry though, kak Wan Jijah is ever ready to protect her "my husband anugerah Tuhan" with the "I have the Omega watch" nonsense. Of course, kak Wan is the best person who can proudly proclaim Anwar maniac as having God's given lust!!!

Salam Tun and Bloggers all

I believe that people have felt the difference between your administration and the Pak Lah's. He is incapable of resolving the fuel price hike 2008 where lives started to change as soon as he reduces the subsidies. Cost of living increases like never before. Then housing prices started to haunt people. Not enough of this, people are starting to get irritated by the news on scandals surrounding the government administration. It will be a tough decision for some to make because they want a way out, a quick one perhaps.

And suddenly the opposition grow stronger. Now they promise change, a quick way out, more subsidy, lower housing price, cheaper cars, free toll, lower electricity bills, minimum wages amounted to RM1100, lower fuel price, increase in allowances for Dato', abolish PTPTN, free WiFi, etc.

This will be achieved with less country's loan, lesser dividend from Petronas, higher oil royalty to Kelantan, lesser tax from imported and local cars, significant reduction on number of government staff and whatever else I may not know or remember.

Not enough of this, the Opposition will also offer free corruption administration and people will be treated well, friendly and efficient government and above all no more Bumiputera quotas, fair treatment and free speech.

In this new regime the LGBT will be given recognition and will not be discriminated against, people can live free, liberal lifestyle side by side with PAS who would still be pursuing for hudud and intensive moral policing but with more 'charity'. I was not informed on what is the real definition of charity here but it sounded very nice.

I still think I have not listed all, but with the above offerings, it could be like a wish come true, a Godsent saviour, hitting a jackpot, all nice and heavenly living. Problem solved. It was like we have been cheated all this while, the money was spent for the BN chronies instead of being used to finance the above.

The question is, am I stupid? Should I believe Tun Dr M or DS Anwar? I'm starting to think that stupidity has its connection with greed. That is why the Ponzi scheme is still flourishing...and the best part of Ponzi scheme is that you may not going to be 100% sure until you try. But it is the decision where all Ponzi scheme participant deeply regretted later. Your hard earned savings may vanished forever just because of a very short moment of greed. You may need to spend another cycle of life to get it back.

PS: If this is published, you may want to get to the bottom of why my previous comment about your Palestine Posting was not. It's still sitting there "awaiting moderation".

UNQUOTE

I have just checked it and I see that all my postings were now finally published. It took a long time – from 12 December 2012 till today- but finally it got done.

I thank you and your administrator for attending this. Proves to show that there is no censoring of any kind here which I initially never thought there would be but then, as the publishing of my comments was dragging, I will admit that the thought had been creeping in my mind.

The matter is cleared now. My positive perspective of Malaysia and its institutions have not deteriorated.

Tun

You have hit the nail right on its head. The next General Elections is the Grandmother of all the General Elections for the struggle to gain power to control the Mother of all Choke Points which is our beloved Malaysia consisting of the Peninsula, Sabah and Sarawak. The littoral Nation controls one of the most important seaways in the world, the Straits of Malacca and the South China Sea.

The history of the BN as led by the UMNO from its very beginning has been friendly to all the countries of the world especially the super-powers. Malaysia practises democracy of its own kind since 1954. Her Malaysian Chinese citizens are the best treated in the world, better than in Singapore, Hong Kong, Taiwan, China and the rest of the World. Yet, some of the Malaysian Chinese run around the streets of Kuala Lumpur and do the Long March with clean shirts and full stomachs in support of causes of others which have nothing to do with them. No other Chinese do this except Hong Kong and this only happened after the British master left. Further, China never practised democracy and human rights for 5,000 years up to 2013 !

The BN as led by the UMNO has always delivered on its election promises. This is the reason why it is in power to this day. If the leader knew how to permit the goodies to flow down the iron pyramid of power, then Malaysia is easy to govern. But in recent years, this was forgotten and the slopes of the pyramid dried up leading to unhappiness and dissatisfaction with the Government. Once, as I always said, there is a return to normality, the whole country and its economy will bounce back !

