

Chin Peng
Chedet.cc
2 October 2013
Tun Dr Mahathir Mohamad

This article appeared in the New Straits Times, Oct 1, 2013

1. Attempts to declare Chin Peng a patriot, nationalist and freedom fighter reflect how far derailed some Malaysians are from what the Communist Party of Malaya represented and what was its real objective.
2. Firstly, it must be pointed out that the CPM continued with their insurgency long after Malaya and then Malaysia had gained independence in 1957.
3. In their fight against the Government of independent Malaysia, the CPM killed civilians and security personnel by the thousands without considering their role as defenders of independence or their innocence. Senior police officers were assassinated and police patrols were ambushed and gunned down.
4. Nationals of an independent country do not kill fellow nationals who were only doing their duty to provide security for the citizens who wanted just to earn a living, who wanted to live a normal life. Yet the CPM ignored the independence of the nation, the democratic rights of the people in its single-minded desire to create a Communist dictatorship in Malaysia. The CPM were prepared to use extreme violence so as to install its leader Chin Peng, as the authoritarian ruler of the country.
5. To make it more horrendous, much of the atrocities and mutilations committed by Chin Peng and the CPM are not only on soldiers but many civilians were their victims.
6. Government records show that the CPM in a classic move infiltrated the trade unions and political parties so as to destabilise the nation and bring down its elected Government.
7. In the 1969 General Elections, the CPM defied the Government by holding a funeral procession to arouse hatred against the Alliance party. This contributed to the inter-racial tension and the subsequent riots.

8. Until the Haadyai agreement of 1990 the CPM guerrillas planted booby traps which caused many policemen and soldiers to lose their legs, arms and eyesight. Many were killed.

9. The agreement was to stop to the mindless killings of members of the security forces even though there was no possibility for the CPM to seize power in Malaysia. The agreement provided for the laying down of arms by the CPM insurgents. Many of the insurgents chose to live in Thailand. A few who wanted to visit relatives in Malaysia were allowed to do so. Those who pleaded that they were forced or were misled into joining the CPM and wished to reside in the country were allowed to do so. The agreement was a practical solution to the problems faced by the nation and it was a solution also for the CPM which had lost all support in Malaysia following the Government campaign to win the hearts and minds of the people.

10. The CPM would not have entered into the agreement if it still had substantial support of Malaysians. It must be admitted that certain extremist groups in the country still harbour the hope of a CPM-ruled Malaysia. Besides, after the visit of Tun Razak to China in 1974, the Chinese Government stopped supporting the CPM. It stopped radio broadcasts in support of the CPM that year. The nation celebrated this stoppage of China's support for the CPM by giving the BN party a big majority in the 1974 elections.

11. All these point towards the fact that from the very start the war waged by Chin Peng and the CPM was with the objective of turning Malaya into a dictatorship with the CPM leader as the dictator. There was no intention to give the people the right to choose their Government. The CPM wanted to change British Colonial rule with a Communist dictatorship, not an independent nation.

12. It is important to remember that Chin Peng never made any effort to register as a Malaysian citizen. He has therefore forfeited all rights as a Malaysian citizen. But it is entirely possible for his leftist supporters to try and rally around his burial place as a symbol for the resurgence of the MCP in Malaysia. Already race relations in Malaysia has deteriorated. With Chin Peng as a symbol it is most likely that race relations might explode in violence.

13. The Government is right in not allowing the burial of Chin Peng in Malaysia or bringing his ashes back.

Dear Waja Perak

There is much about Malaysia and its post colonial history that many people in Malaysia are unaware of because they chose to be unaware and ignorant of it. I am happy to share as much as I can from whatever it is I have learned through research of Malaysia and its history.

It is sad when people insult and abuse when confronted by information they simply do not wish to explore, research themselves or accept inspite of the overwhelming evidence before it.

Chin Peng was not the only ingrate and disloyal person in that period who wanted something for his own community at the expense of the majority the Malays.

Ramani Malaysia's ambassador to the UN and a well known lawyer during his time between the 1950's and 1960's had in fact harboured a very strong desire to be foreign minister of India. Not Malaya as it was then. He simply like many of my parents generation (thank god my parents taught us to be loyal and to adopt Malaysia as our home) used Malaya or Malaysia as a stepping stone to further his loyalty to a country his forefathers had arrived from or were thrown out from.

Anyway the story of Ramani is for another day, another occasion.

Lets now celebrate a former leader willing to engage ordinary people like you and me and lets thank the almighty he is willing and able to engage and confront us all inspite of his age.

First hand history has no alternative or better source. Lets make the best of his writings and be free to criticise or comment on it in a civilized way.

Salam Tun..

Izinkan saya menulis sepatah dua kata...

Saudara Musato, bolehkah saya mencelah??

Kalau tak boleh pun saya cuba nak mencelah jugak.

Saya memang kurang arif mengenai tasawuf atau ilmu2 tinggi dalam agama ni, tapi yang saya tahu takda orang yang mengamalkan Ilmunya atau orang2 tasawuf yang saya kenal main ikut naluri je... Dan kalau saudara tak pernah berguru macamana pulak saudara boleh kata saudara ni belajar Ilmu tasawuf???

Agak pelik dan tak pernah pulak saya dengar cara mengaji yang sebegitu, dan yang paling pelik saudara belajar semua tu hanya berdasarkan satu Surah je, iaitu surah Al-Alaq.Sedangkan Ilmu yang Allah turunkan complete dalam semua surah dalam Al-Quran.

Dan lagi pelik sepatutnya orang tasawuf menumpukan diri untuk membesarkan Allah, membesarkan penciptanya bukan membesarkan guru2 tarikat Tokku Paloh yang saudara asyik2 ulang dalam comment2 saudara .

Dan yang paling pening ialah entah apa2 yang ditulis saudara dan saya bimbang boleh menyesatkan aqidah orang yang membaca penerangan saudara, saya nasihatkan saudara Musato bergurulah dengan Guru yang sebenar, dan janganlah taksab dengan hanya seorang guru, Ilmu Allah sangat Luas, tak perlu tunggu tok guru Tokku Paloh habis smayang tarawih, t tunggu habis taraweh, saudara pun sesat ntah kemana.

Ingat pesan saya ni, Dalam mencari Ilmu Allah kita sebagai Makhluk ni tak ada daya atau naluri, gerak dan daya adalah milik Allah yang mutlak, apa yang terjadi hanyalah dengan izin Allah.

Sekian.

Terima Kasih Tun.

I don't want to hentam DAPShit a.k.a PASHit a.k.a PERKAShit as a person, but when he posts racist comments that have the potential of creating racial tension and disharmony in our beloved Malaysia, he'll get it from me and / or other protectors of The Federal Constitution of Malaysia.

Assalamualaikum Tun.

T.kasih wajaperak.

Wajaperak mahukan penjelasan lebih lanjut pasal surah al mulk.

Tapi saya bukan tenaga pengajar. Saya takde guru tasawuf selain dari surah al alaq.
Bukan bergurau tapi itulah realitinya.

Pengetahuan rasmi berkenaan agama pun kurang.Apa yang saya tulis hanyalah pengetahuan tak rasmi.Mengikut naluri.

Walaubagaimanapun, saya bertanggungjawab sepenuhnya atas apa yang saya tulis.

Baguslah bila orsng awam faham apa yang saya cuba sampaikan.

Sebab orsng kat US dan Russia juga ada baca tulisan saya walau tak sampsu sepuluh orang.HBT pun baca jugsk.

Wajaperak minat pada tasawuf, jadi bolehlah saya kongsikan sedikit cerita sambil sambil Tun pun baca.

Bila saya kata takde guru tasawuf, maka saya pernah jugsk cuba cari seorang bilamana pernah satu ketika saya ketskutan kerana mendapat alamat yang boleh dikatakan seperti melihat wajah makhluk seperti 4D (seperti scan baby).

Maka saya balik ke kampung untuk berjumpa dengan seorang guru tarekat yang juga keturunan Tok Pulau Manis.Waris tarekat turun temurun.

Namun, tulisan Syeikh Abdul Kadir yang secara kebetulan saya terbaca menyarankan supaya usahlah mencari guru melainkan kamu bertanggungjawab atas apa yang kamu cari.

Sebelum itu memang saya sampai ke tempat tujuan tetapi saya batalkan hasrat atas bicara orang kanan belisu yang berkata Tokku mungkin ada kslau kamu berterawih malam ni.

Dan bukanlah hasrat saya berterawih untuk bertemu dengsn Tokku.

Maka saya taklah mencari guru selepas itu. Tetapi jika ada keperluan masa depan saya tahu mana perlu saya tuju. Kepada ahli keluarga jauh saya itu.

Alamat tadi itu rupanya adslah tanda kepada 100/40 hari dari tarikh kematian ayah saya.

Saya sempat bercerita pada arwah pasal alamat tersebut tanpa tahu apa maksudnya.

Begitulah cara saya. Menulis dahulu baru tshu apa pengetshuan yang tersirat.

Allah Maha Besar.

Terima kasih Tun.

The shameless Chinese impostor Rahman 2012 keeps going in circles trying to bite his own tail. He pretends to be courteous to Tun but we know his true racist nature.

YOU SEE TUN IS THE ADVISOR FOR PERKASA.

Time and again we can see how these veiled racists cannot accept the hard truth.

Time and time again HBT3/4 gives condescending views of Malays and we retaliate back.

Today, they want to be belittle Chinese ke, atau Indians ke, takda masalah. Besok mereka belittle Bangladesh, Arabs or Pakistan, suka hati mereka.

Siapakah PM Malaysia, takda masalah if we follow rules and regulations, and most importantly, we must have clear heart of what is right and wrong.

Suka atau tidak, BN tak akan boleh menang 2/3 majority.

[If we all dont like and criticize USA and Chin Peng for imposing their doctrine then we all should also stop imposing our doctrine to others. How can you criticize someone but do the same thing and claim that your opinions are right]

Dear Mr Balance.

I would like to point out that USA or America in the name of Matthew Calbraith Perry Commodore of the U.S. Navy used their infamous 'Gun Boat Diplomacy' against Japan. Now you would ask why should Japan capitulate when officially not a single shot was fired?

Right mister.The power,cause and effect of intimidation.

What is a doctrine?

A principle or body of principles presented for acceptance or belief, as by a religious, political, scientific, or philosophic group; dogma.

So..you cannot say 'we' imposed 'our' doctrine to other where none are forced to do so.

Chin Peng did indoctrinate his belief on other's.Very imposing.We the security personnel of past and present have well documented the fact and evidence.

I would like to contend your imposing statement Mr Balance.

When one does strongly voiced his opinion like Tun against Tengku Abdul Rahman one can says Tun is very strongly opiniated.Not imposing.

Everybody can claimed that him or her opinion is right like HBT.It is only how we says otherwise is what matter's.

Assalamualaikum Tun.

Mohon keizinan.

[Seperti surah al-mulk yang menceritakan tidakkah kita terfikir kenapa sesuatu alam semulajadi itu dijadikan oleh Allah s.w.t]

Ayat 3.

Dia lah yang telah mengaturkan kejadian tujuh petala langit yang berlapis-lapis; engkau tidak dapat melihat pada ciptaan Allah Yang Maha Pemurah itu sebarang keadaan yang tidak seimbang dan tidak munasabah; (jika engkau ragu-ragu) maka ulangilah pandangan – (mu) – dapatkah engkau melihat sebarang kecacatan?

Adakah ayat ini menceritakan kejadian alam semula jadi?

Ayat 15.

Dia lah yang menjadikan bumi bagi kamu: mudah digunakan, maka berjalanlah di merata-rata ceruk rantaunya, serta makanlah dari rezeki yang dikurniakan Allah; dan (ingatlah), kepada Allah jualah (tempat kembali kamu sesudah) dibangkitkan hidup semula; (maka hargailah nikmatNya dan takutilah kemurkaanNya).

Adakah ayat ini menceritakan kejadian alam semula jadi??

Ayat 19.

Patutkah mereka menutup mata dan tidak memerhatikan (kekuasaan Allah pada) burung-burung yang terbang di atas mereka, (siapakah yang menjaganya ketika) burung-burung itu mengembang dan menutupkan sayapnya? Tidak ada yang menahannya (daripada jatuh) melainkan (kekuasaan) Allah Yang Maha Pemurah. Sesungguhnya Ia Maha Melihat serta mengetahui akan tiap-tiap sesuatu

Adakah ayat ini menceritakan kejadian alam semulajadi???

Musato..anda mungkin benar jika anda orang awam.

Tetapi jika anda belajar ilmu tasawuf dan kesufian, anda silap disini dari 'contextual'..

Kecuaian hanya akan membawa padah..

Salam Yg Bhg Tun,

The Racist PERKAShit's new statement is a concrete proof that he or she (or it) is playing racial card and attempt to cause racial tension and disharmony in our beloved nation.

Demonizing the Chinese and suggest to scrapping the Chinese school is the first and second steps of ethnic cleansing, which is clearly the manifesto of PERKAShit the racist.

If PERKAShit can belittle the Chinese and the Malay Muslim of PAS (as you can witness here in all his previous posting in the honorable blog, he called the regious PAS members Donkey, I wouldn't do that in a million year.), he will and can subsequently discriminate the Indian, the other ethics groups in Malaysia. Thus, PERKAShit is indeed, a dangerous being.

The Racist PERKAShit must be made to understand that Malaysia is a multicultural country; the world is multicultural, multi-race, multi-ethnic. Allah SWT created the world this way and we must accept it. If PERKAShit is not happy, he can leave this world or go back to his s**thole.

The formula is further fine-tuned: PERKAShit = NAZI = NO LAUGHING MATTER.

PERKAShit is only moron in da house.

Salam Yg Bhg Tun,

Rahman 2102,

I just wondering whether you understood what PASHit meant when he asked you “You have been exposed as a fake and you still got no shame meh?”

Americans and Westerns have high standards of mentality. They hate it when they discovered that you had manipulated, distorted things and telling lies. Their saying “once beaten twice shy” always in their minds. Whatever things you want to elaborate after that they will just consider them as rubbishes. They wont believe you anymore. They just turned their back on you and didn’t want to look to your face anymore. Inside, they just say “go away, you are in the class”. Don’t meddle here anymore.

Some many of the Malays here have the same standard of mentality as that Americans and the westerns. Once cheated they wont trust you anymore. They just say "Please go away". Don't disturb us anymore. We are not friends. Please don't accuse us as corrupts. Please dont call us gansters. Don't call us anjing etc etc. Leave us alone to manage the country." etc etc

Salam Tun,

The original racist impostor is back with more weak arguments. Although I must say there is nothing wrong with the statement but I must add a few more sentences to complete it.

the impostor’s statement which of course sought to twist my original one is:

MALAYSIAN SOLDERS DIED DEFENDING THE COUNTRY TO ENABLE THE MALAYSIANS, REGARDLESS OF MALAYS, CHINESE, INDIANS AND OTHERS TO AMASS THEIR WEALTH IN A SAFE ENVIRONMENT.

