

RASUAH POLITIK

Chedet.cc

2 May 2018

Tun Dr Mahathir Mohamad

- 1. Dengan pilihanraya semakin dekat rasuah politik oleh Barisan Nasional (BN) (Najib) pun meningkat dengan pantas.*
- 2. Duit dan barangan (alat dapur) diberi oleh pemimpin UMNO kepada siapa sahaja yang menghadiri rapat umum dan ceramah mereka. Kadang-kadang hanya sedikit sahaja yang hadir perjumpaan-perjumpaan anjuran UMNO ini. Dengan itu ada yang dapat dua atau tiga hadiah.*
- 3. Cara baru ialah dengan mengada Expo Jabatan-Jabatan Kerajaan. Di Expo ini akan ada cabutan nombor bertuah. Kereta yang dipasang pembesar suara mengelilingi kampung menjemput orang pergi ke Expo atau aneka jenis hiburan, dimana terdapat hadiah-hadiah yang lumayan.*
- 4. Kadang-kadang pemimpin dan ahli parti lawan ditawarkan ratusan ribu ringgit supaya keluar parti dan sertai UMNO. Jika mereka sanggup kutuk Pakatan Harapan (PH) mereka akan diberi tambahan sogokan.*
- 5. Tetapi baru-baru ini ramai dari penerima yang terdiri dari PH menyerah sebahagian dari wang yang mereka dapati kepada PH. Barangan juga dijual dan hasilnya diderma kepada parti PH.*
- 6. Umum ketahui bahawa Najib telah sekat sebarang bantuan wang kepada PH. Siapa yang disyaki menolong PH akan dilawati oleh Lembaga Hasil Dalam Negeri (LHDN) dan Suruhanjaya Pencegahan Rasuah Malaysia (SPRM). Ramai yang dipaksa bayar cukai tambahan sehingga berjuta.*
- 7. SPRM pula akan tuduh peniaga melakukan money laundering (membersih duit yang dicuri). Dengan ini duit peniaga dalam bank akan dibekukan. Dan peniaga tidak lagi dapat berniaga.*
- 8. Tindakan-tindakan ini menyebabkan sumbangan wang kepada parti-parti PH terhenti. PH tidak memiliki duit untuk perbelanjaan PRU.*
- 9. PH diselamatkan oleh Najib dan Tengku Adnan kerana sebahagian, kadang-kadang semua dari duit yang diterima diserahkan oleh yang bersimpati dengan PH kepada parti dalam PH. Duit inilah yang diguna dalam kempen untuk jatuhkan Najib dan Tengku Adnan.*

10. Kita percaya lebih banyak lagi wang yang akan diberi kepada pengundi semasa kempen PRU. Sedikit sebanyak wang ini akan menolong membiayai kempen parti PH.

11. Ahli dan orang ramai dinasihat menerima apa sahaja yang diberi BN kepada mereka.

12. Sebabnya ialah duit ini adalah duit mereka yang dicuri oleh Najib. Duit ini bukan duit Najib. Penerima tidak perlu berterima kasih kepada Najib atau BN kerana mendapat balik duit mereka yang dicuri oleh Najib. Penerima tidak perlu undi BN.

13. Mereka harus sedar mereka akan dipaksa bayar duit yang dihutang oleh Najib dan dicuri olehnya. Mereka akan dikenakan cukai yang bertambah, dikurangkan subsidi supaya hutang yang telah dilesapkan oleh Najib dapat dibayar.

14. Dari manakah Najib akan dapat wang jika tidak dinaikan pendapatan Kerajaan melalui tambahan cukai. Siapa yang akan bayar cukai. Rakyatlah yang membayar cukai. Anak, cucu, cicit merekalah yang membayar cukai. Duit siapa? Duit rakyat. Bermakna wang yang dihutang oleh Najib adalah duit rakyat. Duit inilah yang dicuri oleh Najib. Duit berbillion Ringgit inilah yang diguna untuk membeli bermacam-macam oleh Najib. Saki-baki dari duit inilah yang diguna oleh Najib untuk sogok pengundi.

15. Yang jelas Najib curi duit rakyat dan guna duit rakyat untuk tawan hati rakyat. Bukan duit Najib.

16. Kenapa harus kita berterima kasih apabila Najib curi duit kita dan bagi sedikit darinya kepada kita. Kita tidak perlu berterima kasih kepada Najib jauh sekali dari berasa terhutang budi kepadanya.

17. Kalau Najib atau Tengku Adnan bagi duit atau barangan kita ambil. Tetapi jangan berterima kasih dan jangan beri undi kepada mereka, iaitu kepada BN dalam PRU14 ini.

18. Adakalanya penerima sogokan akan disuruh bersumpah akan undi BN. Dalam Islam niat lebih utama dari lafaz. Penerima boleh lafaz mengikut kehendak konco-konco Najib tetapi niat dalam hati akan undi PH. Ini tidak salah dari segi agama kerana tidak ada paksaan dalam Islam.

Salam Tun

Nampaknya market ok. Mid and low liners berjalan dengan ceria. Most retail investors nampak happy, especially those yang beli sapnrg, hibiscus sebelum election. Perhaps Hassan Merican factor selain dari Tun yang pernah duduk di Petronas. Blue chips ada yang performance tidak begitu baik due to the fact most of these counters ada links to the old government. However, international companies like F&N, Dutch Lady, BAT, AEON, Carlsberg etc doing well. Most counters yang mid and low connected to the old government not doing well, which is understandable.

211. Race, religion, justice fairness, equality, corruption, kleptocracy, patriotism and supremacy politicking already reached to another new alarming level, sri sense.

212. Even though i am not a member of the political party members, after going through all these happenings, i for sure cannot go on with another round of such lies, cheats, jealousy, fact distortion, power abuse, manipulating the sentiment of the people, sabotage, tunjuk perasaan, victimization, vengeance, pilih kasih, simpati, slandering, and many many more just win votes to climb to the top.

213. In other words, the right thinking mind politicians, i guess they have chosen not to get involve anymore.

214. How well can pakatan harapan fare with this new dawn?

215. Whenever you feel dissappointed and insecure, you refer to 5 prinsip rukun negara and you will feel alright.

216. When bad things happened, there must be a good reason.

217. Loosing is not the end of world but perhaps its a blessing to tell you to slow down, pause and stop pushing for the impossible.

218. As the saying goes, absolute power corrupts.

219. For those who never taste the absolute power, they can claimed absolute power corrupts.

220. But when they really taste it, what would be their action?

204. I dont think these uncles and aunties will buy unit trusts.

205. But one thing i am sure is they no longer invest due to hearsays, borrow from bankers or finance companies, or kutu with friends or relatives to buy shares to earn extra money.

206. I am not sure how far dap can go.

207. But one thing i am sure is, they too will face what gerakan is facing today when they start to compete with each other for the ministerial position.

Assalamualaikum.

Terima kasih saudara Megati Dewani.

Tun Mahathir dah jadi PM. Tun terikat dengan peraturan dan bidang kuasa berserta parti parti gabungan.

Pernah dulu selepas Tun tuliskan dan hebohkan berkenaan kes salah laku 1MDB di sini, Tun dah fikirkan untuk bekerjasama dengan rakan lama seperti Ku Li dll.

Tun siap pergi ke Sarawak untuk menjalankan idea Ku Li kalau tak silap saya iaitu mencari majoriti ahli Parlimen.

Namun ia adalah sia sia. Setelah itu barulah saya memberi pendapat, sebagai menghormati masa Tun bersama rakan rakan lama politik beliau.

Masa ini pun masih baru bagi PM ke7. Masih belum nampak.

Seperti kata Tun, pemimpin yang bagus mempunyai banyak idea.

Seperti saya pernah katakan, saya adalah bersalasilah Syeikh Abdul Malek (1650-an) dan juga berkait dengan Tokku Paloh (1818-1918).

Mereka adalah kaum kerabat yang berdarah pemerintah dan alim ulama.

Saya mungkin tidak akan mencampuri urusan pentadbiran PM ke7.

KERANA JIKA SAYA MEMERINTAH :

Saya lebih kepada dasar tasawuf iaitu kerohanian yang lebih mendalam. Sedangkan Tun lebih kepada pembangunan fizikal samada duniawi ataupun asas Islam.

Ia mungkin lebih disukai dengan ikatan Tun pada dasar parti parti gabungan yang pelbagai.

NAMUN :

Jika Tun sudi sediakan satu tempat untuk saya pandu uji kemampuan saya, InsyaAllah, saya sudah bersedia untuk mencuba.

Saya tidak menolak cerita cerita lama bahawa Sharif Muhamad Al Baghdadi adalah orangnya yang bertanggungjawab dan berkemampuan dalam menjatuhkan sesebuah kerajaan seperti kerajaan Majapahit pada zamannya.

Atas sebab itu saya telah berniat untuk menziarahi makam Sharif, iaitu sebelum harinya kerajaan baru di Malaysia ini dibentuk.

**kata kuncinya adalah Tun sekarang terikat dengan pelbagai dasar parti dan rakan gabungan.*

Terima kasih Tun.

Salam and good morning to all

HBT may I suggest aunties and uncles buy unit trust instead. If you don't have the capital to invest in multiple blue chips, you may also invest in a basket of blue chip stocks through unit trust funds.

I think Tun too busy to read here, but anyway I komen la sikit2. As voters we can only pilih, after that yang dipilih dan Sultan buat kerja.

I also baca banyak berita online, about apa Rafizi cakap, apa ex CJ cakap. As a voter I can only say this, very very confusing, however I have to bersetuju ngan ex- judge comments.

Takan la nak macam kajang move dulu, nak tanding sebab nak buang khalid jadi MB. If taruh anak beranak dalam federal cabinet for example tak kah nanti itu cronyism. For me I admire Azmin sebab tampak dia ini capable, 5 tahun lagi ada potential pergi Federal jadi PM. Good for PKR ada track record yang baik senang tawan Putrajaya.

However sebagai isteri I can understand Wan Azizah feelings. You know dah tua2 ini I lagi romantik, sebab ada time pergi sana sini berdua2. Macam honeymoon. More fun and loving. Lagipun I baca DSAI sering sakit, bagus kalau dapat lepas bebas dapatlah bersama dengan isteri and have fun with cucu and anak. We all not getting younger. So please stop fighting over the past and start to think about the future.

Pada UMNO, don't give up, cuba la service kawasan dengan baik, fight for Malay and bumiputra rights dengan jujur, chances to menang next election akan jadi mudah.

Pada those nak join Bersatu you can go ahead, janji jaga rakyat kawasan dengan bagus. Janganlah pula masuk kerana nak dapat project besar, sebab kita semua termasuk I yang mengundi dalam kesusahan sekarang.

The above my personal opinions!

Assalamualaikum Tun.

Alhamdulillah.

Tun super sibuk pun masih sempat update chedet.cc

Untuk hilangkan stress Tun dah jadi PM sekarang, saya suka nak kongsi satu cerita sehari dua sebelum pilihanraya di mana saya berada di Terengganu.

Oleh kerana telah dijangkakan cuti lama seolah olah cuti sekolah, jadi saya bawak keluarga saya menziarahi lokasi batu Bersurat dan makam makam wali Allah di Terengganu seperti Tok Pauh dan Sharif Muhammad Al Baghdadi.

Mereka adalah salasilah datuk/moyang dan ayah kepada Syeikh Abdul Malek (Tok Pulau Manis)

Tidak seperti yang dibaca dalam blog blog yang kelihatan semak samun, sebenarnya kawasan makam adalah berdekatan dengan kampung dan dihuni.

Entah mengapa setelah terpandang kepada papantanda "makam Sharif Muhamad al baghdadi", saya terus belok ke kiri dan memang niat saya mahu ziarah dan mengenali di mana makamnya.

Jalannya terus ke jalan mati dan tiada makam di situ selain bangsal penempatan dan seperti tapak bercucuk tanam.

Jalannya sempit kerana jalan kampung. Maka saya reverse kereta dan cuba pusingkan ke arah keluar.

Mungkin kerana kabel gear dah lama dan terputus, jadi kereta saya hilang kuasa dan betul betul berhenti di kawasan bangsal tersebut.

Dengan masa yang ada, saya berborak dengan orang yang berada di situ.

Maka dapatlah satu tahu bahawa kawasan tersebut adalah kawasan pedalaman yang mana dijadikan pusat pemulihan penagih dadah/tasawuf (pada pengamatan saya) dan diuruskan dan diwujudkan oleh seorang ustaz.

Kumpulan ini juga adalah kumpulan yang terlibat dalam aktiviti pertabalan Sultan Perak yang lepas.

Makam Sharif berada di seberang sungai sana.

InsyaAllah, satu masa saya akan kembali ke sana.

Semuanya bersopan santun. Itulah Islam. Akhlak. Akhlak dan akhlak.

Jika Tun ada apa apa masalah dan perlukan bantuan saya boleh dicapai di no 018 9062540.

Jika tulisan ini mengandungi maklumat sensitif, Tun boleh simpan tulisan ini tanpa siarkan di chedet.cc

Terima kaaih Tun.

194. Even uncles and aunties wont use the word air asia unit price is too high for them
to buy, sri sense.

195. Being the senior citizens who have hard earned saving, they just say they rather
buy us dollar or singapore dollar because these investment is more solid, tak akan rugi,
obviously less volatile.

196. In boleh land, when these uncles and aunties feel this way, it simply means based
on their experiences and feel, its just not worth to buy, thats all.

197. Eventhough i am not in this line, i also can see myself whether these investments are worth buying or not in the long term.

198. The 3 chosen cabinets by tdm are ts muyhiddin, lim guan eng and mat sabu already spelt out what he wants.

199. If you got nothing to say, its best to lay your head low.

202. The chosen ones are street fighters, or gentleman, i am sure when these voters realized, they will be very dissappointed.

Salam Tun dan semua

Tun, lambat sangat announcement cabinet line-up, sama lambat dengn announcement Najib berundur jadi President. Penat tunggu depan tv tadi.

Anyway I terkejut ke appointment Menteri Kewangan? Not really. Cuma mengingatkan zaman my dad masa muda ada Tun Tan Siew Sin dari MCA, yang pernah menjawat jawatan ini.

Mat Sabu sebagai Menteri Defense, rasanya ada baik Mat Sabu jangan buat lawak sangat kerana sekarang dah menerajui jawatan yang serious. Sementara Muhyiddin

sebagai Meneteri Dalam Negeri, I pernah buat kerja sikit dengan beliau dulu2 so my pendapat of him, walau muka masam pandai buat kerja.

Ok apa yang I dengar pasal tak refer dengan Anwar ini. Wow! macam2 komen I baca. Ini pendapat I ya, sebenarnya yang penting buat kerja dulu, dan bukan semua orang boleh jadi PM berwibawa, tengok Najib sahaja dah cukup.

Kalau Anwar keluar nanti biarlah dia berehat dulu. Jalan2 ikut isteri, main2 dengan cucu, bila dah sembuh betul, barulah fikir arah mana nak pergi, kalau rasa boring juga boleh minta Tun appoint boss GLC, banyak akan kosong nanti.

I think dalam banyak petabalan, the best istiadat di istana Perak. Cukup professional my sultan, walau dah lama berhijrah ke Selangor namun masih ingat Sultan I yang handsome dan bijak. I sebenarnya suka adat resam Perak, bila melihat tiga orang melutut rapat sembah I teringat acara silat di salah satu upacara kahwin seorang kawan asal Perak. Walau pun gitu I sayang juga Sultan Selangor, Sultan yang paling simple to me.

Ok I nak jawab HBT sikit

HBT Air Asia the shares a bit too high for me, AAX I think have better chance to grow and make more money, however AAX terlalu banyak shares so a bit lambat naik. Those days Air Asia cheap 1.20 also can get, now well.. If I have the money now I buy AAX instead of Air Asia and simpan for a few months.

Salam Tun,

Congratulations on the historic win! And, well done on the announcement of the council of elders. We are on the right track for economics. If I may, I'd like to suggest that the next thing that we URGENTLY need reform is EDUCATION.

Something needs to be done in our education system. This is the place where we build our next generation. We need to get the smart passionate people to drive the reform. It takes time but this is the investment that we need to make. Money should be spent not on technology and facilities but in building the framework to produce passionate good quality teachers. It needs to start from the recruitment of quality good teachers, reviewing the teacher's salary, the quality of the teacher's academy, making sure that

we have good headmasters leading the schools, have a good supporting structure to excel together as a team. Create a healthy supporting structure – competitive and yet supportive structure.

Last but not least, thank you for taking up this job even at this age. Please take care of your health. We will continually pray for your good health!

assalamualaikum Tun, Isteri dan juga semua penyokong Che Det,

Bila saya baca ulasan Sri Sense pada 10 Mei.....saya terasa sedih sangat bila Tun diperlakukan sedemikian rupa oleh Kerajaan BN.... Tambah tambah lagi cacian dari Najib....

saya ingin mengambil kesempatan ini mengucapkan jutaan terima kasih kepada semua yang selalu memberikan pendapat dan pandangan didalam blog ini.....yang memberikan sokongan kepada Tun tanpa berbelah bagi walaupun waktu itu Tun tidak menjadi PM. saya tak kenal pun tuan/puan semua sebab kita tidak pernah berjumpa.....

mana hilangnya MUSATO.... walaupun mission accomplished teruskan dengan pendapat.

mungkin secretariat Che Det bole uruskan satu perjumpaan untuk semua dan untuk berkenalan kerana semua nya satu tujuan dan satu tekad iaitu menyokong Tun dari awal hingga sekarang..... cadangan sahaja.....

Tun,

Do read this opinion of a fellow citizen from Sabah <http://www.freemalysiatoday.com/category/opinion/2018/05/12/sabahs-shame-when-frogs-go-a-courting/>

We who have gone all out to vote for PAKATAN HARAPAN in Sabah and helped voted WARISAN feel betrayed when frogging between parties are shamelessly done without considering into account good principles and our feelings as voters.

Thank you for taking note on this dear Tun Mahathir. Take care Tun, take some time to rest a bit these two days weekend.

Dear Tun Dr. Mahathir,

Mission accomplished, now begins the new phase of overhauling – rebuilding the country.

I believe everyone who's with PAKATAN HARAPAN is overwhelmed with joy that all of the hard work and struggle of the PH leaders as well as the supporting rakyat have paid off in the end. However I fear only one thing – when we get too immersed in victory we may forget how to keep going as strong and as united as when we were still in the battling stage.

HARAPAN must stay united and strong especially now that the battle is over. One little blunder and the opposition UMNO BN would take the opportunity to pick on the now HARAPAN government. Don't leave any page unturned.

Remember how you and the other leaders from PKR, DAP, AMANAH and BERSATU came together as one team to fight and finally oust UMNO BN. This spirit we must hold on to if we really want to rebuild the country. This is just the beginning. The road to a new Malaysia has just appeared in front of us but we have yet to experience the real journey of staying together no matter uneven this road may be. Stick together all four parties. If we want to be called Malaysian no matter what race you are or what

faith you profess, then our past mentality of enemies become friends to defeat the other common enemy should be a belief of the past. Our togetherness must remain indefinitely because it is the essence of our strength against the evil we have been fighting for all the while.