We do not need the PR to do this ! Even the Singaporean titan Lee Kuan Yew admitted recently he made some mistakes which could only be titanic ones of which I had enumerated some previously. Vide New York Times. And he was a one-man over 50 years ruler of Singapore which has a 75% homogenous population. What can 6 distinguished gentlemen of the PR do as only one of them is below the age of 62 in diverse and complicated Malaysia and with no resounding credentials like Lee Kuan Yew ? Lee Kuan Yew gained a starred Double First in Law at the University of Cambridge and probably, a Third Class in the Bar Finals, London. What can the PR do in short 4 years ?

In the BN case as led by the UMNO, the normality can return in nanoseconds in real terms whilst the PR has still got to sort out what it really is because we have to consider the factors concerning the next General Elections now in play eg.

1. Lee Kuan Yew – whose abiding obsession seems to be Malaysian Politics.
2. The Super Powers – Each will watch each other if the other over reaches.
3. The DAP – If only they had not been connected and brought up by Lee Kuan Yew.....!
4. The PAS – The most distinguished political party of Malaysia which they view themselves.
5. The PKR – A party of many parts with international connections.

The main line of attack by the PR is over the money and sex scandals. The precepts of proper governance of a nation are glossed over with the use of smoke and mirrors overlaid with a very heavy dose of obscene, profane, vulgar verbiage with a sub-continent slant.

What about the heavy stuff ? The PR Domestic Policy and the PR Foreign Policy ?

We know something about how PR is going to govern us – like Lee Kuan Yew who is respected and admired by some Malaysian Chinese. But then, Singapore imploded with the loss of US\$108 Billions (RM350 Billions) of her citizens' Trust money in October 2008 on Wall Street. The much touted meritocratic pyramid with the smartest fellow on top was dealt a cruel hand by the riff-raff of Wall Street whom they trusted until then ! Further, Lee Kuan Yew's 2 child family Policy of the 1970s and the 1980s sent the Singaporean Tribe reeling into extinction to this day with a procreation rate of 1:1.2 per 100 persons. This means in every generation the original Singaporean population is reduced by 50 percent ! Then, we have the Perfunctory Judiciary which is well-known world-wide eg. Admiral Canaris was stripped naked by Hitler to demean him and later he was hanged naked with piano wires. The unfortunate and fortunate Dr Chee, The unfortunate and unfortunate Tan Koon Swan. The Australian and German drug mules. Dr Woffles Wu. Howard Shaw. etc.etc. And then, the one man more than 50 year rule by Lee Kuan Yew. And many other examples from the multi-media.

If the Malaysian Chinese think they are smart and vote DAP, this is going against the grain of their beliefs and culture. This act will be most regretful because the BN as led by the UMNO has the legitimacy and traditional convention and the long proven record to lead. The PR can say anything about the money and sex scandals. But I hope they realise that Singapore's horrendous loss of US\$108 Billions (RM350 Billions) can be put down to developmental expenditure.

So Singapore did not CHANGE their Government.

The case for the PR to CHANGE the incumbent Government in Putrajaya is very weak because the leaders are perceived to be very rich eg. the mass photogenic demonstrations, unconfirmed land deals, world travel, glcs, world liberal democrats etc. etc. and espouse a very strong desire to be the Prime Minister of Malaysia with the same political socio-economic banner as the BN as led by the UMNO ! In other words, any one with tons of money can make a go at the Premiership which becomes a target of enterprising multi-billionaires or financiers, at home and abroad !

Super powers please take note !!! Your friendly Malaysia for a long, long time, may be a different animal after the next General Elections if the citizens support the PR !

Vote BN. All Malaysians especially the Malaysian Chinese to protect our heritage and life-style which is truly Malaysian. There is nothing Lee Kuan Yew and Singapore can teach us.

16. .... look at the record and compare it (Malaysia) with other countries which gained independence at the same time. Compare it even

with the developed West. They are in deep financial trouble and try as they might, they have not been able to overcome the crisis.

You are absolutely right there, Tun!