So I have to add and this moron should also acknowledge:

THE SOLDIERS WHO DIED DEFENDING THE COUNTRY FROM THE COMMUNISTS ARE MOSTLY MALAYS AND THE CHINESE STOOD TO GAIN MOST FROM THE SACRIFICES OF THE MALAYS TO AMASS GREAT WEALTH AND NOW ARE TRYING TO BELITTLE AND MOCK THE MALAY SACRIFICES.

You agree? Wow now we got 2 stubborn morons in da house!

As we can plainly see these racists will only try personal attacks as they actually cannot deny the facts that are presented here. They cannot accept when we call a spade a spade. Typical opposition tactics to try and discredit those who can fight and make these racists look stupid.

Nah your tactics dont work meh...try harder next time. It is hereby confirmed that the chinese impostor under the nick of Rahman 2012 and HBT 3/4 are racist bigots trying to blame someone who is just stating the facts because the ugly truth are just to hard to bear.

Since when did the idea of scrapping Chinese Schools is ethnic cleansing? Isnt it for the betterment of the country? So that the true 1Malaysia that the Chinese crave for will eventually become reality? A nation where all wealth is shared equally amongst the races and where all its citizens speak the same language and the Malay Sultans and YDP Agong is held in esteem as the heads of the country.

BTW where else in this world can you find Chinese schools outside China? It is in reality the biggest hindrance in building a nation. Of course this is the plain truth.

So I have come up with a formula for the racist impostor:

NAZI = CHINESE CHAUVINISM = NO LAUGHING MATTER

Looking forward to more moronic statements from these racist bigots.

DAPshit@2 morons in da house!

Salam Yg Bhg Tun,

May I deny Racist PASHit a.k.a. DAPShit a.k.a. PERKASHit a.d.k.a WhatkindofS**t's statement and rephrase it as follow:

MALAYSIAN SOLDERS DIED DEFENDING THE COUNTRY TO ENABLE THE MALAYSIANS, REGARDLESS OF MALAYS, CHINESE, INDIANS AND OTHERS TO AMASS THEIR WEALTH IN A SAFE ENVIRONMENT.

Now, let us see how PERKASHit the RACIST challenge this statement?

Oh, one more thing, may I have your blessing to quote PERKASHit the RACIST's other line: " THE MODERN DAY ZIONISTS ARE THE NEW NAZIS!"

So, what are some of the characteristics of NAZI?

1. Fascists, extreme right wing, just like the PERKAShit,
2. Racist – Ethnic cleansing, starting from scraping the Chinese school and deprive the right of the Chinese in studying their mother-tongue.
3. Belligerent – inventing common enemies and wage war on them, PERKAShit' has been belittled and demonised the Malaysian Chinese, trying to portray Malaysian Chinese and the enemy of Malays.

So may I rephrase: PASHit a.k.a. DAPShit a.k.a. PERKAShit a.d.k.a WhatkindofS**t. is the NEW NAZIS!

PERKAShit = NEW NAZI. This is not a laughable matter.

Assalamualaikum Tun.

Bangsa cina dan melayu banyak perbezaannya. Berbeza dari segi cara hidup, termasuk
berbeza bagaimana memahami maksud sesuatu penulisan.

Ini kerana membaca tidak membawa sekali maksud gerak tubuh serta intonasi apa
yang cuba disampaikan.

Tetapi manusia terikat pada satu kejadian Allah s.w.t iaitu mempunyai perasaan atau
jiwa. Samada melayu atau cina masing masing punyai perasaan sedih, marah atau
sayang.

Apa HBT fahami pasal lebih sudu tu betul.

Cuma apabila bertukar pandangan dengan Tun, Tun punyai pengaruh yang kuat. Setimen hero. Hero yang berani. Hero yang makin luka makin kuat ngaumannya.

Seperti apabila Tun berada di luar UMNO Tun kata UMNO banyak rasuah. Maka orang bersetuju.

Sedangkan perkataan rasuah itu sendiri dari fahaman bangsa cina dan melayu sudah berbeza.

Pepatah Melayu berkata, musuh jangan dicari. Orang memberi kita merasa. Buat jahat jangan sekali.

Saya bukan seorang 'yes man' walaupun pada Tun Mahathir. Tapi saya berkongsi karakter yang sama dengan Tun.

Saya tak suka bagi duit. Mintak resepi roti saya boleh bagi. Tak payah bayar.

Salam Tun,

Kudos to grkumar for the enlightening piece on the late cruel and untrustworthy Chin Peng.

Touching on the current political scenario in Malaysia, it seems that the Chinese had given their best shot in the recent GE to topple BN. Well to say that many of them were disappointed at the outcome would be an understatement. Imagine more than 90% Chinese support for DAP and still cannot win?

This begs the question from me, IT THAT THE BEST THAT YOU CAN DO?

You gave it your best shot and not much changes. You got your donkeys PAS and PKR to split the Malay votes and still lost.

The Malays have learnt from the experience. Never trust the Chinese. As individuals they can make great friends and business partners but as a community we must always be wary of their sinister ultra kiasu ways.

Thank God even some of the donkeys in PAS and PKR also have realised their foolish ways and we will see some reconciliations with UMNO in particular soon.

In fact B.A.B.I. also should have realised by now that DAP were never really serious about appointing him as PM if PR had won the GE. Please refer to Tunku Aziz for proof. Do you really think that Kapal Singh is sincere in his defending B.A.B.I. in the Sodomy II case? He is not called The Twin Headed Lion of Jelutong for nothing you know. Think hard and you will find the REAL reason why. Auto remote control. Typical sinister politicians.

When LGE attempted to bribe Tunku Aziz with a high paying position in a state owned corporation to prevent him from leaving DAP, no Chinese said anything about it. It seems perfectly alright with them for LGE to do this kind of things. The Chinese will condone whatever LGE do as he is literally their tokong. Even the Chinese media and The Star will support him as they are afraid of the Chinese community backlash if they do not.

So it looks like the Lim dynasty will continue to lord over DAP for a long time to come.

DAPshit@ 44 years is a mighty long time to rule!

What is not perhaps widely discussed and known is that Chin Peng was a proxy of Beijing. He was also when convenient an ad hoc mercenary of the Kuomintang and the British in the region at various times.

He did not “fight for the rights” of “all Malaysians” as some particularly in the “independent” Malaysian Bar and their proxies in the PKR allege. Chin Peng made no bones of China’s intention to dominate all of the vacuum created by the departing colonial powers of Holland and Britain in the region and his desire to act in their interests. The communists also had the Philippines in their sights.

I briefly met the late Lt. General Peter Walls (who served as Lt. Colonel Peter Walls in Malaya after world war 2) in New Zealand in the late 1990’s. As a free lance journalist who at the time had access to the man, I asked him about Chin Peng and the insurgency in Malaya over which he Walls was commander of the counterinsurgency forces there at the time.

Peter Walls was diplomatic and evasive at first till he became a little more relaxed about my intentions and accepted the fact that whatever I reported (if I did) would not in any way create waves anywhere.

“Our job was to keep the bugger locked in his sandbox and to keep him and his men on the run. We did a good job till Whitehall asked Salisbury to remove me sideways.”

As for Chin Peng the man he had this to say: "He was clever, but never to be trusted as far as you could throw him. He never kept to his word and in truth was confused as to his objectives".

I learned there were white flag meetings between the two sides on more occasions than has been admitted to in the media. Chin Peng was mercenary and carried out executions, acts of terrorism, beatings, kidnappings and false flag operations on behalf of both sides of the divide.

He had a special unit that was loyal to him and him alone and not the cause. It was for his personal protection. Chin Peng also owned substantial property through two mistresses he had at the time. One was the wife of an Ipoh businessman, the other a woman from Penang. They were both Chinese and may have pre deceased him.

Chin Peng carried out executions for the Thai army against the Petani and Yala Malays who were part of the Muslim separatist movement. These acts of violence were blamed by the media on the Yala separatists in order to win the "hearts and minds" of the locals.

He carried these out these executions and burning of villages in exchange for freedom of movement for his troops when in hot pursuit by Peter Walls' forces across the Thai Malaysian border. It was also a trade off to keep the Thai's informed of any attempt against their beloved Royal family the subject of threats from Viet Nam and the Pathet Lao. Both were at the time aligned with China.

Walls claimed that on a number of occasions he had Chin Peng in his cross hairs, his whereabouts known and the man primed for a "take out". However as it is now widely known, the orders to "take out Chin Peng" were always denied and frustrated by KL on the orders of GCHQ London.

The danger according to Walls is that if Chin Peng were “taken out”, any internal leadership struggle may throw up an unknown and the whole exercise of defeating the communists would have placed the non communist forces on the back foot, at a disadvantage and back to the drawing board.

Chin Peng he said to me during the interview was “a blood thirsty ruthless and uncaring self centered despot”. He killed for profit, personal reasons and for power and not so much for an ideological purpose”.

When Chin Peng had to go to China on at least two occasions his safe passage was guaranteed and British and US operatives in the region were asked to track but not interdict. It was a case of the devil you know.

Chin Peng did not have the interests of the Indians or the Malays at heart. He never did and at times never made a secret of his contempt for the two races. He simply shared the vision of a “greater China” that Mao did and treated the area as if it were a franchise of Beijing.

There was a lot more that Walls said in our conversation. Walls was a charming man with a tough but educated streak in him. He mentioned the names of compromised politicians in Malaya and Singapore some of who may still be alive who also worked both sides of the fence.

Chin Peng was no citizen of Malaysia either legally or by his allegiance. He owed nothing to Malaysia’s citizens except a section of its population, some of the Chinese. Thankfully not all of them. For the same reasons espoused here by the Tun the murder and mayhem of a loser, he deserves no reward or ‘right of return’. he deserves as much sympathy and respect as that which he showed Malays, Indians and some Chinese, especially the troops who defended the nation then.

Salam Tun,

Saya sokong sibotak! Jangan layan orang 3/4 tuu haha.

Kepada Calon2 yg menang dalam PAU saya ucapkan tahniah. Jangan lupa diri kerana setiap perbuatan tuan / puan di perhatikan oleh rakyat marhaen dan anda semua juga harus menjawab di akhirat kelak atas tindak tanduk anda di dunia.

Sekarang ini imej tuan dan parti sedang cuba bermati2an di burukkan oleh anasir2 yg gila kuasa dan berkepentingan politik. Oleh itu buatlah yang terbaik demi negara untuk Umat Islam dan kaum Melayu yang sedang di himpit dan diperlekehkan segala pengorbanan dan usaha kita selama ini untuk membangunkan negara ini.

Sokongan orang Melayu kepada tuan sekarang lebih kuat dari dulu. Oleh itu pujuklah PAS keldai yang lembik itu untuk sama2 bersatu demi perpaduan umat Islam. Jika ada tok guru penipu mungkir janji yg menentang penyatuan ini maka dia terang2 melanggar hukum Allah demi nafsu politiknya.

Jangan kita ditipu lagi oleh tok2 guru menjual agama demi politik ini. Penipuan mereka amat terang dan nyata dan boleh dibuktikan satu persatu.

Saya sarankan agar semua umat Islam dengar dan fahamkan bukti2 penipuan PAS dalam ceramah2 Ustaz Rujihan Abd Rahman. Anda boleh layari Youtube selepas membaca komen saya ini.

Jika berkesempatan juga carilah buku CN Al Afghani 'Kafirkah aku' yg mengupas kezaliman ustaz2 penipu menggelapkan duit derma anak yatim Memali. Sekarang pun saya masih membaca buku tersebut buat kali kedua.

Anda juga boleh dengar dan amati betul2 pembongkaran yg di buat oleh Ustaz Saidi, bekas ketua keselamatan PAS yg keluar parti kerana N. Ajis mengeluarkan fatwa "Allah dah ampunkan dosa ADUN Selising" yg ditangkap dgn isteri orang dlm keretapi. Juga ada di Youtube.

Anda juga boleh ikuti ceramah2 Dato Dr Hasan Ali, seorang yg sangat saya hormati, untuk mengupas kemungkaran2 PAS yg bertopengkan agama. Perangai ramai pemimpin PAS lebih teruk dari pemimpin UMNO yg bukannya bagus sangat pun tetapi orang Melayu sekarang tidak ada pilihan lain.

ORANG MELAYU AMAT MUDAH DI TIPU OLEH IMEJ BERSERBAN DAN BERJANGGUT.

Bagi saya apa yg paling penting sekali adalah penyatuan umat Islam negara ini yg disarankan dlm Al Quran. Itulah agenda yg harus di pikul oleh UMNO dan PAS mulai sekarang tanpa melengahkan masa lagi. Perpaduan ummah adalah tuntutan agama.

JANGAN SAMPAI RAKYAT HILANG PERCAYA DALAM MASA 4 TAHUN AKAN DATANG INI.

Assalamualaikum Tun.

Setakat hari ni dah dua kali saya baca bagaimana Datuk Mukhriz nak membawa UMNO jika berjaya antara 3 Naib Presien.

Datuk Mukhriz tiada apa yang special. Low profile,tidak bercakap angkuh,lambat masuk bidang politik.Takde team yang berpengaruh dari segi sikap.

Mungkin cuma menumpang nama Tun Mahathir.

Kalau ikut pengalaman interview saya,orang kerajaan tak suka penampilan begitu.Interview gagal.

Mungkin mereka suka lebih pada cara Khairi.

Tapi Datuk Mukhriz jangan risau.Saya pun lebih kurang macam tu jugak.Boss saya lagi la kata saya tak pandai memimpin.

Saya pun baru kenal sikit sikit politik.Tu pun melalui blog ni je....apa la sangat.Umur baru setahun jagung.

Assalamualaikum Tun.

Manusia kadangkala terlupa bahawa setiap kesalahan ada hukumannya.

Seperti Chin Peng menjadi pengkhianat hukumannya adalah dilarang ditanam abunya di tanah yang dikhianati ini.

Selepas beberapa ketika, saya sedari bahawa sememangnya manusia tidak bersedia dihukum kerana kesalahan sendiri.

Bercakap bohong tidak dihukum. Melanggar arahan ketua tidak dihukum. Mencintai harta dan dunia tidak dihukum – hanya contoh kiasan.

Alangkah bertuahnya jika ditegur oleh Allah s.w.t yang Maha Kuasa.

Mungkin sebab itu juga ada undang undang hudud dalam pentadbiran Islam.

Bukan sekadar menasihati. Tetapi menghukum.

Salam Tun,

We can see now the typical reaction from racists when they are confronted with facts. For us Muslims the term "All men are created equal" is already our way of life. And to sacrifice and show compassion towards other races is our trait, something that the Chinese WILL NEVER EVER DO.

As i stated earlier and I reiterate again THE CHINESE WILL ONLY TAKE BUT WILL NOT GIVE.

It is time for the Malays to stand up to their racist ways and not back down because they will only grow bolder if we are not resolute. Alhamdulillah some people in Parti

Ajaran Songsang have begun to realise their previous stupidity in being a lackey for DAPshit and we are seeing efforts being made to eventually kick these people out. PAS has already learnt their lesson in Gelang Patah during GE13 when LKS won but Salehuddin Ayob lost. The rakyat still harbours hopes of a Kerajaan Perpaduan Ummah.

