## Public Lecture and Keynote Speech Publication Series

---

*The Public Lecture and Keynote Speech Publication Series* is designed to make available to the scholarly community papers delivered by Fellows and associates of IKMAS at various institutions in Malaysia and abroad. Such papers often touch on topics of interest not only to the particular audience to which they are aimed originally but also to the wider audience. Accordingly, a significant number deserve to be circulated to be made more widely accessible. In this series, IKMAS publishes select lectures and speeches regarded as valuable to the development of the social sciences in general as well as the research directions of the Institute in particular.