I remember only too well how, way back in 1997 – 1998, you faced demons like George Soro who had previously almost ruined Russia by betting against the Rubel. You faced them expelling them and their companies from Malaysia so they could do no harm there and you pledged the rate of exchange of the Ringgit to 3,80 to one USD, something the entire world said at the time that it was totally the wrong thing to do.

What eventually happened is that the entire World was proven wrong.

Malaysia came out of the Economic Down Turn stronger than it entered it and Malaysia is today in good shape while, as you also well mention to proper merit, the West is broke to no repair.

It took wisdom and courage to do what you did then. History proved you right and you deserve to be praised for it. These are your merits.

Whether they were also the merits of your political party is not for me to assess or to state as I am a foreigner to your lands – only I am a fan of your people and their life style.

Malaysia does well.

Hopefully Malaysians will keep it this way, with whomever at the helmet of power.

This is not meant to be a political comment. Only I have then lived and seen what was done in Malaysia to face a crisis. I had praised your action only to find my comments dismissed by everyone I talked to in the West.

You had at the time also warned Malaysians of complacency and it is precisely complacency which brought the West to their current deplorable state of affairs. Their children and children's children only will learn the lesson – no immediate turn around is to be expected.

I think I have mentioned it here before but I will not tire to repeat it: When I first came to visit Malaysia I told my friends there that I think that Malaysians live in paradise but that this they do not realize. It would be nice to have me proven wrong and that Malaysian will indeed recognize that they are living a blessed life which I think is first and foremost owed to each and every one of them themselves, their way to be, their way of life. Unity is strength I believe is your National Motto and as a foreigner one can see this being lived in Malaysia.

Many a nation and people can look at Malaysia as an example of how to do things right.

Salam, Tun!

Salam hormat Yg Bhg Tun,

They are still majority will support Barisan Nasional, as long as UMNO and of BN are moving in a right direction and consistently and firm with their hard work to implement various transformations for the needs of the country and the community. There are still many bad accusing against the government and party UMNO/BN as corrupted such as the issue of purchasing Kapal Selam Scorpin for TLDM. Opposition used this issue as one of their political weapon in conjunction with the General Election -13 to gain political influence from the public. But the opposition (PKR, DAP & Pas) are not able to produce any strong supporting evidence of the corrupt accusation against government in related to Kapal Selam Scorpin (especially the BN leader YAB Dato' Seri Mohd Najib Tun Hj Abdul Razak). The issue is actually ZERO, because our Malaysians are not that stupid to be easily influence by such issue and many other issues not really proven true to the public, there are only political games.

Be careful and think wisely, choose the right political parties who could honestly deliver for the needs of the country and the well being of the Rakyat, the only choice is Barisan Nasional.

Thank you and Wassalam Tun.

Melalui sedutan syarahan,beliau akan memberikan syarahan berkenaan Kitab Hikam.Kitab yang terkenal di pondok-pondok.

Jarang sekali syarahan syarahan tasawuf berpeluang keudara secara terbuka sebelum ini kecuali setelah Al Hijrah diwujudkan.Tahniah kepada yang berusaha.

Dalam sedutannya beliau berkata, sembahyang dan puasa tidaklah penting.Tapi yang penting adalah kebergantungan kita pada Allah s.w.t dan

bukannya kebergantungan kita pada amal -terjemahan berkenaan sembahyang /hudud yang pernah saya tulis di sini tak lama dulu.

Kerana kebergantungan pada amal menjadikan kita seorang yang riak dan angkuh pada manusia. Tetapi kebergantungan kita pada Allah s.w.t menjadikan kita sebagai hamba yang dikasihi Allah s.w.t dan manusia.

Sepertimana 'Time for Change' yang mempertaruhkan amal untuk memikat hati rakyat.

Assalamualaikum dearest Tun,

In order to gain political power, making beautiful and fantastic promises (star & moon) is identified as one of the effective mechanism to influence voters and supporters. In Malaysia there are political leaders utilizing promises as their most effective weapon to attract the voters and strong supporters. DSAI is one of the current political leader practicing various promises, but very unfortunately many of the promises has not being fulfilled. BN Leaders also utilizing promises, but very fortunately they keep and fulfilled majority (almost 100%) of their promises.