Sanity will prevail and Muslims in this country will eventually unite as it is clearly stated in The Holy Quran that Muslims must unite. Of course we will have to wait until the orang tua nyanyuk batu penghalang terbesar perpaduan umat Islam die first for this dream to materialise. Ustaz Nasha and many others have paved the way and we look forward for this dream to come true soon.

Then and only then can we begin to abolish Chinese schools and be on the road to a true 1Malaysia. After all wasnt that what the Chinese want in the first place? An ideal future for Malaysia will be where everybody studies and speaks the same language, all the nation's wealth divided equally amongst the races, and everyone accepts the YDP Agong and the Malay Sultans as their kings. Wouldnt you want that too Rahman2012 and HBT3/4?

The Chinese community as a whole has been proven as racists as in Gelang Patah GE results and you still want to accuse others? I was raised in a Chinese community and had my fair share of Chinese girlfriends and can beat most Chinese in table tennis. Organisations like Dong Zong and DAPshit are the biggest racists of them all but always trying to cover their evil ways by accusing others.

Also I would like to see you deny the fact that MAINLY MALAY SOLDIERS DIED DEFENDING THE COUNTRY TO ENABLE THE CHINESE COMMUNITY TO AMASS THEIR WEALTH IN A SAFE ENVIRONMENT. IN FACT ANYBODY IS WELCOMED TO CHALLENGE THIS STATEMENT.

BTW your comparison with Hitler is laughable as he would have sent you to the gas chambers. October 12, 2013 at 11:31 AM | [Permalink](#)

Some interesting discussion, ya Rahman 2012. Actually, why Chinese place a European name because they think that European is a better class of race than their race. Ask any chinese girl, who they would like to marry if they are given alternatives ? Even , we have a case here in Malaysia that an Albanian accuses his Chinese wife to get European genetics through their marriage. And why Chinese in Indonesia and Japan adopt Indonesian and Japanese name, because they have to accomodate with Indonesian law and Japanese customs; not because they think that Indonesian nor Japanese are better than them. Why a Chinese dont adopt Malay name in Malaysia is because neither the law requires them to do that nor they think Malay is a superior race than them.

About our national school, I once used to think that we should have 1 school for every race as a step towards national integration. But the likes of Dong Jiao Zong and so on has made things bitter amongst Malaysian. Well, now I think let us not dwell with them – the Chinese Dong Jiao Zong association but focus on education for the Malay. We should make our national school education match the maturity of student in term of age and quality with respect to O-Level and A-Level in the U.K. Make our children be very excellent in Malay and English language such that they could be easily accepted in the UK and US for top universities education (Harvard, Oxoford, Cambridge, MIT, etc). Let greatly support the initiatives by MRSM (MARA) to push the Malay children for taking up IGCSE at the age of 16 , with that could take up A-Level and Bachelor degree education earlier age. With this type of alignment, Malay will be aligned with “seem to be better” education system ; then other races in Malaysia will be our follower.

PAShit a.k.a. DAPShit a.k.a. PERKAShit is confirmed a racist.

Although he claimed he is not a member of the hideous right-wing racist group, he will like to join: "I am not a PERKASA member although I would like to be one. In fact I'll sign up soonest when I get the chance."

PERKAShit also suggested: "SCRAP CHINESE SCHOOLS THEN ONLY CAN WE BECOME 1MALAYSIA." So what do PERKAShit and Hitler have in common? The attitude and act of racist minded people like PERKAShit is the cause of Malaysia's racial polarisation.

Having said that, he did bring up a good point, in a negative way though: "I wonder why the Chinese try their very best to imitate and act like Mat Sallehs when they migrate to Australia or US? Even here in Malaysia they give themselves Mat Salleh sounding names to look classy."

The reason why some Chinese adopted Mat Sallehs name was because they were open-minded, accommodating to culture differences. I would not use confrontational word such as: "imitate", I would say the Chinese blended-in. Just like Pak Lah, Amin Tan and Mubarak Chan, and like Princess Hang Li Po and the Chinese did 600 years ago, adopted the Malay culture and intermarry and settled down. Many Malays with fair complexion are of Chinese or Peranakan descendant. Peranakan is the true multi-cultural 1 Malaysian.

Talking about names, it is not uncommon that, Australian Chinese have Australian name, Japanese Chinese have Japanese name, Indonesian Chinese have Indonesian name. Indonesian Malays have Indonesian names. In Malaysia, Malays use Arabic names.

Recently, I was invited by Indonesian Embassy to a dinner celebrating the 68th Indonesian Independence. The cultural performances that we witness are so captivatingly beautiful. The essence of Malay culture is so well preserved in Indonesia; you can't find them in Malaysia anymore.

THE HUMANITY OF THE MALAYS IS UNPARALLELED IN THE HISTORY OF MANKIND, I fully agreed, but definitely not from PERKAShit, or from some of the racists in this respectable blog.

Poor PERKAShit, he or she doesn't even have a name, or a gender, just: "PASHit a.k.a. DAPShit". So no one knows what kind of "S**t he is. Hahahaha.

There are many type of "Baba and Nyonya". One type is more towards Indonesian and the other type is more towards Thai in their cultural, food, clothing and life-style. Then there are also the third type which are immigrant Chinese from China that marry into Baba and Nyonya family and their dressing style again are different.

From Baba and Nyonya case we can see that all life-form evolve and Malaysian should understand that all are no more pure blood anymore and we all change or evolve due to reasons only God knows. So start to love each other more as somehow or other we all are connected.

When someone claim that they are more Malay or Chinese or Indian than others, these type of people should be send to Tunjung Rambutan. Bumiputra is not a race, it is a status created by human not God. Malay, Indian, Chinese, Eskimo or many type of white-man are races created by nature and God. Therefore we should respect God and nature creation. Stop comparing but share and love more. Everyone have political opinion and should kept under self-control. If a race or type of people cease to exist or slowly die-off, no one can stop God's will. In history many leaders (hero of their race) tried to think their race are more superior but all end-up mistaken but we still want to practice the same doctrine and repeat the same mistake. If we all dont like and criticize USA and Chin Peng for imposing their doctrine then we all should also stop imposing our doctrine to others. How can you criticize someone but do the same thing and claim that your opinions are right.

Humans are so funny but God make us to be like that. That is why the world rotate, there is day and night, tide and seasons. Remember nothing is permanent, change and evolution is nature. No human or race are more superior all are send here for a reason only God knows.

Love more hate less

Salam Tun,

Thank you Puteri Tujuh for explaining that the overwhelming majority of the current Chinese population in Malaysia are not of Peranakan origins which assimilated and integrated into the Nusantara way of life. That should have been the case with the latter day pendatang. These mostly racist minded arrogant people are the main reason why this beloved nation is polarized as it is today.

SCRAP CHINESE SCHOOLS THEN ONLY CAN WE BECOME 1MALAYSIA.

To the impostor Rahman 2012, wah you talk cock about Malays and Chinese relations 500 years ago but you neglect the recent attitudes and misguided racist prejudice of the recent pendatang.

Why I know you are an impostor? It's because your stupid baseless comments are exactly what another non Malay commenter posted under a different nick a few articles back. Word for word. You are not even Malay as your name suggests but of course this is typical of sneaky people like you. Either you are one and the same or members of a gang.

I wonder why the Chinese try their very best to imitate and act like Mat Sallehs when they migrate to Australia or US? Even here in Malaysia they give themselves Mat Salleh sounding names to look classy.

I challenge this impostor to deny this statement:

THE HUMANITY OF THE MALAYS IS UNPARALLELED IN THE HISTORY OF MANKIND.

Please name one culture that has been as accommodating, sacrificing and tolerant to the Chinese immigrants as the Malays. The Chinese knew the facts but these ultra kiasus will always try to downplay this fact.

Lastly, I am not a PERKASA member although I would like to be one. In fact I'll sign up soonest when I get the chance. The reality is now many Malays are angry and this feeling is widespread although many will not admit it publicly as this is the Malay accommodating nature.

DO NOT TAUNT US.

Salam Yg Bhg Tun,

Dear PASHit a.k.a DAPshit,

I like to straighten things up. Before the born of Malacca Sultanates, the region was called the Malay Archipelago which consist of the Sumatra, Malay Peninsular, Sulawesi, Bugis, Jawa, Makassar, Borneo etc etc. During those time all the Malays had their own separate Governments as to which area they were. The Malacca begin when a young prince from Sumatra started (not migrated) a new Government at Malacca. His administration and with the help of Arabs merchants and mubalighs, made Malacca a great trading point. After being a Muslim and also his peoples (rakyat), Malacca became Malacca Sultanate and later became great with high standard of civilisations. Malacca Sultanates became an empire which consisted of Malay Peninsular, Sumatra, part of Jawa and also Champa. Malacca was so good that time all because of it's own peoples sacrifices and not by others.

Initially, Chinese came to Malacca to trades and were lead by Admiral Cheng Ho. Admiral Cheng Ho later was very fond and gave very much respects to Malacca. He presented Hang Li Po to the Sultan. In order to protect the good trades, Admiral Cheng Ho later offered to Malacca Sultanates as being the protector of Malacca from Siamese. But they were none of any conflicts happened between Malacca and Siam which lead to killings of any Chinese in order to defend the Malacca Sultanates. If I am not mistaken Admiral Cheng Ho later passed away as a Muslim and was buried at his homeland.

The Chinese traders and merchants kept on trading with the local peoples. Some settled down there married to the local or among themselves. They adopted the Malay's lifestyles and cultures in some parts for their daily life. They cooked Asam Pedas, masak Lemak etc etc. They even adopted the Malay's fashions for the daily wears which was to cover the 'aurat'. They respect the local peoples. Their decendents now are called Baba and Nyonya. They are good and polite.

The Portugese came and conquered Malacca Sultanates. The Malay Governments separated and moved to Johor which was the Johor Sultanates and Perak which was the Perak Sultanates.. After through the hell years, Malacca later was handed to Dutch. An later to British. No Sultans to Malacca.

The British later invaded (they say that they found) Pulau Pinang to be their colony and fought with the Kedah Sultanates. In order to keep the Kedah's soldiers away, they drew lines and obtained the Seberang Prai as the border line. That was why we came across with two of Kedah's regions on the PLUS Highway. The British also invaded (they also say that they found) Temasik and be their colony.

British interested with Perak when Long Jaafar found the tin. They negotiated and made agreement with the Sultan to obtained the tin named Pangkor Agreement in 1874. But the agreement was not straight also same like the Water Agreement with the Singapore 1962.

In order to obtained those tin, British brought in Chinese from the mainland China. Initially, these Chinese came to Malay Peninsular just to works and get money. Later they will go back to their homeland.

Because of that they didn't want to mixed with the local Malays. They didn't want to get to know the local Malays. And so they even didn't want to respect the local Malays. Lu Lu, gua gua. But they kept on settling on in this land with the ignorance of the British.

They kept settling in and their number became bigger, be and support the terrorist communists, etc etc. They were given citizenships and hundreds thousands more quietly migrated in before the 12 o'clock midnight of 31st August 1957. These decendants are now the major populations.

Some documentaries in History Channel always distorted the facts by potraying that the major Chinese populations now in Malaysia are the decendants from the Malacca Sultanates which are wrong.

For me a Malaysia must have the following ingredients to make it complete with Uncle Chin an anomaly in our short history. The ingredients, the Malays with the Royal Sultanates and the UMNO, the Chinese, the Indians and all, the Islam religion concomitant with the religions of the other communities, the Opposition, the fence-sitters who grow in numbers year by year – these are mainly the urbanites. Our lifestyles in this equable climate and the perennial differences between the different communities. This is only natural. The strict rule of the laws and its practice by both the Government and the public. The ability of each type of people to converse in multiple languages as a matter of course. All these little bits and pieces when added up together forms a bigger picture than the total sum of the whole. And what is missing to put us right up with the leading lights of the world is the English language which should be put to good us and wrapped round this wonderful package called “Malaysia”.

We must know the real World we live in. Only then, we know how to safeguard and treasure Malaysia created by own dynamism for our children and our children's children. Is'nt this better than all the money in Oxford Street or the 5th Avenue ?

If the eponymous Swiss can tough it out amongst their 4 disparate groups up in the high Alps amongst the mountain goats for over 800 years, we have much more going for us amongst the durians and the what-have-you in Malaysia ! And we have only gone 57 years of the way !

Dear Tun,

The Opposition would continue to undermine the credibility of the legitimate BN

government. They are fear mongering and agitating the populace to cast aspersion on the government with regards to TPPA. Please let us not team up with the Opposition to oppose TPPA. Let us have faith in our government than believe in the claims by the Opposition. Below is the news I pick up from the STAR newspaper,

[Opposition leaders, NGOs slam TPPA at forum

[KUALA LUMPUR: Investments from other countries are necessary but trades pacts cannot be at the expense of national security, Opposition leader Datuk Seri Anwar Ibrahim said.

He said Malaysia became a trading nation during the 1970s and the country developed thanks to foreign investments.

"Now, it's a complex situation. Our economy has improved and big countries will find ways to tap into it. The Unites States sees the TPPA (Trans-Pacific Partnership Agreement) as a way of controlling our economy," he added.

Anwar was speaking at a forum organised Thursday night by a group of anti-TPPA non-governmental organisations, Bantah TPPA, where he and other Opposition leaders voiced their concerns over the trade agreement.

The group will hold a protest Friday to pressure the Government against signing the agreement.

The demonstration to be held at the Kuala Lumpur City Centre (KLCC) also coincides with the visit of United States Secretary of State John Kerry, who is expected to push the Malaysian government to sign the agreement.

Thursday's forum, held in Kampung Baru and titled Pentas Perdana: Selamatkan Kedaulatan Negara, Tolak TPPA (Premier Forum: Save the country's harmony, say No to TPPA), featured Opposition leaders like Shah Alam MP Khalid Samad, Subang MP Sivarasa Rasaiah, Batu MP Tian Chua and PAS vice-president Datuk Husam Musa.

The event was moderated by Solidariti Anak Muda Malaysia (SAMM) coordinator Badrul Hisham Shahrin, better known as Chegubard.

Some of the panelist in the forum suggested that the TPPA was a new form of colonisation and the US was taking advantage by engaging developed and smaller nations to be part of the agreement.

"This is a new form of colonisation. Deals are the best way to colonise a country," said student activist Adam Adli.

Khalid said signing the TPPA would result in the Government losing the right to protect any business and industry in the country.

"Ecuador was sued by an American company in the International courts when they implemented a policy which affected the company. This is one of the drawbacks of TPPA," Khalid added.

Husam said while Islam encouraged trade as it promoted peace, harmony and property, it shouldn't be controlled.

"With the TPPA, big companies will control the economy.

"When this happens, the people will become poor. When the people become poor, the country will become weak," said Husam.

Although Malaysia has yet to sign the agreement, NGOs have claimed that the Government has negotiated 19 times with the US and everything was kept in the dark.

The TPPA is an initiative to establish a free-trade agreement among the 12 countries of the Asia-Pacific region and is open to other Apec economies.