With that in mind Tun I must remind you and the other HARAPAN leaders to be wary of who will join the coalition at this point of this newly formed HARAPAN government. I feel a bit sceptical of the BN detractors who are leaving their old master to be with the new victor HARAPAN. Except for WARISAN who has been working with HARAPAN from the beginning, HARAPAN please be cautious not to accept blindly all these BN detractor parties who seem to me to be more of the opportunist kind who will jump ship because of their survival. I doubt if their swinging is really because of their people.

If HARAPAN is not careful this sudden flood of ex-BN into HARAPAN could become the beginning of similar illness which has killed BN and now infested into HARAPAN. Please screen and scan before you let anyone spoil HARAPAN's healthy being.

Prime Minister Tun, I also would like to ask Tun here never to forget the struggles and sacrifices of long time patriots in PAKATAN HARAPAN – Anwar Ibrahim and Dr. Wan Azizah, Lim Kit Siang and. Lim Guan Eng, the AMANAH leaders Mat Sabu and such, also TS Muhyiddin and the rest in BERSATU. These early fighters in PAKATAN HARAPAN before BERSATU came in, who have been struggling many years for the sake of reform and justice, they are the real patriots of the people. They fight for Malaysia without money without wealth. Their mortgage is their life their family. Remember them Tun.

All the best PM Tun, let us all stick together no matter what. For Malaysia not only today, tomorrow but for years and centuries to come. God has heard our prayers and He will hear us. Just remain together strong HARAPAN!

Salam Tun

Aduh pening pulak tengok Perak, ini antara keratan dipetik dari news portal

State National Council (Dewan Negara Negeri) member Datuk Seri Annuar Zaini said that Pakatan were granted the first opportunity because they had the most number of state seats with 29.

"This is because earlier in the morning (May 11), the Sultan received a letter from Barisan Nasional saying it has a simple majority of 30 seats, 27 from Barisan and three from PAS, which means they have the numbers.

"The Sultan will, however, need to confirm this and has asked Barisan to bring all 30 state assemblymen to him on Saturday (May 12)," – he said

another news

Hadi Awang calls for an all-party government, where the menteri besar and majority of Exco must be Muslim.

wow!

bukankah lagi wajar partnership PAS diPerak dengan parti yang menang, bukan dengan parti yang kalah

Goodnight all!

Hanya Pandangan
Dan harap Jangan membebankan Tun
Tun jadi PM hanya sementara bertujuan menjatuhkan Najib
Tujuan tersebut terlah tercapai
Sekarang kita rakyat Malaysia mesti faham dan memahami
Tujuan Tun menjadi PM Malaysia

Tun bukan tempat nak mengadu nasib persoalan kesempitan kewangan
Bukan tempat menaruh Harapan Masa Depan
Tun bukan Tun dahulu

Tun sudah 92 thaun dan seharusnya Bersara
Ini Hak Tun
Ini Hak Siti Hasmah
Ini Hak Keluarga Tun dan Hak Tun sendiri yg punya diri

Janganlah kita anak Malaysia masih
Nak senang Tanpa Usaha

Tun hanya pembuka jalan baru setelah menewaskan Najib
Jalan seterusnya kita bersama PM pilihan Tun
Berserta Anggota Pakatan Harapan , Pembangkang yg di pilih
Sultan juga Rakyat jelata
Yang Kaya juga yang Papa

Alhamdulillah PRU 14 kita
Mencerminkan Malaysia BerDemokrasi Ber Parlimen
Dia atas Keikhlas , Ketulusan dan Gentlemanship performance

This is a Good sign and A Good Begining for Malaysia

Tun is The Man
Every words , every Jokes he made
Has The Answer
But we Malaysia must respect his Right as a 92 yrs Man
Whom has the Right to Retire

He is The PM for the Moment
Dr.Wan Azizah is The Right Nominee
She is a Strong Women . The Right selection to be our 8th PM

Initially I see Dr. Wan Azizah is just merely a Good wife
A normal Mak Chik Pak Chik Wife
A dedicated wife to her husband , Anwar Ibrahim
Now I see her as a Mature Strong Politician

Pakatan Winning is Dr. Wan Azizah Personal Winning
For being a Truthful , Respectable wife
She waited far too long for this moment
She suffered too long , Patience Pays

We need a Strong Mean Prime Minister for Malaysia
Mean to be Good

I hope whilst Tun warmth his seat for Dr. Wan Azizah
Justice for Malaysia needs to prevail
Whoever wrongdoers Najib , Rosmah , Riza Aziz ,Zahid Hamidi
And

My favorite The very Man that Betrayed our Justice
AG Apandi and whoever involves needs and will be given Right to Justice
Not forgetting our Honorable Jho Low
We will hunt him to the graves

Malaysia needs to Revamp its Financial Mess shitted by Najib
Malaysia needs to Strengthen its Military Capabilities
We must have Military Ambitious and Strength
We must learn to build our own Weapons
Learn to build Weapons
If we failed this
We will be Bullied

We could politely invites innocents Talented UMNO members
Like Khairy Jamaludin ,Hishamuddin and those sincere talented
From Top to Toe of UMNO

Najib , Zahid and the many Dedaks to be left out

*Tun have Breaks The Chain for Malaysia
The Ball is in our Court
Tun will be The Observer or perhaps He should still hold A Senior Post
As an Official Advisor with High Authority*

Assalamualaikum Tun,

1st of all i would like to congratulate you on becoming our 7th Pm. Welcome back,

Tun. Do thank Tun dr Siti hasmah for lending you to us in the times of need.

If you don't mind Tun..there are a few things that i would like you to see to:

1- *Education system*

I know that religion is important but in school, we tend to stress too much in Pendidikan Islam and Bahasa Arab rather than on mathematics and Science. please

look into the syllabus of the subjects being taught from primary school and the introduction of KBAT.

I agree that we have to train these children in thinking outside of the box, but we also have a guideline of the implementation. All these new syllabus and guidelines tend to put a lot of pressure not only on the students but on the teachers as well. Please concentrate on the duties of the teachers in educating the students. This is because the teachers have a lot on their plate at the moment.

By the way, can we abolish schools jenis kebangsaan so that people more united by going to sekolah kebangsaan? No more segregation. Unity starts from early age.

In the universities, there should be more seats for the students. Do provide more scholarships so that there more educated people in the country.

I am not sure about other fields in continuing postgraduate studies, but in medicine seats are very very limited making more doctors opted to sit for external papers. And those who passed these external papers have to go through 18-36months of gazettement when these papers are recognized internationally as compared to our local masters programmes. Kindly provide some means of scholarships/loans to those sitting for these expensive external papers. This is their only way of continuing their studies in becoming specialists after unable to obtain the seats for master programmes.

Do pay attention to the regulation of applying for masters programmes among the female doctors- most female doctors will tend to prolong their confinement leave which is the breastfeeding leave or the cuti menjaga anak. Those who took extra leave unpaid leave for these entitled to get SKT marks for their services in that year HAS BEEN DENIED the entry for masters for the next 3years. How is this helping the female doctors in pursuing their specialty in the field of medicine? If this applies to other subjects, other than medicine..then it is unfair too. We worked hard too in providing the service to the public. The rule should be abolished.

For eg-a female doctor who loves her job and would like to further her studies in the field of interest but she have to undergo multiple surgeries n get treatment for her ovarian tumour. She has infertility issues and opted for ivf. She got pregnant but she had complications during her delivery. She took 3months of unpaid leave to care for her baby after finishing her confinement. She came back to work and provided her service to the public. she is determined to specialized in her field of her. She was rejected for the master progr application due to the unpaid leave she took to care for her child. She is allowed to reapply 3years after that.

2-Health

Kindly increase our budgets especially for drugs. With the previous gov, the budgets are cut into half making many drugs and investigations and treatments limited. This makes treatments difficult.

So look into the matter to provide specialised treatment under one roof. Meaning, in one hospital there is cardiologist, nephrologist, etc.

I have lost many patients due to hearts problems because no cardiologists or cathlabs available. Patient with heart attacks can only be treated with anticoagulant only as unable to proceed for PCIs. Yes, we can refer them to cardiac centers but most won't be able to take these patients either because for se the hospital had no available beds or the patients are unstable for transfer.

Budgets for dialysis should be made available to the general medicine or intensive care unit when there is no nephro units in the hospital. Nephro referral takes time and essence in treating patients with kidney problems. Nephro doesn't provide only dialysis, the also provide a continuous renal replacement therapy (CRRT) for the critically ill patients. Since we have this cluster hospital programmes, there should be nephrologists and cardiologists covering covering the smaller hospitals Every single day!

I have argued and suggested these to the JKN, Pengarah hospital at every mortality meetings but nothing takes place. I can't afford to lose my patients just to wait for angiograms or dialysis.

Bring in more staff- not just doctors, we need nurses, ppk, etc to help a hospital function. There are many patients flocking our government hospitals. Cut down the staff in administration department in the hospital if budget is limited and they're incompetent.

Stop building more hospitals until u have the resources. Please don't waste money in opening hospitals when there is limited beds and staffs and the hospital has a contract to certain companies to use their equipment which malfunction almost everyday. This is my frustration of working in the hospital since it opened 2 yrs ago. I am sure you know the frustration.

Thank you, Tun. I know that I love becoming a doctor. Please help me save those patients with better healthcare services.

Congrats Tun M...Malaysia regained it's future.

Immediate constitution amendments needed for good governance.

1) Make election commission and Judiciary departments as independent bodies reports directly to the King. Politicians shouldn't have influence on any appointments or in the running of these entities. Revamp election commissions rules. Ban elected politicians from switching parties.

2) Limit the powers of Police and bring it under the full control of MACC. Police officers should behave as professionals. They are not getting salary for posing in banners, murals, posing for photographs with confiscated materials and giving political statements on opposition parties (like what previous police head did often).

3) Make cashless payment as mandatory in govt. departments

4) Every higher officials should declare their wealth once a year

5) Revamp Immigration dept. and it's policies

6) Limit the number of ministers. To many ministers not necessary for Malaysia, since it's a small country

7) Make all private sector companies as equal opportunity entities. Ban job advertising on racial/language based

8) Revamp Income Tax dept, it will bring substantial income to the treasury

Dear Tun Dr. Mahathir,
What a cinematic event, we had started on the 9th May 2018. Malaysians voted from morning till evening, then glued to their internet from evening till morning waiting for the final GE14 result, which took forever to compile; no thanks to the inefficient EC. Even when the official final result was tabled, the waiting-game for the swearing-in ceremony which looks like twice post- phoned put us, normal Malaysian in anxiety.

Finally there was the official announcement from the Palace that the swearing in of Tun Dr. Mahathir as our Nation's seventh PM has been fixed at 9.30pm (is it coincidental with your age). Every seconds ticking from 9.30pm onwards agonized us like never before and we prayed and we prayed. Our prayers were answered at 9.57 pm (10th May 2018), a historic moment where all Malaysians will remember and rejoice eternally.

To recap the suspenseful election result announcement chronologically ... 4.50am: It's official! Pakatan Harapan has secured 113 parliamentary seats, while its ally Parti Warisan Sabah won eight parliamentary seats. EC chief Mohd Hashim Abdullah said ousted coalition BN won 79 seats, PAS 18, Sabah state party Star one, and independent candidates three seats. All seats have been announced.

<https://www.malysiakini.com/news/423997>

I never imagined I would live to see this day 5.08am: (COMMENT) Syukur Alhamdulillah. Praise be to the Almighty for having answered our collective prayers and for having prevailed, to enable us to realise what we wanted to achieve. What seemed almost impossible has just happened. A new day has begun for our beloved Malaysia and Malaysians. A new chapter in our history is begging to be written. It is exactly 4.15 am on this historic day, May 10, 2018. I am too excited to sleep...

<http://www.freemalaysiatoday.com/category/nation/2018/05/10/official-dr-mahathir-is-back-as-7th-pm/>

Dr Mahathir Mohamad completed a remarkable comeback to the national stage this evening, being sworn in as Malaysia's seventh prime minister at Istana Negara at the age of 92. The ceremony ended a day of political uncertainty and tension after Barisan Nasional (BN) was swept from power in yesterday's general election.

<http://www.freemalaysiatoday.com/category/nation/2018/05/11/dr-m-vows-to-recover-1mdb-funds-in-switzerland-singapore/>

"As a government, we will ensure the constitution is upheld and the rule of law will guide us in our administration. Also, in terms of policy, I had mooted ideas of a business-friendly government a long time ago, and had even introduced the concept of Malaysia Inc. The economy and finances of the country are the main things. We will have to focus on these two things: finances and economic management."

Our seventh PM possess the full experience of our fourth PM, plus he is now a very much wiser (Know what works and what don't), witty (able to make us cry or make us laugh simultaneously), repentance and grateful (able to apologise and say thanks) and magnanimous (able to set aside the past, in order to move forward together) slightly older but still full of zest, passion, energy and as hard-working as our fourth PM. Malaysians have felt Tun's pains, frustrations, injustice and gallant call for change, reform and for a better Malaysia. We had answered Tun's call in GE14 and we shall remain united and be focused on the rule of law, finances and economic management.

*Dear Tun Dr. Mahathir,
I can feel the heart of Johoreans and their beloved Johor Rulers who only wanted the best for their state and their peoples. Fortunately Johoreans are very resilient cause many have to wake up very early in the morning to brace the traffic jams and at times rain, wind or burning sun for hours just to cross over to Singapore to start their study, work or doing business; and repeat all over again in the evening making a beeline to get home. Tun please forget about the crooked bridge and instead build a few tunnels linking Johor to Singapore to ease the flow of people, tourists, trades and commerce. At the end of the day, all underground lands will forever belongs to the government.*

Thank you

*Yours
SS LEE*

truly,

Salam Tun

Nak menyentuh sikit isu

Medical Care

This more toward caring for aging baby boomers. Some of them mungkin ada medical insurance but usually insurance begini hanya untuk kos masuk hospital. Masuk dalam insurance bayar 80% to 100% terpulang pada syarat tertera. Berbeza dengan government pensioners mereka totally bergantung pada klinik dan hospital kerajaan.

There are cases whereby a person ada medical insurance tetapi sebab klinik kerajaan bayar seringggit mereka ambil ubat disini. Selain itu sebab faktor GST. Dah dipaksa bayar GST might as well ambil ubat free dari klinik kerajaan.

Some also think free hospital dan education adalah tanggung jawab kerajaan.

Business

Business loans zaman saya berniaga ini banyak dari Jabatan kerajaan. Masaalahnya eligibility pemohon dan budi bicara pegawai yang jaga.

Kalau dapat loan kerajaan bagus sebab interest very low but most of the times productivity peniaga pulak masalah. Dan bila kita lihat MARA buat kita wonder apala

mereka buat ini hingga ada orang yang berkata KALAU NAK TOLONG MELAYU TOLONG LAH BETUL2.

Lagi satu dari pemerhatian saya sikap peniaga, kalau sebelah jual daging yang sebelah ini pun jual daging, kan baik kalau sebelah jual daging, sini jual rempah ratus kari, kurma, kerutup, sup – untuk masak daging. Tak perlu lah pembeli pergi jauh cari bahan. Lagipun kalau dah terlalu banyak benda yang sama satu tempat, susah pula orang nak pilih.

Tun, bila nak belanja saya dan suami makan?

160. What to do, if i dont follow my pm, nanti permit banking kena tarik, and my bank cannot operate, then, i am out of job, betul tak?

Bravo Tun, I am truly amazed. Your leadership, wit, experience and charm helped Rakyat defeat the corrupted Najib, UMNO and his evil empire. The whole world now talks about and wonders who is this 92-year old man that is still so lucid and capable....

You stood up for the RAKYAT during the dark times when many others choose to be blind, deaf and mute.

I followed your blog for the past few years. The perversion of justice during Najib's era was so bad that during the darker times I worried that this blog might be shut-down and for the safety of you and your family.

Thank you Tun. You fulfilled your promise to the Rakyat of Malaysia to bring about the undoing your past errors and wrongs of the government. With the installation of capable leaders based on skills and aptitude rather than political connections,

donations, family lineage and skin color I am confident PH will form a democratic, capable, clean, transparent and accountable government.

Many of those people that helped Najib pervert justice might suddenly sing a different tune now. PH leaders must remember chameleons have no principles and values and cannot be trusted.

Congratulations!

It was a sad day when you stepped down, and I wouldn't have believed it if anyone told me that you would once again return after a decade and a half.

But you did, and it fills me with pride and joy.

I may not agree with you on everything, I may even be against many of what you say and do. But you have had my respect ever since I could remember.

Pray have a good rest and take care of yourself. There are lots of work to do from this moment onwards, but please make sure to rest.

Lastly, please work with Abg Jo to help realize the goals and plans he has already started. We do believe he is going in the right direction and would hate to see it fall apart.

Nak komen news online :

Woah! what happened to Sabah. Cuba kawan2 baca kat link ini

<http://www.freemalaysiatoday.com/category/nation/2018/05/10/sabah-politics-in-limbo-as-shafie-turned-away-from-governors-palace/>

KOTA KINABALU: Parti Warisan Sabah president Shafie Apdal failed in his attempt to get himself sworn in as the new chief minister today, after he was barred from entering the state palace to seek an audience with the governor.

This followed a deal his party had clinched with State Reform Party (STAR) to achieve a simple majority to form the next state government.

FMT has learnt that the Yang di-Pertua Negeri is "not yet ready" for any swearing-in ceremony, and has asked Shafie to return to the state palace later.

I think this better PH settle cepat

<https://www.straitstimes.com/asia/se-asia/malaysia-election-formation-of-state-govt-in-perak-kedah-and-sabah-up-to-parties-says>

Malaysia GE: Formation of state govt in Perak Kedah and Sabah up to parties, says election commission

The formation of state governments in Perak, Kedah and Sabah, which is still unclear following the results of the 14th general election in the three states, will have to be decided by the political parties involved, the Malaysian Election Commission has said.

Election Commission (EC) deputy chairman Tan Sri Othman Mahmood said the commission could only announce the number of seats won by each contesting party and could not decide which party was eligible to form the state government.

Salam Tun

I think the recent press conference held, nampak Tun still charming and approachable. I and family have had fun watching you on air.

I teringat masa beratur ngundi tiba2 dapat whatsapp message, I ingat siapa, rupanya kawan seorang Tan Sri hantar gambar dia pergi ngundi. Wah dengan sunglasses dia kelihatan canggih sungguh. Bila BN tetap kalah di Selangor, terasa sedih pulak teringat dia yang begitu beria ria undi pagi2 lagi. Almaklumlah dia penyokong tegar UMNO.

Berbalik pada whatsapp messages, ada yang lain, I ada ternampak dari satu group yang menyatakan kerisauan mereka tengok seat Melayu. Saolah2 mereka rasa dah hilang kekuatan Melayu. Ramai Melayu masih anggap UMNO itu tiang Melayu.

Ada juga FB messages yang saya baca bahawasanya Sultan Johor mau suara rakyat dihormati.

Ada juga saya dengar melalui Astro yang perlantikkan boleh ditangguh hingga 120 hari. Ini adalah pandangan seorang Prof bila ditanya isu ini oleh host show.