2. Mr. Barrack Obama continuously gain power over his opponent and remain the President of America for the next term. As mentioned by Yg. Bhg. Tun many of his earlier promises has not being fulfilled, but his influences still at the higher level in comparison with his challenger, may be there are other strong reasons (recognized by his supporters) as to why he is still supported by the majority. Why DSAI in Malaysia still retains certain percentage of supports from the public, especially from the Chinese voters who strongly supporting DAP and partially from the Malays supporting Pas and PKR. There are reasons as to why DSAI still gains certain percentage of supporters, one of them because he is practicing equalization to all nations of Malaysia (which is not proven yet), which means that there is no any special treatment any longer for Bumiputra if he is in full power (when PR won the PRU 13), he is indirectly supporting the movement of LGBT based on the concept of Democracy, whereby he may be strongly supported by those who strongly believe and practice LGBT in Malaysia/Globally.

Lets us think deeply, and vote for the better government Barisan Nasional.

Thank you Tun & Wassalam.

Religion to me is faith between myself and divine power.

How you want to make your religion works in your constituency and the people you mix around, it does not matter as long as you are happy and satisfy with what you have over there.

I am living in a world that is different from yours.

I don't want to change your world, and you won't be able changed my world.

Maka kami, rakyat Malaysia, akan menumpukan...

When comes to general elections, do what is right legally.

After finding the truth of power abuse and flip flop that caused so many Malaysians like Tired bankrupt, that is nothing to yell.

If I am you, I won't splash salt on their wounds.

Tun,

"17. Remember 1997- 8 crisis. The then Deputy PM and Minister of Finance tried the IMF solution without the IMF loans. Banks and companies were faced with the threat of bankruptcy from non-performing loans. Imports cost more. Cost of living shot up."

1. I am a victim of the above statement; I am a bankrupt because the then DPM and FM in his haste to topple the then PM, purportedly, on advised of 'his handlers', declared the property sector as a 'non-productive' sector. This was supposedly done to weed-out those conies of the then PM. But what ensued, actually? I am sure we could still remember... However, I was not bothered by it,

as I'm no politician, and I did get to where I was then by knowing or related to any of them! But what bothered me was when those banks, upon that declaration, stopped all loans to all property developers even if their projects were in "full-steam..." When queried and appealed for redemption, the answer offered was all the same," the project must be profitable and sustainable (which they did not insist upon them when I submitted my loan applications...)" Typically," bankers give you umbrella when it's sunshine, but would take it away as soon as it rains!!!!"

2. Today, in Malaysia, I live life worse than a Pariah!!!

3. The moral of my story? Self-pity? Bad businessman? Dah tak ade rezeki? No, no, no! I accepted what befell unto me but I cannot accept what would happen to my children's future...! With goods and services forever rising, I could not provide better educational opportunities for them except to send them to government schools. I cannot afford to send them for tuition, as I don't have the monies to do that because I cannot secure a good enough job that would afford me to do that...

4. Is this the type of life you guys are looking forward to? Leaving your fate in a hand of someone whose interest is just to further his ambition to become the PM of Malaysia? Are you ready for "this type" of change?

5. Granted the current government is not perfect; who is? Unless you are an Angel...! I hate them because I know mostly, they are either corrupted monetarily or they are corrupting their powers no matter what race or party they are in...! But I know for sure that they won't close down any schools, clinics, hospitals, etc., etc., for lacking of funds to maintain those facilities. Instead I am sure that they would continue to build more of them, as "without projects, there would be no monies..." Say what you like; but it's like "a blessing in disguise", if you may...

6. I've been to and worked in those States that are being administered by the opposing parties. Unless you are dumb, uneducated, or just plain ignorance, those States are pathetic looking at best while one State is busy with her "ethnic cleansing..."