The 12 TPP members are Australia, Brunei, Canada, Chile, Japan, Malaysia, Mexico, New Zealand, Peru, Singapore, the United States and Vietnam.]

Tun

For Saudara Amin Tan. I appreciate your kind advice and wisdom. But Aiyo, yo ! I have to repeat the long list of financial gains which Singapore overtime had in her dealings with our beloved Malaysia. (And it was a one way street straight to the Esplanade !) in order to put the TPPA into context.

1962 The Water Agreement. If the ringgit appreciated, Malaysia would have made money. But the ringgit depreciated 150% against the Singapore dollar. So, we end up delivering free water and had to pay for the delivery because the Agreement is a Sell and Re-purchase Agreement based on 1962 money values. OK.

1972. MSA. Malaysia gave all the software except the planes to Singapore. The late Tun

Dr Ismail nearly sack the 3 wisemen who negotiated the deal.

1980. The Palm Oil Tariff with India (included for completeness sake). The Indians were sharp with the nitty gritty.

1965-2000. When the CLOB was in operation, it was like a Hoover sucking up the Malaysian money for nearly 12 times. All I need do was to read the Straits Times for the hidden signal and could hazard a guess whether the Mart was going up or down. There were about 12 crashes during this period and anotheer 12 recoveries. From 2000-2013, there was NO crashes.

2003-2012.

1. We start with the loss of Pulau Batu Putih. As soon as the Tun retired, we set off to the Hague to hand over the isle to Singapore legally and in reward, all sorts of victorious claims were made by Singapore. No country in the World has done it like this. As a result, Malaysia was further hemmed along the sea border.

2. Certain blocks of oil exploration were re-arranged (This is included for completeness sake)

3. Saddam Hussein's UN sanction yielded 1,000,000 barrels of oil which were re-arranged. (This is include for completeness sake).

4. The sale and repurchase of Treasury assets to Singapore and others.

5. A PAP cadre became the Chief Editor of the UMNO owned New Straits Times and a luscious Sime Darby contract was placed on his lap to ease his hardship tenure in KL.

6. What we do not know, we do not know.

7. 2013. Suddenly the TPPA dropped out. As the history unfolded, in 2008 the United States took an interest after Singapore urged it to form a larger group from that founded by Singapore in 2005 with 4 dummies to contain China. But actually, Singapore lost big time in October 2008 on Wall Street, US\$108 Billions. (RM350 Billions/Malaysia Foreign Reserve 2013 US\$140 Billions). TPPA IS NOT A UNITED STATES INITIATIVE. IT IS SINGAPORE'S. So, these secret negotiations had been on-going for 4 years since 2009.

Why am I against the TPPA ? I can see the fall of the UMNO led BN in the next 14th General Elections if the Government signs this death warrant. I can see civil disorder and chaos arising from retrenched workers from our Malaysian owned factories and businesses. I can see that the Malaysian Democracy complete with the Opposition and all that are connected with it, would evolve into a form which no one can pre-determine. I can see what cannot be seen all sorts of moves to weaken our country whether intentionally or unintentionally.

Finally, from the above check list, I cannot think of one single instance when Malaysia gained something from Singapore.

Here is the philosophy of Singapore.

1. The brilliant Lee Kuan Yew said in the late 1960s on trading with the Communists. ' In trade, we may also trade with the Devil.'

2. From his latest book, Page 87, 'I told him (Nixon) that some nations are like trees, they grow tall and straight, they do not need support. And some nations are like creepers, they depend on a tree (Malaysia) and creep up the tree (Malaysia). '

Dear Saudara Mubarakchan,

With due respect and high regard for you and your concern and admonition about TPPA, I am sure the Prime Minister, Datuk Seri Haji Mohd Najib bin Tun Razak and the ruling government, must have or would have taken note and move with extra caution. That is why we would not sign the TPPA until the Cabinet has gone through it in small details, the parliament has debated it and the rakyat has pin pointed the unfavourable and offensive terms and conditions of TPPA agreement. We would only sign TPPA that is favourable to us and safe guard our national interests. That is what was reported in the news as i have reproduced in my foregoing comments. Please let us have faith in the wisdom and competency of our beloved Prime Minister and his BN government.

Saudara. I have been a loyal and staunch supporter of the Alliance/BN Government since 1957. And I am related to the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore, through my elder brother's marriage to his only sister in October 1951. The PAP was founded in 1955.

I know our Government through its wisdom and judgement will protect and safeguard the SOVEREIGNTY, NATIONAL INTEREST AND SELF ESTEEM OF OUR BELOVED COUNTRY. THIS WAS WHY IF YOU MAY HAVE NOTICED I URGED ALL MALAYSIANS ESPECIALLY THE MALAYS, THE CHINESE, THE INDIANS AND ALL TO VOTE BN before the 13th General Elections.

As citizens, we all have a duty and responsibility towards our beloved Malaysia. The TPPA will finish all of us, no doubt about it. Why is China, Indonesia, South Korea, Japan, Thailand, Taiwan and The Philippines out of it ? In fact, the whole thing stinks !

Dear Tun,

Please allow me to address Mr Mubarakchan who vehemently opposes TPPA. I hereby quote the Prime Minister as reported in the Utusan Malaysia as below,

[[NUSA DUA (BALI) 8 Okt. - Malaysia sama sekali bukan 'pak turut' dalam rundingan Perjanjian Perkongsian Trans-Pasifik (TPPA) sebaliknya terlibat memberi input dan pandangan berasaskan kepentingan negara dalam proses untuk menentukan kerangka perdagangan bebas dunia yang baru itu, tegas Datuk Seri Najib Tun Razak.

Perdana Menteri turut menekankan sekali lagi bahawa tiada paksaan kepada 12 negara yang merundingi TPPA termasuk Malaysia untuk memuktamadkan perjanjian itu sebelum hujung tahun ini.

"Kita bukan 'pak turut'. Dalam rundingan itu, memang saya bersuara tegas menyatakan pendirian kita dalam hal ini. Kita tidak menjadi pak turut sama sekali. Itu tidak benar. Kita masuk dengan kerelaan hati kerana kita merupakan antara negara perdagangan yang terbesar di dunia.

"Sebab itu kita ada kepentingan masuk sebagai rakan TPPA supaya kita ada peluang untuk menentukan kerangka perdagangan bebas dunia yang baru. Sebab ia dalam proses untuk menggariskan peraturan perdagangan bebas dunia pada masa depan.

"Kalau kita tidak terlibat dalam rundingan itu maka kita tidak ada peluang untuk memberi input dan pandangan kita dalam kita mencorakkan masa depan perdagangan bebas dunia.

Jadi sekarang ini, Malaysia adalah sebahagian daripada anggota (TPPA) dan kita ada hak untuk berbuat demikian," katanya kepada wartawan Malaysia sejurus selesai menghadiri mesyuarat TPPA yang diadakan di luar Sidang Kemuncak Kerjasama Ekonomi Asia Pasifik (APEC) Ke-21 di sini hari ini.

Perdana Menteri menyangkal dakwaan sesetengah pihak kononnya Malaysia hanya mengikut telunjuk negara lain yang mahukan perjanjian itu dimuktamadkan segera

sebaliknya menegaskan kerajaan konsisten dengan pendirian bahawa kepentingan nasional menjadi keutamaan.

"Bukan bererti kita akan terima segala-galanya. Saya sudah katakan berkali-kali dan Datuk Seri Mustapa Mohamed pun sudah ulangi bahawa kita tidak akan korbakan kepentingan nasional.

"Maknanya kita hendak TPPA tetapi TPPA yang tidak mengorbankan kepentingan nasional," tegasnya.

Perdana Menteri mengulangi secara prinsipnya Malaysia tidak ada masalah dalam soal perdagangan dan pelaburan kerana mempunyai rekod yang cemerlang dalam dua bidang utama itu namun terdapat sensitiviti dalam aspek-aspek tertentu yang bersangkutan paut soal kedaulatan negara dan hak untuk menentukan dasar-dasar tempatan.

Ini termasuk katanya, soal pemerolehan kerajaan, syarikat milik kerajaan, penyelesaian pertikaian dan harta intelek (IPR).

"Saya perlu terangkan kepada Kabinet, selepas itu rakyat Malaysia dan disusuli perbahasan di Parlimen. Jadi ini adalah proses domestik yang perlu kita lalui," katanya.]

Dear Mr Mubarakchan,

The Prime Minister and his Cabinet know what they are doing with regards to TPPA. THE ABOVE newspaper report is self explanatory. With regards to Singapore, our current BN government is on friendly terms with them as two sovereign nations with mutual respect. We should support our government of the day as a legally elected government and trust their wisdom and competency in the conduct of international relations and agreement.

From a general viewpoint, it is clear if a person collates all that happened in our beloved Malaysia after 2003 with the activities of the brilliant Lee Kuan Yew with his failed 10 Policies for Singapore and the conundrum in our Malaysian democratic politics, a terrible, terrible picture emerges of how this horrible TPPA was orchestrated from the REPUBLIC OF SINGAPORE AT THE EXPENSE OF A PERFECTLY INNOCENT AND GOOD NATION AND ALL ITS INHABITANTS AND THEIR LIVES – centuries of it. Red hot news from Singapore's independent

Blog.<http://www.tremeritus.com/2013/10/06/beware-of-the-trans-pacific-partnership-tpp/>. 10/10/2013. Yesterday, I was able to provide solid evidence that

the TPPA is a SINGAPORE SHOW WHICH BEGAN IN 2005 INITIATED BY SINGAPORE WITH 3 DUMMIES. Quote Tremeritus which furnished this JAPANESE PETITION

AGAINST THE TPPA. <http://www.japanfocus.org/-Sachie-MIZOHATA/3996>. "The

Trans-Pacific Partnership and its Critics. An introduction and a petition." Sachie

Mizohata and the Association of University Faculties. Quote. "Although the TPP

negotiations have been held in the name of the public, the draft texts have been

shrouded in secrecy not only from the public, but also members of the

Diet.....REPORTEDLY THE COUNTRIES HAVE SIGNED UP NOT TO REVEAL THE

CONTENTS OF THE AGREEMENT FOR FOUR YEARS AFTER THE SIGNING OF THE

AGREEMENT."Biizarrely, the TPP makes a special exception to " a group of some

600 trade 'advisers' DOMINATED BY REPRESENTATIVES OF BIG BUSINESS

(Singapore Inc. and Temasek ?). The TPP is a Trojan Horse (like the DAP), branded as a

"free trade " agreement BUT HAVING NOTHING TO DO WITH FAIR AND EQUITABLE

TREATMENT. In reality, it is precisely "a wish list of the 1% - WORLDWIDE

CORPORATE POWER (Singapore Inc. and Temasek) ", Only 5 of its 29 chapters cover

traditional trade matters, like tariffs or quotas. THE OTHER CHAPTERS ENSHRINE

NEW RIGHTS AND PRIVILEGES FOR MAJOR CORPORATIONS WHILE WEAKENING

THE POWER OF NATION STATES TO OPPOSE THEM." (I said the TPPA open the

floodgate to manufactured goods via Singapore and kill of Malaysian Bumi and non-

Bumi businesses previously). As the Japanese people have increasingly become

concerned about its potential implications.....some groups have voiced their

opposition to the TTP. THE 2005 TRANS-PACIFIC STRATEGIC ECONOMIC

PARTNERSHIP AGREEMENT (TESEP or P4) IS A CONTROVERSIAL FREE TRADE

AGREEMENT AMONG BRUNEI, CHILE, NEW ZEALAND AND SINGAPORE (the

Promoter). It aims to further liberalise the economies of the Asia-Pacific region. (AS

CLEAR AS CRYSTAL, THE PHANTOM HAND OF SINGAPORE IN PLAY BUT IT WAS

ONLY AFTER THE HORRENDOUS CRASH OF THE LOSS OF US\$108 BILLIONS (RM350 BILLIONS) THAT SINGAPORE WAS FORCED TO ACHIEVE THIS DEVIOUS AND CROOKED PLAN TO DO IN AND CONQUER OUR BELOVED MALAYSIA WITH THE BIGGEST FELLA IN THE WORLD TO SAVE LEE KUAN YEW'S LEGACY in 2010 !).....These on-going negotiations have drawn criticism and protest from the public, advocacy groups, and elected officials, in part due to the secrecy of the negotiations, the expansive scope of the agreement, AND A NUMBER OF CONTROVERSIAL CLAUSES IN DRAFTS LEAKED TO THE PUBLIC.

THIS IS IT. The heavy and sinister hand of the Republic of Singapore move HEAVEN AND EARTH TO SAVE THE BRILLIANT LEE KUAN YEW'S 10 FAILED POLICIES FOR SINGAPORE. AT THE EXPENSE OF OUR BELOVED MALAYSIA, THE MALAYS, THE NON-MALAYS, THE UMNO, THE ROYAL SULTANATES. OUR LIFE-STYLE AND OUR MALAYSIAN DEMOCRACY WHICH IS ONLY COMPLETE WITH THE OPPOSITION !

REMEMBER 1962 ALL RAKYAT OF MALAYSIA. THIS IS THE MOST AUDACIOUS ATTEMPT BY THE DEVIOUS MINDS IN SINGAPORE TO KILL US BY WAY OF A SINISTER AND LEGAL DOCUMENT LIKE 1962 FOREVER – no more up to 2052 !

Up front, smiling faces and 19 rounds of golf. Within our jurisdiction, the FULL FORCE OF THEIR COHORTS, DIGITS AND BN DETRACTORS ARE IN VOCIFEROUS PLAY TO DISTRACT AND DRAW THE ATTENTION OF THE HOLISTIC AUTHORITIES AWAY FROM THIS TERRIBLE, TERRIBLE KILLER WEAPON, TPPA AGAINST OUR BELOVE MALAYSIA. I am so very certain that by signing this terrible terrible TPPA by the BN Government it is going to be death for all of us, once and for all.

I HOPE MY FRIENDS CAN NOW SEE THAT IN THE SURVIVAL OF NATIONS AND ITS INHABITANTS THERE ARE DEVIOUS PEOPLE WHO WILL DO ANYTHING TO SAVE THEMSELVES EXCEPT US.

Inshallah, Tun, for returning fit as a fiddle and saving us from a FATE WORSE THAN DEATH AND DEFINITELY WORSE THAN 1962 ! This TPPA will definitely spell the death knell of the Malays, the non-Malays, the BN Government, the Royal Sultanates, our Life-style, our Malaysian Democracy etc and more.

We see how an ANT MAKES USE OF AN ELEPHANT TO KILL US ALL.

THE TPPA IS THE DEATH WARRANT FOR OUR BELOVED MALAYSIA. BUT A NEW BIRTH CERTIFICATE FOR THE BORN AGAIN FAILED STATE OF SINGAPORE

These DAP shitheads who cannot even count CEC votes properly trying to hoodwink Malays are ample proof of their deceitful and conniving nature. Just ask Tunku Aziz what he thinks of LGE attempted bribery to keep Tunku from leaving the party.

One very clever Benggali is Kapal Singh. In 1997 he was the first person to call Brader Anwar Bin Ibrahim (B.A.B.I) 'peliwat' in Parliament but defended B.A.B.I. in the Saiful liwat case. Hahaha talk about the double headed lion of Jelutong!