Wow, that long. Not good for Malaysia. Very bad for stock market, very bad for our ringgit value. Baik selesai cepat, the knee jerk reaction cepat datang dan cepat pergi. Inshaallah!

Dear Tun,

Congratulations Tun. Tahniah bersama HARAPAN seluruh rakyat Malaysia.

Buat DSNajib dan UMNO BN – enough is enough. The rakyat have clearly sent you their message. Kita sudah penat lelah memilih dan semalam Rabu 9 Mei 2018 anda sudah dimaklumkan pilihan rakyat. Terimalah dengan hati yang terbuka. Hormatilah pilihan dan keputusan kami rakyat Malaysia yang berlatarbelakangkan pelbagai bangsa kaum serta agama. Rakyat bersatu demi negara tercinta. Janganlah berpura-pura menghormati pilihan rakyat tetapi pada masa yang sama masih hati busuk mencampuri urusan kerajaan baharu PAKATAN HARAPAN yang telah diberi mandat oleh rakyat Malaysia. Sudah sudah lah UMNO BN DSNajib. Anda sudah ditolak rakyat. Biarkan kerajaan baharu mengambil alih dengan usaha pemulihan negara bangsa ini. Jangan jadikan alasan YDP Agong untuk memilih siapa Perdana Menteri yang layak, bukan di mata YDPA tetapi sebenarnya di mata DSNajib dan UMNO! Jelas sekali BN adalah UMNO. MCA GERAKAN MIC tahu apa itu harga diri dan maruah. Mereka tahu menghormati pilihan rakyat. Namun UMNO tetap dengan sikap sebenarnya yang tamak haloba tak mengenal adab.

Kepada calon-calon PAKATAN HARAPAN, WARISAN di Sabah, juga PAS – anda hormatilah diri sendiri, keluarga, bangsa anda serta kami seluruh rakyat Malaysia yang telah berkorban mengundi anda. Jangan belot terhadap kepercayaan yang telah kami berikan dengan memberi anda undi kami. Kami undi anda demi sebuah perubahan. Mengapa harus anda belot dan menyimpang daripada tujuan yang murni ini. Jangan tunduk kepada godaan duniawi semata apabila sanggup menjual diri kepada sogokan wangringgit berjuta kerana 5 tahun akan datang kami pengundi kami rakyat akan mengadili anda sekali lagi! Kami bukan bodoh. Anda semua dinilai oleh kami! Berlaku jujurlah kepada diri sendiri kepada rakyat dan negara ini!

Tun Mahathir, you are the reason why we voted for PAKATAN HARAPAN and WARISAN (in Sabah) apart from the change we crave for a unified Malaysia regardless of race or religion. YDP Agong should respect the rakyat's choice and follow his heart his good conscience and not be deceived by another trick of DSNajib and UMNO.

We love you Tun Mahathir. Du'a kami untuk Tun. Tun akan menerajui negara ini seperti yang telah dijanjikan kepada kami rakyat! Please do not betray us PAKATAN HARAPAN and WARISAN! RESPECT IS THE WORD!

131. From her writing, sri sense and her husband are on retirement and now are living in elite area.

132. Perhaps to her, the ruling government must take care of them since they decided to go on retirement by relying on government' s welfare, still complaint slow lar, bagi ubat cukup lar, no pembangunan so and so....

133. I am sure at the age of tdm, he can chose to makan pension, but he decided to work eventhough at this age.

134. But, there are many retired people in this country who choose to work to keep their mind busy so that they wont get sick, and at the same time not to burden their children by continuing working.

135. Yes, like balance said, there are many ways to achieve something.

136. I would say, maintain gst, at the same time reduce the oil subsidy.

137. Change property lease hold to free hold since we have plenty of land in this country.

138. The base lending rate remains unchange to maintain the mentality of savings among our people so that they spend wisely.

139. If increase taxes, gst or sst, naik harga minyak, rakyat will sure marah one.

140. If increase retirement age, even got marah, they also malu to voice ma being labelled as lazy people, asyik nak tongkat saja, betul tak?

142. *We should be thankful, the voters of all states, government civil servants, police and public in making this general election the best and most peaceful general election compare to the past general elections.*

143. *For the next general election, i believe, the coming general elections would be more efficient as we move on.*

144. *Popular votes are easy to win because its about perception.*

145. *I am not sure who would be the chosen perdana menteri by yang dipertuan agong.*

146. *The general election of the result is out, obviously, the chosen one must have the majority seats at the federal level.*

147. *As for states' mb, the decision lies with sultan yang dipertua negeri.*

Salam Tun

Congratulations!

Tun Mahathir telah banyak korbankan time and keselesaan untuk sampai kesini.

Saya teringat bagaimana beberapa Darjah Kebesaran Tun ditarik balik. Saya juga teringat bagaimana pekerja2 yang dikhaskan untuk bekas Perdana Menteri ditarik balik. Saya juga teringat bagaimana jawatan2 yang baik disandang Tun selepas bersara ditarik balik. Saya juga teringat bagaimana mereka cuba memadamkan Tun dari sejarah UMNO dan kejayaan Tun sebagai Perdana Menteri Malaysia sebelum ini.

Sememangnya UMNO yang ditinggalkan Tun telah jadi rakus dan irrational dalam segala tindak tanduk. Saya setuju 100% apa yang diutarakan Tun Daim dalam video sebelum election. Pagi2 saya sudah turun mengundi, tapi ternyata line panjang betul. Saya pergi breakfast dulu balik semula tengok line lagi panjang, so berdirilah tunggu

giliran dekat sejam lebih. Walaupun line ada saluran 1 2 3 tapi tidak juga mempercepatkan masa mengundi.

Memang terasa sikit kesukaran GE14 seperti SPR sengaja nak menyusahkan voters yang terdiri dari orang dah berumur dan juga wanita2 yang bawa anak kecil. Sudahlah diadakan hari rabu, time dimana orang bekerja. Malah ada tempat mengundi tak beri laluan khas buat warga emas dan OKU. Bila tanya polis, polis kata tiada arahan. Tidak memeranjatkan ada warga emas dan golongan yang sakit meninggal dunia dipusat pengundian.

Ada satu kes didepan mata saya, anak muda tak dapat ballot vote papers, pulang sini nak undi cara biasa tapi tak dibenarkan SPR. Malah beberapa news portal online ada highlight sebelum ini ramai diluar negara tidak terima ballot papers, ada yang sanggup beli tiket kapal terbang untuk jalankan tanggung jawab mereka. Ada yang sampai appoint sedara mara untuk hantar ballot vote papers.

Sementara astro awani semalam pun letih tunggu result. Mula2 analysis sabar lepas tu mula seorang demi seorang hot termasuk Karim Raslan. Saya tergelak besar dengar komen nya, sebab dia ini memang suka Najib bukan fan Tun Mahathir tapi dek lembab SPR dengan alasan merepek dia pun naik hot

Sampai 5 pagi berseking mata. Sekali lagi tahniah PH. Saya harap Yang Dipertuan Agong mempercepatkan upacara angkat sumpah Tun Mahathir sebagai Perdana Menteri baru.

Pada UMNO dan BN terimalah kekalahan ini dengan baik. Saya harap UMNO dapat jadi parti pembangkang yang baik selepas ini. Perjuangkan hak2 orang Melayu, siapa tau berkat kerajinan untuk berubah dan berjuang untuk rakyat mereka mungkin terpilih semula 5 tahun akan datang. Sementara itu ada baiknya buang Najib carilah leader yang lebih jujur dan bertanggung jawab.

*Dear Tun.
CONGRATULATION for successfully leading the rakyat to oust the corrupt BN government.*

For a better Malaysia, I wish to see the following implemented. Restoration of Malaysia's financial health. In addition to whatever action plans formulated by Pakatan Harapan to revive the economy, the following should be implemented to restore the country's financial health

- 1. Immediately freeze and investigate the wealth of politicians (from the last and previous governments) who have been holding posts in the government, the statutory bodies or the government link companies. The action should be extended to their relatives and cronies. Those found with assets in excess beyond their legal means should be charged under Money laundering Act and all assets seized and forfeited. This is to ensure that the rakyat gets back their money and at the same time monetary enticement does not play a part in the next general election.*
- 2. The civil servants who have impeded the due process of the rule of law should be sacked, freeze and investigate their wealth including those of their relatives and*

cronies. Those found with assets far in excess of their legal means should be charged under Money laundering Act and all assets seized and forfeited. This is to remind all civil servants to uphold the spirit of Civil service by being impartial in their dealings and at the same time to return all the ill-gotten wealth to the government

3. Civil servants and ex-civil servants who live beyond their means should be investigated on their wealth. If found to be in excess of their legal means, they should be charged with Money laundering Act, all assets seized and forfeited. The action should be extended to their relatives and cronies as well. This is to remind them that corruption does not pay.

4. With a moratorium of two weeks, the government should make the current RM100 and RM50 notes illegal, to be replaced with new ones. This is to expose the illegal dealings which have caused the rakyat to suffer. Charge the culprits under Money laundering Act.

Executing the above with impunity is of utmost importance. Failure to do so will burden the rakyat and eventually will lead to misery when the country becomes bankrupt. It was lack of punitive action to stop corruption and fraud by the country's leadership in the past that led to the current decadence.

Revitalisation of the Education system
Revitalising the education system should aim to provide manpower for the country's progress and to promote racial integration.

1. Reintroduce the teaching of Science and Mathematics in English starting from primary one in all National schools.

2. Drop all religious subjects in all National Schools

3. Introduce subjects on civics, moral values, hygiene, health and environment in the curriculum in the primary national schools.

4. Higher education should emphasise on syllabuses that caters for the needs of industries.

5. There should be two types of higher education. One for the development of professional skills and the other for development into academic and research. Infrastructure development.

Roads and rails should be built with a view of improving overall efficiency and productivity. Of urgent needs are the following.

1. Comprehensive light rail network should be built in the Klang Valley and also on the Penang island linking to the mainland.

2. A branch of North-South highway should be built to bypass Butterworth.

1.tahniah tun dapat menjadi perdana menteri malaysia ke 7.rakyat memilih maruah berbanding rasuah

2.kite perlu mengembalikan rule of law.mungkin perkara pertama yang tun boleh buat adalah mengharamkan parti umno selamanya.kerana sememangnya umno patut sudah menjadi parti haram kerana tidak mengadakan pemilihan parti sejak dari 2013.

3.kita perlu melemahkan najib sehingga dia tidak mampu melawan.apabila umno diharamkan barisan nasional pun sekaligus diharamkan kerana mempunyai parti komponen haram didalamnya.

4.apabila barisan nasional sudah kacau bilau kerana haram,mungkin tun boleh mengambil 2-3 orang bekas ahli bn adun perak untuk menstabilkan kerajaan pakatan harapan diperak.selamat tinggal pas dan king makernya.

5.apabila bn diharamkan mungkin tun juga boleh mengambil parti komponen bn di sarawak untuk menyertai pakatan harapan untuk mengukuhkan majoriti di dewan rakyat.

6.tun yang menubuhkan umno baru dan tun jugalah yang akan menguburkan umno itu sendiri...itulah yang terbaik.

Wahai orang2 Melayu, tidak kira apa fahaman politik pun. Marilah kita beri undi kepada Pakatan Harapan. Yakinlah selagi Tun Mahathir menjadi penerajunya, Insya Allah jalan menuju masa depan Negara, Agama, Bangsa dan anak cucu cicit kita akan menjadi cerah.

Pemimpin yang sedia ada dalam parti BN & PAS sudah tidak lagi relevan dan sudah tidak lagi mampu untuk membawa Negara menjadi lebih maju malah akan memusnahkan, meranapkan dan menghancurkan terus segala yang ada dalam Negara kita.

Ayuh!!! Bangkitlah bangsaku, jangan jadi pengecut, penderhaka, pembelot dan pengkhianat kepada Negara.

Undilah Pakatan Harapan. Yakinlah, kita akan menang besar. Ayuh, kita sama2 membantu Tun Mahathir untuk mentadbir dan terus memajukan Negara kita.

Salam Tun Dr. Mahathir,

Your loyal supporters have asked me to post their voting sentiments to Tun here:

1. We respect Tun because Tun is an elderly person. Being Asians of our generation, we are brought up to respect our elders.
2. We salute Tun for the good things (and accept with regrets the not so good things) you have done for Malaysia during your 22 years tenure.
3. We acknowledge that "to err is human, to forgive divine." Tun is only human, so when Tun regrettably choose to label Sarawakians as lazy, the term similarly used by the former colonial master, we just brushed it off as prerogative of an elderly person.

In spite of all these, we regret to say that we cannot in our right minds (we will not) cast our votes in favour of Tun and PH because a vote for Tun and PH is a vote for DAP. We respect Tun but we refuse to be in cahoots with Tun to help DAP achieve their end goal of political power for DAP, especially now that DAP have succeeded in their goal to split the Peninsular Malay votes to pieces.

We are so disgusted by DAP and cannot forgive DAP for their disrespectful and dirty campaign "tungang kuda Mahatir, let Melayu screw Melayu."

Sincerely,

Your loyal but thinking and talking fans.

p.s.

We saw the video of Tun on stage during PH convention. Tun's facial expression brought tears to our eyes. What we saw on stage reminded us of Hans Christian Andersen's short tale. "The Emperor's New Clothes"

assalamualaikum tun.

1.saya terbaca yang tan sri rafidah memberi perumpamaan yang malaysia ibarat mencari kontraktor rumah yang baru.saya kurang bersetuju dengan perumpamaan itu, ini adalah apa yang saya fikir.

2.perdana menteri ni ibarat pengurus syarikat.syarikat yang bernama malaysia.objektif syarikat ade due secara asasnya iaitu untuk menguntungkan syarikat dan berbakti kepada pelabur syarikat iaitu rakyat malaysia.

3. bagi semua orang yang menjalankan perniagaan, ketirisan dalam pengurusan wang syarikat akan membuat syarikat rugi, paling teruk syarikat akan jadi bangkrap.

4. terus terang syarikat malaysia ni mungkin takkan bankrap kerana malaysia kaya dengan sumber asli dan tanaman yang dapat dieksport keluar negara. dan malaysia terkecuali dari bencana alam yang dahsyat seperti gempa bumi dsb.

5. jadi sepatutnya syarikat malaysia ni boleh buat lebih jauh lagi dari apa yang ada sekarang. saya cemburu melihat singapura. negara kecil yang tiada apapun, sampaikan air pun kena beli dari negara malaysia. tapi mengapa singapura mampu menjadi salah satu dari 4 asia tiger yang dinilai berdasarkan prestasi ekonominya?

6. apabila saya melihat kepada corruption perception index 2017 dimana singapura dikedudukan ke 6 dari seluruh dunia. mungkin itulah penyebabnya. pengurusan syarikat tanpa rasuah dan korupsi akan membuat syarikat menjadi maju.

7. cabaran terbesar kita adalah untuk mengubah persepsi dan budaya masyarakat kita. cubalah tun bertanya pada kebanyakan rakyat malaysia berkenaan korupsi dan rasuah dikalangan ahli politik, mesti mereka berkata "ahli politik main duit perkara biasalah tu. tak sah kalau ahli politik tak curi duit". itulah juga kenapa najib razak menjadi kebal dan tak tahu malu sebenarnya. dia tahu orang malaysia memang tidak kisah dengan rasuah.

8. perkara yang pahit tapi perlu kita telan adalah faktor utama yang membuatkan rakyat menolak najib sekarang adalah kerana kos hidup yg tinggi, bukannya kerana najib curi berbilion wang malaysia. percayalah tun, andai kata najib batalkan gst, beri subsidi minyak kembali, pasti rakyat melayu tak kisah sekalipun najib mencuri berbilion wang.

9. rakyat malaysia cina sudah menolak najib. bukan kerana dap mereka menolak najib tetapi kerana mereka benci rasuah. dulu tahun 1999 undian cinalah yang menyelamatkan tun pada waktu itu kerana mereka berterima kasih pada tun yang menyelamatkan malaysia dari krisis ekonomi asia.

9. contohilah negara jepun yang mana menterinya telah membunuh diri bila ditangkap kes rasuah kerana malu untuk berdepan dengan rakyat kerana rakyat jepun menolak sekerasnya amalan rasuah ini.

10. andai kata tun gagal untuk menumpaskan najib kali ini, percayalah yang ianya bukan salah tun tapi salah kami semua rakyat melayu malaysia seramai 7 juta pengundi berdaftar tapi tidak terdaya menolak rasuah najib.

saya doakan semoga tun berjaya membawa perubahan pada malaysia.

PRU adalah masanya
Najib sudah terlambat untuk membetulkan atau memulihkan UMNO
Walau ada cakapan Najib tukar Bini pun UMNO akan Tewas
Bukan Bini perlu dipersalahkan
Najib sendiri yg Bersalah

Jika Najib berdegil
Dunia akan memandang
PBB akan masuk campur juga Pemimpin Dunia akan tidak menghiraukan Najib atau
melihat Najib sebagai Pemimpin Kerajaan
Malaysia akan Terpencil dan Dalaman akan Panas Membara
PRU adalah Hak Demokrasi
Hak Pemimpin Hak Pembangkang Hak Rakyat Hak Sultan Hak Si Pengemis Jalanan
juga yg Dewasa yg berkerakyatan Malaysia

Dengan Keluarnya Rafidah Aziz , Rais Yatim dari UMNO
Mengambarkan Tiang UMNO sudah Patah

Yg tinggal di UMNO hanyalah
Yang perlu menjaga Periuk Nasi mereka masing masing
dan Kepentingan mereka BUKAN penyokong Najib sejati
Najib Tidak punya Kawan
Beliau hanya punya Kerusi PM yg bakal Tumbang

Dengan memberi Habuan tidak akan membantu Najib
Malah mempamirkan Kebodohan Najib
Mengutuk Tun Mahathir di sidang UMNO
Bukan perkara yg Bijak dimasa kini
Malah membangkitkan Kebencian Rakyat juga Anggota UMNO yg sedia ada
terhadap Najib

Orang Kampung Orang Dulu bukan macam Orang sekarang
Dahulu bila diberi Habuan , si penerima akan berasa
Besar Hati dan Terhutang Budi
Sebab orang dahulu tidak berperlajaran
Sekarang Pengemis Jalanan pun banyak yg pandai Menipu
Nikan pula Najib kasi Habuan begitu saja
Bedal je lah dan say Thank You
Undi tetap hak peribadi

Orang Berbudi Kita Berbahasa
Orang Memberi Kita Merasa
TIDAK Ber Erti kita kena Gadai Body
Undi Hak Peribadi . Tidak Bolih di Jual Beli

Kelihatan Kempen Najib lebih Kebudak budakan
Tidak Realistic dan Tidak Professional
Lebih pada Emosi dan Panik

Jika UMNO Menang pun
Saya tidak bolih Terbayang Keadaan di Parlimen Malaysia
Pasti Kecoh.....Dah banyak Pembangkang
Eh Suar..... Asik nak BangkangBila Kes nak Habis
Mundur lah Malaysia

Tuan Speaker di Parlimen akan Terpekik
Yang Berhormat....Yg BerhormatTolong lah Tolong Sila Duduk
Pematang Pauh Tolong Diam.....