7. Do not support these oppositions! Look and experience it for yourself what they have done or not have done mostly! Talk is cheap! At least; no matter how corrupted the BN government is, as least I could still send my children to those fully funded government schools and walk the streets unharmed! Also, while it used to be with RM1 only I could survive or live for a day in this beautiful and blessed country, today, I too could appreciate the fact that the Mamak Coffeeshops too have ambitions to be listed on the KLSE....

8. I really, really, really, hate the current government administration, as "Bersih, Cekap Dan Amanah" is not the Motto anymore! Instead it has since been replaced with KPI (Kencing Pi Intai) and KRA (Kunci Rumah Anda)...Alas, I would not change it for the sake of changing...I must be responsible for my children's

future, as much as how my parent has been responsible for my future (though it's not glorious now...) The idiom, "I would rather sleep with a Devil that I know, than to be sleeping with an Angel that I do not know yet!", is so true, relevant, and significant in this context...! You'll agree with me once you've experience "those samplings..."

Thank you, Tun. I miss your leadership.

Can NK President do that alone without the support from South Korean President who happens to be the daughter of the assassinated wife of the 1st President of South Korea by the North Korean spy during the 50s?

If South Koreans cannot accept the President, no one including Americans, Koreans Chinese can accept them.

If we do not trust our PM Najib, Ministry and governments elected via political parties, who else can we turn to?

Both BN and PR need votes via their election campaigns.

BN is more unified and matured today after 4 years of being the opposition party.

Today, BN realizes that "people" are "human capital resources".

In terms of political unity and financial support, BN is better off than PAS, PKR and DAP.

PAS, PKR and DAP are more interested to topple BN due to past frustration to show the world that they are Mr Nice guys and are holier than thou in the name of justice ala zaman silam.

Just like our body, BN needs to replace dirty blood with clean blood to make BN healthier and smoother internally for the sake of Malaysians and their parties' members.

Just like our skin, BN needs to replace aging skin with new skin for the sake of Malaysians and their parties' members.

Outdated policies should be updated and amended according to current trend as the world's economic cycle is getting shorter and shorter to make Malaysia a better place to live, work and play.

Malays, like other races, are evolving due to education and peer pressure.

If it's not because of YAB, Anwar Ibrahim could never be the DPM and Finance Minister.

If it's not because of Anwar Ibrahim and ISA, UMNO would not split into 2 political parties.

Can Anwar Ibrahim become the PM?

I think it's quite impossible because his left hand, Rafizi is too mentah, directionless and do not respect P & C as whistle-blower rule of the law as PKR politician.

I think it's quite impossible because his right hand, Azmin is considered an anak derhaka by his family.

Even Anwar Ibrahim becomes the PM, it will be short-lived.

Today, political parties have 2 choices, either they choose Hadi Awang or Najib to be the PM.

Like the Americans, why should Malaysians waste time, energy and capital resources to fight out who is right, who is wrong?

People keep on criticizing towards each other and never appreciate on what the government has given to us. Even worse, they try to manipulate and corrupt the mind of youngsters to go against the government. To those people who like to put blames on others why not ask yourselves to be grateful on what the government has provided to our nation now. There are still a lot to do to make our country to change into a developed country but we can't achieve this if there is no unity in our heart. Blame and curse will do nothing but respect and unity will make it success. Do not corrupt the mind of young generations but encourage them to make our country the best in the future. I am proud being Malaysian.

Dear Tun,

BN is in a better coalition looking from the holistic view point. They have been in power since before independence, well tested and proven workable.

The Opposition coalition PR has component parties that has too diametrically opposing positions and ideologies. Just look at the band of brigands constituting the unholy collusion of failed politicians in PR. The Trinity of misfits among PAS, PKR and DAP conspire to usurp power of the country is frightening really and totally not sensible and unrealistic.

I pray that we continue to enjoy peace, stability and harmony in the country, under Barisan Nasional rule.

Tun,

Honestly, can Malaysia do any worse with the Pakatan Rakyat.

Why is change seem inevitable. Simply because people have become well to aware of the shrinkage's in monies during the decades of BN rule.