The Chinese are the real racists. Point proven in Gelang Patah. No use denying or trying to spin grandmother tales.

Even when history has proven that the Malays have sacrificed a lot to accommodate the Chinese in building this nation, even when overwhelmingly Malay soldiers died defending this country so that the Chinese can build their wealth in a safe environment, this part of our history is deliberately ignored by the Chinese.

Do you know the term for 'melayu' in Hokkien? It is degrading and just reflects the Chinese mentality.

For HockBengTeohhalfpast6man/woman/, The On, mnmn, yusof12, saxykorma, the rocket scientist from Singapore and those who wish to create dissension, disorder, chaos amongst us peace-loving Malaysians. The Malays are Malays, they are not Chinese. The Chinese are Chinese, they are not Malays. The Indians are Indians. They are Indians. etc. As long as we in our mindsets think like-wise, we should not fit anybody into our mind-sets. Every one is different from each other. Once we understand this, there is no problem.

The Swiss Confederation is over 800 years old. There is the German Swiss, the French Swiss, the Italian Swiss and the Romansch Swiss (descendants of the Roman Legions which deserted Rome 2,000 years ago and holed up in the high Swiss Alps). To this day, they still quarrel amongst themselves and say bad things behind each others backs. This is why they have National Referendums on issues no matter how small it is. This is cheaper than having the Swiss Parliament to dissolve every time the Government is defeated on controversial issues.

What say you all you Singaporeans ? I thought in the early 1970s, your hero tried to turn the Republic into a Swiss enclave, turning Ang Mo Kio into the Bernese Oberland

etc and found your one street town would just fit into the largest Swiss lake, Lake Geneva or 1/3 of Lake Baikal, Siberia !

This 100% Malay run company is literally the cash cow for the parent company year in year out for 9 straight years till now. While other Chinese run subsidiaries are barely keeping afloat, the Malay run company is doing well and in fact covering up for the losses incurred by the others.

There are many cases of competent Malay managers working for Chinese companies who are actually better than their counterparts. It is only the ugly Chinese trickery and play of perceptions mindset that sought to portray Malays as incompetent.

But the awareness built by bersih made us understand that umno/bn can play dirty via rasuah in the past by promising these culprits good positions or projects in government. Kerajaan bn is aging, therefore, those who take anti-tpa in the streets are non other than young melayu, thanks to agenda bumiputra nationalism. To the malays, they said chinese is kommunist, but in bn only umno and mic have puteri and putera wings ala red bean army. Who is the master mind, mubarak? Yang rugi punya adalah bn, kaum indian dan melayu, chinese like us have nothing to loose because we are willing to work hard and smart by doing things that melayu cant do.

Tun

How many of us, Malaysians, realize that our beloved Malaysia has an enduring and resilient democracy which we developed from zero base after Merdeka in 1957 just 56 short years ago or when the British left us to our own devices. When the British left politically, they were still very much around economically, controlling 70% of our best assets in rubber, tin, finance, trade and real property etc.

Through yourself, Tun and the returned Malay students in the 1960s it was soon realised that the Malays were not the owners of their own country. And compounded

by the brash and raucous PAP led by the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore after the establishment of Malaysia, which wanted control of the Government as well under the guise of their slogan, "Malaysia for Malaysians." We would have ended up Malays owning assets 5% and Malays with political power of less than 50%. The NEP had to come sometime and it did through the DEMOCRATIC PROCESS. And eventually, all the British commercial interests were bought up at market prices by Government led agencies especially this gained momentum at the beginning of your Prime Ministership, Tun.

The Singaporean Trojan Horse DAP founded in 1966 by the brilliant Lee Kuan Yew's proxies had always in the Opposition. Strangely, the DAP wallows in Opposition in direct contradiction to any political party which is normally founded to rule a country. The DAP is now over 47 long years in the Opposition together with the very rich PKR and the very pious PAS.

The whole Malaysian democratic fabric is more or less complete with a ruling incumbent group of parties being opposed by another group of well-established parties of different ilk in their radical beliefs.

Apart from the authoritarian States of Asia, where else can we find such a complete political scenario of two evenly matched groupings battling for Putrajaya through the democratic electoral process. If any foreigner wants an explanation. they do not need to go to Singapore but come to the Kuala Lumpur Office of the BN to know more about our Malaysian Democracy in action and in practice.

The Tail Wags the Dog Strategy of Singapore has failed as the years go by without any tangible result except for a short spell after 2003. Through this undesirable experience of sleeping with an uninvited guest, it is time we Malaysians grow up and know about what city-slickers can do to us especially after 19 holes of golf.

How true is the hackneyed saying, ' BEWARE OF GREEKS BEARING GIFTS ' !

WHO SAYS MALAYSIAN DEMOCRACY IS NO GOOD ?

Salam Tun,

Izinkan saya petik daripada utusan Malaysia satu berita menarik seperti di bawah,

[NUSA DUA (BALI) 8 Okt. - Malaysia sama sekali bukan 'pak turut' dalam rundingan Perjanjian Perkongsian Trans-Pasifik (TPPA) sebaliknya terlibat memberi input dan pandangan berasaskan kepentingan negara dalam proses untuk menentukan kerangka perdagangan bebas dunia yang baru itu, tegas Datuk Seri Najib Tun Razak.

Perdana Menteri turut menekankan sekali lagi bahawa tiada paksaan kepada 12 negara yang merundingi TPPA termasuk Malaysia untuk memuktamadkan perjanjian itu sebelum hujung tahun ini.

"Kita bukan 'pak turut'. Dalam rundingan itu, memang saya bersuara tegas menyatakan pendirian kita dalam hal ini. Kita tidak menjadi pak turut sama sekali. Itu tidak benar. Kita masuk dengan kerelaan hati kerana kita merupakan antara negara perdagangan yang terbesar di dunia.

"Sebab itu kita ada kepentingan masuk sebagai rakan TPPA supaya kita ada peluang untuk menentukan kerangka perdagangan bebas dunia yang baru. Sebab ia dalam proses untuk menggariskan peraturan perdagangan bebas dunia pada masa depan.

"Kalau kita tidak terlibat dalam rundingan itu maka kita tidak ada peluang untuk memberi input dan pandangan kita dalam kita mencorakkan masa depan perdagangan bebas dunia.

Jadi sekarang ini, Malaysia adalah sebahagian daripada anggota (TPPA) dan kita ada hak untuk berbuat demikian," katanya kepada wartawan Malaysia sejurus selesai menghadiri mesyuarat TPPA yang diadakan di luar Sidang Kemuncak Kerjasama Ekonomi Asia Pasifik (APEC) Ke-21 di sini hari ini.

Perdana Menteri menyangkal dakwaan sesetengah pihak kononnya Malaysia hanya mengikut telunjuk negara lain yang mahukan perjanjian itu dimuktamadkan segera sebaliknya menegaskan kerajaan konsisten dengan pendirian bahawa kepentingan nasional menjadi keutamaan.

"Bukan bererti kita akan terima segala-galanya. Saya sudah katakan berkali-kali dan Datuk Seri Mustapa Mohamed pun sudah ulangi bahawa kita tidak akan korbakan kepentingan nasional.

"Maknanya kita hendak TPPA tetapi TPPA yang tidak mengorbankan kepentingan nasional," tegasnya.

Justeru Najib menjelaskan walaupun TPPA menetapkan objektif pada hujung tahun ini, sasaran itu tidak semestinya dicapai sebaliknya mungkin dilanjutkan sekiranya ada isu-isu tertentu yang penting yang tidak dapat diputuskan dalam tempoh masa tersebut.

Perdana Menteri mengulangi secara prinsipnya Malaysia tidak ada masalah dalam soal perdagangan dan pelaburan kerana mempunyai rekod yang cemerlang dalam dua bidang utama itu namun terdapat sensitiviti dalam aspek-aspek tertentu yang bersangkutan paut soal kedaulatan negara dan hak untuk menentukan dasar-dasar tempatan.

Ini termasuk katanya, soal pemerolehan kerajaan, syarikat milik kerajaan, penyelesaian pertikaian dan harta intelek (IPR).

Menurut Najib, beliau juga telah memaklumkan pada mesyuarat TPPA tentang proses domestik yang perlu dilalui oleh Malaysia sejajar dengan pendirian kerajaan untuk bersikap telus dalam isu itu.

"Saya perlu terangkan kepada Kabinet, selepas itu rakyat Malaysia dan disusuli perbincangan di Parlimen. Jadi ini adalah proses domestik yang perlu kita lalui," katanya.

Menurutnya, anggota TPPA lain memahami pendirian Malaysia itu walaupun kebanyakan negara terlibat mahu ia dimuktamadkan secepat mungkin kerana tidak mahu menyekat momentum tambahan pula mereka tidak ada cabaran dan sensitiviti seperti Malaysia.

"Kita di Malaysia ada sensitiviti tertentu. Mereka faham dan saya sudah minta Tok Pa (Mustapa) dan pegawai-pegawai yang terlibat dalam proses ini untuk merundingkan perkara ini berdasarkan kepentingan Malaysia," jelasnya.

TPPA menjadi isu yang cukup kontroversi sejak idea pembentukannya yang ketika itu dikenali sebagai Perjanjian Perkongsian Strategik Ekonomi Trans-Pasifik atau P4 bermatlamat meliberalisasi ekonomi rantau Asia Pasifik digerakkan oleh Brunei, Chile, New Zealand dan Singapura pada 2005.

Malaysia menyertai rundingan TPPA pada 2010. Rundingan tersebut kini diperluaskan meliputi 12 anggota.

Negara lain yang turut menyertai rundingan TPPA ialah Australia, Vietnam, Mexico, Kanada, Peru, Amerika Syarikat dan Jepun. - UTUSAN]

Jangan kita pertikai kewibawaan dan kaliber YAB Perdana Menteri kita, Datuk Seri Najib Tun Razak dalam urusan perundingan perjanjian antara bangsa TPPA. Jangan pula kita yang kurang arif bermuka2 seolah2 kita serba tahu. Wallahu alam biswab.

Reflecting on the present conundrum of super powers tussling for influence in the Asia Pacific, this also confirms the enduring nature of your 'Look East' Policy to be friends with all the nations with a Japan bias. We do not want to be caught up with the giants neither do we want to be left out of proper and holistic decisions which concern our destiny. This is where your promotion of the 'Look East' Policy still holds sway to this day if not more so. And this Policy fits in nicely with the diverse nature of our populace with a dash of neutral Switzerland too.

Assallammualaikum Tun.Moga diizinkan ruangan.

Tun.

Sebenarnya saya ini seorang yang bodoh.Oleh itu jika cerita saya ini tidak menepati tajuk posting Chin Peng ini maka maafkanlah sahaja saya..

Pada suatu masa dahulu kawan saya Encik M (Pesara Pegawai Waran) pernah masuk hutan RAMD (Rejimen Askar Melayu Di Raja) untuk memburu pengganas komunis yang membunuh 'sepasukan tentera kita'.Mereka begitu bersemangat untuk menuntut bela sehingga di panggil CO (Commanding Officer) pun mereka tak mahu keluar hutan.

Saya menceritakan kepada Encik M bahawa dengan pandangan mata hati kita dapat melihat beberapa perkara yang tersirat.Ini adalah sebagaimana yang di maksudkan oleh Imam Ghazali bahawa mereka yang tidak dapat melihat dengan mata hati adalah memegang iman seperti kulit sahaja.

Satu contoh yang saya dapat buktikan kepada dia bahawa di suatu pagi Jumaat beliau menggunakan jalan 'bendang' iaitu sawah padi.Saya dapat merasakan dari getaran udara bahawa bahawa beliaulah orangnya.Jarak di antara kami subuh itu ialah kira-kira 50 meter.

Beliau menyangka ilmu ini biasa sahaja berbanding apa yang saya telah tunjukkan dengan 'membaca' hasrat hatinya.

Saya terangkan kepadanya ilmu ini adalah lebih tinggi dari ilmu-ilmu yang lain yang pernah saya terangkan kepada beliau.Oleh itu apabila saya cuba pergi kepada tahap seterusnya

(Hikmat Iman Peringkat ke 2) dengan memberitahu bahawa PAS adalah pendusta agama beliau terus melenting..

Mike ni penyokong kerajaan..PAS adalah mereka yang mahukan Islam (Hakkptui) bla..bla..

Saya amat marah kerana Encik M telah menunjukkan bakat yang membolehkan ilmu yang seterusnya boleh di ajar kepada beliau. Contohnya di mana ayat-ayat Fatimah yang di bacakan beliau lalu di sapukan ke lututnya melegakan beliau dari penyakit Gout selama seminggu sahaja. Pencapaian ini adalah hebat kerana ianya di ajar oleh seorang Hafiz kepada saya di mana beliau berjaya melegakan kesakitan hanya setelah mengamalkan 3 bulan!..

Saya tertanya-tanya mengapa?

Rupanya-rupanya Allah Maha Pemurah lagi Amat Penyayang.

Mereka yang beramal mengikut kemampuan abid di berikan kefahaman abid tetapi mereka yang mengamalkan kefahaman alim (ilmu) diberikan kefahaman ilmu..

Sebab itu Tun jangan hairan jika orang-orang seperti dtan boleh mendakwa mereka hafal ayat-ayat Al Quran. Kefahaman ini kerana takdir yang mengikut abid.. Kesucian kefahaman ilmu adalah di nafikan bagi mereka-mereka ini seperti yang di maklumkan kepada kita di dalam Surah Al Waqiah..

Tun.. Dalam kisah itu pasukan tentera kita di serang pengganas kominis. Dua orang berjaya melarikan diri dan bersembunyi di dalam 'kelubung' di dalam sebuah parit. Pihak pengganas menghujani kelubung itu dengan tembakan-tembakan dan seorang pengganas menyatakan "Dah..la..Dah mati tu".. Saksi hidup tentera inilah yang menceritakan kepada kita apa yang telah berlaku..

Dari penceritaan ini saya dapat menelaah dan menaakul bahawa dendam adalah punca utama serangan ini. Encik M bertanya "Mana saya tahu?"..

Ini adalah asas kefahaman ilmu dengan melihat kesan-kesan "cause and effect" seperti yang di sebutkan di dalam Al Quran..

Muhammad 30.

Dan sekiranya Kami kehendaki, tentulah Kami akan memperkenalkan mereka kepadamu (wahai Muhammad), lalu engkau tetap mengenalinya dengan tanda-tanda (yang menjadi sifat) mereka; dan demi sesungguhnya, engkau akan mengenali mereka dari gaya dan tutur katanya. Dan (ingatlah kamu masing-masing), Allah mengetahui segala yang kamu lakukan.

Tun..tepatlah apa yang di perkatakan oleh Al Quran cuma kita mesti sabar dan tetap memberi peringatan kerana

Az Zariyat 55.

“Dan tetaplah memberi peringatan, karena sesungguhnya peringatan itu bermanfaat bagi orang-orang yang beriman”

Terima kasih Tun.

Salam Yg Bhg Tun,

Salam Sibotak, izinkan saya.