Alah
Terbalik juga Parlimen Malaysia

.....alah.....alah

Terima kasih yang tak terhingga kepada Tun berdua serta pasukan Tun yang berusaha untuk mengubah kehidupan dan masa depan kami ini. Walaubagaimanapun, nasib kita takkan berubah jika kita sendiri tak berusaha untuk mengubah nasib kita. Dalam masa kurang 24 jam lagi kita boleh mengubah nasib kita. Di saat-saat genting ini, marilah kita bersama-sama berdoa dan melakukan solat hajat memohon pertolongan Allah SWT supaya kemenangan di pihak kita. Hanya Allah SWT yang mampu mengubah hati manusia. Salam Tun dan semua penyokong PH tak mengira bangsa

Saya harap esok tiada lagi silap mata dari pihak berkuasa

Keliling saya baca news portal online ternyata banyak pro BN, kerana ini saya lebih suka baca news dari negara jiran. Saya juga tonton video online, ada juga yang lucu tapi buat penyokong BN hangat buntut.

Semalam diFB saya tonton video live Syed Saddiq disembuh hotel. Penat saya tunggu wakil BN yang pada mula setuju hadir tapi kelibat pun tak nampak, saya pun terus tukar channel.

Saya juga tonton video Tun dan pembangunan Langkawi.Saya hampir menitiskan airmata teringat betapa BN Najib buat orang yang berjasa besar macam Tun macam sampah.

Oh ya saya juga ada terlihat gambar Datin Rosmah dengan heading fake news earlier, saya tak baca seterusnya, so isi kandungan pun saya tak tahu, kerana melihat gambarnya dibawah heading buat saya terfikir, fake news? you mean as fake as your hair! X payah baca la!!

Esok saya undi PH, ingat nak pakai baju kuning, takut pula wakil EC buat hal. Hey you never know, they already famous in the Hall of Shame with many other BN leaders!

Dear Tun Dr. Mahathir,
Please allow me to repost blog post I posted at i3investor.

Title: GE14: An open letter to Generation Y

Dear Generation Y,
Your reputation precedes you.
What I hear from the media is that you're ill-equipped for the real world. You've been raised by helicopter parents, and you can't cope with the possibility of failure or starting at the bottom of the totem pole. I hear your eyes never leave your hand phones, and your young men have spent so much time playing video games you lack the social skills to communicate and did not give a damn on what happening in our country and you simply do not bother to vote come GE14 or intend to spoil your vote.

But the real you? The Millennials I saw at PH and Warisan? You're nothing like that.

1. Syed Saddiq Syed Abdul Rahman (PKR), 26 — P146 Muar parliamentary seat
2. Jo-Anna Sue Henley Rampas, 28 (WARISAN) N11 KIULU state seat
3. Yeo Bee Yin (PKR-DAP), 35 — P145 Bakri parliamentary seat
4. Chrisnadia Sinam (PKR), 35 — P170 Tuaran parliamentary seat
5. Raymond Ahuar (PKR), 33 — P182 Pensiangan parliamentary seat
6. Mordi Bimol (PKR-DAP), 33 — P192 Mas Gading parliamentary seat
7. Dr Kelvin Yii Lee Wuen (PKR-DAP), 31 — P195 Kuching parliamentary seat

I see you committed and passionate about causes and the people affected by them. You're using your technical savvy to serve the people, to learn how to do helpful work and to connect with others who share your dreams. I see you using your youth to nurture the Malaysia dream, a dream shared by all Malaysians. You are the group of people full of passion, dreams, hope and determination.

We need you, Millennials. Because we generation X have been at this a while now, and we have been bloodied and bruised by the darkness we so wanted to eradicate. That torch of hope you throw confidently into the darkness? Our are now a flicker, burning but just barely, and we guard it with both hands. We need you. We need you to remind us that change is still possible, and darkness will never win in the end. We wish you well and please come out in full force to vote for PH and kick out the corrupted MO1 and his decadent, Kleptocratic Government. I thank you

<http://www.bbc.com/news/magazine-36619342>

Highlight Brexit: Remain supporter Elizabeth Mayfield, 19, looked on in despair as the referendum results came in. And she knew who she blamed -an older generation that she sees as having secure jobs and gold-plated generous pensions, people who had caused house prices to soar and plunged the country into debt. "I'm annoyed that baby boomers have messed things up for us again," says Mayfield, a student at Staffordshire University. "They've voted for something that's not going to really affect them. They're not going to have to deal with the consequences." There's evidence that areas with lots of younger voters tended to have lower turnouts,

Beware Millennials if you spoil or do not go out and vote then your fate will be determined by those older generation that have their own vest selfish interest in voting for BN or those generation that had been conditioned to vote for BN no-matter what. Your future is in your hand vote wisely.

Millennials please do not fall for BN false hope of ambiguity and lofty vision TN50? With fractional story Firdaus.

Malaysia future is in the hand of youths (Generation Y). But if we have the Federal Minister of Youth and Sports, Khairy Jamaluddin, aka KJ, the MP for Rembau, went to Oxford, where he read Philosophy, Politics and Economics (PPE), in a speech for GE-14, he told Malaysian youths, who wanted to start a family, that if they wanted more handouts, they should have more children. What future does Malaysia have if our most

well educated Minister of Youth can only offer more handouts?

114. We dont need a rocket writer when comes to journalism too.

115. I know penny stocks still exist in poor countries because of its high liquidity, and investing in such stock can make you rich over night.

116. Because of its high liquidity, penny stocks, is highly risky, and under bnm regulation, the operators of penny stocks must made known to the public that such investment involves risks.

117. Similarly, kutu too is still popular, high liquidity, and risky too, among the malays, and its based on trust among themselves.

118. Whether we like it or not, writing, is just like investinng, governing, voting, manufacturing, developing or doing business, and they involve risks.

119. After watching the video of rakyat mengadu, the political masters behind the video, has deeply humiliated the chinese voters so cruelly and unfairly just to win votes.

120. Frankly speaking, it breaks my heart to see them goes so low to this extend.

121. Even when they wins out with whatsoever reasons, they must be fully responsible for their own doings.

122. *Since i cannot accept and respect such low class tactics, i just leave without questioning.*

123. *Why?*

124. *Because i believe voters in general would become less and less racist as we moved on.*

125. *We cannot change the past, but we difinitely can do better and improve as we move on.*

126. *Hate speech is the root cause of terrorism.*

127. *To be or not to be?*

6)Saya dr kwsn Subang dan calon Bn nak bagi servis ambulan free!Utk apa?Agar kita kena sakit jantung akibat perbuatan BN dan mereka blh htr ke rumah mayat dgn percuma??Dulu Najib kata nak bagi perubatan percuma tapi bagi panadol saja,ubat lain kena beli kat tempat lain!!Dokot pun x biasa ada.Yg ada rawat,cuma HA hospital yg tak tahu apa2!!Babi punya penipu!!Di sekolahpun kita sbg ibubapa kena tanggung semua,tiada apa lagi percuma!!Inilah janji2 palsu BN(BINATANG NAJIB)!!

Aslmkm Tun,

Kami rakyat sentiasa doakan kesihatan Tun berdua..

Masih ada usaha-usaha untuk memburukkan Pakatan Harapan melalui pelbagai medium terutamanya media sosial sebagai contoh mendakwa Tun M hanyalah boneka DAP, DAP yg mengatur pentadbiran jika PH berkuasa, dsbnya..

Di pihak PAS pula dicanangkan jika Undi PH maka akan berleluasa budaya Islam liberal, budaya Sosialis, LGBT dan sebagainya termasuklah kata-kata menggunakan agama sebagai alat politik spt "orang islam mesti undi orang islam"..

Tentunya ada serangan untuk "mematahkan" semangat pengundi PH disaat-saat akhir, terutamanya orang melayu perlu diyakinkan oleh Tun M & pemimpin2 pakatan harapan..

Dalam politik berparti, calon2 berparti sebenarnya mewakili 2 pihak iaitu pihak partinya & juga rakyat yg memilihnya.

Secara ringkas untuk PRU14, rakyat perlu memilih antara Team Mahathir atau Team Najib (PAS adalah teman tapi mesra Team Najib).

Walau sesiapaun calon PH, beliau adalah "wakil" Tun M sebagai PM, dan sesiapa sahaja calon BN atau calon PAS, beliau adalah "wakil" Najib sebagai PM.

Rakyat perlu memilih samaada memilih Tun M (mengundi calon PH) atau pilih Najib (mengundi calon BN & PAS)

Bagi calon bebas, sukar baginya berkhidmat kerana pembangunan memerlukan dana dari Kerajaan Negeri atau Kerajaan Pusat.

Waulahua'lam

Sekian,

Terima

Kasih.

Dear Tun,

Tomorrow night @ Langkawi will be the closing HARAPAN ceramah before polling on Wednesday. With the intent to steal the limelight some artistes are also scheduled to perform at the same venue only 3 km away.

Well I hope the people of Langkawi will use their wisdom and follow their conscience and heart as to which event they will choose to attend. HARAPAN for the future of our

generations to come to save the country, or, some singing and dancing just for the moment's pleasure. Please make the right choice dear people of Langkawi Kedah.

To the artistes who will be performing, I hope you too will think what is right. You can choose not to become spoilers of the most meaningful event to us the people of Malaysia who crave change. You can choose not to succumb to the caretaker government's devious tactics. You may not even get paid as promised!

Take care Tun Mahathir. All the best for HARAPAN, for us rakyat Malaysia who want change. God be with us.

"Lest We Forget"

It must be surreal for you Tun that the "Chickens have come home to roost", whilst it is not surprising to people like me as these "Dodo Chickens" whose eggs were laid in in early 70's, hatched in the mid 70's and later in the 80's were fed gloriously under your admittedly competent but selective governance have now become a bane to the Nation.

Whilst I am one of your most ardent supporter during your tenure as Prime Minister as the pros of your policies outweighed the cons, I still hold you responsible for the dire situation that this Country is in due the expected results of your need for political expediency and your hurry to uplift the Malays to the desired levels economically and professionally.

As most Malaysians I think will agree with me, we were and never will be against the need to have all Malaysians regardless of race and religion to share in the economic pie and to give leeway to the natives of this land in all areas including education and professional sectors, but this affirmative action policy was not translated to the capable candidates in the Malay community but was hijacked right under your nose wittingly or unwittingly by the UMNO and Barisan Nasional Community. If it was unwittingly, then I have to rethink about my thoughts on the competency of your governance but I doubt that because of my exposure to your hands on style of management, thus it could be only one reason, it was the "End Justifies The Means" approach in running this nation.

I will never give two cents worth to all the comments by the then opposition that you were corrupt but nevertheless it was your need to expeditiously achieve certain goals set by your own self that created a perception that you were ruthless, practiced cronyism and were insensitive to the other races.

Saying that, I thought it was disingenuous of you to blame Samy Vellu totally on the failings of the Indian Community because of lack of transparency by the then self centred MIC leader, because I had thought that you were the Prime Minister for all. All these throwing your former cabinet colleagues "under the bus" now was ideal for your nation and Bangsa building agenda during your time as the Prime Minister.

Nevertheless, I support you and your aspirations to correct your oversights of the inevitable destructive results as we all can see now but to call you a hero would be a bit far fetched. You are I sincerely believe a nation builder, you are a totally committed leader to this Country and its progress and most importantly a great leader whom recognizes the shortcomings of your 22 year governance and now have embarked on a "Slaying the Monsters" that were nurtured by your politics and "close One Eye" governance of this once progressive and unique Nation, who else better to be slayer than the person who intimately created these "Dodo Chickens".

If you fail to slay these creatures of your invention, the legacies left behind by you will not only be World Class infrastructure, airports and ports, a manufacturing based economy but the creation of Corrupt Politicians whom were in your cabinet and former Party, a Civil Service whom lack the Moral Courage to do the right thing for the sake of the nation, Enforcement Agencies that are lacking in the "Code of Honor" and a judiciary which is suspect.

The Rot did not start 15 years ago but more than 45 years of Barisan Nasional governance. Lee Kuan Yew must be laughing in his grave because he was absolutely right that divisive and race based politics will be the ruin of Malaysia. He was right when Religion is used as a political tool to instill fear on Malaysians, he was right when meritocracy is suppressed due to race politics and he was right when a nation fails to teach its citizens to work hard, learn and adapt it will be ruined by the same people who are indoctrinated with false threats of someone taking their cheese away.

In ending this jottings, I support Pakatan Harapan for the sole reason that you are leading it and the believe that you will not repeat history and have realized the follies of "False Supremacy"

Hidup Tun! Hidup Pakatan

Salam Yang Amat DiHormati dan DiSanjungi Tun,

- 1. Saya berdoa Tun menang besar di Langkawi pada 9 Mei 2018 nanti. Insya Allah.*
- 2. Tahun lepas saya bercuti di Langkawi. Keadaan di tempat-tempat tarikan pelancong amat menyedihkan (rosak teruk dan kotor) dan terbiar terutamanya fasiliti seperti tandas dan tempat mandi; contohnya Pulau Payar (Marine Park/ Coral Beach). Kami ke sana naik feri (dalam 150 orang) untuk aktiviti 'snokerling'. Peliknya majoriti pelancong ialah dari negara China Komunis (lebih separuh). Mereka kelihatan amat teruja!*
- 3. Benarkah 'cakap2' (sekadar bertanya; maaf jika tersilap) yang mengatakan bahawa China Komunis berminat untuk membeli tanah di Langkawi? Takkanlah penduduk Langkawi tidak gerun jika ini berlaku. Sudah ada tanah air kita dijual kepada China komunis dengan status HAK MILIK KEKAL oleh PM Najib & konco-konco. Mereka ini memang pengkhianat negara.*
- 4. Ya Allah, tolonglah bukakan pintu hati para pengundi Langkawi termasuk ahli akar umbi UMNO/BN untuk menolak BN dan mengundi Tun Mahathir sebagai wakil mereka di Parlimen. Amin...*

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Peace and Stability

In this final stretch of Election campaign, it is important that both parties discuss how they are going to assure the people the future peace and stability.

Without peace and stability, it doesn't matter which party runs the country and what improvement programs they could offer to the people. People cannot take it for granted

that just because we are living in peace today that we will forever enjoying the peace and harmony.

We have seen unrest in many countries whereby the people are killed and many are willing to risk their lives running away from their countries, becoming refugees in other countries.

When unrest happens, not just the poor people is suffering, the rich people will also equally suffer. Everything becomes worthless, the properties (houses, shops, land, plantations, factories etc), the currency will plunge, the millions that you have today may become a fraction of the values, the stocks market will crash and worse still it will take many years to rebuild the country.

The Pakatan Harapan is now running its election campaign to rule the country through coalition government, it is important that we understand its structure and the consequence it may bring to the lives of Malaysians.

Pakatan Harapan is new and its political structure weak. Weak in the sense (1) it is only formed recently, and (2) that any party within the coalition could pull out from the coalition at any time. We have seen PAS pulled out of the coalition in recent time. In fact, any party that is not happy or could not agree with the working and ideologies of the coalition, even after the general election, could pull out. Should Pakatan Harapan win and one of its component party pull out of the coalition, Malaysia will have a hang parliament with no government. What do we do if this happen?

Pakatan Harapan has chosen a top leader to be potential prime minister but it is done without full consensus or votes from all its members. The selection is done by their respective party leaderships. This certainly will be challenged by the members should Pakatan Harapan win the election.

In other countries, the leader of the biggest party in the Coalition Party is the top leader of the country ie the prime minister or the president of the country. Based on the existing number of parliament seats, DAP is the biggest party in Pakatan Harapan. Even though, the leaders of Pakatan Harapan agreed to let Tun Mahatir to be the interim Prime Minsiter should they win, as a coalition party that preaches fair, justice and equality, the members will demand the Pakatan Harapan to do what it preaches. That means the prime minister position shall always be the issue of contention that results in coalition party infighting. The ingredients for "infighting" within the coalition are already there in view of the past crashes between the leaders such as Lim Kit Siang.

Another major issue is Malaysia is an Islamic state under the existing Constitutions. The Prime Ministers of the past happened to have the same faith/religion consistent with the Constitution since Malaysia's Independence. In the scenario of Pakatan Harapan ruling the country, the future prime minister may be from a different faith/religion. From Constitution point of view, it will post a legal challenge. Another critical issue is whether the people (the rakyat) could accept such a change at the highest level? Maybe yes, maybe no, it is hard to foresee. From the past experience, we know that the people are extremely sensitive when it comes to faith and religion. We have already seen a major conflict between the people especially among the activists in a 2014 case regarding the issue of the word "Allah" in Bible. It is not hard to imagine if the issue of faith/religion happens at the top leadership level. We know all Malaysians want peace and stability so that everyone can live peacefully whether with or without prosperity is not important.

Therefore it is important that Pakatan Harapan address their coalition structure carefully and vigorously from the very beginning so that it doesn't create a crack that could potentially affect the peace and stability the Malaysians enjoy today.

As far as Barisan Nasional is concerned, there is no concern in term of its organization and political structure as it is already proven to bring peace and stability to Malaysians over the years.

Without Peace and Stability, we will lose everything that we have now, not just wealth or jobs but more importantly the freedom to move around safely. Let's not take our chances for the sake of ourselves and our children.

Dear Sir.

When you were the prime minister, I was very proud that you speak up to the world and especially the Americans. Your foresight for Malaysia, and particularly the Petronas Twin Towers, really get the world to know Malaysia. Tourists who have only a few hours in Kuala Lumpur (especially those that bought day tours from cruise ships that dock at Boustead Cruise Terminal in Port Klang) must make a stop and take a few

photos of the Twin Towers. Their children would not want to see anything else Kuala Lumpur has to offer except the Petronas Twin Towers.

But I also remembered saying to myself that one day you will "vomit blood" (please pardon my chinese idiom) in the future with some of the policies that you made. That future came a few years back and remains.

But you have seen your mistakes and had apologised. And now even with the long life our creator, our God has given you, you are using every drop of your energy to get the country back together again.

It is a great challenge for you to get all those opposition parties that opposed you before, to get them to work together for a better Malaysia under Pakatan Harapan. Their leaders had forgiven you, we have forgiven you.

I want to share a few thoughts with you, for the sake of not only my children but for all the children in Malaysia.

The rakyat is fed up of listening abt 1MDB, etc.

What we want now n questions asked is :

1) Najib as PM of Msia. Yet when he had meetings with the Chief Ministers of each state of the country, he did not invite the CMs of Penang, Kelantan & Selangor becoss they were from the opposition parties. After election, as an elected head leader of Malaysia n for the betterment of the rakyat, he should invite all the CMs regardless of which parties they are from and get both sides of the parties to work together. Instead whenever crisis happens in these opposition states, he will point his fingers at them. BN has been in power since the very beginning. How can he compare their mistakes of 10 yrs or so with BN 60yrs?

2) As a Muslim leader who prays 5 times a day n go to the mosque every Friday, how can he be quiet about the antics of that Jamal and that old soldier who gathered his buddies and did a show of their backsides like some small kids? And also the Red Shirt's unhealthy n racist activities trying to instigate disharmony among the people. His wife is the Patron of Permata, always talking about nurturing the child from young, yet they let these immoral guys who are racists and can get away with murder. Is this how a PM wants to nurture his rakyat, for the young people to follow in the footsteps of these rascals and think they can get away with punishments? We want to have good moral & principalities in our Prime Minister. Not one who play the racist game from between the 2 Malaysia separated by the South China Seas.

