ACKNOWLEDGMENT

I would like to thank my wife and family for their enduring love, patience and support during the long trying years of developing the concept of LARIBA. Thanks is also due to the many friends who gave their support and trust to participate in the start up, development and growth of American Finance House, LARIBA in California. In addition, the encouragement of Mr. S.A. Kamel and his pioneering creative thoughts on the concept of LARIBA are greatly appreciated.

Mr. Rick St. John contributed his thoughts and editorial remarks during various stages of writing and reviewing this book. The quality of the manuscript is a testament to his hard and quality work. May God bless him and give him success. Thanks also goes to Dr. Hassan Hathout, Mr. Abdullah Tug, Mrs. Ghada Abdel Rahman and Mr. Hassan Igram for their support.

While this book would not have been possible without the help of these and other fine friends, I bear sole responsibility for any errors contained herein.

The people - both Muslims and non - Muslims - whom I have seen working hard to bring peace and justice to this world inspire me to contribute my utmost to these goals.

Ultimately, all thanks and credit for what is good rest in the name of the One, for it is God that gives us the gifts of life, prosperity, and peace.