Maksud komen cik Menara Kuala Lumpur ialah ianya halal apabila Singapura mengenakan berbagai cukai kepada rakyat Johor yg masuk negeri itu bagi memperkayakan kerajaan dan rakyat Cina, Melayu Singapura. Tetapi ianya bangsat pula jika mengenakan cukai pada rakyat Singapura yang memasuki Johor untuk memberi sekarung beras kepada Melayu Johor. Alas, Melayu Johor tak hingin pun duit rakyat Singapore tu.

THE TRUTH ABOUT THE TPPA IS NOW OUT. IT IS A SINGAPORE SHOW NOT A UNITED STATES OF AMERICA SHOW. See how secret diplomatic moves were made by Singapore in their own devious interest but hyped as ' A UNITED STATES CONTAINMENT OF CHINA POLICY ' forcing the Americans to TAKE UP THEIR CUDGEL in Singapore's interest but actually to KILL OFF THE MALAYS, UMNO, THE NON-MALAYS, MALAYSIAN DEMOCRACY AND THE ROYAL SULTANATES AND OUR WAY OF LIFE. ' to save the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore legacy of a lifetime. Stupid. Please don't do it.

For all Bloggers especially for the pro-Lee Kuan Yew The On, Do Not Be Small Minded, MNMN, yusof12, saxykumar, the rocket scientist from Singapore, HockBengTeohhalfpast6man/woman. Sorry this comment is not in the TPPA as there are so many comments there.

SCREAMING HEADLINES FROM THE STAR 9TH OCTOBER 2013 PAGE 4 under "TPP to be debated....." Column 4, Para 2. Quote in full. " THE TPP PROPOSED BY SINGAPORE, BRUNEI, CHILE AND NEW ZEALAND IN 2005 GAINED A STRONG MOMENTUM AFTER THE UNITED STATES GAVE SUPPORT THREE YEARS LATER. " As I suspect all along that such a brazen move to kill off the Malays, the UMNO, the non-Malays, the way of life-style we all love, and our Malaysian Democracy with its Royal Sultanates etc and conquer our beloved Malaysia. THROUGH THE FRONT DOOR BY AN APPARENT INNOCENT TRADE AGREEMENT CAN ONLY COME FROM THE DEPTHS OF A DEVIIOUS MIND IN SINGAPORE. Why ? Because Singapore has the MOTIVE, like in a murder mystery. NONE OF THE OTHER 11 COUNTRIES HAS THE MOTIVE TO CONQUER OUR BELOVED MALAYSIA THE CHEAPEST WAY POSSIBLE WITH THE MAXIMUM GAIN TO HERSELF.

The brilliant Lee Kuan Yew with his 10 failed Policies for Singapore did not expect the following when he NEARLY HAD THE CONQUERED MALAYSIA WITHIN HIS GRASP TO SAVE HIS FAILED LEGACY OF A LIFE-TIME !!!

1. THE RETURN OF OUR BELOVED TUN DR MAHATHIR MOHAMAD FIT AS A FIDDLE.

2. THE HORRENDOUS LOSS OF US\$108 BILLIONS (RM350 BILLIONS. MALAYSIA'S 2013 FOREIGN RESERVES US\$140 BILLIONS).

3. THE BUNGLING OPPOSITION TRIO WHO MISSED PUTRAJAYA IN 3 EASY STEPS.

MAN PROPOSES. GOD DISPOSES.

Tun you are absolutely correct and justified on the motives of the TPPA in view of the latest revelations on the sinister moves by Lee Kuan Yew's Singapore as early as 2005. If you may recall, the Singaporeans came into town before 2005 looking for low hanging fruits and by 2006, a PAP cadre was the Chief Editor of the UMNO owned New Straits Times without paying a single sen.

SINCE IT IS THE MOTIVE AND POLITICAL WILL OF THE REPUBLIC OF SINGAPORE TO DO IN THE MALAYS, THE UMNO, THE NON-MALAYS, OUR MALAYSIAN DEMOCRACY WITH ITS ROYAL SULTANATES ETC AND AT OUR LIVES AND EXPENSE, ALL RAKYAT SHOULD OPPOSE AND RESIST WITH ALL OUR MIGHT SUCH A DIABOLICAL PLOT TO KILL US ALL. And yet surprisingly, our Government accepted in principle and went through 19 rounds of fervent negotiations with the intent of signing this devilish document – A DEATH WARRANT FOR MALAYSIA INCLUDING THE MALAYS, THE UMNO, THE NON-CHINESE, MALAYSIAN DEMOCRACY WITH THE ROYAL SULTANATES ETC. A NEW BIRTH CERTIFICATE FOR THE BORN AGAIN FAILED STATE OF SINGAPORE. In all honesty, we Malaysians and all our Prime Ministers before 2003 did not cause anything to down Singapore. IT IS THE BRILLIANT LEE KUAN YEW WITH HIS 10 FAILED POLICIES FOR SINGAPORE WHICH FINISHED OFF HIS VERY OWN SINGAPOREANS. This has nothing to do with us as we still SUPPLY FREE WATER PAID FOR BY MALAYSIA TO SINGAPORE UNIMPEDED HONOURING OUR AGREEMENT OF 1962.

REMEMBER 1962. Let us all not be stupid enough to commit hara kiri WITH THE TPPA – a Singaporean inspired KILLER FOR ALL OF US RAKYAT OF OUR BELOVED MALAYSIA.

In 1962, we Malaysians were made fools and laughed at for generations. DO NOT LET THIS SINGAPORE INSPIRED TPPA KILL US IN SINGAPORE'S INTEREST AT ALL.

I sense there are moles in the Malaysian woodwork, created by the Singapore Government's brainwashing machine of flattering Malaysian EGOS. DO NOT ALLOW THESE TIME-BOMBS TO GO OFF. We want others to leave us alone with our own life-style and stop their trouble-makers from doing so also.

When Govt bring in Investors

It should benefits Rakyat & Revenue for Malaysia Govt

Malaysia Govt Ignorant of collecting Relevant Taxes / Levy

Fail to monitor foreign investors work permit levy

Fail to take vehicle permit levy

Fail to tax Foreign Investors Taxes as most undeclared Income

So What is the purpose of getting Investors when Malaysia Govt don,t know

The difference of Revenue & RASUAH

Selling Land is Not Revenue

Its selling out our Diminishing Product like once you sell yr house & the next house
untill you are homeless

With land as a platform We create Income

Selling Land to get Income In a matter of time All will be gone

We sell Padi But We cannot sell our Padi field

We have to work on it

But very sad again our Govt Not only does not see this

For Puteri Tujuh. No one has mentioned that when you gaze across the Straits of Johor towards the Singapore CIQComplex, your eyes are suddenly hit by this black and hideous looking building which is designed to counter the bad feng shui emanating from Malaysia. The bengkok bridge would have neutralized this absurdity. There were alleged rumours many years past that the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore had the head priest of a temple in tow to read good and bad feng shui. Believe it or not ! With all the high rise buildings popping up on the Johor Baru

side of the Causeway, the once placid view of the city from the Singapore side is gone forever. Development of any property will enhance quit rent and property assessment rates for the Government.

For sibotak. It is alleged that one Tan Sri promoter is also the promoter of the Singaporean Trojan Horse DAP. Believe it or not ? This is the reason why I have always said that the GLCs should be released by the Government which should not impinge on the Bumiputra private sector by the following :-

1. Sell back the GLCs to the original Bumiputra owners if they did not break the laws.
2. Sell the GLCs to new Bumiputra owners and their non-Bumiputra partners
3. Sell the GLCs to the Management and their non-Bumiputra partners.

The Government should not be in private business managed by civil servants with no accountability which raised a lot of jealousy and unhappiness in the Civil Service and the private sector. By selling all, the Federal Budget is balanced and the Bumiputra business quantum rises. Dynamism in private entrepreneurial endeavours re-ignite in our free economy.

For mgunya, wajaperak and pashit aka dapshit. I agree wholeheartedly with all your comments which are wise and with a foresight. The poor political leadership of the non-Malays have led the non-Malays along the wrong path after 57 years of Merdeka. It is a sorry sight that some non-Malays political leaders only know how to bark. There was so much going for all as has been shown by our beloved Tun Dr Mahathir Mohamad during his 22 year Administrative stewardship and yet at a blink of an eye, the normally calm and collected non-Malays were instigated into all sorts of actions without much thought. The worst was the 90% Chinamen and women voting against an incumbent Government. No Chinese worth their salt would do this anywhere in the World even in China. Without any doubt, the Chinese, Malaysian Chinese are the best treated in Malaysia – better than in Singapore, Hong Kong, Taiwan, China and the rest of the World. De-tribalization and urbanization of the Malaysian Chinese made these people feel insecure without a proper leadership. What political leadership these Chinese support told them the wrong icons and things to worship – we have really a heady mix here with these below 40 years Chinese prancing about full of verbosity as if they own the word ‘eternity!’ The ruckus raised by the Malaysian Chinese of late through the Opposition’s Singaporean Trojan Horse DAP will do them no good as the issues were common garden issues but not major issues which could only be resolved by the broad strokes of a paint brush. Are these vociferous types missing the wood from the trees, like what they did for over 47 long years doing nothing ?

As I said many times before, as long as the BN led by the UMNO with the 13 component parties observes the norms in administration and stewardship and avoid impinging on the private sector making money but only to rule over us, there is nothing much this raucous band of instant politicians can do. However, the Malaysian Opposition fulfils a function in Democracy, Malaysian Democracy – without them our Malaysian Democracy is not complete. Please take note Uncle Sam and Britannia ! Lastly, 4-5 years is a long time in Malaysian Politics.

Salam Tun,

Long time no comment here.

I CONCUR WITH SOME COMMENTERS HERE THAT THIS WHOLE CHIN PENG ISSUE IS JUST A DECEITFUL PLOY TO DOWNGRADE AND BELITTLE THE MOSTLY MALAY DEFENCE FORCES CONTRIBUTIONS IN FIGHTING THE MAINLY CHINESE COMMUNISTS!

Truth is most soldiers who died fighting the communists are Malays. Since one race in particular have always tried to look down on the Malays despite what we have done to accomodate their race throughout history, this Chin Peng case is just the perfect excuse

for these communist mentality types to exploit.

Never forget what the Malays have sacrificed to accomodate other races since Merdeka. Drill this fact into the young Ah Bengs and Ah Mois minds as they prepare to take Sejarah Tanah Melayu in upcoming SPM exams!

[The Americans always said in their nationalistic moments, REMEMBER PEARL HARBOUR]

Dear Mr Mubarak Chan.

An excellent discussion of Japanese attitudes about and historical interpretation of the atomic bomb is Asada Sadao's Japanese perceptions of the A Bomb decision 1945 1980 in Joe C.Dixon ed.The American Military and the Far East (Washington,D.C.GPO,1980) pp 199-217.Asada notes that there are 'striking differences between Japanese and American perceptions of the A Bomb decision' and that the Japanese feels that for the mistake of starting the Pacific War they (the Japanese) have already taken their punishment and thus absolved while the American side remains unrepentant for the atomic holocaust.From the American war with Japan and other war we can safely concluded that the better industrial resources will prevail at the end.They stamped their authorities by overwhelming and whittle down the opposition.Nevertheless enmity can only be overcome by integrity.

Something you cannot achieve by hatred or even in your life time.But this will paved the ways for the eventual peace..

So..remember it is integrity who will last at the end..Something the American and the Singaporean have yet to fully comprehend..

Thank you sir.

For HockBengTeohhalfpast6man/woman. Have you ever heard of the saying, ' If you are a fool, do not open your mouth !' Your bee in your bonnet is the MCA, maybe they did not give your illegitimate kids a scholarship since you are born out of a rock. Right ? Your pea-nut brain assumes this and assumes that. I have nothing to do with the MCA. And even though you have nothing to do with the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore, you want to kiss both his cheeks. Right ? By reading your psyche, you are deeply involved with the failed one street State of Singapore one way or another. Right ? By praising our beloved Tun Dr Mahathir Mohamad, the stalwart of the UMNO, you do not want to be deleted from this Blog. Right ? But you hate the Malays, the UMNO, MCA, MIC and me all the same. Right ? You thought you backed the winners in the Singaporean Trojan Horse DAP, the very rich PKR and the very pious PAS. Right ? And the trio lost big at the General Elections. Right ? You cannot believe it. Right ? You asked yourselves how could the Saints lose and the Devils win. Right ? NOW YOU KNOW WHO ARE THE SAINTS AND WHO ARE THE DEVILS, HOCKBENGTEOHhalfpast6man/woman ! For HockBengTeohhalfpast6man/woman. Where are your one-liners ? Hey ! Shame on you Singaporean who uses personal insults when you are faced with facts presented by me on your brilliant Lee Kuan Yew with his 10 failed Policies for Singapore. Your insults do not affect me one wee bit because you are inferior to me. And I have a very thick skin. Try better next time. Pour le vous Francais

HockBengTeohhalfpast6man/woman ?

And to make you more inferior, I now quote the 3 Golden Attributes why our beloved Tun Dr Mahathir Mohamad was so successful as a Prime Minister ?

1. Commonsense. The Tun did not run around the hot streets of KL nor he did anything silly in public nor has he got 10 failed Policies for us the Rakyat.

2. Ability to Think out of the Box. The Tun only thought of the Rakyat with his Highways, Putrajaya, Twin Towers, Middle Income Group, etc.etc. Oxford Street nor the 5th Avenue was never ever in his mind.

3. Compassion. The Tun never think of his own pocket. His thoughts are always with the Rakyat. I bumped into him and Tun Dr Siti Hasmah with one aide and no shopping bag many a-time in the evenings in the Malls.

The best you can do to me HockBengTeohhalfpast6man/woman is to insult me since you are born out of a rock.

For a great friend Puteri Tujuh. No problem with me on any of your comments.

Suddenly I had this idea.

The Americans always said in their nationalistic moments, ' REMEMBER PEARL HARBOUR '. Maybe it is a good idea to teach our school children, civil servants and politicians, ' REMEMBER 1962 !'- so we would not be conned again and then sneered with snide remarks for DECADES. 1962 was the year of the Water Agreement with

Singapore. This inequitable Agreement now make us deliver not only free water but also we had to pay to deliver to Singapore because of the depreciation of our Ringgit.

However, the only saving grace by honouring this most inequitable of Agreements is to see the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore. He failed resulting in a failed one street State EVEN WITH THE FREE WATER FROM OUR BELOVED MALAYSIA since 1962.

REMEMBER 1962 ALL MALAYSIANS. Like the democratic Americans who REMEMBER PEARL HARBOUR !

For Wajaperak. Salam. You are right.