The kampung people have to wake up. They must not think that if their children learn the English lessons, they will lose their children. Look at all the Ministers who speak good English, look at successful Malays businessmen and women who speak good English. These are what PH should emphasise on now.

Their children in the rural areas should be given opportunities to become ministers too. In the last 20yrs how many Malay leaders n businessmen n women rose up from Malay kampungs?

If the Chinese and Indian children can learn to speak English and remain Chinese and Indian, what's the difference if the Malay children speak English? Will they turn to something else?

I have spoken to some nenek and atuk in the small towns. They went to English schools in their younger days. They are still very Malay, and even though they have forgotten how to speak English, the little they remembered, their pronunciations are superb!

We want to bring back the Malaysian-ness to the country.

Salam

Saya nak kongsi pengalaman sendiri, saya dan suami dapat kad peduli sihat 500 ringgit setahun, walau kami tinggal dikawasan elite, tapi kami berdua sudah tak bekerja. Approval tidak cepat dan dah dapat pun kami tak terburu2 guna. Kami akan gunakan pemberian ini bila sesak, almaklumlah kami berdua dah tidak bekerja lagi, macam2 pun boleh jadi.

We selalu pergi klinik kesihatan kerajaan for the free medication, however instead of 3 months supply, we only get 1 month supply, so kena ulang alik banyak kali. Ubat brand sering bertukar, if this month dapat brand ini, next month mungkin brand lain. Very confusing. And the new hospital in Section 7 Shah Alam not good, pekerja sana sort of diva, or rasa macam diva

For those yang berduit or ada insurance of course ada private hospitals such as KPJ, Darul Ehsan, and Columbia Asia.

Berbalik pada BR1M, setahu saya penerima bukan semua pengundi, ada yang masih bawah umur mengundi, ada yang layak tapi tak pernah mengundi.

Salam Tun dan semua penyokong PH

Pagi lagi saya ternampak kereta bawak bendera PH dalam Shah Alam.

Saya terus teringat pada peristiwa ini, bila mana nak sembur ubat nyamuk MBSA akan bawak kereta keliling kawasan dan buat announcement lebih kurang begini "INI MBSA, akan ada penyemburan ubat nyamuk, minta kerjasama dari penduduk untuk tutup makanan dan buka pintu pagar rumah". Annoucement ini diakhiri dengan ucapan terima kaseh atas kerjasama.

Saya rasa kereta2 bawa bendera PH patut juga buat sama seperti diatas, dimana nama2 calun dikawasan tersebut di sebut dengan jelas, dengan santun dan diakhiri dengan ucapan terima kasih.

My pandangan sebagai rakyat biasa dan pengundi biasa untuk parti pilihan saya kali ini PH.

Robert dont have to be a economist or banker or scientist or clerk. It is ok. He can be anything and he is still entitled to write or say what he think and feel. Wisdom don't need certification. Certification and profession is for other purposes in life.

In life everything and anything is a possible. There is many paths to a single destination. There is no such thing as best or better path in life. All are the same. My opinions, your opinions, his opinions and her opinions are all just opinions. Opinions dont have to be right or wrong and good or bad. Dont take our opinion too strongly and life will be blissful and beautiful.

Assalamualaikum Tun,

When you embark on this Save Malaysia mission you knew you would be the main target, you knew umnoMalays will attack you from all corners but did they succeed, have you fallen? No, Tun is still standing tall, Alhamdulillah.

Very unfortunate for Malaysia, a great number of these Malay leaders when they're in a powerful party for too long they developed this toxic attitude towards those who question the ill-failed system in the government. Who corrupted the government? Who were in power for 60 years? These leaders do not want to face and accept the problems that they themselves created, but instead pushed further into the shadows, it will be harder to solve them. Now it's too late for them to solve anything because they are bonded by the mighty cash is king.

Tun is called the butcher, tyrant, cruel, delusional old man. These are all names the media and umnoBn politicians heaped on Tun. Tun is now the top villain. But compared to the lies and thieving and secrecy behind the 1MDB financial scandals with its complicated transactions and the pak arab "donation", what comes out from the mouth of this old man makes more sense than the silly childish condemnations and attacks from MO1's "useful idiots".

The umnoBn propaganda efforts to tarnish Tun is having a very difficult time, even with the help of the round white moon. UmnoBn hate campaigns against Tun and friends will backfired. What the people want to hear is a mature debate to burst their minds that have been dormant for long, far too too long, only to accept and accept without question even if it is wrong and blasphemous.

Because of his great love to this country, this 93 year old man will go down in history as the first great statesman who miraculously unite parties who once opposed him to be under one flagship on the greatest mission of all time ie to Save Malaysia from

being bashed and smeared further down the drain by MO1's corrupted and arrogant style of government. Do we want to stand still and just watch they corrupted our country further more? Something must change, something bold must be done. Use our power this coming 9th May to achieve that change for us so we can be proud to be called Malaysian again.

Alhamdulillah, Tun, beloved wife and crew are still safe and alive today. Did any of them said Alhamdulillah Tun and all the people on board the jet are safe and sound? Why did they make a mockery of Tun's life? Why did the religious president of pas poke fun at Tun's life? Even an entry to a kubur is blocked by the pious people who are so sure of guarantee a stairway to heaven. Are they a revengeful lot? They do not reflect what they preach, Islam is the way of life. That was a very sad event for all Muslims.

May Allah bless Tun always and give you great wealth in health and knowledge. Please Tun take extra care and precautions in your safety. Victory will be ours, the people of Malaysia, InsyAllah.

Assalamualaikum wbt Tun

Rafidah sudah mula bersuara dan gaya pidatonya adalah Rafidah. In Shaa Allah dia akan dapat lebih membantu kemaraan PH.

(2) Now Rais Yatim juga sudah terpalit. Syukur. Dia In Shaa Allah juga akan dapat membantu kemaraan PH. Tun, harus segera dapatkan dia utk bersama di pentas2 PH.

(3) Nik Omar kelihatan simple but cukup berkesan. Jika dia dapat digerakkan penuh di Kelantan, Selangor n Trengganu, In Shaa Allah kemaraan PH akan jadi lebih hebat. Nik Omar boleh neutralise PAS.

(4) Tun telah memohon maaf atas peristiwa Memali. To me, orang Memali itu satu hal. At this juncture, permohonan maaf Tun harus Musa Hitam sambut dgn penuh kelapangan. At least now, dia boleh berkata, Memali adalah tanggungjwb bersama Tun dan dia. Bukan dia keseorangan dlm menangani kes tersebut. For the matter, atas kesanggupan Tun utk "tunduk", Musa Hitam harus now berani keluar dan nyatakan secara jelas apa pandangan dia tentang Negara ini di bawah Najib MO1 yg sedikit dia pernah tulis dlm Frankly Speakingnya. TS Muhhyiddin Yasin mungkin boleh mengurus

utk membawa Musa Hitam ke gelanggang Selamatkan Msia. Great to see Musa Hitam punya "gentlemanship". Let go for the good of the Nation rather self ego @ pride yet the Nation goes down the drain...

(5) Nik Omar, Daim Zainuddin, Rafidah Aziz, Rais Yatim n Musa Hitam jika mereka dapat bergerak bersama sebagai pendokong PH, In Shaa Allah Melayu akan bangkit secara besar2an utk tinggalkan UMNO n PAS.

Selamat maju jaya PH n Tun.

Dear Tun Dr. Mahathir,
Please allow me to respond to @uipnky.
Subject: BR1M
I refer PH manifesto;

<https://www.keadilanrakyat.org/index.php/bukuharapan/>

Buku Harapan merupakan janji yang berasaskan lima teras utama terdiri daripada Teras 1: Meringankan bebanan kehidupan rakyat. Janji 3: Berkongsi kekayaan Negara secara bersasar Kekayaan negara kini dibolot dengan rakus oleh beberapa kerat pemimpin politik, isteri, dan anak-anakmereka. Mereka hidup mewah dan boros, tatkala rakyat sengsara menanggung kos sara hidup seharian. Kerajaan Pakatan Harapan akan memastikan kekayaan negara boleh dikongsi bersama oleh warga Bumiputera dan semua rakyat Malaysia yang pelbagai kaum dan agama, termasuklah golongan yang memerlukan di kalangan kaum India dan Orang Asal. Mereka yang layak menerima BR1M akan terus menerima bantuan dan proses

pembayaran akan dipastikan bebas daripada diskriminasi atau pengaruh politik kepartian.

Kerajaan Pakatan Harapan akan memperbaiki sistem ini agar pengurusan dan pemberiannya lebih setara.

Dear@unipnky,

I quote what written by you, "Now that Pakatan Harapan has shown it is against the BR1M and the BR1M will likely to be abolished if Pakatan Harapan wins. I would urge all BR1M beneficiaries to stand up to protect their lives by not giving the Pakatan Harapan any vote."

Saudara @unipnky it is a sin to tell lies, would you like to make an apology and next time read first before you make a fool out of yourself.

You have every right to question Mr. Mokhzani Mahathir wealth or report to MACC to investigate his wealth. But please do also report where MO1 got his wealth?

<https://www.asiasentinel.com/politics/irate-najib-brothers-dispute-family-wealth/>

Or where Tun Abdullah Badawi's son-in-law Khairy Jamaluddin got his wealth

<http://www.newmandala.org/malaysias-mr-clean/>

<https://www.youtube.com/watch?v=ixlbB9VAeNM>

KJ Rasuah ! KJ Rasuah !

Or where Ketua Umno Sungai Besar Datuk Seri Jamal Md Yunos got his wealth?

<http://www.freemalysiatoday.com/category/bahasa/2018/05/02/jamal-konsert-hadiah-tak-guna-duit-bn/>

<http://www.freemalysiatoday.com/category/bahasa/2018/05/02/jamal-konsert-hadiah-tak-guna-duit-bn/>

Can MO1, Jamal and KJ said, "We can feel great with our own hard-earned money. That is what's important."

Malaysia future is in the hand of youths. But if we have the Federal Minister of Youth and Sports, Khairy Jamaluddin, aka KJ, the MP for Rembau, went to Oxford, where he read Philosophy, Politics and Economics (PPE), in a speech for GE-14, he told Malaysian youths, who wanted to start a family, that if they wanted more handouts, they should have more children. What future does Malaysia have if our most well educated Minister of Youth can only offer more handouts?

of Youth can only offer more handouts?

<https://www.mariammokhtar.com/did-oxford-university-teach-students-to-be-dependent-on-handouts-khairy/>

<https://www.mariammokhtar.com/did-oxford-university-teach-students-to-be-dependent-on-handouts-khairy/>

Let's not pretend the BN's policy to spread malicious lies and hatred so that BN can divide and rule? Deliberately did not provide your people (UMNO supporters in rural base area) with proper infrastructure, opportunity, skill upgrading, training, finance, education and values so that they can stand on their own feet and think critically. But

had to continue support BN and depend on MO1 so called kind hearted and thoughtful handout to lesser their burden and supplement their poor income?

http://www.malaysianbar.org.my/echoes_of_the_past/tun_dr_mahathir_mohamad_1981_2003_father_of_modernisation.html?date=2016-04-01

But for a man who actually changed time, nothing was impossible for Dr M, and Malaysians owe him a great deal for putting our tiny dot of a nation on the world map. It was his persistence that helped propel the country to become among the fastest developing nations. He earned the nickname Bapa Wawasan (Father of Vision), an allusion to his vision of making Malaysia a developed nation by 2020. "Dr M demanded a lot from others but much more of himself. Failure was not an option," says a former aide. His dressing down of the Malays for being dependent on "crutches" and not being competitive enough in an era of globalisation was an annual tirade at Umno general assemblies.

True, he did things his way, making unpopular decisions without any apologies, but critics eventually agreed his decisions were right.

Tun Dr. Mahathir extolled the virtues of hard-work and nothing is impossible if you put your heart and soul into it. He lead by example and for 22 years did not imposed GST or given BR1M handout and yet able to manage Malaysia economy quite well and Malaysians have a reasonable comfortable life. In less than 10 years of MO1 our national debt is now MYR 638,155,043,000 and counting. And many people had to hold multiple jobs just to earn enough income to provide for basic needs.

<https://www.nationaldebtclocks.org/debtclock/malaysia>

Dear UMNO members,
Just take a reality check; is UMNO today the same UMNO under Tun Dr, Mahathir? Are you still feeling proud to be identified as UMNO member?

<https://www.malaysiakini.com/columns/405079>

I miss the old Umno general assembly. As much as the new premier tries his very best to paint himself as the saviour of the country, I honestly cannot even make myself watch his entire speech without cringing. And if Umno does rule Malaysia for another 1,000 years as stated by Najib, I do hope that at least the Almighty would bless us with someone who has at least half of Mahathir's persona.

<https://www.thestar.com.my/news/nation/2003/06/20/full-text-of-dr-mahathirs-speech/>

<https://www.nst.com.my/news/2016/12/193667/umno-general-assembly-policy-speech-umno-president-najib>

<https://www.mariammokhtar.com/the-class-dunce-and-top-prize-for-sycophancy-in-todays-umno-baru-ga-goes-to/>

Moral: The Malays do NOT need Umno-Baru, because Umno-Baru destroys Malays and Islam.

On 9th May 2018 GE14, Malaysians will decide. My hope is that we will see a new dawn and the beginning of new era of reform, rebuild and set our beloved Malaysia on a course towards unity, justice and prosperity.

Yours
SS LEE

truly,

Mungkin terlalu sebak mengurus persiapan nak pindah rumah. Atau mungkin menerima nasihat2 dari pegawai2 peribadi bahawa kemunculannya dikhalayak ramai adalah satu liability besar utk UMNO/BN. Atau diatas kedua2 sebab tersebut.

Yes Robert Tun should talk on subject that matters rather than just winning over one person. The era of questioning and thinking are here and winning just because of one person ego, goals, intentions and emotions are no more important and relevant. Yes it has to be about living free from fear. Lecturer Dr Azmi Sharom Taman SEA Ceramah is an eye opener to many including me. Dr. Azmi talk about what matters to everyone now and future. Yes Gen-Y are the future and they are more into facts, constructive and freedom systems.

Yes HBT456 can forgive but dont have to forget. By forgetting means we are not learners.

Tinggal beberapa hari untuk kita keluar mengundi, sayang sekali logo PH amatlah berkurangan ditepi jalan walau saya tinggal di Selangor bukan kawasan BN. Logo BN terlampau banyak merata tempat, macam confident sangat mereka dah tawan Selangor balik.

Walau apa pun rintangan, kawan-kawan mesti beritahu kawan2 yang lain logo dan banner PH, biru mata tu, beritahu kawan2 pangkah PH dan jangan lupa pakai pakaian sopan macam you nak masuk Jabatan Agama Islam masa mengundi nanti.

Tidak ada undang2 seperti itu dulu, tapi sejak EC dah masuk Hall of Shame apa2 also can jadi

How to bring back the Golden years of the 90s where people have enough income to pay for daily expenses, House loan, Car loan can be provided easier back then.

Pls focus on the benefits the rakyat will receive if Harrapan comes into power.

Salam Yang Amat DiHormati dan DiSanjungi Tun,

Mohon izin Tun untuk berbicara dengan pengkomen 'Huda' (huda May 5,2018 12:17 AM):

Anda tulis:

"Sudah-sudahlah Tun menghasut. Cukup-cukuplah tanam perasaan benci rakyat pada pemerintah.

Sepatutnya Tun kesian pada mereka. Hidup dalam kebencian. Dah macam orang orang gila. Buktinya Tun baca komen-komen peminat setia Tun disini. Contoh: Hajar"

- 1. Persoalannya, waras sangatkah anda?*
- 2. Panas bontot nampaknya. Nampak sangat anda penyokong tegar PAS/BN.*
- 3. Anda tuduh orang lain tidak ikut agama (boleh tengok balik komen terdahulu anda), tetapi adakah anda ikut saranan agama Islam dalam memilih pemimpin? Berhujah dengan golongan anti-hadith pun anda nampak tidak cerdas (rujuk artikel 'Kassim Ahmad').*
- 4. Anda pun sama dengan Hj. Hadi sebab bersifat hipokrit @ munafik.*
- 5. Sudah-sudahlah memberi komen dangkal @ bodoh di sini. Pergilah ke laman web pro-Najib atau PAS jika membuak keinginan untuk menunjuk sokongan terhadap mereka.*
- 6. Ha..ha...ha.. Anda tuduh saya (kami), "Dah macam orang orang gila"...Atau anda bercakap tentang diri sendiri?. Biasalah orang yang tidak waras mana pernah mengaku.*
- 7. Meluat saya melihat segala bentuk iklan yang memuji-muji PM Najib @ Ah Jib Gor di TV. Ibarat "masuk bakul angkat sendiri", tetapi pencapaian hampeh. Tetapi inilah pemerintah pujaan pengkomen 'Huda' (yang sentiasa menuduh Tun M menghasut rakyat).*

8. Kalau BN menang pada PRU14, kita sedia maklum ada banyak perkara yang rejim Najib buat yang melanggar etika dan undang-undang (salah guna kuasa/ merasuah). Namun, saya secara peribadi tidaklah pula teringin untuk 'meragam' kalau BN menang – turun berdemonstrasi pun saya tidak pernah lakukan. So 'Huda', please stop giving stupid advice here...

9. I'm just wasting my time dealing with someone like you (but you mentioned my name). Whatever you have written so far showed how shallow your mind is. Kesian...

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Yes HBT456, the opposite of love is hate to some people
Yes Love too much is attachment, compulsion and opinionated and they are dangerous.

Yes Subscription to false love or false compassion is inviting disaster to happen.
Universal Love is to have loving and caring feeling or intention for all things on earth without prejudice.

Yes everyone can made mistakes and should be allowed to correct it.

Yes nationalism is to care for the well-being of the country and all its citizens not only to specific group or groups.

Yes Rukun Tetangga should be only about about:-
KESETIAAN KEPADA NEGARA
KELUHURAN PERLEMBAGAAN
KEDAULATAN UNDANG-UNDANG
KESOPANAN DAN KESUSILAN

More stable statement

Yes Rukun Tetangga SHOULD NOT be about:-
KEPERCAYAAN KEPADA TUHAN
KESETIAAN KEPADA RAJA

Unstable statement:-

Tuhan is subjective and can cause separation and disunity.
Because Raja can change due to death and the next Raja may not be a good one (Blind following).

In Parit Sakai, elderly Malay uncle donates crumpled savings to back DAP campaign

KUALA LUMPUR, May 4 — Heroes do not always wear a cape; sometimes, they are clad in baju Melayu with a kopiah on their head.

An unnamed resident of Parit Sakai in Muar, Johor donated a bulk of his savings to support the candidate that he believes in.

Last night, an elderly uncle handed over his crumpled savings, amounting to RM500, to an Opposition candidate for Bakri parliamentary, Yeo Bee Yin, after a ceramah there.