Why is cronyism and nepotism bad ? If you gave back pennies on the dollar to the rakyat and only the select Umnoputeras not Bumiputeras are bequeath benefits of being a 'Pure' Malaysian. The Rakyat will get restless when they see the few, chosen to drive around KL in Bugatti's and a Class A education as result of a birthright rather than merit. You called it an affirmative action for a race. It became a privilege for the few.

At the very least, you did not turn Malaysia into an oil rich Islamist nation like Nigeria that has overwhelming poverty. Malaysia is also not like Dubai where wealth is built on the Dhmmi's and Abd's backs.

Maybe, its not to late for BN to change. By the Way, Tun if you are trying to feign being a humble person. Try not to travel around outside the country on private jets, yachts and perks with Petronas( Rakyat's Money) resources. You do know, news outside Malaysia is uncensored.

US HAS LIED TO THE WORLD TOO MANY  
AND THESE IS NO HOLLYWOOD

FACTS I REALIZED IN LIFE THROUGHOUT IS  
WHEN A PERSON WHO SAYS ANOTHER PERSON IS BAD, IS THESE, IS THAT  
ACTUALLY THAT PERSON THAT SAYS IT IS THE BAD GUY

UNITED STATES HAS THESE CHARACTER  
THEY ACCUSED THE GERMANS, SOVIET, CHINA OF SO MANY  
THEY ACCUSED THE INNOCENTS OF SO MANY  
THEY INDEED ARE THE BAD GUYS

THE EXISTS OF ALL EVIL  
THE EXISTS OF ALL LIES  
BREEDS FROM THE WHITE HOUSE  
BREEDS FROM PENTAGON, BORN BY NATO

OPPOSITION IN MALAYSIA PROMISES TO MANY LIES  
THEY HAVE INJECTED VIRUSES TO SOME OF UMNO INSIDERS  
PEOPLE LIKE KHAIRY ABDULLAH SON IN LAW  
WHOM KHAIRY THOUGHT HE IS SMART  
IN ACTUAL FACT HE IS A DOG TO SINGAPORE GOVT  
WHO SUPPORTED DAP

MALAYSIA UNDER UMNO RULE HAS LED TO A PROGRESS HAPPY PEACEFUL LIFE  
FOR ALL  
UNLIKE IN SINGAPORE THE GOVT ARE RICH BUT THE PEOPLE ARE MISERABLE  
THEY BUY VERY CHEAP WATER FROM US  
YET THE SELL VERY EXPENSIVE EVEN TO THEIR OWN CITIZENS  
AND THESE ARE BASIC NEED  
NO FURTHER DETAILS OF THEIR VEHICLE COE  
THEIR PUBLIC HOUSING AND MANY MORE COMPARED TO EVEN THEIR OWN VERY

NEIGHBOR  
AND THESE IS ALSO NO HOLLYWOOD

CHINESE WHOM FELT DISCOMFORTS OF UMNO RULING  
WHAT MAKES THEM THINK THEY BE SECURE IF DAP IS TO RULE  
THEY ARE RICHER THAN THE BUMIS NOW  
THE BUMIS ACCEPTS AS IT IS  
IF THE TABLE IS TURN  
NONE WILL GET RICHER  
EXCEPT FOR THE DAP GOVT  
THEY WILL NOT BE CORRUPTED  
AS THESE DAP GOVT WILL FRAME US  
IT WILL BE A CLEAN GOVT BUT THEY WILL SET ASIDE BENEFITS FOR THEMSELVES  
HAVING HIGH PAY AND INVESTING AMONG THEMSELVES ALONE  
AS IN A SEMI PRIVATIZED GOVT BODY  
IT IS A SEMI GOVT BODY BUT OWN AND INVESTED AMONG THEMSELVES  
SO WHAT IS THE DIFFERENCE  
THESE ARE THE REASONS OF THEM WANTING TO RULE  
THEY ARE MR.NICE GUY NOW  
ONCE IT HAPPEN MR.NICE GUY WILL BE GONE

UNMO TILL TODAY HAS PROVEN DIFFERENT