For Puteri Tujuh. If we note the utterances of the Opposition leadership of the Singaporean Trojan DAP, the very rich PKR and the very pious PAS, those that emanated from the DAP were of a trivial nature concerning matters of a trivial nature

which illustrates the extent of their frustrations at losing BIG TIME at the May 13th General Elections. Lest we forget, they hyped up to themselves, their supporters, their financiers, their fence sitters, over 80% of the chinamen and women etc. the weak Opposition leadership was sure to take Putrajaya. Now, one of them said it is not this time, it is the next 14th General Elections ! Oops ! Why are these fellows so frustrated by calling others names and being difficult at every turn ? Here are the 3 EASY STEPS TO POWER IN PUTRAJAYA WHICH THEY MISSED (to deliver a conquered Malaysia to the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore to save his legacy of a life-time) :-

1997. If the Honourable Deputy Prime Minister took a holiday to Disneyland with his family, he would have returned as the Honourable Prime Minister of Malaysia. JUST ONE EASY STEP. He did not otherwise the events which followed would not have happened.

2008. If the Opposition sort out the 32 BN seats BEFORE THE 12TH GENERAL ELECTIONS, they would have been in Putrajaya at no cost at all. JUST ONE EASY STEP. They did not and tried to sort the 32 BN seats after the BN as led by the UMNO with the 13 component parties were returned to power. How after the BN is back in power ?

2013. If the Opposition boycotted the 13th General Elections and booked into the 1st Class Ward KLGH for a 100 day fast (no one has done this, not even Mahatma Gandhi) and maximum world media coverage, the BN would have won 100% of the seats with 49% of the votes. There would have been world-wide condemnation. The Opposition trio would have been at Putrajaya. JUST ONE EASY STEP.

Now you understand Puteri Tujuh how frustrating and heart-breaking to be a SECOND TIER OPPOSITION MEMBER with a weak leadership at the top which could miss the ULTIMATE POWER IN ONE EASY STEP in 1997, 2008, and 2013. Like this, the

certainty of winning in the 14th General Elections is as dead as a dodo. Hence, the name calling and all sorts of vulgarities coming out of the sub-conscious minds. Please read the lips !

For Puteri Tujuh and all Bloggers. Please note that our beloved Malaysia can stand alone without Singapore. But Singapore cannot stand alone without Malaysia. Hence the enduring interest to control and conquer our beloved Malaysia from down South, a one street town. I can literally surmise that secret talks in Washington DC would like that the tail (Singapore) wags the dog (Malaysia). By making a lot of noise about the incumbent BN as led by the UMNO with the 13 component parties by Singapore's cohorts, AN ATTEMPT IS MADE TO SHOW TO FOREIGNERS THAT ALL IS NOT WELL IN MALAYSIA. In fact, this is far far from the truth. THAT IS THE INCUMBENT BN GOVERNMENT AS LED BY THE UMNO WITH THE 13 COMPONENT PARTIES IS DOING AN EXCELLENT JOB.

It is due to the statesmanship and strength of character of our beloved Tun Dr Mahathir Mohamad that we still have a beloved Malaysia which we had known always and forever !

It is alright for the leaders of the Opposition to wait another 4 years to the next General Elections. But really their supporters had joined the fray from the very first day after the 12th General Elections. This is 8 years from end to end in this Age of Cyberspace when time is measured in the flash of an eye.

If the Opposition joins the BN as led by the UMNO with the 13 component parties, their leaders and supporters can take part in full the development and their valued contribution to our beloved Malaysia NOW and not wish for some pie in the sky which might again not happen 4 years down the road (8 years by any reckoning) ! That is if the Opposition is sincere in what they have been saying. Actually, only personal issues divide the Opposition from making the vital move. What say you Puteri Tujuh ?

As long as the BN Government observes the rule of the Laws, implements policies which are fair and transparent (the ISA and EO should have remained), maintains a normal and functioning bureaucracy and eschews from making money through the GLCs (which have no accountability and raised a lot of jealousies and risks) but only to rule us, THERE IS NOTHING MUCH THE OPPOSITION CAN DO UNTIL THE NEXT GENERAL ELECTIONS. For all Bloggers. Red hot news from the pro-Singapore Blog Malaysian Insider. The promoters of the TPPA are prepared to soften the rules for Malaysia, Vietnam, Peru and Brunei. After 19 rounds of fervent negotiations by the friendly and hospitable Malaysians in the lushest spots of the World, Malaysia is now being sold a dummy. Why ? Just look at ourselves and around us that we are a country with natural resources and our people have the purchasing power BUT NO WHEREWITHAL TO PRODUCE MANUFACTURES GOODS AS YET at a time when our BN Government tries their level best to uplift the Malaysian SMEs especially the Bumiputras to be on par with the World. We are still very far behind in practice.

IT IS CHILDISH FOR THE PROMOTERS OF THE TPPA TO TRY TO ENTRAP OUR BELOVED MALAYSIA WITH THE POISONED CHALICE OF GOODIES. WHICHEVER WAY WE TOSS THE COIN, IT IS STILL ONE SINGLE BENEFICIARY TO BENEFIT FROM A TPPA SIGNED BY MALAYSIA – THE COUNTRY IS SINGAPORE WHICH WILL FLOOD THE WIDE OPEN MALAYSIAN MARKET WITH GOODS OVERNIGHT AND KILL OFF THE MALAY SMEs AND THE NON-MALAY SMEs AS WELL. And the UMNO will lose at the next General Elections. Forever outsiders seem to think that the Malaysians are soft and manipulable due to previous scandals. For all Bloggers.

It is slowly becoming obvious what had brought the eventual downfall of the failed State of the Republic of Singapore is due to just a common weakness of Humankind. As we common people know, we are not born perfect. This is where God is great.

It is also becoming clearer that it was not the shortage of water which caused the difficulties of so many unhappy happenings in the Republic of Singapore, a one street town today. It was the behaviour of Humankind who thought there is no God.

It is the accumulation of the total sum of the weakness of Humankind congested in this one street town which added up to money, money, money. And this MONEY INDEX was shot down in ONE SINGLE SENTENCE by Aung San Suu Kyi, the Nobel Laureate for Peace. 'I think we have much to offer you, come and find out.' The good lady is from a country with a strong national religion so is Malaysia which has Islam enshrined in her Constitution.

It is the human problems in the failed State of the Republic of Singapore which were created by Humankind which will forever grow bigger as these are based on money, money, money. With the post-Cold War World Pax America's promotion of Globalisation, Free Trade and Human Rights which already put the Republic of Singapore between a rock and a hard place, then followed by 2 not 1, hard-knocks eg. i) the horrendous loss of

US\$ 108 Billions (RM\$ 350 Billions/Malaysia's Foreign Reserves 2013 = US\$ 140 Billions) in October 2008 on Wall Street. ii) the 2 Child Family Policy of 1970s and the 1980s - the real killer, we can surmise that the Wonderland of the Republic of Singapore Bubble has burst beyond repair because the fat of the profitable Cold War years has gone forever and ever.

We now see for ourselves our beloved Malaysia which did what was normal until 2003 under successive distinguished and honourable Prime Ministers, each followed the age old precepts of proper governing of a diverse set of people, the Malaysians and despite determined outside interference in recent years with big big bucks to upset our Malaysian Democracy and possible hurt to us, the innocent common folk, that our beloved Malaysia has all the ingredients of a SUCCESSFUL STATE with our Malaysian Democracy complete with a dysfunctional Opposition, good citizens, natural resources located in a country with a normal climate. WHAT MORE DO WE WANT BUT TO REFINE AND PUSH TOWARDS WAWASAN 2020 NORMALLY ? I am confident UMNO with good and honourable leaders will lead us there soon enough.

WHAT SAY YOU THE ON, DONT BE SMALL MINDED, MNMN, YUSOF12, SAXYKUMAR, HOCKBENGTEOHalfpast6man/woman and those of the same ilk ? It is because at the end of the day within 50 years, Singapore has the following choices to determine her DESTINY :-

1. Become the 53rd State of the Union of the United States of America.
2. Revert back to become a British Crown Colony.
3. Merge with Malaysia again.
4. Maintains her Status Quo with a larger more demanding population, faltering GDP and a huge Military Bill to pay. How ?

Soli ar pak man mubarak chan, singaporeans pay taxes and are multi-lingual and trained to be hardworking since young. Malays do not do that, henceforth, being malaysians, we are happy bcos we have many public holidays since we do not pay personal income taxes. Well, if bn burden the rakyat, no problem, since pr is so much stronger today. Malaysians no longer katak di bawah tempurung, you think money can buy votes all the time? Lu kasi luit, gua lang ambik, tapi ar gua lang bagi undi kat pr untuk lepaskan geram gua lang punya tarak syiok. Mca mau macam mana bikin, no problem since they are fighting among themselves to be appointed to be in the

ministry. Lu mahu tax gua lang, gua lang tak happy dgn servis bn, gua lang bagi undi kat dap, simple and straight forward.

Mereka seperti HBT adalah sakit dan kita mesti menolong mereka-mereka ini. Sebab itu Tun membenarkan HBT masuk sini seperti kata Jason Bourne..

“Better a situation that you have certain control than any element that you have no control”..

Jadi HBT ini adalah ‘terkawal’ di sini. HBT is a gone case tetapi mereka-mereka yang seberpenyakit seperti dia mungkin masih dapat di selamatkan..

Wow ! Thanks to your comments on the TPPA, our beloved Malaysia was nearly entrapped and delivered all wrapped up in a nice birthday package to Singapore the ever avaricious one-street predator !

From all points on the Web and especially those comments in support of the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore, this TPPA thing is a creature which has been thought out and planned for sometime to EAT UP MALAYSIA THROUGH THE FRONT DOOR AND GIVE A NEW LEASE OF LIFE TO A FAILED STATE, SINGAPORE AFTER THE BRILLIANT FELLA BUNGLED WITH HIS SELF-SERVING POLICIES ! If we collate what has happened since 2003, it was a CERTAINTY THAT THE OUTCOME OF THIS DIABOLICAL AND SINISTER PLAN TO CONQUER MALAYSIA LOCK STOCK AND BARREL WOULD SUCCEED WITHOUT ANY DOUBT. But these unseen hands underestimated YOUR RETURN AND YOUR CHARACTER which saved us Malaysians and those who built up the present day Malaysia and our beloved Malaysia. THE ATTEMPT BY USING THE TPPA WAS A CLOSE CALL. Let us hope all Malaysians especially the UMNO to wake up to the ever present danger of outsiders who UNDERESTIMATE THE POWER OF THE MALAYS TO EXERCISE THEIR HEREDITARY RIGHTS AND LEGACY. With one danger gone, another will appear to seduce, entice or win over by flattery those who HAVE THE POWER TO RULE WHICH IS UMNO and sell our grandmothers down river.

HockBengTeohhalfpast6man/woman. This Blogger is a plant, without any doubt. The last few comments were not the typical one-liners of the original HBT456. The latest shows the introduction of official/unofficial PAP material into the debates here. A sly, cunning and stupid move to create dissension amongst unwary Malaysian bloggers and to show to foreigners that all is not well in Malaysia which is far from the truth. OK. Then it is time for me to say why the brilliant Lee Kuan Yew has 10 failed Policies for Singapore.

1. Money was used as an investment of Foreign Policy which killed innocent men, women and children. Malaysia has no such blood on her hands. Vide. Thaksin, Shinawatra and the Bangkok riots 2003-2013.
2. The dysfunctional meritocratic pyramid with the smartest fellow on top lost US\$108 Billions (RM350 Billions/Malaysia's Foreign Reserves 2013 =US\$140 Billions) in October 2008. Vide. Channelnewsasia. Lee Kuan Yew November 2008. All Singaporean Blogs. 2009-2013.(You sense the choking feeling amongst these Blogs). Financial Times London. Gillian Tett. Singapore's Harvard Investment Model. April 2010. Power was abdicated to outsiders.
3. The 2 Child Family Policy of 1970s and 1980s. This is the real killer. In 1959, when Lee Kuan Yew assumed power, the indigenous population was 100%, in 2013, 62% and in 2030, 45%. Only Hitler tinkered with the demographics. Vide. The Singapore Government White Paper on Population 2013.

4. Humanity and Multiculturalism were never practised in Singapore. Vide. Channelnewsasia. 2011. The Curry Smell Tribunal. 2012. The 188 bus drivers strike. The toilet fights. In the early 1970s, places of worship were destroyed at such a rate that someone asked the Boss to stop.
5. A perfunctory Judiciary well-known the world over. Vide. The unfortunate and fortunate Mr Chee. The unfortunate Tan Koon Swan. The Aussie and German drug mules. Dr Woffles Wu. Shaw. If the Police stopped at 1, he would not have been in trouble. But they stopped at 51. Poor girl ! etc.etc.
6. The daily importation of 5,000 pigs. The flower nurseries contracts. King of the Road. My friend complained why in Singapore 6' wide retaining walls were built when in KL 3' ones were the norm. His wife was threatened in a wet market. etc. etc.
7. The failure to establish a World class transportation system in a one-street town. Vide. The comments by a well-known Singaporean diplomat and academician.
8. The most highly paid Government Cabinet in the World in a one street town which could be easily run by a Mayor and a Town Hall clerk like countless of towns in the West.
9. The failure of the Singaporean Trojan Horse DAP founded in 1966. The leadership lost their way by only contemplating their navels and did nothing for the Malays, Chinese, Indians and all for 47 long years. And it missed capturing power in Putrajaya in 1997, 2008 and 2013 to deliver a conquered Malaysia to save the brilliant Lee Kuan Yew with the failed 10 Policies for Singapore legacy of a lifetime. Not only that, there is an attempt to use the TPPA to finish off Malaysia by the front door using the biggest fella in the firmament. Smart !
10. The brilliant Lee Kuan Yew with his 10 failed Policies for Singapore as enumerated here, is still with the Singapore Parliament. I expect him to live up to 101 at least. His vocal and vulgar supporters are Bloggers like The On, Dont Be Small Minded, yusof12, saxykumar, MNMN, the rocket scientist from Singapore, HockBengTeohhalfpast6man/woman who is now for real etc.etc. Go home to Daddy in Singapore, boys !

' Her departing words shook Singaporeans who had been LED TO BELIEVE in the SUPERIORITY of the Singaporean development model for less developed countries. And the dysfunctional meritocratic pyramid with the smartest fellow on top lost an official minimum of US\$108 Billions (RM350 Billions/Malaysia's 2013 Foreign Reserve – US\$140 Billions) in October 2008. For Puteri Tujuh

I strongly believe that the Malays through UMNO with the 13 component parties can really provide the leadership to lead our beloved Malaysia and all the Malaysians beyond Wawasan 2020 as long as they keep to being normal and not be seduced by Greeks bearing gifts and Singaporean parachutists looking for low hanging fruits. As long as the UMNO leadership is cognizant of our SOVEREIGNTY, NATIONAL INTEREST AND SELF-ESTEEM and through the BN observes the rule of the Laws, implements fair and transparent policies, maintains a normal and functioning bureaucracy and eschews from doing business through the GLCs, I can see the Bumiputra-led BN progressing past Wawasan 2020. The key is that we must have self-confidence in ourselves and have a leadership which is young and dynamic with the word 'sacrifice' a common denominator for all.

Malaysia has reached very far comparatively. Those who sneered or make fun of us, are now struggling to keep up their GDPs. To achieve a solid success, a young and dynamic leadership must also recognise the contributions of those went before them and are still able to contribute. The World has not changed very much. It is only the mind-set. The Wars of the 1920s, 1930s etc are still very much with us. In the past, people were also killed all over the World when mega-powers were in play.