In a Facebook post, the DAP hopeful said she was approached by a Malay uncle who handed her a few worn-out and folded RM50 notes in a green envelope to be donated to the party.

"I was shocked because Parit Sakai is a modest area and a RM500 donation for a political cause is such a big contribution. Because I was so shocked, I did not even respond properly. I just thanked him a couple of times.

"When we opened the packet, I was so touched by the condition of the notes.

The notes do not look like they were recently withdrawn from the bank but were folded, giving the impression that they were a part of his savings," she said. Parit Sakai is a small Malay-dominated village in the district of Muar and sits approximately 5km from the city centre.

Yeo, however, expressed regret for not being able to get more details of the good Samaritan.

"I am sorry pakcik, I forgot to get your name, and I could not even see your face properly because of the poor lighting at the ceramah. I hope this message gets to you, somehow.

"Pakatan's election team in Bakri will put your kind contribution to good use to ensure we emerge victorious on May 9. I will always remember your kindness," she said.

The post has since been shared over 7,000 times and received over 19,000 reactions from Facebook users.

User Evelyn Tan commended the uncle's contribution saying: "I'm just so touched to see us all United again! For our Malaysia, that is clean and makmur (prosperous), supposed to be and will be great again!"

BR1M

Mokhzani Mahathir on BR1M, at a ceramah in Felda Sungai Tiang, Pendang, on 3 May 2018

"We can be proud and be like champions when we are rich. We can feel great with our own hard-earned money. That is what's important. It is not about people giving us money so we can survive. That is not greatness."

Mr Mokhzani,

We know you are the billionaire son of Tun Mahathir. How you earned your billions, actually is not our business. Only you, your family and some of the people in your circle know how you accumulate your billions, period. Whether your billions are hard-earned or very easily made, only you know it !

But being rich and politically connected does not mean you have the right to say things that hurt the feelings of the poor Malaysians.

Did you say what you said because you know there are millions of Malaysians depending on BR1M handouts to survive and by making these people feeling lousy of the BR1M handouts, you hope they will vote for your party ? You can try harder like Anwar's cronyism fight to dislodge your father some time back. You were at Pakatan Harapan (PH) party ceramah giving this arrogant speech and the leadership of PH obviously and certainly knew what you were talking about.

If that is the intention of you and Pakatan Harapan, then I am sure the millions of BR1M beneficiaries will stand up and make sure Pakatan Harapan gets what it deserves on 9th May for hurting the people's feelings and dignities. They will make sure no vote for Pakatan Harapan for their stupidity and lack of humanity.

Politicians and political cronies do not understand BR1M because they do not know about the people and their lives especially the poor, the weak, the unhealthy and the

old people. This unfortunate group of people will never benefit from the economic growth.

It is very easy for Mr Mokhzani to use the word "earn" or "hard-earned" because he is millions times more fortunate than many of the BR1M beneficiaries. Mr Mokhzani forgets or does not want to know in our society there are people who cannot work because of their health issues, people who could only lie on the beds or with serious mobility problems, who have diseases that prevent them from getting a job. How about those who are as old as Tun Mahathir, those who are too old to be employed by the employers? Even you ask them to come to your office to collect cash everyday also they won't be able to make it. How about those whom the husbands or wives no longer around to support the families and yet they need to take care of the young children or the ageing parents. The list of these unfortunate people is long and many people are in different circumstances. Certainly, these people will not benefit regardless of economic growth and it does not matter who runs the country. Even for people who are employed, some still need help because they do not earn enough due to shortage of work or their commitment to the family etc. Not everyone can be a successful businessman or professional or administrator with high incomes, some could only find part time or odd jobs.

The rich people may think BR1M is a small amount of money for each beneficiary. That only shows that the rich do not understand the poor people's lives. Every cent counts. Until you are poor, you do not know how the poor survive or how they live their lives. Some survive on slices of breads or half a bowl of plain rice or pieces of snacks and so forth daily.

Therefore, the BR1M is the savior for these people, the unfortunate group in the Malaysia society.

Today we begin to see the rich-and-poor gap becoming bigger in any part of the world. The rich is becoming richer, like Mr Mokhzani, in billions and the poor continue to earn hundreds of dollars per month.

Everywhere in the world, the responsible governments are giving assistance to the poor or unfortunate group in some form of handouts. Even our neighbor Singapore is doing the same.

Therefore any politician who says BR1M is a scheme to "buy votes" is just irresponsible, shallow thinking, and selfish. I would even label them as dangerous and cunning politicians because they play with people's lives.

Now that Pakatan Harapan has shown it is against the BR1M and the BR1M will likely to be abolished if Pakatan Harapan wins. I would urge all BR1M beneficiaries to stand up to protect their lives by not giving the Pakatan Harapan any vote. Do not believe what Pakatan Harapan promise you cause you may ruin your lives by their promises. If they are good hearted people, surely they won't hurt your feelings today. Today they are using rhetoric like BREXIT to lead people to false hope that the Britsih are regretting now.

I propose BN to make BR1M as main election issue or the referendum to the people to choose between BN and PH. (PH basically has no hearts for the people but only for themselves as already shown.

Yes, we're tired of the bribery when the condition of the country is deteriorating. Money is wasted when it should be used for the country and the rakyat- budgets cuts in education and health. The rakyat is crippled with these cuts. It is difficult to get placements in university for further education especially in postgraduate studies in medicine for our specialities due to budget cuts. So less medical specialists being born. As for health, many hospitals are under fire due to budget cuts. Medical supplies are limited. We have to choose our patients and the treatment\$\$ they get. Some medicines and investigations have become off-limits. It is disheartening to see these things happening when we have no power over it. Many hospitals are being built, with no proper plan and layout. Many came with a couple of yrs contract to the cronies- getting faulty equipments, the building plan was not properly done, measurements were off and etc. Staffs undershortage. When there is understaff, the care of patient is substandard and staffs became burnout. This is a hospital where proper care should be given and staff should be adequate. We shouldn't cut corners just so the cronies get the money for every hospital built. The public doesn't know this and think it is the fault of the hospital management, when clearly the fault is from the higher ups. Please please please look into this matter before more hospitals and healthcare buildings are being built and care of patients are being jeopardize and staff are leaving because they came under fire when the fault is not theirs. We're stuck with equipments that are not functioning properly due to a contract being made when the hospitals are

built. The criteria of these equipments are not even close to the ones we have asked for- the ones we normally use. Now the cost of maintenance is a burden as we're unable to replace it due to limited budget.

Salam Tun dan semua penyokong PH

Saya membaca ini di aliran, saya kongsi serba sedikit disini

Corruption, disregard for clean, fair elections dominate electoral Hall of Shame

This new line-up of 10 inductees into the general election Hall of Shame, the last to be issued for the week preceding polling day, listed in no specific order, are selected from over 400 verified reports, spanning electoral offences and unfair practices on nomination day, the issuance of postal ballots and one week into the campaign period.

The 10 inductees are listed as below:

(5-Star Award of Shame) Hashim Abdullah, chairman of the Electoral Commission: For the failure to uphold the basic constitutional right of candidates to run in the election through the arbitrary, unfair and unlawful disqualification of PKR candidate for the Batu parliament constituency (Tian Chua) and the prevention of the PKR candidate for the Rantau state assembly constituency (Dr S Streram) from filing his nomination papers.

Najib Razak of BN: On 26 April, the caretaker prime minister and Pekan candidate announced a special incentive of RM500 to all 60,000 DRB-Hicom staff, which would cost RM30m of taxpayers' money, despite DRB-Hicom not being a government department but a government-linked company.

Jamal Yunos of BN: For promising fishermen a reward of RM2,000 if they give their vote to BN and for giving out RM25,000 in a lucky draw to a voter in Sekinchan on 30 April. Even though Jamal tried to justify the payment as a wage and not bribery, this is simply an attempt to whitewash and a clear offence under the Election Offences Act.

Kedah Rela director Ahmad Abdul Wahab: For speaking to a crowd of Rela officers in support of BN at a BN campaign event on 1 May, thereby showcasing the biased behaviour of public officials.

Community Development Department (Kemas): For organising several campaign events for Barisan Nasional throughout the country despite being a government agency. This is a clear abuse and misuse of government machinery and assets.

Pas and BN polling agents in Tapah: For violating the secrecy of votes (thereby breaching Section 5(6)(b) of the Election Offences Act by listing down postal ballot paper serial numbers next to the name of the postal voter on 30 April 2018, which carries a punishment of imprisonment for a term not exceeding one year or of a fine not exceeding RM3,000 or both.

Malaysian Youth Council (MBM) and accredited election observers: For organising an event promoting BN politicians in Negeri Sembilan on 1 May, which amounts to biased behaviour by electoral observers appointed by the Electoral Commission. MBM should be removed from the Electoral Commission's list of official election observers.

Ramlee Marhaban of BN: For using cash to win votes in Semporna, which he openly and unashamedly disclosed in an interview with The Star newspaper on 30 April.

Chan Quin Er of BN: For treating of food to about 600 people in a local community estimated to have cost RM30,000. The event was held in SJK Choong Wen in the Seputeh parliamentary constituency, which is another case of abuse of government assets for election campaigning by a political party. Furthermore, the school is also one of the polling stations, and it is an election offence to display campaign materials within a distance of 50 metres from any polling station during the campaign period.

BN's nationwide treating campaigns: Candidates under BN have been frequently observed to have employed treating strategies to win votes such as 'Isi Minyak Percuma', 'Cermin Mata Percuma' and 'Jualan Sentuhan Rakyat' on a big scale nationwide.

Salam Tun

PRU 14 tinggal 4 hari. PRU kali ini saya akui debarannya.

Jika Harapan menang, sejarah tercipta bekas perdana menteri kembali beraksi.

Jika BN masih memerintah terimalah dengan hati yang terbuka. Biar mereka buat kerja mereka.

Sudah-sudahlah Tun menghasut. Cukup-cukuplah tanam perasaan benci rakyat pada pemerintah.

Sepatutnya Tun kesian pada mereka. Hidup dalam kebencian. Dah macam orang orang gila. Buktinya Tun baca komen-komen peminat setia Tun disini. Contoh:

Hajar

Tun,

Hadirin yang ramai di ceramah anjuran pembangkang tidak membayangkan kemenangan Harapan.

Lihat Reformasi dulu. Ramai juga. Tapi kalah.

Orang yang bersifat menentang semangat mereka lain. Mereka rajin turun padang. Ini berbeza dengan pihak yang lagi satu. Mereka cool and steady.

Maka, jika kalah mohan jangan meragam. Memfitnah sana sini. Kata SPR tipu. Mohon jangan porak perandakan negara.

Akhir

Jika

HARAPAN

kekal

harapan.

kata,

Bertaballah

Salam Yang Amat DiHormati dan DiSanjungi Tun,

- 1. PAS wajar ditolak oleh para pengundi pada PRU14 kerana pemimpin2 nya bersikap hipokrit @ munafiq.*
- 2. Undi PAS bermakna undi BN @ Si PM Kleptokrat yang ada rekod menyonglap wang rakyat (pecah amanah), menyalahguna kuasa, dan giat merasuah rakyat.*
- 3. Dulu Hj. Hadi kafirkan UMNO (dan umat Islam lain yang tidak menyokong PAS) dalam amanat beliau. Sekarang agaknya dia sudah hilang ingatan tentang amanat sesat beliau, dan bersekongkol pula dengan PM Najib @ Ah Jib Gor (UMNO / Kerajaan BN).*
- 4. Tentang isu Memali, fakta nya ialah ahli-ahli PAS yang mula menyerang Polis. Takkanlah pihak Polis diam (tunggu mati) saja walaupun sudah ada Polis yang dibunuh.*
- 5. Dakwaan PAS bahawa ahli2 PAS yang terbunuh sebagai mati syahid cuma andaian mereka saja sebab mereka sudah membuat andaian yang Kerajaan BN/UMNO kafir, dan mesti diperangi. Orang bodoh saja yang percaya. Perumpamaan atau simpulan bahasa 'mati katak' bunyinya kasar, tetapi maknanya mudah saja iaitu 'mati sia-sia' (saya tidak nampak kesalahan dalam penggunaan perumpamaan ini oleh Tun; namun Tun sudah minta maaf; sikap terpuji).*
- 6. Menuduh dan menggelar orang Islam lain sebagai KAFIR (kerana berlainan fahaman politik) lebih serius kesannya sehingga membawa kepada peristiwa Memali (pembunuhan – akibat fitnah amanat Hj. Hadi), tetapi pernahkah Hj. Hadi bertaubat dan memohon maaf kepada pihak-pihak yang beliau fitnah dan zalimi? Jawapannya, TIDAK. Persoalannya, bila Hj. Hadi mahu minta maaf?*

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Salam Tun.

1. Mohon jasa Tun mengguna block 'chedet' utk meluahkan rasa terkilan terhadap Menteri Komunikasi atau Kementerian Komunikasi kerana telah 'block' laman sesawang milik saudara Hishamuddin Rais.

2. Bila rakyat Malaysia telah membanjiri setiap rapat umum anjuran Pakatan Harapan atau menyokong parti pembangkang bermakna fakta-fakta kesalahan seperti 1MDB telah sampai ke pengetahuan rakyat.

3. Selain 'chedet' saudara Hishamuddin Rais dengan 'block'nya adalah satu-satunya mengkhabarkan berita-berita yang tidak di ketahui rakyat umum kursusya berita yang terjadi di luar negara Malaysia.

4. Rimba Emas membantah atas pengharaman block milik Tuan Hishamuddin Rais. Ini adalah satu bentuk sabotaj atau usaha-usaha penipuan melindungi perbuatan salah menjelang pilihanraya 9 Mei nanti.

5. Justeru sebagai tanda menghormati usaha-usaha untuk mendedahkan kesalahan dari laman sesawang. Maka dengan ini kita rakyat harus keluar mengundi dan memangkah LOGO PKR demi perubahan pemerintah sekarang kepada Pakatan Harapan.

For a 93 year old former prime minister choosing to spend his time to champion against the destruction of a once great country, there must be something worthwhile to consider. He has nothing else to proved. He has achieved so much. But yet, this old man spends his time day and night on campaign trails with much gusto shaming men half his age. We must admire this old man, a true patriot. Semoga Allah panjangkan usia Tun. Semoga Tun boleh selamatkan bumi Malaysia yang tercinta ini, a second time around. On 9th May, I will cast my vote, i know what I must do.

Dear Tun Dr. Mahathir,
Please allow me to repost blog posting I posted in i3 investor.
Title: GE14: 1999.99 is not less than 2000?? : 26-9=15???

https://klse.i3investor.com/blogs/Sslee_blog/155784.jsp

Let's all of us learn some primary School Mathematic Objective questions:
Please select your answers: A. 2000.00: B. 2000.01: C 1999.99
Q1. More (>) than 2000? Answer B. 2000.01
Q2. More or equal (> OR =) to 2000? Answers A. 2000.00 and B. 2000.01
Q3. Not more (NOT >) than 2000? Answer. C.1999.99 (Not>) mean Less (<)
Q4. Less than (<) 2000? Answer C.1999.99
Q5. Less or equal (< OR =) to 2000. Answer A.2000.00 and C. 1999.99
Q6. Not less (NOT<) than 2000????

<https://www.thestar.com.my/news/nation/2018/05/03/high-court-sets-friday-for-decision-on-tian-chua-disqualification-suit/>

On April 28, Chua's nomination was rejected by Anwar, who said he was advised by the EC to disqualify the nomination due to the RM2, 000 fine imposed in a 2017 court case. The decision to disqualify Chua was made according to Section 7(1) (c) of the Elections (Conduct of Elections) Regulations 1981, read together with Article 48(1) (e). Anwar read the law which stated "not less than RM2,000" to mean Chua would only be qualified to contest should the fine be RM1,999.99 or less.

So which answer is correct for Q6?
A. 1999.99 is not less (NOT <) than 2000?
B. 2000.01 is not less (NOT<) than 2000?

C. 2000.00 is not less (NOT<) than 2000?
 Let us re-phase NOT less (NOT)
 So again which answers is correct?
 A. 1999.99 is more (>) than 2000?
 B. 2000.01 is more (>) than 2000?
 C. 2000.00 is more (>) than 2000?

Ask your primary school children which of the above three answers is correct?

<https://www.youtube.com/watch?v=0DUPWCVhluo>

<http://dinturtle.blogspot.com/2015/10/kalau-26-915-baik-berhentilah-jadi.html>

<https://www.nationaldebtclocks.org/debtclock/malaysia>

26-9=15? No wonder you screw up 1MDB big time and Malaysia National debt now is RM 637,168,350,000 and counting. You had imposed GST to all Malaysians to save yourself and cover your mismanagement. Or perhaps you unconsciously remember the so called Arab's donation of RM 2 billion in your personal account that you would like to use it to cover the RM 2 billion shortfall.

Have our education failed us so badly or we have failed our education? I refer below link and make your own judgment the answer to above question.

<http://chedet.cc/?p=2387#comment-136954>

2. In which school did you learn your mathematics that you cannot even do addition and subtraction? (26-9=15?) No wonder you never able to meet budget target and the Auditor General Audit reports year in and year out the sum did not add up.

For those afraid of change due to various kinds of fears and racist propoganda stoked by BN of another 13 May 1969 racial riot, please read the below link: Why Tun Dr. Mahathir?

<https://aliran.com/aliran-csi/why-dr-mahathir/>

Mahathir solves Pakatan's lack of credible leader at the centre The Opposition's campaign to take over Putrajaya in the 2008 and 2013 general elections had been handicapped not only by the 'zero-experience-in-governing' factor, but by the popular impression that it had no credible leader acceptable to all races and religions to become prime minister.

Mahathir attracts Malay support from traditional Umno constituents Another factor explaining Why Dr Mahathir? is because he would be able to assist Pakatan Harapan in reaching out to specific Malay groups, hitherto considered as part of Umno's traditional supporters. Evidently, many former civil servants and veterans

who previously served in the police and military, as exemplified by the Persatuan Patriot Kebangsaan, have rallied behind the Opposition as never before. This is due to the Mahathir pull factor.

Uncertainties after polls? (Mahathir provide stability after polls.) There is a final reason why Mahathir's leadership of the Opposition might prove critical. Malaysia has never experienced a change of government at the centre. How might the security forces and police react upon defeat of Umno-BN and Najib? More than any other leader, Mahathir will have the wherewithal to persuade the security forces to remain within the barracks. Already, he has reminded the military and police top brass that their loyalty is to the king and country, not to the prime minister and the Umno-BN government of the day.

Conclusion:

There is a clear choice between Umno-BN and Pakatan Harapan. Various kinds of fears and racist propaganda have been stoked to undermine the call for change. With Mahathir as Pakatan's candidate for seventh prime minister, many of these claims ring hollow. With his ability to tap into Umno's traditional sources of support, like the veterans, retired civil servant and FELDA settlers, more Malays, not just non-Malays and urban-based educated Malays, will push for change. With Mahathir in charge, the takeover of Putrajaya by a new government, which is unprecedented, promises to be smoother.

For whom still living/dwell in unforgiving and sorrow past. Perhaps the below link will be of some helps:

In fact, there is an important lesson here for the young, as well as others who have suffered at the hands of Mahathir. Are we able to open our hearts and be magnanimous – like Anwar, Wan Azizah and Nurul Izzah – to set aside the past, in order to move forward together, for the sake of the country we all love.

For whom accused PH supporters of our persistence, un-waving and un-tiring efforts of getting Malaysians to vote for PH as "Can't accept different views and My WAY is the only right way." Perhaps below link will be of some helps in understanding us:

By now all right-minded Malaysians knew that the GE13 was stolen from us by the corrupt money from MO1. Tun had pre-warned "HOW NAJIB PLANS TO WIN"

<http://chedet.cc/?p=2555>

<http://chedet.cc/?p=2549>

<http://chedet.cc/?p=2522>

It is my understanding that this time around our chance of winning will be very much tougher because by hook and most certainly by crook MO1 must win. Hence every one of us needs to stand behind Tun and unite as one to vote out the corrupted MO1 and his decadent, Kleptocratic Government. Every vote counts and every vote does matter, so! I beg you all true Malaysian to please turn out and cast your vote; else GE14 will be stolen from us yet again. Our motto: "It is either NOW or NEVER." Another 5 years under MO1 will be too late to save our beloved Malaysia!

For whom still undecided fence sitters. Perhaps the below link will be of some helps for you to make up your mind who to vote for?

https://klse.i3investor.com/blogs/Sslee_blog/154608.jsp

MO1 & BN's Kleptocratic Government had lost the mandate of haven to govern Malaysia again as had been foretold in R.A.H.M.A.N prophecy. It did not happen in GE13 even though opposition won the majority votes. It is destined to happen in GE14 because the missing stars in GE13, the Tun Dr. Mahathir factor, PPBM, Amanah replaced PAS, PR became PH (PropHecy) have arrived to complete the jigsaw. All the stars are now on alignment and it is our destiny to fulfill the prophecy as mandated. I now call upon every Malaysians irrespective of Race, Religion and Region to carry out their sacred duty and responsibility to cast their votes. It was the 1MDB money that saved MO1 and BN in GE13 and it will be the same 1MDB scandal that cause the downfall of MO1 and BN in GE14. This is Karma at work: Actions of individual (cause), influence the future of that individual (effect)

*Dear Malaysians,
We each get what we deserve and I desire for institutional reform to secure our future. I quote the below irony of life for everyone to ponder:*

What is the difference between an Ordinary Thief (OT) & a Political Thief (PT)?

1. The Ordinary Thief steals your Money, bag, watch, gold chain etc. But, The Political Thief steals your future, your children future, career, education, wealth, health & business!

2. The hilarious part is: The Ordinary Thief will choose whom to rob. But, you yourself choose the Political Thief to rob you.

3. The most ironic one: Police will chase and nab the Ordinary Thief. But, Police will look after and protect the

Political

Thief!

*That's the travesty cum irony of our current society!
And, we blindly say we are not blind!*

Tun Mahathir sudah ramal soal rasuah dan salahguna kuasa wang yang teruk dalam UMNO dan BN akan jatuhkan mereka sendiri tetapi mungkin ketika beliau berucap tidak terlintas dalam fikiran beliau yang hendak jatuhkan UMNO dan BN itu diketuai beliau sekarang tahun 2018. Tolak UMNO dan BN beri peluang kepada PH.

On 9th May 2018 GE14. Malaysians will decide, cast your vote following your heart calling.

Your judgments': Has not BN abuse the Attorney-General's Chambers and Judiciary?

http://klse.i3investor.com/blogs/Sslee_blog/151688.jsp

Our Judiciary where the A-G is directly appointed by the PM and given absolute power under Article 145(3) at his discretion to institute, conducts or discontinue any proceedings for an offence; will most likely do what was told by his Boss, the PM. Judges appointed by the PM will most likely deliver judgment in favor of his Boss, the PM.

Judges who do not uphold our constitution law and are biased towards his own religion and race will most likely deliver judgments that favor his religion and race. Judges who are corrupt will deliver judgment in favor of the highest bidder. Mediocre Judges who are there not by merit but by other consideration will most likely deliver sub-standard judgment.

Only judges that are brave, upright, impartial and well-learned are able to dispense justices, uphold the law and serve the people well. These judges had become a rarity now due to judge-promotion which is not based on merit, ability and competency but by other consideration.

Assalam dan salam sejahtera.

Seriously malaysians?? Kenapa nak persoal cara pentadbiran Tun yang dahulu? Lagi better ke kekal Najib dalam kerajaan sekarang? Tak nampak lagi ke ekonomi kerajaan sekarang? xnampak lagi ke berapa banyak duit najib n the gang curi dari kita? eee tolong la google berita 1MDB or pasal najib kat luar malaysia okay. Media malaysia sekarang ni BN yang control. Kalau nak percaya bulat2, silakan. Tapi Allah jadikan

manusia sebagai yang berakal kan? Sila guna akal anda sepenuhnya. Google lah CNN ke Foxnews ke.. Anda cerdik.

Jangan dikorbankan negara semata-mata kerana duit yang disuap kerajaan sekarang. You might think nothing gonna happen to your future but what about the younger ones?? Tolongla Malaysians. Jangan digadai negara sendiri semata-mata kegembiraan sementara.

Tau x duit yang kita dapat tu x banyak pon daripada duit yang kerajaan curi daripada kita?

Tau x BN setiap kali hantar macai-macai kecil masuk ke kampung menggunakan kereta-kereta baru (plastik pon x koyak lagi) yang malah membuat pendekatan melalui 'bantuan' atau 'saraan' hidup kepada penduduk-penduduk sedangkan dalam tempoh lima tahun memerintah, jarang sekali 'bantuan' tersebut datang. Malah, kenderaan yang digunapakai tersebut hanya untuk berkempen dan selepas hari mengundi, kenderaan-kenderaan tersebut akan dijual pada harga lebih murah atau diberikan kepada mana-mana pihak untuk tujuan peribadi. Bagi saya, benda tu merugikan. Beli guna duit siapa? Duit rakyat. Duit rakyat kerajaan rolling macam tu je. x penat ke dengar?

Mungkin Tun M ada banyak kekurangannya,.. tapi what better choice do we have other than Najib? For someone who used to govern this country and even make us proud by his achievements towards this country, tak perlulah saya nak list semua jasa Tun. Rasa semua dah tau. Sapa lagi yang mampu? This man is not only booksmart. He's more than that. Sape je yang boleh expect a doctor turned into prime minister and then took Malaysia out from 1997 crisis?? He is an amazing human being for me.

For him to join Pakatan Harapan bukanlah keputusan yang mudah ya. Buat apa Tun nak bergolok gadai masa umur 93 tahun semata-mata nak tolak Najib sedangkan dia boleh berehat aman dengan duit yang dia ada? It's for us, not for him. fikirkan.

Salam Yang Amat DiHormati dan DiSanjungi Tun,

<http://www.sinarharian.com.my/edisi/melaka-ns/kami-minta-maaf-tun-m-1.828806>

1. Memang melampau rejim Najib. Mengarut sungguh! Adakah NAMA Tun Mahathir sebagai calon PM pun diharamkan dipamerkan di poster kempen PRU14?

2. Eloklah jika Tun disaman di mahkamah di bawah akta 'Anti Fake News'. Biar pihak polis (yang ADIL) buat penyiasatan dan dedahkan siapa yang menekan (mengugut) kawan-kawan Tun untuk tidak meminjamkan jet mereka kepada Tun. Perbuatan

sebegini memang berunsur SABOTAJ jika ada tekanan/ugutan dibuat terhadap pihak yang ingin menolong Tun.

3. On a different issue, slogans 'Malaysian Malaysia' and '1Malaysia' are very similar in nature. Only fools believe that they are different. Tun is selected as the PH PM candidate for a reason. I wonder why PH did not select Mr. Lim Kit Siang or Mr. Lim Guan Eng (etc.). In my opinion, it's okay for PH to promote Mr. Lim Kit Siang (or another non-Malay / non-Muslim) as our future PM. Malaysia is a democratic country. Malaysian citizens are free to make their choice. Those who condemn others for preferring a Malay/Muslim as Malaysia PM are hypocrites!

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

TUN

I have tried to get this message to Leaders@ Harapan on this matter that no Parties have addressed and have a deciding factor on GE14.

Over the pass 10 years, millions of Malaysian suffered under the current Financial System where Loans cannot be approved, even Saving Accounts cannot be open nowadays without prove of employment.

At the current rate, estimated 80% of loan applications are being rejected. Many people especially in Government Service took loans from Loan Sharks and majority of adult Malaysians have suffered greatly under the current system which is getting tougher by the week.

This impacted the livelihood of million people daily. Something the BN or HARAPAN have not address. This matter involves RESETING the current CRISS/CITOS system where millions of adult Malaysians have another chance or having a future for many young adults.

Whoever dared to address this issue will win the next GE. When people are given a chance to revive their family life, this is more powerful than BRIM or any one time

money that the rakyat receives from BN. This has great bearing on the daily lives of Malaysians.

Please get your Team to look into this matter as soon as possible.

Anak anak saya siap kata mahu ikut sekali bila saya kata nak jumpa Tun Mahathir. Biasanya bila baju merah bunga keluar dari almari, Aniq, anak sulung saya akan tanya, mahu ke mana? Nak ikut.

Yes without forgiving there can never be liberation.

Yes without empathy there can never be happiness.

Wisdom never come from being well informed or well read or knowledge or certification.

Wisdom come from perceptions, equilibrium, liberation, forgiving, compassion, mindfulness, empathy, focus, humility, respect and loving heart.

Yes without Tun there is no chance for PH to change the govt in GE14

Yes Tun made mistakes because he love Malaysians and Malaysia too much.

Yes Tun is on a journey to correct and heal Malaysia with wisdom.

Yes emotions about race and religion are Malaysian's main obstacle to a better

Malaysia.

Yes to Tun as PM and a wise PM
Yes Malaysia is home to everyone that are born and live here
Yes no more supremacy, quota system and money politics as it proven to be a bad system that encourages and promote laziness, corruption and lawlessness.

Hai ya. Basic pun tak reti. If you maintain the fuel prices unchanged for 7 weeks in a row because of election, it will backfire on you. Instead of being happy, the rakyat will question the integrity of the government who can change the rule at its whim and fancy. If they can play around with the fuel prices, not sticking to their own rule, then what else can they change behind our back? Principle and integrity are more important than 10 – 40 cents increase in fuel prices.

Salam Tun,

I do understand you all have put in a lot of efforts to let Malaysian know that how important to Ubah the current situation. However, what I can see for the situation now is no strategy or your strategies are remain the same and no improvement. That is one of the reason he can win. He is smart to use different way to get those voting. I can give some example such as how and where those voting from and they will never choose to

give up their voting to bn.
1) people working in government sectors because they really got a lot of benefits.
2) army (not sure whether they need to go for this voting so I assume yes here)
3) gangster/businessman (is easy for them to do business)
4) sultan is also impacting people.
5) Bn has givig out the money to people so that all their voting become supporting bn.

With the above example , you can see that the ratio for him to win is 4:10.if the total population for the voting is 10. It is easily for him to make it to 6 or 7 out of 10.

Suggestion:

Should gather youngsters to brainstorm and provide strategies in order to win the voting. Definitely, new generations will have a lot of ideas to win over the current situation. Let them give you a proposal with chart or graph then you will clearly see the picture of the possibility to win. Of course, the final decision will still go by the leaders. Note: Should find those talented and smart people to discuss and brainstorm (new generations).

Lastly, hope you will win so this message can just be deleted.

- 1. Harap nasihat Tun ada rakyat ikuti. Bab rasuah ini banyak kali Tun telah keutarakan dan Rimba Emas pernah beri komen.*
- 2. Rimba Emas ambil pendekatan lain sebab pernah terbaca dari hal dakwah ini.*
- 3. Allah s.w.t pernah buat seruan pada Rasullullah s.a.w supaya tidak beremosi jika seruan kita tidak mahu di ikuti.*
- 4. Sebab kita hanya mampu memberi peringatan sahaja namun yang dapat menentukan keimanan seseorang hanya Allah s.w.t.*
- 5. Atas seruan tersebut untuk menghindar perbuatan rasuah tidak mungkin Rimba Emas dapat mempengaruhi rakyat ramai.*

6. Kita hanya mampu memberi ingatan pada diri sendiri dan sebahagian rakyat yang sudi membaca komen ini. Namun Allah s.w.t yang menentukan dalam soal hati masing-masing.

7. Antara ingatan dari hadis riwayat Tabrani bahawa, " Perasuah dan yang di rasuah tempatnya di neraka ".

8. Bukan itu sahaja satu ingatan dari hadis sahih riwayat Bukhari , " Seseorang yang diserahi tugas memimpin rakyat oleh Allah s.w.t , kemudian dia mati dalam keadaan menipu rakyatnya, melainkan Allah s.w.t telah mengharamkan baginya untuk masuk surga ".

9. Neraka, surga semua milik Allah s.w.t tidak mungkin para pembaca akan ikut kata Rimba Emas tetapi sekurangnya buat kerana takutkan azab neraka jika kita tidak patuh pada perintahnya.

@unipinky

it looks like u made some homework on finding about tun policy. i suggest u take a look at malaysia economic growth, inflation rate, cost of living during tun era too. after that please compare with najib performance. for pru 14 u only have 2 choice to pick for the future leader of the country. tun mahathir or najib. choose wisely.

assalamualaikum tun

1. semalam pertama kali saya pergi ke ceramah politik. tujuan sebenar bukan untuk pergi dengar ceramah, tapi untuk tunjukkan sokongan yang tun dapat menarik lebih ramai orang dari ceramah najib.

2. saya pergi ke tempat najib dulu semalam untuk riki2 berapa ramai yang datang nak dengar najib bcakap. memang selesa tempatnya, bawah khemah besar siap ada kipas xkene hujan, penuh kerusi. dekat belakang pulak penuh dengan nasi dengan air botol. tapi makanan tu cuma boleh diambil bila majlis dah berakhir. kalau tak nnt semua pakat ambil makanan dan balik berucaplah najib didepan kerusi kosong. saya sudah kira satu baris ade 20 kerusi jadi mustahil untuk majlis tu tarik lebih dari 1000

orang.tapi utusan malaysia dah tulislah 3000 orang yang datang.tv 3 suku xtahulah berapa banyak pulak yang nak dilapor.

3.sempat beberapa minit sahaja mendengar najib merapu saya terus angkat kaki dan pergi ke tempat tun pula.memang bagai langit dan bumi.tempat penuh lecak,bersesak2 dalam gelap dengan keadaan tempat yang tiada bumbung.dengan hujan lagi.tapi saya kagum dengan semangat orang2 disitu yang sanggup tunggu dalam keadaan hujan dalam keadaan x selesa dan bersesak.saya sendiri rasa hampir sesak nafas sedikit semalam.berdasarkan kawan saya yang panjat bumbung flat tu dan mengambil video dari atas saya anggar lebih dari 2000 orang yang dtg.

4.esok saya akan membawa mak dan ayah pula keceramah tun diputrajaya.terima kasih tun sebab tanda tangan buku dr umum saya semalam.

Dear Tun Dr. Mahathir,
Please allow me to respond to @unipnky,
Not to be disrespectful, I do think if MO1 is the leader even in the worst democratic country in African, he should have been long ago abandoned by his own party and in jail now. May I ask @unipnky why you still live in the sorrow and unforgiving past when you can live in the NOW and take actions in helping to shape our future?

<http://www.freemalaysiatoday.com/category/nation/2018/05/01/anwars-daughter-issues-a-plea-to-his-loyalists/>

"Yes, there was a dark moment in history when those who supported Umno followed Mahathir and those who supported PKR followed Anwar, but these two great leaders

have put aside their differences for the good of the nation and we should be able to see the beauty in that."

*I miss the old Umno general assembly
As much as the new premier tries his very best to paint himself as the saviour of the country, I honestly cannot even make myself watch his entire speech without cringing. And if Umno does rule Malaysia for another 1,000 years as stated by Najib, I do hope that at least the Almighty would bless us with someone who has at least half of Mahathir's persona.*

Moral: The Malays do NOT need Umno-Baru, because Umno-Baru destroys Malays and Islam.

Dr M demanded a lot from others but much more of himself. Failure was not an option," says a former aide. His dressing down of the Malays for being dependent on "crutches" and not being competitive enough in an era of globalisation was an annual tirade at Umno general assemblies.

<https://aliran.com/aliran-csi/why-dr-mahathir/>

*Don't be fooled! Umno-BN have had 60-plus years to deliver all these promises. They have not!
Instead, they have undermined our still-born democracy, compromised our institutions and concentrated power in the hands of the Prime Ministers' Department. Our public debts have soared. And corruption has reached unprecedented levels. They have introduced numerous new coercive laws including the latest Anti Fake News Act, brought back detention without trial through the back door, and charged and*

detained people, including cartoonist Zunar, who have been critical of the the scandal involving 1MDB, the sovereign fund over which Prime Minister Najib has presided. The global shaming of Malaysia under Najib's watch is unprecedented. The Umno-BN government has undermined its own legitimacy. Malaysia needs a change of government.

*Mahathir solves Pakatan's lack of credible leader at the centre
In fact, there is an important lesson here for the young, as well as others who have suffered at the hands of Mahathir. Are we able to open our hearts and be magnanimous – like Anwar, Wan Azizah and Nurul Izzah –to set aside the past, in order to move forward together, for the sake of the country we all love.*

<https://www.youtube.com/watch?v=m2qxDjAGao>

Tun Mahathir sudah ramal soal rasuah dan salahguna kuasa wang yang teruk dalam UMNO dan BN akan jatuhkan mereka sendiri tetapi mungkin ketika beliau berucap tidak terlintas dalam fikiran beliau yang hendak jatuhkan UMNO dan BN itu diketuai beliau sekarang tahun 2018. Tolak UMNO dan BN beri peluang kepada PH.

Dear Tun Dr. Mahathir,
Please allow me to repost blog post, I posted at i3 investor.
http://klse.i3investor.com/blogs/Sslee_blog/155308.jsp

Title: GE14: IF ONLY, NEXT TIME, NOW: FORGIVE BUT NOT FORGET.