There should be no self-doubt amongst the Malays to govern Malaysia at all. It is the brainwashing by outsiders to garner business which encouraged these interlopers to display their wares. If these fellows are any good, they would not be languishing here in the Equator a good 12,000 miles from their homeland. They would be in the Bahamas.

Of course, we must keep up with the World. This is why we send our scholars and

students overseas to acquire knowledge. I am certainly surprised that after 56 years of Merdeka, the Government still has not got the gumption to write a project paper even though our beloved Tun Dr Mahathir Mohamad during his magnificent 22 year Administration had done wonders with only a Unit called the EPU ! It is good if some pundits put up an Index of a country's number of golf courses as a ratio of productive efficiency/number of golfers in or out of the Civil Service.

As long as the political leadership is normal and has a feel of the pulse of the Rakyat, not only before a General Election, but all the time, the Malaysian voters are more than likely to support an incumbent Government. No one likes to be shocked by the sudden introduction of any new pricing policy, up or down.

Yes ! The Malays have a great responsibility and duty to support the UMNO in view of all that it means, the history, the religion, the culture, the heritage, the legacy, the Sultanates and more. And surprisingly, an Opposition as befits a Malaysian Democracy without which it is not complete ! The very nature of the Constitutional structure and historical convention of Malaysia nudge the non-Malays to support the Malays for their own well-being and vice-versa. This political formula which is peculiar to Malaya/Malaysia has proven to be very successful until some folks want MORE from a slowly growing pie and a fast growing population. This is where the skills and sincerity in leadership by a good leader counts most.

MALAYSIA IS QUITE EASY TO GOVERN IF YOU KNOW HOW ! Ask our good Tun Dr Mahathir Mohamad. IF NOT, MALAYSIA IS LIKE A SEVEN-HEADED SERPENT. You really do not know where to start !

The World also looks to how Malaysia thrives in an environment of outside interference from busy-bodies with tons of cash floating from country to country under the guise of different names. It is just the old story of human behaviour through the Ages. Chaps want to be great at all cost. And at the end of the day, these great folks are just like you and me. Getting married at 80 ! or publishing volumes and volumes in the hope of nailing down their legacies. MAN PROPOSES. GOD DISPOSES.

I have every confidence that the Malays and the Bumiputras and the non-Malays will enable Malaysia to move to a higher level NORMALLY. No need to fly to the Sun like Icarus or the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore.

NORMAL is a powerful word !

Dear Tun,

I remember when UMNO was deregistered, all BN components went all out to be by your side to comfort you and provide any assistance required. In fact, the MCA President was appointed the interim BN Chairman. TRUST was the order of the day. At one time in 1970s, the Purchasing Manager of a Chinese public listed company was a Malay and I was head of Design & Packaging Dept. Back then 80% of my friends were Chinese and some still keep in touch with me. In terms of race relations, what went wrong now? Perhaps we should back track to identify the positives of that era and apply them now.

Last sekali aso, terima kasih suruh saya balik kampung, kelana sama ada saya sukak atau tarak sukak, mana-mana saya peligi, sama ada di bandar ka atau ke hutan ka (cari petai) adalah kampung saya, ini negala saya lo. he...he...he.

For Puteri Tujuh. I have lived and worked with the Malays for a life-time. I asked one friend of long-standing why he liked me. He replied that he felt comfortable with me – meaning i did not have a threatening attitude of others. There is absolutely nothing wrong with the Malays except the nasty comments by those with a wicked heart and ill-intentions because of the bountiful resources of our beloved Malaysia compared with the paucity of their own and their realization that the Malays have a first class religion and lived in a land which has become a strategic choke point of the World. Tun,

Mohon izin diberikan ruangan.

Aiyaa...Aso HockbengTeoh456, why so angry to UMNO ma? Instead you should be grateful and kiss the feet of Tunku Abdul Rahman and UMNO flag for granting citizenship to your grandfather to be a citizen of this country.

Without Tunku generosity, you may be still toiling the soil in China growing vegetable to sell in the market.

If your hero, Chin Peng succeeded to become a dictator in this country, i'm sure even he doesnt want you who only knows to nags to be his comrades.

He might send you back to China growing vegetable as your grandfather used to be.he...he...he.

Salam Tun.

PS sdra wajaperak, maaf terpaksa tarik balik nasihat dahulu kepada sdra mengenai aso ini dan terpaksa join the wagon hantam betul-betul ibu segala devil seperti aso ini.he...he...he.

mokhtar, it means UMNO/BN failed to unite all races under Malaysia, and opposition denied BN 2/3 majority. It does not matter how we think anymore, let the ball rolling in every 5 years. Anak2 VIP pun masuk international schools, you pun mahu jeles, susah kalau macam tu...berani ke hang suruh anak2 VIP masuk sekolah matrikulasi? Jika berani, saya pasti akan vote UMNO, kalau tak, lebih baik diam2 ubi.

salam Tun,what u have wrote is facts of history...there might be a time when those histories will be twisted and told in a different version which it may promote chin peng...especially when there is a monument for him should malaysia allowed his ashes be brought back here...some people foresee those opportunity to twist the fact..but leader like you predicted those ideas. whatever reason it might be under the humanitarian ground , we should also think on humanitarian ground what he had done to many...how he betray tanah melayu...how he betray malays...well wishes TUN....moga ALLAH merahmati perjuangan mu TUN..amin

dear Tun,

- to pay respect to the late Chin Peng by some personalities from opposition reflects their thru colour of hating the establishment (the malay establishment) which they failed to topple during PRU 13.
- they hate anything, everything that associates with the Malay, so a timely reminder for the Malay to be wary of these politicians and individuals. Sadly we have some Malay politicians and individuals cohort with them especially from so call Islamic (syiah?) party.
- the government should expediate and making Tanah Melayu/ Malaya/ Malaysia's History as compulsory subject for all examinations in schools especially in SM(J)C and those rich Malaysian children studying in International schools.
- after Chin Peng, who is next, LKY?

Apologies. I could not comment on TPPA as there were so many comments there. Today an Malaysian economist of longstanding for the very first time said something meaningful in the Opposition blogs, ' Malaysia should not sign the TPPA which contains China '.

I say, 'The TPPA is the death warrant for independent and free Malaysia and the birth certificate for a re-born Singapore !'

Salam Tun,

ada pihak yang sengaja selektif dan mahu memberi penghormatan kepada Chin Peng kerana usaha dia menentang kolonial British, sebelum negara kita merdeka.

Tapi mereka ini buat-buat lupa perihal kekejaman penganas komunis yang berperang dengan kerajaan Malaysia pasca-1957 hingga menyebabkan ramai anggota keselamatan, yang majoriti Melayu, cacat atau mati. Oleh kerana hampir semua anggota bersenjata komunis adalah dari bangsa Cina dan mendapat sokongan kewangan dan senjata dari kerajaan China komunis, maka tidak mengejutkan jika orang Cina menunjukkan simpati yang berlebihan terhadap perjuangan Chin Peng. Mereka ini mungkin tebal dengan sikap perkauman, hingga sanggup tutup sebelah mata terhadap realiti kekejaman penganas komunis terhadap askar Melayu.

Kita jarang sekali dengar orang Melayu menunjuk simpati terhadap Rashid Maidin, kecuali mereka yang jahil sejarah atau sengaja memilih untuk menongkah arus, terutama golongan muda yang tidak merasa keperitan hidup Zaman Darurat atau 'Emergency'.

Saya ada baca buku yang ditulis Rashid Maidin, yang menceritakan bagaimana Tan Sri Rahim Noor malahan enggan bersalam dengannya walaupun tangannya telah lama dihulur! Walaupun Rashid menulis untuk menimba simpati pembaca, saya lebih ketimbang menyokong tindakan TS Rahim. Ini menunjukkan betapa benci polis terhadap penganas komunis yang telah membunuh dan menyiksa dengan kejam ramai anggota keselamatan dari 1957 hingga 1980.

Saya cuma speed reading buku yang ditulis Rashid itu di MPH kerana untuk membayar harga buku itu saya rasakan seperti satu pengkhianatan terhadap negara, terutama terhadap keluarha anggota keselamatan yang telah dibunuh dan disiksa dengan kejam oleh penganas komunis ...

Spot on ! Chin Peng should not be forgiven for the crimes that he has done to the Malaysia civilian and armed forces.

Only heartless group of people will quote that Chin Peng is a non-terrorist. These people should be labelled as communist sympathisers because they chose to ignore the suffering of civilian through the hand of the guerilla who demanded – revenge, blood, scarce food and money; and power. Satan reside within the blood vein of people who wanted to kill.

Frankly, I do not see how a dead terrorist is worth more than a living one according to the precepts of the Singaporean Trojan Horse DAP. There were no beating of the war drums for 47 years since its deliberate inception in 1966. For those who think that an organisation which indulged in killing and injuring Malaysians and Malaysians from 1948 to 1989 is like a RM2 incorporated church in Subang Jaya, must be in Alice in

Wonderland. I invite such people who are financed by foreigners to visit the War Cemeteries at Taiping, Batu Gajah and Kuala Lumpur that the untimely deaths of our heroes are engraved in stone.

If our beloved Malaysia has no principles of the right kind, we are all as dead as a dodo. Communism is as dead as a dodo. It ran its full course for only about 70 years and was stopped dead in its tracks due to the suppression of freedom to convert all humankind to be faceless and colourless digits.

And yet, we have fully grown adults who not only kow-tow to a dead terrorist but think that a dead terrorist is worth more than a living one ! With a care for those who died or were injured in the name of Freedom defending us – our Sovereignty, National Interest and Self-esteem.

A terrorist is one person who kills to create terror for his own ends for the bigger political objective of unseating an incumbent Government at all or any cost. This we all must deny to maintain our much treasured Freedom and Malaysian way of life. We must never forget that our smiling and jealous enemies want to do us in all the time. The moment we lose our guard like after 2003, the whole country would be in turmoil at our own expense and self-proclaimed superior types in the neighbourhood would sneed or say uncomplimentary things at us making us like stupid fools which we are not ! THIS SORT OF FOREIGN ANTICS HAS HAPPENED FOR SO VERY LONG AND YET SOME GULLIBLE MALAYSIANS LAPPED IT ALL UP AS IF IN RESPONSE TO SOME SINSITER SIGNAL FROM THE MASTER. It is time all Malaysians wake up and see the real values put in by our Prime Ministers in our own interests.

All countries in the World hang their traitors.

Hidup Malaysia ! Hidup the Yang Di Pertuan Agong !

Salam Yg Bhg Tun,

I believe Chin Peng had done wrong acts and he had to pay the price now, later or whatever.

Father of a friend of mine was shot cold blooded by communist terrorist in front of him while sending him to school at Ulu Yam in one early morning in the mid-60's. The conversation was short. "Lu Kassim ka...". His father replied yes. Instantly he was shot at the head.

We should allow chin peng ashes to be brought back here.

We built a monument for it.

We put a banner stated

” petualang jahanam. Bangsat kepada negara. Pendetang celaka yang mahu memerintah di tanah melayu”

Let it be a reminder to those pendatang yang masih tak sedar diri macam nyonya tua yang selalu lupa tu...

For want of a better issue event the death of a wanted terrorist is an event of the Singaporean Trojan Horse DAP. How can the DAP be believed when in the very first instance, they spent 47 years since 1966 doing nothing to help the Malays, Chinese, Indians and all and also missed 3 EASY STEPS to Power in 1997, 2008 and 2013 ? An the anachronism is the leadership is the protege of the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore. The brilliant Lee Kuan Yew is on kissing terms of the great and mighty of Washington DC for a lifetime. Through the process of self-glorification he now claims if not for him, China would not have been great. Thank God for Singapore and the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore ! Did'nt I said before that Singapore has one natural resource which is BLUFFOLOGY ! In addition, it was our beloved Tunku who sent Tan Sri C. C. Too the most Senior Chinese Adviser to the Federal Government and a world expert on Communist insurgency in 1962 to help the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore and his conundrum with the Communistis in his PAP. Tan Sri C. C. Too was in conference with only the brilliant Lee Kuan Yew and his Police Chief, George

Bogaars for 2 full days. Operation Cold Store came after this and all the Communists were locked-up for life ! The brilliant Lee Kuan Yew assumed power to this day !

I had the privilege to be briefed by Tan Sri C. C. Too at 8 pm once a month from 1961 to 1992 on Malaysia/Singapore Politics and the Communist Insurgency. He was my relative.

DAP members and others have been making a big fuss out of the death of a terrorist. It was during this period that the Federation of Malaya and Malaysia was close to the Americans. Let us not forget this and those who died or injured by the acts of Communist terrorism in those early days. Our people have not given their lives in vain. We shall honour and remember them always and forever.

Tan Sri C. C. Too with the permission of the Federal Government and his immediate superior Tun Ghazali Shafi, lectured and advised in Vietnam and Fort Benning, GA. He predicted that Communism will return in another form and lamented the running down of the Special Branch of the PDRM in the early 1980s. His most important job was to decipher the Marxist jargon which were hidden in the messages as broadcast by the VOICE OF MALAYA from Yunnan every night at 8 pm. to the terrorists in the deep jungle. It was like reading leaves in a tea-cup to predict what the Communists would do next.

And now the DAP the protege of the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore seemingly turned RED whilst its protagonist the MCA turned RED from KMT BLUE. This is either a pipe-dream by the ambitious of the nay-sayers or something else which is out of this World.

How can a No. 1 terrorist is not a terrorist ? This line of logic is beyond my imagination.

And no democracy worth its salt has ever elected a Communist Government into power. Communist Governments around the World came into power through revolutions. And Tan Sri C. C. Too predicted that when Communism comes into contact with Capitalism, it is the Communism which is corrupted. You this all over the World

today. And nearer home, the early brilliant zeal of the brilliant Lee Kuan Yew with his 10 failed Policies for Singapore at the end of the day is all money, money and money !

And the following facts that Uncle Chin did not pull the trigger :-

1949 – A Chinese rubber tapper in my [family](#) estate in North Johore was murdered by the Communist terrorist. He was innocent and died young. Uncle Chin did not pull the trigger.

1951 – I was seating in front of my classmate who was a recruit of the Auxilliary Police. He fondled his revolver and it discharged with a loud bang. The bullet passed through my desk. An inch or two from its trajectory, I would not be here to tell this true tale of the Communist Insurgency. I began to read the Straits Times and the Malay Mail. I was really frightened by their reports which made me study really hard to go overseas. It was no joke. And Uncle Chin did not pull the trigger.

I believe the decades and decades of easy living and complacency as provided by the Alliance and the BN as led by the UMNO with the 13 component parties have numbed the brains of some of our compatriots.

In any successful country, the danger of being done down by jealous outsiders with the help of ambitious insiders is always there. Hidup Malaysia ! Hidup the Yang Di Pertuan Agong !

Chin Peng was a terrorist because of what he did. Not because of his ideals. His supporters should stop glorifying him. That's like glorifying Hitler.