*Of late I have been pondering the meaning and purpose of life;
Do we live in this world for a purpose?
Is life on planet earth happen for a purpose or merely a meaningless accidental
random cosmic phenomenon?
Is there such a thing as fate or pre-determined destiny?
Can a man with his own determination change his own fate?
If there is such a thing as time machine, can we travel back and change the course of
history???*

*I too had my regrets as I looked back on my life. I had many IF ONLY ... incidence that I
felt need answers.
If only Dato' Onn Jaafar had been successful in opening up UMNO to all races ...
If only the Singapore Chinese had treated Dr. Mahathir well in his formative year ...
If only I had helped my fourth brother in his primary study ...If only my parent had
send his fourth son to Chinese primary school ...
If only I can prevent the motorbike accident that started the downfall of my late
father's health(The image of my father's frail body on his sick bed in his last few
months lives vividly in my mind and it pains me very much)*

*Recently I had read a very interesting story about a young man, who after a few failed
relationships and business venture started to think life is no more worth living, thus
becoming very depressed. Fortunately he went to consult his psychiatrist and the good
doctor immediately took the young man into his professional consultation. The young
man started to pour out his life mis-adventure and misery. The good doctor listen
emphatically and then said to the young man, "I would like you to listen to this tape*

record of my former patient who is about the same age as yours when he came to see me downtrodden but now has a successful business and a happy family". At the end of the tape, the good doctor asked the young man, "Do you notice there is one common phrase in both of you?" The young man asked, "What common phrase?" The doctor replied, "Both of you had used the phrase IF ONLY more than 15 times. Do you want to know how he recovered and turned around his life" The young man eagerly replied, "Yes of course." The good doctor replied, "If only belongs to the past and you can't do anything about it anymore. Whenever you have the tendency to use IF ONLY, instantly change it to Next Time". With that the good doctor look at the wall clock and said to the young man, "It is already past 5 evening, I will call it a day and please walk me down and get a taxi for me". Both of them walked down the office block and to the main road. There is one taxi parked about 10 meters away and both of them walk slowly towards the taxi. Just about 2 meters from the taxi, another man overtook them from behind and got into the taxi first. The good doctor said to the young man, "IF ONLY we had come down 5 seconds earlier we would have caught that taxi." The young man replied, "No doctor, NEXT TIME I will run." From the corner of the young man's eyes he notices there is another taxi parked 50 meters away and he made a dash towards the taxi as if he is being chased by a tiger and his life depended on his speed. That 50 meter sprint is worth an Olympic medal. Holding the taxi door and panting heavily from exhaustion, the young man waited for the good doctor. The good doctor stride up and after sitting comfortably in the taxi, turned towards the young man and gave him a big smile and exclaimed "You had been cured." The young man watched the taxi disappears into the sunset and started to notice the beauty of a sunset that was always there but he had never noticed. The young man had found his life purpose and yes he would eventually become a successful businessman and surrounded by a happy family.

The IF ONLY belongs to the past and the answer I seek will never exist. My time is NEXT TIME and the next time is NOW. I will do my level best to help my children to develop their full potential. As for their future I will tell them it is their life and they are free to decide where they want to work, to live and to stay in this global village. As for me, my place is here, I will be forever a Malaysian and when I had earned enough for my family; I would like to serve Malaysia in whatever way I can and help to bring about social well-being/justice to all Malaysian." Now at the age of 57, I do not have any hatred in my heart. I do not forget the past, (if you forget the past then most likely you will repeat the same mistakes) but had learned long ago to forgive all whose had wronged me and especially I had forgiven my own sins, mistakes and regrets (committed during my untamed reckless years) because by

forgiving, I can free myself of my past baggage and start to do the RIGHT THING NOW

I felt this burning desire and divine calling that I need to do something NOW to prevent my beloved Malaysia from falling into an un-returnable failed state if UMNO under MO1 continues with this current course. UMNO has to be defeated by all means comes GE14.

Dear _____ all,
Let us build bridge of friendship across all our society, strengthening and renewing our ties with old friends and winning as many more new friends and hearts to our Cause. Let's forgive each other of our past mistake, misdeeds and misunderstandings. Set aside all our differences and concentrate all our efforts to oust the corrupted and shameful UMNO/BN, led by MO1 this GE14. Malaysians deserve a much better government. PH is our best hope to reform and rebuild our country, and set it on a course towards unity, _____ justice _____ and _____ prosperity.
<https://www.themalaysianinsight.com/s/43052/>

Yes, PH suffered some upsets on Nomination Day as BN caretaker government is abusing the rule of law to deny PH candidacy but we shall have the last laugh on 9th May 2018 when Malaysians make clear their Final Decision. I quote below poem for everyone:

DON'T _____ QUIT
Jangan Menyerah

*When things go wrong, as they sometimes will,
Ketika segalanya tidak berjalan dengan baik, seperti yang kadangkala terjadi,
When the road you're trudging seems all uphill,
Ketika jalan yang Anda lalui dengan susah payah tampak begitu berat,
When the funds are low and the debts are high,
Ketika penghasilan begitu sedikit dan utang menumpuk,*

♣ *And you want to smile, but you have to sigh,*
♣ *Dan Anda ingin tersenyum, tetapi Anda harus berkeluh kesah,*
♣ *When care is pressing you down a bit*
♣ *Ketika kesulitan mengecewakan Anda*
♣ *Rest if you must, but don't you quit*
♣ *Beristirahatlah bila perlu, tetapi jangan menyerah*

Life is queer with its twists and its turns,
Hidup dan segala seluk beluknya kadang tampak aneh,
As everyone of us sometimes learns,
Seperti yang kadangkala kita alami,
And many a failure turns about
Dan sering kali seseorang berbalik arah

- ♣ When they might have won, had they stuck it out.
- ♣ Ketika mereka mungkin dapat menang, andai saja mereka bertahan
- ♣ Don't give up though the pace seems slow,
- ♣ Jangan menyerah, meski jalannya lambat
- ♣ You may succeed with another blow.
- ♣ Anda dapat berhasil dengan mencobanya lagi.

Often the goal is nearer,
Terkadang sasaran tampak lebih dekat dari yang kelihatan,
Than it seems to a faint and faltering man,
Bagi seorang yang bimbang dan lesu
Often the struggler has given up
Sering kali seorang terlanjur menyerah

- ♣ When he might have captured the victor's cup;
- ♣ Ketika ia mungkin dapat merebut piala kemenangan
- ♣ And he learned too late when the night came down,
- ♣ Dan ia terlambat untuk menyadari ketika malam telah tiba
- ♣ How close he was to the golden crown.
- ♣ Bahwa sebenarnya ia berada begitu dekat dengan mahkota emas.

Success is failure turned inside out,
Keberhasilan ada dibalik kegagalan,
The silver tint of the clouds of doubt,
Warna perak dari awan keraguan
And you never can tell how close you are,
Dan Anda tidak akan pernah tahu seberapa dekat sebenarnya

- ♣ It may be near when it seems so far;
- ♣ Ketika tampak jauh, sebenarnya sudah dekat
- ♣ So stick to the fight when you're hardest hit,
- ♣ Jadi bertahanlah saat Anda menghadapi kesulitan yang tersulit
- ♣ It's when things seem worst that you must not quit!

♣ Ketika segalanya tampak begitu buruk, jangan menyerah!

Najib merampas dan mencuri duit rakyat dari KWAP, KWSP, Tabung Haji, PNB, LTAT dan Felda untuk kepentingan diri, keluarga dan kuncu kuncu nya sendiri. Untuk menanggung kos perbelanjaan Negara, dia bebankan rakyat dengan GST. Beliau adalah pemimpin yang bersifat zalim. Pengundi pengundi sekarang berkuasa sebagai pengadil untuk menentukan siapa yang akan memerintah Negara ini. Oleh sebab itu Najib, melalui jentera parti BN-UMNO telah menaburkan berbagai sogokan kepada pengundi pengundi supaya dia boleh berkuasa lagi untuk meneruskan kezaliman nya. Perbuatan mereka ini dilarang Allah, dalam Firman Nya:

Surah Al Baqarah (2) : Ayat 188 : Janganlah engkau ambil harta benda antara satu dengan yang lain secara haram, mahu pun memberi sogokan kepada pengadil pengadil supaya dapat mengambil sebahagian dari harta benda orang kebanyakan secara haram, sedangkan engkau mengetahui.

Kepada mereka yang dihulurkan sogokan ini , hendaklah akur kepada perintah Allah yang melarang kita membenarkan kesalahan dilakukan, dalam Firman Nya:

Surah Hud (11) ayat 113: Dan janganlah kamu cenderung kepada mereka yang melakukan kesalahan, kalau kalau api neraka akan membakar kamu, sedang kamu tidak ada penolong melainkan Allah. Kemudian kamu tidak akan ditolong.

Dan janganlah kita takut dengan sumpah yang kita lakukan atas paksaan orang UMNO, akan memakan diri, kerana Allah telah berFirman seperti berikut:

Surah Al Baqarah (2): ayat 224 : Dan janganlah engkau bersumpah dengan nama Allah untuk menghalang engkau daripada melakukan kebaikan, menegakkan kebenaran, dan mendamaikan antara manusia. Allah Mendengar dan Mengetahui.

Surah Al Baqarah (2): ayat 225 : Allah tidak mempertanggungjawabkan engkau bagi sumpah yang engkau lakukan tanpa sengaja, tetapi Dia membuat engkau bertanggungjawab keatas niat engkau. Allah Pengampun dan Penyabar.

Sekianlah pencerahan bagi mereka yang tidak faham atau tidak mengetahui.

Malaysia election: GE14 and the future of Malay politics in Malaysia

Malaysia's coming general election has long been expected to be explosive, given the tense build-up since the last polls in 2013 which saw the opposition making significant inroads.

But nobody had expected it to take this new turn: Umno, the backbone of the entire political system, is suddenly facing the dire prospect of being deregistered, the result of a legal challenge by a group of disconcerted members.

The "Group of 16" has taken legal action claiming that Umno is now an illegal party, having failed to hold internal elections which had been postponed twice, thus denying them the right to elect their leaders.

This legal challenge carries unimaginable repercussions, threatening to replay a similar crisis in 1987, perhaps even more severe.

If Pandora's box is opened as a result, it could expose Umno to all manner of possibilities. Given the fluidity, surprises will be aplenty .

UMNO CRISIS 2.0: HOW IT ALL BEGAN
It will not be an easy matter for the court to adjudge. In 1987, when Umno faced a similar debacle, Tun Dr Mahathir Mohamad was prime minister and Umno president when his leadership was contested by his popular finance minister Tengku Razaleigh Hamzah.

The upshot: The High Court ruled a year later that Umno was an unlawful society for having unregistered and therefore illegal branches; Umno was dissolved.

But Dr Mahathir quickly picked up the pieces and mobilised the loose membership to form "Umno Baru" (or New Umno).

The new Umno subsequently took on the body and soul of the original Umno and gradually morphed into the New "Old Umno", even eventually calling itself just Umno, as if nothing had happened.

The big difference this time, 30 years later, is this: The country is on the brink of a critical general election, which takes place on May 9.

If Umno is going through some deep internal tension as a result, it is as good as an existential struggle. How did it all come to this?

WAR ON TWO FLANKS

While this year's general election was picking up steam, the political war was expanding into the legal front, and on two flanks. On the first flank, the Registrar of Societies (ROS) ordered the temporary suspension of Parti Pribumi Bersatu Malaysia (PPBM aka Bersatu) – the Umno breakaway led by the man of the hour, Dr Mahathir – for not holding branch elections.

That did not, however, rattle Dr Mahathir who fell back on his Plan B by rallying behind the banner of Parti Keadilan Rakyat, the party of his protege-turned-nemesis-turned ally again, Anwar Ibrahim, in their combined opposition called Pakatan Harapan (PH). PPBM then countered by suing ROS for acting beyond its powers. This week, on Monday, the court blocked ROS' temporary suspension of PPBM.

Meanwhile, a second flank in the legal war was opened when the Group of 16 within Umno sued their party for failing to hold internal elections within the three-year limit imposed by the party's Constitution.

Reminiscent of the 1987 crisis, the group's move is now before the court. The judgment can cut either way, of course, for Umno. But waiting for the court's ruling can be excruciating.

What is happening currently is an unprecedented situation in which a defining struggle for power is being played out on both the political and legal fronts – and just days away from when the rakyat or people are about to vote. This vote will be the most critical since the formation of Umno in 1946. Whatever the outcome, it will be enormously far-reaching. Indeed, will GE14 even come to pass?

SCENARIOS: MALAY POLITICS, MALAYSIAN POLITICS

It is now a cliché to say that Malaysian politics is at a crossroads.

It is Malay politics that is at a watershed.

This has been so ever since Barisan Nasional (BN) lost its two-thirds majority in GE12 10 years ago and then the popular vote for the first time, in GE13. Will the downtrend continue this GE14?

This coming general election will be an epic battle between two coalitions – BN versus PH, with a third smaller coalition led by the Islamist Parti Islam SeMalaysia playing more of a spoiler than a kingmaker role.

Both BN and PH are Malay-led. Whichever side wins, it will still be a Malay-led government, although a Pakatan government is likely to be less bound by communal, or race-based, politics. In so far as there will be a Malay-led government, the polity will remain relatively stable.

But the flux in Malay politics is, by extension, throwing the whole political landscape into fluidity, given the central role of the Malay or Malay-dominant parties on both sides of the political divide. Against this backdrop, two scenarios are playing out:

SCENARIO 1: UMNO RETURNS, BUT WILL IT REFORM? Umno is clearly fighting for survival. This is because its leader, who is also the Prime Minister, is himself fighting for his political life, saddled with scandals. Umno and BN cannot afford to lose because Prime Minister Najib Razak cannot afford to lose.

That is why the opposition has been thrown obstacle after obstacle along its path towards the election.

Should Umno be returned to power, this will therefore not be surprising, especially given the changes in the electoral maps to enhance the chances of Umno/BN candidates.

But if the results are not in Umno's favour, the opposition expects Datuk Seri Najib to draw his one last weapon: emergency rule. Even a hung Parliament, which is likely, could be cause for emergency rule, should the political deadlock lead to instability.

In the event Umno is returned to power, it should undergo major reforms so as to remain relevant and recapture its mass appeal, going forward. Ditto for the Umno-led coalition, BN. It can be suicidal for them to ignore the writing on the wall.

SCENARIO 2: POWER TRANSFER? But regime change is not something that can be ruled out any longer. Dr Mahathir has even hinted of some "well-known BN leaders looking to join Pakatan". This could be his

psy-war. Or it could be real. While early forecasts put Umno/BN as the eventual winner, though by a close margin, this general election is increasingly difficult to read, making it the most unpredictable ever. Even Mr Najib billed it as the "mother of all elections". Should Umno/BN be dethroned, the call for change will be even more deafening.

But an oppositionist role for Umno/BN is not necessarily a disaster. It could instead be cathartic, even good for Umno's soul. Umno/BN could become a strong opposition and an effective check on the new ruling group – and ever ready to make a comeback. Umno/BN in the opposition will not be unlike Indonesia's Golkar, India's Congress, Taiwan's Kuomintang and even Japan's Liberal Democratic Party.

On the other hand, a Pakatan Harapan victory is not necessarily a setback either for the country. A PH government will provide a fresh change in leadership, governance and perhaps even approach to nation-building. A PH government is not likely to be so reckless as to throw out some fundamentals that have brought the different communities together in forging the Malaysian nation.

A PH government will also have to prove how different it will be from the Umno/BN government it replaces – not only in terms of vision, mission and plans, but also in terms of character and values.

What new play will it bring about? How different a Malaysia will it be under Pakatan Harapan? On May 9, when the voters decide, they will plant the seeds of the future political landscape.

Leader

Not being disrespectful, I do not think Tun Mahathir is the right leader for Malaysia now or future. His past policies continue to haunt us today.

Almost every Malaysians today feel like a "Second-class Citizen" at home.

The Chinese and the Indians have been deny their places in education, businesses and other government projects due to unwise policies started by Tun which were hard and taking time to reverse today without creating unhappiness among the people.

The Malays, with the exception of millionaire and billionaire cronies, are not reaping the benefits that they are supposed to because of policies of the 80s and 90s that give lucrative projects to people with political links. The Malays' participation in businesses is still limited because the big projects did not trickle down to the small Malay businesses instead it only benefit the people on the top. These are unwise policies that penalize the majority Malays at the expense of a small group of people. Even the privatization of government assets such as Malaysia Airlines, Telekom, Tenaga etc of billions and billions which only benefits the political connected Malays, the billionaires.

The East Malaysians were marginalized due to their weak political affiliation and far from central political control in Peninsular Malaysia. Unlike their neighbor Brunei, the people did not benefit from the state's rich in oil and gas found in Sabah and Sarawak. Most of the oil revenue then went back to the federal government in Malaysia. Even "balak" or logs from the huge jungles of Borneo only benefits the few tycoons and some political leaders with political connection to central government.

I will first list 10 policies first :

1. The education policies then were already by racial line. The Chinese, the Indians and the Malays were in their respective schools based on their races. This is a wrong policy, the leader should put all races together in a national school whereby each race is given opportunities to learn their mother tongues and cultures. Also the Chinese and the Indian schools were scarcely funded by the government to the extent that every single table, chair, and teaching board needs to be donated by the people and the community.

2. Then the Quota system for admission into universities was set to prevent the talented Malaysians from going into universities. If the intention is to give more places to the Bumi students, that is fine, the people can understand it. The then government should build more universities to cater for non bumi students who are qualified by their grades. The talented must be given education opportunities regardless of race.

3. The government was giving out huge loans to encourage bumi entrepreneurship to be able to compete with other races which is a fair policy. But it failed to generate the number of entrepreneurs it targeted due to his narrow focus because (a) It did not engage the best persons to run the programs (b) It failed to engage other races or

foreigners to impart the entrepreneurship. The then government should have let the Chinese or Indians to help to Malays to upgrade their entrepreneurship and be part of the programs.

4. The MCA and MIC leaders then were selected to act according to the ruling leader's agenda instead of as a channel of feedbacks and communication for respective communities which supposed to be a win-win approach. That sends the wrong signals to the Chinese and Indian communities as to the types of leaders the government are willing to accept, only the likes of Ling Liong Sik, the Samy Velu will join and many good leaders refused to join as a result. Even though in recent years, the government, MIC and MCA leaders were working very hard to revamp and convince the Indians and Chinese communities but the past bad image has already done a lot of damage and it is hard to change. Therefore these leaders are in disadvantage situations.

5. The politics in Umno then was already stained by what Tun once acknowledged as "money politics". Very little effort was done to eliminate such bad internal politics. Tun's best effort was to strengthen his top leadership position from being challenged.

6. From then our leader already set a very bad example with its wrong policy of not being transparent in the awards of government projects. No open tenders, and very little competitions even among the bumi companies. Projects were awarded mainly to people with top political connection. In effect, this has bred serious corruption that continue to affect Malaysia today.

7. The government's effort of privatization of government assets then were supposed to be a good approach to improve productivity and realize the asset values built over the years. However, many of these government assets such as Malaysia Airlines, Tenaga, Telekom and a long list were sold undervalues (according to some research done by independent parties and university research). There were reports even accused that the government's privatization has made many cronies become billionaires at the expense of the people. Many also wonder how the billions from the privatization were spent and how much were saved for future generations because these assets are sold for good.

8. It pains the people if the tax payer's billions were used to subsidy businesses that were corrupt and/or poorly managed such as Malaysia Airlines and Proton when the money could be put to better use for development of our people.

9. The government then manages its finance and money badly. The people's hard earned money was gambled away by speculating in dangerous foreign currency exchange trades. Speculation on foreign currency has resulted in loss of billions.

10. "Project IC" that gives hundreds of thousands if not millions of foreigners to be a Malaysian citizens. That is a real silly policy because it immediately put Malaysia backward by tens of years because our per population output is reduced. For example, if output of USD5,000 per population, it can become USD4,000 per population due to the influx. Many countries like the US and Singapore only attract the people with professional education or technically trained who could bring in billions in output to the countries. Not the uneducated labourers who utilize our resources and producing very little.
